Hi Jackie,

Kristen just sent the CFR for OOP-2018-81444. I have since been in contact with the applicant and he confirms he is NOT looking for public correspondence. He would also like to amend the request description to include issue notes. The request now reads, *All records, including e-mails, briefing notes, **issue notes**, and reports on Anbang Insurance's purchase, in 2017, of Retirement Concepts of British Columbia – exclude media summaries, clippings or releases. (Date Range for Record Search: From 07/03/2017 To 02/28/2018).*

I have let Jake know that Correspondence does not need to gather records. Would you like an updated CFR with the revised wording or is this email sufficient?

Hi Alison. Some of these records didn't load properly. The pagination might be off a little but in my Part 1, pages 167 – 220 and pages 335 – 364 are just a single column of individual letters down the middle of the page, virtually unreadable. Can you check and see about reloading those two page ranges for me? Thanks.

*Please see the second round of the below request (**please note the different date range**), and please provide responsive records by February 27th :*

For email records:

- Go to Sent Items folder and scroll down to date range
- **Option 1:** Drag and drop emails into a separate email to send to me. Depending on how many emails you have within this date range, you may need to break them up and send them in multiple parts
- **Option 2:** Highlight all emails, click on File – Save as Adobe PDF. The conversion can take a few minutes. I would recommend doing this in 2 or 3 sections
- **Option3:** Drag all responsive emails onto a USB stick and provide the stick to me

For text message records:

- Take screenshots of all conversations containing responsive records. Please see attached instructions for this

If you have any issues with compiling these records, please let me know and I will be happy to help!

Copies of any and all emails, text messages, BBMs, slack messages, and WhatsApp messages sent from the Premier.

(Date Range for Record Search: From 07/18/2017 To 07/31/2017) Date Format is MM/DD/YYYY

If you think that the search for records will take you over 3 hours and/or the total volume of records will exceed 200 pages, please let me know as soon as possible.

Thank you for your assistance with this request!

For email records:

- Go to Sent Items folder and scroll down to date range

- **Option 2:** Highlight all emails, click on File – Save as Adobe PDF. The conversion can take a few minutes. I would recommend doing this in 2 or 3 sections
- **Option3:** Drag all responsive emails onto a USB stick and provide the stick to me

For text message records:

I forwarded the two bc ferry reservations from my home email address back to my work address. Sorry I don't mean to add confusion to this call for records.

I have a few emails I sent to Correspondence, queries regarding Callers following up on material they sent that may or may not refer directly to Kinder Morgan (some address pipelines, Salish Sea, etc).

Is that something applicable you want to look at?

Note that all general FOI request records that are released to an applicant should be published on the Open Information website unless the exemption criteria apply. The exemption criteria can be found on page 11 of the [Open Information and Open Data Policy](#). Consultations from outside provincial public bodies are not published on the Open Information website.

Exercise of Discretion:

The *Freedom of Information and Protection of Privacy Act* (FOIPPA) contains both mandatory and discretionary exceptions to disclosure. Sections 13 to 20 are the discretionary exceptions. Where Information Access Operations (IAO) has advised the head that a discretionary exception may apply, it is important that the head consider the possibility of releasing the information despite the fact that an exception may apply.

Factors relevant to the exercise of discretion include:

- the general purposes of the legislation: public bodies should make information available to the public; individuals should have access to personal information about themselves;
- the wording of the discretionary exception and the interests which the section attempts to balance;
- whether the individual's request could be satisfied by severing the record and by providing the applicant with as much information as is reasonably practicable;
- the historical practice of the public body with respect to the release of similar types of documents;
- the nature of the record and the extent to which the document is significant and/or sensitive to the public body;
- whether the disclosure of the information will increase public confidence in the operation of the public body;
- the age of the record;
- whether there is a sympathetic or compelling need to release materials;
- whether previous orders of the Commissioner have ruled that similar types of records or information should or should not be subject to disclosure; and
- when the policy advice exception is claimed, whether the decision to which the advice or recommendations relates has already been made.

Thank you, have a great day.

For email records:

- Go to Sent Items folder and scroll down to date range

If you have any issues with compiling these records, please let me know and I will be happy to help!

Subject: Procurement Modernization Strategy

Good afternoon,

As discussed at DMC on February 2nd, the Ministry of Citizens' Services is developing a *Procurement Modernization Strategy* with a targeted launch of late March 2018. This Strategy aims to leverage the important strategic tool of procurement to support government's main goals: making life more affordable, delivering the services that people count on, and building an economy that works for everyone. For your reference, attached is the Procurement Overview presentation I gave to Cabinet on January 31st. Please let me know if you have any questions.

To build an implementation plan for the Strategy, I am seeking input on actions that your ministry is taking, or contemplating, that could be included. Actions should be aligned with the four goals of the Strategy (outlined in tab 2 of the attached) and be able to be initiated within one or two years. Actions could vary in size from large policy changes to smaller benefit realization projects.

Using the attached template, please provide to Erik Wanless (Erik.Wanless@gov.bc.ca) by March 2nd three to four ideas that your Ministry is leading or contemplating. The template includes instructions and a sample in the last tab as a guide.

Please let my team (Bobbi Sadler, ADM or Erik Wanless, a/ED) know if you have any questions or would like a presentation to your staff on the Strategy. We'll consolidate the input and present at an upcoming DMC. Thank you.

Sincerely,

Jill Kot
Deputy Minister
Ministry of Citizens' Services

Hello,

The Ministry of Citizens' Services received this FOI request from Political Party:

Regarding the November 10, 2017 meeting titled - FOI Stakeholders Roundtable, as mentioned in the Minister's calendar: All records, including but not limited to the agenda - draft and final and minutes, emails, texts, BBMs, all briefing notes - draft and final, internal and external correspondence, copies of presentation materials, handwritten notes and post-meeting report summary. (Date Range for Record Search: From 10/01/2017 To 12/31/2017)

They identified the attached document(s) as responsive records and wish to get your views on disclosure. If you need help determining harms, please see the attached harms assessment or contact me directly.

We hope to received your response by March 21, 2018. If you require more time, please let me know.

If you are not able to respond by this date, we are required to continue processing this file without your recommendations.

IAO will assess the program area's harms and recommend full release, withhold in its entirety or partial release.

3. Ministry Executive approval for release

3. *Not approved for release and why.*

Ministry Executive (Delegated Signoff):

Note that all general FOI request records that are released to an applicant should be published on the Open Information website unless the exemption criteria apply. The exemption criteria can be found on page 11 of the Open Information and Open Data Policy. Consultations from outside provincial public bodies are not published on the Open Information website.

Exercise of Discretion:

The *Freedom of Information and Protection of Privacy Act* (FOIPPA) contains both mandatory and discretionary exceptions to disclosure. Sections 13 to 20 are the discretionary exceptions. Where Information Access Operations (IAO) has advised the head that a discretionary exception may apply, it is important that the head consider the possibility of releasing the information despite the fact that an exception may apply.

Factors relevant to the exercise of discretion include:

- the general purposes of the legislation: public bodies should make information available to the public; individuals should have access to personal information about themselves;
- the wording of the discretionary exception and the interests which the section attempts to balance;
- whether the individual's request could be satisfied by severing the record and by providing the applicant with as much information as is reasonably practicable;
- the historical practice of the public body with respect to the release of similar types of documents;
- the nature of the record and the extent to which the document is significant and/or sensitive to the public body;
- whether the disclosure of the information will increase public confidence in the operation of the public body;
- the age of the record;
- whether there is a sympathetic or compelling need to release materials;
- whether previous orders of the Commissioner have ruled that similar types of records or information should or should not be subject to disclosure; and
- when the policy advice exception is claimed, whether the decision to which the advice or recommendations relates has already been made.

Thank you,

Toyoko Doyle | Sr. FOI Analyst | Information Access Operations | Ministry of Citizens' Services

Subject: Consultation MAG-2018-80860 Due: March 28, 2018

Hello Jackie,

The Ministry of Attorney General received this FOI request from Political Party:
All communication sent from George Smith regarding the Proportional Representation Referendum survey. (Date Range for Record Search: From 10/01/2017 To 10/31/2017)

They identified the attached document(s) as responsive records and wish to get your views on disclosure. If you need help determining harms, please see the attached harms assessment or contact me directly.

Your program area's response is due March 28, 2018.
IAO may take one to two business days to apply any severing.
Your executive sign off response is due March 28, 2018.

If you are not able to respond by this date, we are required to continue processing this file without your recommendations.

1. Ministry Program Harms Assessment:

Please indicate which applies:

1. *There are no harms in these records. They can be released in full.*
2. *There are harms in releasing all of these records. They should be withheld in their entirety.*
3. *There are harms in portions of the records. Please give details so that IAO can apply the appropriate sections of FOIPPA. Please feel free to write directly on the attached records and send back to IAO. If you are unsure of why it is harmful please call the IAO to discuss the appropriate severing.*

Program Area Approval Authority:
Name, Title, Program

2. IAO's review of harms assessment and recommendations on release

Comments/Recommendations:

IAO will assess the program area's harms and recommend full release, withhold in its entirety or partial release.

3. Ministry Executive approval for release

Comments/Recommendations:

Please indicate which applies:

1. *Approved for release with no changes.*
2. *Approved for release with the following changes... (insert changes).*
3. *Not approved for release and why.*

Ministry Executive (Delegated Signoff):

Name, Title

Note that all general FOI request records that are released to an applicant should be published on the Open Information website unless the exemption criteria apply. The exemption criteria can be found on page 11 of the [Open Information and Open Data Policy](#). Consultations from outside provincial public bodies are not published on the Open Information website.

Exercise of Discretion:

The *Freedom of Information and Protection of Privacy Act* (FOIPPA) contains both mandatory and discretionary exceptions to disclosure. Sections 13 to 20 are the discretionary exceptions. Where Information Access Operations (IAO) has advised the head that a discretionary exception may apply, it is important that the head consider the possibility of releasing the information despite the fact that an exception may apply.

Factors relevant to the exercise of discretion include:

- the general purposes of the legislation: public bodies should make information available to the public; individuals should have access to personal information about themselves;
- the wording of the discretionary exception and the interests which the section attempts to balance;
- whether the individual's request could be satisfied by severing the record and by providing the applicant with as much information as is reasonably practicable;
- the historical practice of the public body with respect to the release of similar types of documents;
- the nature of the record and the extent to which the document is significant and/or sensitive to the public body;
- whether the disclosure of the information will increase public confidence in the operation of the public body;
- the age of the record;
- whether there is a sympathetic or compelling need to release materials;
- whether previous orders of the Commissioner have ruled that similar types of records or information should or should not be subject to disclosure; and
- when the policy advice exception is claimed, whether the decision to which the advice or recommendations relates has already been made.

Thank you,

Elizabeth Babecy, Senior FOI Analyst
Justice/Social Team
Information Access Operations

Colleagues -

I am pleased to advise that the *BC Innovation Council Amendment Act* has passed, effectively establishing Innovate BC, our Crown Agency that will provide broad support to the technology sector in British Columbia.

This legislative amendment fulfils a key commitment under the Confidence and Supply Agreement (CASA) with the BC Green Party to establish a new Innovation Commission. The agency's structure, mandate and name was negotiated and agreed upon under CASA.

Innovate BC will be responsible for the policy, administration, operation, and delivery of programs that support innovation, entrepreneurship and business development in our tech sector. Innovate BC will be BC's primary agency for initiatives that promote company growth, resulting in jobs, increased revenue and economic development, and ensuring that all regions of the province benefit from the opportunities of the emerging economy.

If you would like to read the full news release, you can find it here: <https://news.gov.bc.ca/releases/2018JTT0004-000308>.

Innovate BC will absorb all the programs and services currently delivered by the BC Innovation Council. Once established, the incoming Innovate BC Board will be charged with examining current provincial technology and innovation programs, and making recommendations to the Ministry on future programs to be delivered by Innovate BC. This process will likely take place in the late Spring/early Summer of 2018.

If you have any questions, please do not hesitate to contact me.

Best,

Fazil

Hi Christine,

Please see the next round of the below request (**please note the different date range**), and please provide responsive records by March 26th :

For email records:

- Go to Sent Items folder and scroll down to date range
- **Option 1:** Drag and drop emails into a separate email to send to me. Depending on how many emails you have within this date range, you may need to break them up and send them in multiple parts
- **Option 2:** Highlight all emails, click on File – Save as Adobe PDF. The conversion can take a few minutes. I would recommend doing this in 2 or 3 sections
- **Option3:** Drag all responsive emails onto a USB stick and provide the stick to me

For text message records:

- Take screenshots of all conversations containing responsive records. Please see attached instructions for this

If you have any issues with compiling these records, please let me know and I will be happy to help!

Records of any and all emails (excluding attachments), text messages, BBMs, slack messages, and WhatsApp messages sent from Christine Kennedy.

*(Date Range for Record Search: **From 11/01/2017 To 11/30/2017**) Date Format is MM/DD/YYYY*

If you think that the search for records will take you over 3 hours and/or the total volume of records will exceed 200 pages, please let me know as soon as possible.

Hi Mira,

Please see the third round of the below request (**please note the different date range**), and please provide responsive records by March 7th :

For email records:

- Go to Sent Items folder and scroll down to date range
- **Option 1:** Drag and drop emails into a separate email to send to me. Depending on how many emails you have within this date range, you may need to break them up and send them in multiple parts
- **Option 2:** Highlight all emails, click on File – Save as Adobe PDF. The conversion can take a few minutes. I would recommend doing this in 2 or 3 sections
- **Option3:** Drag all responsive emails onto a USB stick and provide the stick to me

For text message records:

- Take screenshots of all conversations containing responsive records. Please see attached instructions for this

If you have any issues with compiling these records, please let me know and I will be happy to help!

Records of any and all emails (excluding attachments), text messages, BBMs, slack messages, and WhatsApp messages sent from Mira Oreck.

(Date Range for Record Search: From 09/01/2017 To 09/30/2017) Date Format is MM/DD/YYYY

If you think that the search for records will take you over 3 hours and/or the total volume of records will exceed 200 pages, please let me know as soon as possible.

RE: Meeting Request for Orsted North America

Dear Mr. Morisho,

I am writing to request a meeting for Fancis Slingsby , Head of Strategic Partnerships Orsted North America, who will in Victoria on **Tuesday, April 17th and Vancouver, April 18th**.

Orsted North America's vision is to create a world that runs entirely on green energy. Recently, Orsted has entered into a partnership with the **Naikun Wind Energy Partnership**.

A decade ago, Orsted initiated our transformation from a black to a green energy company. Since then, they have reduced their coal consumption by 73%, and decided to fully phase out coal by 2023. Orsted is a global leader in offshore wind with a market share of 25%, currently powering 9.5 million people. The ambition is to raise this number to 30 million by 2025. In 2017, Orsted divested their upstream oil and gas business, thereby completing our transformation to become fully dedicated to green energy.

I have been asked to help coordinate this meeting, as Orsted is a partner in the Naikun Wind Energy Partnership.

I look forward to hearing from you and hope we can make this international business connection take place as Orsted wishes to invest in BC's renewable energy sector.

Please feel free to contact me if you have any questions.

Sincerely,

Katie

Note that all general FOI request records that are released to an applicant should be published on the Open Information website unless the exemption criteria apply. The exemption criteria can be found on page 11 of the [Open Information and Open Data Policy](#). Consultations from outside provincial public bodies are not published on the Open Information website.

Exercise of Discretion:

The *Freedom of Information and Protection of Privacy Act* (FOIPPA) contains both mandatory and discretionary exceptions to disclosure. Sections 13 to 20 are the discretionary exceptions. Where Information Access Operations (IAO) has advised the head that a discretionary exception may apply, it is important that the head consider the possibility of releasing the information despite the fact that an exception may apply.

Factors relevant to the exercise of discretion include:

- the general purposes of the legislation: public bodies should make information available to the public; individuals should have access to personal information about themselves;
- the wording of the discretionary exception and the interests which the section attempts to balance;
- whether the individual's request could be satisfied by severing the record and by providing the applicant with as much information as is reasonably practicable;
- the historical practice of the public body with respect to the release of similar types of documents;
- the nature of the record and the extent to which the document is significant and/or sensitive to the public body;
- whether the disclosure of the information will increase public confidence in the operation of the public body;
- the age of the record;
- whether there is a sympathetic or compelling need to release materials;
- whether previous orders of the Commissioner have ruled that similar types of records or information should or should not be subject to disclosure; and
- when the policy advice exception is claimed, whether the decision to which the advice or recommendations relates has already been made.

Thank you,

Note that all general FOI request records that are released to an applicant should be published on the Open Information website unless the exemption criteria apply. The exemption criteria can be found on page 11 of the [Open Information and Open Data Policy](#). Consultations from outside provincial public bodies are not published on the Open Information website.

Exercise of Discretion:

The *Freedom of Information and Protection of Privacy Act* (FOIPPA) contains both mandatory and discretionary exceptions to disclosure. Sections 13 to 20 are the discretionary exceptions. Where Information Access Operations (IAO) has advised the head that a discretionary exception may apply, it is important that the head consider the possibility of releasing the information despite the fact that an exception may apply.

Factors relevant to the exercise of discretion include:

- the general purposes of the legislation: public bodies should make information available to the public; individuals should have access to personal information about themselves;
- the wording of the discretionary exception and the interests which the section attempts to balance;
- whether the individual's request could be satisfied by severing the record and by providing the applicant with as much information as is reasonably practicable;
- the historical practice of the public body with respect to the release of similar types of documents;
- the nature of the record and the extent to which the document is significant and/or sensitive to the public body;
- whether the disclosure of the information will increase public confidence in the operation of the public body;
- the age of the record;
- whether there is a sympathetic or compelling need to release materials;
- whether previous orders of the Commissioner have ruled that similar types of records or information should or should not be subject to disclosure; and
- when the policy advice exception is claimed, whether the decision to which the advice or recommendations relates has already been made.

Thank you,

Melissa Boyd, FOI Analyst

Hello,

Please see details below regarding this formal request made under the *Freedom of Information and Protection of Privacy Act* (FOIPPA):

A summary document showing the cliff number (if applicable), date and title/issue of all briefing notes, issues note and advice to the Premier that were prepared between January 18, 2018 to February 28, 2018. Date Format is MM/DD/YYYY

Applicant Type: Political Party
Cross Government Number: XGR-2018-82245
Records Due: April 11, 2018
Legislated Due Date: May 7, 2018
IAO Contact: Sarah Chan

Please complete and return the attached Call for Records form to IAOCentralTeam@gov.bc.ca.

Fee estimate instructions: (see CFR form for fee calculation information and due date)

If search and retrieval time is anticipated to exceed 3 hours and/or the total volume of records exceeds 200 pages, complete **only** Sections 1 & 2 of the Call for Records Form as we may be in a position to issue a fee estimate. Then, return the form to the IAO by the Fee Estimate Due date noted above. Please await further instruction from IAO as the records will not be required until the fee estimate process has been completed. Once fees have been paid or waived, IAO will contact you to continue the call for records process. IAO will advise you if the request is abandoned and closed.

Send records via email in PDF format. If email is not possible, please send the records in electronic format via house mail with the completed form.

You should be aware that FOIPPA obligates us to assist the applicant and to respond without delay, openly, accurately, and completely. In the event that the ministry must defend the adequacy of its search to the Information and Privacy Commissioner at Inquiry, those involved in searching for records may be required to sign affidavits confirming they have conducted an adequate search for relevant records.

Please do not hesitate to contact IAO to discuss:

- whether the records may be routinely releasable;
- whether the information is being prepared for public release or is already publicly available;
- any other questions or concerns relating to this request.

For email records:

- Go to Sent Items folder and scroll down to date range
- **Option 1:** Drag and drop emails into a separate email to send to me. Depending on how many emails you have within this date range, you may need to break them up and send them in multiple parts
- **Option 2:** Highlight all emails, click on File – Save as Adobe PDF. The conversion can take a few minutes. I would recommend doing this in 2 or 3 sections
- **Option3:** Drag all responsive emails onto a USB stick and provide the stick to me

For text message records:

- Take screenshots of all conversations containing responsive records. Please see attached instructions for this

If you have any issues with compiling these records, please let me know and I will be happy to help!

Records of any and all emails (excluding attachments), text messages, BBMs, slack messages, and WhatsApp messages sent from Elizabeth Parkinson.

*(Date Range for Record Search: **From 02/01/2018 To 02/28/2018**) Date Format is MM/DD/YYYY*

If you think that the search for records will take you over 3 hours and/or the total volume of records will exceed 200 pages, please let me know as soon as possible.

Hi Alison,

In addition to the options you mention below, can I save all the files to a sharepoint folder and give you access to the folder? It would essentially be a remote version of handing you a USB key (but I am not located in Victoria).

Thanks,

Hello,

Regarding two cross-gov't files that were sent to Exec/DMO, Correspondence, and IGRS:

OOP-2018-81420/ XGR-2018-81339

OOP-2018-81493/ XGR-2018-81487

I have been advised that LDB has already moved forward with some narrowing of the wording (getting the applicants to exclude materials related to BC wine week). The analyst for the MAG file for XGR-2018-81487 got the applicant to exclude TNO material.

Would this type of narrowing be helpful to OOP in their search for records? If so, I can approach the applicant about this.
