Subject: Long Service Awards roll out

Hi Pierrette. As discussed dinner is served before the awards are presented at Government House. So the rollout looks like this. Highlighted part is when we need executives in the Drawing Room to congratulate their recipients after they receive their award.

Thanks.

Good morning,

Last week at the Corporate Executive meeting (i.e meeting of DMs, Associate DMs and Assistant DMs), there was a presentation by Melanie Stewart, ADM, Gender Equity Office.

As part of her presentation, the attached hand-out was circulated.

I would like to bring to your attention the following:

- the video listed in the **GBA+ Resources** section of the attached document: last item in the section. Although the video was done by and for the City of Edmonton, the concepts are very relevant as they explain the various layers of lenses that may apply to a real-life situation. For ease of reference the video is at: <https://www.youtube.com/watch?v=p6w-d1mmjFU>
- **What is GBA +**; and the **ABCs of GBA+**
- **How will GBA+ be used?** In that section, you will note that Cabinet and Treasury Board submissions will now include a section on how a policy/program/legislative or budget proposals impact Gender Equity. Each Ministry is responsible for ensuring the application of GBA +.

Hi Pierrette, I believe it is mandatory and only for those machines over 2 years old. We are likely too far along in the process to back out now. I have requested the cost breakdown from an iStore contact.

Hi Pierrette,

You will receive a CAS email asking that you approve the cost for our refresh.

May I approve on your behalf when it comes thru? The amount is \$2,585.

Thank you,

Subject: Government Transfer Request Form

The attached form is with Pierrette for signature then to be sent to Finance for the Senior Financial Officer sign off (they are waiting for it), but since this was initiated in February of 2018, it reflected the budget at that time, which has now been increased, as well as not all funding being recovered from Federal government. Finance has just confirmed that this does not need to be done annually, but it does need to look forward into successive budget years (as indicated on form). Please update it to include your current approved budget numbers, and the funding model updated to reflect not all expenses being recovered. When done please send to Genevieve who will get it approved and sent to Finance.

Thanks
