Hi Okenge –

The bullets below are from our latest Estimates Note. Do these work for you?

- The PCC agreement was signed by the Premier of B.C. and the Governors of Washington, Oregon and California and Alaska in June 2008. Clean energy, regional transportation, sustainable regional economy, innovation, and emergency management are the named priorities of the collaboration.
- Involvement in the PCC since 2008 has allowed the Province to participate in a framework for cooperative action and sharing of information on best practices on issues facing the region. The Collaborative has been active on initiatives such as developing the green economy, promoting Clean Energy Vehicles, and investing in adaptation measures.
- Through the PCC, B.C. has the opportunity to further develop intergovernmental relationships to promote B.C.'s policies to reduce GHG emissions, as well as develop the green economy. The forum also allows for B.C. to advance other critical priorities, such as softwood lumber.
- PCC Leaders last met in June, 2016. B.C. was represented by the then-Minister of Environment. The Leaders signed an agreement reaffirming the region's commitment to the Paris Climate Accord and support for clean energy, transportation and ocean health. Major West Coast Cities, including Vancouver, joined the Provincial/State leaders.

The provincial government is proposing a second phase of regulations to improve preparedness, response and recovery from potential spills.

The first phase of the regulations, approved in October 2017, established a standard of preparedness, response and recovery necessary to protect B.C.'s environment. With some exceptions for B.C. oil and gas regulated entities, the Phase-1 regulations apply to pipelines transporting any quantity of liquid petroleum products, and rail or trucking operations transporting over 10,000 litres of liquid petroleum products.

For the second phase, the Province will be looking for feedback in five areas:

- Response times, to ensure timely responses following a spill;
- Geographic response plans, to ensure resources are available to support an immediate response, that take into account unique characteristics of a given sensitive area;
- Compensation for loss of public and cultural use of land, resources or public amenities in the case of spills;
- Maximizing application of regulations to marine spills; and
- Restrictions on the increase of diluted bitumen ("dilbit") transportation until the behaviour of spilled bitumen can be better understood and there is certainty regarding the ability to adequately mitigate spills.

"The people of B.C. need to know that there is effective spill management across the province and, in particular, for our most environmentally sensitive areas, including coastlines," said George Heyman, Minister of Environment and Climate Change Strategy. "We believe spills should not happen. But if hazardous pollutants have potential to spill, our government will ensure that spillers must be prepared and able to fully mitigate the environmental damage before they proceed."

An independent scientific advisory panel will be established to make recommendations to the Minister of Environment and Climate Change Strategy on if and how heavy oils can be safely transported and cleaned up, if spilled.

"The potential for a diluted bitumen spill already poses significant risk to our inland and coastal environment and the thousands of existing tourism and marine harvesting jobs," Heyman said. "British Columbians rightfully expect their government to defend B.C.'s coastline and our inland waterways, and the economic and environmental interests that are so important to the people in our province, and we are working hard to do just that."

The process to receive feedback on the proposed regulations will feature engagement with First Nations, to begin as soon as possible. To ensure the views of the broad range of

stakeholders are heard, government will meet with industry, local governments and environmental groups over the coming weeks and months.

As well, the general public will be able to provide input online through written comments, once an intentions paper is released. The intentions paper will provide an overview of the proposed regulations, and is expected to be posted before the end of February 2018.

Dear Team:

Last week you received an invitation from Lori Halls, Deputy Minister of the BC Public Service Agency, to complete the 2018 Work Environment Survey (WES). The survey will ask you about your views, ranging from day-to-day work, your environment and resources, your development and performance, the people you work with and changes in your work environment.

The survey will take approximately 15 minutes to complete (unless you are as slow as I am. . . make it 20).

Your answers will remain completely confidential, and all produced reports will show only aggregated (grouped) responses. IGRS as a group will receive its own report which will be invaluable for helping us understand what's working well and where we can improve.

I would like to suggest that we hold an all-staff meeting to discuss the survey results once they are available.

Thank you in advance for taking the time to share your views!!

Meeting Request for Feb 2018

Dear Mr. Yuma Morisho,

I am writing to request a meeting between yourself and Mr. Ian Robertson, Chief Executive Officer with the Greater Victoria Harbour Authority (GVHA).

The GVHA (<https://www.gvha.ca/>) is a major tourist attraction and remains a working harbour with a rich mixture of activities. The GVHA services the cruise ship industry, whale watching and ecotourism, ship repair and marine industrial facilities, a float plane aerodrome, water taxis, as well as an International Ferry terminal, with connections to Port Angeles and Seattle, USA.

Ian is based in Victoria, BC, and would greatly appreciate an opportunity to meet with you to discuss GVHA's current activities and priorities at your earliest convenience. GVHA is excited about sharing its exciting upcoming initiatives and believes collaboration with the Provincial Government is essential.

I have been asked, along with my colleague, Ms. Katie Shaw, who is cc'd on this email, to help schedule and coordinate this discussion. If you could kindly let me know if a meeting can be accommodated for a time in February, that would be greatly appreciated.

Thank you for your time in considering this request and I look forward to hearing from you.

I have spent the last couple of weeks settling in and wrapping my head around the key files. I'm looking forward to working with you!

I wanted to follow up with you about this request from Geoff. I'd love to get briefed up on the high-speed rail file as I know it's an area of particular interest both to Geoff and the Minister. I'm wondering if you've got any background documents you could share with me?

Perhaps we could find some time this week to chat?

Hi Okenge,

Thanks for your suggested trip to Olympia as proposed by Gov. Inslee. I've given the hard copy to Kate Van Meer-Mass to follow up and I've copied here Minister Ralston's MA, John-Michael McColl, so his office can be informed. I think some preliminary work needs to be done to ensure we're clear on the latest high speed rail work in Washington State, the previous government's work on these lines and possible avenues for further work.

To be clear, we should do the trip.

Also, I note that we used both “Buy American” and “Buy America” phrases. Please make sure we use the appropriate one(s). I understand from a GoC website that the two are different:

“Please note that Buy America and Buy American are separate legislation and regulation requirements. Buy America applies solely to grants issued by the Federal Transit Administration and Federal Highway Administration; Buy American may be applied to all direct U.S. federal procurement.”

Colleagues: given the current context with Alberta, I am proposing that we establish a small Working Group whose role will be to provide integrated advice to the Premier and Ministers.

Proposed Membership:

- Richard Fyfe (or James Harvey)
- Fazil Mihlar
- Evan Lloyd
- oym

In addition to the four above-mentioned members we could invite others as required (e.g. Agriculture etc.).

I would like to suggest that we hold a daily teleconference (45 minutes or less) with standing items such as:

- 1 Review of latest statements/measures from Alberta Government
- 2 Review of latest stakeholders' statements (private or public)
- 3 Legal/trade state of play (update as necessary)
- 4 Proposed B.C.'s response (if any)

If all agree, I would be happy to ask my office to coordinate calls. Cheers, oym

The Alberta Government will continue to defend Alberta jobs, Canadian jobs, & Ottawa needs to do the same: It doesn't have to be this way. We can act as one country, with one national economy, with one national climate plan and with one common future. It's time for Ottawa to act.

It's time for Ottawa to Act.

Alberta's oil sands supports hundreds of thousands of jobs across the country - including BC. Every road, school, or hospital in Canada owes something to Alberta's energy industry.

Subject: Scrum Summary - Horgan with Press Gallery

Summary – BC won't be escalating trade war with Alberta (no beef ban). Reiterated he's protecting interests of BCians. Mentioned tomorrow's meeting between Ottawa and BC officials. Wants to focus on agenda ahead (Throne Speech – child care, affordability, housing etc).

I'll send around transcript once I see it come through.

HORGAN: Good to be back from our trade mission. Looking ahead to next week's Throne Speech – affordability for BCians. focus on child care, housing and range of issues that BCians said was paramount importance to them. Not going to lose focus.
Have had discussions with PM and Notley – made it clear that interest of BCians is my responsibility...will be resolute in protecting.

Intention to consult – that is well within our jurisdiction. Don't believe actions by AB reflect trade agreements.
Reinforce – not going to be distracted from task

QA
AB is accusing you of breaking the rules / constitution?
I disagree with her. We are currently in court. When it comes to our rights to consult with BCians about putting in place protections – see no ground for Premier Notley to stand on .

No intention of responding to [trade war] ... has been in touch with Wine Institute and growers across Okanagan.
We stand with our wine industry.

??

Issuing a press release, and a consultation isn't starting anything.

Anderson?

Mr. Anderson has had access to a number of members/ officials. We are in court right now.

Further action, concerns?

Hope that we have seen the end of the back and forth. I don't believe it is in anyone's interest to have dueling Premiers. We are friends. We share the same political flag. But my obligation is to the people of BC. What AB does is entirely up to them.

Popham mentioned AB beef, path?

No. To be fair to Lana...she was in OK talking to tree fruit industry...happened to be in the OK when Notley made her pronouncement and she made a comment. Not our intention to respond... and hope cooler heads prevail.

Court – expect AB to sit on it for years?

Intentions paper end of the month – outlining what we propose to do...then she may have something to talk about.

She can challenge intention paper?

She can do what she wants. My focus is economy and environment and affordability.

Heyman: We take a number of months to do a thorough consultation and that's what we do with all regulations.

Buildings sold off by the Liberal government – changes being made to ensure this doesn't happen again (CKNW)?

You'll recall when Libs were divesting public assets we spoke aggressively against that. Large parcels being sold less than assessed value. Not our intention to sell at this point in time, strengthen rules to protect public interest.

Spoke to Notley today?

We haven't spoken since she made statements re: wine. We spoke last week. Felt her reaction was over the top. Understand her passion for AB. But she has to understand that BC is equal partner in confederation. Our court case - It's on public record. We are acting as a responsible government acting on behalf of our citizens.

PM discussion?

My discussion with PM – we talked about a range of issues. Officials with Ottawa will be meeting with our officials tomorrow at DM level. That will at least clarify our intentions and our jurisdiction.

Escalating this re: craft beer ?

I'm not being provocative. We said during campaign that we felt this project was in public interest. We are in court. Taking additional steps to ensure regulations in place should there be a spill.. That's not a war...that's good government.

Escalation – that's in the hands of Notley. I'm not responding other than to say I will defend our wine industry. I'm here for BC not AB.

Lana Popham comments ?

Question asked of her... you enter into trade with partners and they choose to disregard...that's different than disagreeing with

3 ministers met with Senate re: legalization of cannabis – weeks later than previously announced? Happy with delay?

We are driving to a July deadline... July... not July 1 / Canada Day... July ... based on latest briefing we are on track. Legislation this spring to enable recreational cannabis and some clarification re: medicinal. Confident we will meet our obligation. If they decide to move their date...that's up to them.

Why not get into room? Figure it all out?

We have been open to discussions. We have officials exchanging notes and phone calls. I want to resolve this but I'm not going to be distracted that this government focus. We have a bunch of other issues...prefer to get back to that.

Dear Okenge,

Come explore a spectrum of use cases for AI in the BC Public Service, as we touch upon real-life examples from the BC Public Service's Natural Resources Permitting Project and the Social Sector. As organizations assess the structure of work activities and the possibilities to apply AI to enhance service to citizens, they are faced with several challenging questions, such as: Is my organization a good candidate for AI? How do we make the business case for AI? How do we tackle barriers? What is the nature of the 'people' element? What are the implementation considerations? What are the benefits we could realize and how do we make the most of this change?

During this breakfast event Mike Rosenblood and Jacob Kuipers, leaders from Deloitte's strategy/Operations and Analytics and Information management practices will showcase examples of automation through AI in the BC Public Service, and ask the audience to explore key components and challenges surrounding AI projects - information that will help you prepare for successful AI adoption.

About the speakers:

Jacob Kuipers is a Senior Manager in the Analytics + Information Management practice of Deloitte and makes Big Data, Business Intelligence and Advanced Analytics happen for his clients. For 25 years, he has strategized, architected, executed and operated data solutions ranging from traditional data warehouses to modern data lakes that allow clients to transform data into insights that matter in both private and public sector. Jacob leads Deloitte's Analytics enablement in Western Canada, which includes the data platforms required to support machine learning and cognitive applications. He is actively involved in cognitive insights projects in the insurance sector in BC and across Canada.

The cost to attend this event is **\$15 (breakfast included)** and you must register in advance by clicking the link below.

We look forward to seeing you there!

Mike Rosenblood is a Senior Manager in Deloitte's Strategy and Operations Consulting practice with over 13 years of consulting experience preceded by 6 years of public sector experience. Mike focuses on helping his clients improve service delivery; his experience ranges from setting service delivery strategy through to operational improvement, efficiency and service recovery. Most recently, Mike has led Deloitte's work in Western Canada to deploy artificial intelligence and process automation solutions. He is currently leading automation projects in the Resource and Social sectors for the BC Government (in addition to projects with Financial Services clients).

Unfortunately, the Ambassador is leaving Vancouver today so would be unable to meet with Minister Ralston today. However, on her next visit to Vancouver she would be more than happy to meet with him. If there was a specific issue that the Minister needed to raise with her, the Consul General said that he would be available to speak with him regarding any concerns. Thank you.

Also you probably recall the Ambassador was here in November and met with the Premier. Topics they discussed are below.

Subject: Rocky Mountaineer | Meeting Request

Dear Deputy Minister,

I hope that you had a restful holiday season and are settling back into the swing of things in Victoria.

I am reaching out on behalf of Rocky Mountaineer to request a short meeting at your next convenience. We would like to provide you with an update on the status of Rocky Mountaineer as an important part of the tourism industry.

We have been following with interest your government's efforts to promote tourism and energy on the recent delegation to Beijing led by Premier Horgan. The 2018 Canada-China Year of Tourism presents us with an exciting opportunity to propel British Columbia as an international leader in tourism opportunities.

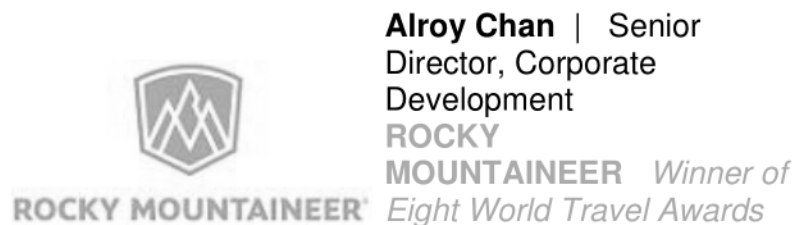

Rocky Mountaineer is the largest privately owned luxury train company in the world and has welcomed over 2 million guests onboard in our 28 years of operations. Rocky Mountaineer continues to act as an important job creator in BC's tourism sector and the company's growth continues to make Rocky Mountaineer a critical component of Canada's tourism sector. In addition, Rocky Mountaineer is currently embarking on an ambitious international expansion agenda.

In addition, as an active Board Member of the Tourism Industry Association of BC (TIABC), I am personally passionate about advancing TIABC's vision – for tourism to be recognized as one of British Columbia's leading and sustainable industries. I look forward to working with you, TIABC, and all tourism stakeholders to expand BC's \$15 billion visitor economy.

We are confident that our mutual goals to expand as a vital part of the tourism industry in British Columbia and across Canada align – especially with respect to job creation and the development of BC’s national and international trade priorities.

I would be pleased to meet with you the week of February 19th in Victoria at a date and time that is convenient for you. I can be reached by telephone at (604) 606-7210 or by email at achan@rockymountaineer.com. I look forward to hearing from you.

Kind regards,

this is just to confirm i spoke to chens office just now and was not given any answers about when this will be looked into cause people are in meetings. i will be calling back at 10am to get an answer unless someone is able to respond via email and let me know when this is going to be looked into and by who. right now chens office is refusing to provide assistance. we are trying to avoid a single mother of 4 having to go back on welfare here.

Dear Okenge,

I am following up on an invitation we sent to you late last year to participate in our 16th Annual Stakeholders Dinner.

We are a month out now and so I am forwarding this reminder. There are many elements of your secretariat that are key to our manufacturers operations.

I really hope you will be able to find the time to attend.

As a reminder I have pasted below the text from the original invitation. If you have any questions, please do not hesitate to contact me.

Sincerely,

Andrew Wynn-Williams

Re: 16th Annual CME BC Stakeholders' Dinner – March 15, 2018

Canadian Manufacturers & Exporters British Columbia (CME BC) is hosting its **16th Annual Stakeholders' Dinner** taking place **4 pm** on **Thursday, March 15, 2018** at **The Westin Wall Centre, Vancouver Airport, Airport Ballroom, 3099 Corvette Way in Richmond, BC.**

This dinner is attended exclusively by CME BC members and provides an opportunity for senior officials from key government agencies to hear about the successes and challenges of BC manufacturing and exporting companies. Over 150 senior executives and business leaders attend to discuss issues facing our province in today's dynamic business environment and to better understand priorities for your agency. In addition to our CME members, Dennis Darby, CME President & CEO, will be attending the event.

Manufacturing makes a significant contribution to British Columbia's economy and the prosperity of its citizens. It generates some 7.2% of our GDP, and accounts for more than 66 percent of the province's exports. Manufacturing provides well-paying, high-skilled employment opportunities to more than 170,000 people across the Province with wages that are 15% higher than the provincial average and total approximately \$11 billion in a year.

We will be honoured to have you as our special guest to share insights and recommendations and to continue discussions with our members on how British Columbia can support and grow manufacturing. We request that you confirm attendance by **March 1, 2018** to **Glenda Beaulieu** by email at glenda.beaulieu@cme-mec.ca or by telephone at 604-713-7800 ext. 5230. If you are unable to attend, we will welcome an alternate to represent your ministry.

If you wish to register online, please visit our event registration page on bc.cme-mec.ca and enter promo code: **BCGOVT2018**.

Minister:

As you know, a State Memorial Service will be organized for former Premier Dave Barrett on Saturday, March 3 from 10 a.m. to 12 p.m. at the UVIC auditorium.

The Barrett family is looking to the Government of BC to provide a master of ceremony (MC), and we would like to know if you would be available to serve as the MC.

For your information below is a list of the people who will be speaking at the memorial.

1. The Honourable Judith Guichon, Lieutenant Governor of British Columbia
2. The Honourable John Horgan, Premier of British Columbia
3. William "Bill" King, Former BC Minister of Labour and Member of the Legislative Assembly for Shuswap-Revelstoke
4. Robert "Bob" Williams, Former BC Member of the Legislative Assembly for Vancouver East
5. Joy MacPhail, Former BC Cabinet Minister and Member of the Legislative Assembly for Vancouver-Hastings
6. Remi J. De Roo, Retired Canadian Roman Catholic Bishop
7. Barrett Family members

Should you be available to serve as the MC, please note that our Protocol Office would be delighted to support you during and in preparation for the memorial. Thanks for advising,

Energy East Pipeline

Ontario and Québec have agreed on joint principles and collaborative work to guide their respective decisions concerning pipeline projects, including TransCanada's Energy East project.

Ontario and Québec are both committed to jobs, prosperity, the environment, and respect for local and aboriginal communities. That is why resource development projects that could have significant economic development benefits for the whole country should proceed when they are environmentally sustainable and have local support. The Canadian Energy Strategy being developed by Canada's Premiers is the mechanism through which shared economic and environmental goals relating to energy projects can be achieved.

Québec and Ontario have agreed on the following principles that must be applied by proponents with respect to pipeline projects:

- * Compliance with the highest available technical standards for public safety and environmental protection;
- * Have world-leading contingency planning and emergency response programs;
- * Proponents and governments consult local communities and fulfill their duty to consult with Aboriginal communities;
- * Take into account the contribution to greenhouse gas emissions;
- * Provide demonstrable economic benefits and opportunities to the people of Ontario and Québec, in particular in the areas of job creation over both the short and long term;
- * Ensure that economic and environmental risks and responsibilities, including remediation, should be borne exclusively by the pipeline companies in the event of a leak or spill on ground or water, and provide financial assurance demonstrating their capability to respond to leaks and spills;
- * Interests of natural gas consumers must be taken into account.

Hi Okenge. Hope this finds you well and enjoying your new role.

I'm reaching out to discuss a new heli-ski lodge proposal that we (Canadian Mountain Holidays) submitted to the Province 18 months ago.

We have secured approximately \$14 million in investment capital for the project and are – I believe -- nearing the end of the regulatory process.

However, some specific challenges have arisen that I would like to brief you on over the phone in the very near future. As this request is time sensitive, I was wondering if you could accommodate a call this week?

Thank you very much for considering this request and I look forward to hearing from you.

MLA Clovechok says AB tourists are cancelling holidays in BC opting to stay in AB instead.
Minister Beare responded that wine producers are facing an unfair attack from AB. AB is violating trade agreement. Says Liberals are more interested in scoring political points than supporting tourism industry
Premier Horgan responded to the supplemental – saying government issued press bulletin outlining our intention to consult on Jan 30. The response from AB was to impose trade sanction on BC. "Press release here, trade sanction over here". Our response has been measured. He used the word "hysterical" to describe AB's response.

George Massey / Patullo – fed funding:

MLA Paton asked about the George Massey Tunnel in light of Friday's announcement re: Patullo. He asked if the federal government is contributing to the Patullo bridge replacement?
Minister Trevena says new Patullo bridge is what mayors and community wanted. The bridge is outdated and needs replacing. It's on priority list. Says government is talking to feds about funding.

MLA Throness asks why no representative from Ottawa at Friday's bridge announcement (and not at earlier child care announcement) and questioned why government would go ahead without securing federal contribution?
Minister Trevena says government is in negotiation with the federal government on many projects. Hopeful.

Intention paper:

MLA Tegart asked the Environment minister to confirm timeline for development of proposed regulations?
Minister Heyman said we it's important to protect environment and protect jobs that depend on coastline and rivers and streams. Will put out intention paper when its ready.

MINISTER RALSTON SCRUM transcript:

Reporter: Can you explain why you've done this now and why you didn't do it last week or even earlier?

Bruce Ralston: I think the time to do it was today. We're initiating a process where we'll have consultation with the government of Alberta under the Canadian free trade agreement.

Reporter: [Inaudible]. This is clearly been an issue now for almost two weeks.

Ralston: I think the decision was to do it today. I'm not sure what considerations would go into it other than there is a time limit under the agreement to make a complaint, and so I think there was concern that the time limit not expire before the process was initiated.

Reporter: Why this and not TILMA?

Ralston: TILMA is now the New West free trade agreement. That's an agreement between the four western provinces. The Canadian Free Trade Agreement is an agreement signed by all provinces and all territories, so it has national scope, and it's our view that this dispute engages questions that should be considered by every jurisdiction in the federation.

Reporter: You're also being chased under NAFTA because of the issue with BC wine on the shelves. I'm wondering: does that undermine the province's case if you're being accused of also being unfair in terms of.?

Ralston: No, this is a separate process under the Canadian Free Trade Agreement. NAFTA is obviously a separate agreement. That would not undermine the strength of the case that we have. The case is a strong one.

Reporter: Who pays for the costs associated with this process, and how long does it take to resolve something like this?

Ralston: The initial discussion will be at the officials level. These are people who are already employed to deal with questions like this. The process has 120 days for consultation. That can be extended slightly. And then if it's not resolved, although I am confident that there is a strong possibility of a resolution, then it would be referred to a tribunal.

Reporter: Ten million bucks is the maximum win. Is that correct?

Ralston: Well, I wouldn't call it a win. It's the maximum award if a panel were to decide that. But that's kind of getting a bit ahead of ourselves. What we're concerned about right now is the opportunity to discuss this issue and to dialogue with the government of Alberta about the issues that it raises.

Reporter: What do you think this will accomplish? Why are you doing this?

Ralston: Well, I think it's an issue where the agreement came into force in July 2017. The previous Liberal government and their now leader signed that agreement. They have always stressed the importance of agreements of this type in free trade between and among Canadian provinces, and it's really discouraging and disappointing that they have chosen to side with the government of Alberta rather than the citizens of BC, rather than BC businesses and BC jobs.

Reporter: Are you worried the Alberta government will retaliate? Notley said if there wasn't movement this week, she would take further action.

Ralston: Well, I think what's good about this process is that it's a process of dialogue. It's a process of engagement in discussion and consultation. I am optimistic that there will be good and fruitful discussion, and there may well be a resolution.

Reporter: What are the relations and what kind of dialogue is going on between the two governments right now?

Ralston: Well, I'm not party to those discussions, but obviously, the federal government is engaged in that dialogue. But what I am concerned about here is under this agreement there will be direct dialogue with officials in the government of Alberta.

Reporter: It seemed last week or two weeks ago the Premier was trying to downplay this, take the high road. This, you know, a day before the budget release, just brings it right back to the forefront. Why the change in tone?

Ralston: I think it's important that when an agreement like this that was signed by the previous government, and they have stressed the value and the importance of internal free trade within the Canadian federation.. When there's a violation, a very obvious violation, discrimination against BC wine, I think it's important that we begin the process of discussion with the government of Alberta on this very issue.

Reporter: It looks Alberta like are thinking out some kind of escalating series of moves against BC. Are you prepared to go to some trade format or trade dispute thing on other things that might crop up in the coming weeks?

Ralston: Well, Les, you've asked the classic hypothetical question, and I don't really want to speculate. What I am concerned about here is initiating a complaint under this Canadian free trade agreement process, and we will begin a process of consultation, and I'm optimistic that we'll get somewhere with that.

Reporter: In the meantime, what else are you going to do for the Okanagan wineries?

Ralston: Well, there are a number of measures that my colleague the Minister of Agriculture, Lana Popham, announced. We're going to, through the liquor distribution branch, in a trade-compliant way, give BC wine more prominence. We're going to encourage people to buy BC wine and support BC wineries, an important and vital industry in our province.

Reporter: How do you feel about basically two neighbours going at it?

Ralston: Well, I think that's one of the things that the dispute resolution process will deal with. We'll have those kind of discussions. What I feel about it personally is probably not the most important thing. I think what is important is standing up for BC wineries, BC businesses and BC jobs

Okenge and Pierrette -

I was meeting with Jamie Hammond on another matter and he mentioned that Fazil and Geoff are meeting today to discuss High Speed Rail. Pierrette, you will recall the email I got from Fazil last weekend asking for info.

Just mentioning this FYI.

Subject: Ministry Ethics Advisors' Training

Good Afternoon,

As discussed at last week's corporate executive meeting, reports conducted by the Office of the Ombudsperson and the Office of the Auditor General have called on the BC Public Service to strengthen ethics management by establishing ministry ethics advisors. Thank you for accepting the opportunity to serve as the designated ethics ambassador for your ministry and welcome to the team!

Your role is to help uphold our commitment to integrity and ethical standards and to ensure ethics are clearly seen as an ongoing corporate priority. As an ethics advisor:

- You provide advice on Standard of Conduct issues to employees and managers, including assessing and addressing possible conflicts of interest and ethics-related issues.
- You will be provided the knowledge and resources to support employees and supervisors on ethics-related issues.
- You seek out guidance and advice from the BC Public Service Agency on issues that are complex or cannot be resolved easily.
- You work with myself as the Deputy Minister Deputy Minister of the Public Service Agency to ensure a consistent and coordinated approach to ethics management across the public service.
- You actively and visibly champion the importance of ethics within your ministry and as part of the corporate network of ethics advisors.

To prepare you for this important role, two identical training sessions are scheduled for March 8th and 15th from 9:00am-12:00pm. You will soon receive a meeting invitation to both sessions and can choose which to attend. Please note you must make yourself available for one of these sessions.

In the meantime, if you'd like to get a head start a MyHR page was created providing an explanatory framework and consolidating [ethics-related readings and resources](#) , including corporate ethics training.

I appreciate your willingness to take on this responsibility in addition to your other duties. Thank you for your participation and commitment to promoting a culture of integrity, which is fundamental to fostering public trust and confidence in the public service. I look forward to working with you.

Sincerely,

Lori Halls, Deputy Minister

Subject: 2018-19 Annual Mission Plan Canvass

Good Afternoon:

Our Ministry has been asked to coordinate a schedule of potential international travel across government. We request that Ministries submit any anticipated plans for Minister and Deputy Minister international travel for the 2018-19 fiscal year.

We would appreciate if you could **provide us contact information this week** for the individual that will lead coordination of your ministry's response. Please send your contact name to Maureen Yelovatz, Director, International Missions and Corporate Events, at Maureen.Yelovatz@gov.bc.ca.

For your Ministry's submission, please ensure that it includes all potential overseas and USA travel, and outlines how the travel will advance your Ministry's mandate letter directives and strategic program priorities. Please include Crown Agencies under your purview in your submission. Kindly **submit your Ministry's travel plans** using the attached template and provide this information to Maureen Yelovatz by **March 9, 2018**.

If you do not anticipate any international travel during the 2018-19 fiscal year, please respond by indicating "No International Travel Planned".

Information will be treated as confidential and will be included in the government-wide annual mission plan that will be submitted to Minister Bruce Ralston.

If you have any questions, please contact myself or Maureen Yelovatz. Thank you for your support of this initiative.

Regards,

Fazil

Hi Alison, I hope that I can still contact you on this regarding Okenge. As you know, we had transferred the contact/ mailing address for the Howard Car Lease invoices to yourself in July 2017 (email below). I just received via House Mail (unsure from whom though) four invoices from Nov 2017 to Feb 2018 addressed to my attention, although I never actually received it until now. It looks like there are four months of invoices to be paid. I've scanned and attached what I received.

Can you please look into getting these paid and also send a reminder to Brian Sugrue and/or contact Howard Carter Lease directly to confirm that the contact/ mailing address has been changed. I've moved from JTT so concerned that future invoices for payment will be missed again if the contact info/ mailing address isn't changed properly.

Thanks so much for your help, Alison. If this should be redirected to someone else, please advise.

Good morning Okenge:

We have a request by Richard to add two B-List Spring items to the April 16 SI Agenda. I have no problem doing so with your approval, however we currently have 12 items, all A-List for Fall (this is when they were directed to take them forward to meet timelines for Fall.

So we either ask the Chair to extend the meeting time (perhaps 6-9pm if that is doable with members schedules) or we add another meeting after the Spring break.

Do you have any preferences / recommendations? I will of course need to check with Chair on doability.

Thank you,

Teresa

Dear Team:

Last week you received an invitation from Lori Halls, Deputy Minister of the BC Public Service Agency, to complete the 2018 Work Environment Survey (WES). The survey will ask you about your views, ranging from day-to-day work, your environment and resources, your development and performance, the people you work with and changes in your work environment.

The survey will take approximately 15 minutes to complete (unless you are as slow as I am. . . make it 20).

Your answers will remain completely confidential, and all produced reports will show only aggregated (grouped) responses. IGRS as a group will receive its own report which will be invaluable for helping us understand what's working well and where we can improve.

I would like to suggest that we hold an all-staff meeting to discuss the survey results once they are available.

Thank you in advance for taking the time to share your views!!

So I understand the release is set to go at 10:00 AM this morning - and that you'll send us a final approved version before then.

We have coordinated with Mira to make some stakeholder calls just before the release goes out.

I suspect the release will provoke some interview requests. Tasha suggests we make MBR available for some questions from the Gallery at the blue curtain at 11.

Let me know if you have any concerns with that, otherwise we'll arrange accordingly.

Okenge,

There are two funding streams that will flow through a bilateral agreement between BC Housing and CMHC.

The first stream is a 50/50 cost shared funding program on a per capita basis. The population numbers are currently based on the 2014 agreement and will be updated in 2019 with the start of the next agreement.

The second stream is funding for expired of operating agreements. Canada has committed to commit 100% of the current funding levels to each province and territory. This funding is tied to historic investments in affordable and social housing units. This is an important funding stream to ensure the long-term viability of the existing stock. It will be cost shared with provinces and territories but is not allocated on a per capital basis. Because governments in BC and Alberta chose to not participate in federal/provincial housing programs historically our allocation will be less than some other jurisdiction.

And finally, there is National co-investment fund. This will not be allocated on a per-capita basis and won't be part of a bilateral agreement. The co-investment fund will be an federally administered application based funding program (mainly financing). While projects will need to have cost matching it won't necessarily be from the province. s.13

If you add the first two streams together you will come up with an allocation that is less than the per-capita funding model in BC, but they really are not intended to be added up.

I hope this makes sense, s.13;s.17

Good afternoon Okenge,

As Evan Lloyd has discussed with you, GCPE is pleased to be bringing on board a Communications Manager with the primary responsibility of assisting with outward-facing communications at IGRS.

I wanted to take a moment to tell you a bit about the individual we have hired and my vision for the role he will play.

Kim Emerson has accepted the position and will be starting with us on Monday. His first few days will be spent at GCPE HQ doing some orientation, getting equipment set up, and such. He'll also be plugging in with your team in order to assist with any communications and media relations related to the memorial service for the late former Premier Dave Barrett.

As soon as possible, we would expect Kim's 'home base' to be on site with your program staff. Our facilities manager Linda Gallant is working to coordinate that.

In addition to being embedded with your team at IGRS and either coordinating or directly taking on external communications projects, we will be relying on Kim's skills and expertise to supplement the Media Relations functions here at GCPE HQ. Kim will formally report to our Director of Media Relations, Stephanie Sherlock. He will also be supported by our Executive Director of Ministry Support, Don Zadavec and myself.

If you're not already familiar with Kim, while he is new to government, he is certainly not new to communications or the legislature. He has been a Legislative Bureau Chief for CKNW, Reporter and Anchor at CHEK TV, CBC and CFX and a political analyst/reporter/producer for OMNI TV, CityTV and News 1130. In addition to his media career, Kim has conducted one-on-one media training and workshops to reporters, stakeholders and politicians.

I'm really looking forward to Kim joining our team on Monday. Thank you for your support for the position. I hope you'll take a moment to relay to your team that Kim will be coming on board and what to expect from him.

Best,
Mike

Subject: RE: Housing

Okenge,

There are two funding streams that will flow through a bilateral agreement between BC Housing and CMHC.

The first stream is a 50/50 cost shared funding program on a per capita basis. The population numbers are currently based on the 2014 agreement and will be updated in 2019 with the start of the next agreement.

The second stream is funding for expired of operating agreements. Canada has committed to commit 100% of the current funding levels to each province and territory. This funding is tied to historic investments in affordable and social housing units. This is an important funding stream to ensure the long-term viability of the existing stock. It will be cost shared with provinces and territories but is not allocated on a per capital basis. Because governments in BC and Alberta chose to not participate in federal/provincial housing programs historically our allocation will be less than some other jurisdiction.

And finally, there is National co-investment fund. This will not be allocated on a per-capita basis and won't be part of a bilateral agreement. The co-investment fund will be an federally administered application based funding program (mainly financing). While projects will need to have cost matching it won't necessarily be from the province. s.13

If you add the first two streams together you will come up with an allocation that is less than the per-capita funding model in BC, but they really are not intended to be added up.

Subject: Hi! I would like to get your views on. . .

Dear Team:

Last week you received an invitation from Lori Halls, Deputy Minister of the BC Public Service Agency, to complete the 2018 Work Environment Survey (WES). The survey will ask you about your views, ranging from day-to-day work, your environment and resources, your development and performance, the people you work with and changes in your work environment.

The survey will take approximately 15 minutes to complete (unless you are as slow as I am. . . make it 20).

Your answers will remain completely confidential, and all produced reports will show only aggregated (grouped) responses. IGRS as a group will receive its own report which will be invaluable for helping us understand what's working well and where we can improve.

I would like to suggest that we hold an all-staff meeting to discuss the survey results once they are available.

Thank you in advance for taking the time to share your views!!

Hi Teresa,

I thought I should give a recap on agenda items and ask for some more amendments to the agenda on the DMs meeting on March 6:

s.12 – SI Committee has been moved back to May 7 as there are undetermined factors. **Can we move DMs to April 17?**

s.12 Please remove from March 6 agenda and move to April 17 DMs meeting (discussed with Teresa yesterday).

s.12 **Can we move these to the next DMs meeting?**
There are some moving parts for these two that still need determination and would not be able to provide accurate information at DMs.

The rest of these items below should be on track.
s.12

I'm going to pass on the coordination of the DMCSI meetings and material to Adrian (cc'd)

Re: Managing in the BC Public Service - Kelowna

Dear colleagues:

I am writing to you with details concerning an upcoming training and development opportunity for excluded managers. Managing in the BC Public Service is a unique, conference-style learning experience coming to the Coast Capri Hotel in Kelowna, on March 6 and 7.

This two-day training course is designed to support excluded managers in refreshing their knowledge of government essentials and developing their leadership skills. It's an opportunity for managers to network with their peers while exploring key areas of management responsibility relating to ethics, finance, corporate priorities and more.

I would be grateful if you could take the time to encourage your employees to register for this valuable development opportunity. In particular, those of you who have several excluded managers in Kelowna or the surrounding areas who might be interested in attending.

Managing in the BC Public Service is a tangible investment in our excluded management bench strength across the organization, and is highlighted in *Where Ideas Work* as an important step towards our goal of building internal capacity through employee development opportunities.

Further information about the course offering and how to register is attached.

Thank you for your help in promoting this important initiative.

Cher ami,

De retour de Paris, je me permets de reprendre contact comme suite à notre très utile déjeuner à Victoria.

Nous continuons à travailler à une visite du Premier Ministre de la province en France.

Comme suite à votre suggestion, nous avons en particulier identifié l'événement suivant à Paris qui serait compatible avec le calendrier parlementaire :

Viva Technology : 3^e édition, 24-26 mai 2018 (Parc des Expositions Porte de Versailles) est le rendez-vous de l'innovation technologique et des startups innovantes, soutenu par des grandes entreprises y compris nord-américaines. Des rencontres utiles sont évidemment comprises. (voir : vivatechnology.com).

Nous sommes mobilisés pour faciliter avec vous une première visite de M. Horgan à Paris.

Merci d'avance de votre attention et de vos indications svp.

Restant à votre écoute,

Madame – just got a call from Brian Jonker at the Ministry of Education to inform me that Minister Fleming has been approved to go to Europe from April 3-6. He will be going to France, Belgium and the Netherlands. The focus of the mission is teacher recruitment (from France and Belgium) and curriculum reform (in the Netherlands).

The Minister will be accompanied by his Deputy Minister and their assistants as well as a senior official from the BCTF and a school district superintendent from the Lower Mainland (tbc). 6 people in total.

Brian has already met with the French Consul General and his staff in Vancouver, contacted the Belgian Honorary Consul and will be reaching out tomorrow to the Dutch CG. The French CG has already put him in touch with the French Embassy in Ottawa. He will also be directly connecting with Canadian Embassies in these countries. I advised him I would be bringing Lucy/Protocol into the loop as the designated direct point of contact with the Consular Corps.

In France, they are looking to renew the current Declaration of Intent. In the Netherlands, they may be looking to sign an MOUs.13

He will be reaching out directly to JTT and other ministries for further information (e.g. background materials, market profiles etc).

Hi Okenge:

Allison just called and asked if we could fit in a follow up info item Monday night at SI – she wanted to just inform them of progress on a number of questions raised in the Feb 19 meeting on the Child Protection RFL. The agenda can accommodate it so I told her I thought it was doable and that the members would likely appreciate it.

You ok with it proceeding?

Thank you,
Teresa

Hi Okenge:
I have drafted a pre-brief note for tomorrow's meeting with the Chair. I wanted you to see it and provide any feedback before it goes to David for review later today.

Most sensitivities are with the first and last items | s.12;s.13 |. Please let me know if you think the questions need to be changes / withdrawn – I am happy to do so.
I didn't know if you would have time to attend the pre-brief tomorrow but made sure you were included in the meeting invite.
Thank you,
Teresa

RE: Meeting Request for Orsted North America

Dear Mr. Morisho,

I am writing to request a meeting for Fancis Slingsby , Head of Strategic Partnerships Orsted North America, who will in Victoria on **Tuesday, April 17th and Vancouver, April 18th**.

Orsted North America's vision is to create a world that runs entirely on green energy. Recently, Orsted has entered into a partnership with the **Naikun Wind Energy Partnership**.

A decade ago, Orsted initiated our transformation from a black to a green energy company. Since then, they have reduced their coal consumption by 73%, and decided to fully phase out coal by 2023. Orsted is a global leader in offshore wind with a market share of 25%, currently powering 9.5 million people. The ambition is to raise this number to 30 million by 2025. In 2017, Orsted divested their upstream oil and gas business, thereby completing our transformation to become fully dedicated to green energy.

I have been asked to help coordinate this meeting, as Orsted is a partner in the Naikun Wind Energy Partnership.

I look forward to hearing from you and hope we can make this international business connection take place as Orsted wishes to invest in BC's renewable energy sector.

Please feel free to contact me if you have any questions.

Sincerely,

Katie

Mark

Thank you for sharing an advance copy of the proposed Phase Two Policy Intentions Paper.

The underlying policy concerns and some of the specific directions the B.C. Government intends to undertake are consistent with existing federal objectives.

s.13;s.16

We remain keen to work with B.C. in improving federal-provincial coordination on spill preparedness and response to create a fully integrated system. s.13;s.16
s.13;s.16

I look forward to discussing further,

Steve

Subject: Request for Info
Hi Tasha,

As discussed, I'm hoping to get more background information on the dispute resolution processes in both the NWPTA and the CFTA. With respect to the consultation process for both agreements:

- Who does the formal request for consultation go to? Does it go to a NWPTA or CFTA dispute resolution tribunal, or a panel of member partners, or something entirely different?
- Has BC made requests for consultation before under either agreement? If so, what have the outcomes been?

s.13;s.14;s.16

We're hoping to get this info ASAP – by tomorrow morning would be great.

Thank you!

Alberta premier announces immediate boycott on B.C. wines

'I know a lot of Albertans who love B.C. wine, quite frankly, I'm one of them'

CBC News Posted: Feb 06, 2018

2:52 PM MT Last Updated: Feb 06, 2018 2:52 PM MT

Alberta Premier Rachel Notley announced Tuesday her government will place an immediate boycott on B.C. wines. (CBC)

Alberta will immediately boycott all imports of wines from British Columbia, Premier Rachel Notley announced Tuesday.

The Alberta government's tough stance came in response to B.C.'s call last week for further review of the oil-spill risk from the Kinder Morgan Trans Mountain pipeline expansion, a move that could

delay a project Alberta sees as vital to its economy.

Alberta first retaliated to B.C.'s latest position on the Trans Mountain project by suspending talks to buy B.C. electricity.

Notley upped the stakes dramatically on Tuesday with her announcement that the Alberta Gaming and Liquor Commission (AGLC) will halt the imports of all wines from B.C.

"The wine industry is very important to B.C.," Notley said at a news conference from the legislature. "Not nearly as important as the energy industry is to Alberta and Canada, but important nonetheless.

"I know a lot of Albertans who love B.C. wine. Quite frankly, I'm one of them.

"So I think those Albertans who are calling for a boycott on B.C. wines asking us to send a message to B.C. on that basis are correct.

"That is why today I am announcing that the Alberta

Gaming and Liquor Control Board will put an immediate halt to the import of B.C. wine into Alberta."

In 2017, Alberta imported about 17.2 million bottles of wine from B.C., Notley said. That amounts to about \$70 million per year paid to B.C. wineries.

"Today's action will also include AGLC stepping up enforcement on direct-to-consumer sales," the premier said.

Notley said her government encourages Albertans who order a glass of wine to think about the province's energy workers.

"Think of your neighbours, think of our community, think about our province," she said.

"And maybe choose some terrific Alberta craft beer instead."
