Good morning Amber,

I have attached the power point for this afternoons meeting for PJH.

Kat will have her copy on her laptop as well.

I will forward a copy to MMM through her MA Melissa.

I am not sure on Okenge? Should I send a copy to him as well?

Cheers,
Edena

Hi Bob,

I can tell you first-hand how much John enjoyed meeting with all of you, I think it was very beneficial for everyone. Thank you for putting all that together!

Regarding the Natural Resource Forum, would you please send me a separate email just pertaining to that and I could flip it over to Amber and Kate so we could get that in the works.

Also Bob, would you be so kind as to give me the names of all the mayors that were in attendance at the roundtable?

Thanks Again,

It was great to have the Premier in PG, please let him know we appreciated his extra effort to keep the meeting in his calendar. The Mayors and Chairs were really pleased with the meeting and we hope it will provide some opportunity for us to connect directly with the government and Cabinet.

If possible, it would be good to bring a group of Mayors together to meet with the Premier and/or Cabinet Ministers when they are in Prince George for the Natural Resource Forum early next year. Let me know if I can assist in organizing such a meeting.

Hello,

My name is Evan Brown s.22

I am also the Executive Assistant to the Premier.

John and I were visiting the correspondence building just to say hello and we were looking at the Christmas cards that were pinned to the wall.

I noticed one he was reading was from Discovery! My favourite school! So I took it off the wall and got a photo of him with it, I attached it to this email.

In conjunction with the Natural Resource Forum in PG early next year, I'm curious if there is an appetite for a roundtable meeting with select Mayors and RD Chairs with the Premier and/or the Ministers of FLNRORD, Environment, Jobs (Innovation).

Another meeting could build on the initial roundtable we had with the Premier and potentially focus on forestry (challenges & options) and/or the Environmental Review Process and how we can facilitate getting to yes on major resource projects (as discussed with the Premier). Or, any key topics/challenges that your government would like our insights on.

Please let me know if there is any interest and what subjects you may want to canvass and I would be happy to assist in setting up a meeting with the appropriate Mayors and Chairs.

Unfortunately the Premier will not be able to meet with you due to a very busy schedule and Christmas holidays. That being said, the Legislature is open to the public and you are free to walk around inside. There is a huge Christmas tree in the lower rotunda that reaches up through to second floor and it's quite the site.

We will forward your email onto the Speaker's office and perhaps you may be able to get a photo with him on the front steps.

Evan Brown
Executive Assistant to the BC Premier

Dear Mr Brown,

It was a pleasure to briefly meet you the other day at the Victoria Airport. Thank you so much for taking a moment to give me your business card to contact you in regards to teaching.

Our province has recently been in a bit of a hiring mode and yet here I sit with all my education and experience and very good references/recommendations and no job.

I thought perhaps I had done something wrong, so contacted Sooke and Saanich districts and nothing was out of the ordinary save for lack of a few documents in my file, which I promptly uploaded, several months ago.

Since last year I have been consistently applying for appropriate teaching positions within the Saanich and Sooke school divisions, but have received nothing but silence. It is a bit frustrating as I know not (in this time of teacher demand), why I cannot even get onto a Teacher-on-Call list.

Thus, I am reaching out to you to see if there is anything at all that can be done to help me get a teaching position with Sooke or Saanich districts. Over several years, I have established some family ties here and really would like to stay in this area of our beautiful province.

On another note, perhaps there is a position somewhere within our government that I may serve our province and thus, I am also attaching a resume for consideration. If there is anything else you need to know, please don't hesitate to get in touch. Thank you very much for your time.

Sincerely,

s.22

Italian Short Film Day 2017

December 21 is the shortest day of the year in the northern hemisphere – this is why it was chosen to celebrate short

films worldwide. The first edition was organized by the *Centre National de la Cinématographie et de l'Image Animée* in France in 2011. It has rapidly spread throughout Europe and beyond, and today takes place in 50 countries around the world.

The aim is to offer a showcase of short films to the general public, to people who are not festival goers or do not have access to specialized programs. The Centro Nazionale del Cortometraggio (the Italian Short Film Centre) proposes a program of recent Italian shorts of various genres and on different formats, offering an overview of where young Italian filmmakers are heading and what the trends of tomorrow will be. Of the five short films that will be screened – varying in length from 14 to 20 minutes, some are funny, some are lyrical, some are dramatic, all are engaging.

In Italian with English subtitles. Some scenes may be disturbing to some viewers.

This event is organized by the Consulate General of Italy in collaboration with the Centro Nazionale del Cortometraggio and the Italian Cultural Centre.

Refreshments will follow

Admission is free, but **RSVP is required:** cultural.vancouver@esteri.it

Hi there gentlemen,

In advance of meeting with me tomorrow to chat about Media Relations, I would like you to take some time to think about a few things!

What are your goals in learning about Media Relations – specific to your current role?
What situations have the potential to give you anxiety or are worry you?
What do you think the potential pit falls are of ‘screwing something up’?

We can talk about those things as well as how to be prepared for any situation where media might be!

Key words and phrases that can keep the media at bay without offending them.

Best ways to support the Premier/Minister in the event you are the one there to do it!

Let me know if you have any other topics you’d like to cover and please come armed with questions!

Thanks and see you both tomorrow!

On Dec 8th myself and the Premier went to Prince George to have a roundtable discussion with local mayors and officials on their specific concerns for the region.

This was organized by Bob Simpson the Mayor of Quesnel and he rounded everyone up and organized this event.

Sage has written out what you can pick and choose from in the "For All:" part as well as something personal that each person voiced at the meeting

Subject: Mount Milligan Update - Temporary Suspension of Mill Operations

Good afternoon all,

I hope everyone had a lovely Christmas spent with family and friends.

Unfortunately, I writing to share some less than favourable news from Mount Milligan: the recent cold weather we have had has caused freezing in what little water was left in the Tailings Storage Facility and as a result we have had to temporarily suspend our mill operations until we have sufficient water to operate. The press release below contains additional information, but at this point we are trying to do everything we can to get additional water into the TSF to shorten our downtime and prevent impacts to our employees.

I am available by email and phone throughout the rest of the holiday period if anyone has questions or would like additional information. I will continue to update you with developments as they come.

Best regards,

Joanna Miller

Subject: Mount Milligan Update - Temporary Suspension of Mill Operations

Good afternoon all,

I hope everyone had a lovely Christmas spent with family and friends.

Unfortunately, I writing to share some less than favourable news from Mount Milligan: the recent cold weather we have had has caused freezing in what little water was left in the Tailings Storage Facility and as a result we have had to temporarily suspend our mill operations until we have sufficient water to operate. The press release below contains additional information, but at this point we are trying to do everything we can to get additional water into the TSF to shorten our downtime and prevent impacts to our employees.

I am available by email and phone throughout the rest of the holiday period if anyone has questions or would like additional information. I will continue to update you with developments as they come.

Best regards,

Joanna Miller
