To: Witter, Allison PREM:EX
Subject: RE: 240943 - draft ADM response by Aug 2

Good morning Ali,

Thank you for your patience regarding my delayed response.

As requested:

- Names of potential candidates were gathered and reviewed with the following criteria:
 - community-based experience (First Nation fisheries, commercial fishing, sports fishing, NGOs, local government)
 - regional distribution
 - Indigenous representation
- The proposed size and composition of the WSAC was reviewed and finalized by the Office of the Premier
- Letter of invitation were sent to candidates on May 29 and if the invitation was accepted, candidates were required to complete and submit a *Candidate Profile and Declaration for Governing Boards* form for formal independent review of the Crown Agencies and Board Resourcing Office.

I am available to speak further if you like.

Kind regards,

Don

Subject: FW: 240943 - draft ADM response by Aug 2

Hi again Ali,

I've received a question below as to whether we have some bullets to provide for this correspondence in regard to the selection process for the Advisory Council. I would think 2-3 high-level bullets would be appropriate – is this something you could help with? Do you have any key messaging on the selection of the Council? It looks like it would also be useful to include a bullet noting how input can be provided to the Council, or how the council will be undertaking engagement (the writer seems mostly concerned with lack of representation).

Please let me know if you can help. Thanks!

Hello Jessica and Ali,

I agree with you, people will be taking time off in August.

As such, I suggest we proceed with a call on July 31 or August 1. Treat it as a call to provide a brief outline of the WSAC ToR and timeline.

In the interest of time, I do not need to be on the call.

Thoughts?

Hi both,

USW District 3 Director Steve Hunt and local 1-1937 President Brian Butler have requested a meeting with the Premier. Among the topics they wish to address are the following:

- Government decisions & direction on Aquaculture
- Impact of First nations consent Requirement for industrial activity on aquaculture and forestry

I'm looking to confirm a meeting for the Premier before August – likely July 26th and wanted to connect with you regarding background materials.

Attached are the revised notes based on the further feedback (below) from Anne & the info from Don. This has increased out number of letters to 14 (15, if a condolence msg is to be done).

If there is further info to add or remove, can you please make them directly to the attached word document so that this remains the final doc that we'll use to ultimately write the letters? If there are additional letters required, please just keep adding pages to the end of the document so that the info related to each letter can be found on one page.

Thanks.

Thanks, Jonathan, I was unaware that such a letter was in preparation. Our office has been exploring an approach that is similar but has distinct differences. Don Bain is familiar with these considerations and I'm asking him through this note to co-ordinate these approaches. In particular, any initiative regarding LNG Canada and First Nations in these territories needs clearance with Don Wright, Don Bain and me, so I really appreciate this note. Don, please make an assessment of this in the context of our chat yesterday and let me know your recommendation.

Subject: RE: Provincial contribution to High Seas Salmon research
Importance: High

Good morning Dr. Riddell,

Thank you for your letter dated June 26, 2018 and thank you for your patience for our response.

Like the Pacific Salmon Foundation, the Province of B.C. is dedicated to the conservation and restoration of the wild Pacific salmon in B.C.

As you are aware, the work of the Wild Salmon Advisory Council to develop proposals for a made-in-B.C. wild salmon strategy is well underway.

We are hopeful the work will progress in a timely manner to enable the Council to submit its recommendations to the legislative assembly's Select Standing Committee on Agriculture, Fish, and Food this fall. The recommendations will support a public consultation process to examine the health, habitat, and management of wild salmon and the sustainability of the wild salmon industry in B.C. This process will inform the development of a long-term wild salmon strategy for B.C. To ensure the successful implementation of the strategy, it is reasonable to expect the Province of B.C. will need to commit to additional resourcing.

It is in this context, and after review of our existing budget commitments, I regret to inform you the Province of B.C. is unable to contribute to the costs of the research cruise in the North Pacific in March 2019.

If you have further questions, I am available to meet with you at your convenience.

Respectfully,

Don

Information Bulletin

On July 10th, a Leadership Summit was convened at Tl'esqox to address the dire state of the moose population in the Tsilhqot'in Territory. Leadership, by consensus, directed the Council of Chiefs to enact an emergency Tsilhqot'in law to protect moose populations and ban Limited Entry Hunts (LEH) in the territory, effectively restricting all non-First Nation hunters from hunting moose. A draft law was reviewed and approved for final consideration by the Tsilhqot'in Council of Chiefs with enactment in the near future. Leadership also directed for a review of legal options to be completed to address the serious impact that provincial mismanagement of moose and moose habitat is having on Tsilhqot'in Aboriginal rights. Further work will occur in the near future in communities to strengthen a long-term strategy driven by the communities to address the serious decline in moose populations.

If you have any questions or concerns, please contact Shawn Wiebe at TNG at 778-799-2145.

In my last email I attached the list of contacts with addresses

One last piece of info that I forgot to share is the there was some special visitors at the Dinner on Monday night , if you review the pictures there are some great shots of the Premier and two elderly looking ladies, they are Nak'azdli members, who are invited to other communities in the surrounding area to entertain the crowd. They dress up how they remember their grandmothers and great grandmothers dressed up and put on an act. They are so funny you can look then up on FB, they talk about going to the Beauty parlor and try out sliding down hill, they try to bring humor to communities. Their names are Beverly Prince (Lilet- which means milk in Dakelh) and Winnie Sam (Soogah- which is sugar in Dakelh)

Beverly's mailing address is ,^{s.22}

So they did join the Premier and MSF at the dinner and had some laughs with them and brought up some things they wanted the government to look into :)

They did one more show after they meet the Premier on June 18th,^{s.22}
^{s.22}

>>
>> Gentlemen ... I am following up for Dr. Dick Beamish as we have now received confirmation of the federal governments contribution to the International Year of Salmon research cruise in the North Pacific, March 2019. DFO will provide \$250K to bring our confirmed funding up to \$700K (\$\$ from federal government, a group of BC salmon farming companies, a private donor, and the Pacific Salmon Endowment Fund). A confirmation of \$250K from the

Province of BC will ensure the vessel contract can be signed and planning for the research to commence. I am also writing now as we have hopes to complete funding details before the annual meeting of the North Pacific Anadromous Fish Commission meetings that begins next week in Khabarovsk, Russia! This date is important as we will have to plan and make several alterations to the vessel and its power supplies in order to support our science equipment and laboratory needs.

>>

>> I should also relay that Russia has agreed to modify the original cruise plan to allow the vessel to complete the study by returning to Vancouver, B.C. for a few days before returning to Russia. This will be a great opportunity to profile the studies and collaboration between funders (late March 2019).

>>

>> The Pacific Salmon Foundation is assisting by holding the funds for the contract, so any questions on process for transferring funds should be directed to Mr. Tim Sucic who I have included in this email.

>>

>> At this time we really need the commitment of the Province to provide the \$250,000; we can work on receiving the funds later. Any assistance is greatly appreciated, but we really are now down to your commitment so we can proceed. Thanks.

>>

>> The official opening event of the International Year of the Salmon will be held on October 11, 2018 at the Jack Poole Plaza, Vancouver, B.C.

Hi all - Thanks for the further info.

Can one of you confirm whether we will be sent a corresponding list of names, titles, organizations, & mailing addresses for the letters you are wanting sent? The volume of names & organizations below could potentially result in at least 50 or so letters. We don't have the time/people-power to do all of the googling, so clarity would be appreciated.

For future reference, see sample attached of how we typically receive these requests via Evan (KMs not always included, but appreciated if available). In this case, if we can get the above mentioned list, we should be able to pair that with the info already provided below.

I forgot a couple of events at the Nak'abun school event, PJH and MSF were invited to visit the grade four class, Teacher -Miss Susan Erickson – the class had been studying about the provincial government and had Bio's of PJH and MSF on the board outside of the class, inside the class questions were asked, "what is the best part of the job, what do you do, and how can I do your job?"

And when they were asked how they got the job, PJH set up a little election between him and MSF, so they got to do their stump speech, MSF offering Ice Cream to the students and PJH came back with Ice Cream and No school!! And then he asked the students to vote for their favorite!!

After we left the Grade Four Class – they meet the Grade 7 class and had a group picture taken with them. The next day was the Grade seven grade!

Subject: Letters of Appreciation -- Tour of FSJ area
Importance: High

Good afternoon Susan,

Evan asked we provide you with details for letters of appreciation from the Premier regarding his recent tour of the Fort St James area.

Anne-Marie Sam forwarded her super amazing notes from the different meetings, communities, people, issues discussed and details of the lovely gifts given to the Premier.

Would it be appropriate to have Minister Fraser co-sign the letters? I am unsure of the protocols.

Kind regards,

Don

Subject: Tour of FSJ area

This is from my notes or what I remembered, please fill in where I missed out things, if you need names let me know

June 18

Housing event at PG Friendship Centre

A quick meeting with members of Lake Babine that live in the Urban areas, ^{s.22} was the main speaker, a letter provided to PJH

Travel to Takla,
Chief John French , Deputy Chief Sandra Teegee, Councillor Chris French, Councillor William Korolyk, Councillor Wilma Abraham,

Gifts provided Moccasins were made by ^{s.22} , Dinner Catering paid for by Sasuchan Development Corp, and many member cooked (donated) their traditional foods

The Elder that gave the sash to PJH and Necklace to MSF was ^{s.22}
^{s.22}

Since we were late, the kids had to wait patiently for us, they were suppose to dance first for the Premier when he first got out of the vehicle, but things did not go as planned and there was the greeting with all the people waiting and the dancing, which everyone in the region was well aware of, that Takla had the Premier and Minister dancing !! FB got that out in the communities :)

The dinner that evening at ^{s.22}
^{s.22} this was planned to be a "small" event since it would be a long day after travelling to Takla, but

we had a mix of people from the schools, local Business Owners, Doctors, Mine Manager, Mayor and Council, Chief and Council and members of Nak'azdli
Catering provided by the owners of the local North Arm Pub & Grill

END of DAY ONE

June 19th

Tour of Stuart Lake Hospital

The tour was set up by Ann McCormick, she is the Chair of the Primary Care Society, and a member on the Hospital replacement committee

Singer outside the hospital was s.22

Visit with Nak'azdli member s.22
s.22

PJH wanted her address to send a follow up letter:

s.22

Also signed the guest book for s.22
s.22

who PJH
mentioned to the him to sign the book,

Doctor Peiter Van Zyl, was the main tour guide along with Ann McCormick

After setting up the dinner the night before and the hospital tour, Ann drove to Takla to attend the school award day,

Visit Nak'albun Elementary school

Welcomed by the drum group out side the teacher on the drum with them was Myrna Thomas
Principal is Monica Sillje, the main tour Guide was Grade 7 teacher – Sara Sam, she was also the
Language and culture teacher until a few months ago s.22

s.22

The story teller in the pit house was elder s.22
s.22 story where they were saying the Hey hey, Ho Ho response too, that story was told by
s.22

The Bannock that the Premier enjoyed at the school was made by s.22
s.22

The Ludi musjek (tea) was picked by the students

Next off to Tl'azt'en

Lunch provided by Tl'azt'en, was prepared by s.22
s.22

Chief Bev John, Councillor Leslie Aslin, Councillor Amelia Stark, Councillor Bertha Felix, Councillor Simon John, Councillor Allen Roberts,

Binche Keyoh Councillor Gloria Duncan, and Councillor Josh Hallman

Renata Monk – Presented the priorities for the community, also a copy of the Framework for Action was provided to PJH and MSF, this document was put together by s.22

s.22 This document was put together s.16

s.16 the community

elders and leaders put the document together to guide the path forward s.16

s.16

Renata, said she will be providing a copy of her speaking notes to us in a follow up letter.

Tanizul Timber – John Leidl presented, Alex Pierre – (a band member that has been working as the community forestry planner for many many years) for Tanizul Timber. TFL 42 is now a community forest, of 2000 hectares(?)

John Prince Research Forest (JPRF) – Presenters: Sue Grainger(RPF) Manager. Dexter Hodder – Director of Research. JPRF is a partnership between UNBC and Tl'azt'en Nation , Billed as the Largest research forest on the continent, located in the Tl'azt'en and Nak'azdli territories. JPRF measures at 16,683 hectares, equating to more than 35 times the size of Stanley Park. They have a number of research projects such as: Wildlife Health Indicator and Mercury exposure: A Case study of River Otters in Central British Columbia, Moose Habitat Selection, movement ecology and survival, Integrated Wildlife Values into Block Design, and Integrating research findings into Tl'azt'en Nation's Land Use Plan.

Fisheries – Presenter- Darren Haskell – to get to Tl'azt'en the salmon have already travelled 1100 to 1200 km from the mouth of the Fraser River. For the Salom to reach into the spawning grounds in the Takla territory they travel over 1400 km. Would like to see more streams designated as Habitat streams, Highlighted that there has been no Habitat protection work done in the area since 2002. Concerned that the closest DFO staff is out of Kamloops.

Gift of Moccasins for PJH made by Elder Helen Johnnie, s.22 , Picture provided to MSF
taken by s.22 who lives in Nak'azdli

Meeting with Fort St. James Mayor and Council

Cannabis – need to connect Councillor Judy Greenway with Minister Farnworth

Question- will municipalities get funds to help implement the new laws?

Mental Health Service – more funding needing in the area to support residents and not have to travel to Prince George.

Housing – FSJ has a housing committee with Nak'azdli and Tl'azt'en

Started working on an Elders co-op in partnership with BC Housing, an understanding that the 1 million given to the project was a grant, and now understand it is a loan, which was not the original agreement. We need follow up with BC housing about this Elders co-op, that is not turning out how the community expected as low income homes for seniors. Now units are sitting empty.

Roads – Germansen Highway, that Canfor is interested in turning into an FSR, concern about safety of non industry users. The council was under the impression that Canfor has made an application to FLNRORD, but need to confirm where this is at with MOTI and FLNRORD

June 20

First event was the Chicken Races at the Fort St. James National Historic Site!!

Meeting with Nak'azdli Whut'en Chief and Council and Management team

Chief Alec Mckinnon - Salmon are being managed to a place where there will be no Salmon left, glad to hear about the Salmon Advisory , it should be FN Driven and have FN members on the Board.

Understand that the provincial government made a housing announcement on Monday June 18th and the province is now stepping into federal business? Need to ensure that the housing funding that a percentage is set aside for the North

Harvesting of logs in the territory, Impacting way of life, impacting moose, caribou and salmon.

Protection of the environment , in Nak'azdli we had to make a controversial decision about the Coastal Gas Link project.

s.16

Councillor Fred Sam - the need for Mental Health Support in the region, the need to have local supports for members dealing with addictions. The closet Detox centre is in Prince George, and there is always a wait list to get in and if they don't go to Detox they can't go to treatment, so people spiral deeper into the addiction.

Issue about some families with traplines and cabins, within Keyoh (traditional land tenure system)being charged Land Taxes and others not, need to follow up with FLNRORD

Natural Resource Manager- Colleen Erickson – consumption and usage of water, need proper data from Province to have a clear understand of impacts to water from industrial developments and logging
FN need to be included in wildlife management within territory, and when the spruce beetle advisory was developed, we need to make sure Nak'azdli representation present

Education – should partner with Ministry of Education for expansion of Nak'albun school, need to partner with schools on reserve so the same services are provided to public schools and First Nations schools

Capital and Housing manager – waitlist for home reno's, repairing houses that not built correctly to begin with, need support to build capacity that ensure houses are built to code.

Nak'azdli has signed onto the Federal Land Code, need to develop partnership as laws for Reserve lands are developed

s.16

Finance Manager – Waitlist for housing and education

Nak'azdli Employment and Training (NETS) – Amelia Stark - in the last year over 200 members trained, have developed a partnership with neighbouring Nations of Takla, Tl'azt'en, Yekooche

Concerned that Blade Runner program funding has been canceled, PJH said he will look into this, he has heard good things about this program and does not understand why it was canceled

Chief Operating Officer – stressed the funding limitation for nations and the need for the province to share taxation funds

Visit to FSJ Secondary School – Principal Craig Houghton, tour guide

Met with students in the School Library

Visit Grade 8 Science Fair participants

Grade 12 Calculus exam – visit with Mr. Ogi's Class – teaching Calculus 12 throughout the entire district , PJH and MSF met students online in Fraser Lake, Burns Lake and Vanderhoof (?)

Visit Computer lab, gaming

Visit English class with Gretchen Vogelsang

Metal shop and woods shop, saw the new portable sawmill that was put together by students and purchased to have students work on different projects

Lunch Meeting with Saikuz Chief and Council

Chief Jackie Thomas, Councillors: Allison Johnny, Prascilla Mueller, Marlene Quaw, Jasmine Thomas
Shared info about Nulki Hill wind project and possible water project

Meeting with Vanderhoof Mayor and Council

Nechako River- Water Use Plan , asking for province to support to legislate that the Nechako River shall have a water Use plan

Highway 16 Corridor Safety

Vanderhoof to Prince George has become extremely busy with more and more industrial traffic

s.15;s.16

New Gold Blackwater Project -

When can we expect to have the Provincial EAP completed in order for New Gold to begin Construction?

Concern that the Caribou management plan is delaying EA review, but at the same time the province is allowing hunting of the Caribou herd?

Subject: RE: Cermaq Meeting Request

Good afternoon David and Linda,

Thank you for your email of July 4 and your patience regarding my late reply.

Like Cermaq, our government believes dialogue with First Nations are of the utmost importance.

Our government entered talks with the Namgis, Kwikwasutinuxw Haxwa'mis and Mamalilikulla First Nations in January. As you are aware, the recently announced process with those First Nations concern fish farm tenures in the Broughton Archipelago. The government-to-government process acknowledges the environmental impacts of the fish farms as well as the impacts on the Aboriginal Title and Rights. This process will identify short, medium and long-term actions, and provide consensus recommendations to the First Nations and the Government of British Columbia.

I understand Cermaq was represented at a meeting with Deputy Ministers Shoemaker and Sheldan last Friday and was one of the parties who provided general observations on the tenure policy announcement as well as the Broughton Archipelago Letter of Understanding.

I further understand, as an outcome of the meeting, a schedule of meetings will be drafted for review by industry representatives to encourage regular dialogue.

To that end, I will be attending a number of the meetings in-person and I look forward to talking to you soon.

Sincerely,

Don

Subject: Cermaq Meeting Request

Hello Don,

I hope you are well. Following the last week's announcement on tenure, I am writing to request a meeting with you to discuss Cermaq's ideas for approaching the next several years.

Cermag believes, and has always believed, that an open dialogue with government and First Nations are of the utmost importance. As you are likely aware, thousands of jobs in BC depend on the aquaculture industry, and it is imperative that industry, government, First Nations, and stakeholders work together with open discussions as we move towards the deadlines set in the announcement last week.

I will also take the opportunity to introduce our Sustainable Development Director, Linda Sams who has extensive experience here on the BC coast collaborating partnerships between First Nations and the aquaculture sector.

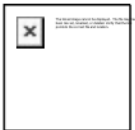

A meeting during the week of July 23rd would work well on my end. Please let me know if that works for your schedule.

I look forward to hearing from you.

Kind Regards,

David

Subject: RE: Okanagan Nation Alliance Correspondence - Invitation to Wild Salmon Advisory Council - Syilx Okanagan Nation
Importance: High

Good afternoon Pauline,

Thank you for taking my call yesterday.

I would like to take this opportunity to further clarify, in writing, Ms. Machin was invited to personally participate in the work of the Wild Salmon Advisory Council due to her expertise as an Indigenous fisheries biologist and her previous involvement in the Canadian Columbia River Inter-Tribal Fisheries Commission and Fisheries Renewal BC.

Ms. Machin was not approached to be the formal representative of the Syilx Okanagan Nation.

I believe the source of the confusion began when I looked for Ms. Machin's email address I found her syilx.org email address. It is this email address I used to send the invitation to Ms. Machin on May 29. I understand Karilyn Alex forwarded this email to Howie Wright and Skyeler Folks. In turn, Mr. Wright replied to me on May 30 stating "We can bring to our Chiefs executive for appointment?"

With respect to the offer of an appointment of a CEC-designated representative to the Wild Salmon Advisory Council, the Council has begun its work in earnest and it is not possible to add another appointment at this late date.

I sincerely apologize for the confusion and would like to assure you I would never purposely be disrespectful to the Okanagan Nation's internal governance processes.

With respect,

Don

Subject: Yekooche's Cunningham Forestry Road

Kyle/Sherry

Further to our meeting of April 17, 2018 and my email of 5/29/18, we appreciate all the work that you did on YFN's 4 Year Pilot Project which is being implemented; however, my primary

concern is upgrading the Cunningham Forestry Road to a public road -- which is a closing item for YFN's treaty.

With Canada's new mandate and policy re: access to reserves we are awaiting HQ contacting BC to advance the upgrading of the Cunningham Road.

As it stands the forestry road does not meet the basic requirements for public use and serves as a major hazard to YFN citizens. As residents of BC Yekooche citizens require the basic standards of access that other BC residents are provided.

Please update me as to any progress on this important matter.

Thank you

Bob Reiter

Subject: Tsilhqot'in Moose Concerns

Hi Don,

Following up on our meeting last Tuesday with the Premier, I wanted to check in to see if there is any update to share on the moose hunt concern raised by Chief Joe?

As Chief Joe mentioned, the full Tsilhqot'in leadership (Chiefs & Councillors) are holding the emergency summit on this issue tomorrow (Tuesday) and if there is any progress to share I'd like to pass it on.

I may be out of touch after 9 am or so unless I can get WiFi out in Tl'esqox.

Hope all is well on your end.

Cheers,

J.

Hi Kate

Would you please make sure that this email and letter from Chief Moses Martin of The Tla-o-qui-aht First Nation gets to Minister Mungall today. Copies are also going to The Premier and Minister Scott Fraser of IRR.

In the light of recent Media Reports (link below) that the Ministry has decided that First Nations will have to wait another decade for further participation in this sector, it seems that the promise of cooperative discourse about how the Program will be shaped is no longer relevant.

Subject: Cabinet tomorrow -- pls attend

Hello Don – your attendance at Cabinet tomorrow for the item pertaining to ^{s.12} is requested. The item is sched to begin at 10:15 but I cannot guarantee that it would not be earlier or later and would recommend you be there at least 45 min ahead of sched time. There will be officials participating from VCO.

On Thursday at P&A there is also an item pertaining to ^{s.12} which your presence is requested for. It appears on the agenda to begin at 10:50. Same provisos as for Cabinet would apply to the timing. Premier will be at VCO for this meeting.

Most grateful if you could get back to Dawn on your attendance.

Many thanks
Elizabeth

Subject: Visitor Information Centre - Nicola Bands

Good morning Deputy Minister Main,

I am following up on my email sent last week requesting a meeting with yourself and your staff.

Since my last email the 5 Chiefs of the Nicola Valley have confirmed a meeting with Minister Trevena on July 24th, in Vancouver.

In advance of that meeting I am hopeful that we can arrange a "working session" or a teleconference with yourself and other MOTi staff to discuss some of the issues raised by MOTi staff in Kamloops, specific to our proposed project.

Thank you for your consideration on this matter.

Regards,

Chief Aaron Sumexheltza

Subject: EMBARGOED NR - Stronger measures being developed for fish processing industry
Importance: High

Good morning members of the Wild Salmon Advisory Council,

For your information only, please see the embargoed draft news release regarding fish processing operations in B.C. The final copy will be released at 1:30 PM today.

For Immediate Release
[release number]
July 4, 2018

Ministry of Environment and Climate Change Strategy

Stronger measures being developed for fish processing industry

VICTORIA – The Province is strengthening requirements for fish processing operations in B.C. to ensure the protection of the marine environment, including wild salmon, following the conclusion of its sector-wide audit.

Released today, the ministry's audit report inspected all 30 fish processing facilities authorized under the *Environmental Management Act* in B.C. Inspections were conducted to verify compliance with permit conditions, collect effluent samples, determine whether effluent discharge was causing pollution, and identify the best achievable technology for the treatment of effluent.

"This audit clearly tells us more work needs to be done to ensure our coastal waterways are safe for all wild fish stocks," said George Heyman, Minister of Environment and Climate Change Strategy. "The industry has been largely operating under an outdated permitting regime, going back several decades. We are taking immediate steps to ensure permits are updated and strengthened at fish processing facilities throughout B.C."

Of the 30 fish processing facilities inspected, 72% were found to be out of compliance with their permits. More serious infractions included exceeding volumes and the quality of fish processing effluent discharged, that is allowed under their permits. However the majority of non-compliances were administrative, such as failing to post signage.

Based on the results of the audit, the ministry has made several recommendations, including:

- Amending and modernizing existing permits to include additional environmental protection provisions, such as more rigorous discharge requirements and increased monitoring;

- Requiring fish processing facilities to review and update their standard operational procedures to reduce the volume and maximize the safety of effluent discharged into the environment;
- Ensure the best achievable technology (BAT) be factored in when the ministry determines or updates effluent discharge limits, and
- Require fish processing facilities to seek out alternatives for effluent disposal where practical, such as connecting to the municipal sewer system.

Ministry staff have already started the process of strengthening permit requirements for fish processing facilities, and are taking a risk-based approach by prioritizing those facilities that are processing the greatest tonnage of fish. Staff will continue to work with the fish processing industry, indigenous communities, the federal government and other organizations to implement the recommendations reflected in the report.

The ministry also contracted the B.C. Centre for Aquatic Health Sciences to undertake a review of Piscine Orthoreovirus (PRV), and it can be found here:

<https://www2.gov.bc.ca/assets/download/E5B1B6D133A349C2A31A20B5D092978A>

The Province will also work with the federal government and industry to eliminate to the greatest extent possible the potential impacts of PRV, and ensure new measures to achieve this goal are contained in updated permits.

Hello Don – your attendance at Cabinet tomorrow for the item pertaining to ^{s.12} is requested. The item is sched to begin at 10:15 but I cannot guarantee that it would not be earlier or later and would recommend you be there at least 45 min ahead of sched time. There will be officials participating from VCO.

On Thursday at P&A there is also an item pertaining to ^{s.12} which your presence is requested for. It appears on the agenda to begin at 10:50. Same provisos as for Cabinet would apply to the timing. Premier will be at VCO for this meeting.

Most grateful if you could get back to Dawn on your attendance.

Many thanks
Elizabeth

Hi Danny

I need to get to Victoria today about 1230pm and return by 530pm.

Harbour to harbour is best.
