Hi Andrew/Mitzi.

THANK YOU Mitzi for agreeing to stand in for John on Saturday.

You should arrive at Belmont Secondary just before noon. Plan on being there until 1pm

Should be an audience of 20ish mostly high school students and possibly recent graduates.

The Day is focussed on "how to make positive change in your community and life."

s.22 is the event organizer and your host – he will come to and meet you at the front door.

If you could talk about and answer questions about:

- How you came to be a community activist
- Your experience facilitating change as part of Westshore Child, Youth and Family Centre.
- Your new career as MLA and as Minister of State for Equality.

s.22

-

Let me know if you have any questions.

THANK YOU, THANK YOU, THANK YOU

No worries Bruce, was just going to follow up with you on this. And if we have talked about this in the past I have forgotten too!

Mitzi can actually go to this – is there anyone we should follow up with for further info? Will it just be her speaking/taking questions etc for an hour? How many kids, etc etc?

Thanks,
Andrew

We are still trying to determine which Belmont grad PJH will attend on June 10. We are attempting to get a list of attendees at each ceremony but that is hard to come by for another week or so.

I am putting 2 hours on each ceremony as I don't know for sure how long each will last.....they are all filled with different number of folks, different programme etc so hard to pin down exact length.

Confirmed the Westshore Grad is Tuesday June 26. PJH has always attended and wants to attend this year. He will be asked to say a few words. It starts at 4pm, is at Royal Colwood Golf Course and approx. 40 grads and families are expected.

EMCS certificates are here now and we will get PJH signing them Thursday afternoon. Hope to be able to pick up the Belmont Grads from Mitzi Monday morning and deliver them to PJH for signature then. We'll subsequently pick those up from you once signed and drop them at the school.

We could drop them off at the Premier's office in Langford, drop them off at the legislature or send them in the mail. Whichever you prefer. Also, would you like us to invoice your office for the tickets? If so, please e-mail me the details for the invoice. Credit card payment could also be processed if that would be any easier. Will need 5 tickets we know of so far: Premier s.22 , s.15 and one staff support person. Will get you info on how I will pay for those. Unfortunately the conflict commissioner says the Premier can no longer auction off lunches with himself: potential for conflict of interest. So.....dont have an auction item but go ahead and let the world know he will be attending. Perhaps he can auction off his tie as a spur of the moment thing.

I'm assuming he can say a few words? Please confirm. And if you want him to speak please send me any notes you want him to mention or topics to discuss. Mostly he'll just say congrats to Rotary and Sooke and best wishes to all.

Dear Mr. Fogg,

That's wonderful. We look forward to having Premier Horgan attend. Has your office already purchased tickets to the event or would you like us to arrange to get

them to you? We'd be happy to drop them off at the legislature if that would be of help. You are probably already aware that the cost of the tickets are \$60.00 each and are selling quite fast.

On a separate but somewhat related item, I believe you received a request from our past President, John Topolniski, asking if it would be possible for the Premier to donate lunch with him at the Legislature as an auction item. It would be much appreciated if you could let us know if that would be possible and if so, if you could prepare a certificate to that effect that could be given to the successful bidder.

Thank you so much for your kind assistance and we look forward to seeing you at the RAD event.

Best regards,

Sam

Dear Mr. Fogg,

Some time ago we corresponded briefly via e-mail regarding the possibility of Premier Horgan coming to speak to our Rotary Club here in Sooke. As mentioned in our earlier e-mail, our club meets on Wednesdays alternating somewhat between noon meetings and early evenings to accommodate those that may commute into Greater Victoria for work. Although we are aware that Premier

Horgan's calendar is daunting, we are hopeful that he may be able to find time to come and speak to his constituents here in Sooke. It would be helpful if you could provide us with a date or dates that he might be available so we could schedule him in a way that meets his timetable. Please feel free to contact me via e-mail should you have any questions. I look forward to hearing from you at your convenience.

Hi Bruce Fogg,

I have a couple suggestions:

You could draft these notes with a community feel to them and then we can run them by Sage?
There is no template. But I believe I drafted notes for him for the last time he went to this event.

Also you could connect with John on this particular event on Monday – let him know they will undoubtedly want him to say some words and ask if he'd like some speaking notes for this one. I think (but perhaps I'm wrong) that he may want you to confirm who he should thank for organizing the event, who if anyone he should recognize, if there is any significant thing he should reference in his remarks and then put together bullets for him. You can review the notes with him prior to his arrival at the event.

Yes, thank you so much for your time yesterday. Much appreciated!

We have not heard anything about the upcoming announcement of parkland in Shawnigan tomorrow or received a invitation.

We have noticed a few BC funding announcements and what not in the riding that we didn't receive invitations for (such as the gas tax announcement).....

Alistair won't be back until Friday, but if you can pass on more info that would be appreciated. I'm sure he'd be happy to add his voice regarding the great things the BC government is doing, especially if they are in his riding ☺

Thanks for reaching out about this.

Hi Bruce!

We received two similar incomings at the same time and it looks like s.22 got lost in the shuffle. I forwarded the suggestion onto the exec (Layne and Kate) and they thought it was a good idea. 'Youth Councils' are created at the leisure of the Premier so no ministry is really responsible. I could send an acknowledgement now but it might be a bit awkward? He could have followed up instead of passive aggressively emailing his MLA... I could send him something like this if you'd like:

Dear s.22 :

Thank you for writing about your suggestion to create a provincial youth council. We appreciate your taking the time to write and apologize for the delay in response.

Upon receipt of your initial email, your suggestions were shared with the Premier's senior staff. They appreciated hearing your ideas and will be sure to include them in any related discussions going forward. In the meantime, we recommend you maintain a dialogue with your local MLA, Mr. Leonard Krog, to further discuss your ideas for youth engagement with government. You can reach Mr. Krog at:

Thank you, again, for writing. We wish you all the best.

Dear Leonard Krog,

On November 7th, 2017, I wrote the message below to Premier Horgan. I understand that the premier receives many emails, but I feel as though six months is awhile to wait to hear back from anyone.

In my email, I encourage the premier to consider implementing a youth council at the provincial level.

As my MLA, I encourage you to go through my letter and if you agree with what I'm advocating for, to have a conversation with the premier about my email and help explore potential options.

Thank you for your time and all that you do.

Sincerely,

Hon. John Horgan

Member of the Legislative Assembly and Premier of British Columbia

Langford – Juan de Fuca Community Office

122 – 2806 Jacklin Road

Victoria, BC V9B 5A4

**Subject: Youth
Council**

Dear Premier John Horgan,

I am writing to you today to encourage you to implement a provincial youth council for the province of British Columbia.

Why? You may ask, because youth councils not only give youth a voice in their communities, but they also help strengthen communities. The youth voice is one which is usually missing from all forms of government, especially the current BC government.

Youth Councils give young adults the opportunity to develop important skills such as community advocacy, public engagement, good citizenship, public speaking, social skills, leadership and policy development skills.

The BC government offers many services, such as public transportation, which so many young people rely and depend on to get to and from their jobs and school. Every time I go out into the community in Nanaimo ^{s.22} and engage with youth, issues linked to the provincial government such as transit, affordable housing, and the expressed fears from university students saying that when they graduate they'll likely have to leave the province because of a lack of jobs are all common things that come up in conversation.

Nanaimo along with other areas of British Columbia, has a high child poverty rate, which means that many of the youth in the province feel as though they have no voice in this government or in politics.

The federal government has a Prime Minister's Youth Council, I encourage you to look into that model and consider copying some of it to form a Premier's Youth Council. The federal Liberals also have a variation of youth councils. Every Liberal MP has a youth council in their constituency, where every Liberal MP meets with the youth once a month to discuss issues related to youth in their community at a federal level.

The cost of implementing a youth council is often very low because they do not require much of a budget. investing in youth councils does not just benefit the people on that council or board or just the youth of the community, youth councils benefit everyone and that is the main reason why I am proposing this to you today.

If the provincial government of British Columbia decides to form a youth council, they would be benefitting all of their communities and the province as a whole and be giving the youth of this beautiful province an opportunity to be heard and represented, an opportunity to learn and an opportunity to make a positive and meaningful impact in all of BC's communities.

Today, the province of British Columbia is given an opportunity to lead and take initiative on involving youth in their decision making processes. You and your government have made a promise to work for “everyone” in BC, I believe the consideration of implementing a youth council builds upon the “working for you” slogan, because it’s a form of inclusiveness.

Youth councils have the potential to make a positive impact in their communities, provinces and even countries, but it is all up to the elected officials to allow that impact.

I sincerely thank you all for your time and hopefully your consideration and I look forward to our future conversations. Thank You.

Sincerely yours,

s.22

Dear Honorable Premier Horgan,

I hope you are doing so very well. Previously, as an MLA you were always so wonderful at coming in to Spencer Middle School to speak with our students or attend assemblies. I realise you are in a very different, very busy role, but I did want to extend an invitation to you for an evening Showcase of Spoken Word Poetry and art created by Spencer Middle School Grade 8 students. The spoken word poetry is part of their response to the Truth and Reconciliation Commission's 94 Calls to Action and the art and performances have in part been made possible by a Synergy SET-BC Grant that two of our teachers, Ms. Kelly McCarthy and Ms. K. Meiklejohn, received to support their efforts at incorporating indigenous perspectives into their classroom teaching/learning. I completely understand if you are unable to make it to this evening event, but also did want to extend an invitation to you.

Please let me know if you are able to attend.

All my best,

This BN was prepared for a meeting the Minister and PJH had Feb 26 with senior Ministry staff. That meeting ended with Minister directing staff to start detailed work on other options. It's the status of that work I'm enquiring about.

Heads up - expectations are that decision makers will, in the very near future, want to be in a position to consider the options Ministry was tasked to research on Feb 26.

Perhaps we can have a short phone conversation on this topic either tomorrow or early next week?

Mitzi being copied as she has been asked by PJH to help move this file forward.

I've cc'd Premier's executive assistant on this email. The City of Langford is trying to replace the chairs in their Isabelle Reader Theatre which is in the Spencer Elementary School. The theatre is used both in school programs and for community programs. City staff are having trouble identifying grants available to help them buy chairs because it is in the school. Are there maintenance grants or capital grants they can apply for through the ministry of education?

Directly from the email from city staff:

My initial response is that there are no grants to support the arts and culture within school programs, i.e. the Theatre is within Spencer School. Can you confirm that for me please. Can you also confirm for me how this may be resolved at the School District level?"

It would be super if John could mention his continued support for the Rotary Club of Sooke Rotary.
WE do have Shirley Alphonse of the Tso'uke Nation giving a Blessing.

This is the first RAD ever and of course we hope it will be a success. We have a team of 8 who have organized the event me being the Event Chair with a ton of support.

I am the President of the club this year and John and I go back about 15 years, I think virtually every one of those years he has attended our Auction event.

We have somewhere in the area of 2000 donations with a value of approx. \$25,000. All of this has been donated by Sooke and area donors both individuals, organizations etc. That is a fantastic show of support.

The club continues to support the less fortunate, and helps provide funding to various individuals, groups, teams etc.

As an International Rotary we are bent on the worldwide eradication of Polio. Almost there. We promote Peace in the World by supporting Peace Scholars internationally.

It would be preferable if John tried to avoid the current politics of BC as we strive to not be partisan both politically and religiously.

If we could keep it to a couple of minutes that would be great.

Anything further be do not hesitate to ask.

Hi Bruce,

As the event draws closer, I wanted to reach out to see how you'd like us to get you the tickets. We could drop them off at the Premier's office in Langford, drop them off at the legislature or send them in the mail. Whichever you prefer. Also, would you like us to invoice your office for the tickets? If so, please e-mail me the details for the invoice. Credit card payment could also be processed if that would be any easier. Anyway, just let us know your preference.

We very much look forward to having Premier Horgan, s.22 and yourself attend our event.

Unfortunately the conflict commissioner says the Premier can no longer auction off lunches with himself: potential for conflict of interest. So.....dont have an auction item but go ahead and let the world know he will be attending. Perhaps he can auction off his tie as a spur of the moment thing. I'm assuming he can say a few words? Please confirm. And if you want him to speak please send me any notes you want him to mention or topics to discuss. Mostly he'll just say congrats to Rotary and Sooke and best wishes to all.

Dear Mr. Fogg,

That's wonderful. We look forward to having Premier Horgan attend. Has your office already purchased tickets to the event or would you like us to arrange to get them to you? We'd be happy to drop them off at the legislature if that would be of help. You are probably already aware that the cost of the tickets are \$60.00 each and are selling quite fast.

On a separate but somewhat related item, I believe you received a request from our past President, John Topolniski, asking if it would be possible for the Premier to donate lunch with him at the Legislature as an auction item. It would be much appreciated if you could let us know if that would be possible and if so, if you could prepare a certificate to that effect that could be given to the successful bidder.

Thank you so much for your kind assistance and we look forward to seeing you at the RAD event.

Best regards,

Sam

Dear Mr. Fogg,

Some time ago we corresponded briefly via e-mail regarding the possibility of Premier Horgan coming to speak to our Rotary Club here in Sooke. As mentioned in our earlier e-mail, our club meets on Wednesdays alternating somewhat between noon meetings and early evenings to accommodate those that may commute into Greater Victoria for work. Although we are aware that Premier Horgan's calendar is daunting, we are hopeful that he may be able to find time to come and speak to his constituents here in Sooke. It would be helpful if you could provide us with a date or dates that he might be available so we could schedule him in a way that meets his timetable. Please feel free to contact me via e-mail should you have any questions. I look forward to hearing from you at your convenience.

Hi Sherri,

I've checked with staff and the following is the information the ministry has given:

BULLETS:

- There are no arts and culture grants or specific capital grant programs in our ministry that could fund this.
- The Annual Facilities Grant (AFG) is provided directly to school districts and this funding could apply if this was a priority for the school district.
- AFG is intended for projects that maintain facilities and extend the life of these school district assets.
- SDs select their own priorities for how to use their AFG funding (within the parameters of the AFG policy). <https://www2.gov.bc.ca/gov/content/education-training/administration/legislation-policy/public-schools/annual-facility-grant>

ADDITIONAL INFORMATION:

- This question is most appropriately directed to the School District staff.
- School District contact would be Pete Godau, Director of Facilities.
- EDUC contact is Joel Palmer, Executive Director of Capital Management.

Just as I suspected, the school district is the best party to approach if you would like financial support in replacing the chairs. I've cc'd Bruce Fogg on this email. He is John Horgan's executive assistant and is in a much better position to provide any government support for the city of Langford.

- Gareth can be a secondary contact (250-508-9439) along with me for any attending dignitaries – note he is part of the commentary team for the world broadcast, so will be unavailable at times since he will be on the air
- Paige and Jennifer are leading on the “run of show” for the tournament, and will be coordinating the tournament play along with any PA announcements/other elements
- Ben is our ticketing/box office lead
- Darren and Cory are our key contacts with The City of Langford

As I currently understand, attending will be:

- Premier John Horgan
 - Day: Sat, May 12
 - Time: TBD
 - Involvement: TBD depending on time attending
 - Back-up will be a simple welcome PA – Bruce/Janet, can you please approve: “Rugby Canada would like to extend a special welcome to Premier Horgan, who has joined us here today. The HSBC Canada Women’s Sevens is gratefully supported by the Province of B.C.”
- Parliamentary Secretary Mitzi Dean
 - Day: Sun, May 13
 - Time: TBD
 - Involvement: Possible presentation of the Challenge Trophy (@ 2:30pm) - TBD
 - Back-up will be a simple welcome PA – Bruce/Janet, can you please approve: “Rugby Canada would like to extend a special welcome to the Honourable Mitzi Dean, Parliamentary Secretary for Gender Equity, who has joined us here today. The HSBC Canada Women’s Sevens is gratefully supported by the Province of B.C.”

The schedule for the weekend is attached for reference. Please let me know if I have currently missed any details – if not, we will await further confirmation of possible attendance times for the Premier on Saturday, and I will confirm back on the Parliamentary Secretary’s role with the Challenge Cup tomorrow.

Thank you all!

Morning Joleen. Hope you are well.

He's ^{s.22} attending Saturday 11 – 3pm.

He is going to be acknowledged as in the crowd but will not be speaking. (that of course could change...they may want him to do something last minute)

I'll staff. Cell # below.

Not sure if he's attending Sunday....but believe Mitzi Dean, MLA is attending Sunday...tbc

Believe Janet Stewart from your shop is involved in the BC support component for the tournament.

Let me know if you need anything else.

Hi Bruce,

Happy Wednesday! Hope you're doing well.

I just wanted to check in about this rugby Canada event the Premier is attending this weekend. This looks like something he's attending as Premier, not just as local MLA.

Are you able to send me some details and what exactly the plan is for him to do there?

Thanks,
Joleen

Hi Amber,

The south island MLAs are endeavouring to arrange their quarterly meeting and I'm trying to see if PJH has any time to come. It's no big deal either way, but I just need to know so we can figure out a suitable time,

We are looking at times in June. Could you see if there are any possibilities on your end?

Thanks!

Randall would be very happy if you and John were able to mention Randall at the Sooke Dinner on May 12th. He says he will not be able to attend after a full day of Buccaneers day events and whatnot – also we held a very well attend coffee house meet and greet in Sooke on April 7th at the Stick in the Mud Coffee shop and have plans to get there again soon.

Thank you for letting us know and thank John very much for bringing s few words of support from Randall.

Hi Team,

I just spoke to Langford and also have an event plan from TAC (attached).

Andrew, the woman who has the passes can't get to your office by closing time today and goes the other way before you open so, I am going to meet her tomorrow morning at the Leg to get them from her.

She needs to be there for the Challenge Trophy presentation for 2:30 but I hadn't confirmed times with her yet (thanks Andrew).

Bruce, sorry I haven't looped you in ...the details on my end have just been sorted today. Mitzi has been working with Darren in Langford (I think he is the CAO) and TAC has been working with Jamie Levchuk and I have spoken with Sherri who is the EA to the CAO. I also have the number of the Director of Parks for Langford who will be there^{s.22}

It is true – I understand that she will be there from 2-6:15pm.

She received an email from Sherri Andrews from Langford earlier today explaining that she is planning to drop off passes at the office later today though – is there something further she needs?

She is attending in her capacity as PS for Gender Equity and so I have copied Kim on this email because she may have further info on this too.

Thanks Bruce,
Andrew

Hi Amber,

I suspect you and I are the last to know about this, but I wanted to make it official. Premier Horgan has been invited to do the ceremonial ball drop for the Shamrocks home opener on May 25th. They ask that he ~~s.22~~ are there no later than 7pm, with jerseys on, for the photo op at 7:30pm.

Please let me know if you have any questions.

Hey Bruce,

Not sure who deals with the Premier's scheduling during the summer. I just wanted to mention that Jagmeet is currently planning on marching in the Victoria Pride parade this year.

I don't know if that means John would be more or less likely to be in the parade, but that's up to you folks.

I'm supposed to be the on-the-ground coordinator for this visit. Let me know if I should know anything or if I should be speaking to someone else.

This event is happening in the constituency. Would you like me to sort this for Chris or would you like to take this on your end? I believe they are referring to their receipt of a community gaming grant which is a government program so sorting to either camp makes sense to me! Thanks for your input. Good day. Thank you for speaking with me this morning.

As discussed here are two letters:

- First from^{s.22} explaining her attempts to establish a family practice here in Westshore. She has given me permission to share and asks for a response from Ministry. Don't believe this has been "cliffed" as of yet. Bullet point response for me as well would be appreciated.
- Second a one page letter from the non-profit which owns Ayre Manor in Sooke. They are seeking advice on how to move forward to acquire capital to expand their facility with much needed complex care beds. Again, permission given for this letter to be "cliffed" and responded to by Ministry on behalf of MLA.

Thanks as always.

It would have either been Maureen or someone at Mitzi's CO who printed them (it also requires Mitzi to re-sign).

I would prefer to hold onto that particular batch until it's complete – otherwise, I'd be concerned that things could go awry... (My actual preference would be to wait until it's entirely complete & have things go back in their entirety... but if they need to go in portions, then I'd definitely want to keep the batch that needs the replacement.)

Good morning,

I am writing on behalf of Mayor Maja Tait of Sooke to request a meeting with Minister Dix.

Mayor Tait and Minister Dix met at the UBCM Convention in the fall and since that time our community has been actively working towards improving health care infrastructure in collaboration with Island Health. Recent conversations with Premier Horgan have included reference to a potential "campus of care" for Sooke and indicated that the regionalization of service to the Westshore is not in the best interest of our community. I have attached an article from our local newspaper for reference.

Mayor Tait would appreciate an opportunity to speak with Minister Dix to discuss the Ministry's priorities and how they align with Sooke's unique health care needs. I'm hoping that you are able to schedule a meeting time for this discussion.

Please let me know, thanks so much!

Hi Bruce,

Please be advised that the Sooke Community Health Planning event will be on Saturday, June 16th from 1 to 4.
Please let me know if our Premier is able to attend some or all of it, and also perhaps our Minister of Health?

There is confusion it seems from levels above, meaning Island Health has their priorities which don't include a 'Campus of Care' in Sooke and its clear that they want to manage public expectations. And they don't want a facility or any mention of a 'Campus of Care' to be shared at the public event.... Though with the recent article in Sooke News Mirror the public has higher hopes and expectations.

I don't know if the Ministry has different intentions? Is there any announcements or anything planned? I'm a bit stuck now as going back to my recent meeting with our Premier, it seems the focus is on the Westshore with some improvements perhaps in Sooke.

Last week's Mirror also had a negative political cartoon which basically makes it looks like all my advocacy work on health care is nothing more than politicking and empty promises.
I've attached a link to the latest E-Edition so you can see it.

Please provide me with any updates possible.

Subject: Health reports

Hi Bruce,

I'm so very grateful for the time our Premier spent with me last week.

In my haste to get 'all of my stuff' in front of him, I never once asked how HE was doing.... I feel badly about that and hope to be more thoughtful in the future!

He is carrying the weight of the Province, and I'm truly grateful for all the fine work he is doing on behalf of BC – those of us here now s.22

As discussed, I've attached a few reports that we spoke about.

Sooke Planning document – Public Engagement event is scheduled for June 16th, 1 to 3.

The EOI submission – We were lumped in with the Westshore, and the focus has been now for Urgent Care in the Westshore and extended Primary Care in Sooke.

In this case, I feel Langford and the others are benefitting from the work Sooke has done – in some ways to our disadvantage, as our residents will still have to navigate Hwy 14 to access urgent care and/or other specialized services. And the response we received - this remains redacted as the Ministry has not done any formal announcements that I am aware of.

I most certainly appreciate everyone's efforts on this file, just feel that because of the tremendous growth in the Westshore (like with the schools), that we get left behind.

Anyway, thank you for your time.

Morning.

Challenging day.

At this point his attendance this evening is unclear.....so, with apologies for not being able to say one way or the other, I think the best advice is to proceed with your plan.

He is going to make every effort to get there in person.....but I can't confirm anything yet.

All I can ask is, if he does get there sometime after 6:30 can he slip into the speaking order...because he may need to leave fairly quickly as well.

Sorry about my lack of confirmation...just one of those things.

What I do know is that the evening will be great for s.22 regardless and John would want to thank you and your colleagues for celebrating s.2 so wonderfully.

More if I hear anything one way or the other.

Good Morning

John, I am strongly disappointed in your comments to " No" rail services on the E&N. This is a total reverse of your support for the E&N, when you were in opposition. I have a strong feeling you have been misled in your current comments supporting buses by beauacrats and business leaders who have not got any clue to what rail can bring in a positive way. The CRD has paid millions in upgrading crossing infrastructure for trails and roads. Upgrading the rail for Commuter services is the direction to take rather than back tracking. The issues with the ICF can be fixed,but needs Government, Federal and Provincial to make change. Also, the E&N Railway Roundtable Group met with Minister Claire Trevena on Monday and left with a positive meeting discussion, only to hear your disappointing comments today. I suggest meeting directly with E&N Railway Roundtable Group, to hear our suggestions on Rail.

Sincerely Glenn Migneault.

I worry my information may be dated so we will follow up with our ADM.

My understanding is that the Ministry of Energy, Mines and Petroleum Resources had advised the District of Highlands that we would review the information provided by OK Industries with them once we receive the complete package. We anticipate that this package will complete the information required to make a decision on the application. I just need to see where they are at with the package. They are committed to conducting a thorough and comprehensive review based on input from the District of Highlands and other affected stakeholders and agencies.

That said, we will get a more comprehensive BN and check in on the status of the response to the community letter.

Bruce,

Thanks for the note. Terrific news! I appreciate the heads up. Happy to work with you to ensure that we make the best use of the Premier's time while he is there. For your information, our current schedule is as follows:

Keep Girls In Sports Golf Tournament – Friday May 25th, 2018

2:00pm Registration Opens
2:45pm Players get in their carts and receive greetings and instructions
3:00pm Shotgun start (over 9 holes)
5:30pm Reception begins
6:15pm Banquet and evening program
8:00pm Event ends

Best case would be to have the Premier say a couple of words either at the 2:45pm opening or at the banquet at 6:30pm. If, as your email suggests, neither of these times end up working for you, we can do one of three different things.

1. Rearrange the schedule slightly so the Premier can speak to the assembled group either at the opening or at the banquet (happy discuss pros and cons of this option)
2. Set up a separate short speaking opportunity just before 6pm for the Premier to bring greetings to the people at the reception
3. Organized an even more casual visit in which the Premier talks to volunteers, poses for some pictures, accepts a token of appreciation and meets groups as they come through the first tee. (I've heard that he occasionally uses his lacrosse stick for this one – which would be great!)

Just some ideas, all of which can be adjusted (or combined) as you need. As well, for your information, the tournament is now sold out and with golfers, volunteers and special guests, there should be around 100-150 people present. If you need more info or have any questions or concerns, please feel free to contact me at any time.

Thank you for your work on this.

Cheers,

Mike Brooks

Hi Mike.

Just a quick note to let you know that yes Premier wants to drop in and thank participants on the afternoon of May 25 at Highlands Pacific.

John's calendar is not confirmed yet but he hopes to be able to drop in sometime after 3pm. He has another event in Langford he must be at later in the evening so will need to leave Highlands before 6pm.

I hope to have more confirmed timelines as we get closer to the event and will be in touch then.

Thank you for coordinating this important and useful community event.

Morning. Thanks for this.

I have to go out of office with Premier tomorrow morning...leaving around 9:30. Don't believe my colleague Lynn, who will be the only other staff in the office tomorrow, will be in until 10am. So if you can deliver either between 9 & 9:30 or after 10am that would be best. Sorry for any inconvenience as I do appreciate you doing the pickup/delivery.

Let me know your plan.

Hi Bruce,

Thanks for getting back to us!

Now that the Premier is coming to our Annual Ceremonial Review, it will be protocol to have him as our Reviewing Officer.

I know that that wasn't the plan, however, it would be odd if he wasn't.

Being the Reviewing Officer means that the Premier will be the main officer/person overseeing the review. He would be on the dais (accepting the salute from the cadets), be the head person in our reviewing party, as well as present a few awards and have a short speech to the cadets.

With that change, we would also need the Premier's biography so that we can print it in the program.

If you need any more clarification, please let me know.

Yes I believe he will stay for the whole ceremony June 2. Do you have any idea how long that ceremony will be....approximately?

At least that is the plan at this point.....unfortunately there are occasions when provincial issues come up quickly and unexpectedly (fires, floods, pipelines), the end result being that his schedule must change on short notice.

However at this point he is planning on attending both complete events.

Your ad looks great!

Before I have your invoice processed I wanted to check in and see if there was any interest in the MLA corner (column concept) that I mentioned? We could make this a ½ page each month, or full page every quarter. Lots of options and the space would be a combination of editorial and ad (we only charge for the ad space).

Hello Bruce, just following up on the Premier's comments at the Victoria Chamber event last week, re saying he intends to get buses running along the E&N during this term of the NDP in government. [West Shore Voice News article on page 1 in the May 18th issue of West Shore Voice News: <https://westshorevoicenews.com/printnews-online/WestShoreVOICENews-PremiumSubscriber-MayLongWeekendIssue-V3N29-May1818-postedversion.pdf>]

I have heard John say there are ample reports from over the years. Does any of that documentation include a business case for train vs bus, with a cost comparison? Apparently this sort of report was 'promised' (?). I'm hearing a bit of feedback that by John saying on May 15 at the luncheon that "we've got this covered" (i.e. through cabinet minister and MLA contacts in the community) is 'not enough'.

Meanwhile, if John is planning to green-light buses for the E&N, will those be an extension of BC Transit services (i.e. the present bus system in Greater Victoria)? How many buses, and what sort of budget for preparing the ground areas that have rail lines and foliage on them?

Anything you can fire back by 10 am Friday (May 25) would be appreciated, thanks!

Subject: FW: MEDIA INQUIRY: E&N followup / Thursday

Hello Danielle, thank you for phoning this morning to acquire a list of questions regarding the E&N.

In summary:

- Is in fact the idea of the restoration of E&N trains completely over? Has the idea of buses been given the full green light by this government as a way to ease commuter congestion? Is this now a go-forward project, with staff/resources now assigned to making the E&N bus fleet happen?
 - Is there a cost-comparison analysis to back this up? i.e. 'operating trains would cost this much, but buses would cost this much – and which is better and why' [we didn't discuss this point on the phone today but it was first asked in my email last night]. I realize that 'costs' are both monetary and political, as well as the socioeconomic benefits of getting people moved to work/school etc. But for public purposes, a nuts-and-bolts cost comparison of 'train vs bus' would probably be helpful all the way around.
- If in fact the E&N will be opened up for use by buses:
 - what will be the cost (to prepare the ground area – remove rail lines and foliage, and build a suitable paved surface, put in the necessary signage, pay programmers to figure out routes, etc)
 - what would be the timeline to being ready for use by buses (the Premier said it would be within this term of this government's office)
- Regarding the buses themselves:
 - Presuming the bus service will be an expansion of the existing BC Transit fleet:
 - If more buses are added to the existing BC Transit fleet, how many would that be, and at what cost? (buses, drivers, maintenance, fuel)
 - If there would be a separate fleet of E&N buses, is that a better model (i.e. so that distinct operational costs can be identified, and politically justified?)
- Is the idea of a Regional Transit Authority completely ruled out by this government? i.e. 100% green light for using the available resources/framework of BC Transit as a decision-making body for transit matters in the Greater Victoria region?

Whatever you can send by 5 pm Friday May 25 would be great. Aiming to write this up for our Friday night May 25th issue.

Thanks

Mary

Hi,

Yah, PS Dean is attending to say a few words. After we spoke yesterday we changed her arrival time so she can be there for 5:30 with PJH and then they can work the room/crowd/golfers together for 30 minutes. If PJH says a few words closer to six then PS Dean will stand with him and can also say a few words but if he is gone or doesn't speak then she will say a few words as everyone sits down for dinner at 6:15.

If this is going to change again can you let me know as soon as possible? She is good to be flexible for sure but it might be awkward to call the organizers again on this as they have shifted things to accommodate the politicians ;)

Thanks for checking in Bruce...

Hi all,

I will cliff this and create an e-Approval and send this over to you Diane to start the process. Please note that we have sent out a Minister's response on the same topic just last week to another writer and it is saved under Cliff log 104171.

As the topic cannot be commented on as the application process is being reviewed, I suspect the drafted response will be similar if not the same... I will note this on the e-Approval/Cliff logs for whoever is assigned to draft.

Thanks,
Melissa

Hello Mr. Horgan,

I would like to book a meeting with you about an issue happening in the City of Langford. It is regarding a permanent road blockage. The road blockage is creating some serious issues for my neighbourhood and a man's life was even put at risk. I have already talked to the city about this and they said that they would like it changed but they do not have the authority to do so. I am hoping that you will be able to help.

I have never needed to book an appointment with you or any other MLA and so I am not quite sure of the process. Please let me know the best way to book an appointment with you.

Thank you,

Morning Jasleen. Happy Friday

The above day care is actually in Colwood so copying Mitzi's team....but some of the parents live in Langford.

The daycare has applied for the rebate program but so far not through the system for approval....they aren't on the list on the website.

Daycare is now asking parents for 2 months back payment cause cant cover costs.

Not sure if Mitzi's team already making enquiries about this but....can you give us an update or lines on what the situation is with this application?

Leslie:

I met with John Horgan in July 2016, before the last provincial election, to discuss my concerns on the housing market and offer strategies to the NDP.

My company directly employs over 50 personnel in our engineering business, plus dozens more indirectly, providing highly paid jobs to British Columbians. Roughly 95% of our revenue is from Alberta clients in the oil and gas and pulp and paper industries. Now, the Kinder Morgan fight is threatening the very survival of our business and these jobs. Alberta clients are notifying us that they will no longer support businesses from BC. Just last week a major oil sands client informed us that we have been dropped from the bidders list for a contract worth approximately \$140 million over the next two years. This work would have required the hiring of an additional 40 engineering personnel, plus nearly 200 building trades workers.

We cannot afford to wait and watch the Kinder Morgan fight. I am writing to you today asking you to set up a meeting between me and Premier Horgan.

Subject: Request for Meeting with Opposition Leader John Horgan
Importance: High

Hi Drew,

As per my voice mail messages, I was hoping to set up a time for you, John Horgan and MLA David Eby to meet to discuss the concerns you raised in your email. Would Thursday, July 7th, 4:00 to 5:00pm work for you? They could meet you at or near your office in Burnaby if that works for you.

Thanks Drew and I look forward to hearing from you and setting a time for the three of you to get together.

Regards,
Shannon Russell

Subject: Housing prices

Dear Ms. Clark:

I am writing to you as the owner of a substantial business in Burnaby, ^{s.22}
^{s.22}

On the business front, I employ over 40 engineers and designers in very high paying roles. Our business will generate revenue in excess of \$20 million in 2016. The average salary in our company, including benefits and profit sharing, is well over \$150,000 per year. Despite these high wages, I have lost two of my three younger engineers due to the unattainable cost of housing. Each was destined to take on a senior role within our company; each represented our future. Each of these fine engineers accepted work elsewhere with the knowledge that continuing to work and live in Burnaby meant that they could never afford to marry, have children, and raise them in a house. I am unable to attract employees from other parts of Canada due to the over-priced housing market. The average age in my company is 48.3 years. With a few lone exceptions, all current employees own Lower Mainland real estate from many years back and hence are able to continue working and living in the Lower Mainland. It is entirely plausible that we will be forced to close our business in the coming years as current employees retire and we are unable to hire suitable replacements.

On a human front, there is an entire generation that will be forced out of the cities they consider home.^{s.22}
s.22

Who do I blame for what is happening? I blame all levels of government. I blame lawyers and real estate agents for turning a blind eye to the situation and even fostering the corruption.

But in the end this is a British Columbia issue and it is the responsibility of the BC Provincial government to remedy the problem. Your government needs to start representing the people of British Columbia, not foreign investors and the narrow slice of the population getting rich. My family has actively supported the BC Liberals in the past, but no longer. You could introduce changes that would cause the market to slowly adjust over a 5-10 year period and hence avoid the market shock that you use as your defence for doing nothing.

In summary, your lack of concern for the plight of the people of British Columbia is a disgrace. It is time to stop the obfuscation and begin to lead in the interests of the people.

“John Horgan was elected MLA for the new riding of Langford- Juan de Fuca in 2017. He was first elected to the legislature in 2005 as MLA for Juan de Fuca, and has been re-elected three times. He became leader of the BCNDP in 2014.

John and his siblings were raised in Saanich by his mother, after his father passed away when he was very young. John grew up playing sports and was a natural leader at school, on the basketball court and in the lacrosse box.^{s.22}

As a young man John worked in a B.C. mill and in a joinery. He earned his bachelor's and master's degrees at Trent University in Ontario and Sydney University in Australia. A meeting with Tommy Douglas sparked his interest in social democracy, and he went on to work for members of parliament in Ottawa.

Please let me know if Mr. Horgan is ok with the introduction below. All key speakers are being introduced with a little information about the high school they graduated from (name, year) and their first job or another fact that helps the students see that the amazing people before them, all had a journey to success that involved hard work and surprises along the way. Having said that, I am of course fine to introduced Premier Horgan in whatever manner he feels is most appropriate.

Yes I believe he will stay for the whole ceremony June 2. Do you have any idea how long that ceremony will be....approximately?

At least that is the plan at this point.....unfortunately there are occasions when provincial issues come up quickly and unexpectedly (fires, floods, pipelines), the end result being that his schedule must change on short notice.

However at this point he is planning on attending both complete events.

Re: Approval delays for Child care Fee Reduction Initiative Application^{s.17}

Dear Minister Katrina Chen, MLA Mitzi Dean and Premier John Horgan,

Please let me start by thanking you for taking the time to read this letter. We are the owners and operators of a large licensed Bilingual Childcare Centre located in the community of Colwood in Victoria, BC. We have been working in the childcare industry for 20 years, 15 of those years were spent owning and operating a childcare center in Montreal, Quebec our hometown. We are very familiar with running a centre under the universal childcare platform. Our current Centre is licensed for a maximum capacity of 231 Children, ages range from birth to 12 years of age. We have approximately 265 Children registered within our center and proud to say we are one of the top 3 largest centers currently in BC. We also employ 34 full time staff. Our center has been in

operation since June 2016. We provide 2 healthy snacks and a hot lunch daily. Meals are prepared on site in our licensed kitchen. We also have a great extra curricular program that includes, Yoga, Martial tots, swimming lessons, Zumba, P.I.S.E.S program and field trips, all these activities are included in our fees. During the past 2 years, we have experience great growth and success but with this growth came expenses as I'm certain you can understand.

The reason for this letter is to provide awareness of the impact the application delays are having on our Childcare Centre and inform you of what we are experiencing after applying to "opt In" to your new fee reduction initiative and ask you to please intervene and get this matter resolved. I must admit, that after seeing the state of childcare in BC, compared to Quebec, I was excited to see some changes potentially coming to light for all the deserving families in BC. So, without hesitation, I decided to "Opt into" this new program and help families alleviate some of the financial burden around childcare expenses. That being said, we did have a planned fee increase this year that coincided with the April fee reduction initiative program. Our fiscal year end was March 31st and based on those figures we had to increase fees slightly to balance our budget. Parents were already aware of the increase and provided notice. We did declare this information when sending in our application to CCOF. We are a new business, and like we mentioned above we have experienced great growth and with this growth came expenses and lease takeovers in order to expand the facility and create 129 new child care spots that were greatly needed within our community. We now have over 14,000 square feet. Our fee increases this year are based on operating costs, leasehold improvements and lease increases not to forget the cost of living increases we are all facing. Our lease alone is going up by 25% in July 2018.

We were part of the first group to send in our application when the program was announced in March. Based on the program and the promise made to parents by the NDP Government we took the initiative to extend the savings to parents effective April 1st, 2018 as announced. We were told refund payments would be retroactive from April 1st, not to worry. We were also told to expect a response by March 31st 2018. That day came and went, and no response was given! On April 11th 2018, we received an email asking for further clarification on why we had to increase our fees. (please see attached emails) we were again asked on April 19th, 2018 to clarify and provide supporting documents, we provided all supporting documents requested. **We have not heard back from CCOF since April 19th, 2018. This is unacceptable!!**

We have made several calls to CCOF inquiring about the delays, to try and keep our families informed, and we were always given the same response, "your file is being processed and you should be receiving an answer shortly". Now comes May 1st, 2018, still no response but now we are being told that our file was sent to a level 3 adjudicator yet we are still waiting for a response!!!

We continued to offer our parents the discounted rates in good faith for May's fees. We must admit, LESSON LEARNED not to trust or assume when it comes to Government promises. We still have no response and now are faced with a large income deficit that is putting our childcare centre at risk of financial difficulties. We had no choice but to ask parents to refund the amount equivalent to the rebate representing the fee reduction initiative for both April and May's fees. As I am sure you can understand this is not going over very well! Parents are outraged that we still have not received a response after waiting patiently for 9 weeks. Other centers in our area that did increase their fees have already been approved, why haven't we been approved?

A few facts regarding our fees compared to other centers that provide similar services and food in our area:
2018 fee schedule as of April 1st, 2018

Daycare	Group childcare 0 to 36 months	Group child care 3 to 5 years
Kids and Co Inc.	Full time \$2,150.00/month	Full time \$1,825.00/month

(Langford)		
Willowbrea (Langford)	Full time \$1675.00/month	Full time \$1,407.00/month
Children of the Island	Full time \$1300.00/Month	Full time \$975.00/month

Our fee increases are 4.5% for Group care 3 to 5yrs (represents a \$40.00/month increase) and 9% for Group care 0 to 36 months (represents a \$112.00/month increase)

Please explain why it would be so difficult and complicated for an adjudicator provided with all the information we listed to make a decision and send out our approval? We are NOT taking advantage of the initiative nor are we trying to take away any funding intended to help our families. We feel we have demonstrated that we only have good intentions and provide a great community service and affordable quality child care to many families in the Westshore communities. We will not let our business go into financial hardships, nor be challenged on making sound financial decisions based on our centers individual budgeting needs and expenses.

We ask that you please address this matter promptly as we have all been very patient and the delays are greatly impacting our business and our families.

Yours truly,

Nancy and Richard St-Jacques

Leslie:

I met with John Horgan in July 2016, before the last provincial election, to discuss my concerns on the housing market and offer strategies to the NDP.

My company directly employs over 50 personnel in our engineering business, plus dozens more indirectly, providing highly paid jobs to British Columbians. Roughly 95% of our revenue is from Alberta clients in the oil and gas and pulp and paper industries. Now, the Kinder Morgan fight is threatening the very survival of our business and these jobs. Alberta clients are notifying us that they will no longer support businesses from BC. Just last week a major oil sands client informed us that we have been dropped from the bidders list for a contract worth approximately \$140 million over the next two years. This work would have required the hiring of an additional 40 engineering personnel, plus nearly 200 building trades workers.

We cannot afford to wait and watch the Kinder Morgan fight. I am writing to you today asking you to set up a meeting between me and Premier Horgan.

Subject: Housing prices

Dear Ms. Clark:

I am writing to you as the owner of a substantial business in Burnaby, s.22
s.22

On the business front, I employ over 40 engineers and designers in very high paying roles. Our business will generate revenue in excess of \$20 million in 2016. The average salary in our company, including benefits and profit sharing, is well over \$150,000 per year. Despite these high wages, I have lost two of my three younger engineers due to the unattainable cost of housing. Each was destined to take on a senior role within our company; each represented our future. Each of these fine engineers accepted work elsewhere with the knowledge that continuing to work and live in Burnaby meant that they could never afford to marry, have children, and raise them in a house. I am unable to attract employees from other parts of Canada due to the over-priced housing market. The average age in my company is 48.3 years. With a few lone exceptions, all current employees own Lower Mainland real estate from many years back and hence are able to continue working and living in the Lower Mainland. It is entirely plausible that we will be forced to close our business in the coming years as current employees retire and we are unable to hire suitable replacements.

On a human front, there is an entire generation that will be forced out of the cities they consider home. s.22
s.22

Who do I blame for what is happening? I blame all levels of government. I blame lawyers and real estate agents for turning a blind eye to the situation and even fostering the corruption.

But in the end this is a British Columbia issue and it is the responsibility of the BC Provincial government to remedy the problem. Your government needs to start representing the people of British Columbia, not foreign investors and the narrow slice of the population getting rich. My family has actively supported the BC Liberals in the past, but no longer. You could introduce changes that would cause the market to slowly adjust over a 5-10 year period and hence avoid the market shock that you use as your defence for doing nothing.

In summary, your lack of concern for the plight of the people of British Columbia is a disgrace. It is time to stop the obfuscation and begin to lead in the interests of the people.

Just checking that you have everything you need from John's office in advance of Saturday? If not just let me know and I'll try to track down whatever you need.

And can you send me a bit of info for preparations for his comments:

- How many graduates – approximate
- Name of valedictorian (s)
- Is there a theme or theme song for this year's grad?
- Are there particular folk you want John to recognize: staff, retiring staff, exceptional grads.....etc
- Any suggestions you have on particular themes the Grads may find interesting or particularly pertinent?

Thank you.

Good day.

Not sure if a copy of the attached has made it to your shop? I see it's copied to Darcy but not Dix.

Can you please ensure it's "cliffed for response drafted by appropriate Ministry on Premier's behalf?

I'll deal with the request to meet component.

Thanks and best.

Hi John,

Beecher Bay Chief Russ Chipps called me this evening and mentioned you were chatting with him about a news story on yourself, Russ and T'Sou-ke Chief Gordon Planes all being cancer survivors.

Russ said he told you he would be calling me to ask if I would write my column in the

Times Colonist on this. Russ also suggest we coordinate this with your office. I am honoured to be asked and I would like to get a photo of the three of you and interview you three together for my weekly column.

The best way to reach me is either through email or on my cell at s.22 .

I look forward to coordinating this with your staff.

Thanks,

-Charla
