Hello Suzanne!

A friendly follow up to see if you might have had that s.13 come across your desk yet.

The Minister just asked me for the current state-of-play, so I thought I'd check-in with you.

If it works for you, I'm going to advise him to chat with Minister Beare about it when he has the opportunity.

Thanks again for your help with this, and enjoy the long weekend!

Cheers,

I do. Sorry for the delay in getting back. Talked to the DM of TAC today. They have a decision note about s.13 and promised to send that to me. MLB is going to talk to MBR about that note. I don't know what it says at this point, so I don't know if he will be in agreement with the proposed approach or not.

With that, we can move the :s.13 as well.

Hope that helps.

Hello Suzanne,

I hope you're well! Thanks again for coming by to speak with the Minister a few weeks back – I really appreciate you taking time to talk that through with him.

When the House resumes sitting after the break, he would like to move forward with s.13 or at least get make the case for it to go "above the line".

He asked me to check-in with you about the s.13 Do you have any updates for him on how that is going?

Cheers,

JM

Hello everyone

I have confirmed with Don Wright that our plan as discussed is OK:

- Item not to go to P&A on April 12 (Charlotte, Don is aware that this leaves the agenda empty at this time);
- No need for MSF to “update” his colleagues prior to s.12
- MIRR to return seeking confirmation of a negotiating mandate/framework when ready and following...
- s.12 for Cabinet in April.

I know there are many other decision items to consider, but next on my list is s.12 with Elizabeth MacMillan re timing, and with Jessica W and others regarding content.

I will communicate

Thanks everyone...

Hello

Just to confirm, there is no requirement to bring materials tomorrow, other than what's in your head, and what might be helpful for a good discussion. I don't have a complicated (or firm) agenda, but would like to hear your views on the following things, and anything else you feel is important to discuss during the meeting:

- Reflections on recent ADM, DM and Cabinet discussions related to<sup>s.12</sup> materials. What kind of questions are being asked? What are people's uncertainties and concerns? What do others identify as key priorities?
- Your thoughts on priorities, capacity and ensuring effective execution of this significant transformational element of the government's agenda.
- What is driving timelines and sequencing currently? What are our priorities?
- At the end of this year, what are the most important goals to have achieved?

Thanks for taking the time to attend. I look forward to seeing you all.

Dear ADMs,

Please find attached the most recent draft of s.13 for your review. It is still a work in progress.

A few things to note:

- Some of your staff will have shared the previous version with you. You will note that this one looks quite different. It (hopefully) better reflects suggestions from PO and today's DM CSSP.
- I've cc'd the staff who helped to get us this far – my thanks again to them.
- Not all of the ADMs tied to the initiatives in the strategy are members of ADM CSSP; At the same time, not all ADMs in CSSP have initiatives in the strategy. I have endeavoured to include everyone.

**Please return your edits in track changes to me by end of day on the 21<sup>st</sup>.** If I don't hear from you, I will assume that all is well and you have no feedback. Apologies for the turn-around – it can't be helped.

Next steps: I will incorporate your feedback and then send to DMs for their edits/approval. From there, the document will be submitted to CCSSP on April 3, for April 9<sup>th</sup> meeting.

Thank you for your time and edits, and please let me know if you have any questions.

All the best,

As discussed at DMC this morning, please review the lists of Fall 2018 and Spring 2019 legislative proposals for your ministry and advise Elizabeth MacMillan and me by April 3 of any changes that are needed.

The Fall 2018 items reflect the changes we've received from you over the past few weeks and are provided as context for your review of the Spring 2019 list, but if there are additional changes please let me know.

Cabinet Operations will be in contact with your office to schedule RFLs for Spring 2019 items as soon as your list has been confirmed. The goal is for these to be reviewed before the Cabinet planning session in June so that drafting can begin in summer.

Further to Elizabeth's request about being realistic about what is achievable, if there are items on your Spring 2019 list (particularly on the B-list) that should move to a later session, please indicate that as well.

Thank you for your attention to this.

Don

Here's the key files list, with my additions and some sorting concepts.

As I understand it, you're looking for a way to 1) know how significant files are being managed, and by who, and 2) have some confidence that the executive level (DM's office, COS office, GCPE, Fin) are not working at cross purposes.

I think There's a pretty straightforward way to pursue this:

- Every Monday either as part of the morning meeting or just after the list is reviewed and items added/removed
- You canvass at Monday meeting your pick of top ones to make sure there's coordination among the Executive offices on what's going on
- At DM office standup each week staff associated with key files come ready to update you if you ask, or provide update if needed as part of their report out.
- Through the week, staff associated with key files update you verbally and directly as significant things happen

If this seems like what you want, I think a group of staff should work it through a bit more to make it effective and efficient before launching.

If it's not what you want, happy to contribute as needed going forward.

Good morning

I understand there may have been some different take aways from the conversation I had with Tara on this item yesterday. My apologies for not following up in writing in the moment. Hopefully this note will help clarify:  
s.12,s.13

Since the PPT was built predicated on a decision item, I do not think time should be spent editing it. The outline and approach can be handled by the Minister with or without an information note as part of the package.

I hope this assists in efficiently moving this forward, and once again apologies for not confirming the outcome of my conversation with Tara via email.

Hello

I've briefly mentioned this to both of you over the last few weeks. Can we put together an ADM's group on housing that includes MAH (housing), MAH(MA), Finance and BC Housing. Purpose – to ensure there is a government plan for moving forward on housing that is coordinated among the agencies; to identify milestones and roadblocks to Ministers are aware of and supportive of both; to ensure milestones and milestone announcements are planned for and highlighted appropriately; and to adjust and refine plans as necessary going forward.

If you are in agreement I'd appreciate your thoughts on best participants. I would propose to call a meeting the week of the 19<sup>th</sup>.

Happy to discuss this morning if you see this before DMC

Hi Suzanne

Please find attached a draft letter of support for the Songhees Nation's bid to host the 2020 North American Indigenous Games...for Premier Horgan's signature.

We have heard the PO wants to sign off on this today. Have worked with TAC, and they are OK with the wording. As is our minister, as you can see from below.

Your office will have to format of course. Let me know if any questions.

Thanks for letting me know about the number. I started working at the Carole's community office so I suspect Heidi put that number in for me rather than my cell.

Are you free to chat now or is tomorrow better?

I look forward to speaking with you soon,

Hi Kim

Thanks

I didn't realize you were on this file or I would have called you directly ☺

That said, the number in the GAL for you is 250-952-4211, and when you call that you get Carole's voice welcoming you to her constituency office, so I'm thinking that's wrong.

Could you give me a call to discuss some next steps with Mitzi? Thanks

Hello

I'm belatedly sending this joint confirmation of our conversations from last week re the proposed<sup>s.13</sup> legislation:

– s.13

–

- I talked to MBR about his proposed legislation holding for a time while the larger discussion happens. He is comfortable with this, as long as the larger discussion happens;
- I briefly talked to MLB about the same issue; and, of course
- I talked to both of you.

I hope I'm reflecting a shared understanding of where things ended up.

Sandra – can you give me a sense of when to expect the first item?
