Thanks for this Stephen, some interesting thoughts.

Regarding the post budget event I have two suggestions, and I would suggest your CEO's office do both:

- Contact Roseanne Moran, the executive director of the government caucus.
- Contact Kate Van Meer Mass, the Director of Operations in the Premier's office

Both are listed in the government directory and they (or someone who works with them) will have a handle on the budget day activities for both Caucus and Cabinet members.

Good luck.

As I mentioned I s.13,s.17

In any case just some thoughts. It sounds like the housing issue is heating up in the leg so not sure what kind of pressure/deadline you are under but another person I would like to introduce you to is Dave Howe. He is the Director for the Gulf Islands on the CRD. s.22

So hope all is well and that you are managing to take a deep breath once in a while. If I can be of further assistance let me know.

P.S. On another note do you know who we the Investment Industry of Canada, (the national association that represents the position of our 130 constituent industry firms on securities regulation and public policy) could contact regarding its hosting of a schmooze event that has taken place in the past on budget day, post budget.

Our CEO has asked if I know of the right person to contact within the new government to offer to continue 'the tradition'. You will likely know whether it was something that happened during the last NDP government or not, but the organization would like to continue the tradition of hosting the government MLAs to the event. s.22

Subject: Childcare Planning meeting scheduled for next week

Some background on the meeting that has been scheduled for next week .

In preparation for the 2018 budget and legislative session, the Premier's office is convening several reviews of key initiatives, their goals and milestones for 2018. For child care, the meeting will include::

- The ADM for child care
- GCPE
- Ministerial Assistants
- Chief of Staff to Premier
- Stakeholder relations office
- Deputy Minister to the Premier
- Priorities and Accountability Office

In general terms, the discussion will be:

- What's on the table for 2018 – legislation, program improvements, key milestones
- Does this package meet the needs of British Columbians and the commitments government made – is there anything missing
- How are we framing our child care work

The goal is for us to leave this discussion with a common understanding of where we stand, the work that needs to be done and timelines.

Is this what you and Richard discussed? If not, there is time to amend as necessary. If so, is there anything else out of that conversation that would be good to know? Such as, is there an urgency to having it released the week before Christmas, as opposed to the first week of the new year?

PS, there's also an ICBC order that seems untroubling.
