Colleagues: please note changes to Manitoba Cabinet announced yesterday. As of today, we are not aware of any changes of DMs. Thanks, oym

-----

Premier Brian Pallister announced changes to the provincial cabinet today and welcomed one new member to cabinet.

“Since our election in April of 2016, our government has focused on fixing the finances, repairing the services and rebuilding the economy of our province,” said Pallister. “Our team has made great progress. Taxes have been lowered, the deficit has come down, we are seeing record private investment in our province, bond rating agencies are giving Manitoba a vote of confidence and emergency room wait times have come down.

“We have achieved this through a strong team. But there is much left to do. Today, I’m announcing some key changes and additions to the team that build on the significant progress achieved over the first two years and position us for further improvements in our finances, services and economy over the second half of our mandate.”

Pallister welcomed Colleen Mayer, MLA for St. Vital, as the new minister of Crown services.

He also announced new portfolios for the following ministers:

- Heather Stefanson (MLA for Tuxedo) – Department of Families and she will continue to serve as deputy premier;
- Cameron Friesen (MLA for Morden-Winkler) – Department of Health, Seniors and Active Living;
- Kelvin Goertzen (MLA for Steinbach) – Department of Education and Training, and government house leader;
- Cliff Cullen (MLA for Spruce Woods) – Department of Justice and attorney general; and
- Scott Fielding (MLA for Kirkfield Park) – Department of Finance and minister responsible for the civil service.

These changes represent a comprehensive and strategic repositioning at the mid-point of this government’s mandate of the key portfolios essential to the work of fixing the finances, repairing the services and rebuilding the economy, said Pallister.

“The energy, experience and enthusiasm these ministers will bring to their new portfolios will ensure

progress continues on our task of making Manitoba the most improved province in Canada,” he said. “We are harnessing key ministers to refocus on that work at this critical point in our mandate.”

Ian Wishart (MLA for Portage la Prairie) has been appointed legislative assistant to the minister of education and training and tasked with co-ordinating a thorough review of the kindergarten to Grade 12 education system that will lead to reforms essential to ensuring youth are leaving school prepared to succeed in today’s competitive climate.

Other legislative assistant changes are:

- Reg Helwer (MLA for Brandon West) has been named legislative assistant to the minister of finance; and
- Greg Nesbitt (MLA for Riding Mountain) has been named legislative assistant to the minister of health, seniors and active living.

The following MLAs remain in their current portfolios:

- Brian Pallister (MLA for Fort Whyte) – premier and president of the Executive Council; minister of intergovernmental affairs and international relations;
- Jeff Wharton (MLA for Gimli) – Department of Municipal Relations;
- Eileen Clarke (MLA for Agassiz) – Department of Indigenous and northern relations;
- Ron Schuler (MLA for St. Paul) – Department of Infrastructure;
- Ralph Eichler (MLA for Lakeside) – Department of Agriculture;
- Blaine Pedersen (MLA for Midland) – Department of Growth, Enterprise and Trade;
- Cathy Cox (MLA for River East) – Department of Sport, Culture and Heritage; and
- Rochelle Squires (MLA for Riel) – Department of Sustainable Development and minister responsible for francophone affairs and status of women.

Updated mandate letters will be provided to the cabinet before the commencement of the fall legislative session.

**Subject:** Trump plan on vehicle emission regulations

Hi Okenge

As mentioned on the Daily this morning, here is some information on the Trump administration's plans to change vehicle emission standards and limit the rights of states to set their own pollution standards (which is a direct attack on California's climate leadership):

The Trump administration on Thursday unveiled its long-awaited proposal to dramatically weaken an Obama-era regulation designed to limit vehicle emissions, which contribute to climate change.

The publication of the proposal sets up a race among opponents of the change — an unusual mix of environmentalists, automakers, consumer groups and states — to temper the plan before it is finalized this year.

The proposal would freeze rules requiring automakers to build cleaner, more fuel-efficient cars, including hybrids and electric vehicles, and unravel one of President Barack Obama's signature policies to combat global warming. It would also challenge the right of states to set their own, more stringent tailpipe pollution standards, setting the stage for a legal clash that could ultimately split the nation's auto market in two.

And this Washington Post article analyses the proposals:

Minister Mélanie Joly, Ministry of Tourism, Official Languages and La Francophonie will be in Victoria the week of August 20th to make an announcement regarding the Victoria 2020 Canadian Francophone Games. The Federal Government is suggesting a second event in Victoria, separate from the first event, for the signing of the Canada-BC Agreement. s.13; s.16

s.13; s.16

With my Federal colleague, we explored the idea of having the signing in Vancouver seeing the legislature is not sitting and it would likely be more convenient for MD who is in Vancouver-Kingsway. The signing could be done when Minister Joly is on her way to Victoria, thus emphasising the distinction between the two events. Minister Joly itinerary is yet to be confirmed.

The Federal Government is asking if there is an interest in the signing event. Please advise me on how to proceed.

Hi Okenge. Just so you know this is our proposal for Minister Ralston's interaction with the Consular Corps for the time period Sept. 2018 to May 2019. Open to your views prior to further discussion with the Minister's Office.

1. Sept. 24, 2018 – Fall Consular Corps briefing 9:30 to 2:30 p.m. in Vancouver. Minister will open the briefing with some welcoming remarks. That will be followed by two or three presentations by Deputy Ministers on topics of interest to the Corps (suggestions below). Minister will host a lunch, then depart. The afternoon will be technical presentations by our colleagues at Global Affairs Canada on topics of interest to the Corps including security, the role of the consular liaison group and how they work with local police forces, privileges, immunities and benefits. The information that GAC will provide is directly relevant to the day-to-day operations of the Consulates and a rare and welcome opportunity for the Consular Corps of BC to be briefed directly by GAC without having to go through their Embassies or High Commissions.

Suggested topics for DM briefings are:

- Trade strategy – diversification, low carbon economy
  - United Nations Declaration on the Rights of Indigenous Peoples, BC Government's 10 principles for engaging with Indigenous people.
  - Gender Equity - BC Government's approach. September 23-29, 2018 will be Canada's first ever Gender Equality Week. Next year Vancouver will host the global "Women Deliver 2019 Conference".
  - Climate change policies/strategies
1. Fall 2018 TBC – possibly Nov. 14 in Vancouver – MBR will be invited to be a guest speaker at one of the Consular Corps regular monthly meeting. Either Minister alone providing an update on a particular matter or Minister introducing a guest speaker such as Allan Winter or the Chair of BCIC.
  2. Dec. 6, 2018 in Vancouver – Minister will be invited to attend the Consular Corps year end festive celebration dinner.
  3. March 2019 in Victoria – Spring Consular Corps briefing with Ministers to update the Consular Corps on items in the 2019 Throne Speech and budget.
  4. May 2019 in Vancouver – Invite career members of the Consular Corps to participate in the BC Tech Summit for a couple of hours to walk through the marketplace and talk technology with the Minister.
  5. Ongoing – attendance and speaking opportunities at National Day receptions on behalf of the Premier.

Please let me know what you think. Thanks.

Thanks Pierrette. As you know, we agreed with JTT to proceed with a lighter consular activity schedule for MBR during Minister Mungall's absence. Lucy sent us the following five points which I agreed with and shared with JTT. Are we adding new items to that list? Thanks for clarifying. oym

1. Sept. 24, 2018 – Fall Consular Corps briefing 9:30 to 2:30 p.m. in Vancouver. Minister will open the briefing with some welcoming remarks. That will be followed by two or three presentations by Deputy Ministers on topics of interest to the Corps (suggestions below). Minister will host a lunch, then depart. The afternoon will be technical presentations by our colleagues at Global Affairs Canada on topics of interest to the Corps including security, the role of the consular liaison group and how they work with local police forces, privileges, immunities and benefits. The information that GAC will provide is directly relevant to the day-to-day operations of the Consulates and a rare and welcome opportunity for the Consular Corps of BC to be briefed directly by GAC without having to go through their Embassies or High Commissions.

Suggested topics for DM briefings are:

- Trade strategy – diversification, low carbon economy
  - United Nations Declaration on the Rights of Indigenous Peoples, BC Government's 10 principles for engaging with Indigenous people.
  - Gender Equity - BC Government's approach. September 23-29, 2018 will be Canada's first ever Gender Equality Week. Next year Vancouver will host the global "Women Deliver 2019 Conference".
  - Climate change policies/strategies
1. Fall 2018 TBC – possibly Nov. 14 in Vancouver – MBR will be invited to be a guest speaker at one of the Consular Corps regular monthly meeting. Either Minister alone providing an update on a particular matter or Minister introducing a guest speaker such as Allan Winter or the Chair of BCIC.
  2. Dec. 6, 2018 in Vancouver – Minister will be invited to attend the Consular Corps year end festive celebration dinner.
  3. March 2019 in Victoria – Spring Consular Corps briefing with Ministers to update the Consular Corps on items in the 2019 Throne Speech and budget.
  4. May 2019 in Vancouver – Invite career members of the Consular Corps to participate in the BC Tech Summit for a couple of hours to walk through the marketplace and talk technology with the Minister.
  5. Ongoing – attendance and speaking opportunities at National Day receptions on behalf of the Premier.

Good afternoon,

Recently Minister Beare met with representatives of the BC Achievement Foundation. During that meeting the representatives asked if Min. Beare would be willing to help set up a September (ideally) meeting between yourself and a couple of people from BCAF (one staff and one board member). They would like to discuss the BCAF's brand refresh and new focus on BC-based programming, they also want to discuss working with you to identifying new programs upon which the Foundation and the provincial government can collaborate.

If this is something you would be willing to do, please have Alison contact BCAF's Executive Director, Cathryn Wilson at 1-604-261-9777 or via email [cathrynwilson@bcachievement.com](mailto:cathrynwilson@bcachievement.com). If you have any questions, please don't hesitate to give me a call<sup>s.17</sup>

If you could please have her cc' us on the correspondence, that would be great.

Thank you,

Amber:

I understand the Premier would like to meet with federal Minister Wilkinson.

Do you have a sense of the Premier's availability in the coming weeks?

Many thanks, oym

Hi Okenge,

Chris was giving me an update on some things he's working on and I guess at a FPT call this am (FLMM) the fed ADM suggested creative ways to incorporate the 3 NIO's into their FPT meeting in December. At the PT social ministry meeting I attended in Halifax July 27, the PT's were very clear they don't want to include the NIO's in the FPT as each of the PTs need to have the relationship at the local band/First Nation level. Anyways I thought I'd flag it for you in case you wanted more info from Chris. Cheers.

Okenge: This is for your information only.

We received the email below. I contacted Jim Johnston to know more.

- He is a contractor retained by the Canada School of Public Service to set up this study tour.
- He is planning a meeting between Mark Zacharias and participants of the study tour. The meeting will be in Vancouver in the Sept 24-26 window. The group will also go to Prince George to know more about the BC economy and regional issues. And then, they will be going to Whitehorse.
- He indicated that the session with Mark (or an alternate from his Ministry Executive ) should be on the substantive aspect of the climate change file, but a focus should also be on the leadership attributes/ leadership principles.

He indicated that another group of learners will be coming to Victoria in January – likely the third week of January and he will be in touch then to plan the session.

**Subject:** Canada School of Public Service, Executive Leadership Development Program, Study Tour to Vancouver, September 24-26th

I am writing to let you know about an upcoming Canada School of Public Service sponsored study tour to Vancouver for a small group of senior leaders who are enrolled in the School's Executive Leadership Development Program. The study tour will take place September 24-26th. The 12 participants are Assistant Deputy Ministers/Directors and Directors General from various federal departments who have been selected for the Executive Leadership Development Program through a talent management exercise. Several staff from the Canada School of Public Service would also form part of the group.

The primary goal of the tour is to provide opportunities for participants to take part in conversations with executives and leaders at all levels of government, non-governmental organizations, the academic sector,

indigenous communities, and the private sector. The meetings are designed to provide an opportunity for an exchange of perspectives and insights on governance and leadership principles, challenges and innovations as well as current and emerging public policy issues.

In addition, the meetings will allow participants to:

- \* Increase knowledge and appreciation for diverse regional perspectives (opportunities/challenges and strategic edge/innovation) and take these into consideration to advance the Government of Canada priorities and agenda;
- \* Explore at the ground level the complex relationships between sectors and levels of government within a particular region that may influence the system of governance for Canadians at the national level; and
- \* Integrate perspectives on leadership values, behaviours and attitudes.

In terms of the involvement of the Government of BC, we are working with the Ministry of Environment & Climate Change Strategy to arrange a session for a senior executive to meet with the study tour participants. I should note, in addition that the School is planning a second study tour that will visit Victoria in January 2019. I will provide additional information as the planning progresses.

If you require additional information please let me know. My cell phone number is s.22

Okenge,

Following up on our executive succession meeting, please engage with your executive members to:

- 1) Confirm/Update organization chart delineating the name, position title, and band for each executive member and their direct reports.
- 2) Confirm/Update the role accountability summaries for each executive position. In some cases role accountability summaries have been developed and are attached. Where none exist, please use the template provided. These should be no longer than a 1 pager and are meant to capture the primary accountabilities of the role.
- 3) Complete individual development plans (2018 Executive Data - Employee Forms).

Please complete the above and send to me by August 31<sup>st</sup>.

As discussed, the Public Service Agency has recently adopted an agile approach to develop an Executive Talent Management application that will provide greater insight into the supply (talent) and demand (executive positions). Information gathered through this engagement with your executive team will be key to our intelligence gathering.

Finally, I have included an electronic copy of the four focus areas for executive development identified from the 2017 Executive Performance Reviews with upcoming workshop dates. If relevant to their individual development needs, executives are encouraged to attend and should register directly using the links in the attachment.

Recognizing that we covered a lot of ground in our meeting, please don't hesitate to contact Lori Halls or myself if you or your executive have any questions.

Thanks,

Iris

## **Background**

The British Columbia Consular Corps, based mainly in Vancouver, is the official body comprising all Consular Officers (Consuls General, Consuls, Vice-Consuls and Consular Agents) resident in the Province, representing 83 countries (55 honorary members; 31 career members) as of July 2018. Some countries have more than one office in B.C. Some Consular Officers based in British Columbia also have jurisdiction in other provinces and territories. Canadian citizens residing in British Columbia may be asked to represent a country as an Honorary Consular Officer. The Office of Protocol is responsible for the administration of immunities, privileges and benefits, resolves any issues that consulates may encounter and is responsible for fostering positive government to government relations with the representatives of foreign countries.

Primary functions of Consular Officers:

- Represent their country and promote their country's trade within the Consular District;
- Assist and protect nationals of their country;
- Explain their country's policies and achievements in fields such as culture and tourist attractions;
- Protect their country's shipping interests, legalize ship's papers, assist their country's seamen in distress and adjudicate on certain shipping matters; and
- Administer oaths, legalize foreign documents and issue passports, visas and certificates.

To continuously support and interact with the Consular Corps, including welcoming official visitors and attending National Day activities, the Government generally arranges two annual briefing/reception events each year. One is of a "technical" nature with presentations by Deputy Ministers with the other being by Ministers and a reception hosted by the Premier. The last ministerial briefing took place in Victoria on March 10, 2018.

**Subject:** Poverty Reduction Strategy - Next Steps

Hello Colleagues,

I'm writing to thank you for providing input to our poverty reduction strategy work at SDPR earlier this summer and to ask for your further assistance. The information you provided in the template will help SDPR identify and support your respective mandate commitments that impact low income people living in British Columbia as the strategy is developed.

As a next step, we are hoping to bring together a cross-ministry meeting of ADMs during the first week of September to discuss next steps on the poverty reduction strategy. To ensure we invite the right people, please let me know who from your ministry should be invited by August 17<sup>th</sup> and we will send out invitations shortly thereafter. Names can be forward to [Andrea.L.Gillis@gov.bc.ca](mailto:Andrea.L.Gillis@gov.bc.ca)

Thanks again for your help – we look forward to continuing to work with you.

Thank you,

David Galbraith  
Deputy Minister  
Ministry of Social Development and Poverty Reduction

Hi Okenge,

Do you have 10 minutes for a quick call on this issue? If yes – call me on cell when convenient and I will step out – or I can arrange for a meeting in our calendars if that is better...

Cell:<sup>s.17</sup>

Thanks,

*Doug*

Hi Okenge/Pierrette – I'll be participating in the regular ADM call on the Western Canada Growth Strategy today including an update from Canada on their engagement strategy and communications plan moving forward. Note that they are looking to launch Sept. 12 (TBC)<sup>s.13</sup>. I wanted to ensure you were aware and were plugged in on the communications (Angelo Cocco thought you were plugged into the federal government directly on this and coordinating?). Let me know if you need anything further from us.

**Subject:** Western Canada Growth Strategy - Engagement Paper

Hello Western Canada Growth Strategy (WCGS) ADM Committee members,

Thank you for the comments you have provided on the draft web content for the WCGS Engagement website. We have revised the web content based on your comments, and will re-circulate it to you by Friday August 24.

As discussed at the August 13 meeting of the committee, please find attached a draft background policy paper ("Engagement Paper") **for your review and comment**. This paper, which will be posted on the WCGS Engagement website the week of September 10, complements the draft web content you have already seen, providing more detail on the western Canadian economy. Based on your feedback, the paper also includes a "Provincial Highlights" section with province-specific content (pp. 13 to 16). This section could be used to provide additional context and showcase key economic opportunities and initiatives underway in individual western provinces. We have left this section blank and would be happy to include one page of content provided by the four provincial leads. Note we are still working on the Indigenous Highlights section at p. 12.

Please provide your comments and province-specific content to me by **Tuesday, August 28**.

Also, with respect to the web content, we would like to include some provincial economic initiatives in the "What We've Done So Far" section. Could I ask each province to identify and provide text for one to three major provincial economic initiatives? Your input would also be appreciated by Tuesday August 28.

Also as discussed at our August 13 meeting, by Friday August 24 we will send you the Engagement Implementation Plan, which includes:

- the Master Calendar of events (to help identify existing events we can leverage for WCGS engagement)
- a plan for Indigenous engagement
- a stakeholder list
- a social media plan

Happy to discuss and answer any questions you may have.

Thanks,

David Dewar

**Subject:** Pls review: Updated Business Continuity Plan

Greetings everyone,

Our Business Continuity Plan is now back from EMBC. We have updated the document and incorporated the government wide updates where required. Thank you for your patience.

Please review and provide your edits/comments by September 7<sup>th</sup> to KvM/FG. If you have questions, please reach out to Karen Van Marum (new BCP Lead for IGRS), Sukumar or myself.

Our EMBC contact says we're in good shape and reminds me this type of plan is 'evergreen' – meaning a work in progress and always changing. That said, we don't want to wait to share the current draft version with you.

When reviewing, please pay close attention to the: \_\_

- 2. CRITICAL BUSINESS AND RECOVERY TIME OBJECTIVES – Actions created and approved at the senior level.
- 3.1 ALL STAFF EMERGENCY PROCEDURES
- 3.2 BUSINESS CONTINUITY RECOVERY TEAM STRUCTURE (where each of you fits in and your back-ups)
- DIVISIONAL RECOVERY TEAM LEADER ROLES AND RESPONSIBILITIES ( Specifically for Executive Directors)

- Appendix A: Review Executive Critical Tasks Checklists to see where executive may need your assistance in a catastrophic event (checklists for Okenge, Pierrette and Lucy)

### Background

- The purpose of the plan is to ensure the rapid resumption of IGRS after a local disruption or a catastrophic event
- The Continuity of Government program was launched to ensure that the province's leadership and its critical public service dependencies have the resources and plans in place to function despite potentially catastrophic circumstances.
- The Plan not only ensures that critical leadership remains functional and in place, but it also sets a good example for other workplaces.

**Next step:** Await your revisions to prepare the document for final review/approval by Okenge.

**Subject:** 2018 Executive Succession Follow Up – Engagement with Your Executives

Okenge,

Following up on our executive succession meeting, please engage with your executive members to:

- 1) Confirm/Update organization chart delineating the name, position title, and band for each executive member and their direct reports.
- 2) Confirm/Update the role accountability summaries for each executive position. In some cases role accountability summaries have been developed and are attached. Where none exist, please use the template provided. These should be no longer than a 1 pager and are meant to capture the primary accountabilities of the role.
- 3) Complete individual development plans (2018 Executive Data - Employee Forms).

Please complete the above and send to me by August 31<sup>st</sup>.

As discussed, the Public Service Agency has recently adopted an agile approach to develop an Executive Talent Management application that will provide greater insight into the supply (talent) and demand (executive positions). Information gathered through this engagement with your executive team will be key to our intelligence gathering.

Finally, I have included an electronic copy of the four focus areas for executive development identified from the 2017 Executive Performance Reviews with upcoming workshop dates. If relevant to their individual development needs, executives are encouraged to attend and should register directly using the links in the attachment.

Recognizing that we covered a lot of ground in our meeting, please don't hesitate to contact Lori Halls or myself if you or your executive have any questions.

Thanks,

Iris

By way of background, Anika played a major role in the B.C. Public Service adopting the GBA+ Framework. She researched the GBA+ approach used by the federal Privy Council Office and worked together with colleagues at the Public Service Agency and other ministries to promote the use of this approach in our government. Following the Premier's appointment of Mitzi Dean MLA as Parliamentary Secretary for Gender Equity, a whole of government approach is being put into place to ensure gender equity is reflected in budgets, policies and programs, including the implementation of GBA+.

#### STATEMENT

Premier and minister's statement on newsprint duties ruling

VICTORIA - Premier John Horgan and Bruce Ralston, Minister of Jobs, Trade and Technology, have issued the following statement in response to the U.S. International Trade Commission's (ITC) unanimous finding of no injury on B.C.'s Catalyst Paper's newsprint exports to the United States.

"People who work at Catalyst on Vancouver Island, in Powell River and Metro Vancouver can breathe more easily today. Today's ruling means that Catalyst will no longer have to pay these debilitating, unfair duties. We're very pleased with the outcome and we're glad the ITC has made the right decision based on the evidence before it. This is good news for people who work in the newsprint industry.

"This case was launched by a single Washington state mill. Although this case is now over and the duties will be refunded, the damage it has inflicted on Catalyst and other Canadian producers is disturbing.

"The pulp and paper industry is an important contributor to B.C.'s economy. Catalyst's B.C. operations support about 6,500 people directly and indirectly in three communities in B.C.

"Our government, the federal government, local mayors and councils, the company and workers stood together to protect the jobs and economy of coastal communities - and we will continue to vigorously defend B.C. against future unfair U.S. litigation.

"The governments of B.C. and Canada demonstrated clearly during the investigation that they had not been subsidizing Catalyst's operations, and we're satisfied by today's decision by the ITC."

Background:

The ruling means that the combined countervailing and anti-dumping duties of 20.26% applied

by the U.S. Department of Commerce to B.C.'s Catalyst Paper's newsprint products since its final anti-dumping and countervailing duty determination of Aug. 2, 2018, will no longer apply. The duties on Catalyst's products that had been applied since Jan. 16, 2018 will now be refunded.

At today's information session with PSA about winning one of the 10 Best Places to Work it was brought to my attention that if we need any extra framed certificates, we need to order them by tomorrow.

We will receive one framed 10 Best Places to Work certificate to display in our office.

We can order additional framed/unframed certificates as a way to share the success with individual employees or across multiple regional offices. Framed certificates are professionally mounted and boxed for delivery and will be billed to our work unit (approx. \$93/each), while additional unframed certificates are available without charge.

*Requests for additional certificates must be sent **by August 31, 2018.***

Please let me know if you would like me to order additional certificates for IGRS.

Thank you,

It looks as though you have a reference call at 8:30am, followed by the Daily at 9am.

I contacted DM Jean-Stéphane Bernard in Québec re moving your call slightly tomorrow, as it conflicts with the PM call. I am still waiting to hear back on this.

The pre-brief with Premier Horgan is at 11:15am, followed by the PM call at 11:30am.

Bonjour, Good morning,

Thank you for preparing and having your Premiers on the line yesterday. I felt it was a good call. At this stage, I do not have details or updates to share however I did want to flag that there may be a need to reconvene Premiers (or other PT officials) on short notice in the coming days therefore I would ask all of you to be on stand-by should that be required.

If alternates need to be added to this list, please advise.

Merci beaucoup.  
Christiane

Okenge,

Thank you for meeting with us to further our efforts on executive succession. **This email is not to be distributed further.** Attached is the updated 2018 Intake Executive Information (Supply and Demand) Form and a copy of situational complexity chart that we reviewed with you in the meeting. Please review both to ensure they are complete and accurate and return to me by August 31, 2018. Note that all items identified in “red” on the form need not be completed as they will be captured in the development plan that your executives will complete.

A second email has been sent to you that includes relevant attachments that you are encouraged to share with your executives.

If you have any questions, please contact Lori Halls or myself.

Thanks,

Iris

**Subject:** 2018 Executive Succession Follow Up – Engagement with Your Executives

Okenge,

Following up on our executive succession meeting, please engage with your executive members to:

- 1) Confirm/Update organization chart delineating the name, position title, and band for each executive member and their direct reports.
- 2) Confirm/Update the role accountability summaries for each executive position. In some cases role accountability summaries have been developed and are attached. Where none exist, please use the template provided. These should be no longer than a 1 pager and are meant to capture the primary accountabilities of the role.
- 3) Complete individual development plans (2018 Executive Data - Employee Forms).

Please complete the above and send to me by August 31<sup>st</sup>.

As discussed, the Public Service Agency has recently adopted an agile approach to develop an Executive Talent Management application that will provide greater insight into the supply (talent) and demand (executive positions). Information gathered through this engagement with your executive team will be key to our intelligence gathering.

Finally, I have included an electronic copy of the four focus areas for executive development identified from the 2017 Executive Performance Reviews with upcoming workshop dates. If relevant to their individual development needs, executives are encouraged to attend and should register directly using the links in the attachment.

Recognizing that we covered a lot of ground in our meeting, please don't hesitate to contact Lori Halls or myself if you or your executive have any questions.

Thanks,

Iris

Yes.

No deal has been reached yet. Negotiations will resume next week after the long week-end.

She refused to answer any specific questions (e.g. supply management) citing an understanding with her American counterpart to avoid negotiating in public.

She insisted that her American counterparts and his staff have been negotiating in good faith.

With respect to tariffs on aluminum and steel, she reiterated that they are a separate issue, distinct from NAFTA. She reiterated Canada's position - i.e., tariffs = absurd.

For your review/approval. Not sure about the first item as it is the first day of UBCM. Maybe it is still possible to go with the recommendation, depending on the timing of the meeting.
