Subject: Clerks and Cabinet Secretaries FPT Meeting - July 2018

Good afternoon Joel,

I am Pierrette Maranda, Associate Deputy Minister, Intergovernmental Relations Secretariat, for the govt of BC.

I am coordinating the preparation of the material for the upcoming Clerks' and Cabinet Secretaries' meeting of July 17 and 18 in Moncton. I have the email you sent to Clerks and Cabinet Secretaries on June 8 to which was attached a one pager on the plan for the meeting.

Would you have any additional info on the agenda? You indicated in your email that the federal govt had proposed a number of agenda items for the FPT meeting. Did you get any feedback on the proposed FPT items, or on items that might constitute the PT agenda?

Thanks,

Pierrette

Sylvie:

est-ce que tu veux la rétroaction des fonctionnaires, ou l'approbation ministérielle pour le 12 juin ? Normalement, ça devrait être l'approbation ministérielle. C'est ce que M. Streicker avait dit lors de l'appel avec ses homologues provinciaux et territoriaux (i.e. que l'ébauche sera circulée aux ministres). Dans ce cas, nous devrions toutes et tous chercher à recevoir le Ok de nos ministres sur l'ébauche que tu viens de circuler, et non pas commencer à négocier des changements à notre niveau. La lettre se limite à représenter les résultats de la discussion entre M. Streicker et Madame Joly, même si elle ne couvre pas toutes les nuances que chacune/chacun de nous, en tant que fonctionnaire, aimerait apporter.

Pour c qui est de la Colombie-Britannique, nous envoyons l'ébauche que tu as circulée au bureau de notre ministre pour rétroaction.

Here is a late submission of bullets from HLTH for this request that you and Sukumar were coordinating for B.C. I cannot seem to find an email with the final submission. Leann from HLTH saw Sukumar's s.22 message and contacted Sandra.

Would you like to review, add this information if needed, and resend, or should I tell Leann it is too late to include? The deadline was May 28.

Hi Kelly, These bullets were also highlighted by MOH/MMHA as part of the October 2017, Together 2017, Social Development Goals roundtable which was led by Alberta. Bullet content is based on BC mandate letters.

The government of BC is:

- Developing an immediate response to the opioid crisis that includes crucial investments and improvements to mental-health and addictions services.
- Creating a mental-health and addiction strategy to guide the transformation of BC's mental-health-care system. As part of this strategy, include a focus on improving access, investing in early prevention and youth mental health.
- Consulting with internal and external stakeholders to determine the most effective way to deliver quality mental-health and addiction services.

These bullets align with SDG #3 (Health and well-being) and its targets:

- By 2030, reduce by one third premature mortality from non-communicable diseases through prevention and treatment and promote mental health and well-being
- Strengthen the prevention and treatment of substance abuse, including narcotic drug abuse and harmful use of alcohol

Thanks so much,
Leann

Subject: FLMM Input and Support for the 2030 Agenda For Sustainable Development

Dear Deputy Minister,

I am seeking your input and support as Canada prepares the implementation of the 2030 Agenda for Sustainable Development.

Partnerships play a pivotal role in the implementation of the 2030 Agenda. Provincial and Territorial governments have an important role in achieving the SDGs given exclusive or shared jurisdiction in several key policy areas that directly affect sustainable development, including poverty reduction, quality education, decent work and economic growth, and reduced inequalities. That is why I am seeking your input to Canada's Voluntary National Review so that it reflects the work underway in provinces and territories. As you may know, the Voluntary National Review is one of the primary review

mechanisms for countries to show their progress on the 2030 Agenda and the SDGs. Canada is scheduled to present its Voluntary National Review at the United Nations High Level Political Forum on Sustainable Development being held in July 2018, in New York. I have attached a backgrounder with additional information on the 2030 Agenda to this email for more information.

I am seeking information on recent initiatives and program areas that advance progress towards the achievement of the 2030 Agenda, specifically in the areas related to SDG 1 – No Poverty; SDG 4 - Quality Education; SDG 8 - Decent Work and Economic Growth; and, SDG 10 - Reduce Inequality. For example, I invite you to provide a summary on any of the following, which will inform Canada's Voluntary National Review report and presentation to the UN:

- Overall sustainable development framework or strategy;
- Projects/Initiatives that advance the SDGs that you wish to profile, including innovative approaches related to sustainable development that are making a difference in communities in your province; or that support the Agenda 2030 objective to leave no one behind; and/or
- Any challenges that your province has faced, successes achieved and lessons learned in implementing the SDGs.

I would be grateful to receive your input for the Voluntary National Review by Monday, May 28, 2018. Please submit your input and direct any questions to:

Gail Mitchell
gail.mitchell@hrsdcc-rhdcc.gc.ca
(819) 654-3512

The Government of Canada has recently launched the Voluntary National Review Web Portal inviting Canadians to provide input on how they are helping to advance the SDGs. I would encourage you to share the following link across your networks to reach more Canadians and to ensure that their efforts are reflected throughout the report and presentation: www.canada.ca/2030-Agenda-VNR.

In support of the preparations for the Voluntary National Review, Employment and Social Development Canada will also be reaching out to civil society, the private sector, Indigenous peoples, and other relevant stakeholders to ensure that their work and achievements are equally reflected throughout Canada's presentation and report. Employment and Social Development Canada officials will also reach out at the working level to facilitate the coordination of input to Canada's report.

I appreciate your support and I look forward to working more closely with you on the implementation of the 2030 Agenda moving forward.

Sincerely,

Louise Levonian
Deputy Minister
Employment and Social Development Canada

Cher collègue,

J'aimerais obtenir vos commentaires et votre soutien à l'aube de la mise en œuvre par le gouvernement du Canada du [Programme de développement durable à l'horizon 2030](#).

Les partenariats jouent un rôle essentiel dans la mise en œuvre du Programme 2030. Les gouvernements provinciaux et territoriaux ont un rôle important à jouer dans l'atteinte des objectifs de développement durable, compte tenu de la compétence exclusive ou partagée associée à plusieurs secteurs de politique clés qui ont un effet direct sur le développement durable, comme la réduction de la pauvreté, l'éducation de qualité, le travail décent et la croissance économique ainsi que les inégalités réduites. Pour cette raison, j'aimerais obtenir vos commentaires dans le cadre de l'examen national volontaire du Canada pour que celui-ci reflète les travaux en cours dans les provinces et les territoires. Comme vous le savez peut-être, l'examen national volontaire est un des mécanismes d'examen principaux permettant aux pays de présenter leur progrès à l'égard du Programme 2030 et des objectifs de développement durable. Le Canada devrait présenter son examen national volontaire au Forum politique de haut niveau sur le développement durable de l'ONU qui aura lieu en juillet 2018 à New York. J'ai joint à ce courriel un document d'information contenant des renseignements supplémentaires sur le Programme 2030.

J'aimerais donc obtenir des renseignements sur les initiatives récentes et les secteurs de programme qui progressent vers l'atteinte des objectifs du Programme 2030, surtout dans les secteurs liés à l'objectif 1 – Pas de pauvreté, à l'objectif 4 – Éducation de qualité, à l'objectif 8 – Travail décent et croissance économique et à l'objectif 10 – Inégalités réduites. Par exemple, je vous invite à faire un résumé de l'un ou l'autre des éléments suivants, qui permettra d'éclairer l'élaboration du rapport et de la présentation de l'examen national volontaire du Canada pour l'ONU :

- cadre global ou stratégie générale de développement durable;
- projets ou initiatives qui font progresser les objectifs de développement durable dont vous voulez dresser le profil, comme les approches novatrices liées au développement durable qui aident à changer les choses dans les communautés de votre province ou territoire ou qui appuient l'objectif du Programme 2030 visant à ne laisser personne derrière;
- toute difficulté à laquelle votre province ou territoire a dû faire face, les réalisations et les leçons apprises dans le cadre de la mise en œuvre des objectifs.

Je souhaiterais recevoir vos commentaires pour l'examen national volontaire d'ici le lundi 28 mai, 2018. Veuillez envoyer votre réponse et poser vos questions à :

Le gouvernement du Canada a récemment lancé un portail Web sur l'examen national volontaire qui invite les Canadiens à fournir des commentaires sur la façon dont ils aident à faire progresser les objectifs de développement durable. Je vous encourage à faire suivre le lien suivant à vos réseaux afin que nous puissions joindre plus de Canadiens et veiller à ce que leurs efforts soient reflétés dans le rapport et la présentation : www.canada.ca/programme-2030-ENV.

Pour aider à la préparation de l'examen national volontaire, Emploi et Développement social Canada nouera le dialogue avec la société civile, le secteur privé, les peuples autochtones et d'autres intervenants pertinents pour faire en sorte que leur travail et leurs réalisations soient également pris en compte dans la présentation et le rapport du Canada. Les responsables d'Emploi et Développement social Canada communiqueront également avec les employés pour faciliter la coordination de la rétroaction dans le rapport du Canada.

Je vous remercie de votre soutien et j'ai hâte de travailler en étroite collaboration avec vous à la mise en œuvre du Programme 2030.

Cordialement,

Louise Levonian
Sous-ministre

Colleagues,

You may have received an email from the federal government requesting information on recent B.C. initiatives and program areas that advance progress towards Canada's achievement of the 2030 Agenda for Sustainable Development (the U.N. Sustainable Development Goals) - Please see below.

I would appreciate if you could confirm whether you have received an email requesting this information and whether you were planning to reply.

In order to provide a coordinated B.C. answer to the federal government, I would be grateful if you could send me your respective responses (cc to Sukumar Periwal, Executive Director, International Relations and Strategic Policy). Should you or your staff have any questions, please contact Sukumar at 250-387-0761.

Thanks, oym

Subject: FLMM Input and Support for the 2030 Agenda For Sustainable Development

Dear Deputy Minister,

I am seeking your input and support as Canada prepares the implementation of the 2030 Agenda for Sustainable Development.

Partnerships play a pivotal role in the implementation of the 2030 Agenda. Provincial and Territorial governments have an important role in achieving the SDGs given exclusive or shared jurisdiction in several key policy areas that directly affect sustainable development, including poverty reduction, quality education, decent work and economic growth, and reduced inequalities. That is why I am seeking your input to Canada's Voluntary National Review so that it reflects the work underway in provinces and territories. As you may know, the Voluntary National Review is one of the primary review mechanisms for countries to show their progress on the 2030 Agenda and the SDGs. Canada is scheduled to present its Voluntary National Review at the United Nations High Level Political Forum on Sustainable Development being held in July 2018, in New York. I have attached a backgrounder with additional information on the 2030 Agenda to this email for more information.

I am seeking information on recent initiatives and program areas that advance progress towards the achievement of the 2030 Agenda, specifically in the areas related to SDG 1 – No Poverty; SDG 4 - Quality Education; SDG 8 - Decent Work and Economic Growth; and, SDG 10 - Reduce Inequality. For example, I invite you to provide a summary on any of the following, which will inform Canada's Voluntary National Review report and presentation to the UN:

- Overall sustainable development framework or strategy;
- Projects/Initiatives that advance the SDGs that you wish to profile, including innovative approaches related to sustainable development that are making a difference in communities in your province; or that support the Agenda 2030 objective to leave no one behind; and/or
- Any challenges that your province has faced, successes achieved and lessons learned in implementing the SDGs.

I would be grateful to receive your input for the Voluntary National Review by Monday, May 28, 2018. Please submit your input and direct any questions to:

Gail Mitchell
gail.mitchell@hrsdc-rhdcc.gc.ca
(819) 654-3512

The Government of Canada has recently launched the Voluntary National Review Web Portal inviting Canadians to provide input on how they are helping to advance the SDGs. I would encourage you to share the following link across your networks to reach more Canadians and to ensure that their efforts are reflected throughout the report and presentation: www.canada.ca/2030-Agenda-VNR.

In support of the preparations for the Voluntary National Review, Employment and Social Development Canada will also be reaching out to civil society, the private sector, Indigenous peoples, and other

relevant stakeholders to ensure that their work and achievements are equally reflected throughout Canada's presentation and report. Employment and Social Development Canada officials will also reach out at the working level to facilitate the coordination of input to Canada's report.

I appreciate your support and I look forward to working more closely with you on the implementation of the 2030 Agenda moving forward.

Sincerely,

Louise Levonian
Deputy Minister
Employment and Social Development Canada

Cher collègue,

J'aimerais obtenir vos commentaires et votre soutien à l'aube de la mise en œuvre par le gouvernement du Canada du Programme de développement durable à l'horizon 2030.

Les partenariats jouent un rôle essentiel dans la mise en œuvre du Programme 2030. Les gouvernements provinciaux et territoriaux ont un rôle important à jouer dans l'atteinte des objectifs de développement durable, compte tenu de la compétence exclusive ou partagée associée à plusieurs secteurs de politique clés qui ont un effet direct sur le développement durable, comme la réduction de la pauvreté, l'éducation de qualité, le travail décent et la croissance économique ainsi que les inégalités réduites. Pour cette raison, j'aimerais obtenir vos commentaires dans le cadre de l'examen national volontaire du Canada pour que celui-ci reflète les travaux en cours dans les provinces et les territoires. Comme vous le savez peut-être, l'examen national volontaire est un des mécanismes d'examen principaux permettant aux pays de présenter leur progrès à l'égard du Programme 2030 et des objectifs de développement durable. Le Canada devrait présenter son examen national volontaire au Forum politique de haut niveau sur le développement durable de l'ONU qui aura lieu en juillet 2018 à New York. J'ai joint à ce courriel un document d'information contenant des renseignements supplémentaires sur le Programme 2030.

Par exemple, je vous invite à faire un résumé de l'un ou l'autre des éléments suivants, qui permettra d'éclairer l'élaboration du rapport et de la présentation de l'examen national volontaire du Canada pour l'ONU :

- cadre global ou stratégie générale de développement durable;
- projets ou initiatives qui font progresser les objectifs de développement durable dont vous voulez dresser le profil, comme les approches novatrices liées au développement durable qui aident à changer les choses dans les communautés de votre province ou territoire ou qui appuient l'objectif du Programme 2030 visant à ne laisser personne derrière;
- toute difficulté à laquelle votre province ou territoire a dû faire face, les réalisations et les leçons apprises dans le cadre de la mise en œuvre des objectifs.

Je souhaiterais recevoir vos commentaires pour l'examen national volontaire d'ici le lundi 28 mai, 2018. Veuillez envoyer votre réponse et poser vos questions à :
