The stuff in the Cabinet book today was just spring. There is a placeholder for ridesharing in fall.

Suzanne, just looking at the latest leg agenda and have the following thoughts:

- don't see a placeholder for ride-sharing, which would be in the fall;

Thanks for following up with this Jacquie.

I'm not sure that regulation and land use/zoning would necessarily be in the federal wheelhouse? Would it be enough to broaden to incentive and tax measures?

As we discussed this morning, provided discussions have been engaged on an officials level, perhaps with some outreach by the Minister, there's no deadline to have a letter sent to the federal Minister before Jan 13.

That said, could you circulate the draft letter when you have it?

Thanks

Suzanne

Doug Page is my go to on this subject.

I will connect with him to advance this, as per the direction below.

Can I suggest that the focus be on coordinated measures to create more purpose built rental housing, including:

- Incentives
- Supportive regulation
- Tax measures
- Effective Land-use and zoning

s.13,s.16

The would be an acknowledgement that governments cannot build their way out of this \ and we need to use every tool available to us (collectively) to see more purpose built rental housing constructed by the private sector.

There is some consideration of including wildfire work and recovery investments as a 'featured' item in the budget materials. But first it would require a good summary of what's gone on, and what's coming up.

Can I ask you guys to assemble a list – starting with investments in firefighting, emergency social services and health etc etc, and then moving to business and farm grants already given, and things planned for 2018?

Once assembled, it will allow the budget team to consider whether it fits the bill.

Would it be possible to get it by end of day Friday or first thing Monday?

Thanks in advance

Hi Jill,

I'm heading into meetings, but let me respond in writing for now.

Sorry, I meant to call you after I spoke to Grant Main, but forgot. Yes **s.13**
s.13 I don't have a timed Cabinet agenda yet, but I suggested to
Cab Ops that it might be later in the meeting, and Grant and his Minister are coming back from Ottawa the day before,
arriving quite late.

I don't have any concerns if the Feb 14th item needs to move.

Hope this helps

Hi Suzanne,
There are two things I wanted to discuss with you:

1. We have our cabinet date for procurement overview of January 31. I have heard today that Transportation is attending with us to discuss **s.12,s.13** (I believe you are aware of this). Have you got any sense of time on the agenda or is this something I should discuss with Cab Ops? Obviously if we're including Transportation we may need to shorten the overview.
2. **s.12,s.13**

Let me know if you want to discuss.

Thanks

I'll start off with the summing up. I think the ministries are well linked up and working consistently with each other.

Citizen's services is the lead on procurement

TI is the lead on ^{s.1}₂ .

So CS is the lead on the procurement 101 piece coming forward, and that submission (as I last saw it) includes:

- Overall principles to guide procurement across government; and
- s.12

Then a few weeks later TI comes with their project approval, s.12 .

The overall work on ^{s.12} with TI. The overall work on procurement continues to be led by CS. Grant Main in on the DM's committee for CS's committee, and CS is on the BA committee.

Whew. I'm exhausted just explaining it.

The final housing package is going to PA and TB next week. It is coming as a fairly strategic-level summary of what's on the docket for 2018, s.13

Ministry staff are still working on the PPT, which we anticipate getting a good draft of by the end of the day.

I'm pondering how to make sure you and Geoff are comfortable with the final package, and how to allow PJH a full look at it (ideally with Robinson and James in the briefing), so everyone arrives at P&A comfortable with the final package.

Time is tight, and your P&A briefing with PJH is on Monday. It is only scheduled for 30 minutes.

Here's what I would like to try and do if possible:

- Schedule a run through with you and Geoff for Tuesday. We have some time scheduled with you already, and we can poach from that;
- Try and book Robinson, James, you, Geoff and PJH for a briefing Wednesday (with Deputies?)

"If possible" being the key part of that phrase.

Thoughts?

Mar 20 1:30 – 3:30
Apr 24 1:30 -3:30
May 15 1:30 -3:30
Jun 12 1:30-3:30
July 3 1:30 – 3:30
July 24 1:30 – 3:30

I know there are two meetings in July and that the Chair and Doug only wanted 1 meeting per month, but these dates are really far out so maybe we can tentatively book them and then perhaps cancel one if it is not needed.

Please let me know if that is okay. I will be updating the forecast today and also sending along the MHAWG calendar which we can populate with items after our Jan 17 meeting with the Chair.

Regards,

Monica

Hi Elizabeth

I had a chat with Leah about these two proposals that CFD wants to add to the mix for the discussion tomorrow. I did not say no, I did flag the ship has left the dock but I would ask about inclusion. Details are attached but here is the gist:

s.12,s.13,s.14

s.12,s.13,s.14

Let me know if there is anything you need from me or from CFD or any further discussion you want me to have with them before tomorrow's meeting?

Hi Suzanne. As discussed, attached is the draft list of priority implementation tasks for the next 12 months, along with one example of a task assignment sheet for the internal work to address the Ministry’s vision and role. There is a separate task assignment sheet for each task in my latest report. This is about as far as I can take them with two relatively short planning sessions. I will update you on my meeting next Thursday morning with Doug. Please keep this relatively confidential until I finalize things with the Ministry. Doug may want to release a version of the report to update the Minister, although I anticipate he will prepare the update with inhouse resources.

Also, I prepared the graphic below to characterize their approach and components of the work program:

So, I just got the one for Child Care (Chen), as attached, along with MoS for Trade, which I got earlier. You OK with these? I understand that the respective two Ministers are fine with them, and in the case of the Child Care one, that the CFD DM is also OK. If you are as well, I will give to the drafters to do the TB reg to take forward to the TB Chair prior to the Budget so they can be deposited on or before Budget day.

Happy New Year, by the way.
