Holly Moulton just called from the Ministry of Health. You had asked for a presentation from them for PJH on pharmacare before his trip to WPC.

Her question is:

Do you want a general (pharma 101) presentation? OR one on fair pharmacare and upcoming enhancements?

Okenge,

MCFD staff advise that it would be useful if you could raise the topic of Indigenous Child Welfare with federal counterparts while you are in Ottawa next week. They have checked this with Allison Bond, who agrees, and they have provided the attached materials which briefly outline the issues. MCFD's view is that you could usefully raise this topic both with PCO and with Jean François Tremblay (D.M. of Indigenous Services Canada).

Would you like us to try to set up a meeting for you with J.F. Tremblay? Also – are there any other materials or logistical support you would like for any of your meetings in Ottawa?

Thanks,

Pierrette

Hi Amber,

I hope this finds you well. Further to our conversation, I include below more information about the event:

100<sup>th</sup> Anniversary of Armenia's First Republic Celebration  
Tuesday May 15  
12:00-1:00 pm  
Hall of Honour

**Background:** Following the Armenian Genocide of 1915 in Ottoman Turkey, the surviving refugees found themselves making a last stand for survival along with Armenians on the Russian side of the border in the Russian Empire. Armenia declared itself an independent republic in 1918 and it became the first free Armenian state in over 500 years.

Independence lasted for only two years, but members of the Armenian community are celebrating its 100<sup>th</sup> anniversary as they credit it as a key reason why there is a place on the map today called Armenia.

The Canadian House of Commons formally recognized the Armenian genocide in the form of a motion in 2004. Adrian moved a motion in 2006 in remembrance of the genocide and it was passed (for your nerdy interest, I include the Hansard links below below). Similar commemorative events have been hosted in the legislature in the years since.

#### Hansard

- Second Session, 38th Parliament – 2006

Armenian genocide remembrance (Motion 59)

*Moved* (Dix) [3581](#); *debate* [3581-8](#); approved [3588](#)

*Debate, speakers* (Dix) [3581-2](#) (Fleming) [3588](#) (Hawes) [3582-3](#) (Hayer) [3587-8](#) (Horgan) [3585-6](#) (Karagianis) [3587](#) (Krog) [3583-4](#) (Krueger) [3586-7](#) (Nuraney) [3584](#) (Sather) [3584-5](#) (Yap) [3585](#)

Hope this is helpful and please do not hesitate to reach out if I can provide additional information!

Thank you so much,

Lucinda

Good Day Sir,

Thank you very much for your quick response to our request. I am not sure if you have had a chance to read the full email chain but there is an initiative underway to make inter-Province moves easier for military personnel as this is one of the largest causes of dissatisfaction amongst our personnel. The first step to this process is likely fully defining the problem, then working out what can possibly be done and then agreeing on a road map to get there. To that end do you think you might be able to attend the meeting in Toronto on June 27th, 2018? Unfortunately there is no funding with this request so we would be asking the Provincial Govt to cover your travel expenses.

Thank you again for your consideration.

Simon, Brian

I would like to introduce you both to Okenge Yuma Morisho who is deputy minister in the Premier's Office. Okenge has spent much time with the Federal government and privy Council office so he will understand where you're coming from. He also has oversight of the intergovernmental relations secretariat.

Okenge - Brian and Simon are the key advisors in the senior representative of the Canadian Armed Forces in B.C, Rear-Admiral Art McDonald's Office. Over to you three.

Hi Jamie,

It was very nice to chat with you and Fern on Monday and I'm glad to hear that everyone is doing well.

I am writing to solicit some advice for the Admiral. You will see from the message below that we are looking to make it easier for military folks posted across the country. One of the first steps that is being proposed is a meeting including Provincial representation from across the country, to help make the process better.

As you 'speak both languages' – military and provincial government – I wondered if you might be able to suggest someone who could best assist with this initiative.

Best Regards

Fellow colleagues and JTF Commanders,

As you know, the first chapter of Canada's defense policy focuses on our people. The results of multiple surveys conducted over the years by the CAF indicate that the transient nature of our profession can cause significant stress to members and their families. In particular, interprovincial moves can cause hardship for our members and their families, particularly in the areas of education, health care, transportation, and spousal employment. It is to soften this reality that the CDS and CMP are proposing a "Seamless Canada" concept for CAF members and their families. The success of this concept requires provincial and territorial leaders to engage in a collective dialogue with senior CAF officials to discuss possible solutions to help mitigate interprovincial barriers faced by CAF members and their families. The purpose of this email is to ask you to assist me in determining and confirming who in the provincial government in your respective AOR is the best person to attend the inaugural Interprovincial Meeting for a Seamless Canada.

As a JTF commander, you benefit from a privileged platform being in a position where you may know who is the best government representative to be invited to a meeting of this nature. Some provinces, such as New Brunswick, Nova Scotia, and Alberta have already designated politicians as "liaison officers" for military-provincial affairs which might be an appropriate level of government official to attend this meeting. I have attached a list of known contacts for your validation. In addition, I would ask you to recommend a provincial representative for the provinces and territories

where we are missing such a representative. Please note that the person chosen should be of an appropriate level that allows them to represent the intentions of their government and to report to their respective Premiers.

The inaugural Interprovincial Meeting for a Seamless Canada will be held June 27, 2018 at the Canadian Forces College in Toronto. The purpose will be to present to the provincial/territorial representatives the reality experienced by military families during transfers between provinces and territories. We already know that some provinces will take the opportunity to recommend some common initiatives.

In short, I ask you to send me the list of people to invite by May 4th. If you prefer to provide this return via your staff, please direct them to Maj Cybele Wilson: [cybele.wilson@forces.gc.ca](mailto:cybele.wilson@forces.gc.ca)<<mailto:cybele.wilson@forces.gc.ca>>. Finally, I would ask you to let these representatives know about this meeting and give them appropriate notice so that they may add it to their schedule.

I am available at your convenience to discuss with you any questions or comments that you may have. As you can imagine, this initiative has great potential and could perhaps help put an end to some of the bureaucratic logistical obstacles for interprovincial transfers of our members and their families. Thank you for supporting the CAF efforts to improve the quality of life for our members and their families.

-----  
Chers collègues commandants de FOIs,

Comme vous le savez, le premier chapitre de la politique de défense du Canada est axé sur notre personnel. Les résultats des multiples projets de recherche et sondages conduits de façon récurrente par les FAC indiquent que la nature nomadique de notre profession peut causer un stress important aux membres et à leurs familles. Les déménagements interprovinciaux peuvent causer des difficultés à nos membres et leurs familles, particulièrement dans les domaines de l'éducation, des soins de santé, du transport et de l'emploi des conjoints. C'est pour assouplir cette réalité que le CEMD et CPM proposent un concept d'un « Canada sans faille » pour les membres des FAC et leurs familles. Le succès de ce concept demande que les dirigeants provinciaux et territoriaux entament un dialogue collectif avec les cadres supérieurs des FAC afin de discuter de solutions possibles pour aider à atténuer les obstacles interprovinciaux auxquels font face les membres des FAC et leurs familles. Le but de ce courriel est de vous demander de m'appuyer afin de déterminer et confirmer qui au sein de l'appareil gouvernemental provincial est la meilleure personne pour assister à la Réunion interprovinciale inaugurale pour un Canada sans faille.

En tant que commandant de FOI vous profitez d'une plateforme privilégiée pour savoir qui est la meilleure personne à être invitée. Sachez cependant que certaines provinces, comme le Nouveau-Brunswick, la Nouvelle-Écosse, et l'Alberta ont déjà désigné des politiciens comme « agents de liaison » concernant les affaires militaires-provinciales. J'ai joint une liste de contacts connus pour votre validation. De plus, je vous demanderais de bien vouloir recommander un représentant provincial pour les provinces et les territoires où il nous manque un représentant. Veuillez noter que la personne choisie devrait être d'un niveau adéquat qui lui permette de représenter les intentions de son gouvernement et de se rapporter au niveau du premier ministre provincial.

La réunion interprovinciale inaugurale pour un Canada sans faille aura lieu le 27 juin au Collège des Forces canadiennes à Toronto. Celle-ci aura comme objectif de présenter aux représentants provinciaux la réalité vécue par les familles militaires lors de transferts entre provinces. Nous savons déjà que certaines provinces profiteront de l'occasion pour recommander la mise en place de certaines initiatives communes.

En somme, je vous demande de bien vouloir me communiquer la liste des personnes à inviter d'ici le 4 mai prochain. Si vous préférez effectuer votre retour à travers votre état-major, veuillez les diriger au Maj Cybèle Wilson: [cybele.wilson@forces.gc.ca](mailto:cybele.wilson@forces.gc.ca)<<mailto:cybele.wilson@forces.gc.ca>>. Finalement, je vous demanderais de bien vouloir donner un avis à ces personnes afin qu'ils puissent mettre cette réunion à leur agenda dès que possible.

Je suis toujours disponible pour discuter avec vous. Comme vous pouvez l'imaginer cette initiative possède un grand potentiel et pourrait peut-être permettre de mettre fin à certains des plus grands obstacles à la mutation. Je vous remercie de bien vouloir soutenir nos efforts qui visent l'amélioration de la qualité de vie de nos membres et de leurs familles.

Merci

Fazil and Okenge

Minister Ralston approved our approach for the Cascadia Secretariat yesterday and we would like to ask now for your support by sending a note to your DM colleagues to raise their awareness and to gain support of ADMs and EDs going forward. Jane, Jeremy and I thought something from both of you would be best. We have created a draft below, but can edit as you see fit.

---

**Subject line:** Cascadia Innovation Corridor – update

**To:** DM's List

**Text of e-mail:**

Dear Colleagues,

*We are writing to update you on the Province's support for the Cascadia Innovation Corridor (CIC), a cross border initiative aimed at bringing the Vancouver and Seattle regions closer together to increase economic growth and innovation, especially in the technology sector. The CIC has played a role in some important initiatives to date – including advocacy and direct support for float-plane service between Seattle and Vancouver, a joint BC/WA study on high speed rail, and adding capacity to BC's trade and investment office in Seattle. The CIC steering group, co-led by the Business Council of BC and Challenge Seattle, is currently engaged in developing a vision document to be discussed at the Cascadia Conference 3.0 to be held in Vancouver in October 2018.*

*To date, the Province has been represented on the CIC by the Intergovernmental Relations Secretariat. This will continue, but the Ministry of Jobs, Trade and Technology is now taking an active lead. Jamie Hammond, ADM of the International Strategy and Competitiveness Division, is responsible and he has established a Secretariat to support the Province's involvement in the CIC. The Secretariat will represent the Province on CIC working groups and help determine which strategies or activities could best be leveraged with the Province's support. It is also of note that the newly-appointed Innovation Commissioner, Dr. Alan Winter, is already acting as a respected ambassador who will help raise the profile of provincial support for the CIC.*

*In the near future Jamie will be reaching out to ADM colleagues to raise awareness about the CIC. ADMs will be asked to identify their leads for various initiatives that have Cascadia corridor implications. The Executive Director heading the Secretariat, Jane Burnes, will then facilitate cross-government coordination for CIC initiatives and compile an inventory of Cascadia-related activities already underway with a view to identifying opportunities for collaboration. Please note that we don't see the secretariat taking charge of Ministry-led initiatives, rather they would simply take on the coordination role as described above.*

*I would like to thank you in advance for your support.*

*Signed: Fazil and OYM*

### **NEWS RELEASE**

Minister attends WESTAC to promote, advance B.C.'s trade corridor

VICTORIA - Claire Trevena, Minister of Transportation and Infrastructure, will meet with western counterparts today at a summit in Winnipeg to discuss innovative ways to improve B.C.'s transportation network and the movement of goods across the West.

Trevena will meet with cabinet ministers from Manitoba, Saskatchewan and the Yukon, as well as industry representatives and leaders, at the Western Transportation Advisory Council (WESTAC) conference. The

conference is a public and private forum that brings together industry stakeholders to look at the evolution in transportation, as well as technological advancements in the industry that improve supply chain and network efficiency.

"B.C. has a great story to tell as a major trade hub and driver for sustainable growth, while building and promoting Canada's western trade corridor all over the world," said Trevena. "We need to stay competitive and continue to collaborate with our western partners to grow our collective economies with good jobs, while delivering benefits to people and communities."

"To maintain our competitive advantage as a key gateway to the Asia-Pacific, it's important for our government to work with the other western jurisdictions to optimize our transportation and supply-chain networks," said Bruce Ralston, Minister of Jobs, Trade and Technology. "Economic growth and competitiveness depends on innovation, and our government looks forward to contributing to greater integration, efficiency and harmonization of our shared transportation networks."

A reliable and efficient transportation network is critical to local, provincial and national economies. Government continues to work closely with other provinces to take advantage of B.C.'s strategic location as the gateway to North America and the Asia-Pacific region.

### **NEWS RELEASE**

Minister attends WESTAC to promote, advance B.C.'s trade corridor

VICTORIA - Claire Trevena, Minister of Transportation and Infrastructure, will meet with western counterparts today at a summit in Winnipeg to discuss innovative ways to improve B.C.'s transportation network and the movement of goods across the West.

Trevena will meet with cabinet ministers from Manitoba, Saskatchewan and the Yukon, as well as industry representatives and leaders, at the Western Transportation Advisory Council (WESTAC) conference. The conference is a public and private forum that brings together industry stakeholders to look at the evolution in transportation, as well as technological advancements in the industry that improve supply chain and network efficiency.

"B.C. has a great story to tell as a major trade hub and driver for sustainable growth, while building and promoting Canada's western trade corridor all over the world," said Trevena. "We need to stay competitive and continue to collaborate with our western partners to grow our collective economies with good jobs, while delivering benefits to people and communities."

"To maintain our competitive advantage as a key gateway to the Asia-Pacific, it's important for our government to work with the other western jurisdictions to optimize our transportation and supply-chain networks," said Bruce Ralston, Minister of Jobs, Trade and Technology. "Economic growth and competitiveness depends on innovation, and our government looks forward to contributing to greater integration, efficiency and harmonization of our shared transportation networks."

A reliable and efficient transportation network is critical to local, provincial and national economies. Government continues to work closely with other provinces to take advantage of B.C.'s strategic location as the gateway to North America and the Asia-Pacific region.

**Sent:** Thursday, May 3, 2018 4:20 PM  
**To:** BCPSA Agency DMC List  
**Subject:** Draft Principles that Guide the Province of British Columbia's Relationship with Indigenous Peoples

Colleagues,

As you are aware Cabinet has approved B.C.'s draft *Principles that Guide the Province of British Columbia's Relationship with Indigenous Peoples* (the Principles). In advance of our DMC discussion tomorrow, I am providing you with the roll out plan, as well as information related to their release, including actions that will be necessary in your ministries. At this point in time, we are targeting the week of May 21 to release the Principles to the BC Public Service.

### The Principles

The Principles are a tool to guide us in meeting our respective mandate letter requirements to "fully adopt and implement" the United Nations Declaration on the Rights of Indigenous Peoples (UN Declaration), and to move forward on the Calls to Action of the Truth and Reconciliation Commission of Canada (TRC). The Principles, which parallel action taken by the federal government last summer, are being adopted as draft and as a starting point for necessary conversations with Indigenous peoples on their content. They highlight that "how" we collaborate with Indigenous peoples is as important as "what" we do, setting us on a unique path of collaboration with Indigenous communities.

### Next Steps

A roll-out plan related to the Principles is attached. It outlines proposed cross-ministry bodies to guide the implementation of the Principles. This includes a Principles ADM Committee, chaired by MIRR Assistant Deputy Minister Jessica Wood and comprised of ADMs in key ministries (composition to be determined). This ADMs Committee will work closely with a Statutory Decision Makers Working Group on the practical application of the Principles, as well as the BC Public Service Agency on complementary efforts such as the Diversity and Inclusion Action Plan.

At this time, I ask that you develop a plan for communicating the principles in your organization, in anticipation of their release. Key messages are attached, and we are available to assist you with additional messaging, if you require it, to introduce the Principles to your staff.

I also ask that you review the key ministry actions in the roll-out plan attached. Please identify a champion from your ministry who will hold responsibility for the development of plans to operationalize the Principles in your organization. Those contacts should be identified by email to Jessica Wood by May 31.

#### **Additional Resources**

Key messages document is also attached to assist you. More resources will be made available to all staff on @Work when the Principles are released, including FAQs and links to the UN Declaration and Calls to Action. Jessica Wood and I are also available to speak to your leadership teams about the Principles over the coming weeks.

Thank you for your assistance in building awareness and support for the Principles within your ministries. As we all work to implement government's reconciliation mandate, my ministry will continue to engage across government in building related tools and resources.

Doug

I gather Keira has arranged your flights, hotel and you do not require a briefing note for the meeting with Christiane Fox.

Would you like to call into the WPC briefing on May 8<sup>th</sup> at 4:30pm PT? I gather Geoff requested this. Or would you prefer that Pierrette cover the briefing instead in person?

Thank you,

Hi Okenge,

Do you know which B.C. official has been designated as our contact with WD for purposes of the Western Growth Strategy? I'm thinking it would be good, for your Ottawa binder, if I could track down the "draft consultation framework" mentioned in Dylan's e-mail below.

Thanks,

Thank you again for your feedback and frank comments as we develop the western growth strategy.

I have had the opportunity to talk with all four western provinces and other federal departments, and I am pleased with the high level of enthusiasm for this collaboration. In fact, a number of you have already identified areas of action that could be excellent starting points for enhanced collaboration.

The most immediate challenge with the strategy is the timing.

s.16

I will be engaging Minister Bains on the strategy's development, particularly the timing issue, and I will be in contact soon.

In the meantime, today Andrew Fraser will be providing a draft consultation framework document for feedback to the departmental contact whom you identified. Thank you for your helpful counsel as this evolves.

Best regards,

Dylan Jones

One other point: the rate of total real corporate investment in the Canadian economy (which is arguably more relevant than FDI alone) actually bottomed out in the fourth quarter of 2016 after two years of decline, and **rose in all four quarters of 2017**. (First quarter data for 2018 are not yet available.) (Source: StatsCan vector V62305733, business gross fixed capital formation, quarterly, seasonally adjusted in chained 2007 dollars.)

Pierrette -

Grant and I were talking today. s.13; s.16  
s.13; s.16

In the last *week alone* the Government of Canada has stated the following:

“Canada is leading the G7 in economic growth, 600,000 jobs created since 2015, and the lowest unemployment in 40 years” (Minister Morneau, Twitter, April 30, 2018)

“Great news from Vancouver. Amazon is investing in Canadian talent. That means 3,000 new jobs for Canadians.” (Prime Minister Trudeau, Twitter, April 30, 2018)

“Another important global company betting big on Canada and Canadians @amazon” (Gerald Butts, Twitter, April 30, 2018)

“Investors are very optimistic about Canada’s economic prospects, reporting greater net optimism for Canada than for the United States.” (Minister Morneau quoting AT Kearney FDI Report, Twitter, May 3, 2018)

“Canada moves up three spots to its highest ranking in the history of the index. An update the Investment Canada Act, a newly established Invest Canada agency, and new trade agreements could be boosting investor optimism.” (Gerald Butts, referring to the AT Kearney 2018 FDI Report, Twitter, May 2, 2018)

“Suncor CEO is ‘encouraged’ new pipelines will be build after Trudeau’s visit” (Gerald Butts, quoting Global News story, Twitter, May 3, 2018)

“We’ve had great meetings with the team at salesforce over the past few months, talking about the innovation that’s happening right here in Canada. Thanks for choosing Canada & Canadian talent - this investment in Canadian startups will create jobs for people in tech!” (Prime Minister Trudeau, Twitter, May 3, 2018)

“Another great company (Salesforce) makes a strong investment in Canada and Canadians.” (Gerald Butts, Twitter, May 3, 2018)

“Another great company (Toyota) investing big in Canada and Canadians.” (Gerald Butts, Twitter, May 4, 2018)

Other points:

- B.C. has the strongest economy in Canada, the lowest unemployment rate, a AAA credit rating and a balanced budget.
- FDI in Canada did fall to a 10 year low in 2010 in 2017. The current BC government formed government in the summer of 2017.

Dear Deputy Minister Yuma Morisho,

To become more influential on the national stage, Canada's Council of the Federation must develop a more focused internal agenda, says a new publication by the Institute for Research on Public Policy.

In *Coordinating Federalism: Intergovernmental Agenda Setting in Canada and the United States*, author Jared Wesley finds that diverse interests have divided Canada's premiers, particularly in areas such as resource development and climate change. Even when premiers agree on a particular priority, arriving at a common position or set of key messages has often been challenging.

According to Wesley, American governors have proven more effective at influencing the national agenda than Canadian premiers. Far fewer topics are up for discussion at the National Governors Association table, and governors consequently have greater opportunity to develop short-term strategies.

Wesley concludes with a discussion of potential changes that could assist the Council of the Federation in raising its national profile.

Do you have a Telus or Rogers work cell? I am just asking for the upcoming WPC in Yellowknife.

Also, thank you for dropping off the Estimates binder, and apologies for not proofreading the two notes – cannabis and wildfires which had several typos!

Grant, as I mentioned prior, there has been some confusion regarding assigned work (multiple requests). I can't confirm approvals until tomorrow, but understand the ppt. deck was forwarded today to the PMO – I hope that means your office.

As a recap, Minister Dix asked MOH to prepare the IBM, speaking notes and Deck for the Premier for WPC. Also attached is the COF lead note. Working from that, are you able to create a draft of the WPC Lead Note you require? I'd be happy to receive feedback/questions as necessary.

Thanks so much and I look forward to hearing from you tomorrow.

Hi Okenge,

We couldn't find a transcript of the speech. Karen has provided some key points (yellow highlighted section below). There is also a short (6:41) video clip at <https://www.youtube.com/watch?v=IEWcMTwJDlo&feature=youtu.be>, and the complete speech is posted at <https://www.facebook.com/kenneyjasont/videos/10156276729652641/>. (The latter video also includes a prior speech by Brad Wall. Kenney's speech starts around the 51:00 mark, and last for over an hour.)

There was a fair bit of media coverage of the speech – e.g., <http://edmontonjournal.com/opinion/columnists/graham-thomson-jason-kenney-offers-combative-campaign-style-speech-to-excited-ucp-convention>.

The speech took place Saturday at the United Conservative Party AGM, which was May 4-6 in Red Deer.

Thanks to Karen for tracking down this info.

Grant

Here is YouTube video of Kenney from Saturday on **energy industry**:

<https://www.youtube.com/watch?v=IEWcMTwJDlo&feature=youtu.be>

\*We are a becoming a bargain basement economy losing \$4M a day , \$14B a year, by underselling our valuable asset to the US.

\*Unless we get access to global markets, costing revenue – represents ability to handle our debts and health care costs...

\*Projection of growing global demand. That demand will be met, not an environmental questions. Demand rising, supply needs to rise.

\*Mentions Iran and Saudi, Venezuela, Russia, Qatar...

\*Canada – highest human rights, environmental standards...

\*World needs more Alberta energy and we will fight for that.

\*Special interests... Tar Sands Campaign... attacking our energy industry.

\*JT cancelled the approved Northern Gateway Pipeline... arbitrarily imposed West Coast tanker ban (oil tanks leaving Canada, not ones coming from Alaska). Killed Energy East and dream of energy independence. Surrendered to Obama on Keystone. Bill makes it virtually impossible to get another pipeline through approval and a bill to impose carbon tax. Has said he wants to “phase out tar sands”

\*Alberta NDP has decided to make PJT closest ally.

\*Total inaction on TransMountain.

\*Politicians are benefitting from billions in equalization payments. Only way we can get them to support the pipeline is to ship equalization dollars through it.

Hello Mr. Yumamorisho,

I just wanted to touch base and see if you had any initial feedback on the growth strategy document sent by Dylan.

Also, please note that Dylan will be having a call with yourself and the other three lead provincial Deputy Ministers regarding the western growth strategy next week.

Cheers,  
Andrew

Thank you again for your feedback and frank comments as we develop the western growth strategy.

I have had the opportunity to talk with all four western provinces and other federal departments, and I am pleased with the high level of enthusiasm for this collaboration. In fact, a number of you have already identified areas of action that could be excellent starting points for enhanced collaboration.

s.16

The most immediate challenge with the strategy is the timing.  
s.16

I will be engaging Minister Bains on the strategy's development, particularly the timing issue, and I will be in contact soon.

In the meantime, today Andrew Fraser will be providing a draft consultation framework document for feedback to the departmental contact whom you identified. Thank you for your helpful counsel as this evolves.

Best regards,

Dylan Jones

### ***“Advancing the Cascadia Corridor***

Public- and private-sector leaders, both here in Washington and north of the border in British Columbia, are making the Cascadia Innovation Corridor a reality through new investments, programs and partnerships.

We’ve seen this as new education and research partnerships, venture capital strategies and transportation linkages, such as seaplane service from downtown Seattle to downtown Vancouver, emerge.

We applaud the Legislature’s \$750,000 investment in the supplemental transportation budget and the British Columbia government’s contribution of C\$300,000 to the continued study of the feasibility of constructing a high-speed rail connection between the two cities. In a reflection of Microsoft’s commitment to this important work, we also have contributed \$300,000 to this additional feasibility assessment.

According to an economic impact study funded by Microsoft and the Washington State Building and Construction Trades Council of the AFL-CIO, a high-speed rail line would help create another 145,000 jobs in the Puget Sound region, a 4 percent increase over what Seattle and Vancouver can expect without the service. What’s more, thousands of these new job opportunities would be spread between Bellingham and Everett, Tacoma and Olympia, and all along the rail corridor.

Shrinking the distance between Vancouver, Seattle and potentially Portland through more efficient travel connections is the sort of forward-looking investment that could be a game changer for generations to come, and lawmakers are wise to make relatively modest investments today to fully understand the potential.”

In follow-up to our discussion yesterday, here is the passage from the 2018 federal budget:

Founded by the "Man in Motion", this not-for-profit research organization focuses on creating more accessible and inclusive communities and supporting research aimed at better treatment and a higher quality of life for people living with spinal cord injuries. The Government proposes to provide renewed funding of \$23.6 million over four years, starting in 2018–19, through Western Economic Diversification, to support the Institute's efforts to achieve breakthroughs in spinal cord injury research and care.

The funding is allocated in \$6 million installments over four years (2018/19 through 2021/22).

Hi Okenge. I drafted this presentation for the symposium I'm presenting at in Ottawa on June 1. Can you please have a look and let me know what you think? You'll see it's based on the one we did earlier this year but I've edited the information somewhat.

Thanks for any feedback you have.

Hi Okenge. You were asking about this visit earlier this week and it seems it is well in hand. I replied to the Speaker's office saying it was fine for them to make the arrangements but offered our assistance if they needed anything.

It looks like they are working with their counterparts at the Parliament of Canada on this visit.

Sorry it wasn't top of mind when you asked me about it.

Lucy, happy Friday, I'd been in touch with Manjit, about a visit we'd been asked about this week and I got a message from him to say <sup>s.22</sup> and I should touch base with you.

I'm certain there is no issue with this visit, but we've always looped your office in on any visits.

Below is more information on the May 31 visit from the delegation from Guyana. In speaking with Ms. Massicotte the group was looking for a tour, QP and lunch. I explained we have QP in the morning so the program would probably be, QP, tour and lunch. Can we go ahead and make these arrangements or is this something that your office would rather handle?

Good morning Karen,

As discussed, please find below the names of the delegation from the Republic of Guyana :

- His Excellency Dr. Barton Scotland, Speaker of the National Assembly of the Co-operative Republic of Guyana
- Two Members of Parliament:
  - from the Government, Hon. Winston Felix, M.P., Minister of Citizenship;
  - from the Opposition Ms. Gail Teixeira, M.P., Opposition Chief Whip;
- Mr. Sherlock Isaacs, A.A., Clerk of the National Assembly (Secretary General);
- Ms. Jocette Bacchus, Clerk of Committees/Personal Assistant to the Speaker of the National Assembly;
- Mr. Ashley Hinds, IT Project Officer;
- Ms. Keshanna Murlidhar, Assistant Clerk of Committees/Liaison Officer; and
- Mr. Leslie James, Assistant Commissioner of Police, Guyana Police Force.

The delegation would be accompanied by a Protocol office from the Parliament of Canada, Ms. Alana Blouin, and myself, the Visit Officer.

Do not hesitate to contact me if you need more information.

Thank you.

**Subject:** Upcoming Visit of the Speaker of the National Assembly of the Co-operative Republic of Guyana | May 31, 2018

Good afternoon,

My name is Caroline Massicotte and I am a Parliamentary Exchanges Officer with the Parliament of Canada.

I am writing to advise you of the upcoming visit to Canada of His Excellency Dr. Barton Scotland, Speaker of the National Assembly of the Co-operative Republic of Guyana, and a delegation, from May 28 to June 1, 2018. Please note that a typical program is normally five business days and involves two cities, preferably starting in Ottawa.

As part of his visit to Canada, Speaker Barton Scotland has expressed a keen interest in going to Victoria, British Columbia, given the recent signature the “interparliamentary co-operation” partnership between the Co-operative Republic of Guyana and the Legislative Assembly of British Columbia. A meeting would provide a great opportunity to strengthen this new relationship as well as to exchange ideas and best practices.

In this context, would Speaker Darryl Plecas be available for a courtesy call on Thursday, May 31, 2018?

Thanks very much and feel free to let me know if you have any questions.

**Subject:** Western Canada Growth Strategy Scope

Thank you again for your feedback and frank comments as we develop the western growth strategy.

I have had the opportunity to talk with all four western provinces and other federal departments, and I am pleased with the high level of enthusiasm for this collaboration. In fact, a number of you have already identified areas of action that could be excellent starting points for enhanced collaboration.

The most immediate challenge with the strategy is the timing. <sup>s.16</sup>  
s.16

I will be engaging Minister Bains on the strategy's development, particularly the timing issue, and I will be in contact soon.

In the meantime, today Andrew Fraser will be providing a draft consultation framework document for feedback to the departmental contact whom you identified. Thank you for your helpful counsel as this evolves.

Hi Okenge, we've now had a chance to review the strategy document. Staff believe the strategy is now at a point that we should discuss it further with Western Economic Diversification staff, in particular with respect to supporting rural BC and our priority work on forest policy.

To that end, Dave Peterson will follow up with Gerry Salembier, BC's WED lead to discuss our rural engagement and forestry opportunities/ direction. Also, Sarah Fraser will reach out to JTT to see how they have been involved in the development of the WED strategy and how it might link to the Build a Better BC plan.

Thanks

Not at present. We are receiving plans assistance from CF at present - doesn't require a Request for Assistance; rather, an agency to agency exchange.

Bob T or I will signal in advance if that begins to develop - give you a bit of warning.

Bob has just this afternoon talked with Manitoba's EM team to gather info about certain flood control tactics that we may consider. In the course of that discussion, he became aware that MB's flood management folks are idle. We may seek to activate the P/T mutual aid system to get their staff support.

Thanks,

## DAILY UPDATE REPORT FOLLOWS BELOW

### ADVICE AND RECOMMENDED RESPONSE:

- We must all work together to prepare for, and respond to, flooding and other disasters.
- During this trying time, we want British Columbians to know we are here to help.
- We are fully engaged and preparing for what may be a difficult flood season.
- With flooding on the rise over the past couple of years, it's important for homeowners to talk to their insurance provider and not assume their home insurance includes flood protection.
- We've just announced that Disaster Financial Assistance funding is available to those affected in the Thompson-Nicola Regional District including Cache Creek – as well as many areas in the Cariboo – and more announcements will be made as the season progresses.
- We've also been shipping flood mitigation equipment and millions of sandbags to the interior.
- The Province has announced several major flood prevention and emergency preparedness projects this year, including funding for the National Disaster Mitigation Program, the Community Emergency Preparedness Fund, and several other structural and non-structural flood mitigation projects throughout B.C.
- We're working with local governments to help protect communities and are monitoring the increased risk closely.

### Provincial Flood Support and Investments

- **Emergency Management BC is assisting local governments in flood response. As of end of day May 12, the province has:**
  - Activated the Provincial Emergency Coordination Centre (PECC) to support the Central (CTL), Southeast (SEA) and Northeast (NEA) Provincial Regional Operation Centres (PREOCS).
  - Activated PREOCS in Kamloops, Prince George, Surrey and Nelson to provide assistance to local governments.
  - Deployed around 2 million sandbags to local governments to protect homes and public infrastructure.
  - Provided 12 sandbag machines to Cache Creek, Oliver, Vernon (2), Willowbrook, Kelowna (2) and Prince George staging area (3).
  - Six sandbag machines are on loan from Saskatchewan.
  - Currently deployed 251 BC Wildfire Service fire fighters to Kelowna, Oliver, Lower Nicola Indian Band, and Stump Lake to assist with sandbagging. Previously, fighters were also deployed to Penticton and the Nooaitch Indian Band near Merritt.
  - Shipped 3.116 km of Gabions and 10.3 km of tiger dams to the interior.
  - FLNRORD's River Forecast Centre and Water Stewardship Branches are providing water flow expertise, as well as geotechnical specialists and engineers.
- **EMBC has additional flood response resources ready to deploy:**
  - Prince George:
    - 264,000 sandbags
    - 1,500 metres of Gabions
    - 2,000 metres of tiger dams
    - 3 sandbagging machines
  - Kelowna:

- 168,000 sandbags
  - 1,553 metres of Gabions
- Chilliwack:
  - 807,000 sandbags (with weekly deliveries to ensure constant supply)
  - 16,525 metres of tiger dam
  - 5,700 metres of Gabions
  - 2 sandbag machines
- **Disaster Financial Assistance (DFA) is also available for eligible British Columbians who may have been impacted by overland flooding or landslides from heavy rains.**
  - Applications for the DFA event in the Thompson-Nicola Regional District (including municipalities, unincorporated areas and First Nations) must be submitted to Emergency Management BC (EMBC) by Aug. 2, 2018
  - Applications for the DFA event in the Northeast must be submitted to Emergency Management BC (EMBC) by Aug. 1, 2018.
    - Eligible regions include:
      - Cariboo Regional District
      - City of Quesnel
      - Regional District of Fraser Fort George
      - Kluskus First Nation
      - Xatsull First Nation
      - Williams Lake Indian Band
      - Tlètinqox Government
      - Ulkatcho First Nation
      - Nazko First Nation
      - ?Esdilagh
  - Applications for the DFA event in the Central Interior must be submitted to Emergency Management BC (EMBC) by July 16, 2018.
    - Eligible regions include:
      - the North Okanagan Regional District
      - the Columbia Shuswap Regional District
      - the Okanagan-Similkameen Regional District
      - the Central Okanagan Regional District
  - **DFA is available to home owners, residential tenants, small business owners, farmers, charitable organizations and local government bodies who were unable to obtain insurance to cover these disaster-related losses.**
  - **British Columbians can access the DFA application at:**  
<http://www.gov.bc.ca/disasterfinancialassistance>
- **While we're prepared to respond to flooding to protect public safety, anything we can do to understand and prepare for flood risk is a step in the right direction.**
- **That is why the Province funds programs such as National Disaster Mitigation Program and the Community Emergency Preparedness Fund for local governments.**
- **The National Disaster Mitigation Program and Community Emergency Preparedness Fund enable communities to develop flood risk assessments, maps and mitigation plans in addition to constructing flood protection infrastructure. A full list of potential funding programs can be found at Emergency Management British Columbia's Disaster Mitigation Branch webpage.**
- **We are committed to working collaboratively to improve public safety and disaster preparedness for all British Columbians.**

If asked about recent investments in mitigation:

- EMBC is committed to improving the public safety of all British Columbians; that is why we are investing heavily in flood prevention and protection.

In April, 2018, the Province announced \$6.5 million in disaster-mitigation projects throughout the province. Funding highlights include:

- \$2.6 million to plan and undertake structural and non-structural flood-mitigation projects in various locations throughout B.C.;
- \$1.75 million to further assess earthquake-related hazards in the Metro Vancouver area;
- \$1.5 million to the Union of British Columbia Municipalities (UBCM) for the Community Emergency Preparedness Fund;
- \$450,000 to the Fire Chiefs Association of British Columbia to support road rescue, fire safety and prevention; and
- \$130,000 to Avalanche Canada and the District of Stewart to support avalanche reporting and mapping.

National Disaster Mitigation Program:

- On Feb. 2, 2018, the Governments of Canada and B.C. announced funding for 30 projects, valued at approximately \$12.1M (including investments from local governments and NGOs) through the National Disaster Mitigation Program.
  - B.C. government contribution: approximately \$5M

April 2018 Mitigation Funding:

- \$2.5 million to plan and undertake structural and non-structural flood-mitigation projects in various locations throughout B.C., including:
  - \$1.5 million to support local government flood-mitigation projects through the UBCM Community Emergency Preparedness Fund.
  - \$1.45 million for the Okanagan Water Basin Board to obtain aerial photos and surface topography for the entire Okanagan watershed during the current spring freshet.
  - \$500,000 for the Central Coast Regional District to develop a flood risk assessment and to model several flood scenarios in the Bella Coola Valley.
- Previous investments:
  - In March 2017, EMBC announced the investment of \$60M for flood mitigation projects in B.C. communities.
  - This followed the announcement in 2016 of \$50M of funding earmarked for 15 community hazard mitigation projects including upgrades to dikes.

If asked about Disaster Financial Assistance (DFA):

- Disaster Financial Assistance is a provincial program to help individuals and local governments recover from uninsurable disasters. The program is administered by Emergency Management BC.
- The purpose of DFA is to provide a helping hand to get people and local governments back on their feet after an uninsurable disaster.
- The eligibility criteria for DFA, which has been consistently and fairly applied since 1995, is defined according to the Emergency Program Act and Disaster Financial Assistance Regulation.
- DFA is available in the event of a disaster in respect of which the minister, or designate, has determined that disaster financial assistance may be provided.
- When this determination is made, Emergency Management BC defines the eligible dates and geographic locations, notifies affected local governments, posts this information on its website, publishes information in local papers, and attends community meetings if requested.
- For flooding disasters, DFA is available to qualifying home owners, residential tenants, small business owners, farm owners, and charitable organizations. Applicants should be aware of the following:

- Financial assistance is provided for each accepted claim at 80% of the amount of total eligible damage that exceeds \$1,000, to a maximum claim of \$300,000.
- Claims may be made in more than one category (e.g., home owner and farm owner).
- A home owner or residential tenant must show that the home is the applicant's principal residence.
- Seasonal or recreational properties, hot tubs, patios, pools, garden tools, landscaping, luxury items (like jewelry, fur coats and collectibles), and recreational items (like bicycles) are not eligible for assistance.
- Small business owners and farm owners must demonstrate the business or farm is the applicant's primary source of income.
- Charitable organizations must provide a benefit of service to the community at large.
- Assistance is also available to local governments for essential materials and to rebuild or replace essential public infrastructures to the condition it was in before the disaster. Assistance is provided for each accepted recovery claim at 80% of the amount of total eligible damage that exceeds \$1,000. There is no maximum claim.

*If asked about the impact of overland flood insurance on DFA assessments:*

- Until recently, overland flood insurance was only available for commercial buildings. The BC Government expects that within two years DFA will be available to family residences throughout B.C. Overland flood insurance is now available in certain municipalities throughout B.C.
- Disaster Financial Assistance is not applicable where flood insurance is readily and reasonably available. In communities where flood insurance has not yet been introduced, DFA is applied according to the eligibility criteria established since 1995.
- All residents or tenants who make a DFA application will be treated on a case-by-case basis and, as is normal practice, will be given a form to fill out and then present to their insurance agent or broker to determine whether the resident was offered the flood insurance option.

*If asked about support provided for the 2017 freshet:*

- EMBC supported evacuees through Emergency Social Services.
- During the 2017 freshet, EMBC coordinated the deployment of hundreds of personnel to assist communities—including technical experts from several fields and ministries. For example:
- EMBC deployed flood mitigation resources to support local authorities, including:
  - Approximately 4.4 million sandbags
  - 7.5 km of gabions (wall-like structures filled with sand)
  - 6.7 km of Tiger Dams (stackable orange tubes filled with water)
  - 9 sandbag filling machines, used in communities throughout the flood season

## **Community Emergency Preparedness Fund**

The Community Emergency Preparedness Fund (CEPF) is a suite of programs designed to enhance the resiliency of local governments and their residents. The Province provides the funding, which is administered by UBCM. In March 2017, the Ministry of Transportation & Infrastructure launched CEPF as part of an \$80 million announcement for emergency preparedness.

**Funding streams:**

- Flood Risk Assessment, Flood Mapping & Flood Mitigation Planning
- Emergency Social Services
- Emergency Operations Centres & Training
- Structural Flood Mitigation

## **Daily Update Report (new information in red):**

- The PECC will remain activated today at level 2 in support of the CTL, SEA, NEA/NWE, and SWE PREOC's.

### **PROVINCIAL WEATHER**

- A strong ridge of high-pressure building over southern BC will give sunny warm conditions for the next few days with temperatures over central and southern BC rising a degree or two each day through Tuesday. The exception is in the northwest corner of the Province where high cloud associated with a low in the Gulf of Alaska is streaming over top of the upper ridge. High temperatures will range from the upper twenties to near thirty over the southern interior to the mid-twenties over the central interior and the upper teens to low twenties over the far north.
- With the warmer temperatures, freezing levels will also rise into the 3500 to 4000 m range over the southern half of the province. The warm temperatures and rising freezing levels will lead to continued rapid snowmelt in the mountains, which will exacerbate flooding concerns across the province.

### **RIVER FORECAST CENTRE No Change**

- **Flood Warning** – Boundary, including the Kettle River, West Kettle River, Granby River and surrounding tributaries. Salmon River near Falkland/Salmon Arm. Bulkley River including tributaries around Houston, Smithers and adjacent areas.

- **Chilliwack:** An alert for 6 homes was issued due to risk of flooding. There is no risk to critical infrastructure at present.

#### **Message:**

- We must all work together to prepare for and respond to flooding and other disasters.
- During this trying time, we want British Columbians to know we will be here to help.
- Our government will assist them in any way we can.
- We're hoping for the best, but preparing for the worst. This includes shipping flood mitigation equipment and millions of sandbags to the interior to hopefully prevent the kind of flooding that we witnessed last year.
- The Province has also announced several major flood prevention and emergency preparedness projects this year, including funding for the National Disaster Flood Mitigation Program, the Community Emergency Preparedness Fund, and several other structural and non-structural flood mitigation projects throughout B.C.
- We're working with local governments to protect communities and are monitoring the increased risk closely.

#### **2018 Freshet Background:**

- A higher than normal snowpack combined with hot temperatures has led to on-going rises in river levels and flooding incidents in a number of communities across the province.
- Temperatures are expected to increase again this week contributing to more snowmelt runoff, before beginning to cool again with more precipitation expected.
- River Forecast Centre:
  - A Flood Warning is maintained for the Nazko River and West Road River
    - A **Flood Warning** means that river levels have exceeded bankfull or will exceed bankfull imminently, and that flooding of areas adjacent to the rivers affected will result.
  - Flood Watch is maintained for Central Interior including the Bonaparte River, and tributary rivers around Cache Creek, Merritt, Williams Lake, Quesnel and surrounding areas
    - A **Flood Watch** means that river levels are rising and will approach or may exceed bankfull. Flooding of areas adjacent to affected rivers may occur.
  - High streamflow advisory is maintained for central Interior including the Bonaparte River, and tributary rivers around Cache Creek, Merritt, Williams Lake, Quesnel and surrounding areas

- A **High Streamflow Advisory** means that river levels are rising or expected to rise rapidly, but that no major flooding is expected. Minor flooding in low-lying areas is possible.

Okenge:

This morning at 10 am there is a WPC conf call where you will be asked to sign-off on the WPC agenda. Grant and I will be with you on the call. You may want to postpone P & P, and spend sometime with Grant and me before the call to go over WPC items.

Given that the call is for 1 hour, DMs might be asked to give an overview of the agenda item to be presented by their Premier. As you know, for BC, it is the national pharmacare program.

s.16

Currently, a complete draft communiqué is not yet available, only some paragraphs on specific issues have been drafted. A complete draft will come later this week. To note, officials have prepared a draft letter on the importance of Canada/US Trade listing some sectors where protectionist actions are being pursued. s.16

s.16

. I will email you a copy this morning. You had questions last week about sending such letter. I will ask Jeremy to give us some background.

Do you want to postpone P & P? Alternatively, you may wish to have a P & P of 30 minutes (ie from 9 am to 9:30) and reconvene later.

Pierrette

Okenge:

This morning at 10 am there is a WPC conf call where you will be asked to sign-off on the WPC agenda. Grant and I will be with you on the call. You may want to postpone P & P, and spend sometime with Grant and me before the call to go over WPC items.

Given that the call is for 1 hour, DMs might be asked to give an overview of the agenda item to be presented by their Premier. As you know, for BC, it is the national pharmacare program.

s.16

Currently, a complete draft communiqué is not yet available, only some paragraphs on specific issues have been drafted. A complete draft will come later this week. To note, officials have prepared a draft letter on the importance of Canada/US Trade listing some sectors where protectionist actions are being pursued. s.16

s.16

I will email you a copy this morning. You had questions last week about sending such letter. I will ask Jeremy to give us some background.

Do you want to postpone P & P? Alternatively, you may wish to have a P & P of 30 minutes (ie from 9 am to 9:30) and reconvene later.

Pierrette

### **Meeting Request for Week of 28 May 2018**

Dear Mr. Yuma Morisho,

I am writing to request a follow-up meeting between yourself and Mr. Dave Butler, Director of Sustainability with Canadian Mountain Holidays (CMH) LP.

You previously spoke with Dave in late February regarding CMH's proposal into government about the new heli-ski lodge near McBride. I have attached both a "Facts and Key Messages" note that Dave previously circulated, as well as Briefing Note regarding an update on the project, for your reference.

Dave will be in **Victoria during the week of 28 May** and would greatly appreciate connecting with you again to discuss this proposed project and next steps.

I have been asked to help schedule and coordinate this discussion. If you could kindly let me know if a meeting can be accommodated, that would be greatly appreciated.

Thank you for your time in considering this request and I look forward to hearing from you.

Sincerely,

Okenge, just following up on conversations with Minister Simpson and Vanessa Geary – first, thanks for your assistance on this file. Minister Simpson has raised flags about where this project stands in Ottawa and how that might play at the CoF. I've filled in Vanessa and would appreciate whatever you can find out at the staff level about the status of the Hansen initiative federally.

Colleagues:

On February 13, 2018, I wrote to advise you that the Prime Minister had announced the launch of cross-Canada consultations to inform Canada's first-ever youth policy. As consultations wind down, I would like to re-engage with you and your colleagues to provide an update on what we are hearing, and to discuss with you our early plans for the next stages of policy development.

As you might expect, a number of the topics raised during the consultations fall within areas of provincial and territorial jurisdiction, and I believe that our continued collaboration on youth issues will be critical to ensuring that we are aligned and coordinated in our efforts.

I understand that responsibility for the youth file may vary among your governments. As we plan for a teleconference later this month, grateful if you could confirm with my office this week which Deputy Minister(s) should be invited to participate. The contact within my office would be Anne Wielinga at [Anne.Wielinga@pco-bcp.gc.ca](mailto:Anne.Wielinga@pco-bcp.gc.ca).

I look forward to our discussion.

-----  
Chers collègues,

Le 13 février 2018, je vous ai écrit pour vous informer que le premier ministre avait annoncé le lancement de consultations pancanadiennes afin d'orienter la toute première politique jeunesse du Canada. Les consultations tirent à leurs fins, et j'aimerais discuter de nouveau avec vos collègues et vous afin de faire le point sur les opinions que nous entendons et vous présenter nos plans préliminaires pour les prochaines étapes de l'élaboration de la politique.

Comme vous pouvez l'imaginer, un certain nombre des sujets soulevés au cours des consultations relèvent de la compétence des provinces et des territoires, et je crois que notre collaboration continue sur les questions touchant les jeunes sera essentielle pour assurer l'harmonisation et la coordination de nos efforts.

Je comprends que la responsabilité du dossier des jeunes peut varier d'un gouvernement à l'autre. Nous prévoyons une téléconférence plus tard ce mois-ci, et je vous serais reconnaissant de bien vouloir confirmer auprès de mon bureau cette semaine le ou les sous-ministres qui devraient être invités à participer. La personne-ressource à mon bureau serait Anne Wielinga, [Anne.Wielinga@pco-bcp.gc.ca](mailto:Anne.Wielinga@pco-bcp.gc.ca).

Au plaisir de discuter avec vous.

Hello Mr. Yumamorisho,

I just wanted to touch base and see if you had any initial feedback on the growth strategy document sent by Dylan.

Also, please note that Dylan will be having a call with yourself and the other three lead provincial Deputy Ministers regarding the western growth strategy next week.

Cheers,  
Andrew

Thank you again for your feedback and frank comments as we develop the western growth strategy.

I have had the opportunity to talk with all four western provinces and other federal departments, and I am pleased with the high level of enthusiasm for this collaboration. In fact, a number of you have already identified areas of action that could be excellent starting points for enhanced collaboration.

The most immediate challenge with the strategy is the timing. <sup>s.16</sup>

s.16

I will be engaging Minister Bains on the strategy's development, particularly the timing issue, and I will be in contact soon.

In the meantime, today Andrew Fraser will be providing a draft consultation framework document for feedback to the departmental contact whom you identified. Thank you for your helpful counsel as this evolves.

Best regards,

Dylan Jones

Hi Tim, I understand CABRO recommends a revised mandate letter go to Committee for approval because the proposed changes are substantive. The last SI meeting date before summer break is June 6<sup>th</sup>, which means CabOps would need a draft of the revised mandate letter by May 16<sup>th</sup>, and a final version, endorsed by CABRO, by May 29<sup>th</sup>. Please let me know if this timing and approach will meet your Ministry's needs.

Thanks.

Just following up again to confirm the Minister Goodale has received the Minister Farnworth's RFA and our officials are working expeditiously to accommodate the request.

Also, Minister Goodale just left your Minister a message on his phone about it.

We hope to be able to approve quickly.

Let me know if you or someone else from your Minister's Office would like to connect further.

I understand the Prime Minister and the Premier are having a call today and that a provincial state of emergency is imminent.

It would be good to establish a quick connect with Jennifer (our BC lead) or myself in the event there your officials recommend an RFA so we can facilitate quickly.

Please let me know if there's someone else in your Minister's Office we should be dealing with.

Hi Okenge,

The Ministry of Health received this FOI request from a Political Party:

*All emails, text messages, blackberry message, slack message, WhatsApp messages – excluding attachments – sent between all Assistant Deputy Ministers and their Executive/Administrative assistants (if those positions exist and were staffed at the time). (Date Range for Record Search: From 08/01/2017 To 08/31/2017)*

They identified the attached document(s) as responsive records. Please review the attached document and please let me know if you have any concerns with the disclosure of the emails you authored. Please let me know if you would prefer a hard copy version of these records.

Thanks so much!

Alison

Hi Pierrette,

I want to offer you a brief summary of the meeting that took place between Minister Dix and the FFCB on Thu 3 May. Our AC, Lucy Hansen, will be reaching out to your and Okenge's office shortly to request a short 15 minute meeting with MD on Thursday this week to follow up commitments made at the meeting.

- The results of the FFCB community consultation were reviewed and discussed. Priorities included education, social services, health, culture.
  - s.16
- 
- 
- Talked about strategies to manage the funds. FFCB does not want to be involved in the management. But, wishes to build a partnership.
- Discussed work with Résosanté re accessibility and mental health and addictions.

- Discussed recruitment and training in BC of French language teachers. FFCB affirmed that it is willing to contribute positive media to support announcements they are in agreement on.
  - Wish to have regular 30 minute meetings between MD and FFCB – next in June. (KD to arrange.)
  - Action Plan: s.16
- s.16

Let me know if you wish any further information in advance of meeting with the Minister.

Many thanks,  
Kassandra

Do you have any information on an event tomorrow, apparently a visit by the Minister of State for Child Care, Minister Chen, to a daycare in the lower mainland on Friday, May 18 to promote increased funding being made available to the Young Parents Program, which is another component of the ELCC Framework Agreement (under the Agreement \$1 million per year in federal funding is being invested over three years). It is in North Van.  
We thought this was to be a joint announcement, can you check? Merci.

**Subject:** Flood Response - Request for TEAMS Support

Hi All,

As you know, Interior of the province has been experiencing significant flood conditions and recent projections from the River Forecast Centre indicate a heightened potential risk of extreme flooding in the Lower Fraser River. These conditions are due to the high snowpack, water-resistant soils, very high temperatures, and significant rainfall events. I know that several ministries have been working tirelessly over the past few weeks on mitigation and response and I would like to take this opportunity to thank emergency response personnel supplied by your ministries for their efforts.

The situation is expected to deteriorate over the next two weeks. If the situation worsens, as we expect, increased staff support from your ministries will be required for sustained response and recovery efforts.

All ministries are asked to give high priority to requests for assistance from the Province in response to emergency events. Such requests include ensuring that your senior managers support the activation of staff participating in the Emergency Management BC (EMBC) and BC Wildfire Temporary Emergency Assignment Management System (TEAMS) programs. The TEAMS programs provide much-needed staffing to support the Province's emergency operations centres and on the ground efforts. Due to the limited number of TEAMS members, and because flooding could reach catastrophic levels in some areas, we may ask you to send staff without TEAMS training to relieve personnel in those emergency operations centres. Those staff will receive on the ground training.

Although I hope otherwise, flood response and recovery will likely last for several weeks and workload management and employee wellness will be of primary concern. I ask that your senior managers consider planning for the potential activation of some of their staff in anticipation of a request for assistance. Please treat resource requests for flooding support with the utmost urgency. This is not asked lightly, and such a request reflects the gravity of the situation.

FYI, I will be sending out an email to all staff later today which will be asking for willing participation if requested.

Once again, I would like to thank you for the assistance that EMBC has received from you and your staff. Your support of the response and recovery efforts continues to be essential as the flood situation develops.

If you have any questions, please contact Becky at (250) 953-3689 or by email at [becky.denlinger@gov.bc.ca](mailto:becky.denlinger@gov.bc.ca).

Dear Premier,

Please find attached a letter from the British Columbia Council for International Cooperation (BCCIC) addressing the Government's leadership potential on the Sustainable Development Goals (SDGs).

We would also like to invite you to our Victoria BC2030 meeting on the evening May 23rd at the University of Victoria. Co-hosted with the Victoria Foundation and the South Vancouver Island Chapter of BCCIC (SOVI), the meeting will connect community sustainability initiatives and municipal leadership with the SDGs. We would be honoured if you and your staff could attend.

Please feel free to follow-up with any questions you may have. I look forward to hearing back from you or your staff.

Sincerely,

Deborah Glaser

Okenge:

Eligibility criteria under the Canada-BC agreement on French-language services:

Eligible projects must have a matching contribution from a provincial ministry, Crown Corporation, government agency or municipality worth at least 50% of the project's French component.

- The match can be in direct funds or in-kind, or be a combination of both
- An in-kind match must be assigned a dollar value
- Funding cannot be matched with a federal government revenue source
- In-kind contributions refer to goods and services required to deliver the project you'll provide in-house
- Funding for projects is usually provided on a one year basis
- Funding for additional years can be considered provided you submit a previous year project's evaluation report

Projects must support service development, planning and delivery in five priority areas:

- Health and Social Services
- Economic Development
- Arts and Culture
- Justice
- Communications

Premier Horgan was asked one question about WPC at his education announcement in Langford:

Reporter: Premier, you're going to be in Yellowknife next week for [inaudible]. Can you say what you [inaudible] to have go on there. And also, if I can ask a side question, how do you feel about how you're going to get along with [inaudible]?

Horgan: Certainly the Western Premiers Conference is being held next week in Yellowknife. I've never been to Yellowknife. I'm looking forward to going and seeing the north for the first time, the true north for the first time. We're going to be making proposals around a national PharmaCare program. We believe that the provinces have always led the way when it comes to PharmaCare. BC, particularly, with our Fair PharmaCare, our reference-based pricing programs, has led the way for other provinces. The federal government now wants to talk about a national program. We're excited about that, but we don't want to be pushed to the side after all the work that we've done here in BC and at the provincial level, to have the federal government come in and tell us how and where and what we should be doing. So I think that's going to be the focus. Those are the initiatives that I'm bringing forward.

With respect to Premier Notley, we have a disagreement on one issue. Our values are lockstep. We have been friends for 20 years. We disagree on the Kinder Morgan pipeline. I believe largely the issue is around transporting diluted bitumen, whether by rail or whether by pipeline. And I believe that the risk of a diluted bitumen spill to our economy, to our environment is too great, and I've made that abundantly clear. I don't think there will be any surprises next week.

Colleagues,

This morning, the Draft *Principles that Guide the Province of British Columbia's Relationship with Indigenous Peoples* (the draft Principles) were released to the BC Public Service. A news release will be posted on the government [news site](#) shortly.

### Materials and Requested Communication

As committed in my May 3, 2018 email, I am providing you with a materials package to assist in further communications in your organization.

I also ask that reach out to your ministry's applicable Crown Corporations, and other associated public bodies accountable to your Minister, as well as your ministry's key stakeholders to make them aware of the draft Principles. The materials package may be used to support these conversations. MIRR senior leadership and I reached out to several stakeholder groups in advance of the Principles release, and are available to support additional discussions going forward.

A reminder that ministries were previously asked to identify a champion who will hold responsibility for plans to operationalize the Principles in your organization. Those contacts should be identified by email to Jessica Wood by May 31.

### Additional Resources

More resources are available to all BC Public Service staff on the @Work site, including FAQs and links to the UN Declaration and Calls to Action. These materials are attached in your package for Crown and stakeholder reference.

My ministry can also assist you with additional messaging and resources, if needed. Please have your corporate or internal communications team to reach out to [Tonja Joyce](#), MIRR Director of Corporate Communications.

Thank you again for your continued help in building awareness and support for the draft Principles.

Doug

From the AG's press conference just now – my thanks to Karen:

BC making some preparations to secure other sources of fuel – WA state?

\*Government is preparing for the highly unlikely possibility of AB taking reckless action of using this bill. Surprised the bill called forward in legislature let alone passed. Preparing for unlikely scenario...

Prepared to file injunction from AB using law. Second, looking for alternate sources for products that harm is minimized. Details on what any contingency plans will be released at the time. Range of contingency measures. Only talk about when and if needed.

Why keeping contingency plans private?

Don't think helpful to speculate about the highly improbable action. Rather encourage all parties to go to SCC and get matter resolved.

**Subject:** Initial Report - Code 2 DGIR – Heating Oil Spill from motor vehicle accident in Langford

For Awareness:

A traffic accident has caused a spill from truck carrying heating oil on Highway 1, at Finlayson Arm Road in Goldstream Provincial Park. The quantity of the spill is currently unknown, as is whether it is reaching any water courses. The fire department is on scene, and Drive BC currently reports the highway closed in both directions at the location. Updates to follow when more information is available.

Update 1 –

The Ministry of Environment (MOE) reports 2,300 litres of furnace oil leaking to the ditch at the site of this accident in Goldstream Provincial Park. The accident is reported to be a collision between the truck carrying heating oil and another vehicle. The truck is also carrying 2,200 litres of gasoline and 160 litres of diesel, which are not believed to be leaking at this time. An MOE response officer will be attending the site and providing further updates as required.

<https://news.gov.bc.ca/releases/2018AG0037-001013>

Attorney General David Eby has released the following statement:

“Today, we received two decisions from the B.C. Supreme Court on legal challenges related to the Trans Mountain Expansion Project.

“Both proceedings challenged the Environmental Assessment Certificate, or EAC, for the TMX Project. The petition filed by the Squamish Nation alleged that the provincial Crown did not fulfill its duty to consult them. The City of Vancouver’s petition challenged the EAC on procedural grounds.

“While the cases involved actions by the previous government, the B.C. government argued in the Squamish proceeding that the provincial Crown had fulfilled its minimum legal duty to consult the Squamish Nation. In the City of Vancouver case, the B.C. government took no position on the merits of the petition and appeared in court in order to provide the record of the government’s decision and make limited submissions on the standard of review and costs.

“We have only just received the judgements and will take the necessary time to review them.

“Our government has taken a balanced approach to defending our environment and our economy while fulfilling our legal obligations and respecting the rule of law.

“The court has made clear that these rulings have no bearing on the ongoing federal Court of Appeal case challenging the federal approval of the project.

“As there may be appeals in these cases, they remain before the courts, and we have no further comment at this time.”

Kim,

MBR is doing an interview with CBC at 10:50 (and Globe and Mail at 11:50).

Highlighted section is with AG for updating re: numbers of stores.

- I understand the U.S. has requested the establishment of a dispute settlement panel at the World Trade Organization Dispute Settlement Body regarding the sale of B.C. wine in grocery stores.
- B.C. will continue to work closely with the Government of Canada to best protect B.C.'s interests in this dispute, and in the context of our international trade obligations.

- The wine industry is an important contributor to B.C.'s economy, creating jobs and other economic benefits for British Columbians.

**If asked about B.C.-only wine and imported wine sales:**

- Trade agreements such as NAFTA and CETA allow some private wine outlets to sell only B.C. wine.
- In B.C., the number of liquor stores selling imported liquor has increased significantly since 1987, from 344 to approximately 1,116 today (1,105 stores selling imported beer, wine and spirits and 11 stores selling only imported wine).
- U.S. wines have by far the largest share of the imported wine market in B.C.
- Over the past four fiscal years, wholesale sales of U.S. wine have increased almost 32% from 2012/13 to 2016/17.

**Subject:** FLMM Input and Support for the 2030 Agenda For Sustainable Development

Dear Deputy Minister,

I am seeking your input and support as Canada prepares the implementation of the 2030 Agenda for Sustainable Development.

Partnerships play a pivotal role in the implementation of the 2030 Agenda. Provincial and Territorial governments have an important role in achieving the SDGs given exclusive or shared jurisdiction in several key policy areas that directly affect sustainable development, including poverty reduction, quality education, decent work and economic growth, and reduced inequalities. That is why I am seeking your input to Canada's Voluntary National Review so that it reflects the work underway in provinces and territories. As you may know, the Voluntary National Review is one of the primary review mechanisms for countries to show their progress on the 2030 Agenda and the SDGs. Canada is scheduled to present its Voluntary National Review at the United Nations High Level Political Forum on

Sustainable Development being held in July 2018, in New York. I have attached a backgrounder with additional information on the 2030 Agenda to this email for more information.

I am seeking information on recent initiatives and program areas that advance progress towards the achievement of the 2030 Agenda, specifically in the areas related to SDG 1 – No Poverty; SDG 4 - Quality Education; SDG 8 - Decent Work and Economic Growth; and, SDG 10 - Reduce Inequality. For example, I invite you to provide a summary on any of the following, which will inform Canada's Voluntary National Review report and presentation to the UN:

- Overall sustainable development framework or strategy;
- Projects/Initiatives that advance the SDGs that you wish to profile, including innovative approaches related to sustainable development that are making a difference in communities in your province; or that support the Agenda 2030 objective to leave no one behind; and/or
- Any challenges that your province has faced, successes achieved and lessons learned in implementing the SDGs.

I would be grateful to receive your input for the Voluntary National Review by Monday, May 28, 2018. Please submit your input and direct any questions to:

Gail Mitchell  
[gail.mitchell@hrsdc-rhdcc.gc.ca](mailto:gail.mitchell@hrsdc-rhdcc.gc.ca)  
(819) 654-3512

The Government of Canada has recently launched the Voluntary National Review Web Portal inviting Canadians to provide input on how they are helping to advance the SDGs. I would encourage you to share the following link across your networks to reach more Canadians and to ensure that their efforts are reflected throughout the report and presentation: [www.canada.ca/2030-Agenda-VNR](http://www.canada.ca/2030-Agenda-VNR).

In support of the preparations for the Voluntary National Review, Employment and Social Development Canada will also be reaching out to civil society, the private sector, Indigenous peoples, and other relevant stakeholders to ensure that their work and achievements are equally reflected throughout Canada's presentation and report. Employment and Social Development Canada officials will also reach out at the working level to facilitate the coordination of input to Canada's report.

I appreciate your support and I look forward to working more closely with you on the implementation of the 2030 Agenda moving forward.

Sincerely,

Louise Levonian  
Deputy Minister  
Employment and Social Development Canada

Cher collègue,

J'aimerais obtenir vos commentaires et votre soutien à l'aube de la mise en œuvre par le gouvernement du Canada du Programme de développement durable à l'horizon 2030.

Les partenariats jouent un rôle essentiel dans la mise en œuvre du Programme 2030. Les gouvernements provinciaux et territoriaux ont un rôle important à jouer dans l'atteinte des objectifs de développement durable, compte tenu de la compétence exclusive ou partagée associée à plusieurs secteurs de politique clés qui ont un effet direct sur le développement durable, comme la réduction de la pauvreté, l'éducation de qualité, le travail décent et la croissance économique ainsi que les inégalités réduites. Pour cette raison, j'aimerais obtenir vos commentaires dans le cadre de l'examen national volontaire du Canada pour que celui-ci reflète les travaux en cours dans les provinces et les territoires. Comme vous le savez peut-être, l'examen national volontaire est un des mécanismes d'examen principaux permettant aux pays de présenter leur progrès à l'égard du Programme 2030 et des objectifs de développement durable. Le Canada devrait présenter son examen national volontaire au Forum politique de haut niveau sur le développement durable de l'ONU qui aura lieu en juillet 2018 à New York. J'ai joint à ce courriel un document d'information contenant des renseignements supplémentaires sur le Programme 2030.

J'aimerais donc obtenir des renseignements sur les initiatives récentes et les secteurs de programme qui progressent vers l'atteinte des objectifs du Programme 2030, surtout dans les secteurs liés à l'objectif 1 – Pas de pauvreté, à l'objectif 4 – Éducation de qualité, à l'objectif 8 – Travail décent et croissance économique et à l'objectif 10 – Inégalités réduites. Par exemple, je vous invite à faire un résumé de l'un ou l'autre des éléments suivants, qui permettra d'éclairer l'élaboration du rapport et de la présentation de l'examen national volontaire du Canada pour l'ONU :

- cadre global ou stratégie générale de développement durable;
- projets ou initiatives qui font progresser les objectifs de développement durable dont vous voulez dresser le profil, comme les approches novatrices liées au développement durable qui aident à changer les choses dans les communautés de votre province ou territoire ou qui appuient l'objectif du Programme 2030 visant à ne laisser personne derrière;
- toute difficulté à laquelle votre province ou territoire a dû faire face, les réalisations et les leçons apprises dans le cadre de la mise en œuvre des objectifs.

Je souhaiterais recevoir vos commentaires pour l'examen national volontaire d'ici le lundi 28 mai, 2018. Veuillez envoyer votre réponse et poser vos questions à :

Gail Mitchell

Le gouvernement du Canada a récemment lancé un portail Web sur l'examen national volontaire qui invite les Canadiens à fournir des commentaires sur la façon dont ils aident à faire progresser les objectifs de développement durable. Je vous encourage à faire suivre le lien suivant à vos réseaux afin que nous puissions joindre plus de Canadiens et veiller à ce que leurs efforts soient reflétés dans le rapport et la présentation : [www.canada.ca/programme-2030-ENV](http://www.canada.ca/programme-2030-ENV).

Pour aider à la préparation de l'examen national volontaire, Emploi et Développement social Canada nouera le dialogue avec la société civile, le secteur privé, les peuples autochtones et d'autres intervenants pertinents pour faire en sorte que leur travail et leurs réalisations soient également pris en compte dans la présentation et le rapport du Canada. Les responsables d'Emploi et Développement social Canada communiqueront également avec les employés pour faciliter la coordination de la rétroaction dans le rapport du Canada.

Je vous remercie de votre soutien et j'ai hâte de travailler en étroite collaboration avec vous à la mise en œuvre du Programme 2030.

Cordialement,

Louise Levonian

**Subject:** FLMM Input and Support for the 2030 Agenda For Sustainable Development

Dear Deputy Minister,

I am seeking your input and support as Canada prepares the implementation of the 2030 Agenda for Sustainable Development.

Partnerships play a pivotal role in the implementation of the 2030 Agenda. Provincial and Territorial governments have an important role in achieving the SDGs given exclusive or shared jurisdiction in several key policy areas that directly affect sustainable development, including poverty reduction, quality education, decent work and economic growth, and reduced inequalities. That is why I am seeking your input to Canada's Voluntary National Review so that it reflects the work underway in provinces and territories. As you may know, the Voluntary National Review is one of the primary review mechanisms for countries to show their progress on the 2030 Agenda and the SDGs. Canada is scheduled to present its Voluntary National Review at the United Nations High Level Political Forum on Sustainable Development being held in July 2018, in New York. I have attached a backgrounder with additional information on the 2030 Agenda to this email for more information.

I am seeking information on recent initiatives and program areas that advance progress towards the achievement of the 2030 Agenda, specifically in the areas related to SDG 1 – No Poverty; SDG 4 - Quality Education; SDG 8 - Decent Work and Economic Growth; and, SDG 10 - Reduce Inequality. For example, I invite you to provide a summary on any of the following, which will inform Canada's Voluntary National Review report and presentation to the UN:

- Overall sustainable development framework or strategy;
- Projects/Initiatives that advance the SDGs that you wish to profile, including innovative approaches related to sustainable development that are making a difference in communities in your province; or that support the Agenda 2030 objective to leave no one behind; and/or
- Any challenges that your province has faced, successes achieved and lessons learned in implementing the SDGs.

I would be grateful to receive your input for the Voluntary National Review by Monday, May 28, 2018. Please submit your input and direct any questions to:

Gail Mitchell

The Government of Canada has recently launched the Voluntary National Review Web Portal inviting Canadians to provide input on how they are helping to advance the SDGs. I would encourage you to share the following link across your networks to reach more Canadians and to ensure that their efforts are reflected throughout the report and presentation: [www.canada.ca/2030-Agenda-VNR](http://www.canada.ca/2030-Agenda-VNR).

In support of the preparations for the Voluntary National Review, Employment and Social Development Canada will also be reaching out to civil society, the private sector, Indigenous peoples, and other relevant stakeholders to ensure that their work and achievements are equally reflected throughout Canada's presentation and report. Employment and Social Development Canada officials will also reach out at the working level to facilitate the coordination of input to Canada's report.

I appreciate your support and I look forward to working more closely with you on the implementation of the 2030 Agenda moving forward.

Sincerely,

Louise Levonian  
Deputy Minister

Cher collègue,

J'aimerais obtenir vos commentaires et votre soutien à l'aube de la mise en œuvre par le gouvernement du Canada du Programme de développement durable à l'horizon 2030.

Les partenariats jouent un rôle essentiel dans la mise en œuvre du Programme 2030. Les gouvernements provinciaux et territoriaux ont un rôle important à jouer dans l'atteinte des objectifs de développement durable, compte tenu de la compétence exclusive ou partagée associée à plusieurs secteurs de politique clés qui ont un effet direct sur le développement durable, comme la réduction de la pauvreté, l'éducation de qualité, le travail décent et la croissance économique ainsi que les inégalités réduites. Pour cette raison, j'aimerais obtenir vos commentaires dans le cadre de l'examen national volontaire du Canada pour que celui-ci reflète les travaux en cours dans les provinces et les territoires. Comme vous le savez peut-être, l'examen national volontaire est un des mécanismes d'examen principaux permettant aux pays de présenter leur progrès à l'égard du Programme 2030 et des objectifs de développement durable. Le Canada devrait présenter son examen national volontaire au Forum politique de haut niveau sur le développement durable de l'ONU qui aura lieu en juillet 2018 à New York. J'ai joint à ce courriel un document d'information contenant des renseignements supplémentaires sur le Programme 2030.

J'aimerais donc obtenir des renseignements sur les initiatives récentes et les secteurs de programme qui progressent vers l'atteinte des objectifs du Programme 2030, surtout dans les secteurs liés à l'objectif 1 – Pas de pauvreté, à l'objectif 4 – Éducation de qualité, à l'objectif 8 – Travail décent et croissance économique et à l'objectif 10 – Inégalités réduites. Par exemple, je vous invite à faire un résumé de l'un ou l'autre des éléments suivants, qui permettra d'éclairer l'élaboration du rapport et de la présentation de l'examen national volontaire du Canada pour l'ONU :

- cadre global ou stratégie générale de développement durable;
- projets ou initiatives qui font progresser les objectifs de développement durable dont vous voulez dresser le profil, comme les approches novatrices liées au développement durable qui aident à changer les choses dans les communautés de votre province ou territoire ou qui appuient l'objectif du Programme 2030 visant à ne laisser personne derrière;
- toute difficulté à laquelle votre province ou territoire a dû faire face, les réalisations et les leçons apprises dans le cadre de la mise en œuvre des objectifs.

Je souhaiterais recevoir vos commentaires pour l'examen national volontaire d'ici le lundi 28 mai, 2018. Veuillez envoyer votre réponse et poser vos questions à :

Colleagues,

You may have received an email from the federal government requesting information on recent B.C. initiatives and program areas that advance progress towards Canada's achievement of the 2030 Agenda for Sustainable Development (the U.N. Sustainable Development Goals) - Please see below.

I would appreciate if you could confirm whether you have received an email requesting this information and whether you were planning to reply.

In order to provide a coordinated B.C. answer to the federal government, I would be grateful if you could send me your respective responses (cc to Sukumar Periwal, Executive Director, International Relations and Strategic Policy). Should you or your staff have any questions, please contact Sukumar at 250-387-0761.

Thanks, oym

**Subject:** FLMM Input and Support for the 2030 Agenda For Sustainable Development

Dear Deputy Minister,

I am seeking your input and support as Canada prepares the implementation of the 2030 Agenda for Sustainable Development.

Partnerships play a pivotal role in the implementation of the 2030 Agenda. Provincial and Territorial governments have an important role in achieving the SDGs given exclusive or shared jurisdiction in several key policy areas that directly affect sustainable development, including poverty reduction, quality education, decent work and economic growth, and reduced inequalities. That is why I am seeking your input to Canada's Voluntary National Review so that it reflects the work underway in provinces and territories. As you may know, the Voluntary National Review is one of the primary review mechanisms for countries to show their progress on the 2030 Agenda and the SDGs. Canada is scheduled to present its Voluntary National Review at the United Nations High Level Political Forum on Sustainable Development being held in July 2018, in New York. I have attached a backgrounder with additional information on the 2030 Agenda to this email for more information.

I am seeking information on recent initiatives and program areas that advance progress towards the achievement of the 2030 Agenda, specifically in the areas related to SDG 1 – No Poverty; SDG 4 - Quality Education; SDG 8 - Decent Work and Economic Growth; and, SDG 10 - Reduce Inequality. For example, I invite you to provide a summary on any of the following, which will inform Canada's Voluntary National Review report and presentation to the UN:

- Overall sustainable development framework or strategy;
- Projects/Initiatives that advance the SDGs that you wish to profile, including innovative approaches related to sustainable development that are making a difference in communities in your province; or that support the Agenda 2030 objective to leave no one behind; and/or
- Any challenges that your province has faced, successes achieved and lessons learned in implementing the SDGs.

I would be grateful to receive your input for the Voluntary National Review by Monday, May 28, 2018. Please submit your input and direct any questions to:

Gail Mitchell  
[gail.mitchell@hrsdc-rhdcc.gc.ca](mailto:gail.mitchell@hrsdc-rhdcc.gc.ca)  
(819) 654-3512

The Government of Canada has recently launched the Voluntary National Review Web Portal inviting Canadians to provide input on how they are helping to advance the SDGs. I would encourage you to share the following link across your networks to reach more Canadians and to ensure that their efforts are reflected throughout the report and presentation: [www.canada.ca/2030-Agenda-VNR](http://www.canada.ca/2030-Agenda-VNR).

In support of the preparations for the Voluntary National Review, Employment and Social Development Canada will also be reaching out to civil society, the private sector, Indigenous peoples, and other relevant stakeholders to ensure that their work and achievements are equally reflected throughout Canada's presentation and report. Employment and Social Development Canada officials will also reach out at the working level to facilitate the coordination of input to Canada's report.

I appreciate your support and I look forward to working more closely with you on the implementation of the 2030 Agenda moving forward.

Sincerely,

Louise Levonian  
Deputy Minister  
Employment and Social Development Canada

Cher collègue,

J'aimerais obtenir vos commentaires et votre soutien à l'aube de la mise en œuvre par le gouvernement du Canada du Programme de développement durable à l'horizon 2030.

Les partenariats jouent un rôle essentiel dans la mise en œuvre du Programme 2030. Les gouvernements provinciaux et territoriaux ont un rôle important à jouer dans l'atteinte des objectifs de développement durable, compte tenu de la compétence exclusive ou partagée associée à plusieurs secteurs de politique clés qui ont un effet direct sur le développement durable, comme la réduction de la pauvreté, l'éducation de qualité, le travail décent et la croissance économique ainsi que les inégalités réduites. Pour cette raison, j'aimerais obtenir vos commentaires dans le cadre de l'examen national volontaire du Canada pour que celui-ci reflète les travaux en cours dans les provinces et les territoires. Comme vous le savez peut-être, l'examen national volontaire est un des mécanismes d'examen principaux permettant aux pays de présenter leur progrès à l'égard du Programme 2030 et des objectifs de développement durable. Le Canada devrait présenter son examen national volontaire au Forum politique de haut niveau sur le développement durable de l'ONU qui aura lieu en juillet 2018 à New York. J'ai joint à ce courriel un document d'information contenant des renseignements supplémentaires sur le Programme 2030.

J'aimerais donc obtenir des renseignements sur les initiatives récentes et les secteurs de programme qui progressent vers l'atteinte des objectifs du Programme 2030, surtout dans les secteurs liés à l'objectif 1 – Pas de pauvreté, à l'objectif 4 – Éducation de qualité, à l'objectif 8 – Travail décent et croissance économique et à l'objectif 10 – Inégalités réduites. Par exemple, je vous invite à faire un résumé de l'un ou l'autre des éléments suivants, qui permettra d'éclairer l'élaboration du rapport et de la présentation de l'examen national volontaire du Canada pour l'ONU :

- cadre global ou stratégie générale de développement durable;
- projets ou initiatives qui font progresser les objectifs de développement durable dont vous voulez dresser le profil, comme les approches novatrices liées au développement durable qui aident à changer les choses dans les communautés de votre province ou territoire ou qui appuient l'objectif du Programme 2030 visant à ne laisser personne derrière;
- toute difficulté à laquelle votre province ou territoire a dû faire face, les réalisations et les leçons apprises dans le cadre de la mise en œuvre des objectifs.

Je souhaiterais recevoir vos commentaires pour l'examen national volontaire d'ici le lundi 28 mai, 2018. Veuillez envoyer votre réponse et poser vos questions à :

Gail Mitchell  
[gail.mitchell@hrsdcc-rhdcc.gc.ca](mailto:gail.mitchell@hrsdcc-rhdcc.gc.ca)  
819-654-3512

Le gouvernement du Canada a récemment lancé un portail Web sur l'examen national volontaire qui invite les Canadiens à fournir des commentaires sur la façon dont ils aident à faire progresser les objectifs de développement durable. Je vous encourage à faire suivre le lien suivant à vos réseaux afin que nous puissions joindre plus de Canadiens et veiller à ce que leurs efforts soient reflétés dans le rapport et la présentation : [www.canada.ca/programme-2030-ENV](http://www.canada.ca/programme-2030-ENV).

Pour aider à la préparation de l'examen national volontaire, Emploi et Développement social Canada nouera le dialogue avec la société civile, le secteur privé, les peuples autochtones et d'autres intervenants pertinents pour faire en sorte que leur travail et leurs réalisations soient également pris en compte dans la présentation et le rapport du Canada. Les responsables d'Emploi et Développement social Canada communiqueront également avec les employés pour faciliter la coordination de la rétroaction dans le rapport du Canada.

Je vous remercie de votre soutien et j'ai hâte de travailler en étroite collaboration avec vous à la mise en œuvre du Programme 2030.

Cordialement,

Louise Levonian  
Sous-ministre  
Emploi et Développement social Canada

Colleagues:

On February 13, 2018, I wrote to advise you that the Prime Minister had announced the launch of cross-Canada consultations to inform Canada's first-ever youth policy. As consultations wind down, I would like to re-engage with you and your colleagues to provide an update on what we are hearing, and to discuss with you our early plans for the next stages of policy development.

As you might expect, a number of the topics raised during the consultations fall within areas of provincial and territorial jurisdiction, and I believe that our continued collaboration on youth issues will be critical to ensuring that we are aligned and coordinated in our efforts.

I understand that responsibility for the youth file may vary among your governments. As we plan for a teleconference later this month, grateful if you could confirm with my office this week which Deputy Minister(s) should be invited to participate. The contact within my office would be Anne Wielinga at [Anne.Wielinga@pco-bcp.gc.ca](mailto:Anne.Wielinga@pco-bcp.gc.ca).

I look forward to our discussion.

Chers collègues,

Le 13 février 2018, je vous ai écrit pour vous informer que le premier ministre avait annoncé le lancement de consultations pancanadiennes afin d'orienter la toute première politique jeunesse du Canada. Les consultations tirent à leurs fins, et j'aimerais discuter de nouveau avec vos collègues et vous afin de faire le point sur les opinions que nous entendons et vous présenter nos plans préliminaires pour les prochaines étapes de l'élaboration de la politique.

Comme vous pouvez l'imaginer, un certain nombre des sujets soulevés au cours des consultations relèvent de la compétence des provinces et des territoires, et je crois que notre collaboration continue sur les questions touchant les jeunes sera essentielle pour assurer l'harmonisation et la coordination de nos efforts.

Je comprends que la responsabilité du dossier des jeunes peut varier d'un gouvernement à l'autre. Nous prévoyons une téléconférence plus tard ce mois-ci, et je vous serais reconnaissant de bien vouloir confirmer auprès de mon bureau cette semaine le ou les sous-ministres qui devraient être invités à participer. La personne-ressource à mon bureau serait Anne Wielinga, [Anne.Wielinga@pco-bcp.gc.ca](mailto:Anne.Wielinga@pco-bcp.gc.ca).

Au plaisir de discuter avec vous.

Colleagues,

You may have received an email from the federal government requesting information on recent B.C. initiatives and program areas that advance progress towards Canada's achievement of the 2030 Agenda for Sustainable Development (the U.N. Sustainable Development Goals) - Please see below.

I would appreciate if you could confirm whether you have received an email requesting this information and whether you were planning to reply.

In order to provide a coordinated B.C. answer to the federal government, I would be grateful if you could send me your respective responses (cc to Sukumar Periwal, Executive Director, International Relations and Strategic Policy). Should you or your staff have any questions, please contact Sukumar at 250-387-0761.

Thanks, oym

**Subject:** FLMM Input and Support for the 2030 Agenda For Sustainable Development

Dear Deputy Minister,

I am seeking your input and support as Canada prepares the implementation of the 2030 Agenda for Sustainable Development.

Partnerships play a pivotal role in the implementation of the 2030 Agenda. Provincial and Territorial governments have an important role in achieving the SDGs given exclusive or shared jurisdiction in several key policy areas that directly affect sustainable development, including poverty reduction, quality education, decent work and economic growth, and reduced inequalities. That is why I am seeking your input to Canada's Voluntary National Review so that it reflects the work underway in provinces and territories. As you may know, the Voluntary National Review is one of the primary review mechanisms for countries to show their progress on the 2030 Agenda and the SDGs. Canada is scheduled to present its Voluntary National Review at the United Nations High Level Political Forum on Sustainable Development being held in July 2018, in New York. I have attached a backgrounder with additional information on the 2030 Agenda to this email for more information.

I am seeking information on recent initiatives and program areas that advance progress towards the achievement of the 2030 Agenda, specifically in the areas related to SDG 1 – No Poverty; SDG 4 - Quality Education; SDG 8 - Decent Work and Economic Growth; and, SDG 10 - Reduce Inequality. For example, I invite you to provide a summary on any of the following, which will inform Canada's Voluntary National Review report and presentation to the UN:

- Overall sustainable development framework or strategy;
- Projects/Initiatives that advance the SDGs that you wish to profile, including innovative approaches related to sustainable development that are making a difference in communities in your province; or that support the Agenda 2030 objective to leave no one behind; and/or
- Any challenges that your province has faced, successes achieved and lessons learned in implementing the SDGs.

I would be grateful to receive your input for the Voluntary National Review by Monday, May 28, 2018. Please submit your input and direct any questions to:

Gail Mitchell  
[gail.mitchell@hrsdc-rhdcc.gc.ca](mailto:gail.mitchell@hrsdc-rhdcc.gc.ca)  
(819) 654-3512

The Government of Canada has recently launched the Voluntary National Review Web Portal inviting Canadians to provide input on how they are helping to advance the SDGs. I would encourage you to share the following link across your networks to reach more Canadians and to ensure that their efforts are reflected throughout the report and presentation: [www.canada.ca/2030-Agenda-VNR](http://www.canada.ca/2030-Agenda-VNR).

In support of the preparations for the Voluntary National Review, Employment and Social Development Canada will also be reaching out to civil society, the private sector, Indigenous peoples, and other relevant stakeholders to ensure that their work and achievements are equally reflected throughout Canada's presentation and report. Employment and Social Development Canada officials will also reach out at the working level to facilitate the coordination of input to Canada's report.

I appreciate your support and I look forward to working more closely with you on the implementation of the 2030 Agenda moving forward.

Sincerely,

Louise Levonian  
Deputy Minister  
Employment and Social Development Canada

Cher collègue,

J'aimerais obtenir vos commentaires et votre soutien à l'aube de la mise en œuvre par le gouvernement du Canada du Programme de développement durable à l'horizon 2030.

Les partenariats jouent un rôle essentiel dans la mise en œuvre du Programme 2030. Les gouvernements provinciaux et territoriaux ont un rôle important à jouer dans l'atteinte des objectifs de développement durable, compte tenu de la compétence exclusive ou partagée associée à plusieurs secteurs de politique clés qui ont un effet direct sur le développement durable, comme la réduction de la pauvreté, l'éducation de qualité, le travail décent et la croissance économique ainsi que les inégalités réduites. Pour cette raison, j'aimerais obtenir vos commentaires dans le cadre de l'examen national volontaire du Canada pour que celui-ci reflète les travaux en cours dans les provinces et les territoires. Comme vous le savez peut-être, l'examen national volontaire est un des mécanismes d'examen principaux permettant aux pays de présenter leur progrès à l'égard du Programme 2030 et des objectifs de développement durable. Le Canada devrait présenter son examen national volontaire au Forum politique de haut niveau sur le développement durable de l'ONU qui aura lieu en juillet 2018 à New York. J'ai joint à ce courriel un document d'information contenant des renseignements supplémentaires sur le Programme 2030.

J'aimerais donc obtenir des renseignements sur les initiatives récentes et les secteurs de programme qui progressent vers l'atteinte des objectifs du Programme 2030, surtout dans les secteurs liés à l'objectif 1 – Pas de pauvreté, à l'objectif 4 – Éducation de qualité, à l'objectif 8 – Travail décent et croissance économique et à l'objectif 10 – Inégalités réduites. Par exemple, je vous invite à faire un résumé de l'un ou l'autre des éléments suivants, qui permettra d'éclairer l'élaboration du rapport et de la présentation de l'examen national volontaire du Canada pour l'ONU :

- cadre global ou stratégie générale de développement durable;
- projets ou initiatives qui font progresser les objectifs de développement durable dont vous voulez dresser le profil, comme les approches novatrices liées au développement durable qui aident à changer les choses dans les communautés de votre province ou territoire ou qui appuient l'objectif du Programme 2030 visant à ne laisser personne derrière;
- toute difficulté à laquelle votre province ou territoire a dû faire face, les réalisations et les leçons apprises dans le cadre de la mise en œuvre des objectifs.

Je souhaiterais recevoir vos commentaires pour l'examen national volontaire d'ici le lundi 28 mai, 2018. Veuillez envoyer votre réponse et poser vos questions à :

Gail Mitchell  
[gail.mitchell@hrsdcc-rhdcc.gc.ca](mailto:gail.mitchell@hrsdcc-rhdcc.gc.ca)  
819-654-3512

Le gouvernement du Canada a récemment lancé un portail Web sur l'examen national volontaire qui invite les Canadiens à fournir des commentaires sur la façon dont ils aident à faire progresser les objectifs de développement durable. Je vous encourage à faire suivre le lien suivant à vos réseaux afin que nous puissions joindre plus de Canadiens et veiller à ce que leurs efforts soient reflétés dans le rapport et la présentation : [www.canada.ca/programme-2030-ENV](http://www.canada.ca/programme-2030-ENV).

Pour aider à la préparation de l'examen national volontaire, Emploi et Développement social Canada nouera le dialogue avec la société civile, le secteur privé, les peuples autochtones et d'autres intervenants pertinents pour faire en sorte que leur travail et leurs réalisations soient également pris en compte dans la présentation et le rapport du Canada. Les responsables d'Emploi et Développement social Canada communiqueront également avec les employés pour faciliter la coordination de la rétroaction dans le rapport du Canada.

Je vous remercie de votre soutien et j'ai hâte de travailler en étroite collaboration avec vous à la mise en œuvre du Programme 2030.

Cordialement,

Louise Levonian  
Sous-ministre  
Emploi et Développement social Canada

Happy Monday everyone! Hope you all had a great week-end.

I am delighted to officially inform you that, based on our 2018 WES results, IGRS has been named one of the **50 Top Work Units** and has been shortlisted as semi-finalist to apply for a **10 Best Places to Work** award.

Each one of you should be very proud of the work environment you are creating every day. . . AND, I am sure you would all agree with me that we owe special thanks to Pierrette for her leadership.

Please find attached IGRS's 2018 WES report. I encourage you to discuss the results with your colleagues and if you have any ideas for areas we should focus on please share them. Your Executive team will also discuss the results and see what we can do to address any challenges and celebrate our successes. These results will help us continue to make positive improvements in our work environment.

I am truly grateful for the opportunity to serve with you. CONGRATULATIONS!!!

oym

Good Afternoon,

I'm pleased to share IGRS's 2018 work environment survey (WES) report. I'm honoured to let you know that IGRS is one of the **50 Top Work Units** and has been shortlisted as semi-finalist to apply for a **10 Best Places to Work award**. These results are a reflection of the outstanding team we make. You should be proud of the work environment we've built together. I invite you to use the attached image in your signature block to show your pride of being a part of the IGRS team.

Where ideas work

I encourage you to discuss the WES scores results with your colleagues and if you have any ideas for areas we should focus on please share them. Your Executive team will also discuss the results and see what we can do to address any challenges and celebrate our successes. These results will help IGRS continue to make positive improvements in our work environment.

Congratulations on building and maintaining such outstanding levels of engagement.

All the best,

Okenge

**Importance:** High

Hi everyone,

In follow up to the announcement of your organizations' 2018 Top Work Unit (TWU) winner – attached are TWU images which should be shared with each of your winning units. These images are intended for use in their signature block and for promotional/celebratory use (e.g. job descriptions, intranet sites).

Where ideas work

Top Work Unit awards (certificates) will be delivered during Public Service Week (June 11-15), to the contact you specified.

Each TWU will receive **1 framed certificate, and 2 unframed copies**. The copies can be shared with other TWU offices (in the case of multiple groups/locations), or with your DMO, etc. It is up to the work unit's discretion how they wish to share these certificates out.

If you have any further questions about the Top Work Unit or 10 Best award programs, please don't hesitate to contact me.

Thank you!

Gillian

**Subject:** FLMM Input and Support for the 2030 Agenda For Sustainable Development

Dear Deputy Minister,

I am seeking your input and support as Canada prepares the implementation of the 2030 Agenda for Sustainable Development.

Partnerships play a pivotal role in the implementation of the 2030 Agenda. Provincial and Territorial governments have an important role in achieving the SDGs given exclusive or shared jurisdiction in several key policy areas that directly affect sustainable development, including poverty reduction, quality education, decent work and economic growth, and reduced inequalities. That is why I am seeking your input to Canada's Voluntary National Review so that it reflects the work underway in provinces and territories. As you may know, the Voluntary National Review is one of the primary review mechanisms for countries to show their progress on the 2030 Agenda and the SDGs. Canada is scheduled to present its Voluntary National Review at the United Nations High Level Political Forum on Sustainable Development being held in July 2018, in New York. I have attached a backgrounder with additional information on the 2030 Agenda to this email for more information.

I am seeking information on recent initiatives and program areas that advance progress towards the achievement of the 2030 Agenda, specifically in the areas related to SDG 1 – No Poverty; SDG 4 - Quality Education; SDG 8 - Decent Work and Economic Growth; and, SDG 10 - Reduce Inequality. For example, I invite you to provide a summary on any of the following, which will inform Canada's Voluntary National Review report and presentation to the UN:

- Overall sustainable development framework or strategy;
- Projects/Initiatives that advance the SDGs that you wish to profile, including innovative approaches related to sustainable development that are making a difference in communities in your province; or that support the Agenda 2030 objective to leave no one behind; and/or
- Any challenges that your province has faced, successes achieved and lessons learned in implementing the SDGs.

I would be grateful to receive your input for the Voluntary National Review by Monday, May 28, 2018. Please submit your input and direct any questions to:

Gail Mitchell  
[gail.mitchell@hrsdc-rhdcc.gc.ca](mailto:gail.mitchell@hrsdc-rhdcc.gc.ca)  
(819) 654-3512

The Government of Canada has recently launched the Voluntary National Review Web Portal inviting Canadians to provide input on how they are helping to advance the SDGs. I would encourage you to

share the following link across your networks to reach more Canadians and to ensure that their efforts are reflected throughout the report and presentation: [www.canada.ca/2030-Agenda-VNR](http://www.canada.ca/2030-Agenda-VNR).

In support of the preparations for the Voluntary National Review, Employment and Social Development Canada will also be reaching out to civil society, the private sector, Indigenous peoples, and other relevant stakeholders to ensure that their work and achievements are equally reflected throughout Canada's presentation and report. Employment and Social Development Canada officials will also reach out at the working level to facilitate the coordination of input to Canada's report.

I appreciate your support and I look forward to working more closely with you on the implementation of the 2030 Agenda moving forward.

Sincerely,

Louise Levonian  
Deputy Minister  
Employment and Social Development Canada

Cher collègue,

J'aimerais obtenir vos commentaires et votre soutien à l'aube de la mise en œuvre par le gouvernement du Canada du [Programme de développement durable à l'horizon 2030](#).

Les partenariats jouent un rôle essentiel dans la mise en œuvre du Programme 2030. Les gouvernements provinciaux et territoriaux ont un rôle important à jouer dans l'atteinte des objectifs de développement durable, compte tenu de la compétence exclusive ou partagée associée à plusieurs secteurs de politique clés qui ont un effet direct sur le développement durable, comme la réduction de la pauvreté, l'éducation de qualité, le travail décent et la croissance économique ainsi que les inégalités réduites. Pour cette raison, j'aimerais obtenir vos commentaires dans le cadre de l'examen national volontaire du Canada pour que celui-ci reflète les travaux en cours dans les provinces et les territoires. Comme vous le savez peut-être, l'examen national volontaire est un des mécanismes d'examen principaux permettant aux pays de présenter leur progrès à l'égard du Programme 2030 et des objectifs de développement durable. Le Canada devrait présenter son examen national volontaire au Forum politique de haut niveau sur le développement durable de l'ONU qui aura lieu en juillet 2018 à New York. J'ai joint à ce courriel un document d'information contenant des renseignements supplémentaires sur le Programme 2030.

J'aimerais donc obtenir des renseignements sur les initiatives récentes et les secteurs de programme qui progressent vers l'atteinte des objectifs du Programme 2030, surtout dans les secteurs liés à l'objectif 1 – Pas de pauvreté, à l'objectif 4 – Éducation de qualité, à l'objectif 8 – Travail décent et croissance économique et à l'objectif 10 – Inégalités réduites. Par exemple, je vous invite à faire un résumé de l'un ou l'autre des éléments suivants, qui permettra d'éclairer l'élaboration du rapport et de la présentation de l'examen national volontaire du Canada pour l'ONU :

- cadre global ou stratégie générale de développement durable;
- projets ou initiatives qui font progresser les objectifs de développement durable dont vous voulez dresser le profil, comme les approches novatrices liées au développement durable qui aident à changer les choses dans les communautés de votre province ou territoire ou qui appuient l'objectif du Programme 2030 visant à ne laisser personne derrière;

- toute difficulté à laquelle votre province ou territoire a dû faire face, les réalisations et les leçons apprises dans le cadre de la mise en œuvre des objectifs.

Je souhaiterais recevoir vos commentaires pour l'examen national volontaire d'ici le lundi 28 mai, 2018. Veuillez envoyer votre réponse et poser vos questions à :

Gail Mitchell  
[gail.mitchell@hrsdc-rhdcc.gc.ca](mailto:gail.mitchell@hrsdc-rhdcc.gc.ca)  
819-654-3512

Le gouvernement du Canada a récemment lancé un portail Web sur l'examen national volontaire qui invite les Canadiens à fournir des commentaires sur la façon dont ils aident à faire progresser les objectifs de développement durable. Je vous encourage à faire suivre le lien suivant à vos réseaux afin que nous puissions joindre plus de Canadiens et veiller à ce que leurs efforts soient reflétés dans le rapport et la présentation : [www.canada.ca/programme-2030-ENV](http://www.canada.ca/programme-2030-ENV).

Pour aider à la préparation de l'examen national volontaire, Emploi et Développement social Canada nouera le dialogue avec la société civile, le secteur privé, les peuples autochtones et d'autres intervenants pertinents pour faire en sorte que leur travail et leurs réalisations soient également pris en compte dans la présentation et le rapport du Canada. Les responsables d'Emploi et Développement social Canada communiqueront également avec les employés pour faciliter la coordination de la rétroaction dans le rapport du Canada.

Je vous remercie de votre soutien et j'ai hâte de travailler en étroite collaboration avec vous à la mise en œuvre du Programme 2030.

Cordialement,

Louise Levonian  
Sous-ministre  
Emploi et Développement social Canada

### 17/18 IGRS Surplus

- Reduced salaries (Employee Leave Liability & Staffing delays)
- Benefits are linked to salary costs (since salary costs are down = benefit costs are down)
- Partly MGC (we forecasted but didn't incur some MGC admin costs)
- LG Installation ceremony was delayed until fiscal 18/19
- Visit costs were down (No big visits)
- Plus we recovered for 1 extra Welcome to the Public Service

Sincerely,

Colleagues,

You may have received an email from the federal government requesting information on recent B.C. initiatives and program areas that advance progress towards Canada's achievement of the 2030 Agenda for Sustainable Development (the U.N. Sustainable Development Goals) - Please see below.

I would appreciate if you could confirm whether you have received an email requesting this information and whether you were planning to reply.

In order to provide a coordinated B.C. answer to the federal government, I would be grateful if you could send me your respective responses (cc to Sukumar Periwal, Executive Director, International Relations and Strategic Policy). Should you or your staff have any questions, please contact Sukumar at 250-387-0761.

Thanks, oym

**Subject:** FLMM Input and Support for the 2030 Agenda For Sustainable Development

Dear Deputy Minister,

I am seeking your input and support as Canada prepares the implementation of the 2030 Agenda for Sustainable Development.

Partnerships play a pivotal role in the implementation of the 2030 Agenda. Provincial and Territorial governments have an important role in achieving the SDGs given exclusive or shared jurisdiction in several key policy areas that directly affect sustainable development, including poverty reduction, quality education, decent work and economic growth, and reduced inequalities. That is why I am seeking your input to Canada's Voluntary National Review so that it reflects the work underway in provinces and territories. As you may know, the Voluntary National Review is one of the primary review mechanisms for countries to show their progress on the 2030 Agenda and the SDGs. Canada is scheduled to present its Voluntary National Review at the United Nations High Level Political Forum on Sustainable Development being held in July 2018, in New York. I have attached a backgrounder with additional information on the 2030 Agenda to this email for more information.

I am seeking information on recent initiatives and program areas that advance progress towards the achievement of the 2030 Agenda, specifically in the areas related to SDG 1 – No Poverty; SDG 4 - Quality Education; SDG 8 - Decent Work and Economic Growth; and, SDG 10 - Reduce Inequality. For example, I invite you to provide a summary on any of the following, which will inform Canada's Voluntary National Review report and presentation to the UN:

- Overall sustainable development framework or strategy;
- Projects/Initiatives that advance the SDGs that you wish to profile, including innovative approaches related to sustainable development that are making a difference in communities in your province; or that support the Agenda 2030 objective to leave no one behind; and/or
- Any challenges that your province has faced, successes achieved and lessons learned in implementing the SDGs.

I would be grateful to receive your input for the Voluntary National Review by Monday, May 28, 2018. Please submit your input and direct any questions to:

The Government of Canada has recently launched the Voluntary National Review Web Portal inviting Canadians to provide input on how they are helping to advance the SDGs. I would encourage you to share the following link across your networks to reach more Canadians and to ensure that their efforts are reflected throughout the report and presentation: [www.canada.ca/2030-Agenda-VNR](http://www.canada.ca/2030-Agenda-VNR).

In support of the preparations for the Voluntary National Review, Employment and Social Development Canada will also be reaching out to civil society, the private sector, Indigenous peoples, and other relevant stakeholders to ensure that their work and achievements are equally reflected throughout Canada's presentation and report. Employment and Social Development Canada officials will also reach out at the working level to facilitate the coordination of input to Canada's report.

I appreciate your support and I look forward to working more closely with you on the implementation of the 2030 Agenda moving forward.

Sincerely,

Louise Levonian  
Deputy Minister  
Employment and Social Development Canada

Cher collègue,

J'aimerais obtenir vos commentaires et votre soutien à l'aube de la mise en œuvre par le gouvernement du Canada du Programme de développement durable à l'horizon 2030.

Les partenariats jouent un rôle essentiel dans la mise en œuvre du Programme 2030. Les gouvernements provinciaux et territoriaux ont un rôle important à jouer dans l'atteinte des objectifs de développement durable, compte tenu de la compétence exclusive ou partagée associée à plusieurs secteurs de politique clés qui ont un effet direct sur le développement durable, comme la réduction de la pauvreté, l'éducation de qualité, le travail décent et la croissance économique ainsi que les inégalités réduites. Pour cette raison, j'aimerais obtenir vos commentaires dans le cadre de l'examen national volontaire du Canada pour que celui-ci reflète les travaux en cours dans les provinces et les territoires. Comme vous le savez peut-être, l'examen national volontaire est un des mécanismes d'examen principaux permettant aux pays de présenter leur progrès à l'égard du Programme 2030 et des objectifs de développement durable. Le Canada devrait présenter son examen national volontaire au Forum politique de haut niveau sur le développement durable de l'ONU qui aura lieu en juillet 2018 à New York. J'ai joint à ce courriel un document d'information contenant des renseignements supplémentaires sur le Programme 2030.

J'aimerais donc obtenir des renseignements sur les initiatives récentes et les secteurs de programme qui progressent vers l'atteinte des objectifs du Programme 2030, surtout dans les secteurs liés à l'objectif 1 – Pas de pauvreté, à l'objectif 4 – Éducation de qualité, à l'objectif 8 – Travail décent et croissance économique et à l'objectif 10 – Inégalités réduites. Par exemple, je vous invite à faire un résumé de l'un ou l'autre des éléments suivants, qui permettra d'éclairer l'élaboration du rapport et de la présentation de l'examen national volontaire du Canada pour l'ONU :

- cadre global ou stratégie générale de développement durable;
- projets ou initiatives qui font progresser les objectifs de développement durable dont vous voulez dresser le profil, comme les approches novatrices liées au développement durable qui aident à changer les choses dans les communautés de votre province ou territoire ou qui appuient l'objectif du Programme 2030 visant à ne laisser personne derrière;
- toute difficulté à laquelle votre province ou territoire a dû faire face, les réalisations et les leçons apprises dans le cadre de la mise en œuvre des objectifs.

Je souhaiterais recevoir vos commentaires pour l'examen national volontaire d'ici le lundi 28 mai, 2018. Veuillez envoyer votre réponse et poser vos questions à :

Gail Mitchell  
[gail.mitchell@hrsdc-rhdcc.gc.ca](mailto:gail.mitchell@hrsdc-rhdcc.gc.ca)  
819-654-3512

Le gouvernement du Canada a récemment lancé un portail Web sur l'examen national volontaire qui invite les Canadiens à fournir des commentaires sur la façon dont ils aident à faire progresser les objectifs de développement durable. Je vous encourage à faire suivre le lien suivant à vos réseaux afin que nous puissions joindre plus de Canadiens et veiller à ce que leurs efforts soient reflétés dans le rapport et la présentation : [www.canada.ca/programme-2030-ENV](http://www.canada.ca/programme-2030-ENV).

Pour aider à la préparation de l'examen national volontaire, Emploi et Développement social Canada nouera le dialogue avec la société civile, le secteur privé, les peuples autochtones et d'autres intervenants pertinents pour faire en sorte que leur travail et leurs réalisations soient également pris en compte dans la présentation et le rapport du Canada. Les responsables d'Emploi et Développement social Canada communiqueront également avec les employés pour faciliter la coordination de la rétroaction dans le rapport du Canada.

Je vous remercie de votre soutien et j'ai hâte de travailler en étroite collaboration avec vous à la mise en œuvre du Programme 2030.

Cordialement,

Louise Levonian  
Sous-ministre  
Emploi et Développement social Canada

*Hello Okenge,*

*Please see the below request and please let me know by June 11 whether or not you have any records:*

**Canvassed: Okenge Yuma Morisho**

Please note we have now found the easiest way for you to send us records is to highlight the emails, drag and drop them directly onto the LAN. Please call Alison when you are ready to proceed and she will assist you.

---

*Records of any and all emails (excluding attachments), text messages, BBMs, slack messages, and WhatsApp messages sent.*

*(Date Range for Record Search: **03/01/2018 To 03/31/2018**)*

---

*UPDATE: It is no longer necessary to send records as a PDF. Please send records in whatever way is most convenient.*

*If you think that the search for records will take you over 1 hour and/or the total volume of records will exceed 100 pages, please let me know as soon as possible.*

*Thank you all for your assistance with this request! If you have any questions please don't hesitate to contact me.*
