Attachments: Pipeline Questions That Reporters Should Be Asking.docx

Carole and Don,

For what it is worth I have sent the attached confidential note to Canada's newspaper companies. I will also send it to Andrew Weaver and Andrew Wilkinson. We need to start working together rather than fighting.

Attached is some information about Canadian pipeline projects. They are the facts as I know them. I think they should be quietly distributed to all our editors because there is now a great deal of misleading information in newspapers and other media and it is causing problems in our country.

All the best,
David
