Jon

The drafts are on your ipad. However, I understand the ^{s.12} is still changing (and will be quite different from the draft sub). CFD is now targeting tomorrow before 2:00 to have the final in. As soon as it comes in, I will push final materials.

Perhaps after you have had a look at the finals, we can chat about whether you want to come to the prebrief (always good to have you there but I understand the time constraints). I will probably want to chat with you after finals arrive – perhaps if you have some time Friday

Hi Jon

Just a heads up that MAH sub still isn't signed by the Minister and she is the Caucus meeting until 5. Suggested changes to the placemat weren't included in the materials sent to me this morning. Also Greg decided to put together a piece for the gap discussion; it isn't in either but I'm less concerned about that.

Hi Sage,

I've done some asking around – there will be two memos sent out to all Ministries. One from GCPE HQ which will ask for a list of potential announcements. The other memo will come from PO (I think in Don's name to all DMs) and this will ask ministries to update the tracking document based on our priorities. See the attached draft memo which I updated based on our conversation.

Furthermore, in addition to the priorities we discussed (economic development/climate), I think we know that local governments will be asking about top of mind issues – infrastructure, cannabis, EHT, spec tax, rental zoning, housing

I think we should discuss tomorrow the value of the long list of topics versus a more focused and strategic conversation occurring with UBCM and LGs around core issues.

Lets discuss tomorrow. Quick draft memo attached.

I'll review the matrix document in more detail tomorrow.
