Hi Susan,

I work closely with Queens Printers and I had a call regarding a small dilemma. They are preparing a Christmas greeting for the PO and had a request to include an Interfor union logo on the back. When these "bugs" are included on a printed item they are inserted by the union print shop that printed the item, and represent that shop's affiliation, which could vary. The printer doing these is not a union shop and would not include a union bug, and the people at QP are BCGEU. Obviously, QP will look after anything asked of them but asked me to confirm the direction.

Thanks very much,
Andrew

Hi Jim,

I wanted to thank you again for your help to collect the holiday drawings for the Premier's xmas cards. (I have the same favourite as you). The Premier has made his selection. (6 total) and we are in the process of having them placed on the cards. I wanted to ask you if it was ok to identify the children who made the pictures in this fashion on each card – I wasn't sure about privacy and while we certainly want to give the children credit I don't want to do so in a manner that is not appropriate. Please let me know your thoughts.

I would prefer to just name the children and their age, but I don't have that information for each child.

Hi Amber,

Thanks for the quick call.

To follow up, as requested:

1. The lunch is in PLAZA A, B & C (on the second floor)
2. The pre-lunch reception begins at 11a (not 11:30a) and is in GEORGIA 1 & 2 (on the second floor right next to PLAZA A, B & C)

My apologies, registration opens at 11a – not 11:30a – so the Ministers and Premier are welcome to come closer to 11:30a if they are able.

We are standing by for Rick's list of Ministers!

Hi Bev,

Thank you for such a prompt response. We would appreciate an hour of the Premier's time to share ways in which we can bolster the Province's efforts surrounding education to meet the mandate as well as fulfill platform promises. We will have a specific agenda that I can provide at a later date, but to give an outline, we will want to speak about:

- seismic infrastructure
- building schools in growth areas
- Foundational Skills Assessment
- School Site Acquisition Charges
- Mental Health Curriculum and Specialist Teaching
- Commitment to neighbourhood schools

and how each of these topics will support job creation and employment opportunities for our Better BC.

We are also willing and able to attend this meeting in Victoria if it is better for the Premier and Minister of Education, however, the majority of us do live in the Lower Mainland. And as mentioned, a preference for a Saturday.

Please don't hesitate to contact us if you should have any further questions.

Sincerely,

Cindy Dalglish

Hello Selina

Just wanting to confirm 116 people for tomorrow night for the \$35 cicchetti menu.

As discussed I'm happy to just charge the flat fee of \$250 for the chocolate fondue station. If it needs to be restocked we can just charge for the additional items added.

If you could let me know what time you'll be setting up I will make sure someone is here to let you in. Same for the security check.

We'll have a buffet station in the upper area and another in the very front of the restaurant. We will have the front area mostly cleared so it can be used as a dance floor if desired.

I will be one of the bar tenders tomorrow so I will be nearby if you need anything. We have spotify or your own music which I believe Susan mentioned before you may bring. We have a standard audio jack that most iphone/ ipods can hook up to.

We are expecting guests to arrive from 6pm and all drinks are on separate cheques. Last call for 10pm. There will be a couple of vegans and gf guests.

Please let me know if I'm leaving anything out or if you have any final questions before tomorrow. Looking forward to it!

Hi Barry,

So in total, we will have 116 people on the night of the 5th.

I was just wondering whether there would be any additional cost for the chocolate fountain given the large amount of people who will be in attendance.

I also was wondering if you could please do up an invoice for us.

Thank you,

Hello Selina

I'm sorry to hear of your disappointment.

When I initially talked to Susan it was mentioned about the possibility of having the entire space dependent on numbers. This was over a month and a half ago. Having the entire space has never been mentioned since.

Both the front and back sections comfortably hold 60+ for a cocktail reception. At the time the estimate was somewhere between 60 - 80. So the whole space works for up to approx. 130ppl including the bar.

Over a month ago during my correspondence with Susan she was hopeful that there might be 70 people. On Nov 14th you said you thought there would be 80.

I'm very happy that you greatly outsold everyone's expectations. 110 people is wonderful, and we can definitely accommodate everybody.

The largest initial estimate given to me by anyone to do with this party was 80. I therefore booked another group of 20 for the same evening, not expecting any sort of clash. I still don't foresee this as being an issue.

I'm happy to change the closing time from 10pm to 11pm if you wish to come at 7pm to avoid even seeing the other group.

It's almost impossible for someone in my position to expect numbers to grow by such a large margin, and I take bookings accordingly.

I hope you can appreciate this and understand that I did not book another group during your event.

I can call you tomorrow afternoon from the office to discuss further.

Hi Barry,

It is very disappointing to hear that you have booked another group during our event.

We were assured that we would have the entire restaurant if we had over 70 people attending, and we have more than met that condition. I sent an email to you on November 13, indicating that we would have roughly 80 attendees, and we will now have at least 110. We booked this venue and promoted this event with that as a condition.

I would really like to talk to you about this to ensure that we have the facility in its entirety as agreed starting at 6:00pm. Please call me at your earliest convenience. My number is listed below.

Hi Selina

In terms of set up there are two options -

you could come in the afternoon between 2.30pm and 4pm

or

you can set up between 5pm and 6pm.

There is going to be a group of 20 there for a Christmas dinner in the very back of the restaurant from approx. 5pm to 7pm, your group will have the entire rest of the restaurant.

The photo booth would probably be best set up in the lower section next to the bar area.

The food is all on one bill with a cash bar, correct?

Hi,

I was just phoning you when I received this. It looks like we will have about 110 people in total. There are also a couple vegan people who will be attending, will you be able to prepare some options for them as well (sorry for any inconvenience).

I am going to stop by the restaurant this afternoon to scope out the space a little. We are going to be setting up a DIY photobooth on the day, and there will be a few prizes that we will want to display.

A couple last minute questions: When do you need payment? What time will we be able to head over and start setting up on the day of?

Also, please let me know if you yourself have any questions.

Please be advised that there are currently 92 people who have RSVP'd to the NDP Caucus Christmas Party. People are dragging their feet a little to get me their money, but I expect to have firm numbers by the end of the week.

Hi Barry – my colleague Selina Wall is managing our ticket sales. I've asked her to send you an update in a couple of weeks, and then again a couple of weeks after that. If you have any questions or need to connect with her sooner, please don't hesitate. I'm hoping we have robust ticket sales so we can use the dance floor - Selina says she'll create some 'mixed tapes' on her i-pod.

Looking forward to the party, thank you for your help on making this happen at Catalano's.

If you could keep me updated on your rsvp's that would be great. From our discussion am I correct in saying you expect between 50 and 60? If so I think the upper area will be well suited for your group, but the front area (booths, lounge, bar) is an option too if that is preferred?

If it looks like there will be more I will start blocking off more space, so just let me know.

Great! Would there be time for the Premier to visit with Mayor Hall prior to the dinner? The dinner meeting will be at City Hall.

I can arrange for people to come to the College Campus or to my office at City Hall to save time.

There are three potential meetings:

QRP: I briefed John on a project they wish to pursue very early in the New Year that would add a new production line to the mill to produce a bio-product that can be used to create bio-composites that can substitute for petro-chemical derived products. It will be a first of kind production line and is one of the answers to the question of what do we need to do to evolve the forest sector given the changes in the forest.

C&C Wood Products: another opportunity to showcase a company that can flex its production capacity to address emerging trends in the forest and declining fibre supply. This company can process small dimension logs from commercial thinning and process deciduous logs. Again, another opportunity to talk about future possibilities in the forest sector.

Wildfire Recovery Team: we have an early findings report and recommendations to government. This would simply be a great opportunity for us to have John connect with the team for a photo-op and directly hear what we're learning and saying to government.

About 20-30 minutes each would allow us to canvass the topics.

What is John's time in Quesnel?

He should also be aware and briefed on the School closure/move that's underway (Quesnel Junior Secondary) and the potential for a hospital addition announcement in next year's budget, it would be a new ICU and Emergency Room if it gets final approval. Finally, there is always the inevitable bypass issue -- we are actively working with MOTI on some immediate improvements to safety and flow on highway 97 through the City and have begun meaningful dialogue on bypass/alternate route options.

Let me know how I can help.

Hi Amber,

The Fire Prevention Officers of BC have asked for a letter from the Premier to include in their annual conference magazine as a greeting to attendees. Could you arrange that?

Deadline is the end of the year. Attached for reference is the greetings section of last year's convention magazine which includes Premier Clark's letter (pg 5 in the pdf) among others.

The conference will be held in Richmond in 2018. It will be the 49th Annual Educational Seminar and AGM.

Thanks in advance,
Emily

Hi Amber.

This is the same briefing. They don't have to be present if the Premier doesn't want them there. I think ministry staff thought that the Minister would need to be.

Hi everyone,

Following conversations with several of you it has been decided that the tuition waiver for kids in care event which was scheduled for next week should now be postponed. It will be reconsidered in the new year.

Please adjust your calendars accordingly.

Hi Tim,

Could your Ministry please provide decision notes on the two following meeting requests? Premier is heading up to PG/Quesnel Friday/Saturday and these are under consideration.

Quesnel River Pulp: would like to discuss a new production line to the mill to produce a bio-product that can be used to create bio-composites that can substitute for petro-chemical derived products. It will be a first of kind production line.

C&C Wood Products: request to meet and showcase production capacity to address emerging trends in the forest and declining fibre supply. This company can process small dimension logs from commercial thinning and process deciduous logs.

I reached out to IGR as there was some question as to whether she was the actual CG yet & Amber ended up connecting w/Okenge.

Okenge's advice was that we should hold off on this until PJH has officially greeted her.

Mom and dad were so emotional and humbled with your kindness and genuine care. It was wonderful to share stories and talk about the changes in the community for the last 40 years. A special thank you to Raj Chouhan ji for saying the introductory words in the Legislature. I know Dad and mom will always cherish their 69th wedding anniversary as a special one. I see that the draft text of Raj's comments have been posted on the website...there is a typo in their last name. Please change "Nila" to "Neel". I want to wish each of you and your respective families Best of the Festive Season!

Can you let us know if a pre-brief is possible, and if there is a decision to have one, when it will be.

Hi Rick,

Hope you are doing well. I'm working on event logistics for the Lunch, and would like to ask your preferences on the following:

- Security for the Premier – is there anything we should be aware of, so that I can let the hotel know ahead of time? For example, would there be a preference for the Premier to arrive through a back/private door, or any other security related matters to arrange?
- We are preparing for a Q&A session following the Premier's remarks, and will take questions from the audience through Pigeonhole Live, an online app to gather live questions from the audience. The questions will go up on the large projection screens, and we have the ability to filter through sensitive or inappropriate questions. Would you have any concerns for this Q&A format, in particular with the Premier's preference?
- We understand the general topic the Premier will speak on is the Emerging Economy. To help with our sponsors's speaking notes for welcomes and Thankyou, is there any further/details on the topic that you could share?

Thanks in advance!

Hi Rick,

I have one more item to add to this list. BCBusiness magazine is a partner of the BC Chamber of Commerce. Nick Rockel, the Editor-in-Chief, will be sitting at the head table with the Premier.

There is no media at the event, but if the Premier would be willing to take 10 mins with Rick, simply to discuss the speech, that would be wonderful. Let me know either way.

Thanks!

Subject: Logistics / security - Premier & Cabinet Lunch Dec 8

Hi Rick,

Hope you are doing well. I'm working on event logistics for the Lunch, and would like to ask your preferences on the following:

- Security for the Premier – is there anything we should be aware of, so that I can let the hotel know ahead of time? For example, would there be a preference for the Premier to arrive through a back/private door, or any other security related matters to arrange?
- We are preparing for a Q&A session following the Premier's remarks, and will take questions from the audience through Pigeonhole Live, an online app to gather live questions from the audience. The questions will go up on the large projection screens, and we have the ability to filter through sensitive or inappropriate questions. Would you have any concerns for this Q&A format, in particular with the Premier's preference?
- We understand the general topic the Premier will speak on is the Emerging Economy. To help with our sponsors's speaking notes for welcomes and Thankyou, is there any further/details on the topic that you could share?

Thanks in advance!

Thank you for this introduction, Amber – and terrific to meet you, Rick.

We plan to send through our Premier & Cabinet event copy to you today for signoff so we can send out our communication to our network ASAP.

I am also copying our Interim Director of Communications, Stephanie Rea, who will be quarterbacking things on the communications side. Also top priority from Stephanie's perspective would be to get some official pics and a bio for the Premier.

Rosaline Chan (also copied), our Director of Finance & Administration, will work on coordinating event logistics.

Minister Sims has been invited to attend Moving Trans History Forward on March 22, 2018, and was asked to bring greetings from the government. Aaron Devor, the event organizer, said that Premier Horgan was also invited to attend.

Will the Premier be attending? If so, Minister Sims will not take the role of bringing greetings.

Good Morning Amber — you may be aware that Premier expressed a desire to meet w MGH, MDD & MSF re: 3 subs that came to ELUC recently that pertain to s.12

The minutes for these subs have tentatively been rescheduled for report out to Cabinet this coming Wed Dec 6th if its possible for the Premier to meet with ministers before then. In case it helps alleviate scheduling challenges, I *believe* the 2 key participants are MGH & MDD and that it would be desirable to have MSF there as ELUC Chair but not essential.

Grateful for your consideration of possible options—should there be any in, no doubt, another v busy week. If it's clear that there are no possibilities for this mtg to occur b/f Dec 6th, we'll reschedule to report out to Dec 13th cabinet.

Many thanks,
Elizabeth

Subject: Decision Note Request

Importance: High

Hi Tim,

Could your Ministry please provide decision notes on the two following meeting requests? Premier is heading up to PG/Quesnel Friday/Saturday and these are under consideration.

Quesnel River Pulp: would like to discuss a new production line to the mill to produce a bio-product that can be used to create bio-composites that can substitute for petro-chemical derived products. It will be a first of kind production line.

C&C Wood Products: request to meet and showcase production capacity to address emerging trends in the forest and declining fibre supply. This company can process small dimension logs from commercial thinning and process deciduous logs.

If the event is on Wednesday and not Thursday, then I will be able to help out. Otherwise, perhaps Karl Hardin or Amber have another solution.

<image003.jpg>Hi Don, I'm just touching base in the hope that you have already spoken with Amber Nash. The Legislative Assembly Family Christmas Party is December 14th from 3:00 - 5:00 and we were holding our breath in the hope that you would be able to take Santa photos for us. Very confidentially this year our Santa is being played by the Premier. Unfortunately we don't have our usual photographer and because we have the Premier this year we were especially concerned about getting great quality photos.

I've attached one of the Santa photos from a previous year so you can see what we normally provide to the family the week after the party. Tracey Harper (Sergeant-at-Arms staff and Fusion Photography) has been our photographer for many years and she is able to bring her own lights, reflector and whatever other magical equipment she uses. If you're able to help us out and don't have that, I can approach our Hansard team and ask for their assistance.

Would you please let me know if you're able to do the photography for us? As we're only a week away from the party I'm starting to get to the panic point; could you let me know as soon as possible?

Thanks so much Don.

Hi all,

Amber is investigating the possibility of PJH visiting the Voice Online offices before the Surrey schools announcement tomorrow.

The address is Unit 102 – 9360 120 St. Surrey, BC

It's not certain she can schedule it in so we shouldn't let the Voice know yet. The visit would have to be short – about 10 minutes.

Hello All,

Here's the list of confirmed reporters and media managers for tomorrow. There are at least 28 reporters (with two or even three reporters from one outlet insisting on attending) and 4 camerapersons. Therefore in my opinion for convenience and to save time, instead of going around the table, the name of the outlet can be called and they can pose one question each. If there is time left, more questions could be taken. What are your thoughts? The phone line has been given to one reporter who is unable to attend, he says he will try and call-in.

Should the other guests be seated beforehand so that the Premier can come to their tables and meet with them?

Please advise.

Hi John,

Apologies for the delay in my reply. Unfortunately I am unable to make a time work on December 8th. Knowing that you would like to have the meeting with Mr. Black of Belcorp, how about I look for a time in early January (in Vancouver – as that is easier for you both) and when I have some possibilities, come back with a few suggestions of which one will hopefully work for you both?

Hi Amber,

I have been in touch with Mr. Black of Belcorp and, unfortunately, he is not able to make it for Dec. 19th. He suggested that perhaps I should meet Premier Horgan on my own, which I am uncomfortable with because of Mr. Black's intimate knowledge of the various issues affecting the ability of a private sector waste management facility to compete with the public sector.

From that perspective, maybe you might be kind enough to try to fit us into the previously mentioned Dec. 8th opportunity or, alternatively, another date, aside from the week before Christmas s.22

Thanks very much for trying to help us out,
All the best,
John

Both dates can work for both Mr. Black and myself. If it comes down to a toss up between the two options, the better date would be the Dec. 1st option, but if the 8th is better for you folks, we would be delighted to meet then as well.

Amber: I am organizing the OBC investiture ceremony and usually we have an invocation as part of the ceremony (not all Provinces have this). We rotate faith reps based on the census data. 2011 census data lists 1.93 M British Columbian's designating Christian faith and 1.90 M listing no religious affiliation. My question is if the Premier has a religious affiliation?

how real this is, but I guess there is some time sensitivity to getting the work done and it would good if the Premier announced it had been signed while up here, if he comes up.

The Honourable John Horgan, M.L.A.

Premier of British Columbia

STN PROV GOVT

Victoria BC, V8W 9E1

October 17, 2017

Dear Premier Horgan:

The British Columbia Jewish community and Rabbi Yitzchak Wineberg, Director of the Central Organization for Jewish Education, and the Vancouver Island Jewish community and Chabad of Vancouver Island, would like to request the assistance of Premier John Horgan and the Office of the Premier in marking the first night of Chanukah 2017 for the people of British Columbia.

Please accept this formal invitation to take a significant part in our official program. We would be privileged if the Premier would accept the important role of lighting the “Shamash”, the helper candle used to light the Chanukah candles, and officially wish the Jewish community of the Province a Happy Chanukah.

The British Columbia Jewish community will celebrate the opening of the Chanukah festival by lighting a large public Menorah at the front steps of the BC Legislature on Tuesday, December 12, 2017 from 5:30 p.m. to 6:30 p.m. This public ceremony will only require a fifteen-minute commitment from the Premier, from 5:45 to 6:00 p.m.

We fondly remember how Premier Horgan attended this ceremony in past years while holding different legislative positions. We are hopeful that he will continue as Premier to participate in this celebration of light and recognize the community whose members were amongst the pioneers who contributed to the building of the Capital City and the Province.

To confirm the Premier’s attendance or for additional information, please call me directly at

I need to see who I can talk to about having her and Minister Bains stay until at the very least 1pm (they are both going to same event following this).

Hi Amber and Joleen,

I did a walk through of the Chamber event today with the organizers.^{s.15}
s.15

The agenda is roughly as follows - they are sending me the draft agenda today:

11-11:45am - registration and reception
12:00-12:20pm - guests move next door to ballroom for opening remarks.
12:20-1:00pm - lunch
1:00-1:15pm (tbc) - Premier's speech
1:15-1:45pm (tbc) - q&a with Premier moderated by Val Litman.
1:45-2:00pm - mingling, event wraps up

There are a couple of outstanding questions that the Chamber has regarding the Premier's participation, which will also be helpful for filling in the itinerary. Hoping you can help fill in the blanks and I'm happy to be the point of contact to relay the info back to the Chamber:

- what time will the Premier arrive and will he join the reception that precedes the event between 11:00-11:45am? FYI the previous cabinet and Premier would only spend the last 5 or less minutes in the reception.
11:45am

- will the Premier participate in the Q&A following his speech? Their plan is to use the Pigeonhole app which takes questions through the Cloud from audience members in real time and displays them on screen where audience then up-votes the questions they want answered. Val Litman will moderate and will vet questions so nothing too volatile gets up on the screen. If the Premier does not want to use this format, they could have pre-determined questions. FYI Christy Clark always did a Q&A, but this would be the first time they've used the pigeonhole app for this event. Yes Q&A is a go.

- how long is the Premier intending to speak? In the past this has been around 15 minutes. 10-15min

- what time does the Premier need to leave the event? The event is set to run until 2ish, with the Premier's speech at 1pm after lunch. This can be adjusted. Absolutely no later than 2pm – 1:50pm preferred.

The Chamber is following up with me to provide these details:

- who will be at the Premier's table (seat has been assigned for Evan).
- the complete guest list (231 registered guests).
- who is speaking before and after the Premier (sponsors on either end - Fortis introducing and Port of Vancouver thanking him after, just waiting on names).
- the proposed agenda (to be adjusted based on Premier's speech length and when he needs to leave).
- the menu (which I looked at, and asked them to get rid of the onions on the entree, just FYI).

Let me know if you have questions!

Thanks,
Elena

Subject: John's B5 ad Dec 15 (make it Xmas theme?); run year-end letter Dec 29 with regular B5?

Hi Moe – as you know... usually we run a year-end letter from John in West Shore Voice. This year I was planning to let my exclusive article (based on my upcoming interview with John at your office on Dec 15th) stand instead for that. I will run that in the Dec 15th issue (fast writing!)

But if you were also planning to submit a year-end letter, please let me know. We could run that in the Dec 29th issue, with a new year's theme. The cost would be \$99.95 which includes an additional 2.5" x 2.5" ad. Fyi, Randall's office is doing that package, in the Dec 15th issue.

You already have a B5 ad booked (and paid) for Dec 15th. I think that was going to be 'dressed up' as a Christmas ad by Miriam ... is that in the works? (2.5" x 2.5" for xmas, instead of the usual constituency ad). Miriam, I would need the seasonal ad file by Dec 13 please.

Also, how many people turned out for the open house? 175 or more?

I will send you the invoice for Jan-March 2018 ads (already booked at 2017 rates), separately this week. The 2018 rate sheet is enclosed for discussing the next phase that starts in April 2018.

OK, well that's a lot of info. Let me know what other info you need. Give me the yay/nay re the \$99.95 package for Dec 29th. Thanks!

Mary

Hi All,

Spoke with Val and wanted to provide the following update regarding Minister's role and Q&A portion of this luncheon on Friday:

Minister's Role:

Each Minister will be seated at a table with interested stakeholders for the duration of the luncheon. We will be provided with a list of guests at each table and the table host – who will facilitate/moderate the conversation, ensuring that everyone has equal opportunity to speak and that conversation remains respectful throughout lunch. Lunch is casual.

Q&A portion:

Premier will speak following lunch. 10 – 15 min

Then will take a seat in one of two comfy chairs (Val sitting in the other) for the Q&A

Q&A will be run through a program called Pidgeon Hole <https://pigeonholelive.com/>

Qs will be filtered by BC Chamber Policy Analyst and I've confirmed Sage can seat at the back of the room and participate in the filtering of questions.

Qs will run for the last portion of the event (from about 1:20 – 1:50).

Hi Jim,

I wanted to thank you again for your help to collect the holiday drawings for the Premier's xmas cards. (I have the same favourite as you). The Premier has made his selection. (6 total) and we are in the process of having them placed on the cards. I wanted to ask you if it was ok to identify the children who made the pictures in this fashion on each card – I wasn't sure about privacy and while we certainly want to give the children credit I don't want to do so in a manner that is not appropriate. Please let me know your thoughts.

s.22

I would prefer to just name the children and their age, but I don't have that information for each child.

Will the staff be able to be seated beside their Ministers? Our Chief of Staff and Director of Communications can be seated at separate tables, as well as one of Minister James MA's.

Christine Kennedy has asked me to connect with you regarding a couple meetings she is hoping to be set up with the Premier:

1. As Don has given the Premier his satellite phone, Christine is looking for 10 minutes sometime in the next week for herself and DM Becky Denlinger to come and show the Premier how to use the phone. This would be maximum 10 minutes.
2. As per discussion with Don and Geoff, they would like to set up a meeting with Shawn Qu from Canadian Solar on November 30th. Does the Premier have any availability on the 30th for this meeting?

Subject: Briefing with Ministers Heyman & Mungall

Hi Marie,

Mike Lowe is asking if you will have time on Sunday to do individual briefings with Ministers Heyman and Mungall. He's hoping each can have a one-on-one for about 30 mins each with you & invite CD David Haslam there to answer more detailed questions.

Would you be able to do these before the 2pm session begins with the Premier? Wasn't sure what you're day looked like and told Mike I'd follow up with you to see if something could be confirmed.

Morning Amber,

We realize that that this might not be the best fit for John in his new roll as Premier, but I do think that that it would be great to have Judy visit, especially with UVic's strengths on the Mental Health and Addictions side within the School of Nursing. There is some useful alignment there for her and her new ministry. We would love to have the premier visit, but it might make sense to do it with something with a little more profile down the road.

Let me know what you think?

Hello Maureen

Margaret Eastman contacted our Community and Government Relations office regarding Premier Horgan's commitment to visit with our class of fourth-year nursing students sometime in September. It was a pleasant surprise to hear that Margaret reached out and we feel very honoured that the Premier will take time to fit this into his busy schedule!

I believe they were thinking that this would be set up as a sort of dialogue Q and A session and it would provide a great opportunity for the John to touch on his thoughts about the future of nursing in British Columbia. I have attached the course description and a description of the BSN program for your review.

I usually oversee planning for government visit's to campus and I am working on isolating potential dates. The class meets on Fridays and we are just trying to isolate some dates when both the Director of the School of Nursing, Susan Duncan, and President Cassels would both be here to welcome the Premier. I should have a better sense of exact dates next week s.22

If you have any questions, please contact me directly at the number bellow.

Cheers,
James

Elizabeth thought there may have been some time sensitivity issues with the three Nov 20 ELUC subs that pertain to s.12. Can you confirm whether they must be reported out on Cabinet on December 13th due to timing constraints or if they can wait until Cabinet on January 17th?

The Premier requires a meeting with MGH and MDD before the minutes are reported out but it does not look like schedules will allow for that at this point before December 13th.

Good Morning Amber — you may be aware that Premier expressed a desire to meet w MGH, MDD & MSF re: 3 subs that came to ELUC recently that pertain to s.12

The minutes for these subs have tentatively been rescheduled for report out to Cabinet this coming Wed Dec 6th if its possible for the Premier to meet with ministers before then. In case it helps alleviate scheduling challenges, I *believe* the 2 key participants are MGH & MDD and that it would be desirable to have MSF there as ELUC Chair but not essential.

Grateful for your consideration of possible options—should there be any in, no doubt, another v busy week. If it's clear that there are no possibilities for this mtg to occur b/f Dec 6th, we'll reschedule to report out to Dec 13th cabinet.

Hey you two,

I'm sure there are many discussion about what this weekend and Monday looks like. One piece that we need is what the schedule is, for Monday in particular and for the weekend if things change. Can you please provide details to Amber today so she is able to confidently brief the Premier? She is looking to have all details in the calendar today by 3pm.

Everyone has skytrains on the brain. We did want to have PJH there but also know that the dates are jammed. So I think we plan to do this with PJH and pull him if we need him to do other things. Amber is providing dates that may work before he heads to Asia.

Attached is the event plan for a January announcement of new SkyTrain cars in partnership with the federal government. This will be a Cabinet Priority project, please let us know if you think the Premier will be interested in participating.

The proposed date in this plan is Jan 4, however there seems to be some flexibility with dates.

Happy Friday Amber!

I just wanted to follow up on the School of Nursing stuff. Just for your info, I attached a response that Minister Darcy's office sent to our Dean of Human and Social Development who extended an invitation to meet with the School of Nursing following her appointment in July. It kind of comes off as a bit of brush off, because she doesn't even really acknowledge the invitation. This was a bit of a surprise given that the I thought that the premier's office pushed the meeting with John off to Judy's office.

If you decide again that John cannot honour the commitment, could you please send me an email just so I can share it with the School of Nursing. I just don't want to string them along if it is not likely to happen. Also, don't want to have things reflect negatively on John with the school.

Thanks,
James

Hi Rick,

Hope you are doing well. I'm working on event logistics for the Lunch, and would like to ask your preferences on the following:

- Security for the Premier – is there anything we should be aware of, so that I can let the hotel know ahead of time? For example, would there be a preference for the Premier to arrive through a back/private door, or any other security related matters to arrange?
- We are preparing for a Q&A session following the Premier's remarks, and will take questions from the audience through Pigeonhole Live, an online app to gather live questions from the audience. The questions will go up on the large projection screens, and we have the ability to filter through sensitive or inappropriate questions. Would you have any concerns for this Q&A format, in particular with the Premier's preference?
- We understand the general topic the Premier will speak on is the Emerging Economy. To help with our sponsors's speaking notes for welcomes and Thankyou, is there any further/details on the topic that you could share?

Thanks in advance!

Hi Rick,

Hope you are doing well. I'm working on event logistics for the Lunch, and would like to ask your preferences on the following:

- Security for the Premier – is there anything we should be aware of, so that I can let the hotel know ahead of time? For example, would there be a preference for the Premier to arrive through a back/private door, or any other security related matters to arrange?
- We are preparing for a Q&A session following the Premier's remarks, and will take questions from the audience through Pigeonhole Live, an online app to gather live questions from the audience. The questions will go up on the large projection screens, and we have the ability to filter through sensitive or

inappropriate questions. Would you have any concerns for this Q&A format, in particular with the Premier's preference?

- We understand the general topic the Premier will speak on is the Emerging Economy. To help with our sponsors's speaking notes for welcomes and Thankyou, is there any further/details on the topic that you could share?

Hi Rosaline,

Thank you for providing this information, it's much appreciated!

I can confirm a few of the pieces we discussed yesterday. My apologies on the delay in responding - some of these details may have already been covered.

- The Premier will arrive close to 11:45am and will head to the reception briefly before taking his seat in the ballroom. As I mentioned to you and Chris Bankonin we no longer require a green room, but thank you for arranging that.

- The Premier will have to be out of the building by 2:00pm, so will be departing shortly after the Q&A concludes. And yes, we have sign off on the Pigeonhole Q&A.

- The Premier's remarks will be 10-15 minutes in length.

Please let me know if I've missed anything from our discussion yesterday.

Many thanks,
Elena

Hi Val,

Let me know if you want to arrange a call in the next week or so to discuss details.

Here is a high resolution photo of the Premier:

Thank you for this introduction, Amber – and terrific to meet you, Rick.

We plan to send through our Premier & Cabinet event copy to you today for signoff so we can send out our communication to our network ASAP.

I am also copying our Interim Director of Communications, Stephanie Rea, who will be quarterbacking things on the communications side. Also top priority from Stephanie's perspective would be to get some official pics and a bio for the Premier.

Rosaline Chan (also copied), our Director of Finance & Administration, will work on coordinating event logistics.

Best, Val

Hi Arianna,

Hope you are doing well & are not too inundated with end of Campaign reporting & final details. ☺
It's been an amazing PECSF 2017 Campaign & we are certainly seeing the rewards of all of your hard work with this year's totals & overall participation! Can't wait to share with you the big total come January at the Recognition event here in Victoria. *Please keep Wednesday, January 31st open (morning) for you & your team. We'll be sending out details in the next little while regarding number of seats available for volunteer groups.*
Just checking in to see if you need anything from me to assist you in completing your volunteer lists for certificates & gifts for all your team members.

Happy to help if I can by re-sending the PECSF 2017 Volunteer List template or providing last year's names to make the process easier in terms of identifying volunteers by PECSF regions, ID's etc.- just let me know. ☺

Cheers,

Lori

Hi Wendy & Jodie,

Unfortunately the Premier's schedule won't have him arriving at the Marriott in time for the 11:30 am start. You have confirmed a wonderfully (and exciting) full program for the luncheon on Friday and I'm afraid that the Premier's arrival in the middle of the program would be disruptive. Because of this, I must send regrets on the Premier's behalf and his very best wishes for what proves to be a fantastic and successful event.

Please give me a call anytime and let's stay connected regarding future events.

I'm pleased to confirm that the Premier is able to attend part of the luncheon on Dec 1st. The Premier is available from 11:30 – 12:15pm, because he will just be stopping in, he won't be speaking – but very much wanted to come by. I'm not aware of the agenda, if you could please send it my way that would be super and feel free to give me a call on Monday so we can discuss the event further.

Jodie said it was fine to reach out to you, just wanted to confirm, I promise you, that our Premier will be thrilled about speaking/attending our event.

I would be honored to introduce him and easily sing his praises. I spoke up strongly and positively at a BCBC roundtable regarding his commitment to autism.

We have 1000 leaders in the JW Marriott ballroom, including MANY First Responder Chiefs/Leaders as we are honoring their partnership with Pacific Autism.

As Jodie mentioned, we can assist in scripting notes that will go over extremely well from our Premier.

Pleeeeeeease help us! Thanks for your support and believe me I do understand what his schedule is like and very much appreciate this possibility of you making it happen.

I'm writing to invite you to attend the LAUNCH Holiday Luncheon on behalf of Wendy Lisogar-Cocchia, complimentary as an honorary guest. The event is a 1000-person fundraiser luncheon hosted by the Pacific Autism Family Network on Friday December 1. 1000 community leaders and families will be joining together to create the largest indoor event for Autism ever held in Canada, and will honour individuals and organizations that have made a positive impact in our community for those with ASD. 100% of the proceeds will be directly benefitting the Pacific Autism Family Network to support families living with Autism across British Columbia.

For Horgan or James: Wendy would love to invite you to say a few words at the event as well, and would be pleased to provide suggested speaking points, if helpful.

We have many politicians and dignitaries attending from all levels of government, including a video welcome from PM Trudeau, and we would be thrilled to welcome our Premier/Finance Minister as well!

You can find more details about the event here: <https://www.greenvelope.com/event/Launchholidayluncheon>

Good Morning Amber — you may be aware that Premier expressed a desire to meet w MGH, MDD & MSF re: 3 subs that came to ELUC recently that pertain to s.12

The minutes for these subs have tentatively been rescheduled for report out to Cabinet this coming Wed Dec 6th if its possible for the Premier to meet with ministers before then. In case it helps alleviate scheduling

challenges, I *believe* the 2 key participants are MGH & MDD and that it would be desirable to have MSF there as ELUC Chair but not essential.

Grateful for your consideration of possible options—should there be any in, no doubt, another v busy week. If it's clear that there are no possibilities for this mtg to occur b/f Dec 6th, we'll reschedule to report out to Dec 13th cabinet.

Bowinn is at an event with Minister Robinson at that time so I've emailed her to conform but that is most likely fine. I'll get back to you as soon as I hear from Bowinn but tentatively I'll say that works.

Mable is free at 10:30 so confirm that one.

Hi Amber,

Can you please let me know if PJH is planning a community visit to Haisla in Kitimat? Apparently, at FNLG in September, PJH committed to visiting Haisla (an approx. 45 min. drive from Terrace) and also indicated that he would be inviting MSF to join him on the trip. Do you know if there is any future trip planned yet?

Hi Mira,

I think this is probably as far as I can take this document.
Some flags:

- ? The section with other electeds I didn't try to fill in as I expect other people have ready access to better numbers than I can find.
- ? There are still 9 contacts without phone numbers (mostly in the influencers table). These are all highlighted in yellow.
- ? If there was no person identified with an organization and I added a contact name , I highlighted it in green to flag that this is my best guess at the right contact person for that organization, but callers may wish to reach out to someone else.

s.22

I will put these into the spreadsheet next. I will keep people without phone numbers highlighted in the excel workbook so that I can add for the electeds and 9 missing if you have other contact info. I'll be back online at 11:45 am.

Thanks,
Charlotte

I was under the impression you were leading the briefing Marie. As I understood it you were leading with the premier, and would do the same for the ministers - in that you are giving them the overall message and what we are aiming to get across through the media... on the content side, Minister Mungall's comm director David Haslam is there and will have the answers to any questions (all fully steeped in the message).

The briefing for Heyman will also include his comm director Dave Crebo (in addition to Haslam), but he won't have a lot to add for content - more there to ensure he can fully support the minister in the coming days.

I just found out we are now doing Minister Popham too, so I will try to arrange for her comm director Meghan McRae to also be there (in a similar capacity to Crebo for the Heyman briefing).

Make sense?

Hi folks

Fog is a problem again this morning. It was clear as a bone when I first got up but now is socked in ... airlines say they are still running right now but I'm worried they won't be by my scheduled flight time given what I see in New West right now. And my chats with them both by phone.

So I'm making an executive decision to prioritize PJH and getting on the 11 am ferry with Robb.

I should be at the leg by 2 pm as scheduled.

I've cancelled the harbour air flight from Vancouver already.

And kept my return via Helijet in the evening for now.

But this messes up my attendance at the meetings with Heyman and Mungall.

Do you guys want to call me to discuss a revised plan? I can either be on the phone or we schedule them for after the premier. Along with Popham

Sorry about this. I know you all have enough to do.

I felt like I needed to take the sure bet (ferry) rather than risk the air route given the stakes with John

It was fine when I got up so I didn't think it would be a problem or I would have got the 9 am ferry.

Thanks!

It will require some rejigging of their travel plans to make it for those times, so please get in touch with Melissa and Caelie ASAP to see if they can make it work. Once times are confirmed I will be in touch with Haslam and Crebo to make sure they are there.

the MSP paragraph - I think something needs to be added after "task force to advise the government" to complete the sentence - "to advise government on how to eliminate premiums... do you agree? Rest looks good and incorporates the changes wanted.

We've reduced Medical Services Plan (MSP) premiums by 50% and established a task force of experts to advise the government. By engaging a panel of respected experts in economics, law and public policy, we will ensure the path we take is fiscally responsible, fair and evidence-based.

Hi ladies,

I am sending something to you for the Premier and the Minister of Education. Amber, it's being addressed to you. It's two orange pieces of plastic with their names on them. The kids at the school yesterday used a 3D printer to make them, and I promised the principal that I would try to get a photo of the Premier and Minister holding them as a thank you to the school and the students.

I'm really hopeful that this is something we can make happen...pretty please!

Dear John,

Thank you very much for taking the time to meet with me and discuss an approach to working with the BC government to drive transformational change.

As you heard in the meeting, with the Foundation, I have been pursuing two big dreams over the last 30 years including finding a cure for spinal cord injury and making the world accessible enroute to unleashing the potential of people with disabilities.

Throughout my journey, the BC Government has been a key partner supporting my dreams, the mission of the Foundation and the funding required to truly make a difference. And together we have achieved so much, including the creation of the Blusson SCI Centre and the Rick Hansen Institute, part of a world-class global hub of research and care; and now, the Rick Hansen Foundation Accessibility Certification program and related initiatives that will raise awareness, objectively measure access and drive forward on fixing the built environment.

These are ground-breaking, made-in-BC global initiatives for which this province should be rightfully proud – but they do require continuing support if they are to meet their transformative promise.

Over the last 2 decades I have also extended my leadership to include environmental initiatives supporting Salmon and Sturgeon Conservation in BC and the time is right to also consider an infusion of leadership and resources to break through.

As I mentioned, this year is an important year as it marks the 30th Anniversary of my return from our Man In Motion World Tour. It is my wish and desire to use this special year to set the stage for the next 30 years by securing a \$100M Leadership Fund that will support the important work of RHF well into the future ensuring a lasting engine of innovation in BC that drives forward to find a cure for SCI and makes BC, Canada and the World accessible. Thank you for helping me get to this stage.

I'm counting on your leadership and the support of the BC Government to launch the next phase of our journey with a substantial show of financial, policy and leadership support which will place BC firmly in the forefront of what is rapidly becoming a global social movement. In addition, I am confident that funding from the BC Government will trigger financial and partnership contributions from the Private and Social sectors as well as all levels of government (Provincial/Municipal and Indigenous), necessary to achieve our goals. To that point, we are presently seeking a \$135M contribution from the federal government to support a dramatic scale-up of our accessibility certification program.

I thought our conversation was very substantive and I wanted to summarize from the meeting what I heard.

First and foremost, I heard from you a positive commitment to make something happen in line with our high-level funding request and that you would be discussing this with your Minister of Finance.

To reiterate, we are seeking a total of \$55M to be divided up as follows:

1. \$30M to replenish RHF's Leadership Fund which supports my leadership and will drive the next series of innovations from the Foundation. From this base, as we have in the past, we will leverage significant new investments from other governments as well as the private sector to amplify BC's commitment into a national and global undertaking. As you heard in the meeting, we have very generous private donors considering making significant contributions to RHF in line with the support you may provide;
2. \$20M to build on the success and results of the RHI/Blusson partnership to leverage BC's own leadership in support of a world class global hub for spinal cord injury research and care – again, with a commitment to leverage up core funding significantly; and,
3. \$5M to bring my leadership and insight to bear on the challenges facing salmon and sturgeon conservation, including bringing all the key parties together to map out a sensible and sustainable long-term plan.

My team has the details behind each of the elements of our plan and I know they will provide whatever support is necessary to your team in order to move this important package of initiatives into your budget process. We understand the urgency and have begun working behind the scenes in anticipation of providing that support.

I understand from your comments in our meeting that it would be your assumption that the primary point person would be Carole James' Deputy Minister, Lori Wanamaker. I also know that Brad Brohman will ensure he is following up with your Chief of Staff, Geoff Meggs and others from the meeting to ensure we are on track.

I look forward to hearing back on progress and touching base with you in person or by phone the first week of December.

Again, thank you for your ongoing support, encouragement and leadership. I am excited by your interest in our plan and I know together we will produce important results, not just for BC, but for the world.

Sincerely,

Rick

Good Morning Amber — you may be aware that Premier expressed a desire to meet w MGH, MDD & MSF re: 3 subs that came to ELUC recently that pertain to^{s.12}

The minutes for these subs have tentatively been rescheduled for report out to Cabinet this coming Wed Dec 6th if its possible for the Premier to meet with ministers before then. In case it helps alleviate scheduling challenges, I *believe* the 2 key participants are MGH & MDD and that it would be desirable to have MSF there as ELUC Chair but not essential.

Grateful for your consideration of possible options—should there be any in, no doubt, another v busy week. If it's clear that there are no possibilities for this mtg to occur b/f Dec 6th, we'll reschedule to report out to Dec 13th cabinet.

Many thanks,

Hello Layne,

Don Wright had sent your note on, and asked me to arrange a brief time window for Becky Denlinger and I to review roles and steps around what happens in the event of a major emergency with PJH and any key staff that would like to be part of that. We were already seeking time to review the operation of the satellite phone that Don had left with him last week, so we can combine this into a single session. 15-20 minutes would be fine for a quick personal briefing, as a longer presentation on emergency preparedness is coming to Cabinet on February 28.

If you can let me know a time that suits for this, I will make the arrangements with Becky. Thanks so much.

Hi Don,

One of the items that Geoff raised with me earlier today is to ask for a briefing note on the Premier's responsibilities in the event of an emergency (earthquake, etc). It would be helpful to know the key contacts and what would be expected of him in these events. Further, if he is inaccessible in the event of an emergency, what is the best next practice?

I was planning on asking the Ministry for the 101, but thought it may be best to reach out to you first. Let me know if this is something I should send to you or reach out to the political staff within the MO myself.

Also, can you put me in contact with the Premier's scheduling coordinator? We wish to invite the Premier to speak at an industry leadership event. We host an industry-wide networking dinner annually and have had eight sitting and former Premiers and one former Prime Minister speak at the event over the years.

It is known as the Robert P Vickerstaff Insurance Industry Dinner & Distinguished Speaker Series and many of your caucus have attended over the years including Minister Dix; Minister Farnworth; Minister Ralston etc.

As always, thanks for your help.

Sincerely,
Chuck

Good Morning Chuck,
I just realized when I looked at the calendar that Feb 20 will more than likely be Budget day, if we go by previous history.
That will be a very busy day around here, I was thinking that it may be better to do a breakfast on the Monday before or the Thursday.
Please let me know which day would work best with you?
Or if you would like to keep on the 20th, with the understanding that you may not have a big turnout.
Thanks
Teresa

Thank you again Teresa for the follow-up call today. As mentioned we at IBABC will work towards an MLA breakfast reception on February 20th at the Empress where our Board and Executive from across the province will be on hand to welcome your caucus and other MLA's for a convivial networking session and Fairmont Empress breakfast.

We understand you have penciled that in for us on your calendar and we will be back to you at the beginning of the third week of January to finalize and extend the formal invitations etc.

By way of background BC's insurance brokers are a critical cog in the economy of the province providing insurance solutions and risk sharing for all residential, automobile, commercial and industrial enterprises. BC's insurance brokers are in every community with over 900 offices employing 15,000 people. In 2018 the Insurance Brokers Association of British Columbia will celebrate its Centennial.

Hello,

As you may know, Rick Cluff is retiring from the airwaves next week, after over 20 years as host of the Early Edition.

I'm putting together some special programming to air on the Early Edition on Dec 21, and would love to include a short message to Rick Cluff from Premier Horgan.

I understand that he will be interviewed by Gloria Macarenko tomorrow. Would it be possible for Premier Horgan to record his short message for Rick immediately after the interview? Gloria is happy to facilitate.

Please let me know if you have any questions.

Cheers,

Margaret Gallagher

Good evening Premier Horgan and Minister Fleming,

On behalf of BC Ed Access, Nanaimo Parents, Parent Advocacy Network, Richmond Schools Stand United, Seismic Safety for BC Schools, and Surrey Students Now, I wanted to thank you for meeting with us today. We believe this was an excellent first step in collaborating on a topic that is so important to not only all the people that were in the meeting room today, but to everyone in this entire Province. To sum it up nicely: when we invest in our children now and intervene earlier, the cost to society is so much less later on. It's the smart investment.

We are debriefing tomorrow as a group and look forward to future conversations around public education in this Province.

We really appreciate your time and making the conversation around education a priority.

**Subject:** Island Health Protection Drinking Water Program 4-3-2-1 mandated filtration system for small water systems

Good Day John,

We request an appointment to speak with you personally about how the NDP government will be assisting with funding the Vancouver Island Health Protection Drinking Water Program 4-3-2-1 mandated filtration system for small water systems such as the Saltair Water System to meet the mandated filtration costs of \$4.6M – \$6.8M for an open water source. Larger water systems are receiving grant funds but smaller water systems need to know how the new NDP government will ensure there are funds allocated to assist these smaller systems to meet the BC Government mandated filtration system.

The Saltair Water Advisory Group is made up of a Saltair taxpayers volunteer group monitoring the Saltair Water System Funds, current needs and future needs. We are working with the residents in Saltair to keep them informed on how the current \$4.5M 15 year distribution system upgrades are progressing. These upgrades are financed totally with Saltair taxpayers funds that started in 2013 and will only cover approx 1/3 of the required upgrades for the distribution system. The Saltair residents/taxpayers were willing to make a heavy taxation increase to work on supplying safe drinking water to all of Saltair. Between 2012 – 2017 the Cowichan Valley Regional District (CVRD) has not applied for any grants to assist with this financial burden. Many of the residents are seniors with limited income and families with young children also working to make ends meet.

Currently the Saltair Water System open water source is treated with both chlorine and UV. The turbidity may only go above the mandated levels once or twice a year.

The Saltair Water System is the largest water system under the CVRD with approx 850 parcels and a small population of 2,200. The system has been under the CVRD for over 30 years. Due to private ownership and lack of maintenance many of the CVRD 39 Water and Wastewater Utilities that the CVRD has taken over in the past 10 years are in failure. The Saltair Water System does not qualify under the CVRD urgent need requirement when grants are applied for.

We look forward to meeting with you to discuss the NDP assistance in funding the Saltair Water System Filtration and other small open water systems that require filtration in BC.

Regards,

Lynne Smith  
Chairperson  
Saltair Water Advisory Committee

A couple of questions:  
Did you discuss a starting date?

Did you discuss salary and if so, is she aware it is Step 1?

I will take care of her getting her on board – OIC, HR forms, etc.

Yes, Evan is on my radar for his Oath too. I don't want to bring over a commissioner for one so this will work or if Evan has downtime next week he could come over here and do it?

Hi JJ, Scott from Education here – wanted to check in with you as we have two announcements with PJH in early December.

First, when will you be expecting materials for review?

Second, what materials does PJH need, and does he have any templates he prefers to work off of that you can pass along? Of course we'll be pulling together the Background, NR, KMs, and a QA, but also wondering what he wants to have on hand in terms of speaking notes.

On Oct. 25<sup>th</sup>, we extended an invitation (see attached) to the Hon. As you can see below, our invitation was forwarded to the Premier's Scheduling Branch for their review and action. **Would you be so kind as to provide us with an update about the Premier's attendance?** The conference is fast approaching and we very much would like to host the Premier.

Please let the Hon. John Horgan know that his attendance will send a powerful message about his – and the Government of British Columbia's – support for inclusion, and would be incredibly meaningful for people coming from places where trans, non-binary, and two-spirit people are pointedly not welcome.

Yes – and this is done. What we need is a letter of Congratulations to go along with the personal notes the Premier wrote to each student. Can you please craft a congrats certificate? Gold seal would have been a nice touch but not paramount to these. We want to acknowledge their hard work and creativity.

The school district will mail these out to each child on Friday. So I would need to drop them off tomorrow evening if possible.

I thought John sent cards to each of them already thanking/congratulating them... can you check w/Elizabeth on that? Cards were kept over there for this purpose & I'm sure I saw her mailing them out.

We don't have any sort of gold seal in our office.

Hi Susan,

One thing I neglected to sort out with the xmas cards is the letters of congratulations to the children whose drawings we picked for each printed card. I am really hoping C Branch can draw up a letter for each kid sayin:

Congratulations!  
Your Picture was chosen for the Premier of British Columbia's 2017 xmas cards  
Thank you .....

And here I'm hoping at the bottom of the letter we could add a gold seal? Do you have those in C branch?

Names of each child:

Dear Premier Horgan,

Please find attached urgent correspondence from the Dzawada'enuxw First Nation. As described more fully in that correspondence, your immediate intervention is required to correct the prevailing unscientific, unlawful, and

unconstitutional state of affairs that currently govern the operation of unauthorized open-net pens in the Dzawada'enuxw First Nation's Territory.

Dzawada'enuxw First Nation trusts that you will give these issues the urgent attention they require and looks forward to government-to-government consultation on how to address them.

Hi Maureen,

Thanks so much for moving so quickly on this and getting the consent in place. I will forward this on to the Ministry as urgent case work so we can look at the specific circumstances that this family is in, and offer them information on the full spectrum of options available. I will ensure that someone from the Ministry calls s.22 as a first step, so that they can ensure they have full information about the circumstances, and so that s.22 feels assured that we are giving this our fullest attention.

Please feel welcome to give me a call if you require any further information.

Cheers,

Hi Matt,  
Unfortunately, due to embargo, we can't have a listen-in line on the tech briefing. However, the power point deck used will be available online after the announcement and we can line up someone from the ministry of energy and mines to answer your technical questions after the announcement.

You can ask questions on the call-in line during the announcement and I will see if there is time later in the day to set up an individual call from the Premier. We are not planning on doing a number of one on ones, but I will aim to make this work for you. I will let you know as soon as I can if that's possible tomorrow.

Have a good night,

Hi Jen,

Following up on a voicemail I just left you, two questions:

- will there be an opportunity for media in Fort St. John to listen in on the technical briefing? We have access to our media partners at the Times Colonist, but the opportunity to listen in, or at the very least, be able to review the technical briefing afterward for our understanding would be most helpful.

- will Mr. Horgan be available for individual interviews with Fort St. John media after his announcement and Q&A that we can queue into? If so, I'd like first crack. Alaska Highway News has covered Fort St. John and the North Peace since 1943-44, and I'm the only reporter still here since the public hearings in 2013.

Thanks,

Happy Friday Amber!

I just wanted to follow up on the School of Nursing stuff. Just for your info, I attached a response that Minister Darcy's office sent to our Dean of Human and Social Development who extended an invitation to meet with the School of Nursing following her appointment in July. It kind of comes off as a bit of brush off, because she doesn't even really acknowledge the invitation. This was a bit of a surprise given that the I thought that the premier's office pushed the meeting with John off to Judy's office.

If you decide again that John cannot honour the commitment, could you please send me an email just so I can share it with the School of Nursing. I just don't want to string them along if it is not likely to happen. Also, don't want to have things reflect negatively on John with the school.

Thanks,  
James

Hi Matt,

Unfortunately, due to embargo, we can't have a listen-in line on the tech briefing. However, the power point deck used will be available online after the announcement and we can line up someone from the ministry of energy and mines to answer your technical questions after the announcement.

You can ask questions on the call-in line during the announcement and I will see if there is time later in the day to set up an individual call from the Premier. We are not planning on doing a number of one on ones, but I will aim to make this work for you. I will let you know as soon as I can if that's possible tomorrow.

Have a good night,

Hi Jen,

Following up on a voicemail I just left you, two questions:

- will there be an opportunity for media in Fort St. John to listen in on the technical briefing? We have access to our media partners at the Times Colonist, but the opportunity to listen in, or at the very least, be able to review the technical briefing afterward for our understanding would be most helpful.

- will Mr. Horgan be available for individual interviews with Fort St. John media after his announcement and Q&A that we can queue into? If so, I'd like first crack. Alaska Highway News has covered Fort St. John and the North Peace since 1943-44, and I'm the only reporter still here since the public hearings in 2013.

Thanks,

Good morning.

I understand we have the go ahead to book flights for the Premier, Sheena and Geoff.

I will send you both over a copy of the itineraries for a quick look over.

Once we are ready to ticket I will need purchasing card information from you both – or I can have Noel contact you directly for this. Let me know your preference.

Just confirming the Premier does prefer a window seat – heard from GCPE it was an aisle seat. <sup>s.22</sup>  
s.22

Sheena will sit beside him on all flights – Geoff will be in close proximity.

I will do departure scenario and send to you – I will be at the airport when they leave. Will be working with the airline concierge.

Appreciate if you can confirm the following:

For on the ground transportation in each country – we will provide a sedan for the Premier – it will carry the Premier, <sup>s.15</sup> Sheena and Geoff.

Bottled water, nuts and light snacks will be in the vehicles along with first aid kit <sup>s.15</sup> Anything else he would like? All this sounds good.

For Seating at events – does the Premier want Sheena seated beside him at all times or can she be within eye sight of him? Geoff or Sheena seated beside him.

Would the Premier prefer meals prepared and available prior to events (luncheon/reception) or is he ok with eating during these events? Whenever possible meals before events is always best, the Premier is often in conversation at events and doesn't find many opportunities to eat.

Any preferred drink and how he likes it prepared? Wine – red or white? Beer / coffee / tea / soft drinks? Note there will be BC Beer and wine served at most of our events.

s.22

If there is anything else you think I should be aware of please let me know.

Thanks.

These subs have tentatively been scheduled to report out to Cabinet on Dec 13<sup>th</sup> and the Premier would like to meet before this.

Can you advise if your Ministers will be available?

There also may be a transaction limit on your pcard – finance can lift that if you need to. The tickets just need to be issued by December 19<sup>th</sup>.

This also includes their Victoria flights. Let me know if it is ok to proceed.

Hi Evan,

Hope you're well.

The below is in regards to constituents that would very much appreciate hearing from the Premier in some form. The constituents wrote to the Premier and the correspondence made its way to the Ministry of AG from Finance and originally from PO. Perhaps, a few words on a holiday card from the Premier if it is possible? The circumstances of the constituents are mentioned below.

Best,

Your submissions must include full names, address and postal codes. The first year is always the worst pulling these things together so your additions are greatly appreciated. Please note I have requested from the Ministries lists for FNLG and UBCM to add to this.

Hi Amber – we heard from Don that this meeting would likely take place in Vancouver? Or at least that's where the Premier will be? If so we can send out notice to let members know they can attend from VCO or Chambers. I've copied Layne just in case there are any concerns from her end

Thanks!

Hi Amber – I've just clarified that responsive records would only be the LASS @leg.bc.ca email addresses, all emails from MLA's that come from their @gov.bc.ca email addresses do not need to be provided. Would your search still be over 3 hours with this narrowing?

Thanks!

Hi Amber,

To reset/establish the PIN on your card all of the following steps need to be followed:

- 1) The CardCoordinator must first phone BMO and they will reset the current PIN Number to blank for 12 hours only. Pls Email me when you are ready to go to a BMO ATM machine within the next 12 hours.
- 2) Once I have E-mailed you back to say Step 1 is complete, then you can proceed to any BMO ATM machine within this 12 hour window.
- 3) Insert the card into the ATM and enter the 4-digit PIN Number you would like to use with the card. It must be a PIN you have never used before.
- 4) Select the Option from the menu that says "Preferences" followed by "Change PIN" and you will input the same 4-digit PIN number 3 times for it to save and confirm on the card.
- 5) Once the request has been completed, a message will appear saying "Thank you, your PIN has been changed" and the card will be returned back to you.

This change cannot be done over the phone or by Email.

Also, this is a disclosure from BMO: *Your PIN number MUST be kept separate and confidential from your card at all times, and zero-liability will no longer apply if the PIN number is shared willingly with anyone.*

Thank You.

Sheila

Hi Elizabeth,

I don't see any declines which means there was an error on the vendor's end when putting the card through. You mention debit below, just be sure the vendor is entering as a credit card and not debit.

Amber: This card#<sup>s.17</sup> was issued to you and is not to be used by anyone else. Here is a disclosure from BMO: *Your PIN number MUST be kept separate and confidential from your card at all times, and zero-liability will no longer apply if the PIN number is shared willingly with anyone.*  
If you need a PIN reset, please let me know.

If your office requires another card, please have someone else complete an application form.

Thank You.

Dear Premier John Horgan,

It was a pleasure to chat with you on Remembrance Day and I appreciate your support to Wounded Warriors Canada. As discussed, we are approaching our 5th annual Wounded Warrior Run BC on February 19-25, 2018. Our team start in Port Hardy and travels almost 600kms with only 7 runners in only 7 days to reach our final destination in Victoria at the Legislature. This year our team consists of currently serving military, Veterans, First Nations, police officers, fire fighters, paramedics and civilians.

As we make our way down the island we stop at various Legions, community halls, EMS stations and memorials. One of our largest supporters has been the City of Langford and we are proud to make a significant stop at Legion Branch #91 to acknowledge the incredible support.

We would like to invite Premier John Horgan to speak at our closing ceremonies at the back of the Legislature on Sunday, February 25, 2018. We have chosen this location bring awareness to and honour the fallen as we stand among the police, fire, ambulance and volunteer memorials. We will be arriving at this location at 1500 hrs.

In addition, we are holding a small ceremony at the Afghanistan Memorial where we will also gather our team and VIPs to run the final 1.5kms to the Legislature. We are honoured to have Rear Admiral Art McDonald, Commander Maritime Forces Pacific and Mayor Lisa Helps join us for this final portion.

We are very thankful for your enthusiasm in supporting our mission this year and help us bring awareness to our ill and injured Canadian Armed Forces, First Responders and their families and the life changing programs we provide.

Please contact me to discuss these details further at <sup>s.22</sup>

Sincerely,

I'm writing on behalf of WeWork to request an introductory meeting. The team would welcome an opportunity to meet with anyone appropriate from the Premier's office for an introductory meeting regarding WeWork.

Gordon Bronson, Director of Public Affairs for WeWork and Gina Phillips, General Manager for the Northwest Region will both be in town on **Monday December 18<sup>th</sup>**.

I've included some information about WeWork below:

WeWork was founded in 2010 and already has more than 160 offices in 53 cities around the world, including in Asia, Europe, Israel, Latin America, the United States and Montreal, Toronto and Vancouver. WeWork just opened its first Toronto location in August 2017, and has two new openings in the works in Vancouver.

WeWork transforms buildings into dynamic environments for creativity, focus, and collaboration. More than just the best place to work, it is a movement toward a new way of living. It is a home for startups and enterprise companies alike. WeWork has redefined the nature of work, with a mission to create a world where people work to make a life, not just a living.

My name is Nicole Crescenzi, I am an associate Producer at CBC Radio in Victoria.

Tomorrow I will be putting together a show for Christmas featuring local celebrities, politicians and public figures describing their favourite holiday song. I know you are very busy, but it might be nice for listeners to hear some holiday fun from their premier.

I am looking for an introduction, and a quick description of why it is your favourite song.

Please let me know if you would be available for this quick interview tomorrow.

Hi Amber,

Sounds good for a meeting with Minister Dix in the New Year. In order to keep things efficient, is there any chance that we could choose a date for January or February right away? I'm happy to come to Victoria for the meeting, and I'm in the process of booking a fair bit of travel that will limit my availability. There isn't a rush for the meeting itself, but I know how complicated it can be to lock down a date.

All the best,

David

Thank you for your earlier efforts to line up a meeting with

Canadian Solar in November.

We would now like to book a half hour meeting with the Canadian Solar CEO and the Premier anytime in the first week of February. This can be either Victoria or Vancouver. Once we have a date and time, the CEO will make travel plans to line up with this.

The company has signed their lease in Delta, and will be proceeding with approximately 220-250 jobs. Fazil Mihlar is working with them as they consider a larger manufacturing site in the BC interior as well.

Thanks so much.

1. As Don has given the Premier his satellite phone, Christine is looking for 10 minutes sometime in the next week for herself and DM Becky Denlinger to come and show the Premier how to use the phone. This would be maximum 10 minutes.
2. As per discussion with Don and Geoff, they would like to set up a meeting with Shawn Qu from Canadian Solar on November 30<sup>th</sup>. Does the Premier have any availability on the 30<sup>th</sup> for this meeting?

Thank you so much for your help!

Hello Layne,

Don Wright had sent your note on, and asked me to arrange a brief time window for Becky Denlinger and I to review roles and steps around what happens in the event of a major emergency with PJH and any key staff that would like to be part of that. We were already seeking time to review the operation of the satellite phone that Don had left with him last week, so we can combine this into a single session. 15-20 minutes would be fine for a quick personal briefing, as a longer presentation on emergency preparedness is coming to Cabinet on February 28.

If you can let me know a time that suits for this, I will make the arrangements with Becky. Thanks so much.

**Subject:** Emergency Response

Hi Don,

One of the items that Geoff raised with me earlier today is to ask for a briefing note on the Premier's responsibilities in the event of an emergency (earthquake, etc). It would be helpful to know the key contacts and what would be expected of him in these events. Further, if he is inaccessible in the event of an emergency, what is the best next practice?

I was planning on asking the Ministry for the 101, but thought it may be best to reach out to you first. Let me know if this is something I should send to you or reach out to the political staff within the MO myself.

Thanks,

Layne

**Subject:** March 21-22, 2018: First Official Visit of Governor General to B.C.

Amber:

The Office of Protocol has received a proposal for Her Excellency the Right Honourable Julie Payette, Governor General and Commander-in-Chief of Canada to make her first official visit to B.C on **March 21-22, 2018.**

**On day 1** the GG would come to Victoria for an **official welcoming ceremony** at the Parliament Buildings, **meetings with the LG and Premier** and **reception\**dinner hosted by the LG. Rideau Hall is aware that the Legislature is likely to be adjourned during this time and most students will be on Spring Break. This may impact participation by MLAs and youth for the official welcoming ceremony.

On day 2 she would travel to Vancouver for other non-protocol events and to host a Canadian Honours ceremony for recipients of the Order of Canada who are BC residents, to which the **Premier** (and likely other elected officials) would be invited.

Government House has already indicate their support for the visit, noting that it will likely be a new LG at the time.

We are asked to confirm the Premier's availability for March 21 and/or 22<sup>nd</sup>,

Can you advise please.

Thanks.

Manjit

Hi Sarah – I'm adding Amber & Kate to this email to be certain that they're also aware of this invitation being extended & that the event is in PJH's schedule.

To confirm, you are asking me to put the letter onto the Premier's letterhead & have it signed? I see that there's a link embedded in it to watch a video, so that makes me wonder whether this is only being sent as an email... Please advise.

David is the IT Support for the West Annex and is linked into the IT shop in Citizen Services. They are familiar with the IT Travel Protocols and will meet with CSIS in the coming weeks to ensure they are aware of the latest solutions.

Just to confirm on the physical briefings, you are suggesting two briefings, one for the Ministers and possibly Deputies and another for support staff? Also the support staff briefing should occur sooner, possibly early January?

Dear friends,

As the Legislature slows down for the Christmas break, I'd like to thank all of you for the tremendous contribution you made to our government's success during the past five hectic months. I won't repeat all the reforms our New Democrat MLAs have already implemented, but they have changed politics in BC for the better and forever.

What's to come is even more important so I hope everyone takes time to relax, catch up with friends and family, and get ready for the new session. By the time most of us return, at the end of the first week of January, we'll be just weeks from a new budget, the Kelowna West byelection and a new session.

Thanks again and happy holidays,

Geoff

**Subject:** Congratulations

At last, a decision I have long-awaited: the ban on trophy hunting of B.C. bears. . .and the elimination of that very flawed August ruling about hunting bears for meat. **I am impressed.** And now you have the chance to impress even more and in a very vital way: re-double the efforts toward habitat conservation so these iconic creatures don't have to starve like some polar bears are already experiencing due to climate change. This means putting our money where some of our mouths are: stop any more destruction of their habitats through the building of ski slopes, mining, forestry, etc. That would be like welcoming refugees to our province but saying, "Oh, but you can't eat because there's not enough food to go around for everyone." *I would like to hear Mr. Heyman give more news briefings about how habitat conservation is proceeding.*

And, btw, I hope this gov't has totally ceased paying toward the slaughter of the wolf to preserve the caribou herds; as far as I can deduce, that, again, is another issue of habitat conservation. The Liberals were, respectfully, too stupid to understand this and I understand they spent millions of 'our' dollars hiring helicopters to allow the aerial shooting of these creatures.

And I would be remiss if I did not repeat my unequivocal condemnation of last week's decision to proceed with Site C dam. How many millions are you going to have to spend to justify your unequivocal abrogation of treaty rights. . .among other issues? I guess the mollification of the 'poor' voters who had to pay bridge tolls is more important than putting that money towards the costs of shutting down Site C. As I said in an email last week, the dollars I earmark for political

purposes will definitely be diverted from the NDP coffer to the Green one. And, frankly, I know other friends of mine who are saying the very same thing.

But in the meantime, I shall be doing a 'happy dance' for the bears!

Unlike the email I sent last week to which there was no response, could I at least have an automated reply "thank your for your email" so I know that you have received? With thanks.

Yes it does happen because a latitude fare is the most expensive economy fare so they are more expensive than the lowest business class in general. Let me know your thoughts.

Hi Amber,

On the Jan 7 one seat just opened up at a lower price for Bob- \$568 but its business class. The economy flight is a latitude flight AT \$788 would you prefer the business class? I know its odd it is cheaper but the business class does save you \$200

Good morning Okenge,

As noted on the Daily this morning, Foreign Affairs Minister Chrystia Freeland and U.S. Secretary of State Rex Tillerson announced that they will co-host a meeting in Vancouver on January 16, 2018. The meeting, dubbed the *Vancouver Foreign Ministers' Meeting on Security and Stability on the Korean peninsula*, will host foreign ministers from "across the globe." Secretary Tillerson indicated these ministers will come from countries involved in the Korean War and other important partners such as Japan, India, and Sweden.

Although B.C. is unlikely to be involved in the actual meetings, there could be opportunities for bilateral meetings on the margins with foreign officials and federal officials. A couple of meeting requests during these dates have already come in, including one from U.S. Ambassador to Canada Kelly Knight Craft.

Hi,

Anna and Veronica: here are the documents discussed.

As Anna knows, MDE wanted these brought forward for your Ministers' information and requested the family receive acknowledgment from your Ministers that they are aware/active on these issues.

As Anna knows we are hopeful that many of the provincial-related components of Kimberly's law will be incorporated into the work underway by MHA.

Best, S.

Hi Amber,

As you know, the Premier and Ken Peterson have asked me to help look at the issue of BC Hydro's \$6 billion in deferred expenses.

With the Site C decision now made, Ken thought it would be timely for me to meet with John for a quiet chat to discuss the status of the review and the major options available.

While MEM and FIN obviously have the lead on this file we feel it would be helpful to provide the Premier with a brief status report at this time.

Please let me know when/if there would be time on the Premier's calendar.

Best wishes,

s.22

MCT's travel is entirely personal, but she will be making work calls using her cellphone and to claim the fees for the US Passport and Discovery Passport through Telus, the FIN99 Travel Authorization Form is required to be filled-out and signed prior to her travel. I will need the form emailed back to me so that I can run it through expenses.

Thank you for your time. It is appreciated.

Amber is administering the move/rearrangement. Surjit is advising and assisting.

Check with Amber for final confirmation/needs.

Hi all,

In regards to the PG trip on January 17<sup>th</sup> there has been discussion about doing both media while there as well as a stakeholder engagement piece. I wanted to put together the parameters of time that we have so we know what we are dealing with before we try to jam too much in/give enough space for both. I'm hoping we can settle on the plan by January 8<sup>th</sup> to leave enough time for setting everything up, advancing, etc. This is what we have so far as well as a list of requests that have come in:

9am: Land in PG

9:45-noon : Open for final speech prep (usually not a good idea to book meetings before a speech)

12-1:30: Luncheon and speech

2-3:30: currently held for media (note: there is a scrum location booked at the convention centre post speech so this media time could be used for one on ones or we could use this time for outreach depending on the priority)

4pm: Travel to airport

5:30: Depart PG

Meeting Requests (none of these have been agreed to):

- 1) Meeting with National Chief Bellegarde
- 2) Meeting with First Nations Projects Coalition
- 3) Follow up meeting with regional Mayors with a specific focus on forestry and the Environmental Review process.

Dear Geoff,

Thanks for meeting last Friday. Further to our discussion, I am writing in advance of issuing formal invitations to enquire about the Premier's availability in March to deliver the keynote address at our 2018 SFU Surrey Gala Dinner.

The SFU Surrey President's Community Gala has been held annually since the opening of our permanent Surrey campus in 2006. The Gala is one of the University's highest profile community events with 320 community partners, business leaders and university friends in attendance. Proceeds from the Gala go to support entrance awards for deserving students.

At the Gala we celebrate the year's achievements and showcase the many ways that SFU engages the diverse communities of BC's fastest growing region. With the planned announcement of the Province's substantial funding for our new Surrey-based Sustainable Engineering program and progress on construction of the impressive building in which the program is to be housed, we have much to celebrate. A keynote by the Premier and attendance by our Minister would be highlights of this year's Gala that would be hugely appreciated by all those in attendance. Other speakers include an SFU student, and I also provide a short address.

We have three possible March dates in mind: the 8th, 15th, and 9th (listed in order of preference). The Gala is held in SFU's Surrey campus atrium which is converted into a beautiful banquet hall. The dinner is preceded by a reception that usually starts at 6:00 pm and is followed by dinner at 6:45 pm. The event wraps up around 9:00 pm.

Thank you for your consideration of this request. We will await your reply before setting a final date and issuing invitations.

With best wishes,

Andrew

Geoff followed up with me on this. Can we send Andrew a quick note to let him know the 15<sup>th</sup> won't work because of Globe and the 8<sup>th</sup> will have people arriving very late because of when the house rises so the 9<sup>th</sup> is most likely the best option.

The attached reimbursements needed the reimbursement form filled out. I know you guys are busy and Elizabeth is out of the office so I took it upon myself to fill it out. I just need the signatures.

Can you please sign the Premier(since he is out of the office) & your forms. Sheena and Geoff will need to sign their own. Once this is done, Judy will need to sign as the EA.

Hi Amber,

I've been keeping an eye on the scheduling folder so just wanted to run this one by you. The writer is the founder of Woodwynn Farms treatment centre and is requesting an urgent meeting with the Premier and Minister Darcy regarding this farm (we have also received about 25 emails from different people on this issue in the last week). Would this be something you would handle, or should I ask the Ministry of Mental Health & Addictions to handle since it is a request for Minister Darcy as well?

Thanks!
