I met with Minister Ralston yesterday regarding the light-industrial tour next week in Surrey. His suggestion was to go to a company called AI Industries (<http://www.ai-industries.com/>).

They are a steel fabrication company s.22 He has visited them previously and thought they would be timely to visit again now.

If the company is open to it, we can suggest they invite other light manufacturers in Surrey to attend as well for you to meet and connect with. MBR offered to make suggestions of a few he knows.

Please let me know if you are comfortable with this and we will get organized with the planning.

Thank you,

Hi Mira,

Thanks for the meeting and the stakeholder session today. I had to leave a little early to catch the flight I'm now about to board!

Regarding AI Industries, the company Minister Ralston recommended today for the light industrial tour, you mentioned you wanted to confirm with the Premier first before we reach out to the company contact. Let me know and then I can call them to get a sense of whether they're willing to host a tour visit from the Premier on June 7 (time TBD) and if they would also be willing to host a roundtable of other manufacturers.

Sincerely,
Ramesh

Premier and Mr. Baldrey,

Today was a memorable day for those students who were able to attend our class visit to the legislature.

First, I want to thank you, Keith, for taking us on a 'Behind the Scenes' Tour of the legislature. To be able to walk on to the legislature floor was quite a moment (see pic attached) and a rarity for members of the public. The building itself is impressive, unique and historic for so many reasons, beyond just the political too. Thanks for sharing that with us. And thanks for sharing with us the unique smell of the press corps office upstairs. Lots of history there too.....yowza!

I wasn't able to track down Sheena McConnell's contacts (and probably for good reason), but please pass along my sincere appreciation and gratitude for helping to organize our short visit with the Premier.

Premier Horgan, thank you for taking the time out of your busy schedule to visit with students. Honestly, students, I think, were taken aback by the fact they were sitting in the Premier's Office with the Premier. It certainly donned on students (as was stated after the fact) what a proud Roadrunner you are. To take the time you did today to speak to students will not be forgotten by them. Indeed, in a few years, you may well see them working the corridors of the legislature someday!

Again, thanks for a memorable visit. As an educator, I am always looking to enhance student learning. Today's field trip to the legislature is about as good as it gets in that regard.

Sincerely,

Scott Campbell

Hi Don,

I've incorporated your comments and some from the Premier into new drafts.

He wanted sections from previous forestry speeches included but... we didn't get much time to talk about which sections from which speeches.

I have two versions here and wanted to check with you which would be most appropriate for this audience.

The first (draft 3) has the section on s.13

The second (draft 3 ALT) has the section on s.13
