Hi Jake,

Need some advice on this one; he's been calling the past week. This morning I referred him to PSSG for advice. At 1 p.m. he left a voice msg saying that PSSG did not have anything on him and couldn't help him.

It's obvious that the correspondence he sent (mostly a copy of an old letter addressed to the PM) was complex, convoluted, vague and bereft of real items needing redress.

He's now adding new complications and demands relating to his most recent legal troubles.

I really don't know what to tell him, where to send him. Living in s.22

Any suggestions?

Subject: Changes to Service Request Form (Software and Sharepoint)

Good morning,

A couple of changes are being made to the Service Request form, and I expect they will be applied later this morning. Here are the details regarding the changes:

- 1) Add Software, Move Software, and Other Software Request.

You will now need to let us know which operating the workstation has by selecting one of these two options:

Operating System
☐ Windows 7 ☐ Windows 10

Reason for change: Not all software that is available for Windows 7 machines are compatible with Windows 10 machines. If a Windows 10 machine is selected, the FIN IMB Service Desk will check if the software is available before submitting the iStore order. As soon as a Windows 10 software list is available to share, we will ensure we communicate that with you.

2) New Sharepoint Site

The form has been replaced with this information:

As of October 2017, new SharePoint sites will be created in 2016, no further sites will be created in SharePoint 2010.

If a Ministry of Finance site is required, a new sub-site can be created on the existing FIN SharePoint:

<http://fin.gov.bc.ca>

To request a SharePoint site, please complete the [New Site Request Form](#)

If you have any questions about this email, please let me know.

Thanks, and have a great long weekend!

Subject: CALLERS - Two VMM FYIs

Hi Jake,

FYI

Had the following voice mail msgs over the weekend/this morning

1. s.22 – would like to speak to Premier re s.22
2. see CLIFF 690886, wants to know if the Prem will be responding to his July 27, 2017 letter re Min Simpson; “CBC is going to do the story, have to get all my ducks in a row; call me and provide confirmation; unless of course you don’t care Mr. Simpson is perpetrating public mischief against his constituents.” You told me on Apr 12 that the PO would not be responding further to s.22. I’ve only had the two calls from him.

Hi, Jake,

FYI

s.22 is at it again, call wise. She's resorted to sending a series of Fido to text msgs after hours, 6 separate msgs over the weekend, 7 last night. The msgs, in creepy computer voice, are mostly ambiguous, you can catch the odd word. She first resurfaced in Mid April with a spoken voice mail msg. (You and I had a s.22 convo back in November, but I'm convinced now that was s.22

The last logged CLIFF 685574 from s.22 is Apr 2017. Has she sent any written correspondence since that date?—just curious, as she was so prolific the previous 9 years with 156 CLIFF items.

Subject: CALLER - s.22 - MISSING BRIEFING DOCUMENTS

Hi all,

This email is to alert you to an issue dating back to last November.

s.22 gave some briefing documents on forestry to Romeo Tello on swearing in day to give to the Premier; Romeo asserts he gave the documents to Amber to pass to the Premier.

Romeo (Nov 20): "The only other info I have is that the briefing note is probably with a bunch of other items that were given to the Premier on swearing in day. When Amber and I last talked about this, she mentioned that those items are probably in a box tucked away somewhere in the office."

After a thorough search of the PO, these items are deemed missing/lost. As a courtesy, I am honoring s.22 request of June 11, to ask around one more time if anyone knows the whereabouts of these documents (I have no further description of the items at this time).

I'm reaching out to anyone who may be associated with documents being passed or delivered to the Premier, or passed along by an intermediary for storage. If you could kindly reply to me at your convenience whether you know anything about these documents, have them, are willing to have a look for them, or are willing to keep an eye out for them. I will apprise s.22 of these actions. His concern is that these are original documents that he would like returned.

Thank you for your assistance,

Thanks Don,

This information sounds typical of s.22 I've tried to warn him off in the past but he uses the freedom of speech angle and pushes it to the limit and he is a very difficult person to deal with. If you are confident that there is not a criminal in regarding the VM but "disturbing threats directed against the current Premier's reputation," I will not need to review them as I am well aware of his vicious tongue, having been chastised by him as well.

Police require an actual threat in order to lay charges. Unfortunately, threats directed against the current Premier's reputation are not something the police can use. However, I will add this information to his file.

Subject: CALLER - s.22 - ABUSIVE VOICE MAILS

Hi Greg,

The PO line received five abusive and disturbing voice mail messages from this caller received on Saturday evening.

There is a long history of previous email correspondence and abusive emails under CLIFF 706742, the context is his issues with the BC Securities Commission.

Jake at Correspondence reports this morning: "Guy is a very frequent writer on the BCSC. We have tonnes of emails from him. s.13 I've alerted LAPS a week or two ago about a particularly threatening email."

His last three voice mail messages contained disturbing threats directed against the current Premier's reputation (but not physical harm), how the caller had information to destroy PJH. In one message he reference LAPS, noting that no one could touch him until he actually did something.

I've kept the five messages for future reference.

You no doubt are aware of this individual.

Lastly, I must add that I have no record of any previous phone calls from s.22 since I arrived here last August.

Respectfully,
Don

s.22

I'm getting several indecipherable Fido 'text to voice' voice mail msgs from this phone number...the last contained a reference to s.22 the number checked with what I had on file.

I checked CLIFF back to 2000 and there were 156 items attached to s.22 but nothing newer than April 2017, nothing addressed to the current Prem—unless I missed something.

Aside from the VMM I received in April, noted below, we've had nothing else from this person, and nothing in writing over the past year.

It's like she's turned to taunting the office phone line.

FYI

Anti-trafficking activist Cathy Peters left a VMM this weekend as a follow up to her mass mail out of May 4 (CLIFF 707010); in this VMM she is once again requesting a meeting with the Premier 'at his earliest convenience'; there was no specific meeting request in the May 4 letter, just a "I would like to hear from you."

I was informed earlier that we sent her a regrets previously with a suggestion to contact caucus. Just confirming that this went out and when that was.

Advice on what to tell her should she keep calling?

Thanks,

Don
