Hello Mark –

I hope you had a good break and your back with good energy to engage with me during our time on Tuesday to talk about the Salish Sea Shared Waters Forum coming up quickly on October 3 & 4, 2018 in Bellingham. I hope you have this on your calendar.

There are a couple of agenda item areas and help I want to talk with you about where we think you and I would complement each other well and help set the tone for the forum.

1. The introductory and welcome where you, Sarah and I will each have a few minutes each to help set the vision for the Forum and outcome as it builds over the next three years.
2. Session 1: The Current Picture. This session would include just you and I, and it would be a Q and A format where the facilitator (Tami Nielson) will ask us pre planned questions. We think a format like this would help to present a less formal and more engaging tone for the Forum. You and I would each provide a higher level of information about oil movement, maybe some policy pieces that are being worked on at our leadership level, and helping this forum recognize the focus for this forum conversation is around oil and how this work goes towards supporting other work like moving towards less oil dependency on oil, or the Orca protection initiatives, protecting economic, environmental, and cultural resources.
3. Lastly - do you know anyone with the Vancouver Port Authority we could contact for participation on one of our other panels?

Also, just to remind you a bit about the effort behind this Forum as I know you have been incredibly busy on other provincial government issues.

This Forum was authorized by E2SSB 6269, the Strengthening Oil Transportation Safety Act, and was sponsored by one of our State of Washington legislators, Senator Ranker last year. As discussed with you and your team in Victoria last spring, we are designing this format as an opportunity to exchange information with our B.C. partners, other government entities, tribes, First Nations, and stakeholders.

We are also designing the forum to help advance collective knowledge about current policies and practices, while identifying gaps and opportunities to reduce spill risk in our shared waters. The intention of this first forum is to provide a baseline of knowledge of the authorities and responsibilities for safely transporting oil and responding to spills in the Salish Sea and Coastal waters. We will work to design future forums to build on this foundation and shaped by input from the participants. We also wanted to make it clear that the Forum is a non-voting and non-decision-making entity. Some of our first nation and tribal partners had expressed their challenge with participating in this dialogue if it were voting or prioritizing recommendations.

It's also great to recognize the transboundary work we have done together and demonstrating the relevancy of our Pacific States/British Columbia Oil Spill Task

Force by having Sarah and Hillary's coordinate and facilitate this and future Salish Sea forums. The Task Force has been supporting transboundary coordination for nearly 30 years, and continues to look for opportunities to advance ideas, share information and foster collaboration across the shared waters of U.S. and Canada.

I have included:

- The Forum **Preliminary Agenda** on the Task Force website: <http://oilspilltaskforce.org/task-force-events/salish-sea-forum/>. A final agenda is being worked on now will be made available in mid-September.
- **Registration** is now open and we have a fair number already registered, ***so want to make sure you and your team get registered***. The Forum is free and open to the public. Register here: <https://salishseaforum2018.eventbrite.com>
- A **Room Block** is being held at the Four Points Sheraton in Bellingham where the Forum is taking place. **A limited number of guest rooms** are available for the nights of October 2 and 3 at the group rate of \$119 plus tax. ***You are strongly encouraged to make a reservation soon, as the rooms are available on a first come, first serve basis through September 6.***
- Please use the following information when booking a room:
 - Book using the group rate
at: <https://www.starwoodmeeting.com/events/start.action?id=1808096273&key=1A3475E>
 - Name of group block: Veda Environmental.
 - If you need help with your room reservation, please contact Karyn Seaverson at Four Points Sheraton: Main hotel
number: 360.671.1011 EXT 506. Hotel

Thanks again for your time on Tuesday and for your strong partnership on this important Forum. I really think we're going to have a lot of good come out of this format.

Subject: Governor Inslee Call

Hi Both,

Premier had requested a phone call with Governor Inslee last week. Chris has now confirmed this call at 5pm tomorrow. Wanted to check in to see if a pre-brief is required prior to the call. (Governor will be calling the Premier's cell.)

Okenge –

In the interest of getting you something quickly, here is the high level information. It will take a bit longer to reach the next level of detail. Please let me know if I should keep going.

- The Global Climate Action Summit, hosted by Governor Jerry Brown (CA), is September 12-14 in San Francisco.
- Planning has been underway for over a year
- Thousands of participants are expected and there are over 200 affiliate events planned.
- The main conference itself is by invitation only (Premier Horgan was invited but PO declined)
- Key participants from B.C.'s perspective include: Mayor Robertson, Governor Inslee, Governor Jerry Brown and Minister McKenna
- Other high level participants include: Al Gore, Nancy Pelosi, Michael Bloomberg, John Kerry, Harrison Ford, Alec Baldwin, Business Leaders (e.g. CEO of IKEA and Unilever), United Nations Leaders, and international Governors and Mayors.
- The Pacific Coast Collaborative is directly involved in a Plenary "Main Stage" Event on Friday at 2:30 PM where Governors Brown and Inslee will announce a new commitment to cooperate on climate change resilience (B.C. is signing on subject to final PO approval). If the Premier was attending he would have been welcome at this event.
- The Pacific Coast Collaborative is also hosting/co-hosting 3 affiliate events that include participation by West Coast Governors and Mayors:
 1. Regional Transportation Policy Forum: Sept 12, 8:30-1:00 PM
 2. Food Waste Forum: Sept 12, 1:00 – 4:30 PM
 3. Ocean Acidification Forum: Sept 13, 8:00 – 10:30 AM

Southern Resident Killer Whale Recovery and Task Force

On March 14, 2018 the Governor signed Executive Order 18-02 designating state agencies to take several immediate actions to benefit southern residents, and establishing a Task Force to develop a longer-term action recommendations for orca recovery and future sustainability. The Governor invited members of the Legislature, the Government of Canada, representatives from tribal, federal, local and other state governments, the private sector and the non-profit sector to participate in the Task Force. The Task Force also includes designees from the lead state agencies, Washington Department of Fish and Wildlife and Puget Sound Partnerships, and from multiple other state agencies.

The Task Force is charged with preparing a comprehensive report and recommendations for recovering Southern Residents, with a full draft due by October 1, 2018, and a final report by November 1, 2018. The report should detail actions that will address all of the major threats to Southern Residents, including prey availability, toxic contaminants, and disturbance from noise and vessel traffic. - Mayor Robertson.

Other high level participants include: Al Gore, Nancy Pelosi, Michael Bloomberg, John Kerry, Harrison Ford, Alec Baldwin, Business Leaders (e.g. CEO of IKEA and Unilever), United Nations Leaders, and international Governors and Mayors.

The Pacific Coast Collaborative is directly involved in a Plenary “Main Stage” Event on Friday **September 14, at 2:30 pm** where Governors Brown and Inslee will announce a new commitment to cooperate on climate change resilience (B.C. is signing on subject to final PO approval). **If the Premier were attending he would have taken part in this event.** The Pacific Coast Collaborative is also hosting/co-hosting 3 affiliate events that include participation by West Coast Governors and Mayors:

- Regional Transportation Policy Forum: Sept 12, 8:30-1:00 pm
- Food Waste Forum: Sept 12, 1:00 – 4:30 pm
- Ocean Acidification Forum: Sept 13, 8:00 – 10:30 am

Hope this helps.

Okenge, thanks, this is fine. Based on comments from PJH yesterday can you find out how much participation there will be at PCC by other Premiers/Governors? I believe we passed on whatever invite we had because of the UBCM, but it seems like the Premier would like to consider more engagement.

As you know, the Global Climate Action Summit (GCAS) is taking place in San Francisco on September 12-14, 2018.

Pacific Coast Collaborative (PCC) jurisdictions have prepared public announcements to be featured during the Summit, including:

1. PCC West Coast Regional Food Waste Reduction Commitment
2. PCC Low-Carbon Transportation Vision and Roadmap
3. West Coast Infrastructure Resilience Project Concept and Declaration

Minister Heyman has approved the attached documents.

Unless there is any objection, these documents will be made public next week with BC's endorsement as a PCC jurisdiction.

- get BN on Washington State Resident Orca Task Force - see below. Gov Inslee maybe interested in commenting on the orca situation broadly and in relation to TMX but "our press folks can talk" to sort out appropriate when and where

Should I send letter and BN request to Amber N?

Southern Resident Killer Whale Recovery and Task Force

On March 14, 2018 the Governor signed Executive Order 18-02 designating state agencies to take several immediate actions to benefit southern residents, and establishing a Task Force to develop a longer-term action recommendations for orca recovery and future sustainability. The Governor invited members of the Legislature, the Government of Canada, representatives from tribal, federal, local and other state governments, the private sector and the non-profit sector to participate in the Task Force. The Task Force also includes designees from the lead state agencies, Washington Department of Fish and Wildlife and Puget Sound Partnerships, and from multiple other state agencies.

The Task Force is charged with preparing a comprehensive report and recommendations for recovering Southern Residents, with a full draft due by October 1, 2018, and a final report by November 1, 2018. The report should detail actions that will address all of the major threats to Southern Residents, including prey availability, toxic contaminants, and disturbance from noise and vessel traffic. A second report outlining the progress made, lessons learned, and outstanding needs will be completed by October 1, 2019.

The issue of cannabis and travel to the US has been in the media over the past few weeks. Below are 3 articles. Okenge: you might wish to seek Christiane's views on the federal approach to addressing this, given that Minister Farnworth has written to the federal minister expressing serious concerns – no federal response yet - and that it might impact provinces' ability to implement the new regime.

Thanks,

Good morning Okenge – given that all of the items for the Sept 18 SI meeting have already been reviewed by DMCSI (and finals are due next Monday), shall we skip our meeting to review the draft binder for that meeting?

And shall we schedule a meeting to review drafts for the following SI meeting (Oct 1)? Draft material is due next Monday, so a meeting mid or late next week would work. Please let me know if you'd like to meet, and if so when is a convenient time.

Subject: New IRPP Study on Universal Pharmacare

Dear Deputy Minister Yuma Morisho,

Canada is the only OECD country with universal health insurance that does not cover prescription pharmaceuticals. Gaps in access to these drugs under the current patchwork system seriously threaten the health of thousands of Canadians annually.

As the advisory council led by former Ontario minister Eric Hoskins examines the means to implement national pharmacare, a new study by the Institute for Research on Public Policy explores this important issue in the context of Canadian federalism.

In *Universal Pharmacare and Federalism: Policy Options for Canada*, Colleen M. Flood, Bryan Thomas, Asad Ali Moten and Patrick Fafard outline two options for a national pharmacare framework that they consider constitutionally viable. Under the first, provincial governments would delegate the power to administer drug insurance plans to an arm's-length agency funded by the federal government – as was done to establish Canadian Blood Services in the mid-1990s.

Alternatively, the federal government could adopt legislation similar to the Canada Health Act and provide annual transfers for pharmacare to the provinces and territories, which would be contingent on compliance with two criteria: (1) universal coverage for a basket of essential drugs, with no copayments or deductibles; and (2) decisions over what to include in the basket to be made by an arm's-length body (or bodies).

Given your interest in this issue, I am pleased to send you this publication. I hope you will find it informative and thought provoking. Please do not hesitate to contact me if you have any comments or questions.

Fyi - Below is the MB Premier's statement

September 11, 2018

STATEMENT FROM PREMIER BRIAN PALLISTER CALLING ON FEDERAL GOVERNMENT TO RESPECT MANITOBA'S CLIMATE AND GREEN PLAN

The prime minister and I had a positive meeting where we discussed a number of matters of mutual concern, including the need to work together to fight climate change.

During the meeting, I called on him to respect our Made-in-Manitoba Climate and Green Plan and flat carbon pricing approach, and to guarantee the federal government will not seek to double it over the next few years.

Manitoba continues to make economic progress, but a \$50-per-tonne federal carbon tax threatens our ability to create jobs and economic growth. Manitoba families, farms and businesses need stability – and an end to the uncertainty being caused by federal pressure.

Our Made-in-Manitoba Climate and Green Plan is the right plan for Manitoba. It will cost less for Manitoba families than Ottawa's one-size-fits-all model. In addition, our plan will ensure all carbon revenues collected by the province will be returned to Manitobans directly through lower taxes over the next four years.

Manitoba is Canada's greenest province and Manitobans will continue to lead and do our part to fight climate change. But these efforts should be respected by the federal government to allow Manitoba to continue growing our economy.

We will continue to take action to protect the interests of Manitobans.

(Le français suit.)

The Government of Canada launched an engagement plan to help strengthen the western Canadian economy, and lay the foundation for long-term growth and prosperity across the four western provinces.

The federal government is initiating a conversation with business, industry, academia, Indigenous Peoples, and different levels of government, to help develop a truly “Made-in-Western-Canada” growth strategy. This strategy not only reflects the unique regional advantages of each province, but also helps to stimulate economic growth.

Your input will help shape the Western Canada Growth Strategy, a roadmap to build an innovative and inclusive Western Canada — one that stimulates the economy, strengthens the middle class and increases job opportunities for all Canadians, including Indigenous Peoples, women, youth, and new immigrants.

Le gouvernement du Canada a lancé un plan de mobilisation pour contribuer à renforcer l'économie de l'Ouest canadien et jeter les bases d'une croissance et d'une prospérité à long terme dans les quatre provinces de l'Ouest.

Le gouvernement fédéral entreprend une conversation avec des entreprises, le secteur industriel, le milieu universitaire, les peuples autochtones et différents ordres de gouvernement pour contribuer à élaborer une véritable stratégie de croissance « propre à l'Ouest canadien ». Cette stratégie reflète non seulement les avantages régionaux uniques de chaque province, mais elle contribue également à stimuler la croissance économique.

Votre contribution aidera à façonner la Stratégie de croissance de l'Ouest canadien, une feuille de route pour bâtir un Ouest canadien novateur et inclusif – un Ouest canadien qui stimule l'économie, renforce la classe moyenne et accroît les perspectives d'emploi pour l'ensemble de la population canadienne, y compris les peuples autochtones, les femmes, les jeunes et les nouveaux immigrants.

(Le français suit.)

The Government of Canada launched an engagement plan to help strengthen the western Canadian economy, and lay the foundation for long-term growth and prosperity across the four western provinces.

The federal government is initiating a conversation with business, industry, academia, Indigenous Peoples, and different levels of government, to help develop a truly “Made-in-Western-Canada” growth strategy. This strategy not only reflects the unique regional advantages of each province, but also helps to stimulate economic growth.

Your input will help shape the Western Canada Growth Strategy, a roadmap to build an innovative and inclusive Western Canada — one that stimulates the economy, strengthens the middle class and increases job opportunities for all Canadians, including Indigenous Peoples, women, youth, and new immigrants.

Hi Okenge,

Further to my voicemail I am requesting your views on an approach to a request we have received at CITZ.

As you may be aware we are using blockchain technology to explore usage for BC Services card for services for citizens and businesses. As part of our work in this area we are a member of an association called Hyperledger Indy. HyperLedger Indy is an association that governs a group of projects globally that use and explore Blockchain technology.

Through our membership with Hyperledger Indy, BC is often asked to speak at events and technology conferences about how BC is thinking about the use of this technology in public service delivery.

Based on BCs participation in the above, Minister Wayne Caines who is leading Bermuda's Electronic Identity Program, and who is fondly referred to as the "Minister of Blockchain" has requested a

call with members of our technical team to discuss the technology BC is exploring.

The proposed discussion will be limited to the types of problems we in British Columbia are looking to tackle with blockchain technology and a demonstration of what we are currently doing with Hyperledger Indy and the Verifiable Organizations Network. The discussion will be framed by information that we have shared publicly and will be technical in nature.

My suggestion is that for the requested call we proceed with the technical staff.

If there is any desire expressed to have discussion of a different nature we would engage IGRS.

Sound like a plan to you?

I have drafted a PECSF email to those helping me with the campaign this year. I plan to send to fellow canvassers this week (likely tomorrow once all have confirmed).

Over the next few days, would you be agreeable to sending an email to all of the Office of the Premier? I can draft something for you. This year I'd really like to try and reach all offices, including Vancouver. So far we have a team of 7, which may become 9.

In addition, are you comfortable with being the OOP PECSF Co-Executive Sponsor with Pierrette?

The official launch of this year's campaign is Tuesday, September 25th.

Good morning Okenge,

Are you available to meet with Mira Oreck (Director of Stakeholder Relations) at the Vancouver Cabinet Office on Monday at 2pm to discuss the Aga Khan visit? A 30 minute meeting would still allow you time to catch your Helijet flight.

Hi Okenge,

I hope you enjoyed your summer. I am reaching out as I'll be in Victoria on October 15 and it would be great to catch up.

Since our last meeting, you may know that STEMCELL received \$45 million in joint funding from the Governments of Canada and British Columbia to build a new advanced biotech manufacturing facility in Burnaby. We already have shovels in the ground and are well on our way to creating and repatriating thousands of new jobs in Burnaby. Exciting times!

Let me know if you might have time to get together on October 15.

Best,

Andrew

Happy Friday all

We held a brief call with Minister Caines from Bermuda this morning at 6am. Sukumar and myself in attendance from BC, Minister Caines from Bermuda.

I have a quick overview of BC's digital identity journey and our current work in the service for business world (verifiable org network etc).

Bermuda is undertaking an e-ID program that will cover citizens and business scenarios and the Minister discussed subjects such as AML and KYC for directors of companies and the like.

We agreed to an information sharing call with the Bermuda team this is actually working on the project which has apparently been in motion for about 6 months.

We can take it from there ... the potential opportunity is to see if TheOrgBook model may be of interest to Bermuda.

Best
John

Chris: in case you missed it.

<https://news.gov.bc.ca/releases/2018ENV0071-001834>

George Heyman, Minister of Environment and Climate Change Strategy, has issued the following statement, in response to the federal government's direction to the National Energy Board to reconsider its recommendations for the Trans Mountain Pipeline Expansion project:

"Since the Federal Court of Appeal's ruling, our government has been reviewing the decision to determine the full implications. The federal government's announcement provides further context for our ongoing study of the judgment.

"From the beginning, our government has raised concerns about the failure of the federal process to properly consider the risks to B.C. from increased tanker traffic. The court's decision and the federal government's announcement validate those concerns.

"We are looking forward to seeing the details, but any further review process must comprehensively address the risks that our government, and many British Columbians, have been raising.

"The court also found that the federal government failed to adequately consult First Nations. Meaningful consultation is critical to any future actions.

"A diluted bitumen spill would present a threat to our coast and the tens of thousands of jobs that rely on the coast. We will continue to defend B.C.'s interests."

Three things:

- Thanks again for putting together a great day for new OBC members and their families yesterday.
- I note that yesterday's pictures are not yet on our website ☺ Grateful if we could update today.
- Lastly, would it be possible to buy some space in major newspapers (e.g. the Province; Globe) to show the pictures and citations of the 2018 OBC cohort. A full page would be great.

Deputy Minister Yuma Morisho,

My name is Graham Fox. I am the president of the Institute for Research on Public Policy (IRPP) – a national, independent, non-partisan think tank headquartered in Montreal. I write to you today regarding a new IRPP research initiative to create a Centre of Excellence on the Canadian Federation.

As you may have noted, the Government of Canada announced in the 2018 budget a contribution of \$10 million to the IRPP to support the creation of this Centre. A permanent research body housed at the Institute, its mission will be to reinforce research capacity on issues related to federalism. Specifically, the Centre will:

- Conduct new research on public attitudes toward federalism and the federation;
- Examine the state of the institutions of federalism and democracy and how they might evolve in future;
- Contribute to reconciliation with Canada's Indigenous peoples through research and public debate on Indigenous governance and on the relations between Indigenous and non-Indigenous communities;
- Conduct economic analyses of issues that affect Canada's federal arrangements, including shifts in Canada's economic foundations, wealth redistribution and equalization;
- Study the impact of emerging economic and social trends on federal arrangements;
- Find and support new and more diverse research voices in these fields; and,
- Convene decision-makers and leaders from other sectors regularly to discuss research findings and their implications for public policy and the country's cohesion.

Over the next several months, the IRPP will be consulting broadly on how best to structure the Centre and develop its research agenda. Our firm intention is that the Centre's activities will reflect a pan-Canadian perspective. To that end, I would welcome the opportunity to meet with you to tell you more about our plans and seek your advice on how we should proceed with the Centre, as well as your views on issues and activities that could be of benefit to your government.

I could travel to Victoria on Wednesday, October 17 and would be available to meet with you at your convenience anytime that afternoon.

I will follow up with you offices in the next few days to see if an appointment can be confirmed. In the meantime, if you have any questions at all please do not hesitate to contact me at 514.787.0741 or by return email.

Thank you in advance for considering this meeting request.

Very best wishes,
Graham

Here's a small summary of the Elder Project. The Federation of BC Writers got funding from the BC Arts Council for 2 years and then it stopped. So I'm looking for funding for 2019 and beyond. It costs about \$4, 500 per Elder Project, for the production of 200 books, that are given to the school and the participants.
I'm going to send you another article about the launch in Nanaimo of three books.

And if you could work some magic to get me to be the OBC poet(free of charge) so I could write a poem for the next recipients and give them beautiful envelopes and my thanks for all they do.

With warmest wishes,

Wendy

Le français suit.

On September 7th, 2018, I shared with you an overview document which provides more information on the specific content being contemplated in the Recognition and Implementation of Rights Framework. We shared this document to give you the opportunity to review the Government's proposal in greater detail, in anticipation of continued FPT discussions on the Framework.

To continue our dialogue, the Privy Council Office and the department of Crown-Indigenous Relations and Northern Affairs (CIRNA) will be hosting a one-day meeting of FPT officials for Indigenous Affairs, Intergovernmental Affairs and Justice in Ottawa on October 4th, 2018 to further discuss your views on the specific components of the Framework. A call-in option will also be available for those who cannot attend in person. A formal agenda with details on meeting logistics to follow.

Should you wish to provide a written submission outlining your views on the legislative overview document before or following the meeting, please submit your comments to Effie.panousos@pco-bcp.gc.ca. In the meantime, please do not hesitate to contact me if you have any questions.

Thank you.
Christiane Fox

Le 7 septembre 2018, j'ai partagé avec vous un document qui offrait davantage d'informations sur le contenu spécifique envisagé pour le Cadre de reconnaissance et de mise en œuvre des droits autochtones. Nous avons partagé ce document afin de vous donner l'occasion d'examiner plus en détail la proposition du gouvernement en vue de la poursuite des discussions FPT sur le Cadre.

Afin de poursuivre le dialogue, le Bureau du Conseil privé et le ministère des Relations Couronne-Autochtones et Affaires du Nord (RCAANC) organisent une journée de réunion à Ottawa, le 4 octobre 2018, pour les représentants FPT des Affaires autochtones, des Affaires intergouvernementales et de la Justice pour discuter de votre perspective concernant les éléments particuliers du Cadre. L'option de téléconférence sera disponible pour ceux qui ne peuvent se présenter en personne. L'ordre du jour officiel avec les détails logistiques viendra sous peu.

Si vous voulez soumettre un mémoire pour expliquer votre point de vue sur le document de synthèse législatif avant ou après la rencontre, veuillez svp faire parvenir vos commentaires à Effie.panousos@pco-bcp.gc.ca.

Entretiens, n'hésitez pas à me contacter si vous avez des questions.

Merci.

Subject: Foreign Trade Zone

Hi Okenge,

Our DMO mentioned that you were inquiring about the announcement today on Vancouver Island being designated as a Foreign Trade Zone by the federal government.

The gist of the program is that a designated location is eligible for tariff and tax exemptions on raw materials, components, or finished goods imports – which can be stored, processed or assembled in the FTZ for re-export (in which case taxes and duties generally would not apply) or for entry into the domestic market (in which case taxes and duties would be deferred until the time of entry).

More information here: <https://www.fin.gc.ca/ftz-zf/index-eng.asp>

Prince George was the first jurisdiction in BC to receive this designation back in February of this year. I don't get a sense that it has radically changed the fundamentals of their overall investor attractiveness – but it certainly provides another advantage for certain industries to consider (i.e. those receiving goods/components from various places – and then assembling them for re-export).

Happy to connect by phone if you'd like to discuss further.

Subject: FW: FOI Review

Hi Pierrette – if you have a chance this week and want to respond, this came from Jackie Hendry. You can send it back to me and I'll forward to her.

Hello,

In response to recent increases in FOI requests, the Ministry of Citizens' Services has initiated a third party review of the FOI process. I have provided an overview of the FOI process already from our perspective at the DMO, but further information within the various areas of the Office of the Premier is required. As you are involved in the FOI process, Laurent Sevigny of Deloitte has put together this survey for you to complete.

If it is too difficult to get into this much detail, please provide the approximate number of hours to FOI per week.

FOI Support Effort Survey

For each of the listed activities (if applicable), please provide an estimate of time (hours:min) required to perform the activity, as well as the resource level (e.g. Clerk 11, AO 21, etc.) that performs the activity.

Activity	Level of Effort			Resource Level (AO 21)
	Easy	Average	Hard	
Coordination of records gathering (if role is to coordinate				

and not search)				
Search for records and develop harms assessment for general requests				
Search for records and develop harms assessment (if applicable) for personal requests				
Fee estimate narrowing and granting fee waivers				
Consultation records gathering				

Level of Effort Definitions:

- Easy: A simple request that requires minimal time and effort, little to no decision making and/or detailed research/interactions with the applicant or other parties.
- Average: A common request that requires additional attention and effort from the resource, and requires some decision making, detailed research, and/or interactions with the applicant or other parties.
- Hard: An atypical request that requires significant time and effort from the resource, which may result in complex decision making and escalation, comprehensive and lengthy research, and/or multiple interactions with the applicant or other parties.

Thank you,
Jackie

Importance: High

Geoff: in advance of the Premier's call with Premier Gallant, please find below some information re: NB election results. Please note that all 2018 data in the table below came from CBC and 2014 data was sourced from Elections NB.

Party	Seats			Popular Vote	
	2018 election	at dissolution	2014 election	2018 election	2014 election
Liberal	21	24	27	38%	42%
Progressive Conservative	22	22	21	32%	35%
People's Alliance	3	0	0	13%	2%
Green	3	1	1	12%	7%
NDP	0	0	0	5%	13%
Independent	0	1	0	0	1%
Vacant	0	1	0	0	0
Total	49	49	49	100%	100%

Additionally, note that significant issues in the campaign included:

- *The economy:* messages from the major parties focussed on managing the \$14.5 billion provincial debt, and debating taxation policy to fund the debt.
- *Carbon tax:* The Liberal Party focussed on the delivery of a 'Climate Action Plan' whereas the Progressive Conservative Party advocated no carbon tax.
- *Bilingualism:* New Brunswick is Canada's only officially bilingual province. The issue in this campaign centred on bilingualism in the provision of public services.
- *Healthcare:* The New Brunswick Medical Society has reported a shortage of doctors and nurses in the province, leading to gaps in medical care, higher wait times, and overcrowded care facilities. An acute shortage of paramedics and ambulance services became a critical issue in the campaign.
- *Population shrinkage and 'brain drain' of young people:* New Brunswick is Canada's only province with a decline in population over a five-year period. The province competes with larger provinces for highly skilled, young professionals, particularly in the healthcare industry.

Subject: UPDATE: New Brunswick Election

Colleagues:

The 39th provincial general election took place in New Brunswick on September 24, 2018. To form a majority government, a party needed to win at least 25 seats. No party was able to reach this threshold.

The Progressive Conservative Party, led by Blaine Higgs, won 22 seats, and the Liberal Party, led by Premier Brian Gallant, won 21 seats. Judicial recounts might take place in two ridings: one riding saw the Green candidate elected by eleven votes, the other saw the Liberal candidate elected by ten votes. Recounts do not happen automatically; an application must be submitted.

As the incumbent Premier, Mr. Gallant requested permission to continue to govern and try to secure the confidence of the Legislature. The Lieutenant Governor of New Brunswick granted this request on September 25. In turn, Mr. Higgs, Leader of the Progressive Conservative Party visited the Lieutenant Governor today. Following their meeting Mr. Higgs reported that the Lieutenant Governor told him he would be asked to form a government if the Liberals lost a confidence vote in the Legislature.

The New Brunswick Legislature is set to return on October 23 but this date is subject to change.

Several media reports indicate that the two major parties are exploring alliances with the two “third” parties – the Greens and the People’s Alliance – to obtain the votes necessary to get to 25 seats.

The table below provides an overview of party standings following the general election. We will keep you informed of developments. oym

Party	Seats			Popular Vote	
	2018 election	at dissolution	2014 election	2018 election	2014 election
Liberal	21	24	27	38%	42%
Progressive Conservative	22	22	21	32%	35%
People’s Alliance	3	0	0	13%	2%

NDP	0	0	0	5%	13%

Subject: F/P/T meeting Internal Trade / réunion F/P/T sur le commerce intérieur

Dear colleagues,

I would like to provide you with a copy of the text of a letter the Minister of Intergovernmental and Northern Affairs and Internal Trade, the Honourable Dominic LeBlanc, recently sent to your ministers responsible for internal trade. In the letter, Minister LeBlanc has indicated his interest in meeting with ministers responsible for internal trade to discuss potential areas for progress that would lay the groundwork for the discussion among First Ministers this fall. The intention is to hold the ministerial meeting on October 25th on the margins of the meeting of Federal/Provincial/Territorial Ministers of Innovation and Economic Development taking place October 25-26 in Vancouver, given many of the Innovation Ministers also have responsibility for internal trade. Internal Trade ministers who are not part of the Innovation Ministers' meeting will receive an invitation to attend that part of the FPT meeting. It would be helpful if you could confirm the availability of your respective Ministers of Internal Trade to attend a meeting beginning on the morning of the 25th. Could I ask that you please signal to my office once you have confirmed availability?

My office will follow up with yours in the coming days to schedule a teleconference to discuss planning for both the ministerial meeting and we expect to provide an update on the FMM in the coming days. I look forward to working with you in the weeks and months ahead to ensure successful set of meetings.

Thank you,

///

Collègues,

Je partage avec vous une copie du contenu de la lettre transmise récemment par le ministre des Affaires intergouvernementales et du Nord et du Commerce intérieur, l'honorable Dominic LeBlanc, aux ministres du Commerce intérieur de vos juridictions. Dans cette lettre, le ministre LeBlanc mentionne son intention d'avoir une rencontre avec les ministres responsables du commerce intérieur pour déterminer les secteurs dans lesquels des progrès pourraient être réalisés afin de préparer le terrain pour une discussion entre premiers ministres à l'automne. L'intention est que cette rencontre ministérielle ait lieu le 25 octobre en marge de la rencontre fédérale-provinciale-territoriale des ministres responsables de l'innovation et du développement économique qui aura lieu à Vancouver les 25 et 26 octobre, puisque plusieurs des ministres responsables de l'innovation sont également responsables du commerce intérieur. Les ministres responsables du commerce intérieur qui ne participent pas à la rencontre des ministres responsables de l'innovation recevront une invitation pour assister à une partie de la rencontre fédérale-provinciale-territoriale. Je vous serais reconnaissante de confirmer la disponibilité de vos ministres responsables du commerce intérieur respectif à participer à cette rencontre qui débiterait le 25 octobre en matinée. Je vous remercie de faire le point avec mon bureau lorsque vous aurez confirmé leurs disponibilités.

Mon bureau sera en contact avec vous au cours des prochains jours afin de convoquer une téléconférence au cours de laquelle nous pourrions discuter de la planification de la rencontre ministérielle. J'entends également vous fournir une mise à jour concernant la réunion des premiers ministres au cours des prochains jours. Au plaisir de travailler avec vous au cours des prochaines semaines et mois afin d'assurer la tenue de rencontres fructueuses.

Merci

Based on our research (and discussion with JTT Korea desk), the visitor appears to be the Mayor of Hadong County which is part of South Gyeongsang Province in South Korea. On September 22, Mayor Youn Sang-ki signed an sister-city agreement with the city of Yakima in Washington state, so our guess is that's the same individual (with name and title misspelled). JTT is trying to verify his identity with the Korean Consulate.

<https://www.yakimawa.gov/media/news/yakima-hadong-county-sister-city-relationship-becomes-official-saturday/>

Hadong county is apparently a rural tourist destination known for its scenery and its green tea. Population is approximately 60,000. The closest big city is probably Busan.

Don Zadravec (GCPE) also just reached out to me on the same request. Are you okay with me sharing this information with him?

Amber:

IGRS was able to connect with the Korea Consulate. The Consul indicated he was not aware of Mr Youn was visiting BC. He then confirmed some details which were provided by JTT.

There is not a Hadong Province in Korea. There is a Hadong County in South Gyeongsang Province. It is a jurisdiction of approximately 58,000 people located on the southern end of the Korean Peninsula.

The head of the county would be at the mayoral level.

The Mayor of Hadong County recently signed an agreement with the city of Yakima in Washington state.

<https://www.yakimawa.gov/media/news/yakima-hadong-county-sister-city-relationship-becomes-official-saturday/>

JTT indicates that they have not had any engagement with Hadong County.

Hope this helps.

Hi Okenge –

With apologies, I don't have the name of the colleague that was with you in our meeting so I wasn't able to include him in this email.

A quick note to let you know that I have spoken to the MA's in Environment and PSSG so their Ministers are aware of the discussions underway. I also asked Samir about whether any previous information would be relevant to our discussions. He felt they were not and that the more relevant document would be those I shared from Ontario.

I'd like to get a meeting organized for next week with officials on our side, at a minimum. Please let me know who you think will join.

Many thanks,

Good evening,

I wanted to reach out to all of you to flag that there will likely be a call with your Premiers in the coming hours to discuss an important update. We do not have an exact time at this moment, however it could be as early as 7am EST tomorrow, Monday, October 1st, which I know is quite early for our Western colleagues. I would ask all of you to please reach out to your Premiers' offices to make sure they are aware and on stand by as we may not have a lot of time to convene.

Could I also ask you to acknowledge receipt of this email?

Please do not hesitate to contact me if you have any questions or concerns. Once a time for the call is confirmed, I will send you a message with the all the details.

Thank you very much!

Bonsoir,

Je voulais vous envoyer un message afin de vous aviser qu'il y aura probablement un appel avec vos premiers ministres dans les prochaines heures afin de discuter d'une importance mise à jour. Nous n'avons toujours pas de confirmation de l'heure précise, par contre l'appel pourrait avoir lieu dès 7 h demain matin (heure de l'est) lundi le 1^{er} octobre, et je reconnait que c'est très tôt pour nos collègues dans l'ouest.

Je vous demanderais de svp contacter les cabinets de vos premiers ministres afin de les aviser et s'assurer qu'ils sont en mode d'alerte étant donné que nous aurons pas beaucoup de temps pour organiser un appel.

Good evening,

I wanted to reach out to all of you to flag that there will likely be a call with your Premiers in the coming hours to discuss an important update. We do not have an exact time at this moment, however it could be as early as 7am EST tomorrow, Monday, October 1st, which I know is quite early for our Western colleagues. I would ask all of you to please reach out to your Premiers' offices to make sure they are aware and on stand by as we may not have a lot of time to convene.

Could I also ask you to acknowledge receipt of this email?

Please do not hesitate to contact me if you have any questions or concerns. Once a time for the call is confirmed, I will send you a message with all the details.

Thank you very much!

Bonsoir,

Je voulais vous envoyer un message afin de vous aviser qu'il y aura probablement un appel avec vos premiers ministres dans les prochaines heures afin de discuter d'une importance mise à jour. Nous n'avons toujours pas de confirmation de l'heure précise, par contre l'appel pourrait avoir lieu dès 7 h demain matin (heure de l'est) lundi le 1^{er} octobre, et je reconnais que c'est très tôt pour nos collègues dans l'ouest.

Je vous demanderais de svp contacter les cabinets de vos premiers ministres afin de les aviser et s'assurer qu'ils sont en mode d'alerte étant donné que nous aurons pas beaucoup de temps pour organiser un appel.

Svp me confirmer que vous avez reçu ce message et n'hésitez surtout pas de communiquer avec moi si vous avez des questions ou des préoccupations.

Dès que l'appel est confirmé, je vous enverrai un message avec les détails.

Merci beaucoup!

Sorry folks, subject line was a bit wonky, please use this one! ;-)

Colleagues,

This is to advise you that the First Ministers' teleconference to discuss Canada-United States relations will take place tomorrow morning, October 1st, 2018 at 11:00 a.m. (EDT). We ask that you please dial-in to the call 15 minutes prior to the teleconference at 10:45 a.m. (EDT) to ensure everyone is on the line in order for the call to begin as scheduled.

Please find below the call in information. It will be important that we limit participation to premiers only, and you are asked to use a landline if possible. Once again, please confirm with me (christiane.fox@pco-bcp.gc.ca) as soon as possible if your premier is available for this teleconference.

Okenge -

You have likely seen the news that Canada and the US, alongside Mexico, have reached agreement on a new trade deal called USMCA. Minister Freeland's Statement is here: <https://www.canada.ca/en/global-affairs/news/2018/09/joint-statement-from-united-states-trade-representative-robert-lighthizer-and-canadian-foreign-affairs-minister-chrystia-freeland.html>

JTT is preparing a note. Initial reports show that US wine will be sold on BC grocery store shelves in 2019; Chapter 19 (now Chapter 10) remains intact; and the US will get more access to Canadian dairy (slightly more than they would have in TPP). Canada will also end Class 7 milk pricing.

Important for BC, I'm reading that steel and aluminum tariffs remain for now.

The FMM call tomorrow will no doubt shed more light and I'm sure JTT will have a C-Trade call in short order.

Please let us know if you'd like anything.

Jeremy
