I sure can Don. Can do 2pm – 2:30pm (before the briefing) or 4pm till whenever you need to finish (after the meeting with the Chiefs)

Let me know which you prefer and I'll send the calendar invite.

Hi Amber,

I have a long list of items to discuss with PJH. The meeting re TNG has taken up most of the time scheduled. Is there any chance we could extend the meeting so Geoff and I can go over the more urgent items with him. Alternatively, is there another hour that might be free today or tomorrow?

Thanks.

**Subject:** Pharma Issue Brief

Geoff:

We spoke recently and I mentioned a particular drug issue emerging. You kindly accepted my suggestion of sending a written brief. That brief is attached. In the simplest terms, Janssen makes a drug called REMICADE. BC will soon begin a process by which REMICADE and drugs like it will be replaced by similar, but cheaper ('biosimilar') therapies. This likely makes sense in terms of cost, but it would occur after no attempt to negotiate a reduced price with the company. REMICADE is (or is close to) the single biggest drug line-item in the Ministry of Health's budget. It is administered by a network of clinics set up and funded by Janssen.

There is a great deal at stake for patients, doctors and industry. I think BC, and by extension Canada, can get lower costs and competition, but ideally this will require negotiating with the company.

I would be pleased to discuss further.

Mark Reder

After Surrey, they plan to go to Edmonton, Hamilton, Sherbrooke, St Johns and Iqaluit.

They offered for the Premier to attend, speak, help craft the audience, etc. At the moment it is scheduled for September 20<sup>th</sup> (not a great day in his calendar).

When I receive the deck with all information on this initiative, I will pass it along so we can discuss involvement either by the Premier or related Ministers.

vessel traffic impacts

**Importance:** High

Good morning,

As you may be already aware, there is an ongoing protest incident on the Iron Workers Memorial Bridge that is impacting marine vessel traffic in and around that area. The Vancouver Fraser Port Authority is actively monitoring the situation and is in communication with relevant law enforcement agencies.

As the timing for a conclusion to this incident is currently unknown, we are requesting your assistance to identify the volumes of marine traffic in that immediate and surrounding area that could be impacted.

**Please reply to this email ASAP with a list of the vessels that are scheduled to call/depart your terminal over the next 72 to 96 hours:**

Terminal name: <please fill in>				
Vessel name	Est. arrival date/time	Est. departure date/time	Loading / Unloading	Product

Your immediate response to this request is appreciated so that we have the information necessary to prepare our contingency plans accordingly.

Thank you for your cooperation in this matter.

Robb,

Here is the topline report deck for you. We will fill in our demographic observations in the next day or two and I already added a chart of the patterns of who is more likely to think the gov't is on the right track. We will add in charts for the couple of open ended questions (i.e. "why do you think the gov't is on the right/wrong track?" and "what can be done to improve education?" when we get those results, likely tomorrow.

Good morning Deputy Minister Main,

I am following up on my email sent last week requesting a meeting with yourself and your staff.

Since my last email the 5 Chiefs of the Nicola Valley have confirmed a meeting with Minister Trevena on July 24th, in Vancouver.

In advance of that meeting I am hopeful that we can arrange a "working session" or a teleconference with yourself and other MOTi staff to discuss some of the issues raised by MOTi staff in Kamloops, specific to our proposed project.

Thank you for your consideration on this matter.

Regards,

Chief Aaron Sumexheltza

Geoff,

Thanks to Dan for this virtual introduction.

We had a strong kick-off here in Calgary for our Centre for a Low-Carbon Growth Economy yesterday. There is considerable interest and momentum for our evidence-based research platform, one that has already been initiated and that continues to benefit from stakeholder input. There's great synergy and alignment among members towards advancing knowledge of a low-carbon future in Canada.

I'd look forward to meeting with you and your team in Victoria. May 9 to 17 is a relatively free time for me, but please suggest a date and time that fits your schedule.

With thanks and I look forward to furthering the dialogue.

Group,

Attached is the latest version of the Leblanc letter requested by PJH. I've rewritten it with a view to both addressing the issues raised by Mark and ensuring that it has the firm tone the Premier requested. I apologize in advance for any typos and grammatical liberties. There are still a couple of substantive issues that I need to address with Mark as they relate to other Species at Risk consultations.

PJH would like to send this on Monday if possible.

Thanks

To: BMO Travel cardholders

BMO has contacted us to advise that there were a batch of BMO Travel cards that were issued with the incorrect branding. The incorrect cards were issued during the first couple of weeks in May, 2018 and we thought they were all corrected.

I am sending this as I received 2 phone calls this morning from cardholders who received these cards in error so there may be more.

Could you please double-check that your travel card says **“Province of BC”** AND has a **photo of the mountains**. The incorrect cards have a photo of a flower and may or may not say Province of BC.

I only need you to reply if you received one of these incorrect cards. If so, these cards will need to be destroyed and a new card provided.

Thank You.

Of those who said government was on the wrong track, the number one reason for saying that is that government is "too anti-pipeline". It came in at 21% (of those who said we're on the wrong track); next highest was lack of action on housing (15%) followed by concern over affordability (14%).

Robb,

Here is the topline report deck for you. We will fill in our demographic observations in the next day or two and I already added a chart of the patterns of who is more likely to think the gov't is on the right track. We will add in charts for the couple of open ended questions (i.e. "why do you think the gov't is on the right/wrong track?" and "what can be done to improve education?" when we get those results, likely tomorrow.

Of those who said government was on the wrong track, the number one reason for saying that is that government is “too anti-pipeline”. It came in at 21% (of those who said we’re on the wrong track); next highest was lack of action on housing (15%) followed by concern over affordability (14%).

Hi there,

Further to my email of a week or so ago, Premier Notley is only interested in doing a one-on-one interview with our show, so our request for Premier Horgan would also be a one-on-one as opposed to having both Premiers at the same time.

Please let me know if this sounds doable, and we can work on timing next week while we are all in New Brunswick.

As I mentioned, Neil de Gelder is a principal at Stern and the head of this Project and I'm copying him on this e-mail. We will adjust our schedules to meet your schedule and Don's, and we can also travel to Victoria to meet in person if that works.

I should mention that I'm already planning to be in Victoria this coming Friday.

Hi all –

I just received a call from the Vancouver International Maritime Centre to let me know that Swire group – the parent company to Cathay Pacific and a huge international conglomerate – is relocating their offices to BC (Metro Van) and to invite the Premier to a ribbon-cutting.

The Premier will (presumably based on scheduling) not be able to attend. JM, Meghan, James – I've cc'd you because I know they are interested in MBR or MCT attending. They are holding it on August 9<sup>th</sup> in Vancouver.

Pls let me know if you need more information.

A confirmation of \$250K from the Province of BC will ensure the vessel contract can be signed and planning for the research to commence. I am also writing now as we have hopes to complete funding details before the annual meeting of the North Pacific Anadromous Fish Commission meetings that begins next week in Khabarovsk, Russia! Good afternoon David and Linda,

Thank you for your email of July 4 and your patience regarding my late reply.

Like Cermaq, our government believes dialogue with First Nations are of the utmost importance.

Our government entered talks with the Namgis, Kwikwasutinuxw Haxwa'mis and Mamalilikulla First Nations in January. As you are aware, the recently announced process with those First Nations concern fish farm tenures in the Broughton Archipelago. The government-to-government process acknowledges the environmental impacts of the fish farms as well as the impacts on the Aboriginal Title and Rights. This process will identify short, medium and long-term actions, and provide consensus recommendations to the First Nations and the Government of British Columbia.

I understand Cermaq was represented at a meeting with Deputy Ministers Shoemaker and Sheldan last Friday and was one of the parties who provided general observations on the tenure policy announcement as well as the Broughton Archipelago Letter of Understanding.

I further understand, as an outcome of the meeting, a schedule of meetings will be drafted for review by industry representatives to encourage regular dialogue.

To that end, I will be attending a number of the meetings in-person and I look forward to talking to you soon.

Sincerely,

Don

Hello Don,

I hope you are well. Following the last week's announcement on tenure, I am writing to request a meeting with you to discuss Cermaq's ideas for approaching the next several years.

Cermaq believes, and has always believed, that an open dialogue with government and First Nations are of the utmost importance. As you are likely aware, thousands of jobs in BC depend on the aquaculture industry, and it is imperative that industry, government, First Nations, and stakeholders work together with open discussions as we move towards the deadlines set in the announcement last week.

I will also take the opportunity to introduce our Sustainable Development Director, Linda Sams who has extensive experience here on the BC coast collaborating partnerships between First Nations and the aquaculture sector.

A meeting during the week of July 23<sup>rd</sup> would work well on my end. Please let me know if that works for your schedule.

I look forward to hearing from you.

Kind Regards,

David

Good afternoon Pauline,

Thank you for taking my call yesterday.

I would like to take this opportunity to further clarify, in writing, Ms. Machin was invited to personally participate in the work of the Wild Salmon Advisory Council due to her expertise as an Indigenous fisheries biologist and her previous involvement in the Canadian Columbia River Inter-Tribal Fisheries Commission and Fisheries Renewal BC.

Ms. Machin was not approached to be the formal representative of the Syilx Okanagan Nation.

I believe the source of the confusion began when I looked for Ms. Machin's email address I found her [syilx.org](mailto:syilx.org) email address. It is this email address I used to send the invitation to Ms. Machin on May 29. I understand Karilyn Alex forwarded this email to Howie Wright and Skyeler Folks. In turn, Mr. Wright replied to me on May 30 stating "We can bring to our Chiefs executive for appointment?"

With respect to the offer of an appointment of a CEC-designated representative to the Wild Salmon Advisory Council, the Council has begun its work in earnest and it is not possible to add another appointment at this late date.

I sincerely apologize for the confusion and would like to assure you I would never purposely be disrespectful to the Okanagan Nation's internal governance processes.

With respect,

Don

As you know, the Province of BC has more Mounties than any other province, so if the Province did not sign a new contract, that would be seen as a significant set-back, operationally, logistically, and reputationally, so the Force was keen on ensuring renewal..

Geoff – looking for signoff on this proposed approach for today.

I am meeting with Comms Directors at 10:45 today. If possible would like to confirm approach there but can ask them to hold for instruction.

Proposal:

- Today 1pm: BC Parks to issue notice that park closure will be extended for 2 weeks.
- Reactive media response via statement from Attorney General.

s.13

Frame:

- The park had been closed for an indigenous cultural event, as had happened last year
- We recognize that there are lots of people who are very passionate about this issue.
- We respect people's right to express themselves but they need to do so peacefully and within the law.
- When people start having significant impacts on other people, it raises concerns.
- Provincial staff have engaged with organizers as well as other indigenous representatives to seek resolution and re-open the park as quickly as possible.
- It is important to respect the rule of law, as BC has done throughout this process by filing a reference case with the Courts.

Update:

CBC Kamloops has now covered the story. They spoke with the organizer of the protest Kanahus Manuel (not live on air) and played audio from her facebook video. When asked by CBC when they would leave the park she said "it is no longer a park it is Secwepemc land. It's where we live." Another participant said they will be there until further notice.

They also have Peter Milobar saying the Environment Minister shouldn't have closed the park in the first place.

Hi Geoff;

Please see email below from Amber N – she mentioned you might want to attend this meeting in Vancouver on Monday July 16<sup>th</sup>, - you have meetings scheduled in Victoria on that day. Amber H is scheduled to be in Van all day Monday, could she go to this meeting on your behalf?

Please advise.

Thanks!

Hello Don  
Hope you had a great weekend.

I am confirming that BCBC and the other Associations are indeed available to host a meeting with Premier John Horgan on Monday, July 16, 2018. As discussed, we will host the meeting in the BCBC offices, (#810-1050 West Pender Street); that will commence at 2:00 pm. I would like to also confirm that the meeting with Premier John Horgan will have a strong CEO representation.

It would be appreciated if you could please confirm receipt of this email.  
Many thanks.

Best regards,  
Nikki Roussanidis

Premier, Geoff -

Attached is a draft list for the Business roundtable (July 26<sup>th</sup>) along with a draft invitation. We have selected the companies based on relationships developed at the B Corp conference and through consultation with Denise Taschereau, a business owner on the list.

The goal of this roundtable is to connect with small-medium businesses in BC who have a social and environmental focus and a desire to speak out on many of the issues our government is working on (childcare, environment, transportation, etc). Many are eager to connect with you. The highlighted names are those that I have not yet determined need to be on the list. I'd like to have a maximum of 8-10 businesses in the room so there is time for genuine conversation. I also think the roundtable should be co-facilitated by one of the business owners – in a similar way that we did at the Filipino roundtable.

I welcome your feedback and am always happy to provide any additional information.

Don, Mark Zacharias has just updated me on options his team are considering, in consultation with MEMPR and AG, to restore North Thompson Park to public use. He is using the approach he would normally take in such circumstances, which I think is entirely appropriate. The purpose of this note is just to underline the importance of close co-ordination at the staff level and a good flow of information to the affected ministers. Thanks for your assistance.

Mark, would you please work with Dave Nik to ensure Kinder Morgan has timely information on actions the government is taking in this matter. If you do so, Mark Reder, the Kinder Morgan representative I have been working with, believes a full written reply will not be necessary. I hope the staff team is co-ordinating when written correspondence is being requested and received and that Kinder Morgan is advised of who is an available contact at any time, to avoid informal connections at other levels of government.

The point of contact for the company with respect to their operations in the park in question is Hugh Harden. He is KM's Chief Operating Officer and can provide background on nature of operations and matters of access and safety. Hugh's mobile is: 403 990 1036.

I expect that KM will attempt to access the park tomorrow (Friday) to inspect the line. If you are amenable, I will facilitate a call with Hugh and KM's head of security.

Geoff,

Sage indicated you were looking for some background on Saskatchewan and AB government comments on local jobs & interprovincial trade.

Not sure if this is what you're looking for. Below is an op-ed by Brad Wall and a couple news articles regarding Saskatchewan's decision to ban vehicles with AB license plates from Saskatchewan work sites. Wall said this action was in retaliation for AB's protectionist actions on beer sales (which have been taken a couple different forms of subsidy for local brewers and have been successfully challenged and overturned in court).

Alberta filed a complaint against Saskatchewan's license plate policy with the New West Partnership. Just before it went to arbitration, Saskatchewan backed down.

Let me know if this is what you're looking for or if there was something more specific.

Good morning Dr. Riddell,

Thank you for your letter dated June 26, 2018 and thank you for your patience for our response.

Like the Pacific Salmon Foundation, the Province of B.C. is dedicated to the conservation and restoration of the wild Pacific salmon in B.C.

As you are aware, the work of the Wild Salmon Advisory Council to develop proposals for a made-in-B.C. wild salmon strategy is well underway.

We are hopeful the work will progress in a timely manner to enable the Council to submit its recommendations to the legislative assembly's Select Standing Committee on Agriculture, Fish, and Food this fall. The recommendations will support a public consultation process to examine the health, habitat, and management of wild salmon and the sustainability of the wild salmon industry in B.C. This process will inform the development of a long-term wild salmon strategy for B.C. To ensure the successful implementation of the strategy, it is reasonable to expect the Province of B.C. will need to commit to additional resourcing.

It is in this context, and after review of our existing budget commitments, I regret to inform you the Province of B.C. is unable to contribute to the costs of the research cruise in the North Pacific in March 2019.

If you have further questions, I am available to meet with you at your convenience.

Respectfully,

Don

Thanks, Jen, please draft a generic supply. It's possible JTT will have some info highlighting current relatively low prices of crude and high prices of gasoline with much higher prices for crude and lower prices for gasoline a few years ago. But a general acknowledgement is fine along with a highlighting of consumer concerns that notes the swings are much larger than tax increases.

**Subject:** Infrastructure announcement - PM travel to BC

Good morning folks,

I just had a useful discussion with Amanda Campbell, BC desk at the PMO. Learned the following:

- Broadway and Surrey infrastructure announcements need to be in September and we all want the Premier there (as well as affected MLAs in Surrey and Vancouver.) A single event seems to be required. I proposed the VIP party board a regular train at Broadway/Commercial and ride to Surrey for an event/photo op or in reverse so both cities are acknowledged. This will have to be resolved with event teams and Translink, but we need the date first;
- The PM will be visiting BC on two occasions during the summer, s.22 He will arrive in the day or two before Pride and then do photo op visits to south Island locations before going to Pride in Vancouver. August 21 and 22 are booked for cabinet retreat in Nanaimo so there will be many ministers on tour before and after.
- Rumours of a cabinet shuffle are not denied. It would be soon, to allow briefing before the retreat.
- In the event we need to advise Ottawa of KM issues, Amanda herself is the contact – Matt take note. Please be proactive.

Geoff

In particular, any initiative regarding LNG Canada and First Nations in these territories needs clearance with Don Wright, Don Bain and me, so I really appreciate this note. I met with the GR Manager from Expedia Group today (he also met with Kelly in Tourism and an official in Finance). They have just shy of 200 employees in Vancouver/Victoria and he suggested we reach out anytime if we are seeking validators particularly for the tech sector.

Kate, I'm uncertain whether this is appropriate for Premier's Office letterhead. I think we should check with Glen Sanford and perhaps have the letter come from that end.

Hi Geoff

Irene asked that I forward you the original invitation for the Premier to attend the meeting with the presidents of the federations of labour in NB next week. See invitation below.

The meeting is attended by the President of the CLC, the labour federation presidents, and some national union leaders. There is often strong attendance from the Premiers.

The format of the meeting is:

- CLC makes a short presentation
- Federation presidents make a short presentation that will cover a few topics, such as: pharmacare, climate change and just transition, and minimum wage
- Open up for discussion with the Premiers on those topics

Please note, the start time for the meeting has been moved to 5:00pm.

Let me know if you require any further information.

Thanks,  
Jaime

Dear Premier Horgan,

The Council of the Federation meetings are scheduled for July 18-20 in Saint Andrews, New Brunswick. During that same time, the New Brunswick Federation of Labour will be hosting Labour Federation Presidents from across the country.

I would like to extend an invitation for you to meet with the Labour Federation Presidents while in New Brunswick to discuss common objectives and priorities. The same invitation has been extended to all provincial leaders. Currently, this meeting has been scheduled for 4:30pm on Wednesday, July 18. However, depending on the Council of the Federation's schedule, we may adjust the time and date to ensure participation.

The meeting will be held at the Huntsman Marine Science Centre.

I would welcome the opportunity to discuss the opportunities to collaborate during the Council of the Federation meetings further. Feel free to call me at (604) 430-1421.

In solidarity,

IRENE LANZINGER

President

Will, the current legislative plan for the fall session has a question mark on passage of the PTA changes in the fall because there has been no RFL or Leg Council review of changes – they have no idea how big a job it will be. So this process needs to be as quick as possible to achieve complete implementation in the fall. Your team will have to get this moving immediately.

The Hon. John Horgan  
Premier of British Columbia  
PO Box 9041 STN PROV GOVT  
Victoria, BC V8W 9E1

As the 2018 Council of the Federation approaches, we wish to provide you with a preview of our premiers' and health stakeholders' roundtable on pharmacare on July 20 from 7:00 am to 8:45 am.

The event will feature three guest speakers, Dr. Eric Hoskins, Kevin Page and MP John Oliver, each of whom bring a wealth of experience in health care policy, politics and finance. At the roundtable, the trio will cover topics including the Advisory Council on the Implementation of National Pharmacare, fiscal challenges and opportunities posed by national pharmacare, and the recent House of Commons Health Committee report entitled *Pharmacare Now: Prescription Medicine Coverage for all Canadians*.

On July 20, premiers, senior staff and leading health care stakeholders will have a unique opportunity to delve deeper into the major how-to questions of implementing a national pharmacare program for Canada.

In particular, the report by Kevin Page, former Parliamentary Budget Officer and current President of the Institute for Fiscal Studies and Democracy, emphasizes the federal government's fiscal capacity and responsibility to deliver pharmacare to Canada.

More than ever, Canada's nurses believe that we need to partner with provinces and territories to convince the federal government of the crucial role they must play to finance and to support the implementation of national pharmacare for the betterment of all in Canada.

Offering some relief to heavier policy discussions, attendees will also be treated to a surprise Maritime musical performance to celebrate the host province and community.

We look forward to welcoming you, Premier, and your provincial/territorial delegation. Hello Debbie – Geoff suggested that I contact you regarding an invitation to him to address the opening of the CUPE BC annual Think Tank that is taking place July 24<sup>th</sup> – 26<sup>th</sup> at Harrison Hot Springs. The Opening Session is scheduled from 7:00 – 9:00 pm on July 24<sup>th</sup> followed by a reception. Geoff did text me back on the Friday and thought he might be able to make it but to contact you.

Geoff would have up to 30 minutes and could talk about the first year in government and it would be his choice as whether or not he did a Q&A.<sup>s.22</sup>

There will be approximately 85 people in attendance made up of our Executive Board from around the province who are elected for a 2 year term at our convention and our National Servicing Staff Representatives from across BC. He will be essentially be addressing the leadership of CUPE BC.

If it was at all possible for you to confirm today or tomorrow, that would be greatly appreciated. We apologize for the short notice but our speaker had to cancel at the last minute and we felt that Geoff would be an ideal speaker at this time. Please do not hesitate to contact me on my cell phone listed below at any time. I look forward to your reply.

Hi Geoff,

Minister Fleming spoke to you about this briefly a few weeks ago. The Ministry would like us to make a final decision on whether we want to participate in the 2019 OECD conference by Wednesday this week, and MRF would like your input.

He would like to go with Option 1 as it involves indigenous education, support staff stakeholders, and teaching excellence.

Can you please let me know if you are okay with us moving forward on this or if you have any questions or concerns?

Many thanks,

Geoff,

My name is Trevor Zimmer and I am a Senior Development Officer at Kids Help Phone. I am reaching out in hopes of arranging a conversation with the Premier, to share some alarming trends regarding the challenges young people in BC are facing and how they are utilizing our service. In particular, we found that BC youth had a higher than average proportion of returning/repeat service users, at 40% of all counselling sessions in 2017. We also saw that older youth received counselling second most frequently of any province in Canada.

Our CEO sent the Premier a letter on June 6, offering our help following the report about mortality rates of youth in care in BC. Kids Help Phone has solutions to the complex challenges facing youth in BC. Our CEO, Kathy Hay, and VP of Counselling, Alisa Simon, will be in Victoria on August 31. Kathy and Alisa would be open to meeting with the Premier to discuss how we might work with the government on solutions to some of the child mental health challenges in the province. We have significant expertise and offer real value to the conversation, as we talk to thousands of young people a year, and could share the data of what we have discovered.

Please let me know when there might be some time in the Minister's schedule for a meeting.

Many thanks,  
Trevor

When you have a moment can you please take a look at the options below for your travel to Abbotsford. The only direct flights that go are at 8:00am or at 5pm.

***Or I can book you on AC and then rent a car and drive to Harrison.***

WestJet will route via Calgary . Island Air has the only 2 flights per day as well

Flight Date: **Jul 24, 2018**  
**Victoria YYJ - Abbotsford YXX**  
8:00 am - 8:35 am  
*Typically 0 or 1 stops - daily routing subject to change*

Flight Date: **Jul 24, 2018**  
**Victoria YYJ - Abbotsford YXX**  
5:30 pm - 6:05 pm

The next closet airport would be Pitt Meadows which Harbour Air serviced but they just have a single flight as well that departs at 17:30 and arrives at 18:05, the same as Island Air Express

Alternatively YVR is about a 2 hour drive to Harrison Hot Springs but there are flights leaving every hour

**Subject:** CoF Request for Premier Horgan

Dear Premier Horgan,

Firstly, on behalf of Action Canada for Sexual Health and Rights, and the individuals and health care workers we advocate for, I write to thank you for the exceptional leadership you've demonstrated in promoting and defending sexual and reproductive health and rights in British Columbia. Particularly for your government's work providing cost-coverage for medical abortion last January.

As you know, sexual and reproductive health touches the lives of all patients, particularly the most marginalized – from trans folks to those requiring STI testing, treatment and care. Your government has played a fundamental role advancing human rights for all – particularly sexual and reproductive rights – advocating for patient-centric, quality, and universal care. We intend to continue working with the governments of Canada and BC to advance the right to health.

To that end, we are looking forward to the Council of the Federation (CoF), which is fast approaching in July. Action Canada for Sexual Health and Rights will be present, lobbying for an inclusive and universal approach to pharmacare, access to abortion, comprehensive sexuality education and LGBTQ health and wellness among other things. If you have not already, I invite you to look at our policy brief on the intersections between Pharmacare and sexual and reproductive health (attached).

**I'm writing to request a brief bi-lateral meeting between you and Action Canada while you are in St. Andrews, any time between the evening of July 18<sup>th</sup> and the afternoon of July 20<sup>th</sup>. If you are not available, we would be happy to have a sit down with a high-level staff from your office. Please let us know if this is possible.**

I look forward to seeing you in New Brunswick and thank you again for your work. We couldn't do it without government champions!

Yours sincerely,

Darrah Teitel

Hi Don,

I am in Victoria August 7 and 8 and I was hoping you might have time to connect.

As you know, the proposal we prepared in the Spring that resulted in the Province's generous contribution to the RHF Leadership Fund also had two additional areas we were looking for assistance from the BC government - and which the Premier agreed should be pursued:

1. To help accelerate adoption of the RHF Accessibility Certification program by working with RHF to promote the program to other provincial governments, the federal government and the private sector; and,
2. To mandate that public buildings and projects participate in the RHF Accessibility Certification program by having their buildings rated, which in turn will help create market demand and pave the way for the program to be financially self-sustaining within five years.

In particular with #2, some additional detail was provided in the proposal and that extract is attached to this email.

I am hoping we can get the ball rolling internally with the government and it seems appropriate to have a discussion with you on our best path forward. I have also reached out to folks within Citizen's Services with whom we have been previously working to pilot the certification program with BC government buildings. They will be a key lever point as well.

I also think that there is a complementary aspect to our certification program and the announcement made yesterday by Premier Horgan regarding the "Community Benefits Agreement" and public infrastructure projects.

I'm looking forward to seeing you.

Best regards,

Brad

1. Backgrounder for a meeting between MCJ and the MPPIA
2. Film Tax Credit cab submission
3. BC Stats report on the economic impact of the film industry [an update is in process]

We are also gathering current data on the areas within each credit that are driving growth. Anecdotally, growth is fueled by significant increases in the number of TV series being filmed in BC and increases in both visual effects and TFW.

I understand that we are still trying to find time for the two of us to meet before you head to the Premiers' meeting.

### **New study to consider potential for one-hour trips from Seattle to Vancouver, BC and Portland**

s.13

This new study builds on a [preliminary analysis](#) conducted in 2017 for a new 250 mph transportation system in the Pacific Northwest. s.13

s.13

Through a competitive process, WSDOT selected WSP to complete this business case study. WSP, formerly Parsons Brinckerhoff, s.13

s.13 has worked on high-speed rail projects in the United States and around the world, including in California, the United Kingdom, and southeast Asia. Other members of the team include Steer Davies Gleave, EnviroIssues, Paladin Partners, and Transportation Solutions.

A new advisory committee, representing both public and private sectors, will provide input during the year-long technical analysis.

The study will identify potential corridors for ultra-high-speed ground transportation, estimate potential ridership, refine cost estimates, and analyze both international and United States high-speed rail infrastructure projects to identify lessons learned. It is expected the \$1.5 million study will be completed by July 2019.

Is there any direction on the number of staff that should be travelling with the Ministers at UBCM? In the past it was usually only 1 MA / EA that were allowed to attend meetings with the Minister and or claim hotel / perdiems during UBCM. If an EA wanted to attend that did not require Hotel / Perdiems that would be fine too.

A few of the AC's are asking, so thought I would check with you.

Hi Geoff;

I have you booked on a 8:00am Harbour Air - Van/ Vic to attend meetings with the Premier and a few Ministers.

Amber has scheduled meetings in Vancouver for PJH that afternoon, that we think you might want to attend.

**1:30-3:00 pm – Business Roundable at VCO**

**3:30pm BMO Financial Group at VCO**

**4:00pm Jagrup –VCO**

What are your thoughts about flying back to Vancouver for these, or would you like me to have Amber attend?

Please advise.

The real issue is whether or not we are doing any work with them— let's discuss with Amber. I don't think we are about to contract with them so a meeting would not be fruitful. In part, this is up to Don WRight

**Q. Is this 15% increase slated for Kater to provide them 200 new licenses?**

- Dr. Hara recommends the 15% increase in fleet to existing taxi companies to address service deficiencies.
- I agree with Dr. Hara that the Board should offer this opportunity with an expiry date; which would require that new taxi licences be put into use within a certain time frame.
- If taxi companies don't take advantage of this opportunity to expand their fleet, room should be made for new applicants.

- Based on the regulatory changes that we are introducing in the fall, we fully expect that there will be interest from local rideshare companies and expect that they will apply to the PTB to operate in BC

Good evening, Lori,

I was advised a few minutes ago by Karen Cooling, ministerial assistant to Minister Harry Bains, that a Worksafe benefits claimant has sent e-mails to at least two ministers making serious allegations of sexual impropriety against a senior public servant. I would appreciate it if you could contact Karen, get briefed on this matter and take whatever follow-up steps you feel are appropriate. Karen's number is 250 812-3140.

Thanks for your assistance,

Geoff

Hi Geoff,

I hope you're having a great summer. I was hoping you might have ten minutes for a brief discussion regarding the Creative Energy Fuel Switch. I'd like to update you on a few things as we understand the Project List for the Green Infrastructure Fund is due in September.

My team had a good meeting with the departmental officials in Climate Action Secretariat and EMPR last week but we need to be sure that we are advancing things accordingly with that deadline in mind. I also had a good conversation with Minister Ralston as we were both at the US Governments July 4<sup>th</sup> event last week.

Thank you for your time and guidance. If a short call is in order, I'll Janice reach out to your EA if possible.

Geoff,

I was quite surprised, and frankly disappointed, when I read Minister Robinson's news release yesterday depicting short term rental guests and hosts in a negative manner. Airbnb has been working hand-in-hand and in good faith with your government's Ministry of Finance to iron out the details of collecting and remitting the MRDT and the PST – and would have appreciated being notified in advance that this kind of criticism was going to be released.

The news release states that short-term rentals are responsible for low vacancy rates as well as high home prices and characterizes guests as disruptive and disrespectful to BC communities – which is just not accurate. The overwhelming majority of our hosts are regular people sharing their residential homes a few nights each month in order to help make ends meet.

Given yesterday's release, we wanted to reach out and express these concerns. We are committed to working collaboratively with your government and hope that in the future home sharing will be viewed as a benefit to British Columbia's economy and communities, rather than a burden.

Best,

Good morning,

## **EMBC UPDATE – July 20, 2018 AS OF 0700 HRS – ASSESSMENT**

### **WILDFIRE**

The Central region had a sharp increase in Evacuation Alerts overnight due to interface fires, with the addition of 198 properties on Alert in the Glenrosa area of West Kelowna and 596 properties on Alert in District of Peachland.

### **PROVINCIAL WEATHER**

An upper low will move across south central British Columbia today and showers will become fairly extensive again this afternoon, with thunder a possibility. Steady rain will wrap around the northeast quadrant of the low where 50 to 80 mm is possible through day's end. In areas where thunderstorms occur, especially in upslope easterly flow along the Rockies and down towards Tumbler Ridge, amounts up to 100 mm are possible.

Meanwhile gusty westerly winds are forecast to develop in behind this feature and will ease as the low moves further east during the day which should help in the firefighting efforts in the south. The low will move through central Alberta on Saturday allowing the air mass to stabilize over many regions and the rain finally eases over the BC Peace. Pressures will continue to slowly rise on Sunday but another weak upper feature moving into northeast BC will bring isolated showers. For the early part of the new week a drier westerly flow will allow sunny skies with temperatures rebounding to above normal.

Hi Debbie,

Please find attached the Corridor orders for Geoff. Charley wanted Geoff to know that there is nothing out of the ordinary in them. They were hung up in the Ministers' offices hence the Corridor Orders.

We need them back in a timely manner, please and thank you.

Should Geoff have any questions or need any more information Charley is happy to brief him.

Thanks so much for facilitating these, Debbie.

If I do not talk to you, have a lovely weekend.

Kind regards,

Victoria

Hi Geoff;

Paula called to give a further explanation why Minister Conroy would like 2 staff attending. The UBCM meeting agenda has not yet been released however she advised that MKC will have meetings on issues in her role as Minister Responsible for Columbia Basin Trust and Columbia River Treaty. As well she wanted to express being a rural MLA – Edena is familiar with all of those issues, and would be a great benefit to attend. With the hotel being the biggest expense for attending, she offered to have her and Adena share a hotel room.

Hi everyone;

As UBCM convention is quickly approaching, many of you are finalizing registration and travel arrangements for your Ministers and staff. We thought it would be helpful to clarify a few guidelines around expenses and staffing your Minister's at UBCM.

Each Minister is entitled to have 1 staff member accompany them to UBCM. This can be either the Senior MA, MA, or EA, and will be entitled to claim for the following expenses;  
UBCM registration – including any workshops / receptions / Breakfast, lunch or dinner events, that the Ministers are attending.  
Hotel Accommodations  
Perdiems (presuming a meal was not provided)

If you have a parliamentary Secretary attending UBCM in his or her role as PS, their registration costs can also be covered by the Minister's office.

The registration fees can be charged to your office purchasing card. All other expenses should be charged to the Minister and or staff's Travel purchasing card.

***If you currently have made arrangements for more than 1 staff person to attend ( except for MAH), please advise me at your earliest convenience, as Geoff Meggs will need to approve.***

Please let me know if you have any questions.

Good morning Geoff,

Long time no see. I don't believe we've crossed paths since you left civic politics for Victoria. I trust you're enjoying life on the other side of the pond.

As you are aware, my responsibilities have moved from marketing at Tourism Vancouver, to policy work and issues management with the Tourism Industry Association of BC. It's been an interesting and rewarding transition to say the least.

To that end, I'd love to have a conversation one day about the tourism industry and how we can strengthen our relationship with the province to help meet our respective objectives. I would also like to learn more about government's long-term view of tourism and how we can further build on recent success.

Please let me know if and when you might be available. I'm happy to grab a coffee or lunch in either Vancouver or Victoria at your convenience.

Thanks Geoff. I look forward to hearing from you. Have a great week.

Hi Geoff,

I hope that things are well on the best coast! Likely your team is preparing for a quiet August s.22  
s.22

As we discussed on our last call, the federal cabinet is coming to Nanaimo August 21-22-23 for the summer Cabinet retreat. s.22

s.22 At past cabinet retreats the Premier of the province we are in has provided a welcome and has had the chance to be involved on a panel for Cabinet and we want to extend this same invitation to Premier Horgan.  
s.22 I wanted to ensure that I had the dates right before we proceed further with planning for other options. Please let me know if the Premier may be able to participate on the 23<sup>rd</sup> of August, or if he will be unavailable on this day.

Talk soon,

Amanda Campbell

Hello Geoff,

As the attached letter to Minister Donaldson makes clear , a group of ENGOs have been asking for a meeting for some considerable time to offer our help and ideas on addressing the caribou issue. To be kind " the way we have been engaged by the province as stakeholders has been on the whole inadequate."

I've spoken to Murray Rankin, Carole James and Rob Fleming (among others) all of whom encouraged a meeting... but no luck so far. I am doing my best to keep a group of independent minded people in harness on a collaborative approach. Can you offer any advice/help on arranging a meeting? Minister Heyman is agreeable but apparently not Minister Donaldson.

Thanks

Thanks, Jonathan, I was unaware that such a letter was in preparation. Our office has been exploring an approach that is similar but has distinct differences. Don Bain is familiar with these considerations and I'm asking him through this note to co-ordinate these approaches. In particular, any initiative regarding LNG Canada and First Nations in these territories needs clearance with Don Wright, Don Bain and me, so I really appreciate this note. Don, please make an assessment of this in the context of our chat yesterday and let me know your recommendation.

Morning Geoff:

We were introduced by Betty Donaldson, and got to speak all too briefly, at the Nomadic Tempest event on the old industrial site in Courtenay late last month. I found our short discussion informative, and particularly appreciated your offer to connect with our MLA Ronna-Rae Leonard on your return to Victoria to offer her some support and guidance regarding Project Watershed's quest for Provincial funding, through any and all routes and opportunities. I spoke with her early last week and she mentioned she had not heard from you, as yet, and I'm hoping you will find time in the near future to connect with her. Our KKS restoration project partnership (with the City and KFN) is facing a significant milestone payment of \$1 M to Interfor in late December and we are pursuing contribution commitments from both senior governments to help make this project a reality. Your assistance, in any way, that helps make this a reality would be very much appreciated.

Hi Geoff, Amber;

Following our earlier FFAQ announcement I followed up with people in the wild and farmed fishing industries. Many on the wild side wanted the farms out now. Some felt betrayed that we were not acting sooner, mentioning Claire's comments during the E.

This is true in the small boat shrimp trawl fleet as some farms are located on their tow. A prime example is Clio Channel between Turnour and W Cracroft Islands.

Some people in the drag fleet and salmon troll fleet thought that we made the best decision in the circumstance, right down the middle.

I explained that these things take time, which began an interesting discussion on the dock.

I have always been in touch with labour, in particular USW on VI with regard to forestry and fishing. After calling for their comments, I received the attached letter. In the letter Brian makes a pretty good point; they may wish their own briefing session. I will call Brian and Shop Steward Shelly Siemens (Port McNeil) to continue our conversation.

I am sure you have heard from all, but I just thought you should see this letter. Sorry to not send this earlier.

Hope all is well,

Kenn

Looks good – onesmall suggestin:

Today's action means future pension entitlements for Catalyst retirees would be fully funded should the company owners, in the face of the tariffs, be forced to sell or close one or more of its three pulp mills in Port Alberni, Crofton and Powell River. Earlier this month, the American hedge fund that owns Catalyst Paper liquidated its U.S.-based assets and operations in a US\$175-million deal.

Hi Geoff,

Thanks for taking the time to meet a few weeks ago – we had a productive meeting with Minister James the following Monday.

I'm following, as promised, to see if we might begin to zero in on some potential dates for the Premier & Cabinet Lunch. We look forward to hosting the premier and his cabinet and offering him a platform to talk about "growing the economy".

To refresh, some suggested dates on our end:

- December 12<sup>th</sup>, 13<sup>th</sup> and 14<sup>th</sup>

Christine for the sake of simplicity I attach two versions of the proposed News Release.

Catalyst 1 – represents a redraft based in large part upon the corrections received by Legal and Finance review. It goes further however inasmuch as **s.13; s.16**

The second version is the result of the LSB review and, after all the deletions and comments were accepted – is the end product as they would have it.

Perhaps you can advise which Don might prefer?

I appreciate the trade concerns but would suggest the first version is a more coherent piece - on the other hand I'm not as attuned to the risks.

We had a couple of questions:

- When informing CASA, is this Geoff to Donna?
- When and who will be briefing the relevant MAs?
- When should caucus be notified? (esp for local MLAs in the Mill towns)

Also attached are the two letters from Erik Bentsen, for reference for the callers if needed.

Cheers,

Hi Geoff,

Just wanted to give you a quick update on this issue: I spoke with Alex today to give her an opportunity to communicate her concerns with the release, and have committed to staying in closer contact with them in the future around announcements that could impact them. We've also set up an opportunity for her to sit down with MSR in the fall, as she's only met with MCJ to this point, so that she can share some of their organization's perspective on the relationship between short-term rentals and the broader housing market/housing affordability. She has my direct number as well now in case she has any concerns that she'd like to follow up with at any future point.

Take care,  
Craig

Let's do this: see if the two of you can do a phone call with Alex to make sure they get appropriate engagement going forward, especially through the Chandra Herbert process. We should acknowledge we are working with them in future. That said, I think MSR's comments are factual and don't single out a particular platform. They certainly reflect what I heard on city council. Craig, could you take the lead and indicate it's at my request?

Geoff,

I was quite surprised, and frankly disappointed, when I read Minister Robinson's news release yesterday depicting short term rental guests and hosts in a negative manner. Airbnb has been working hand-in-hand and in good faith with your government's Ministry of Finance to iron out the details of collecting and remitting the MRDT and the PST – and would have appreciated being notified in advance that this kind of criticism was going to be released.

The news release states that short-term rentals are responsible for low vacancy rates as well as high home prices and characterizes guests as disruptive and disrespectful to BC communities – which is just not accurate. The overwhelming majority of our hosts are regular people sharing their residential homes a few nights each month in order to help make ends meet.

Given yesterday's release, we wanted to reach out and express these concerns. We are committed to working collaboratively with your government and hope that in the future home sharing will be viewed as a benefit to British Columbia's economy and communities, rather than a burden.

Best,

Danny will be lead at VCO for operational issues, but Don and/or Mira will also be around to provide support and guidance as needed. I will check in Danny at the end of the first week.

Also, Olivia will be starting on Tues, August 7<sup>th</sup> (gives almost a week of onboarding – Jorge will be here too so Danny and I can focus on orientation).

If you have any concerns about any of this, please let me know.

Thanks to you both for sending me these. Perhaps I'm  
being too simplistic. If a major concern is how the  
federal government may view the local hire provision  
of CBA and it is being used in every instance as a means  
to not use a CBA, why wouldn't we seek the federal  
government's viewpoint on a local hire provision as a  
trigger for cancelling or withholding funds - not a  
question of whether it affects trade but whether a  
provincial local hire provision would affect funding  
criteria approval.

Hi Geoff,

Hope the summer is treating you well, with a bit of thinking and catch-your-breath time. I'm writing again to try to confirm the Premier as host of our Sept. 19 annual Western dinner in Vancouver. It is something normally, though not always, done by the host Premier. He had agreed to do so before we rescheduled from June to Sept. Here's a link to info on the event. You will see that Andrew Petter is one of the honorees.

All the best,

Hello Keira,

Thank you for your reply. I am also taking this opportunity to cc Debbie, as we have also requested a meeting with Geoff in regards to the same matter.

It would be of great assistance to this current process if Cermaq could sit down with both Geoff and Don at the same time to discuss options and solutions moving forward.

I would like to propose a meeting with Geoff, Don and Cermaq during the week of August 6th.

I sincerely appreciate your attention to this, and look forward to a productive meeting with both gentlemen.

Kind Regards

David

Hello Don,

I hope you are well. Following our meeting and last week's announcement on tenure, I am writing to request a meeting with you to discuss Cermaq's ideas for approaching the next several years.

Cermaq believes, and has always believed, that an open dialogue with government and First Nations are of the utmost importance. As you are likely aware, thousands of jobs in BC depend on a healthy and sustainable ecosystem, and it is imperative that industry, government, First Nations, and stakeholders work together with open discussions as we approach the deadlines set in the announcement last week.

A meeting during the week of July 23<sup>rd</sup> would work well on my end. Please let me know if that works for your schedule.

I look forward to hearing from you.

Kind Regards

David

Hi Kathy,

Thanks for updating me last month on Project Watershed's work to protect the estuary in Courtenay. Today I had a chance to connect with Ronna-Rae Leonard, who has been working hard with Minister George Heyman to identify possible sources of support. I'll give her whatever assistance she needs, but she's done great work already and should be your main point of contact.

My recommendation is that you prepare a brief document outlining the request, the deadlines and the sources of funds you think make the most sense federally and provincially. This need not be lengthy but should make clear the relationship between land purchase and future restoration, your track record so far and any suggestions you have for federal matching funds. There may be questions as well about the price for the land and risks of losing it to other uses. Once we have those issues clear, Ronna-Rae will be in a better position to move forward here. I should note that Ronna-Rae is best placed to work with other ministries as well, including FLNRO and Indigenous Rights and Reconciliation. Co-ordination through her is key.

Thanks again for the briefing – it's an exciting project and you deserve a lot of credit for the progress so far.

Best wishes

Geoff Meggs

The commissioner's advice is that MLAs **not** accept the offer.

Hi Geoff –

Following up on a request of yours from a couple weeks ago – Liam worked with the Leg library to fill out the attached table outlining some of the experiences with differentiation procedures in other Westminster-style governments in minority agreements.

Please let me know if you'd find further info on some of these examples useful.

For your interest only, I've pasted links from this document showing a few cases of governments navigating differentiation.

Dear Mr. Nikolejsin,

Thank you very much for accepting our request to spare your time to travel to Vancouver for the meeting with our senior management delegation on August 6.

As mentioned in my previous note, I would like to take this opportunity to raise their understanding on Government and Stakeholders Support in LNG business in British Columbia. For that, I wish you to note that;

Mitsubishi's Investment Committee Meeting and Executive Committee Meeting for LNG Canada FID decision will be held in the 2nd half of August.

Some of the members of the delegation are the Committee members.  
The most of our senior management people are basically very supportive to the Project, s.21  
s.21

So in order to make the senior delegation comfortable with the above issues, I would be grateful if you could briefly speak about the following points..

The BC Government has provided great supports to LNG Canada and Coastal GasLink by means of Pipeline Benefit Agreements with First Nations under the Government's own initiative.  
s.21

Regarding the dress code in the meeting, if you don't mind, I would like you to accept a business casual (jacket without a tie) for all participants.

Again, we believe that the words from a senior government official like you are very convincing. Your kind consideration and cooperation is very much appreciated.

Thank you  
and best Regards,
