Hey Don!

Hope you had a great time<sup>s.22</sup> Richard Zussman is looking for a picture you took on the swearing in day. You may recall the Premier's friend<sup>s.22</sup> got into the room where we were taking the cabinet photos, and he sat in the LG's spot and had his picture taken. The Premier has given permission that Zussman use this photo in his book. Can you send me a copy of this?

Thanks!

Hi Sage – I know video greetings are not being considered as a rule; however, I was wondering if there were plans for PJH to do one for Chinese New Year, anyway. And, if so, whether it would be appropriate to share that video with the BC CSSAs as requested below.

We'll send the written greetings, regardless, but it would be good to know if there might be a video we can also send.

Pls advise.

Thanks ☺

**Subject:** Greeting letter request\_CSSA CHINESE STUDENT NEW YEAR GALA

Dear Premier,

I'm writing the email on behalf of the BC Chinese Students and Scholars Association to ask for a favor. All nine CSSAs in BC together are organizing the 2018 Chinese Student New Year Gala for Feb 2nd to celebrate Chinese New year, and they would be very grateful if you could send them a greeting letter for the event.

The Chinese Students and Scholars Association (CSSA) is the official organization for overseeing Chinese students in Vancouver, which we do so through initiatives such as the aforementioned gala event. Please join us at the Vancouver Playhouse on Feb 2nd, 2018 from 6:30 PM onwards for an evening of music and celebration.

We would also very much appreciate it if you could send a Chinese New Year holiday greeting video for the Chinese international students here in Vancouver, which we would be excited to share at the gala event and throughout our network.

It would be our honor to have your support and we'd also like to invite you to the concerts as our distinguished guest.

Looking forward to hearing from you soon.

Regards,

**Subject:** request for a phone interview with Premier Horgan made last December.

First, allow me to say the response time is unacceptable. I realize my response to your email is also somewhat delayed but I've s.22. My emails were being monitored and if an interview with the Premier has been offered someone from my office would have response. I was told by the first member of Premier Horgan's staff that it would be in a timely fashion. Secondly I wasn't interested in a response from a ministry, the context of the questions were specific to the premier and I was under the impression he is available to provincial enquiries unlike despots and autocrats who rule without care or attention to the questions of their voters.

I would still be interested in a response to my questions from the premier himself and not another minion under him, although I see there are several responses contained in your email, none of which satisfy my request.

What is the premier's accessibility? As I live in Quesnel and am not expecting a visit from Premier Horgan any time soon, does he not respond to phone requested interviews. I believe I included the context of my questions in my first conversation which, at the time, I was still optimistic of a response, however if a response from the Premier is possible I would be prepared to send those questions again.

Also the s.22 I interviewed, s.22, is keenly interested in providing Premier Horgan a first hand look (from the ground and possibly from the air) of the devastation by the 2017 wildfires in his area. I would also be prepared to send you a copy of my article (which was approved by s.22) where he speaks eloquently about the devastating consequences and the lack of government action on the issues created by those wildfires. All of this should be of imminent importance to Premier Horgan as another season is just around the corner and there is much to be done to avoid some of the consequences his B.C. constituents experienced.

I look forward to Premier Horgan's response,

Annie Gallant

Hope you're having a good start to the new year.

We are planning a remote broadcast for our CBC Victoria shows... tentatively on February 22nd.

We will be broadcasting both shows from a yet to be determined place in Langford, with the idea to talk about the growth and change in that region.

Wanted to reach out early to see about the possibility of having Premier Horgan join us on location, for the broadcast. It would be between 7:10-8:30 on that day, for about a 10 minute interview.

Hope we can make it work.

*Please see the below request, and please provide responsive records by December 21<sup>st</sup> (apologies for the short turnaround time on this!):*

**For email records:**

- Go to Sent Items folder and scroll down to date range
- **Option 1:** Drag and drop emails into a separate email to send to me. Depending on how many emails you have within this date range, you may need to break them up and send them in multiple parts
- **Option 2:** Highlight all emails, click on File – Save as Adobe PDF. The conversion can take a few minutes. I would recommend doing this in 2 or 3 sections

**For text message records:**

- Take screenshots of all conversations containing responsive records. Please see attached instructions for this

*If you have any issues with compiling these records, please let me know and I will be happy to help!*

Hey Liam! After reading this release I think the best person you guys should talk to at this point is the Yes campaign side of the issue, which is Maria Dobrinskaya.

Hope that helps!

Hey Sheena,  
It looks like the best way to send the video is through Dropbox. My friend had success with it, but he mentioned it is a bit spotty depending on your location.  
I'd suggest trying it out by download the app for your iPhone and testing the video upload here in Canada first, as it's a bit clunky. Here's a quick tutorial:

**Subject:** Trent University Question for John s.22

Dear Premier Horgan,

The Trent University Alumni Association, in collaboration with university partners, is planning to launch a new global engagement initiative called "Trent University Alumni Day of Service". Essentially this is a day where we will encourage and recognize Trent graduates around the world to volunteer in their own communities as representatives of Trent. We've modelled this after Yale University's Day of Service program.

We know that Trent alumni are passionate about social justice matters and making the world a better place so we will be initiating this program in order to promote, encourage and recognize community service. In doing so we hope to help alumni feel connected to Trent even though they may be far away from campus.

I'd like to invite you s.22 to be Honorary Ambassadors for our inaugural Alumni Day of Service, which is scheduled for May 5, 2018. As Honorary Ambassadors we would include your photos, a brief video message, and quote, in our promotional materials and on website. We would also ask that on or around May 5, 2018, you s.22 partake in Day of Service, by spending a portion of your day as a volunteer for an organization you care about.

There will be two other Honorary Ambassadors as well. They are alumni s.22 s.22

FYI, Yale's Honorary Ambassadors have included President's Clinton and Bush.

Please let me know if you think this is something of interest to you and will fit in with your s.22 other commitments. Then we can arrange to have the brief video recorded at a convenient time and location. Thank you for considering this request and please let me know if you have any questions. Have a super day,

Lee

Dear Premier Horgan,

The Trent University Alumni Association, in collaboration with university partners, is planning to launch a new global engagement initiative called "Trent University Alumni Day of Service". Essentially this is a day where we will encourage and recognize Trent graduates around the world to volunteer in their own communities as representatives of Trent. We've modelled this after Yale University's Day of Service program.

We know that Trent alumni are passionate about social justice matters and making the world a better place so we will be initiating this program in order to promote, encourage and recognize community service. In doing so we hope to help alumni feel connected to Trent even though they may be far away from campus.

I'd like to invite you s.22 to be Honorary Ambassadors for our inaugural Alumni Day of Service, which is scheduled for May 5, 2018. As Honorary Ambassadors we would include your photos, a brief video message, and quote, in our promotional materials and on website. We would also ask that on or around May 5, 2018, you s.22 partake in Day of Service, by spending a portion of your day as a volunteer for an organization you care about.

There will be two other Honorary Ambassadors as well. They are alumni s.22 s.22

FYI, Yale's Honorary Ambassadors have included President's Clinton and Bush.

Please let me know if you think this is something of interest to you and will fit in with your s.22 other commitments. Then we can arrange to have the brief video recorded at a convenient time and location. Thank you for considering this request and please let me know if you have any questions. Have a super day,

I am following up with scheduling a time to prepare the IT requirements for the coming Asian Mission.

We recommend and can provide loaner devices like iPhone/iPad. Please let us know what would be the best time to do the setup and also discuss the attached Travel Security Tips.

If you haven't ordered the travel roaming plan yet, attached is the Telus travel plans file for you to choose from. We recommend the max plan.

Good afternoon Amber, Tamarra and Joleen:

I hope you had a nice holiday weekend. I am following up on the IT side for the January Asia Mission with the Premier.

Given IT security risks in-market, we recommend the use of loaner IT devices for Official Delegation members travelling on overseas missions. The Premier's Tech team directly supports these requirements for you and also provides 24/7 support for the Official and Support delegation while in market. David Henry is lead/Robin Tsang second on the Premier's Tech Team; they can be reached by email: [prem.tech@gov.bc.ca](mailto:prem.tech@gov.bc.ca) or Phone: 250-953-5151. (I've attached their outlook contact for your reference).

David and his team will work with you to set up an appropriate time in early Jan to discuss the benefits/use of the loaner devices, and to schedule time to set up the e-binder (latter available Jan 15). Also attached for your reference, is the Premier's Tech Team two pager on IT best practices to limit risk while in-market.

Call if you need to discuss the use of the loaners vs PO own devices (my cell is <sup>s.17</sup> ). Otherwise I'll check in with you early next week to ensure all is well and to provide any support requirements you may have.

Thanks and Happy New Year!

Maureen.

Hello Sheena,

I'm just touching base to ask if you could give me a heads up if government decides to make any announcements at the TLA convention next week?

Sometimes, even if the government didn't have a TLA specific announcement for convention, they'd use the event to make a forestry industry announcement.

A heads up just gives me a chance to draft a press release in advance so I'm just editing in the details after the announcement rather than starting from scratch.

Hi all,

Just wanted to flag this again for your review. We should settle on this ASAP.

And, I will add one more thing – you should all add the time zones for Beijing, Seoul, and Tokyo to your World Clock on your iPhone clock. If you go to your basic clock app, and choose “World Clock” at the bottom left, then click the plus sign (+) in the top right corner, you can add the cities by typing them into search field. That way you will be able to see immediately what time it is in real time for the Premier and the people on the Mission.

Thanks  
Rick

**Subject:** Media Call Back Plan for Asia

Hi all,

We need to decide if and when the Premier will do a conference call media avail from Asia, and if we want the ability to schedule one-off phone interviews we will need to establish a clear process for communication day to day between BC and Asia.

Note: China is 16 hours ahead, while Korea and Japan are 17 hours ahead, meaning for phone calls back the only time that works is first thing in the morning for the Premier in Asia, mid to late afternoon in BC.

The two best times for a phone media availability with all media are:

**Saturday Jan 27 in Asia 8:00am-9:30am / Friday Jan 26 in BC, 3:00pm-4:30pm**  
**OR**  
**Friday Jan 26 in Asia 7:30am-8:00am / Thursday Jan 25 in BC, 2:30pm-3:00pm**

The first option is best, as it is a wider window, and it is a much better day in his schedule. I realize that late afternoon in BC is not ideal, but nothing is convenient with the time change, and we'll have to hope that the excitement of him being in Asia will help with turnout.

Another good time window is:

**Tuesday, Jan 23 in Asia 8:15am-9am / Monday Jan 22 in BC 4:15pm-5:00pm**

This slot should be used for individual interviews though as he will be in transit.

Beyond that, it would be possible to schedule short individual phone interviews on most days if desired (not that we should do them most days, of course – likely only a few). If there are certain 1-on-1 interviews we want him to definitely do, we should settle on that list and we should be able to pick ideal times in advance.

For things that come up over the course of the week, those in BC should email Sheena, Geoff and Joleen, and they will see it when they wake up, and will have to decide if it is possible. So in-week one-offs should either be tentative or scheduled multiple days in advance. (Please feel free to change this process, I just want to make sure we settle on something).

Thanks

Rick

Hello Jen

Amanda here with BNN, just wondering if you can check to see what Premier John Horgan's schedule looks like this week for a possible TV interview. I would prefer to have this within the 11-12 et./o'clock hour for Commodities but I can be open with my request.

This would be live and about 6-7 minutes in length, we would like to highlight his upcoming tour to Japan, LNG efforts and emissions targets.

Look forward to hearing back

Amanda

And we will have a floor mounted mic pointed at the journalists to capture the in-person questions for the people on the phone, but do you also want to try to use a handheld mic or any other arrangement?

Let me know

Hi Sheena,

I'm working on a light-hearted piece for CTV Vancouver's website featuring "love letters" to the city from politicians, prominent figures, some of our reporters and members of the public. Hoping the premier would be willing to pen a love letter to Vancouver – just a few lines about what he loves about the city.

Cheesy, I know, but I thought it would be nice to do something positive and take a short break from all the challenges of life in Vancouver to talk about what we love about it.

Hoping to collect responses by Feb. 9 so I can publish the following week! Let me know if that's possible.

Well you will definitely be asked about Asia and the child wanting expensive medication. As well, CKNW has told me they are asking you about the anniversary of Baby Macs death which will lead into questions about daycare.

Housing is still a very hot topic, and a 15 year old bystander was killed in a shooting on broadway this weekend, so there will certainly be a question about that.

Hello Sheena,

Amanda here with BNN. Just saw recent news about Mr. Emerson taking his leave as special envoy to the U.S.

I know that Jon Erlichman would love to have Mr. Emerson come on for an interview to talk about his experience in the trade talks.

Business Day AM is from 8-10 am/.et. which would be (5-7 am PST)

Please let me know if he might be up for an interview this week at 7:00 am/pst (10:00 am/.e.t) from the CTV Vancouver studio.

Look forward to hearing back

Topic:	Support	Against/Want PGOV to	Total received

Site C	0	37*	37*
Foreign Investment	0	40	40
Healthcare Complaints	0	6	6
Total Weekly Mail			Approx. 270 (excl. topics logged in batches)

- Complaints about funding for expensive medications has been a topic of discussion over the last couple of months. The two most widely publicized cases are orkambi for cystic fibrosis and canakinumab for a rare form of arthritis in children. There was recently a rally at John's constituency office for the latter.
- \*Site C letters are largely from repeat writers and some writers are writing almost every day
- Foreign investment continues to be a major topic since two Vancouver Sun articles were published shining a light on the situation in Vancouver
  - o <http://vancouversun.com/opinion/columnists/douglas-todd-explosive-b-c-court-case-details-seven-migration-scams>
  - o <http://vancouversun.com/opinion/columnists/douglas-todd-vancouvers-housing-crisis-revealed-by-looking-to-china-australia-new-zealand>

- Healthcare complaints range from the doctor shortage to poor treatment in healthcare facilities. I believe there has been an uptick in these lately due to increased traffic during the winter.

**Form Letters Update:**

- There are currently two major campaigns coming in:
  - o Removal of salmon farms in British Columbia – unclear which organizations is behind this but we have received about 500
  - o ICBC Injury Caps – this campaign is largely from the ‘legal community’ and have received about the same as the salmon, if not a bit less.

As always, I am available for any clarification. Have a great week!

- 7:36-7:45
- 7:49-7:56

We'd like to discuss the trade trip to China, and the ongoing rhetoric around housing speculation.

Let me know if this is possible.. thanks Sheena!

Hi all,

Unfortunately, we need to leave earlier than expected on the Saturday that we were planning to do the media call back.

The options now are:

1. Keep it on Saturday, but it would be 700 to 730am in Tokyo / 2pm to 2:30pm in BC
2. Sunday at 9am in Tokyo / Saturday at 3:30pm in BC (not ideal as it's a Saturday in BC)
3. Friday, 7:30am to 8am in Korea / 2:30pm to 3pm in BC

Please let me know how you would like to proceed.

Thanks,

**Subject:** Media Call Back Plan for Asia

Hi all,

We need to decide if and when the Premier will do a conference call media avail from Asia, and if we want the ability to schedule one-off phone interviews we will need to establish a clear process for communication day to day between BC and Asia.

Note: China is 16 hours ahead, while Korea and Japan are 17 hours ahead, meaning for phone calls back the only time that works is first thing in the morning for the Premier in Asia, mid to late afternoon in BC.

The two best times for a phone media availability with all media are:

**Saturday Jan 27 in Asia 8:00am-9:30am / Friday Jan 26 in BC, 3:00pm-4:30pm**

**OR**

**Friday Jan 26 in Asia 7:30am-8:00am / Thursday Jan 25 in BC, 2:30pm-3:00pm**

The first option is best, as it is a wider window, and it is a much better day in his schedule. I realize that late afternoon in BC is not ideal, but nothing is convenient with the time change, and we'll have to hope that the excitement of him being in Asia will help with turnout.

Another good time window is:

**Tuesday, Jan 23 in Asia 8:15am-9am / Monday Jan 22 in BC 4:15pm-5:00pm**

This slot should be used for individual interviews though as he will be in transit.

Beyond that, it would be possible to schedule short individual phone interviews on most days if desired (not that we should do them most days, of course – likely only a few). If there are certain 1-on-1 interviews we want him to definitely do, we should settle on that list and we should be able to pick ideal times in advance.

For things that come up over the course of the week, those in BC should email Sheena, Geoff and Joleen, and they will see it when they wake up, and will have to decide if it is possible. So in-week one-offs should either be tentative or scheduled multiple days in advance. (Please feel free to change this process, I just want to make sure we settle on something).

Thanks

Rick

The Premier did not scrum today. He spoke at the TLA this lunchtime but the TLA had confused media by telling them it was closed and then telling them it was fine if they showed up.

We had a handful of media show up for his speech. Sorry about the confusion there, and apologies for somehow missing your email from before on LNG. It's been a crammed week and the Premier has not had any free time.

Hi this is a quick note, not meant to be terse but just on deadline:  
I see he was speaking at the truck loggers, today I had asked earlier this week if I could speak to him about GHGs/LNG, and now I'm doing a story on Weaver's threats on that topic. If the premier did answer questions specific to weaver's threat to bring down the government I'd very much appreciate the audio or, better still, a transcript...

Hi Sage/Sheena. Reports are PJH speech at the Resource Forum was well received. We'd like MMM to echo his message in her Mining Roundup conference speech on Monday. I have the written speech. But is it possible to get an audio copy – if someone recorded it – so that I can get it transcribed by the TNO folks. Thanks in advance - David

This is what I did with the few greeting messages commonly used in Chinese New Year because it would not be possible for PJH to read out the entire message in Chinese. The phonetic pronunciation is exactly how the messages should sound. I would suggest Minister Chow have a look of the script and give PJH some coaching on the pronunciation.

Cheers.

Yes. For the video. And thank you for your help with that.

Sheena has seen the script and requested full phonetic pronunciation, which means it is spelled how it sounds. She was still unclear on the sounds after looking at the script.

Does that make sense?

**To:** <[Susannah.Pierce@lngcanada.ca](mailto:Susannah.Pierce@lngcanada.ca)>  
**Subject:** Recent Comments on LNG Canada and CO2 emissions

Green Party leader Andrew Weaver was recently interviewed on BNN (Business News Network) and the information he provided about the LNG industry in general, and our project specifically, had a number of factual errors. As an important stakeholder, we wanted to provide you with the correct information should anyone comment on his interview or query you about the data he presented.

Mr. Weaver continues to oppose the development of an LNG industry in BC, despite evidence that BC's natural gas is needed to replace the use of coal for power generation in countries like China. With the highest environmental standards, we believe global natural gas demands should be met by LNG from British Columbia.

In terms of CO2 emissions, Mr. Weaver stated that our project would emit 9.1 million tonnes per annum. As we haven't been able to discuss this with Mr. Weaver, we can't comment on where his figures are coming from. For our project, each train of the LNG plant will emit approximately one million tonnes of CO2 per year with phase one of our project consisting of two LNG trains, followed by another two trains to reach full build out.

We recognize that any single new project emitting CO2 may be perceived as too much in a world where we must reduce CO2 emissions. However, we believe the policy makers that established the original greenhouse gas framework were not envisioning a province in which no new development would take place. Instead, each new development would need to be judged on its own merits considering the broader benefits to society, as well as measures to further reduce the CO2 footprint. In LNG Canada's case, the broader benefits both to indigenous, community and the provincial and national economies balance the incremental CO2 emissions. As well, we believe these incremental emissions can be offset using part of the carbon tax collected from LNG Canada for the purchase of B.C. developed carbon offsets or invested in green technology funds to assist in meeting provincial

reduction targets. In fact, LNG Canada has commissioned work to look at how using CO2 tax dollars to purchase offsets in the province can create a thriving new offset and technology sector.

Given climate change is a global issue, it is also important to look at greenhouse gas emissions on a global scale – production of natural gas to consumption. Our own greenhouse gas life cycle analysis shows that one year's supply of LNG from LNG Canada, if used to generate electricity in Asia instead of using coal would reduce global greenhouse gas emissions by a net 60 to 90 million tonnes (BC's annual emissions in 2015 were 61.6 million tonnes).

LNG Canada designed our project to have the lowest carbon intensity of any large-scale LNG export facility in the world (0.15 tonnes CO2/tonne of LNG). This outcome is a result of our choice to use BC Hydro renewable electricity for auxiliary power – approximately 200 MW per year at full build out (four LNG trains) and General Electric LMS 100 gas turbines. While Mr. Weaver claimed in his interview that Site C is being built to support our project, this is not the case. This decision was not dependent on Site C as our electricity needs can be met with the existing B.C. Hydro power production portfolio. LNG Canada supports the federal and provincial government's commitments to reduce greenhouse gas emissions to meet our international commitment to Paris COP. We look forward to working collaboratively with governments, other sectors and our stakeholders to develop policy and new technologies to meet our commitment to limit global warming to below 2C.

If you have any questions or comments on any of the above, please don't hesitate to share with me.

Kind regards,

Susannah

Hi All

Joleen and Sheena, please confirm you've received this ok

Attached are the details for the conference call tomorrow morning Korea time, tomorrow afternoon BC time.

In short, this is how it works:

The Premier needs to Dial:

The speaker's feed/line must call 1-877-353-9184 or 604-681-0260, and enter the speaker's code s.15

If someone just wants to listen they call that number and use the code: s.15

If possible someone should call the line 20 + minutes ahead of time to make sure that it works.

Then, to play the role that Jen played at the Premier's weekly scrum last week, Jen or whomever needs to call s.15

– Whoever calls this line will be in touch with the Telus person and will be told who is on the line wanting to ask a question, and will be able to tell the telus person who should be put forward to ask their question.

This line should also be called 20 minutes in advance.

You may wish to have someone texting between Sheena and whoever is on the phone with Telus if you want to give her and the Premier a heads up about who is coming up next.

Let me know if you have any questions.

Thanks

Rick

Hi Sheena,  
I hope this email finds you well!  
Could you please let me know if Premier Horgan would be available for an interview live at 5pmET/2pmMT today? We would like to talk about BC's new bitumen restrictions.  
The interview would be about 6 minutes, one-on-one with Don Martin.  
We could do the interview from any CTV studio, if he can't come to studio today, we could look at sending a camera.  
Please let me know!  
Many thanks,  
Rachel
