Subject: Kinder Morgan PTN

Although this is specific to Burnaby at this point, this information and messaging below is important for all MLAs to see.

Minister Heyman contacted MLA's in Burnaby tonight to let them know that a notice will be delivered to 1000 households in the Burnaby area tomorrow by Kinder Morgan/ Trans Mountain. The notice informs people living near the Burnaby Terminal that Trans Mountain will be starting to relocate a portion of four existing pipelines within their property. The work will occur on KM's private lands and will involve tree removal.

If MLAs are asked questions about this issue, the message is that we're assessing the tools available to us, and that we'll have more to say later.

Main Messages:

- This pipeline is not in BC's interest. It's not worth the risk to our environment and economy.
- We made a commitment to use every tool available to defend BC's coast in the face of this threat, and that's what we're going to do.
- We're actively assessing the tools available to us to chart a path forward that protects BC's coast and the jobs that depend on it. We'll share more details in the coming days.

Q: Are you softening your stance?

- Absolutely not. We've always been clear that this pipeline is not in BC's interest. We stand behind that.

Subject: 20170911 Key Message and QAs Throne and Budget McComb

Hello, key messages for the McComb interview attached.

The briefing binder should be the gold standard for any q&as, but I've added a few after the key messages.

The most important thing is to talk about getting to work on our first steps.

We're taking our first steps to deliver a government that works for people, not just those at the top.

<!--[if !supportLists]-->•<!--[endif]-->We're delivering on our commitments and helping communities and people who need it the most by:

<!--[if !supportLists]-->o<!--[endif]-->\$100 lift to income assistance and disability rates – to help people live in dignity

<!--[if !supportLists]-->o<!--[endif]-->>Action on B.C.'s wildfires – supporting communities, evacuees and emergency responders

<!--[if !supportLists]-->o<!--[endif]-->Ministry for Mental Health and Addictions – to support those in need and help save lives

<!--[if !supportLists]-->o<!--[endif]-->Eliminating tolls -- helping make life more affordable for families

<!--[if !supportLists]-->•<!--[endif]-->We're listening to people, and taking action to make life better for families. And in the weeks and months ahead, we'll do even more to make life more affordable, improve the services people count on, and create good jobs for people throughout B.C.

<!--[if !supportLists]-->•<!--[endif]-->It's going to take time to fix the problems. But we're going to work hard every day to deliver:

<!--[if !supportLists]-->o<!--[endif]-->Relief for families from high costs and fees

<!--[if !supportLists]-->o<!--[endif]-->Better services, like education and

Subject: Password and GAL Manager: Setting Up Your Security Profile

Keeping your information secure is a high priority for government. Using the web-based Password and GAL Manager application (accessible from <https://77000.gov.bc.ca>) to reset your IDIR password eliminates the need to verbally share confidential information, such as your password.

(Note: You may be receiving this as a reminder if our records indicate that you have not set up your security profile.)

From this application, you can also manage some of your Global Address List (GAL) information. The GAL is a directory in the Government's Exchange e-mail system and contains information such as your business address and telephone numbers. You can see your entry by clicking on the address book icon in Outlook and typing in your name (lastname, firstname).

To get started, you need to set up your security profile:
Use Internet Explorer to log on to the Workstation Services website at <https://77000.gov.bc.ca>. You will need to enter your IDIR and password.
After logging on to the site, set up your security profile:

1. Click "Update GAL Info" on the left side of the Welcome Page
2. Read the statement on the privacy page.

- If you choose "Decline", you will be returned to the Welcome page and you will not be able to manage your GAL information. You may come back at any time to accept the statement.
- If you choose "Accept", you will proceed to "Update GAL Info and Set Up Security Profile."

3. Answer a short series of questions to complete your profile.

(Note: You will need to remember the answers to these security questions.)

Service Desk personnel are NOT able to read your security data, and the storage of this information is highly secure.

By setting up your security profile as soon as possible, you will avoid follow-up reminders.

Once you have set up your security profile, you can:

1. Change your IDIR password.
2. Update your contact information in the Global Address List (GAL).

If you need help setting up your profile, please contact the 7-7000 Service Desk at (250) 387-7000.

This note was automatically generated by the 7-7000 Service Desk.

I think the grammar is bad in all the quotes. Not sure the no excuses quote captures the intent of my comments.

Want to make it straight forward. The rest of the interview from yesterday will be mixed in on background.

“Ellie heard it on the radio first, she wa sa bit unhappy about that. Because I said I would talk to you. She knew there was pressure. She knew I was getting a lot of pressure, so it wasn’t like it came as a surprise. But I had committed I was going to talk to her before anything happened and it came a little bit backwards, I think it was leaked. She is ok with it, she is still hanging out with me.”

“What that moment of the whole thing, that was the lowest point, when I went back to the hotel after that it was a gut check time. I have let a whole lot of people down by being overly passionate, overly responsive to prodding. For Christy and crew it was a setup, an absolute setup. And I fell for it. It was like, don’t take the bait, don’t take the bait. That became the joke on the bus.”

“I made it abundantly clear to the significant people within the organization, the president of the party, the executive director, potential candidates other than David, outside the caucus that might be interested. I talked to them and said if you think you can do better, I am ok with that.”
“I canvassed widely, it’s not that I didn’t believe I was up for the job but I didn’t want some excuses. I didn’t want anyone to have excuses. Some said you have to watch out for Eby and I said why would I do that, I want to encourage him.”
