Okenge, the proposed trip to Ottawa June 11 and 12 is coming together. I'd like your assistance to get some background on the following issues. Don Bain will be accompanying me. Gerry Butts has agreed to meet. (Debbie, please try to firm up the time.)

The subjects we want to pursue are:

- Renewed engagement on environmental regulations regarding dilbit and the OPP;
- Salmon aquaculture and permit renewal;
- Wild salmon initiatives for the International Year of the Salmon;
- Infrastructure issues, including cultural institutions (RBC Museum, VAG) and transit, including SFU gondola;
- Economic development initiatives, including the digital supercluster.

Thanks for your assistance

Geoff

Dear Team:

The estimates process concluded yesterday and the Legislature rose for the summer.

As you know, this process is an integral part of our parliamentary system, providing MLAs the opportunity to ask questions about ministries' plans and proposed spending.

BY now, most of you are likely well versed in the estimates process; but, just in case you need a refresher feel free to visit the following page: <http://members.leg.bc.ca/work-of-mla/budget-estimates.htm>

I would like to thank each one of you for your diligent work planning, coordinating, drafting and delivering briefing materials for this exercise.

As is often the case in the area of policy coordination, your hard work and preparation is akin to "insurance policy" for yours truly. . . i.e., one always wants complete coverage while hoping never to have to use it. . .

Well, I felt my coverage was quite comprehensive and I would like to thank you for it.

Now, get some well-deserved rest and enjoy your week-end.

oym

Hope all is well. La Ministre responsable de l'éducation supérieure en Colombie Britannique (Mélanie Mark) voudrait rencontrer la Ministre Philpott la semaine prochaine à Ottawa.

Elle sera à Ottawa pour l'ouverture d'un symposium de l'UNESCO sur les langues autochtones en tant que présidente du Conseil des ministres de l'éducation (Canada).

De plus, comme tu peux voir en lisant sa biographie, la Ministre Mark a des origines Nisga'a, Gitksan, Cree et Ojibway : <https://news.gov.bc.ca/ministries/advanced-education-skills-and-training/biography>

Pourrais-tu nous fournir les coordonnées d'un contact au sein du cabinet de la Ministre pour nous aider à organiser cette rencontre? Merci mille fois. oym s.17

Hi Okenge,

As discussed, I have some new intel re the PM's itinerary for his trip to BC and AB this week.

The plan now is that the entire trip will take place on Tuesday (tomorrow), and that his only stop in B.C. will be in Chilliwack. I gather that the day will be entirely, or almost entirely, pipeline-focussed. I'm told that the Indigenous Advisory and Monitoring Committee (IAMC) tasked with monitoring the TMX project is having some sort of meeting or event in Chilliwack tomorrow which the PM may drop in on. He may also meet bilaterally with Chief Ernie Crey of the Cheam First Nation, who is one of the committee's co-chairs. The PM's itinerary may also include an event at one of the campuses of the University of the Fraser Valley.

From Chilliwack, the PM will head to Alberta, where I gather he will participate in an event at Kinder Morgan's Edmonton South Terminal, located in Sherwood Park. I think this may include meeting with workers, etc.

Based on the above, it seems fairly clear there will not be time or place for a bilateral meeting with PJH. We will down tools on the note we were preparing for that meeting, unless I hear otherwise from you or from Ottawa.

Thanks,  
Grant

Dear Colleagues,

We are now proceeding with the next performance based increase for excluded managers effective July 1, 2018.

Enclosed you will find documents that outline the process for the July 2018 increase including:

1. Performance-Based In-Range Instructions and Key Messages
2. Performance-Based In-Range FAQs
3. Template Letters

Each ministry has a report of their employees that is accessible for you to download at any time through the Public Service Agency's HR Analytics website <https://hranalytics.gov.bc.ca/SitePages/Default.aspx>. The report is located within the Strategic HR Self-Service Reports on the right hand side of the screen. Once you are in the Strategic HR page, scroll to the bottom and you will see the report, which is named "Management In-Range Increase Eligibility".

Using this information, your ministry will be able to review the employees identified as eligible to receive the increase. It remains important for each ministry executive to verify and confirm which employees are eligible for the increase as recent staffing actions, such as temporary appointments, may not be accurately captured by the report. Further, you remain accountable to ensure all rules continue to be followed and that the salary increase will not place the employee over the maximum of the salary band.

Upon implementation of performance based in-range salary increases, final results will be audited and reported out to Deputy Ministers' Council to ensure that the eligibility criteria have been adhered to.

When your ministry has completed the performance based in-range process please have your Executive Financial Officer, or equivalent position, submit one ticket with all the letters to AskMyHR for processing.

For more information, please feel free to contact Todd Riddell, Compensation Specialist at 778-698-7904 in the Total Compensation Branch.

**Subject:** Call to Grand Chief Perry Bellegarde

Amber, please arrange a time for PJH to call Grand Chief Perry Bellegarde in the next few days. GC Bellegarde's chief of staff, Dakota Kochie, called me today to outline the areas for discussion:

- A general concern to be sure our government considers revenue-sharing with First Nations in the course of economic development;
- A review of issues regarding the Kinder Morgan pipeline. The AFN has not taken a position in support, but GC Bellegarde will outline the various perspectives in the AFN membership;
- Most critically, his request for more inclusion of First Nations and Indigenous Peoples' organizations in the Council of Federation meeting in July. Specifically, he is requesting 15 minutes on the agenda to raise the issue of the crisis in child welfare in indigenous communities. Evidently, a number of provinces and territories agree with this request. He will seek PJH's commitment in this regard.

I've copied to Okenge and Jonathan Sas to provide the appropriate briefing materials. I think it would be helpful to include Don Bain in the call for follow-up.

Geoff

Okenge –

A question for you – have you ever done a tour of the Port of Vancouver?

I'm asking because I think it would be interesting and relevant to you...but I also have a more immediate reason. We are getting push back from the Port of Vancouver about hosting a tour for our delegation of Rising State Leaders. They have asked if any DMs would be on the tour. If we had a DM on the tour (and one from the PO, in particular) they would be more willing to host the delegation. You would also be an excellent person to have representing the Province on the tour.

The tour would be on June 26<sup>th</sup>.

Thanks for considering.

Jeremy

Would you like to review, add this information if needed, and resend, or should I tell Leann it is too late to include? The deadline was May 28.

Hi Kelly, These bullets were also highlighted by MOH/MMHA as part of the October 2017, Together 2017, Social Development Goals roundtable which was led by Alberta. Bullet content is based on BC mandate letters.

The government of BC is:

- Developing an immediate response to the opioid crisis that includes crucial investments and improvements to mental-health and addictions services.
- Creating a mental-health and addiction strategy to guide the transformation of BC's mental-health-care system. As part of this strategy, include a focus on improving access, investing in early prevention and youth mental health.
- Consulting with internal and external stakeholders to determine the most effective way to deliver quality mental-health and addiction services.

These bullets align with SDG #3 (Health and well-being) and its targets:

- By 2030, reduce by one third premature mortality from non-communicable diseases through prevention and treatment and promote mental health and well-being
- Strengthen the prevention and treatment of substance abuse, including narcotic drug abuse and harmful use of alcohol

Thanks so much,

Colleagues,

You may have received an email from the federal government requesting information on recent B.C. initiatives and program areas that advance progress towards Canada's achievement of the 2030 Agenda for Sustainable Development (the U.N. Sustainable Development Goals) - Please see below.

I would appreciate if you could confirm whether you have received an email requesting this information and whether you were planning to reply.

In order to provide a coordinated B.C. answer to the federal government, I would be grateful if you could send me your respective responses (cc to Sukumar Periwal, Executive Director, International Relations and Strategic Policy). Should you or your staff have any questions, please contact Sukumar at 250-387-0761.

Thanks, oym

**Subject:** FLMM Input and Support for the 2030 Agenda For Sustainable Development

Dear Deputy Minister,

I am seeking your input and support as Canada prepares the implementation of the 2030 Agenda for Sustainable Development.

Partnerships play a pivotal role in the implementation of the 2030 Agenda. Provincial and Territorial governments have an important role in achieving the SDGs given exclusive or shared jurisdiction in several key policy areas that directly affect sustainable development, including poverty reduction, quality education, decent work and economic growth, and reduced inequalities. That is why I am seeking your input to Canada's Voluntary National Review so that it reflects the work underway in provinces and territories. As you may know, the Voluntary National Review is one of the primary review mechanisms for countries to show their progress on the 2030 Agenda and the SDGs. Canada is scheduled to present its Voluntary National Review at the United Nations High Level Political Forum on Sustainable Development being held in July 2018, in New York. I have attached a backgrounder with additional information on the 2030 Agenda to this email for more information.

I am seeking information on recent initiatives and program areas that advance progress towards the achievement of the 2030 Agenda, specifically in the areas related to SDG 1 – No Poverty; SDG 4 - Quality Education; SDG 8 - Decent Work and Economic Growth; and, SDG 10 - Reduce Inequality. For example, I

invite you to provide a summary on any of the following, which will inform Canada's Voluntary National Review report and presentation to the UN:

- Overall sustainable development framework or strategy;
- Projects/Initiatives that advance the SDGs that you wish to profile, including innovative approaches related to sustainable development that are making a difference in communities in your province; or that support the Agenda 2030 objective to leave no one behind; and/or
- Any challenges that your province has faced, successes achieved and lessons learned in implementing the SDGs.

I would be grateful to receive your input for the Voluntary National Review by Monday, May 28, 2018. Please submit your input and direct any questions to:

Gail Mitchell  
[gail.mitchell@hrsdc-rhdcc.gc.ca](mailto:gail.mitchell@hrsdc-rhdcc.gc.ca)  
(819) 654-3512

The Government of Canada has recently launched the Voluntary National Review Web Portal inviting Canadians to provide input on how they are helping to advance the SDGs. I would encourage you to share the following link across your networks to reach more Canadians and to ensure that their efforts are reflected throughout the report and presentation: [www.canada.ca/2030-Agenda-VNR](http://www.canada.ca/2030-Agenda-VNR).

In support of the preparations for the Voluntary National Review, Employment and Social Development Canada will also be reaching out to civil society, the private sector, Indigenous peoples, and other relevant stakeholders to ensure that their work and achievements are equally reflected throughout Canada's presentation and report. Employment and Social Development Canada officials will also reach out at the working level to facilitate the coordination of input to Canada's report.

I appreciate your support and I look forward to working more closely with you on the implementation of the 2030 Agenda moving forward.

Sincerely,

Louise Levonian  
Deputy Minister  
Employment and Social Development Canada

Cher collègue,

J'aimerais obtenir vos commentaires et votre soutien à l'aube de la mise en œuvre par le gouvernement du Canada du [Programme de développement durable à l'horizon 2030](#).

Les partenariats jouent un rôle essentiel dans la mise en œuvre du Programme 2030. Les gouvernements provinciaux et territoriaux ont un rôle important à jouer dans l'atteinte des objectifs de développement durable, compte tenu de la compétence exclusive ou partagée associée à plusieurs secteurs de politique clés qui ont un effet direct sur le développement durable, comme la réduction de la pauvreté, l'éducation de qualité, le travail décent et la croissance économique ainsi que les inégalités réduites. Pour cette raison, j'aimerais obtenir vos commentaires dans le cadre de l'examen national volontaire du Canada pour que celui-ci reflète les travaux en cours dans les provinces et les territoires.

Comme vous le savez peut-être, l'examen national volontaire est un des mécanismes d'examen principaux permettant aux pays de présenter leur progrès à l'égard du Programme 2030 et des objectifs de développement durable. Le Canada devrait présenter son examen national volontaire au Forum politique de haut niveau sur le développement durable de l'ONU qui aura lieu en juillet 2018 à New York. J'ai joint à ce courriel un document d'information contenant des renseignements supplémentaires sur le Programme 2030.

J'aimerais donc obtenir des renseignements sur les initiatives récentes et les secteurs de programme qui progressent vers l'atteinte des objectifs du Programme 2030, surtout dans les secteurs liés à l'objectif 1 – Pas de pauvreté, à l'objectif 4 – Éducation de qualité, à l'objectif 8 – Travail décent et croissance économique et à l'objectif 10 – Inégalités réduites. Par exemple, je vous invite à faire un résumé de l'un ou l'autre des éléments suivants, qui permettra d'éclairer l'élaboration du rapport et de la présentation de l'examen national volontaire du Canada pour l'ONU :

- cadre global ou stratégie générale de développement durable;
- projets ou initiatives qui font progresser les objectifs de développement durable dont vous voulez dresser le profil, comme les approches novatrices liées au développement durable qui aident à changer les choses dans les communautés de votre province ou territoire ou qui appuient l'objectif du Programme 2030 visant à ne laisser personne derrière;
- toute difficulté à laquelle votre province ou territoire a dû faire face, les réalisations et les leçons apprises dans le cadre de la mise en œuvre des objectifs.

Je souhaiterais recevoir vos commentaires pour l'examen national volontaire d'ici le lundi 28 mai, 2018. Veuillez envoyer votre réponse et poser vos questions à :

Gail Mitchell  
[gail.mitchell@hrsdc-rhdcc.gc.ca](mailto:gail.mitchell@hrsdc-rhdcc.gc.ca)  
819-654-3512

Le gouvernement du Canada a récemment lancé un portail Web sur l'examen national volontaire qui invite les Canadiens à fournir des commentaires sur la façon dont ils aident à faire progresser les objectifs de développement durable. Je vous encourage à faire suivre le lien suivant à vos réseaux afin que nous puissions joindre plus de Canadiens et veiller à ce que leurs efforts soient reflétés dans le rapport et la présentation : [www.canada.ca/programme-2030-ENV](http://www.canada.ca/programme-2030-ENV).

Pour aider à la préparation de l'examen national volontaire, Emploi et Développement social Canada nouera le dialogue avec la société civile, le secteur privé, les peuples autochtones et d'autres intervenants pertinents pour faire en sorte que leur travail et leurs réalisations soient également pris en compte dans la présentation et le rapport du Canada. Les responsables d'Emploi et Développement social Canada communiqueront également avec les employés pour faciliter la coordination de la rétroaction dans le rapport du Canada.

Je vous remercie de votre soutien et j'ai hâte de travailler en étroite collaboration avec vous à la mise en œuvre du Programme 2030.

Cordialement,

Louise Levonian  
Sous-ministre  
Emploi et Développement social Canada

Hi Alison,

Here are two issues my ministry was hoping could be flagged for discussion/update:

**Status of the Federal Poverty Reduction Strategy**

- Through the Forum of Ministers Responsible for Social Services (MRSS), Minister Shane Simpson was advised that Province/Territories would receive an embargoed copy of the federal Poverty Reduction Strategy (PRS) in mid-May. We also heard that the strategy would be released publicly in mid-June.
- Because PTs haven't seen the strategy, Nova Scotia (the MRSS lead) followed up with the federal government but there is still no more information on when DMs would receive an embargoed copy or when it will be released publicly.
- Can they provide an update on when we will see the strategy?

**Federal Accessibility Legislation**

- There has been a great deal of foreshadowing about the federal accessibility legislation.
- All of the messaging in news releases, statements and on social media indicate that the legislation will be tabled this spring.
- Provinces/Territories are expecting a technical briefing from the federal government to be organized the day after the legislation is tabled.
- Can they provide an update on when the federal legislation will be tabled?

Thanks.

Hi Pierrette and sorry for the late reply.

We heard that Perry Bellegarde wants to discuss Indigenous Children in Care with the Premiers at COF, but that is already on the agenda of the meeting of the Premiers and the NIOs.

An AFN official did reach out to someone at the NS Premier's office, but I don't think a position on Perry Bellegarde's request was given.

Regardless, Nova Scotia is in favour of the current format. Hope this is helpful!

Hi Okenge, rather than send you another iPad you can just use the one you have as you did last year. You can find the OBC folder in the same location as your Cabinet and Committee material under [OBC](#). To access the nomination files, just pull down to sync. Let me know if you have any problems.

**Importance:** High

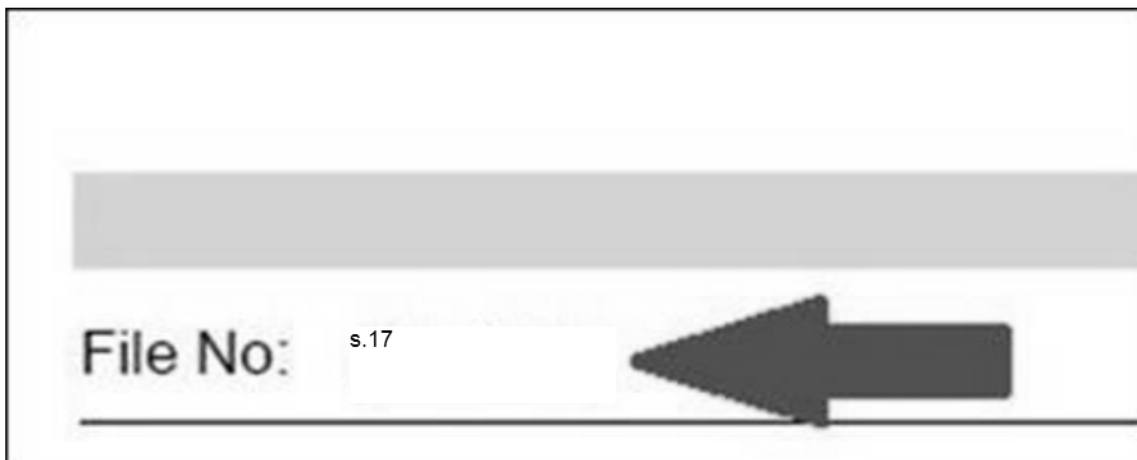

Dear OBC Advisory Council members,

The selection material has been prepared for your review. We will be couriering a secure iPad via courier tomorrow to the address we have for you on file. **If you would like it sent somewhere else, please let me know as soon as possible.**

This year, the Honours and Awards Secretariat processed 203 nominations: 12 were carried over by last year's Advisory Council, 100 are new nominations and 91 are carry-overs from previous years. Refer to the "Demographic Analysis" document under the Administrative folder on your iPad for a complete breakdown of nominations received.

The passcode to enter the iPad is <sup>s.17</sup> – enter exactly as written as it is case sensitive. A short instructional video on how to navigate the iPad can be found [here](#). The attached "Administrative Note" also contains instructions for accessing the files.

We suggest you read through the Summaries first (found in the Submissions folder – organized alphabetically by category). You can access the supporting documentation as a reference for more in-depth details by clicking on the file number found on the top left corner of the summary page (see image below). We have also noted special considerations (such as possible MGC transfer or advanced age) in this area in italics.

Please use the attached Excel spreadsheet to score the candidates and return to me electronically by **Friday, June 15**. Once scored, please also indicate (in the last column) whether you think the submission should be transferred to the Medal of Good Citizenship for consideration under that recognition program. Due to the formulas contained on the spreadsheet, you will **need to complete it electronically** rather than printing it and completing manually. Please print a copy of your final scores and bring your copy with you to refer to at the selection meeting. We will present the shortlist of candidates based on your pre-scores. We will also collect the iPad from you at the conclusion of the meeting.

There are a couple of exceptions to appointments (see below) and we have pre-screened the submissions to ensure the criteria for eligibility has been met.

**Exceptions:**

- A person who is an elected federal, provincial or municipal representative is not eligible to be appointed a member of the Order while that person remains in office.
- A person may not be appointed a member of the Order posthumously unless the advisory council recommends the appointment to the Lieutenant Governor in Council before the person's death.
- The Order is not awarded for acts of bravery.
- Self-nominations are not accepted.
- Joint nominations: The Order *can* be bestowed on couples (i.e., spousal couples, business duos and competition pairs for instance); groups of three or more will not be considered.

This year's selection meeting for the Order of British Columbia has been scheduled for **Friday, June 22, 2018** in the Judge's Lounge at the Court of Appeal, Vancouver. Address: The Law Courts, 800 Smithe Street. The meeting is scheduled for 9:30 a.m. to 4 p.m., but usually wraps up after lunch. Please plan to arrive by 9:15 a.m. After you check in with security, an usher will escort you to the meeting room. Please take a moment to review the attached "Terms of Reference for Advisory Council members" document. We will be reviewing some proposed updates to this document at the meeting.

If you have any questions regarding the selection process or upcoming meeting, please do not hesitate to contact me. For technical assistance with the iPad, please contact VIP Services at 250.953.5151 ([prem.tech@gov.bc.ca](mailto:prem.tech@gov.bc.ca)) or Gordon McLean at 250.216.1641 ([Gordon.X.McLean@gov.bc.ca](mailto:Gordon.X.McLean@gov.bc.ca)).

Thank you.

Dear Mr. Yuma Morisho:

**RE: Canadian Pacific purchasing new hopper car fleet and Grain Service update**

This morning, Canadian Pacific announced the purchase of 1,000 new hopper cars. Please see the news release below.

CP's grain supply chain has fully recovered following a brief labor interruption last week. Total tonnage delivered remains 1 percent higher than the same week last year. Customers are indicating strong demand in coming weeks. CP has staged empties at elevators, is fully recovered from last week's strike and is looking forward to delivering for the grain supply chain in the weeks ahead.

Additional color and CP's weekly grain score card are posted on the CP website here: <http://www.cpr.ca/en/customer-resources/grain>

CP's weekly grain supply score cards are part of a greater effort to provide visibility and transparency into CP grain service performance.

Should you have any questions, please give me a call on 778 772-9636.

Sincerely,

Mike LoVecchio  
Director Government Affairs

I have the Implementation of SoC call of DMs booked for June 14, but Doug now has a meeting with his Minister then.

The only other time that works for the others, between now and June 22, is June 18<sup>th</sup>, 9:30-10 at the start of your Diversity and Inclusion Exec Committee meeting. If we go further ahead in calendars, it will be too close to COF.

Are you able to miss the first 30 minutes and moderate the call of DMs from your cell at 810 Blanshard?

Hi Okenge. PO is asking if ministers should attend the briefing for the Premier on Sunday at 3:30. My feeling is that perhaps IGRS can share our briefing note and background info with them rather than have them attend. We need them at the Westin Bayshore by 4:15 sharp and I'm worried they might not all make it in time if they are at the briefing until 4.

Also Minister Ralston's MA is asking if Minister Heyman can be included in the meeting and/or dinner. While we made recommendations to the PO on which ministers attend based on the Chinese delegation's interests, it was ultimately the PO that reached out to them to solicit their involvement. We do have a spare spot at the dinner but it may be a bit late to add another minister?

Please let me know what you think or call me to discuss.

Thanks so much.

-Lucy

Below is the list of IGRS employees who you will be giving LSA pins to on Monday at the BC Public Service Week Breakfast launch:

I will have the list printed at the event for you as well, but I thought it would be nice for you to have the list in advance.

Please note that these employees are employees that have requested to receive pins. Other employees may have milestone years of services to celebrate as well, but decided not to apply to receive pins.

Thanks,

Kate, PJH would like to call Doug Ford - perhaps Okenge can assist. On the political side we should try Andrea Horwath. He would also like to send a note (Raj has names, also Layne) to staff who worked on the campaign. Also Wynne - he could do that today or next week.

Thanks folks

Dear Colleagues:

s.22

With that in mind, I am pleased to announce that Neilane Mayhew has been appointed Deputy Minister, Mental Health and Addictions effective immediately. As the Associate Deputy Minister and Chief Operating Officer, Neilane has been with the Ministry of Mental Health and Addictions since October 2017. Prior to this, Neilane served as the Associate Deputy Minister and Chief Operating Officer (COO) of the Ministry of Aboriginal Relations and Reconciliation (MARR) since October 2014. Neilane has over sixteen years of public sector leadership experience and in her new role, will bring strategic orientation, results focus, strong stakeholder relationship skills and a commitment to building a strong, resilient and healthy organization.

Please join me in congratulating s.22

Neilane on her new appointment.

Amber\Chris - the close-to-final itinerary for this visit with locations, etc. Also attaching seating plan for the Dinner. There could potentially be slight modifications to the seating plan if there are any last-minute dropouts.

In regards to Ministers attending the briefing, this may not work from a time-perspective as they will need to be at Westin Bayshore at 4:15 p.m. Also, the Premier will be taking the lead in the meeting and ministers will likely not be involved in much back-and-forth conversation. FYI, Minister Ralston will be getting his own briefing from JTT staff.

Please note for the dinner that there will likely be media there as well to photograph\video the first few minutes of the greeting by the LG.

Thanks for your patience and help.

Minister Farnworth is confirmed to attend the dinner. Minister Dix is now sending regrets.

If you could connect with Ministers concerning the dinner that would be best as the Premier is not attending this.

Please confirm who will be attending the briefing - I'd like to provide the briefing materials to the Premier on Friday before the briefing occurs. If the Ministers are not required to attend the briefing - I will ask that they arrive in the lobby at 4:15pm.

Hi Heidi,

As discussed, we appreciate that the Deputy Premier will be available to attend the meeting and dinner on Sunday, June 10<sup>th</sup> with His Excellency WANG Chen.

In regards to the dinner, we would like it if the Deputy Premier could provide some short remarks on behalf of the B.C. Government as the most senior minister. IGR is currently in the process of coordinating the remarks for the Deputy Premier and will get them to you as soon as we can. As mentioned, we have allotted 5 mins in total for the remarks, but given there will be consecutive interpretation (Minister speaks in short lengths and then remarks are interpreted into Mandarin) the remarks in English will be 2 ½ mins.

FYI, I am including the latest version of our itinerary for this visit, which has the proposed timings and rollout for the dinner on pages 3-4. The China side will consist of His Excellency and another 23 officials as listed on page 1.

Lucy Lobmeier, our Chief of Protocol and Annette Jordan, Protocol Manager will be onsite for both the meeting and dinner.

Regards,

Good afternoon Okenge,

Please find attached for your approval a draft note for the Premier's meeting with His Excellency Mr. Wang Chen and the delegation from China on Sunday, June 10<sup>th</sup> in Vancouver. The draft note was prepared by Cameron and has been reviewed by Pierrette. Please note that the following information in the appendices (pages 10-11) were included in response to a direct request from Minister' Ralston's office:

- Alibaba Group/Tmall Vancouver Office;
- Air Canada – Air China Joint Venture;
- Chinese Government Administration and Ministry Reform;
- Ministry of Ecology and Environment; and
- RMB Hub.

The note is long, but that's because it was written to provide information for both the meeting between the Premier and His Excellency and the subsequent dinner with Ministers, the LG and the Chinese delegation.

In addition to seeking your approval on the attached draft note, we would appreciate your direction on the following:

Mr. Okenge Morisho,

Attached please find an invitation to the U.S. Consulate General's 242nd Independence Day celebration, to be held on June 28, 2018 at the UBC Farm. Please print this invitation or bring it on your smart phone.

**Important:**

Due to required security and check in procedures, all attendees MUST RSVP prior to the event. Additionally, you MUST present the attached invitation (with barcode) and bring valid government-issued ID in order to be admitted to the event. To help expedite check-in and security procedures, guests are encouraged to minimize bags and personal belongings brought to the event.

We look forward to seeing you at the event!

Sincerely,

U.S. Consulate General Vancouver

The motion reads:

That the House

- a) recognize the importance of Canada's long-standing, mutually beneficial trading relationship with the United States of America,
- b) stand with Canadian workers and communities that directly or indirectly depend on this trading relationship;
- c) strongly oppose the illegitimate tariffs imposed by the U.S. government against Canadian steel and aluminum workers;
- d) stand in solidarity with the Government of Canada in its decision to impose retaliatory tariffs;
- e) remain united in support of Canadian farmers and supply management, which is integral for dairy, chicken, turkey, and egg farming;
- f) reject disparaging ad hominem statements by U.S. officials which do a disservice to bilateral relations and work against efforts to resolve this trade dispute.

Okenge:

I contacted Loretta.

This is a period of transition re. COF Chair, and Loretta indicates that Alberta is still assuming the Chair role (New Brunswick is vice-chair and will be the full chair in a month).

Loretta says that you should talk to Bev Yee about the suggestion of a Premiers' statement, and if Bev is supportive, Loretta could send the statement out to PTs to seek approval.

To speed up the process, you may want to offer that BC draft the short statement.

Hi again Okenge Yumamorisho,, and whoever else receives this,

"If" the BC Govt decides that it will take actions to ensure that voters in Metro Vancouver's "South of Fraser" (SOF) cities are directly consulted via plebiscite\* (not referenda!) as to whether they prefer:

**A)** "LRT" (in-middle-of-roadway, human-driven trams) commuter rail lines "fake rapid transit") built in their cities; or

**B)** *Sky-Train-like*\*\* legitimate rapid transit lines built in their cities...

... I'd like to suggest that the BC govt acts to have the province's municipal elections used to put before individual municipalities' voters an additional plebiscite question(s) asking:

->>> Are voters for, or against, their respective cities being merged into larger entities??

**Greater Victoria's** (the Capital Region's) 18 tiny municipalities are the most obviously in need of evaluation by BC govt re potential economic, administrative and "global-profile" (IE: investment) benefits that would result from merging...

Close behind are Metro Vancouver's:

- **SOF cities of White Rock** (20,000 population, 2 square miles) **and** its neighbor, **Surrey** (540,000 population, 118 square miles); and
- **"Two Langleys"** (Township and city)

### **Public communications-**

If the BC govt was to act to have such plebiscite questions put before cities' voters (in the coming municipal elections), in my opinion, communication strategies should emphasize that the govt has no intentions or plans to forcibly merge cities, and would never do so without voters' clearly expressed approval....

... But, the govt is aware that:

- Grass roots citizens' movements have, during recent years, unsuccessfully lobbied their respective cities' governments to put such plebiscite questions on civic elections' ballots; and
- Even when such plebiscite questions have been put before voters (such as the Capital Region District's in 2011!!), and a large majority of voters have indicated they want their city merged with other city(s)... the provincial govt of the day has refused to take any actions to facilitate such mergers...

Regards,

s.22

\* Conducted during this year's province-wide municipal elections;

\*\* Separated from roadway, automated (computer-driven)- Not necessarily using Bombardier's proprietary technology (as is used on the Expo, Millennium, and Evergreen lines)... and instead, potentially, using other companies' (such as Hyundai (as used on Canada Line), or Hitachi, or Siemens, et cetera) technologies...

### **BC CSCD's cities' amalgamation explainer:**

[http://www.cscd.gov.bc.ca/lgd/boundaries/municipal\\_restructure.htm](http://www.cscd.gov.bc.ca/lgd/boundaries/municipal_restructure.htm) :

*"Another type of restructure is the amalgamation of two or more municipalities into one municipality.*

*"Amalgamation is a rarer form of restructuring in the province... The province has enacted legislation in the Community Charter, (section 279) which prohibits the amalgamation of municipalities unless both of them agree to it.*

*"A restructure study that identifies the implications for a municipal restructure can be initiated by the residents of an area outside a municipal boundary, or it can be initiated by the municipality itself. However, there must be agreement by both the municipality and the area outside its boundary to study the impacts of a restructure before a restructure study process can proceed.*

*Municipal restructure is guided by the following principles:*

- *The process for examining municipal restructure should be locally initiated and focused;*
- *The decision to restructure must be made by the electorate through a referendum;*
- *The vote should be made by an informed electorate; and*
- *All sectors of the community need to be involved in the discussion.*

*"The Local Government Structure Branch has a facilitative role in the restructure process by:*

- *Providing advice on impact of restructure changes to local governments, communities, and individuals;*

- *Facilitating the decision-making process and discussions between various stakeholders in the restructure process;*

- *Administering provincial financial assistance to communities seeking restructure changes that is available under the Local Government Grants Regulation; and*

- *Preparing Supplementary Letters Patent for consideration by Cabinet to implement the restructure.*

*"There are three components to provincial financial assistance:*

- Restructure planning grants fund governance review studies and the public consultation process;
- Restructure assistance grants provide financial assistance to a restructured municipality. These are per capita grants provided in conjunction with assistance from other ministries; and
- Restructure implementation grants fund some administrative costs for a restructured municipality."

Hi Okenge Yuma Morisho,

This is just to provide a summary of the very brief (un-planned) discussion I had earlier today with the Premier...

Topic was exclusively about the proposed commuter rail lines in Metro Vancouver's "South of Fraser" cities (Surrey and the 2 Langleys), and the type of technology that, potentially, will be chosen to be used by these rail lines,

IE:

**A)** Human driven, in middle of roadway "LRT"; or

**B)** SkyTrain-like\* (automated (computer-driven)), separated from roadway...

\* SkyTrain-like means Bombardier technology (as used on Expo, Millennium and Evergreen lines), or Hyundai technology (as used on Canada Line), or some other companies'- such as Hitachi, Siemens, et cetera...

1) I argued that SOF cities' voters should be provided an opportunity to express their views as to whether they prefer A) or B)... before any "final" decisions are made;

2) I suggested that conducting a plebiscite (asking voters if they prefer A) or B)) in this coming autumn's civic elections would be one way of doing this...

Mr Horgan responded that he would have (un-named) staff investigate the feasibility of such a Plebiscite being conducted...

=====

Something that was not part of our discussion, but which I would like to have also suggested relates to the proposed (\$3 billion dollar, 3.8 miles-long) "*Broadway Subway*" in the city of Vancouver (Extending the Millennium Line SkyTrain line westward from Broadway and Clarke to Broadway and Arbutus Street):

In my opinion, before any "final" decisions are made to go ahead with the proposed subway as the technology choice,

3) City of Vancouver voters should be asked (via plebiscite) whether they prefer:

- a) A "*Bus Rapid Transit*" system ( [https://en.wikipedia.org/wiki/Bus\\_rapid\\_transit](https://en.wikipedia.org/wiki/Bus_rapid_transit) ) to be deployed (extending the Millennium Line SkyTrain line westward from Broadway and Clarke all the way to UBC), and which would be much cheaper to build than a subway; or
- b) An above-ground extension of the Millennium Line SkyTrain line westward from Broadway and Clarke to Broadway and Arbutus Street (which would be cheaper to build than a subway); or
- c) The "Broadway Subway" ( as currently proposed by Translink officials... from Broadway and Clarke to Broadway and Arbutus Street);

Earlier this year, in far more detailed manner) I wrote to the Deputy minister of Finance (Lori Wannamaker, and others in the same Ministry) expressing similar concerns (regarding the then undergoing development provincial 2018/2019 budget...

Good morning Grant Main, Jacquie Dawes, Lori Wanamaker, Okenge Yuma Morisho,

Just a short *suggested policy alternatives* addendum to yesterday's email (forwarded copy below)...

**Option 1:** Publicly commit to moving the BNSF rail route off of the South Surrey/White Rock waterfront areas within 2 years- And, within 60-days from today... establish a partnership with the cities of Surrey and White Rock to plan for and conduct the (proposed) study to identify BNSF rail route re-location options;

**Option 2:** Publicly commit to moving the BNSF rail route off of the South Surrey/White Rock waterfront areas within 2 years- And, within 60-days from today... appropriate (from the city of Surrey) the lead role and responsibility for planning, conducting and paying for the the (proposed) study to identify BNSF rail route re-location options;

If either of the above 2 options were adopted, in my view the BC Govt should simultaneously publicly commit to conducting a feasibility study of building a bi-directional heavy rail\* commuter rail line (rapid transit) from South Surrey (perhaps from the *South Surrey Park and Ride*) to the city of Richmond- to terminate at one of the city's *Canada Line* rapid transit stations;

\* Potentially sharing the new bi-directional BNSF rail line (that uses concrete ties\*\*)- if built, to replace BNSF's current rail route along South Surrey/White Rock waterfront areas....

BNSF's current South Surrey/WR waterfront route uses wood ties... Wood ties greatly decrease potential top speeds of trains;

The WR Mayor's outrageous "pass-the-buck" views (as he posted on the above linked-to webpage) are saying that "*it is all everybody else's fault*", and he and his WR council member colleagues are blameless for the Surrey/WR proposed \$900,000 BNSF rail route relocation study\* not going ahead...

\* Proposed study is an initiative of cities of Surrey and WR- Feds and BC govt are not parties:  
<https://www.peacearchnews.com/news/province-denies-300k-ask-for-rail-route-study/>

Absurdly, according to Mr Baldwin, because the BC govt has not committed to provide \$300,000, the proposed \$900,000 study can not go ahead...

**The cities of Surrey and, especially WR, are not short of cash and could easily afford to pay for the entire BNSF rail route re-location study without any contributions from the Govts of Canada/ BC...**

During the last 2-years, city of WR officials have borrowed heavily from the city's *sanitary sewer reserve* funds and other reserve funds to pay for (arguably inappropriate), highly controversial (comparative) mega-projects such as

- **the \$7 million dollar** Memorial Park "upgrade" project:  
<https://www.peacearchnews.com/news/memorial-park-work-blatantly-disrespectful-to-semiahmoo-first-nation/>

- **\$12 million dollar** high-rise parking lot:  
<https://www.peacearchnews.com/local-news/white-rock-parkade-to-be-four-storeys-12-5-million/>

-----

.... and WR officials have recently indicated that they want to "internally" borrow **\$1 million dollars** from the city's *sanitary sewer reserve fund* to pay for their proposed exorbitant-costs, unnecessarily rushed WR entrance sign "*monument to themselves*":

**On March 26-2018** the city posted its first "addendum" to the March 19-2018 RFP- containing "answers" to submitted questions:

**Bidders questioned and indicated substantial concerns about the rushed schedule for the GF project...**

**Why no similar rush by the city of WR mayor (and his colleagues) to have the BNSF rail route re-location study carried out and completed??**

WR officials say that "internally borrowed" funds are intended to be re-paid by **Community Amenity Contributions** (CACs) from developers when, and if, these CACs are received by the city...

**Mr Baldwin and his WR council member colleagues should be asked**

... Why (at beginning of current council term in 2014) didn't they commit to, and take actions to have the city's finances (reserve funds/Community Amenity Contributions) used to pay for the BNSF rail route re-location study **to occur in 2015**??

**Facts re proposed BNSF rail route relocation study:**

- Projected and planned costs: **\$900,000**
- City of Surrey's (committed) funding contribution: **\$225,000**
- City of White Rock's (committed) funding contribution: **\$75,000**
- Govt of Canada's (conditionally committed) funding contribution: **\$300,000**
- Govt of BC's (proposed-by-Surrey/WR) funding contribution: **\$300,000**

\*\*\* **7.4 miles** is roughly 45% shorter than the current BNSF route)

**Building a new 7.4 mile-long bi-directional rail route from the Canada/US border- paralleling Highway 99- could be done in less than 1-year, for several hundred million dollars...**

If this was done, BNSF trains would get to their destinations faster because of the shorter routes, and BNSF would no longer have to regularly suspend services when slides occur along the South Surrey/WR waterfront areas where the current one-direction-only BNSF line runs...

Roughly two years ago, the city of Surrey committed to providing **\$225,000.00** for a \$900,000 study, while WR council indicated WR would provide a miserly **\$75,000.00**...

WR/ Surrey's proposed \$900,000.00 BNSF rail relocation study funding model:

Federal govt's: \$300,000.00 +  
Govt of BC: . . . \$300,000.00 +  
City of Surrey: \$225,000.00 +  
City of WR: . . . \$75,000.00 =

**\$900,000.00**

As the city of Surrey has committed **\$225,000.00** and WR council has committed that the city would provide **\$75,000.00= \$300,000.00**, and as the federal govt has conditionally committed to provide **\$300,000**... only **\$300,000.00** is needed to complete the study...

But, unfortunately for the WR and Metro Vancouver public- disingenuous, hypocritical members of WR council refuse to authorize and direct that an additional \$300,000 of city funds would be used to pay for the unnecessarily delayed BNSF rail route relocation study....

**City of WR: . . . \$75,000.00 =**

**\$900,000.00**

As the city of Surrey has committed ~~\$275,000.00~~ **\$225,000.00** and you all have already committed that the city of WR would provide **\$75,000.00 = \$300,000.00**... only \$600,000.00 is needed to complete the long needed BNSF rail route relocation study...

->>> Will you all commit to allocating \$600,000 (which would be barely half of the planned \$1 million that you plan to expend on a needless "gateway structure" monument) ... on the proposed BNSF rail route relocation study??

-----

According to the report that is to be tabled at the March 12-2018 council mtg, funding to pay for the proposed **\$1 million** gateway structure project is proposed to be taken from already allocated CAC funds that are intended to be used to pay for badly needed maintenance and repairs of severely eroded East Beach waterfront areas...

Related to this, page 7 of the above referenced report (page #65 of the March 12-2018 council mtg agenda package) states:

*"Currently it is budgeted that **\$12.9 million** in (Developer-provided Community Amenity Contributions) CAC's will be received this year... the Planning and Development Services department is anticipating that **\$11.7 million** will be received by the end of March... "*

As custodians of all city of WR public finances- taxes, grants, and CACs, you all have fiduciary duties to not continue conducting yourselves as squanderers and wastrels and to ensure that all monies spent as a result of your decision-making- are for appropriate, properly prioritized purposes...

**Instead of being spent on a frivolous gateway structure monument, \$1 million dollars would result in far greater public benefits if used to pay for:**

**A)** Remediating the very serious erosion of East Beach waterfront/ tourist areas- (that has been caused by years of neglect, and by (almost) 7-years of irresponsible city financial planning by you all)...

**B)** Remediating the egregious damages caused to the WR waterfront by your entirely arbitrary, without-any-previous-public-advisement and without-any-plan May-2015 "waterfront clear-cut":

=====

As noted above, at the upcoming March 12-2018 council meeting, agenda Item **#5.2.4** is a report recommending **\$1 million** being expended almost immediately on a "gateway structure" at the intersection of 16th Avenue and 152nd Street...

The report recommends issuing a *Request For Proposals* for the project **during April 2018... before designs for the proposed project have even been prepared...**

**Is 3 to 6 weeks adequate time to responsibly plan for spending more than 1 million dollars on what is, ostensibly, a council members' vanity project??**

A project that will serve little to zero public-good purposes....

During the current and previous council terms, until the very last week of February 2018, this subject had never been discussed or pursued at any city council or committee meetings....

And, on 4 occasions between July 2015 and late 2017, you all (as members of WR council) refused formal requests put to you (by myself) to direct WR staffers to erect prominent outdoor wayfinding signage and maps\*\*\*\* erected at the "**White Rock Center Bus Exchange**" (located at the intersection of 16th Avenue and 152nd Avenue):

[http://infomaps.translink.ca/System\\_Maps/exchange\\_maps/whiterockcentre.pdf](http://infomaps.translink.ca/System_Maps/exchange_maps/whiterockcentre.pdf)

- [http://cptdb.ca/wiki/index.php?title=Translink\\_White\\_Rock\\_Centre](http://cptdb.ca/wiki/index.php?title=Translink_White_Rock_Centre)

\*\*\*\* That would indicate bicycling, walking and public transit routes to local (WR and South Surrey) commercial and tourist areas, civic facilities, and places of interest.... in multiple languages...

Currently and for over 2-decades there is ZERO outdoor wayfinding signage and maps\*\*\*\* at the "**White Rock Center Bus Exchange**"

->>> What do you all intend to do about this- between now and the upcoming October-2018 WR civic elections??

Hi Okenge,

Karen drafted the following bullets for tomorrow's event and unveiling of our framed certificate:

- While the \_\_\_\_\_ team took home gold in today's IGRS Games.... we are all winners.
- I want to offer my congratulations on being named a 10 Best Places to Work SEMI-FINALIST!
- This recognition follows the recent announcement that IGRS was named one of the 50 Top Work Units based on our 2018 WES scores.
- To be invited as a semi-finalist is no small feat.
- You are among a cohort of work units setting the bar for workplace engagement and it's your exemplary efforts and commitment that has got us to this point.
- If you haven't done so already, I encourage you to look at our WES report. You'll see, when comparing us to other work units across the BC Public Service, we are in the
  - 99<sup>th</sup> percentile for Respectful Environment – meaning only 1 percent of work units across are outperforming us.
  - 98<sup>th</sup> percentile for Teamwork, Tools & Workplace
  - 97<sup>th</sup> percentile for Supervisory-Level Management, and Empowerment
- Each and every one of you should be proud.
- We have put together a submission for the 10 Best Places to Work award.
- In it, we've outlined:
  - Our many accomplishments and why others would want to join the best team ever!
  - The challenges faced since the 2015 WES cycle – such as the many moves you had to endure;
  - Our focus on improving professional development as outlined in our Corporate Plan and
  - How we've achieved success in EMPOWERMENT and TEAMWORK drivers – highlighting engagement, collaboration, accessibility, respect, trust....and social events like this one today which simply make IGRS the best place to work.
- AWARD PRESENTATION: I want to present to you all the 50 Top Work Unit award... and we'll save space on the wall beside it for that 10 Best award.

Thank you Karen for putting those together!

See attached for a word version of the bullets in larger font. I will have a copy of that document at my desk tomorrow if you need it.

Karen also drafted a first draft of the report due on June 22. I am currently reviewing and making some minor changes. I will send the first draft to Pierrette before Friday.

Premier:

Mr. Joe Savikataaq was selected as new Premier of Nunavut today. Premier Savikataaq's biography can be found at: <http://www.assembly.nu.ca/honourable-joe-savikataaq>

Premier Savikataaq indicated he has two main priorities: 1) bringing elders back to Nunavut; and, 2) getting an addictions and trauma treatment centre in the territory.

Former Premier Quassa lost a non-confidence vote which aimed at removing him as premier. The motion passed with wide support: 16 of the 21 voting members of the legislature supported the motion — including six of his seven cabinet members. Three voted against the motion (including Mr. Quassa) and two abstained. Former Premier Quassa remains a member of the Legislative Assembly.

Hi Keira,

I hope you are doing well. We are currently preparing the October 10 meeting between Mr. Wright, Deputy Minister Dylan Jones, and the BC Federal Council Members. We would like to confirm that a meeting between 9:00 am and 12:00 pm at the SFU Segal Building, 500 Granville Street in Vancouver would work for Mr. Wright.

Federal Council members want to hear from Mr. Wright, his vision for BC and for its public service, and the role that the federal government can play in support of his effort, but there may be other areas that we could prepare for prior to the meeting. Is there someone within his office with whom we could connect in regards to the agenda? We would also appreciate receiving his biography, if possible. Please do not hesitate to let us know if you need anything else from us.

We look forward to the Deputy Premier's visit.

Hi Pierrette,

In my chat with Ottawa today, there was mention of the value of getting PJH and PMJT together sometime in the near future, since their paths haven't crossed the last few times the PM was in BC.

The PM is scheduled to be in Prince Rupert next Thursday, June 21 for an OPP event with First Nations – but this will just be a quick in/out, with no time for other meetings. However, he will be travelling almost continuously through the summer (other than a couple of weeks of vacation), so there will likely be other opportunities. He will, for example, be in various B.C. locales (including Vancouver Island and the Lower Mainland) during August.

However, we understand there will likely be other opportunities for a meeting with Premier Horgan here in BC during the summer (possibly August).

Happy to start working with federal colleagues on a potential date/agenda if there is interest. Thanks, oym

Hi Okenge,

I have just sent over an envelope for you for Monday's P&P and the SOC call that you are moderating. You will also have the binder for the Diversity meeting.

For Monday, as P&P starts at 8:30am, I have booked you a room at 810 Blanshard (close to the Oak Room). When you arrive, the receptionist Kevin will direct you to the room where you can join the P&P call and then moderate the SOC call at 9:30. Your moderator code is s.15; s.17 Lori and her assistant are aware that you will be joining the Diversity meeting 30 minutes late.

At P&P, Frances Gorman and Karen van Marum will be doing a presentation on Emergency Management. The related PowerPoint is in your envelope.

Thank you,

Okenge and Jeremy, thanks for your help and advice on this file. As we discussed on Thursday, Okenge, I connected with Ric Slaco of Interfor with the following messages:

- it would be inappropriate for the BC government to lobby the regulator in Washington State to increase their load limits
- BC could support an application by Interfor to Washington State, by communicating the importance of this issue to the continued flood recovery for the community of Grand Forks.

I communicated the above to Ric Slaco late Thursday; he accepted the first point and appreciated the work that FLNR had lead pursuing this question through BC government. Interfor has not yet actually made an application to the regulator in Washington State; Ric will consult internally and, if Interfor decides to pursue this with Washington, will come back to me for a letter of support as above.

Ric will advise me of Interfor's next steps.

Okenge –

You are chairing a Deputy Ministers' Roundtable next week with 6-7 State Legislators that are part of the Rising State Leaders program.

You will be joined by Fazil (trade), Wes (salmon), Bobbi (climate action) and Kathy Eichenberger (CRT).

I have a quick question about your preference for format. Would you prefer:

1. After introductions and opening comments by you, each DM plus Kathy spends 5 minutes presenting the topic they are responsible for followed by 45 minutes of Discussion/Q&A, OR
2. A discussion after each topic—i.e. Bobbi talks about climate action, followed by questions; Kath talks about CRT, followed by questions, etc.

Thanks for advising.

Pls note – we have a briefing with you on Thursday to give you an overview and the latest version of the program is attached.

Earlier today, Premier Notley made minor adjustments to her Cabinet.

Two new Ministers are replacing two members who indicated they would not run next year.

**Brian Malkinson** will serve as the Minister of Service Alberta.

The new Cabinet is smaller by one as the Associate Minister of Health portfolio no longer exists.

Hi Okenge –

We can certainly prepare speaking notes for you if you'd like. For the other DMs, we sent a note to their offices saying that we'd provide this overview package, but we'd kindly ask that each Ministry be responsible for providing program specific material/speaking notes. Does this work for you?

Hi Okenge,

The attached agenda and overview note is for your review. This will need to be shared with Deputies prior to your call Thursday morning at 8:15am. Once you have approved, I can send to their assistants.

Craig will provide the protocol itinerary to ministries, once finalized.

Thank you,

Yes – we will be doing a binder.

The issue is that it is a common binder – BN and presentations are sent by PCO to all Clerks (and to us from Keira),-- and usually, PCO sends the material at the very last minute. We will do our best.

Hi everyone,

In follow up to the [announcement](#) of your organizations' 2018 Top Work Unit (TWU) winner – attached are TWU images which should be shared with each of your winning units. These images are intended for use in their signature block and for promotional/celebratory use (e.g. job descriptions, intranet sites).

Where ideas work

Top Work Unit awards (certificates) will be delivered during Public Service Week (June 11-15), to the contact you specified.

Each TWU will receive **1 framed certificate, and 2 unframed copies**. The copies can be shared with other TWU offices (in the case of multiple groups/locations), or with your DMO, etc. It is up to the work unit's discretion how they wish to share these certificates out.

If you have any further questions about the Top Work Unit or 10 Best award programs, please don't hesitate to contact me.

Thank you!

Gillian

> Premier's statement on World Refugee Day  
>  
> VICTORIA - Premier John Horgan has issued the following statement in honour of World Refugee Day, on Wednesday, June 20, 2018:  
>  
> "On World Refugee Day, we honour the strength, courage and perseverance of millions of women, men and children around the world fleeing conflict, insecurity and persecution.  
>  
> "Welcoming refugees is part of our history, and part of who we are today. Canada and British Columbia have been enriched by refugees for hundreds of years. Refugees and their descendants have served as community leaders, public servants and governors general. They have become renowned authors, business leaders, successful entrepreneurs, artists and innovators.  
>

> "Today, we face the largest displacement crisis in history, surpassing even the Second World War. Over 68 million people around the world have been forced from home. More than 25 million of them are refugees. Over half are under the age of 18 years. Canada has been a safe haven in the past for people fleeing horrors beyond comprehension. It is our collective responsibility to make sure we continue to provide refuge in the midst of this crisis, and into the future.

>

> "Our government condemns, in the strongest possible terms, the current U.S. government policy to separate asylum-seeking families from their children.

>

> "People around the world are horrified to see this unnecessary trauma inflicted on innocent children and families.

>

> "It is time for compassion and understanding, not cruelty and hatred. We extend our gratitude to the people and communities throughout B.C who help welcome refugees every day.

>

> "Our government will always stand up for the values of diversity, inclusion, and mutual respect, and protect those in need. Together, we will keep working to make life better for every person, in every community. Today, and every day, we stand together in support of refugees, in British Columbia and around the world."

Okenge:

I just want to be sure that the letter is still OK (as it would/could become public) given today's statement by PJH's (see attached) that condemns the US govt ("Our government condemns, in the strongest possible terms, the current U.S. government policy to separate asylum-seeking families from their children"). Although the condemnation is issue-specific while the letter is general -- the letter states "British Columbians take great pride in sharing such an important occasion with all of you." As the consulate represents the US govt, it may seem odd that we are condemning the US govt and then rejoice with them.

Just a thought -- and seeking your advice.

Pierrette

Okenge and Pierrette –

This may go without saying, but this report that Anika produces is excellent. I'd highly recommend reading it—we write it so that it's an easy, quick read. Think "The World This Week" section in The Economist.

In the past it has been sent to DMs. It may be worth thinking about that again—at least DMs that regularly work on US files.

Good morning.

This is a reminder that United States' Consul General in Vancouver Katherine S. Dhanani requests the pleasure of your company at a reception celebrating American participants in the Government of Canada's Rising State Leaders Program.

Each year, the Canadian Embassy in Washington, D.C. brings select state legislators from around the United States to visit Canada where they learn about different provinces and their respective top priorities and issues.

The 2018 participants include:

1. Representative Jennifer Arndt (Colorado)
2. Representative Jewell Jones (Michigan)
3. Representative Corey Mock (North Dakota)
4. Representative DeLena Johnson (Alaska)
5. Senator Erik Simonson (Minnesota)
6. Senator Adam Morfeld (Nebraska)

**Subject:** Heads up to BC - announcements this week

Bonjour Okenge,

Just to let you know that the Prime Minister will be in Prince Rupert on Thursday to announce the Reconciliation Framework Agreement for Bioregional Oceans Management and Protection which will be signed with 14 First Nations.

Also, on Friday, in Vancouver, Ministers Garneau and LeBlanc and PS Wilkinson will announce Canada's Whales Initiative. This \$167.4 million investment under Budget 2018 will protect and support the recovery of the Southern Resident Killer Whale, the North Atlantic right whale, and the St. Lawrence Estuary beluga. The Government will announce a series of measures to take action in partnership with Indigenous Peoples, marine stakeholders, environmental organizations, coastal communities, and United States officials, to better protect the Southern Resident Killer Whale.

The DMs of DFO and TC are expected to give a heads-up to their counterparts shortly, but given the number of BC departments with an interest in these issues, I wanted to let you know so you can inform the relevant people on your side.

Let me know if you have questions.

Merci  
Chris

This has been prepared to prep participants for the USTR meeting on Friday. For your review and approval before going to JTT and FLNR, please. If possible I'd like this to go to Tim and Fazil before your call with them tomorrow at 8:00 AM. I'm sorry for the tight turnaround.

This was prepared in collaboration with JTT and FLNR staff.

Thanks,

**Subject:** Upcoming Information Sessions and Workshops on Catastrophic Response Action Resource Requirements

Hello,

The purpose of this email is to update you on work underway to identify the required resources to support ministries' and agencies' catastrophic response actions (CRAs)<sup>[1]</sup> following an event, such as a major earthquake, that disrupts government services.

### Background

The Resources for Critical Services Working Group, comprising members from Emergency Management BC and the Ministry of Citizens' Services, is responsible for this work. The Working Group reports to the Deputy Ministers' Committee on Emergency Management which is committed to strengthening government's ability to plan for, respond to, and recover from a catastrophic event.

Stream 1 of this work was completed in November 2017 and resulted in an endorsed ministries' and agencies' list of CRAs. Stream 2, began in February of 2018. The Working Group is assisting ministries and agencies with identifying the information technology and facilities required to activate their CRAs. I am pleased to advise you that the pilot with the Ministry of Social Development and Poverty Reduction has been completed and the Working Group is now working to schedule workshops with the remaining ministries and agencies.

#### **Ministries' and Agencies' Stream 2 Information Sessions and Workshop Timeframe**

The Working Group has scheduled two Stream 2 information sessions on July 4 and September 19, at St. Ann's Academy. These sessions are in addition to the individual workshops that will be scheduled for each ministry and agency between June and December. The purpose of the sessions is to prepare staff for the ministry and agency-specific workshops. Staff will receive detailed information about the July 4 information session before June 30. Invitees include Executive Leads, Facilities Directors/Managers, Client Services Directors/Managers, Information Technology Directors/Managers, and Business Continuity Advisors.

If you have questions or comments about the information sessions or tailored workshops, please contact Laurie Duncan, Resources for Critical Services Working Group Coordinator, by June 30, 2018. Laurie can be reached at [Laurie.2.Duncan@gov.bc.ca](mailto:Laurie.2.Duncan@gov.bc.ca) and 250 514-9571.

Thank you for your continued support of this vital work to safeguard our province.

Sincerely,

Robert Turner for Becky Denlinger

<sup>[1]</sup> CRAs are the actions that government will take within the first 7 days of a catastrophic event. They are based on the damaging earthquake scenarios for Victoria and Vancouver in the Immediate Response Plan (IRP).

Dear friends,

Please join me in welcoming Amber Hockin to the new position of Deputy Chief of Staff in the Premier's Office. Amber will be joining our team July 9. She is an accomplished leader and has extensive experience within the labour movement. She is currently Director of Operations at Move UP where she manages the day-to-day operations of the 12,000 member Union. She has also worked in various roles with the Canadian Labour Congress, including as Regional Director, and within CUPE as both a staff and elected representative. Amber has also served on a variety of community based Boards and is currently the Treasurer of the BCNDP. Her responsibilities will include many of the aspects of Layne Clark's position, including primary management of Ministerial staff. However, it will also include oversight of key policy files as required. We expect there will be further adjustments of specific duties now performed by Layne as Amber assumes her duties.

I know Amber will be an outstanding addition to our team and, once again, thanks to Layne Clark for her tremendous contribution during her time in the Premier's Office.

Dear Colleagues,

We are now proceeding with the next performance based increase for excluded managers effective July 1, 2018.

Enclosed you will find documents that outline the process for the July 2018 increase including:

1. Performance-Based In-Range Instructions and Key Messages
2. Performance-Based In-Range FAQs
3. Template Letters

Each ministry has a report of their employees that is accessible for you to download at any time through the Public Service Agency's HR Analytics website <https://hranalytics.gov.bc.ca/SitePages/Default.aspx>. The report is located within the Strategic HR Self-Service Reports on the right hand side of the screen. Once you are in the Strategic HR page, scroll to the bottom and you will see the report, which is named "Management In-Range Increase Eligibility".

Using this information, your ministry will be able to review the employees identified as eligible to receive the increase. It remains important for each ministry executive to verify and confirm which employees are eligible for the increase as recent staffing actions, such as temporary appointments, may not be accurately captured by the report. Further, you remain accountable to ensure all rules continue to be followed and that the salary increase will not place the employee over the maximum of the salary band.

Upon implementation of performance based in-range salary increases, final results will be audited and reported out to Deputy Ministers' Council to ensure that the eligibility criteria have been adhered to.

When your ministry has completed the performance based in-range process please have your Executive Financial Officer, or equivalent position, submit one ticket with all the letters to AskMyHR for processing.

For more information, please feel free to contact Todd Riddell, Compensation Specialist at 778-698-7904 in the Total Compensation Branch.

Thank you,

Lori Halls  
Deputy Minister  
BC Public Service Agency

Okenge –

In follow-up to our meeting yesterday, we are preparing the following:

- Revised speaking notes that include the phonetic spelling of the three First Nations
- Background info on the Port of Vancouver
- Background information on the B.C.-Alaska Relationship on Mining (in the form of our most recent estimates note)
- Final RSVP list for the reception

This material will be included in an overall binder you will receive tomorrow.

In addition, we are talking to JTT and FLNR tomorrow morning to deliver your direction about the meeting with Catalyst.

Finally, I talked with Kim, and he recommends no NR for the visit but does recommend social media. So he will work with MBR's GCPE folks on that.

If there is anything else, please let us know.

Thanks,

Jeremy

**Subject:** BC Procurement Strategy

Good morning,

I'm pleased to share some exciting news. At approximately 11:30am today, my ministry will be launching the *British Columbia Procurement Strategy*, signaling a significant update to the way we purchase goods and services. Attached is a preview of the strategy, please keep confidential at this time.

The B.C. government spends over \$6 billion annually on goods and services and, while the current procurement process successfully delivers projects, services and goods, this new strategy aims to make it easier for companies to do business with government and provide increased benefits for British Columbians.

Its development was led by the Procurement Transformation Branch after extensive consultation with B.C. businesses and public sector staff involved in procurement. Implementation of the strategy will ensure government gets the best value when buying goods, services and construction, and improves social, Indigenous and environmental outcomes at the same time.

Most importantly, the strategy recognizes that procurement is a major responsibility and employees need the right tools and guidance to deliver government services. The new strategy will build our internal capacity by enhancing the support, training and tools for people who work in procurement, including the launch of an updated BC Bid system.

There are months of exciting work ahead for the Procurement Transformation team to implement the strategic actions in partnership with business areas across government. If you have questions or want to learn more, please contact our [Procurement Transformation](#) team or visit [www.gov.bc.ca/ProcurementStrategy](http://www.gov.bc.ca/ProcurementStrategy).

Thank you very much to everyone on your teams who have been involved in the development of this important strategy.

Sincerely,

Jill Kot  
Deputy Minister  
Ministry of Citizens' Services

**Subject:** Pharmacare Principles

Premier:

The first four principles are the agreed-to principles at the WPC.

The fifth one is being proposed by Quebec.

-----

Principles to guide discussions with the federal government on pharmacare:

- Improving patient access should be the focus; • Development should be based on the best available evidence about potential benefits, risks, costs, and reliability of supply; • Provinces and territories must retain responsibility for the design and delivery of public drug coverage; • Additional federal funding must be long-term, adequate, secure and take into consideration inflationary pressure.

(Quebec's Proposed Addition)

- Recognition of the different needs and systems in place in each province and territory.

Thanks, oym

Hello and just FYI,  
PJH made some comments about President Trump last Friday which are making the rounds today. He offered the comments to Shane Woodford in a quick, informal scrum after the TRU student housing announcement. Two cameras were there as well, but Woodford was the only one who ran with it.  
<http://www.radionl.com/2018/06/25/12337/>  
After Woodford posted the above story we've had inquiries from CBC's The National, CTV, BNN and CP (who are erroneously reporting it as having happened today).

Hi Okenge,

I just want to make sure you have the right address tomorrow for the Port of Vancouver visit.

We will be arriving with the US state legislators just before 10am. The address is 200 W Waterfront Rd.

Port officials tell us it's near where the seabus departs (between Canada Place and HeliJet). If you need to call my cell is (250) 216-8132 and Craig's is (250) 508-3264.

Best,

Hi Okenge,

In regards to the conference call you had asked me to set up today - 5:30-6pm will work for Wes, Mark and Richard. However Dave N is in DC and with the time change, he is not available. Would you like me to go ahead with the 4 of you or would you rather me find a time later this week that can work for Dave N as well?

Thanks for letting me know,

As discussed at today's meeting, here is the IGRS 2% in-range increase list that contains 2 tabs:

- **eligible employees** spreadsheet.
- **potentially eligible** for an in-range increase.

I am meeting with the Policy EDs and Veronique to get their recommendations. For Protocol, I need to wait until the week of July 9 to get back to you as Lucy is away until then.

Once you have reviewed the recommendations and confirmed your decisions on these, Veronique will need to send the completed spreadsheet to Strategic HR-central. We can prepare the letters here using the template for your signature.

As promised, here is a more detailed report.

- Fazil opened the meeting with a discussion about the integrated economies and relationship between Canada U.S., highlighted with a few personal stories (Seahawks) and business examples (Star Wars, Sony, Microsoft, etc.)

### Softwood

- John and Susan spent the next 40 minutes or so discussing softwood. Key points:
  - Comprehensive history of the file
  - s.16
  - Impacts also felt in home reno sector
  - s.16
  - How can the ITC find injury when profits are at record highs?
  - There is no way the U.S. can meet its demand from domestic supply s.16  
s.16 So U.S. has to import—why import from Russia instead of Canada?
  - Labour shortage is the biggest barrier to bringing more supply on line. Basically at full employment in the U.S.
  - s.16
  -
- USTR asked a question about data source (answered easily by Susan) and asked how we work with other provinces (

### Newsprint

- John and Susan left at this point with 10 minutes left in the meeting
- Fazil and Jeremy mentioned
  - There is only one petitioner
  - Opposed by U.S. Forestry and Paper Assoc
  - STOPP, 600,000 workers potentially impacted
  - Already seeing job losses in publishing and printing

- Premier is seized with this issue—potential for real impacts soon. He has done state and federal advocacy in lead up to ITC meeting
- Discussed PRINT Act
- No questions from USTR.

#### Aluminum

- Difficult to understand the national security rationale
- s.16

Meeting ended without discussing other trade issues.

Okenge, Pierrette et al

I'll send you a better report next week, but in short, softwood dominated the discussion, according to the plan. John and Susan explained BC's position at length and asked some questions. Questions back to us were benign.

John and Susan left and then Fazil and I discussed UGW paper and aluminum tariffs. We stuck to the usual messages. NAFTA and wine were not raised.

Happy to answer any questions and I will get you a better report next week.

**Sent:** Tuesday, June 26, 2018 11:57 AM  
**To:** BCPSA Agency Corporate Executive  
**Subject:** Annual Review of the Standards of Conduct and Oath of Employment

Dear Colleagues,

Building on our ongoing efforts to foster an ethical culture in the BC Public Service, we are introducing a new corporate requirement for all employees to annually review the Standards of Conduct and Oath of Employment.

To support this effort, a new *Annual Review of the Standards of Conduct and Oath of Employment* e-module will be launching **effective July 1, 2018**. The new e-module will ensure public service employees are refreshed on the Oath of Employment and the Standards of Conduct annually, while also ensuring a consistent approach is experienced by all employees regardless of their location or ministry. **It is expected that all employees complete the annual review e-module initially by May 31, 2019**, and then annually going forward. In consideration of operational demands being different throughout the year, ministries can determine the best time to complete the annual reviews.

*(Exception: New employees hired after June 1, 2018, will not complete the annual review in the current 2018-19 cycle, but will do so in subsequent years. They will go through the standard onboarding process of signing the Standards of Conduct Acknowledgement and swearing/affirming the Oath of Employment.)*

The e-module includes a short 10-question quiz testing employees on their familiarity with the Oath of Employment and Standards of Conduct, and will track employee completion rates. The e-module may take 30 to 60 minutes, including time required to review key documents and to take the quiz. Employees who receive 80 per cent or higher will achieve a passing grade, and the successful completion will be documented in their learning record. Those who get a lower mark will have an opportunity to review the e-module and take the quiz again until successful completion. Supervisors will receive alerts through Manager Self Service, a new modification to the onboarding process, so they can remind their team members to complete the e-module in a timely manner. Supervisors will also be able to see which employees have successfully completed the training. Note, deputy ministers and associate deputy ministers will not be receiving alerts. A different process is currently being developed for them where Executive Talent Management and ministry ethics advisors will monitor and follow-up as required.

It's important to note the launch of the new e-module will first be shared with supervisors on Tuesday, June 26, before subsequently being announced to all employees Wednesday, June 27. In early July, I will send you another email inviting you to take part in the new e-module.

For your convenience, please find attached relevant key messages related to the new *Annual Review of the Standards of Conduct and Oath of Employment* e-module. These key messages are intended to support your communications as leaders of ethics and integrity within your respective ministries. In preparation for the e-module launch, I encourage you to work with your ministry ethics advisor to develop an approach to communicate and champion this important training throughout the 2018-19 cycle.

It's my hope that the *Annual Review of the Standards of Conduct and Oath of Employment* e-module will support employees in fulfilling their ethical responsibilities as BC Public Service employees. As always, if you have any questions please feel free to contact me.

Thank you,

Lori Halls, Deputy Minister

Geoff and Don, Minister Bains and I have been invited to the annual meeting of Labour Ministers to be hosted September 4 and 5 in St. John's. The last meeting was in January of this year in Ottawa. It may seem soon to have another but the January meeting was delayed from September 2017. BC just hosted the Deputies of Labour in Richmond in May to plan for the September meeting. Topics will include workplace mental health (which Minister Bains co-leads with Nova Scotia), the changing world of work and employment standards, workplace impairment (mostly around cannabis), and harmonization of occupational health and safety provisions across the country (flowing from a commitment made at the Council of the Federation). Do you have any issues or concerns with us attending? As for timing, the Legislature is not sitting in early September and it is the week before UBCM.

Hi Okenge,

Annette Jordan is currently located at the 3rd Floor – 865 Hornby Street and Energy & Mines would like the space where she is currently located. I have enquired with Tracy Campbell to see if they could accommodate Annette at Canada Place on a permanent basis. Please see Tracy's response below from December 2017. Can we please discuss next steps for relocating Annette?

Hi Genevieve,

At this time, I'm only focusing on moves for clients within the Economy sector and in particular, JTT and TAC. Once those are complete, I will assess.

Thanks

**Subject:** Annette Jordan - Move to Canada Place?

Hi Tracy,

Annette Jordan is on a TA with Intergovernmental Relations Secretariat. She is currently using office space at 3<sup>rd</sup> Floor – 865 Hornby Street. If possible and if Annette is the successful candidate in our job posting, we would like her to be a mobile worker at Canada Place permanently. Would it be possible to move her to Canada Place as a mobile worker? Would there be a cost to IGRS? She has her own computer set-up from IGRS. She would not need an office but should need access to an MPS printer.

Sincerely,

***Genevieve Elliott***

**Subject:** Meeting on Recognition Framework / Réunion sur le Cadre de reconnaissance

Colleagues,

We wanted to make sure that you were aware that the Minister of Crown-Indigenous Relations and Northern Affairs (CIRNA) intends to convene a meeting with provincial and territorial ministers responsible for Indigenous affairs, justice and intergovernmental affairs, to discuss the Recognition and Implementation of Indigenous Rights Framework. We understand that CIRNA is planning to hold these meetings on either July 11, 12, or 13 in Ottawa; grateful if you could let us know by Wednesday if there are any specific preferences among these dates.

We recognize that this is just prior to the meeting of the Council of the Federation, and that this will be a particularly busy time for your governments. However, as we discussed in the spring, CIRNA is intensifying its work on the Framework, and we recognize that this will include the need for political discussions.

As we stressed during our discussions on the Framework a few weeks ago, collaboration with provinces and territories will be essential to make meaningful change that recognizes and implements Indigenous rights. And, while the Framework will ensure that the recognition and exercise of Indigenous rights will be consistent with the Canadian constitution, the Framework could have impacts on provinces and territories and your relationships with Indigenous peoples.

To that end, we hope you will encourage ministerial participation in these upcoming meetings. This will be an important opportunity to ensure that the views of provinces and territories are heard and considered.

Hélène Laurendeau  
Deputy Minister, Crown-Indigenous Relations and Northern Affairs

Nathalie Drouin  
Deputy Minister, Justice and Attorney-General of Canada

Christiane Fox  
Deputy Minister, Intergovernmental Affairs and Youth

Collègues,

Nous voulions nous assurer que vous aviez pris connaissance de l'intention de la ministre des Relations Couronne-Autochtones et des Affaires du Nord (RCAAN) de coordonner une réunion avec les ministres provinciaux et territoriaux responsable pour les affaires Autochtones, la justice, et les affaires intergouvernementales, pour discuter du Cadre de reconnaissance et de mise en œuvre des droits des Autochtones. Nous comprenons que RCAAN prévoit tenir ces réunions le 11, 12 ou 13 juillet; svp indiquez d'ici mercredi, s'il y a des préférences de ses ministres parmi ces dates.

Nous reconnaissons que ces réunions précèderaient de très près la réunion du Conseil de la fédération, d'autant plus que ce sera une période particulièrement chargée pour vos gouvernements. Cependant, comme nous en avons discuté au printemps, RCAAN intensifie son travail sur le Cadre et nous reconnaissons que cela inclura le besoin de discussions politiques.

Comme nous l'avons souligné lors de nos discussions sur le Cadre il y a quelques semaines, la collaboration avec les provinces et territoires sera essentielle pour apporter des changements significatifs qui reconnaissent et mettent en œuvre les droits des Autochtones. De plus, même si le Cadre garantira que la reconnaissance et l'exercice des droits autochtones seront conformes à la constitution canadienne, il pourrait avoir des répercussions sur les provinces et territoires, ainsi que sur vos relations avec les peuples autochtones.

À cette fin, nous espérons que vous encouragerez la participation ministérielle à ces prochaines réunions. Ce sera une occasion importante de s'assurer que les points de vue des provinces et des territoires soient entendus et pris en considération.
