Original Note:

Lunch Food Containers

We have accumulated a pile of unclaimed empty food containers larger than any previously.

In an attempt to liberate the office of these containers, we have washed, assembled, and **placed the containers on three shelves in the back under the stairs.**

In addition to food containers, there are coffee and water cups, travel mugs, glass jars and other items; also there's a small bag of mismatched containers and lids.

We are proposing the following:

1. All staff visit the shelves where the container are, identify and remove your containers.
We will allow two weeks for this, ending Sept 14.

2. Beginning Sept 17, all unclaimed containers will be available for the taking, first come first serve, maybe limit yourself to two items. We'll allow a week for this, Sept 17-21.
3. After Sept 24 any remaining items will be used generically, recycled or passed to Legislative Facility Services for disposal.

Comments and suggestions welcome. Thank you for your cooperation.

Hey Jake,

Once again, did we receive anything from Mr. Salama, Innovative Steel, etc. etc. last week?
He's leaving messages about his meeting with the premier.

Hi Jake,

"Once more unto the breach, dear friend..." *Henry V*

Another call out of the blue from Mr. Salama, three months since the last; he is wondering when he will be getting his appointment with the Premier to discuss his miracle housing solution.

I peeked in CLIFF to see if any correspondence arrived and was logged, nada.

Just thought I would get confirmation from you that no such material has ever come our way, before I enlighten him once more.

This will make 10 phone calls and 28 emails on this matter since January...

He is going to send a 'test message' this evening to see if he has it right. And check tomorrow—I am off tomorrow, so I guess Monday.

Hi Allegra,

Thanks for the follow-up. Not uncommon for people to say they sent something and it not arrive and/or it can't be located.

I will inform s.22 that the PO has communicated with MAH, who is working with BCH to ensure his needs are met.

Cheers,
Don

Hi Don,

We weren't able to find anything in Cliff or Outlook from this writer, but I did check in with MAH and they gave me the following info:

Hi Allegra,

To my knowledge we have not received any written correspondence from this gentleman however, he does call our office regularly to voice his concerns re BC Housing and many other issues.

Often in his calls he speculates that BCH is picking and choosing applicants and giving priority to individuals that do not need the housing as badly as the people he knows. He then gives us a time limit on how long we have to start providing housing to him and the individuals he knows and advises he will stage a protest if the time limit is not met. We've connected him to BCH and had staff explain the process of offering housing to applicants and discuss his own file. We've

also provided him with the contact information for the ombudsperson if he feels the information we have provided is unsatisfactory.

We still hear from him regularly and when he calls I attempt to address his concerns/direct him to resources, feel free to redirect his calls back over to MAH.

Cheers,

Lisa Grant

Administrative Assistant to the
Honourable Selina Robinson
Minister of Municipal Affairs and Housing
Room 310, Parliament Buildings
Office: 250-387-2283

Sounds like it may be best to keep directing him to speak with MAH regarding his concerns. Let me know if you need anything further!

Subject: Steam Plant startup

Good afternoon,

Please be advised that on September 15th and 16th the steam plant is expected to come on line. During this weekend's start up procedure we open all the valves and radiators to ensure we have good steam flow to all parts of the building. This will create some very warm areas in the building for any staff who may be in working over the weekend.

To facilitate this process our HVAC technician, Tucker, will be stopping by all offices between now and Saturday morning to check the settings on the radiators throughout the buildings. He will need to leave the valves in the fully open position to facilitate the start up, and will return to once the testing is completed to restore the valves to provide a normal amount of heat.

Please make sure that items are removed from the tops of all radiators and that nothing is leaning against them or otherwise touching them before you leave the office for the weekend. The radiators will get extremely hot. Any items in contact with the radiators during this testing can be damaged or pose a fire hazard.

Please share this message with all your staff so they are aware of the work this weekend and that we do require to get into the offices to open the radiators to ensure complete steam delivery to all areas.

If anyone has any concerns, please do not hesitate to contact myself or the LFS office.

Thank you

Follow up on the red pens; Staples has a lousy selection; have a look at this assortment at eWay and we'll put them on the next eWay order this week.

Pens come in 0.7 mm, 1.0 and 1.2 fineness. Pricing won't show, but all are cheap.

Let me know if you see anything you like, stick, retractable, etc.

Hi Debbie,

The conference line is free (every day) at that time, quite early, so no surprise, I'll add this request and send you a confirmation in separate note.

Also, Layne left daily and weekly reservations on the calendar as follows:

- Daily every Monday to Friday from 8:15 to 9:00
- Weekly every Wednesday from 9:30 to 11:00

Do you think we can remove these? Who would we have to ask besides you to delete them?

(FYI, Sage has a daily reservation every day from 9:30 to 10:00.)

Let me know what you think and what we need to do to remove the Layne entries.

Subject: Read Across Canada

To the Office of the Premier of British Columbia,

I spoke with a kind gentleman today in the premier's office about trying to obtain small lapel pins for the Read Across Canada program for our grade 3/4 students. He suggested that I send an email with the hope that someone in the correspondence department would be able to help me out.

The attached letter describes our Read Across Canada program. I received some small lapel pins a few years ago from either the premier's office or the office of the Education Minister, George Abbott, at that time. Since our grade 3/4 enrollment has increased this year to 26 students, we will not have enough pins to supply our students.

Is there someone in your office who would be able to help us out? It would really be appreciated. I have included my contact information in the attached letter.

Many thanks!

Sincerely,

s.22

Lunch Food Containers

We have accumulated a pile of unclaimed empty food containers larger than any previously.

In an attempt to liberate the office of these containers, we have washed, assembled, and placed the containers on three shelves in the back under the stairs.

In addition to food containers, there are coffee and water cups, travel mugs, glass jars and other items; also there's a small bag of mismatched containers and lids.

We are proposing the following:

1. All staff visit the shelves where the container are, identify and remove your containers. We will allow two weeks for this, ending Sept 14.
2. Beginning Sept 17, all unclaimed containers will be available for the taking, first come first serve, maybe limit yourself to two items. We'll allow a week for this, Sept 17-21.
3. After Sept 24 any remaining items will be used generically, recycled or passed to Legislative Facility Services for disposal.

Comments and suggestions welcome. Thank you for your cooperation.

Subject: Please Read: Change to Additional Workstation Requests
Importance: High

Good afternoon,

The OCIO is applying eligibility criteria for workstation orders effective immediately, as per [Service Bulletin 1115](#). Below is a summary of some of the points, and information on what this means for you as a Site Contact:

Current Workstation Eligibility Criteria

- Only government employees and BPS clients are eligible for government-provided workstations
- [Employees are eligible for one workstation only](#)
- Contractors are not eligible for voted workstations; exemption may be granted with cost recovery to the requesting ministry

What this means if you need to order a net-new workstation:

- Continue to attach a completed [Workstation Justification Form](#) (also found on our Service Request form) to your request. It has been updated as follows:
 - Now includes the above workstation eligibility criteria to highlight if an Eligibility Exemption will be requested
 - Requires additional information to identify government employees
 - A CHIPS employee ID will be required for existing employees
 - A CHIPS position number will be required for net-new employees and employee numbers within 60 days

What this means if you need to order an additional workstation:

- The new [Eligibility Exemption Request Form](#) must be used to apply for a Workstation Eligibility Exemption (i.e. additional workstation for user that already has an assigned workstation)
- A recoverable TCA (coding) is required
- Exemption Requests will be reviewed by the OCIO and decisions made monthly

- You will need to attach a completed Workstation Justification Form as well as a completed Eligibility Exemption Request Form to the Service Request.
 - The FIN IMB Service Desk will follow the instructions outlined in the bulletin to obtain approval for the additional workstation. We will advise when approval has been obtained, confirm the recoverable TCA, and will then proceed with submitting the iStore order.

Additional Information:

- We will be updating our Service Request forms so there will be one for Net-New Workstations, and one for Additional Workstations with instructions and links to the appropriate forms.
- As we receive more information and clarification I will share this information with you and update our forms accordingly, including but not limited to:
 - When is the cut-off for getting a form reviewed for that month?
 - What does recoverable TCA mean?
 - What does “A CHIPS position number will be required for net-new employees and employee numbers within 60 days” mean? Do we need to provide an employee number when available?
 - What does this mean for loaner/test machines?

For Finance Staff: I am going to schedule a meeting from 9:00-10:00am on Tuesday, October 2nd to discuss this and some other upcoming changes to the Service Request forms. I will be sending out a meeting invite with physical location and online meeting details.

For Premier’s Office Staff: I will schedule a separate meeting with you and Minister’s Office staff

If you have any questions about this in the meantime, please let me know.

Thanks,
Bonnie

Dear Premier Horgan

The Umbrella Society is a local non-profit that provides support to individuals, and their loved ones, struggling with substance use issues. We offer four core programs; Outreach, Recovery Housing, Counseling and Education. There is no greater need than now for our services, and we are working hard to address the growing need.

Umbrella has been presented with the opportunity to host the Montreal Canadiens Alumni Hockey Team for a charity game on the afternoon of Sunday, February 10, 2019. The game will take place at The Q Centre in Colwood, with all funds raised going directly to our programs. We would be honoured if you would consider officially dropping the puck. We know how much you love not only the community you serve, but also hockey.

This a great opportunity to bring hockey legends like Guy Lafleur, Chris Nilan, Steve Shutt, Guy Carbonneau and many others to our community and bring awareness to addictions and recovery resources such as Umbrella.

Please let us know if you would be available and thank you for taking the time to consider our request.

This is a very friendly place for us. It's the gentleman in the self-help center suggested me to write to Your Honor [PJH]" I'll refer her to AG if she's pressuring for a follow-up, I see she also cc'd the AG.

It sounds like she filed a frivolous or incorrect court case and it was thrown out and she was ordered to pay back 40k (!) in court costs. We are going to leave it w/ Eby for any response, since our office won't comment on specific cases. I don't think Eby can comment either, but they will send that to her in writing.

Subject: Very Urgent! I can't afford to pay \$40,000 penalty and it was unfair!...Supreme court action ^{s.22}

Dear Most Honorable MLA Eby and most Honorable Premier Horgan:

Supreme court BCSC Vancouver Registry action ^{s.22}
Appeal Court Vancouver Registry Action ^{s.22}

INJUSTICE! INJUSTICE! INJUSTICE!

This is **very urgent** because I am getting a **penalty of \$40,000** from the Supreme Court and the defense lawyers are trying to pressure me to appear before Supreme court for an 11/2 days bill of cost hearing as soon as possible. I think It is a waste of court's valuable time and resources to do this bill of costs assessment prematurely and this is why it is **very urgent** to get your attention asap

I am in the process of appealing the Supreme Court decision. I made an application for the stay of the proceeding on the assessment of the bill of cost. The hearing date is ^{s.22} I can see that there is a possibility that my Application will be dismissed again. Therefore, this is **very urgent** to plead for Your Honor's attention to this matter

First thing first:

Thank you for the setting up of the self-help center to help the unrepresented litigants. This is a very friendly place for us.

It's the gentleman in the self-help center suggested me to write to Your Honor

I appreciate that the government is trying to make justice accessible to everyone. With this vision in mind, I, as a self-represented litigant, should be treated fairly at the Supreme Court regardless of whether I have a lawyer or no lawyer. No one wants to be self-represented because the court system is very complicated and stressful. There are so many good reasons for many to be self-represented. I should not be penalized for such a **hefty penalty of \$40,000** just because I did not know how to write a proper Notice of Claim and^{s.22}

s.22

s.22

The individual owners have no legal standing to say/oppose anything because the strata property act (SPA) doesn't have a provision for the individual owners to make complaints.

Real Estate Council, small claim court and the Supreme court have dismissed my complaints/claims because there is no jurisdiction for the real estate council and the courts to handle my complaint or claims. I am so afraid that my application and my Notice of Claim will be dismissed by the Appeal Court too.

Therefore, **I must send this letter to you asap so that Your Honor can do something about this because it's extremely unfair**

Please see attached my Affidavit 15 to the Supreme Court to object the bill of costs: ^{s.22}

s.22

asked about the financial records many many times. I was ignored. They don't have to comply with the SPA and I can't do anything about it because I have no legal standing.

I am penalized unfairly for \$40,000! What did I do wrong except drafted a very poor Notice of claim that did not spell out the proper causes of action? I should be allowed a 2nd chance to make an amendment: It's not fair to dismiss my claim and all my applications with a close to \$40,000 penalty. It's unreasonable and unfair!

I was very desperate to access my strata records before the AGM 2018. I made many Applications which all have a cost of \$80 per application s.22

s.22 The legal costs should be their costs because they did not comply with the SPA. I did nothing wrong to deserve this close to \$40,000 legal cost

s.22

Please read the attached memorandum of Argument which will give Your Honor the background and my pleading to appeal for the removal of the bill of costs and seek an order to amend my Notice of Civil Claim.

Please act promptly before s.22

Thanks for your prompt response

Best Regards,

Original Note:

Lunch Food Containers

We have accumulated a pile of unclaimed empty food containers larger than any previously.

In an attempt to liberate the office of these containers, we have washed, assembled, and **placed the containers on three shelves in the back under the stairs.**

In addition to food containers, there are coffee and water cups, travel mugs, glass jars and other items; also there's a small bag of mismatched containers and lids.

We are proposing the following:

1. All staff visit the shelves where the container are, identify and remove your containers. We will allow two weeks for this, ending Sept 14.
2. Beginning Sept 17, all unclaimed containers will be available for the taking, first come first serve, maybe limit yourself to two items. We'll allow a week for this, Sept 17-21.
3. After Sept 24 any remaining items will be used generically, recycled or passed to Legislative Facility Services for disposal.

Comments and suggestions welcome. Thank you for your cooperation.

Hi Don!

AG handles liquor and JTT should handle all trade, as far as I know. If they're specifically speaking on the wine trade between provinces I think that would be cross ministry AG and JTT.

No phone

Sent a congratulatory letter to the Prem by mail Canada Post two months ago, July, on the event of one year in office; he is wondering if it was received and dismayed he didn't get a response.

I'm pretty sure I have the spelling correct--didn't see anything in CLIFF.

He will be calling back next week for a response.
