Hi Okenge,

Attached, for your review and approval, is a draft PNWER statement on the new USMCA, intended for release by end of day today. Nicole has reviewed the draft and made some recommended edits (shown in the attached as marked revisions). She has also compared it with public-facing statements made by BC and Canada so far today to ensure alignment.

After your approval, the next step would be for Nicole to send this to JTT to secure approval of Parliamentary Secretary Rick Glumac, as BC's lead on PNWER.

Thanks,  
Grant

I have consulted AEST colleagues <sup>s.13; s.16</sup>

<sup>s.13; s.16</sup>

### Background:

- The Commonwealth of Learning (COL) is an international aid agency focused on improving education in developing Commonwealth nations. Its focus is on promoting and expanding education via open and distance learning.
- It was established in 1989 following a Commonwealth Conference in Vancouver in 1987 that focused on distance learning and information and communication technologies. The federal and BC governments were keen to host an international agency in Canada. Both governments committed to funding support and COL was established in Vancouver.

Hello,

Do you two have the capacity to take on a QA for the joint press conference at Cascadia with Inslee?

Jeremy, I think you have most of the info already.

I'll need it for 12 noon tomorrow.

Sorry for the short deadline, I thought we had another day, but the PO is asking for materials by 3pm tomorrow.

Hi Okengem

The only reason is that we don't have a date or a formal invitation. But we could add it, if you'd like, with the date given as "Fall 2018 (TBC)" and the location as "TBC". If we do that, I'd recommend placing it between the Forests DMs' meeting ("Nov (TBC)") and the CCFAM meeting ("Dec 3-7 (TBC)"); i.e., I'd recommend placing it "as if" it was taking place around the beginning of December.

Hi Okenge,

Attached for your approval is the latest IGRS Update.

There are two copies attached – one noting revisions from last week's update, and a clean copy without revisions.

Please note for the last item on page 2, the Ministerial Conference on the Canadian Francophonie, the lead agency is IGRS. Please let me know if you may prefer to have this read "Intergovernmental Relations / Francophone Affairs" to ensure Minister Dix will be aware that he is involved in this meeting.

**Subject:** For your call tomorrow with DMs

Okenge -

You have a call tomorrow at 1:30 PM with Deputy Minister colleagues from Environment, Climate, FLNR, MOTI and JTT. The purpose of the call is to ensure they are aware of the events planned with Governor Inslee as the discussion/MOU points relate to their portfolios.

We recommend you communicate the following:

1. Purpose of the call.
2. Outline the plans for October 10th: a bilateral at 11:15, a joint address to the Cascadia Innovation Corridor Conference at 12:45, an MOU signing and a media avail.
3. Describe the MOU: it articulates the Premier's and Governor's direction to their respective governments on areas of BC-WA collaboration: environment (including salmon, orcas and climate); economic development and transportation. We will make sure you have a copy of the MOU to refer to.
4. Mention that the MOU has been reviewed to at least the ADM level in each Ministry represented on this call.
5. Mention that a joint NR will be released with WA. This is currently with GCPE.
6. Alert your colleagues that you will be briefing the Premier on Thursday.
7. Offer me as a contact for staff level questions.

Please let me know if you have any questions or would like more information.

Thanks,

Jeremy

I haven't. I gave WA a heads up that it may be coming (based on media reports I had seen) and we had a good discussion about the Governor's views. In short, he sees NG as a bridging fuel<sup>s.16</sup>

s.16 We talked about what the Gov may say if asked about it while in BC (esp given his comments about TMX). Response expected to be basically:

s.13; s.16

We can do a media scan for reaction.

Colleagues:

The *Coalition avenir Québec* (CAQ), a right-to-centre party led by François Legault, won a majority victory in the October 1 Quebec general election. The party won 74 seats, 12 more than the 63 seat threshold needed to form a majority in the Quebec National Assembly.

The CAQ win marks the first time in 52 years that a party other than the *Parti libéral du Québec* (Quebec Liberal Party) or the *Parti Québécois* has formed government in Quebec. A significant factor in the CAQ win was that they were able to win seats in the suburbs and regional areas surrounding Montreal.

The Quebec Liberal Party, led by incumbent Premier Philippe Couillard, will form the official opposition. Mr. Couillard won his seat. Immediately following the election there was no indication whether he would stay on as Liberal leader or resign.

The *Parti Québécois*, the main pro-sovereignty party, won nine seats and lost its official party status in the Quebec National Assembly.

The *Québec solidaire* party, the pro-sovereignty left-to-centre party, also won nine seats.

The table below provides an overview of party standings following the general election. oym

Party	Seats			Popular Vote	
	2018 election	at dissolution	2014 election	2018 election	2014 election
Coalition avenir Québec	74	21	22	39%	23%
Parti libéral du Québec	33	68	70	25%	42%

Hello Okenge,

All outstanding documents are underway and will be sent to you today, as well as the PO after you have signed off.

The only outstanding piece that may not be in final form in the news release.

It will need final sign off from Washington State after it has been signed off here, so everyone should be prepared for that to potentially change.

But we have discussed the general tone and contents of the release with Washington State and they are generally in agreement.

Please let me know if you need anything else.

Thank you,  
Daniele

**Subject:** Premier's Oct 10 Events

Dear All:

As you know, we are briefing the Premier tomorrow in preparation for his meeting with Governor Inslee and their participation in the Cascadia Innovation Corridor Conference on October 10.

Our goal is to deliver a full (but relatively slim) briefing binder to the Premier on Friday afternoon no later than 4:00 pm. This will allow us to make any required adjustments following the briefing on Thursday.

The binder will be built to match the Premier's program on the day.

- 1 – Itinerary
- 2 – Meeting note and background material for bilateral meeting
- 3 – Speaking notes for the lunch (?)
- 4 – Moderator Questions Document for the panel discussion
- 5 – Speaking notes + Q and A's for the media availability
- 6 – Joint News Release

As of today, I have seen items 1 and 2. I understand GCPE colleagues are hard at work completing other items.

I would grateful to receive draft of all documents today to ensure we are all on the same page before the Premier's briefing.

Thanks for your help. oym

Hi Dave - a BN for PJH's meeting with Governor of Washington State is attached. Main theme  
s.13; s.16

Let me know if there are blanks to fill in. This was done pretty quickly...

It might need to be cliffed and put in different template? Copying Meghan.

Look good to me. Sorry about the delay in replying. One small typo on page 1, last paragraph:

The MOU was signed at the Cascadia Innovation Corridor Conference that brings together business, academic, and government leaders from both sides of the border to explore regional collaboration. It comes into effect ~~on~~ today, and will remain in effect for five years.

Hello,

Attached for your review is the draft joint NR for the Cascadia announcement.

I would like to send this over to Jaime in Washington State as soon as possible. By 12:30 would be great.

They are taking the lead on drafting a joint advisory which will go on Friday initially, with a reminder on Tuesday.

The quick facts section could be edited down a bit.

Other materials are coming over the next few hours.

Thank you!

**Subject:** UPDATE: Quebec Election

Colleagues:

The *Coalition avenir Québec* (CAQ), a right-to-centre party led by François Legault, won a majority victory in the October 1 Quebec general election. The party won 74 seats, 12 more than the 63 seat threshold needed to form a majority in the Quebec National Assembly.

The CAQ win marks the first time in 52 years that a party other than the *Parti libéral du Québec* (Quebec Liberal Party) or the *Parti Québécois* has formed government in Quebec. A significant factor in the CAQ win was that they were able to win seats in the suburbs and regional areas surrounding Montreal.

The Quebec Liberal Party, led by incumbent Premier Philippe Couillard, will form the official opposition. Mr. Couillard won his seat. Immediately following the election there was no indication whether he would stay on as Liberal leader or resign.

The *Parti Québécois*, the main pro-sovereignty party, won nine seats and lost its official party status in the Quebec National Assembly.

The *Québec solidaire* party, the pro-sovereignty left-to-centre party, also won nine seats.

The table below provides an overview of party standings following the general election. oym

Party	Seats			Popular Vote	
	2018 election	at dissolution	2014 election	2018 election	2014 election

Ontario Economic Development Minister Jim Wilson sent a letter to Minister Freeland expressing concerns about the USMCA. The report in the Globe and Mail indicates that Premier Ford's office publicly released the letter (not on the government's newsroom page though and I can't seem to find a copy elsewhere online).

There is also a poppy pin to commemorate indigenous war veterans (whose service had long been ignored by Canadians). It may be useful to update the protocol to reflect this as well. Doug may have something to offer here.

Hi Okenge,

As discussed, attached is the BN prepared by AGRI for PO on the event. Also attached, is the list of invitees, a draft scenario note and a backgrounder on the IYS (all provided by NPAFC).

Some background bullets on the event:

- The Vancouver International Year of the Salmon (IYS) Opening Announcement event will take place on October 11<sup>th</sup> from 10:30am-1:30pm at the Jack Poole Plaza at the Vancouver Convention Centre. It will be hosted by the North Pacific Anadromous Fish Commission (NPAFC) and the Pacific Salmon Foundation (PSF).
- Over the past few days, IGRS staff have been contacted by the US Consulate, JTT staff, and the NPAFC inquiring as to Premier Horgan's participation in the event.
- Premier Horgan has been invited to attend and deliver remarks at the event. According to the draft scenario note, official IYS announcements will be delivered by Minister Jonathan Wilkinson, Premier Horgan (TBC), and a speaker from the Union of BC Indian Chiefs or the BC Assembly of First Nations (TBC). Representatives from the Consul Generals in Vancouver from the NPAFC member countries (Canada, Japan, Korea, Russia, U.S.) have also been invited to speak.
- Minister Jonathan Wilkinson's attendance has been confirmed.
- Other notable invitees whose attendance has not yet been confirmed, include: Minister McKenna, Minister Wilson-Rayboud, Governor Inslee (attendance not expected), Mayor Robertson.
- B.C. ministers invited, include: Ministers Heyman, Fraser and Popham.
- According to NPAFC, a representative from the U.S. Consul, and the CGs of Korea and Japan have confirmed their attendance. The Honorary Consul of the Russian Federation has also been invited.

Thanks,  
Sarah

Don, this morning I talked to Fisheries Minister Jonathan Wilson about the upcoming year of the salmon event. In summary, he proposes:

- The event feature release of Canada's five-year salmon plan and the province's wild salmon consultation document;
- PJH and MAW declare they are tasking staff to collaborate on implementation of the plan and related provincial initiatives.

I hope MLP's staff can facilitate this work along with Eric Kristianson, who is organizing the work along with Don Bain.

Hi Okenge –

May I ask a favour – and I understand it may not be possible...

But at the end of today's briefing in PJH's office, if you could ask everyone to leave their binders there so Jeremy and Lucy can bring them back for updating tmr. I would really appreciate it 😊

If you can't, I completely understand and will make new ones tmr.

Thanks,  
Sandra

**Subject:** BC Business Summit | November 16, 2018

Dear Okenge,

The Business Council of British Columbia will present its annual [Business Summit](#) on November 16, 2018. Each year the summit has enjoyed a sold-out audience of business, academic, Indigenous and government leaders from across BC and Canada. **I invite you to purchase your ticket today at the government rate of \$199+GST, to attend our most impactful event of the year.**

Considering the rapidly shifting, increasingly competitive and uncertain economic environment, the 2018 B.C. Business Summit theme is ***Canada 360°: Action to Win in the Global Economy***. Our program will canvas national and international perspectives on Canada's risk, opportunities and business environment -- with a focus on the policy and leadership actions necessary to improve our competitiveness. Speakers are invited to share their insights and recommendations on the steps we must take to ensure a more productive, agile and innovative economy where Canadian companies can scale, maximize assets and advance a broader range of global trade and other opportunities.

As part of the event, the Business Council will release a paper on British Columbia's productivity. Competitiveness and productivity go hand in hand. Over time, lower levels of investment – in machinery, equipment, advanced process technologies, physical infrastructure, and employee training – result in less productive workers, lower wages and less innovation. The paper will provide an in depth look at British Columbia's productivity as well as offer some policy options to bolster productivity and real incomes going forward.

### Keynote Speakers:

- **Josh Blair**, Executive Vice-President, TELUS Health and TELUS Business Solutions West and Chair, TELUS International
- **Andy Calitz**, CEO, LNG Canada
- **Tiff Macklem**, Dean, Rotman School of Business, University of Toronto & Chair, Expert Panel on Sustainable Finance
- **Sandra Stuart**, President & CEO, HSBC Bank Canada
- **Prof. Bruce Pardy**, Faculty of Law, Queen's University

### Global BC Companies CEO Panel:

- **Sandra Stuart**, President & CEO, HSBC Bank Canada
- **Nancy Gougarty**, CEO, Westport
- **Karn Manhas**, Founder & CEO, Terramera
- **Scott Thomson**, President & CEO, Finning International
- **Ravi Saligram**, CEO, Ritchie Brothers

Talent Development, Attraction and Retention Panel:

- **Valerie Walker**, Business/Higher Education Roundtable, Business Council of Canada
- **Nahal Yousefian**, Chief People Experience officer, Mountain Equipment Coop
- **Teresa Hutson**, Deputy General Council, Microsoft

Competitiveness Presenters:

- **Ivy Zhang**, CEO, Noah Canada
- **Carol Anne Hilton**, CEO, The Indigenomics Institute
- **DJ Sures**, Robotacist

If we can have this phone call before 15 pm in Victoria time, please call to the number below:  
**613-244-6908**

The number written in the previous mail is my private cellular number so it would be better to call this number for the official call conference.

Please kindly let me know at latest 5-10 minutes before the call, so that the Ambassador can be ready to receive the call.

Dear Deputy Minister Morisho,

Thank you so much for sharing your precious time with me just now.

Here below is Ambassador Ishikane's contact numbers.

Ambassador will receive several courtesy calls in the morning, but free in the afternoon.  
As Ottawa is three hours ahead of us, it would be great if Ambassador could talk with the Premier sometime between 13pm-18pm, which is 10am-15pm in our timezone.

Contact number;  
Before 15pm (Victoria time) s.22 - Ms Deguchi, Ambassador's Executive Secretary's mobile  
After 15pm s.22 - Ambassador Ishikane's mobile number

If you can tell us a little bit in advance around what time the Premier has time to make a phone call, that will be great. In case Ms Deguchi (cc in this email) is aware even 5-10minutes before, she could ask Ambassador to standby.

I always appreciate so much for your assistance and cooperation.

All my best wishes,

Masayo

Hi Okenge,

As requested, I participated in this morning's FPT call on cannabis legalization and regulation. Diana Moffat (A/Director, Cannabis Legalization in PSSG's Cannabis Legalization and Regulation Secretariat) joined me for the call, and someone from AGRI was also on the line. Other FPT participants ranged from senior analyst to DM level, and included a mix of IGA, health, justice, finance, and public safety portfolios. Chris Fox chaired, and was joined by federal health, justice and finance executives.

The main purpose of the call was for the feds to canvas PTs as to what our key outstanding issues are. s.16

Hello Okenge. As discussed this morning, attached is a proclamation drafted by a BC citizen(Guy Black, a resident of Port Moody and a Canadian Forces Veteran (Reserves)). The proclamation was sent to IGRS to review.

I suggested to the Order in Council Office that the TAC Multiculturalism Branch review this and they have replied that they don't have the knowledge required to fully vet this request and that the decision on whether the Province will support the request isn't with Multiculturalism.

IGRS did support a request in July for a proclamation to commemorate the 65<sup>th</sup> anniversary of the Korean War Armistice. That proclamation was authored by the same person and came with the endorsement of PS Glumac, MLA for Port Moody-Coquitlam.

Please let me know what you think of this.

Thank you.

Hi Lucy,

I realise this must seem like an odd request! The LG has already met with our Minister's office on a couple of Education events and initiatives, and in that meeting requested a briefing from our office on our grad program.

Do you have a suggestion for how we can update Her Honour on this program using existing protocols?

Hi there. Your e-mail was forwarded to me. You should refer to the LG as Her Honour but I am wondering why your deputy minister is requesting a meeting with the LG? It's not really appropriate for public servants or ministers for that matter to meet with the LG on matters of government policy.

If one of you would like to call me I would be happy to explain further.

Thanks.

Two updates for you:

### **Meeting with Minister Wilkinson**

This is set for 2:00 PM at the Prince of Wales Room at the Hyatt. SRKW is the only planned discussion point.

MJW will be joined by MO staff (Mark Knudsen) and a Department Official (TBD). The make-up of Governor Inslee's support staff is TBD, but likely similar to the officials that will be with him at the PJH bilateral.

Who will be staffing the Premier? You and Geoff?

I've attached the notes from the call between BC and WA officials plus ENV's note on SRKW.

### **Seaplane**

I have received additional information <sup>s.13</sup>

Please let me know if you'd like anything further.

Dear Deputy Minis Yuma Morisho,

thank you very much again for the warm welcome you gave us last Thursday in Victoria. We really enjoyed the exchange with you, your Prime Minister and your colleagues. We put some pictures on the Facebook account of Prime Minister Weil:

<https://m.facebook.com/Ministerpraesident.Stephan.Weil/>

And I made a little film of our flight from Vancouver to Victoria:

Today we arrived at lunchtime in Hannover with very good memories of our trip to Canada.

I just tried to reread the text of the prayer, that we heard in the session of your parliament last Thursday, but I could not find it. Could you perhaps send it to me next week?

Thank you all again and please feel very welcome in Hannover or Hamburg, whenever you have the opportunity to come to Europe.

All the best,

Hi Okenge,

I should have materials ready to send to you by end of day, for your review, for Don Wright's presentation on Wednesday to the B.C. Federal Council. I plan to send you four items in electronic form:

- Table of contents
- Agenda
- Overview note
- Powerpoint presentation (with speaking notes)

The final binder, which we can send on Tuesday after you review the above, would also contain:

- BC Federal Council Members' Directory (28 pages of bios and photos)
- Bio of Tim Pettipas (PCO) (who will be presenting after Don finishes his portion of the agenda)
- Copy of Tim Pettipas' presentation (on public service renewal).

Does this work for you?

Grant

There is also a poppy pin to commemorate indigenous war veterans (whose service had long been ignored by Canadians). It may be useful to update the protocol to reflect this as well. Doug may have something to offer here.

Just looking at the files – 2006, 2007, 2008, 2009, 2010, 2012, and 2014. Fits my recollection as well. Please note 2006 and 2007 were not officially called Joint Cabinet Meetings – 2006 (the first year of the bilateral engagement) was a “High Level Dialogue” and 2007 was a “Summit” (possibly didn’t involve ministers.)

Okenge,

Barring any last minute changes, attached is the final version of the protocol itinerary for tomorrow's Cascadia Innovation Corridor conference.

There were some final changes to personnel on B.C. side, as well as feedback from the advance (installing lapel mics, transiting back of house to/from lunch, hold before media avail).

WA representation at the bilateral and fed meetings still remains to be confirmed, but otherwise this should be set in stone.

Any questions, comments, concerns, let me know.

Sincerely,

Craig

**Subject:** Invitation to Western Canada Growth Strategy Roundtable Discussion - October 29th and 30th, 2018

Good afternoon,

On Tuesday September 11, 2018 the Honourable Navdeep Bains, Minister of Innovation, Science and Economic Development and Minister responsible for Western Economic Diversification Canada (WD) launched an engagement plan to develop a regional growth strategy with Western Canadians for Western Canadians.

As ADM for the BC Region of WD, I invite your participation in a facilitated roundtable discussion with your peers to discuss the five questions of the engagement. Your input will help shape the Western Canada Growth Strategy, a roadmap to build an innovative and inclusive Western Canada — one that stimulates the economy, strengthens the middle class and increases job opportunities for all Canadians, including Indigenous Peoples, women, youth, and new immigrants.

As a key partner in this initiative, you are invited to attend both of the sessions we are planning in Vancouver so that you can hear first-hand from all the participants. If you are personally unable to attend one or both sessions, we welcome your suggestion of other senior government officials who are well-positioned to contribute to and benefit from the conversation.

This session will be two and a half hours in length and will include approximately 10 to 12 participants. Lunch will be provided.

Session 1 will be:

**Held at:** Western Economic Diversification, 8<sup>th</sup> floor, 1166 West Pender Street, Vancouver  
**On:** Monday October 29, 2018  
**From:** 11:30 AM – 2:00 PM

Session 2 will be:

**Held at:** Western Economic Diversification, 8<sup>th</sup> floor, 1166 West Pender Street, Vancouver  
**On:** Tuesday October 30, 2018  
**From:** 11:30 AM – 2:00 PM

Please confirm your seat at this engagement session by contacting Raveena Sidhu, Senior Economic Policy Analyst, at [raveena.sidhu@canada.ca](mailto:raveena.sidhu@canada.ca) or 604-417-6803.

Please consider this opportunity to provide direct feedback on the questions, which will shape the federal government's priorities in Western Canada. We look forward to hearing your voice in this important discussion.

Sincerely,

Dear colleagues

Just a reminder that today is World Mental Health Day. (For more information on this day: [http://www.who.int/mental\\_health/world-mental-health-day/2018/en/](http://www.who.int/mental_health/world-mental-health-day/2018/en/))

Please also check out the resources available for protecting and promoting your physical and mental health. (See Veronique's email below for more information.)

In case you are interested, I came across a very moving short video (link below) that reminds me how invisible, and yet so real, mental health issues can be for many of us.

[https://www.nfb.ca/film/margins/?utm\\_campaign=programming&utm\\_source=twitteren&utm\\_medium=social-media&utm\\_content=film](https://www.nfb.ca/film/margins/?utm_campaign=programming&utm_source=twitteren&utm_medium=social-media&utm_content=film)

Just speaking for myself, I need to keep reminding myself not to make assumptions about how a friend or colleague might be doing based on outward appearances. It's important to check in with ourselves and others and to remember we all make a difference in each other's well-being. Let's make an effort today and every day to be kind to one another. ☺

Take care,  
Sukumar

Hi Okenge

Please see attached agenda for the follow up meeting on support for military families. You will recall we attended portions of the previous meeting by teleconference earlier this year.

Would welcome your guidance on how to proceed. It would be useful to have an elected official or senior official to serve as the Province's designated lead on this file.

Thanks  
Sukumar

Hi Okenge,

We received our additional 3 framed 10 Best Certificates. The plan was to have one in Pierrette's office, one in Lucy's office and one in a central area like the kitchen.

We also have printed paper copies for all staff to receive.

I was wondering if you would like to have a special event/gathering with all staff to present the certificates in person.

I applaud my team for coordinating the translation of all those last minute changes, while ensuring that changes that were made needed to align with what we were going to post on the website tomorrow morning after the announcement.

Chantal sent me the link to our j-drive to the documents produced (see email below). I'll be happy to send those to you in Word documents in the morning if you would like to.

Thanks to my team for their hard work, dedication and attention to details!

Have a good night rest. I trust that tomorrow will go well!

Dear Alison,

Minister Akio ISOMATA, the Deputy Head of Mission from the Japanese Embassy in Ottawa, is visiting Victoria October 15-17 (next week) and is seeking meetings with 10 B.C. officials.

The main objective is “to strengthen bilateral relations between Japan and Canada.” IGR has additional information on the possible intention of this meeting which can be provided to OYM separately.

Does Okenge have time to meet between October 15-17, other than 9:00 and 11:30 on the 16<sup>th</sup>? Given that Japan is a key market and this involves diplomatic relations, we recommend the meeting if his schedule permits.

Minister Isomata will be accompanied by an assistant from the Embassy. His CV is attached.

Sincerely,

Okenge, I would like your advice on options for a possible Asia trip by Premier Horgan in January. Presumably we would build on connections made on the original trip last January, with a view to emphasizing our work on sustainable economy and improved trade with the Asia Pacific. I am not asking for advice on a trip to India at this time. I don't need an exhaustive itinerary. Instead, I would appreciate some high level options that could include visits to China, Japan and Korea, although other destinations that align with our government's objectives and business opportunities.

Please don't hesitate to call me if you need further direction. I would appreciate some feedback in seven to 10 days in a brief note.

Thanks for your assistance

**Subject:** EMBC Meritorious Service Communication for 2018 Wildfire

**To Deputy Ministers and Chief Financial Officer Colleagues;**

I am pleased to inform you that Deputy Ministers of the ministries of Public Safety and Solicitor General - Emergency Management BC (PSSG-EMBC), and Forests, Lands, Natural Resource Operations and Rural Development (FLNRORD) and the Public Service Agency (PSA) have approved the use of meritorious service leave awards for the 2018 wildfire season. This communication and attached instructions **only applies to excluded managers and PEA members deployed/working for EMBC**; excluded managers and PEA members deployed/working for BCWS must contact FLNRORD for direction.

### **Meritorious Service for Excluded Staff**

This award applies specifically to all fulltime EMBC excluded employees, TEAMS members and excluded employees from other ministries who assisted **EMBC** with the 2018 Wildfire Season activities. The authorization for Meritorious Service for Excluded Managers is from May 15, 2018 until the wildfire season is declared ended (TBD).

The formula is as follows:

- Regularly scheduled work days: One hour of leave for each hour worked in excess of 50 hours during the work week (based on a five-day work week);
- Days of rest (weekend days and statutory holidays): One hour leave for each one hour worked;
- Time off shall be taken by mutual agreement subject to operational requirements of the employee's normal work area;
- See instructions for taking accrued leave.
- Hours worked for each excluded employee must be tracked by the employee and any meritorious service leave to be granted will be approved by the applicable DM (the CFO signs off on the ministry roll up with the applicable supervisor signing off on the individual time sheets).

### **Meritorious Service in Response to Emergencies for PEA employees**

Meritorious Service in response to emergencies for PEA employees applies to all involved full time employee, PEA members, as specified in Appendix "H" of the current PEA collective agreement. The authorization for PEA Meritorious Service for the 2018 wild fire season is from August 2, 2018 until September 10, 2018. All affected participating employees are to keep track and record their hours as worked.

The formula is as follows:

- One (1) hour for every hour worked above and beyond normal work hours during the regular work week; and

- One (1) hour for every hour worked on a day of rest.
- Time off shall be taken by mutual agreement subject to operational requirements (see instructions for additional details).
- Leave entitlement as calculated above shall not be grievable, but will be reviewed by the ministry involved upon employee request.

**FOR ACTION:**

1. Identify the name of your ministry contact who will be responsible for answering questions and collecting signed timesheets on behalf of the ministry.

Okenge, I would like your advice on options for a possible Asia trip by Premier Horgan in January. Presumably we would build on connections made on the original trip last January, with a view to emphasizing our work on sustainable economy and improved trade with the Asia Pacific. I am not asking for advice on a trip to India at this time.

I don't need an exhaustive itinerary. Instead, I would appreciate some high level options that could include visits to China, Japan and Korea, although other destinations that align with our government's objectives and business opportunities.

Please don't hesitate to call me if you need further direction. I would appreciate some feedback in seven to 10 days in a brief note.

Thanks for your assistance

Geoff

Dear Mr. Morisho,

I hope you had a great thanksgiving long weekend.

May I ask how is the situation in arranging a phone call between the Premier and the Ambassador ? Ambassador Ishikane's schedule for this week is quite busy, but he will be more than happy to speak with the Premier. At this moment, he would be available in the afternoon (Ottawa time) on 10<sup>th</sup>, 11<sup>th</sup> and 12<sup>th</sup>.

Please kindly let us inform if there is any update.

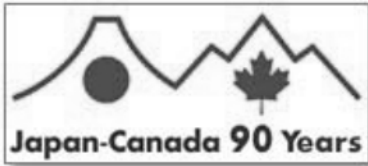

Thank you very much for your assistance.

Thank you very much for arranging the phone call between the Hon. Horgan and the Ambassador.

If we can have this phone call before 15 pm in Victoria time, please call to the number below:  
**613-244-6908**

The number written in the previous mail is my private cellular number so it would be better to call this number for the official call conference.

Please kindly let me know at latest 5-10 minutes before the call, so that the Ambassador can be ready to receive the call.

Thank you very much for your assistance.

Dear Deputy Minister Morisho,

Thank you so much for sharing your precious time with me just now.

Here below is Ambassador Ishikane's contact numbers.

Ambassador will receive several courtesy calls in the morning, but free in the afternoon.  
As Ottawa is three hours ahead of us, it would be great if Ambassador could talk with the Premier sometime between 13pm-18pm, which is 10am-15pm in our timezone.

Contact number;  
Before 15pm (Victoria time) s.22 - Ms Deguchi, Ambassador's Executive Secretary's mobile  
After 15pm s.22 - Ambassador Ishikane's mobile number

If you can tell us a little bit in advance around what time the Premier has time to make a phone call, that will be great. In case Ms Deguchi (cc in this email) is aware even 5-10minutes before, she could ask Ambassador to standby.

I always appreciate so much for your assistance and cooperation.

All my best wishes,

Masayo

A few months ago, the federal government launched an initiative called "Seamless Canada" which aims at reducing administrative obstacles faced by members of the Canadian Forces and their families during interprovincial transfers.

The federal government is asking each province to designate an elected representative to sit on an FPT table which will work on resolving these issues nationally.

We thought that you would be ideal in this role given your connection to CFB Esquimalt.

In this endeavour, you would be supported by the Intergovernmental Relations Secretariat led by DM Okenge Yuma Morisho.

The next meeting of the FPT “Seamless Canada” table is currently scheduled on December 5-6 in Ottawa. A draft agenda is attached for your convenience.

Should you have any question about the “Seamless Canada” initiative, Sukumar Periwal, Executive Director, International Relations and Strategic Policy, would be happy to provide you with a full briefing. Dear Deputy Minis Yuma Morisho,

thank you very much again for the warm welcome you gave us last Thursday in Victoria. We really enjoyed the exchange with you, your Prime Minister and your colleagues. We put some pictures on the Facebook account of Prime Minister Weil:

<https://m.facebook.com/Ministerpraesident.Stephan.Weil/>

And I made a little film of our flight from Vancouver to Victoria:

Today we arrived at lunchtime in Hannover with very good memories of our trip to Canada.

I just tried to reread the text of the prayer, that we heard in the session of your parliament last Thursday, but I could not find it. Could you perhaps send it to me next week?

Thank you all again and please feel very welcome in Hannover or Hamburg, whenever you have the opportunity to come to Europe.

All the best,

Dear Mr. Morisho,

I hope you had a great thanksgiving long weekend.

May I ask how is the situation in arranging a phone call between the Premier and the Ambassador ?  
Ambassador Ishikane's schedule for this week is quite busy, but he will be more than happy to speak with the Premier.  
At this moment, he would be available in the afternoon (Ottawa time) on 10th, 11th and 12th.

Please kindly let us inform if there is any update.

Thank you very much for your assistance.

Best regards,

Saori

I'm Saori Deguchi, from the protocol office of the Ambassador Ishikane.  
Thank you very much for arranging the phone call between the Hon. Horgan and the Ambassador.

If we can have this phone call before 15 pm in Victoria time, please call to the number below:  
613-244-6908

The number written in the previous mail is my private cellular number so it would be better to call this number for the official call conference.

Please kindly let me know at latest 5-10 minutes before the call, so that the Ambassador can be ready to receive the call.

Thank you very much for your assistance.

Dear Deputy Minister Morisho,

Thank you so much for sharing your precious time with me just now.

Here below is Ambassador Ishikane's contact numbers.

Ambassador will receive several courtesy calls in the morning, but free in the afternoon.

As Ottawa is three hours ahead of us, it would be great if Ambassador could talk with the Premier sometime between 13pm-18pm, which is 10am-15pm in our timezone.

Contact number;

Before 15pm (Victoria time) s.22 - Ms Deguchi, Ambassador's Executive Secretary's mobile

After 15pm s.22 - Ambassador Ishikane's mobile number

If you can tell us a little bit in advance around what time the Premier has time to make a phone call, that will be great. In case Ms Deguchi (cc in this email) is aware even 5-10minutes before, she could ask Ambassador to standby.

I always appreciate so much for your assistance and cooperation.

All my best wishes,

Masayo

At this time every year, a reminder to everyone to please also take some time to check your own home earthquake preparation as well as preparation for other disasters (flood, power outage, etc)

Sites with great information are <https://www2.gov.bc.ca/gov/content/safety/emergency-preparedness-response-recovery/preparedbc>

<https://www.getprepared.gc.ca/index-en.aspx>

As BC government employees, we have access to the Employee Discount Store <https://gwww.gov.bc.ca/tools/online-store> (you can link to it via the @work page >Tools & Resources> Other) where, under Health & Safety, you'll find this link to purchase home emergency kits and supplies [https://www.dcv.gov.bc.ca/Product/Listing/19605\\_Emergency-Preparedness-Kits](https://www.dcv.gov.bc.ca/Product/Listing/19605_Emergency-Preparedness-Kits)

There is also a store in Victoria where you can pick up supplies separately or in kits, if you prefer <https://www.columbiasafety.com/>

Finally, on e-Huddle, there's a document entitled [Emergency Instructions for Staff](#) which provides information on how to respond to different emergencies – fire, threats, etc.

For your sake and the sakes of your loved ones, please do set aside some time to prepare.

Hi Okenge,

Attached is a briefing note for Minister Ralston's meeting tomorrow with Minister Akio ITOMATA, Deputy Head of Mission, Embassy of Japan.

This note has been repurposed from the one you received last week re Premier Horgan's call with the Japanese Ambassador.

It has been reviewed by both Sukumar and Jeremy.

Thank you,

Hi Okenge,

I just wanted to check on your preferences for tomorrow's Steering Committee call. Currently, the calendar invitation calls for you to take the call from Boardroom A, and for Jeremy, me, Sarah, Anika, Lauren and Kimberly to be in the room with you. Does this suit you okay, or would you prefer a different arrangement? (E.g., if you'd rather take the call from the West Annex, or if you'd rather have fewer people on the line, just let me know.)

Thanks,  
Grant

The Government of British Columbia is investing in four community projects to improve French language services for francophones in B.C.

This investment of \$250,000, announced by Adrian Dix, Minister of Health and Minister Responsible for Francophone Affairs, targets key areas such as making the province more inclusive, providing greater access to health care, supporting early learning and helping families tackle the issue of mental health.

“By supporting these projects, we are putting people first, and we are taking concrete steps to deliver services that will make a difference in the lives of French-speaking British Columbians,” said Dix.

The Société de Développement Economique de la Colombie-Britannique will receive \$100,000. Its project, Francophone Immigrants’ Economic Integration through Entrepreneurship, will add a valuable dimension to the B.C. economy.

RésoSanté plans to address the gap in health services for French-speaking British Columbians with the development of a Vancouver bilingual community health centre. This project will receive \$84,000.

With \$50,000, the Fédération des parents francophones de la C.-B., in partnership with other francophone organizations, will host a summit on the transmission of the French language to strengthen the process of building cultural identity for francophone toddlers, children and youth.

La Boussole will receive \$16,000. It will be used to provide francophone parents with the support needed to navigate the mental-health system for their children and youth coping with mental-health issues. Workshops and webinars will be provided through its project, Mental Health – Finding the Right Words and the Right Space.

The B.C. government worked in close co-operation with the Federation des Francophones de la Colombie-Britannique (FFCB), inviting B.C. francophone organizations and French-speaking British Columbians to submit proposals for the new \$250,000 in provincial funding announced in Budget 2018. The government also considered proposals that it received directly from the French-speaking community.

“We asked the francophone community in B.C. to help us identify 'une grande idée' to ensure we made a choice that would get good results for people. It is with such pleasure that I announce today that we, in fact, found 'quatre grandes idées!’” said Dix.

The government thanks the FFCB and the entire francophone community for its effort toward strengthening the contributions made by French-speaking citizens to the social and economic life of the province.

Each year for five years, \$250,000 will be provided for projects proposed by the community to enhance services in French and promote the linguistic vitality of the B.C. Francophonie.

The call for new projects will occur annually in January and applications must be received by the first week in March 2019 to be considered for the next fiscal year (April to March).

Further details will be provided in the coming weeks

For the October 25<sup>th</sup> Ministers Responsible for Internal Trade (ad hoc meeting), on line 2, we now have certainty around the date, since Minister LeBlanc has sent a formal invitation. However, it is still unclear as to whether the meeting will go ahead, due to the uncertainty about whether a critical mass of PT Ministers will attend. Would you like us to keep this as TBC?

Okenge -

Pierette may have briefed you already, but I wanted to let you know that Ministry and IGRS officials are having a 30 minute call with the City of Seattle on Friday regarding Skagit. The call comes from Minister Donaldson's letter to the Mayor where he offered to speak in person about the issue. Rather than have a call between the Minister and Mayor, City Staff asked for a staff level call. We agreed.

MoE and FLNR will be represented by technical staff and an ADM. Nicole and I will be on for IGRS.

Please let me know if you have any questions or would like more info.

Thanks,

Jeremy

Hello Okenge,

Jeremy is travelling today and tomorrow, so I'll fill you in on the details now, and I'll get Jeremy to call you when he can.

We mailed an official invitation to the Premier's office a few weeks ago, but in the event that it hasn't reached you, I've attached a copy here. The opening of the Vimy Foundation Centennial Park will take place on Friday, November 9<sup>th</sup>, at 4:00pm, and is part of official Remembrance events that Veterans Affairs Canada is hosting at Vimy that day.

I've also attached a draft program of the day's events. If the Premier is available to attend the opening, we would be very happy to have him address the group.

If there is any other information you would like, or if there is anything else we can do for you, please don't hesitate to reach out.

Cheers,

Hello Mitzi:

A few months ago, the federal government launched an initiative called "Seamless Canada" which aims at reducing administrative obstacles faced by members of the Canadian Forces and their families during interprovincial transfers.

The federal government is asking each province to designate an elected representative to sit on an FPT table which will work on resolving these issues nationally.

We thought that you would be ideal in this role given your connection to CFB Esquimalt.

In this endeavour, you would be supported by the Intergovernmental Relations Secretariat led by DM Okenge Yuma Morisho.

The next meeting of the FPT “Seamless Canada” table is currently scheduled on December 5-6 in Ottawa. A draft agenda is attached for your convenience.

Should you have any question about the “Seamless Canada” initiative, Sukumar Periwal, Executive Director, International Relations and Strategic Policy, would be happy to provide you with a full briefing. Sukumar can be reached at [Sukumar.Periwal@gov.bc.ca](mailto:Sukumar.Periwal@gov.bc.ca) or 250 387-0761.

Thanks a lot for your help on this important national initiative.

It appears BC's contribution was \$350k. Please see original news release below or through the following link: <https://news.gov.bc.ca/releases/2017FIN0015-000721> . ## Provincial sponsorship honours the memory of Vimy Ridge veterans

In honour of the Canadians and British Columbians involved in the victory at Vimy Ridge in 1917, Finance Minister Michael de Jong announced today that the Province will contribute \$350,000 to the Vimy Foundation to support the creation of a Centennial Park at the site of the battle.

The Vimy Foundation Centennial Park will be located adjacent to the Vimy monument in France. This unique area will be comprised of 100 Vimy Oak trees symbolizing the centennial. These trees are direct descendants of acorns collected following the battle in April 1917 and will be planted in a circular pattern four deep to represent the four divisions of the Canadian Forces that fought together for the first time at the Battle of Vimy Ridge.

Benches and reflective areas in full view of the famous monument will also be part of the park. Funding also will be provided to support participation by local cadets at the ceremony in France.

British Columbians supported the war effort in great numbers, and facilitated the raising and mobilization a great number of Battalions for the Canadian Expeditionary Force. Units from around the province were part of the victory, including:

- 2nd Battalion (Canadian Mounted Rifles) – recruited from Victoria and Vernon;
  - 29th Battalion (Vancouver) – recruited from Vancouver and New Westminster;
  - 102nd Battalion (Northern British Columbia) – recruited from Northern B.C. and Comox;
- and
- 131st Battalion (Westminster) – recruited from New Westminster.

Estimates suggest that 81 British Columbians lost their lives between April 1 and May 1, 1917. Of those, 47 soldiers are commemorated on the Vimy Memorial, 10 soldiers are buried at La Chaudière Military Cemetery, Vimy, and 21 soldiers are buried at Canadian Cemetery No. 2, Neuville-St. Vaast. British Columbia lost three nursing sisters who are buried in cemeteries tended by the Commonwealth War Graves Commission.

The current monument on the grounds welcomes approximately 700,000 visitors a year. The centennial anniversary of the Battle of Vimy Ridge is taking place on April 9. The official commemorative ceremonies are taking place at the Canadian National Vimy Memorial, organized by the Government of Canada (Veterans Affairs Canada) and an estimated 30,000 Canadians will be in attendance.

de Jong attended the Vimy Centennial Celebration gala dinner in Toronto on March 20, 2017, in support of the Centennial Park and the Centennial Legacy Fund that will help send 25 students to travel to Europe each year for the next five years and ensure Canadian youth ‘walk through the footsteps of history’ and experience Canadian history first hand.

Quotes:

Minister of Finance Michael de Jong –

“The brave young men who fought on Vimy Ridge not only won a battle, but are also part of a legacy that has often been referred to as the birth of a nation. As Canadians we owe a debt of gratitude to the lives lost and affected by this valiant victory. British Columbia is proud to support the Vimy Foundation’s Centennial Park to help ensure the honour and memory of British Columbians and Canadians who fought on the ridge at Vimy will never be forgotten.”

Thank you so much for sharing your precious time with me just now.

Here below is Ambassador Ishikane's contact numbers.

Ambassador will receive several courtesy calls in the morning, but free in the afternoon.

As Ottawa is three hours ahead of us, it would be great if Ambassador could talk with the Premier sometime between 13pm-18pm, which is 10am-15pm in our timezone.

Contact number;

Before 15pm (Victoria time) s.22 - Ms Deguchi, Ambassador's Executive Secretary's mobile

After 15pm s.22 - Ambassador Ishikane's mobile number

If you can tell us a little bit in advance around what time the Premier has time to make a phone call, that will be great. In case Ms Deguchi (cc in this email) is aware even 5-10minutes before, she could ask Ambassador to standby.

I always appreciate so much for your assistance and cooperation.

Hi Fazil,

As discussed, MO would like to issue the attached Minister to Minister letter expressing concerns about the recently announced provisional safeguards and their potential negative impact on British Columbia's economy. Spoke with MO earlier this evening and they advised they would like to send tomorrow morning (I committed to getting them something by 10am). Many thanks to Steve and his team for drafting so quickly and getting to us this evening!

Am looping in Okenge as I appreciate this is s.16

And as you are aware, the safeguards are not yet in force, nor has the team had the chance to see/verify the data that industry is discussing with MBR.

Please let me know if you have any questions and/or revisions.

Thanks

Hi Fazil,

As discussed, MO would like to issue the attached Minister to Minister letter expressing concerns about the recently announced provisional safeguards and their potential negative impact on British Columbia's economy. Spoke with MO earlier this evening and they advised they would like to send tomorrow morning (I committed to getting them something by 10am). Many thanks to Steve and his team for drafting so quickly and getting to us this evening!

Am looping in Okenge as I appreciate this is s.16

And as you are aware, the safeguards are not yet in force, nor has the team had the chance to see/verify the data that industry is discussing with MBR.

Please let me know if you have any questions and/or revisions.

Thanks

Tracy

Hi Evan -

Thanks for reaching out. In my role I'm always interested in opportunities for the Premier in the US.

By way of context, we are working on a mission to Olympia for the Premier (and potentially a small number of Ministers) in late January/early February. The key element is an address by the Premier to the Washington State Legislature. s.13; s.16  
s.13; s.16

Also for January, JTT is also developing a several day mission to 4-5 countries in Asia for PO consideration.

Finally, the BC Natural Resource Forum in PG is set for Jan 22-24.

In summary, it looks like there is a lot of planning underway for Premier travel in January. He has formally accepted Governor Inslee's invitation to WA so we do expect that to proceed. s.13; s.16  
s.13; s.16

I hope this is helpful. Please let us know how we can help further.

Okenge, I would like your advice on options for a possible Asia trip by Premier Horgan in January. Presumably we would build on connections made on the original trip last January, with a view to emphasizing our work on sustainable economy and improved trade with the Asia Pacific. I am not asking for advice on a trip to India at this time. I don't need an exhaustive itinerary. Instead, I would appreciate some high level options that could include visits to China, Japan and Korea, although other destinations that align with our government's objectives and business opportunities. Please don't hesitate to call me if you need further direction. I would appreciate some feedback in seven to 10 days in a brief note.

Thanks for your assistance

Bonjour Okenge,

See attached for the MOU Chantal drafted for our first \$50,000 contribution to go out of the 250K fund. This MOU is in the same format as the MOUs we use with organisations receiving funds under the Canada-BC Agreement. Kassandra from MD's office gave us the direction to use the same process for the 250K fund.

Please note that the information under the section: EXIGENCE EN MATIÈRE D'ÉVALUATION DU PROJET was taken from the FPFCB's grant application.

**Subject:** Invitation to Western Canada Growth Strategy Roundtable Discussion - October 29th and 30th, 2018

Good afternoon,

On Tuesday September 11, 2018 the Honourable Navdeep Bains, Minister of Innovation, Science and Economic Development and Minister responsible for Western Economic Diversification Canada (WD) launched an engagement plan to develop a regional growth strategy with Western Canadians for Western Canadians.

As ADM for the BC Region of WD, I invite your participation in a facilitated roundtable discussion with your peers to discuss the five questions of the engagement. Your input will help shape the Western Canada Growth Strategy, a roadmap to build an innovative and inclusive Western Canada — one that stimulates the economy, strengthens the middle class and increases job opportunities for all Canadians, including Indigenous Peoples, women, youth, and new immigrants.

As a key partner in this initiative, you are invited to attend both of the sessions we are planning in Vancouver so that you can hear first-hand from all the participants. If you are personally unable to attend one or both sessions, we welcome your suggestion of other senior government officials who are well-positioned to contribute to and benefit from the conversation.

This session will be two and a half hours in length and will include approximately 10 to 12 participants. Lunch will be provided.

Session 1 will be:

**Held at: Western Economic Diversification, 8<sup>th</sup> floor, 1166 West Pender Street, Vancouver**  
**On: Monday October 29, 2018**  
**From: 11:30 AM – 2:00 PM**

Session 2 will be:

**Held at: Western Economic Diversification, 8<sup>th</sup> floor, 1166 West Pender Street, Vancouver**  
**On: Tuesday October 30, 2018**  
**From: 11:30 AM – 2:00 PM**

Please confirm your seat at this engagement session by contacting Raveena Sidhu, Senior Economic Policy Analyst, at [raveena.sidhu@canada.ca](mailto:raveena.sidhu@canada.ca) or 604-417-6803.

Please consider this opportunity to provide direct feedback on the questions, which will shape the federal government's priorities in Western Canada. We look forward to hearing your voice in this important discussion.

Sincerely,

Gerry Salembier

We could post it on the Generosity in Action group on @work and have some quotes from Okenge on why he thinks it's important to champion giving through PECSF?

Hi Okenge,

Next week, you have P&P Monday. Karen van Marum will provide an update on the Draft Principles Implementation Plan.

Wednesday is your bi-weekly meeting with Geoff Meggs. We will provide a list of items to raise.

Thursday is your pre-brief with Premier Horgan, and then phone meeting with Japan Ambassador Ishikane. You have the briefing note.

Friday is DMC and the Diversity and Inclusion Exec Committee meeting. We will provide binders for both.

Next week on the PECSF front – another 50/50 draw, Jeans day at IGRS, and I'd like to announce another incentive draw, for those pledging by Friday, October 26<sup>th</sup>. So far our stats are 25 on line pledges for all of OOP. I believe the total amount of staff in OOP with access to on line donations is 85. So we have work to do!!

Lucy will be A/Associate DM for the week.

Thanks, and have a nice weekend!

Okenge, I would like your advice on options for a possible Asia trip by Premier Horgan in January. Presumably we would build on connections made on the original trip last January, with a view to emphasizing our work on sustainable economy and improved trade with the Asia Pacific. I am not asking for advice on a trip to India at this time. I don't need an exhaustive itinerary. Instead, I would appreciate some high level options that could include visits to China, Japan and Korea, although other destinations that align with our government's objectives and business opportunities.

Please don't hesitate to call me if you need further direction. I would appreciate some feedback in seven to 10 days in a brief note.

Thanks for your assistance

**Subject:** Oct 22 - Daily USMCA Update

**Heads up, a critique of the USMCA is coming out tomorrow from the Canadian Centre for Policy Alternatives (CCPA).**

- According to the Canadian Press ([here](#)), the report argues that Chapter 19 has a “spotty track record of helping Canadian exporters” and asks whether Canada’s efforts to protect dispute resolution in the negotiations was worth it.
- The report apparently argues that Chapter 19 has done nothing to stop the steel and aluminum tariffs.
  - *My understanding of Chapter 19 is that it is specifically for challenging antidumping and countervailing duties. Given 232 tariffs are national security tariffs and therefore different from softwood or uncoated groundwood paper duties, I’ll be interested to see how the author argues this point and whether this distinction is made.*
- The author says that if Canada had loosened its position on Chapter 19, negotiators could have done better on patent protection and dairy.

A critical analysis ([here](#)) in the Globe and Mail this morning argues the USMCA ends legal protections for U.S. businesses operating in Mexico.

- The removal of ISDS means U.S. businesses will now be at the mercy of Mexico’s courts.
- USTR declined to comment, but previous statements indicate he sees ISDS as a subsidy for U.S. companies to invest in Mexico.

Other USMCA news:

- Minister Freeland spoke with Chris Hall over the weekend ([here](#)). She said that the so-called “China” clause won’t limit Canada’s attempts to diversify its markets.
- Peter Hall (chief economist at the Export Development Canada) was interviewed on the USMCA and the opportunities it brings to Canadian businesses ([here](#)). With stable commodity prices and a projected rise in currency, he sees Canada’s GDP rising by another 2.1 per cent next year. With the USMCA, he says “we can get on with investing with more clarity.” However, he points to populism and protectionism as the main threats to Canadian businesses.
- Andrew McDougall (Sessional Lecturer, University of Toronto) argues ([here](#)) that the USMCA strengthens Canada in future trade deals. He argues that Canadian dairy, long thought untouchable politically, has to prepare for long-term liberalization. He also argues that the so-called “China” clause ties the U.S. down to the USMCA because of its “global anti-China ambitions”

Just in case. Staff just informed me that the Canadian Centre for Policy Alternatives (CCPA) will release a critique of the USMCA tomorrow. According to the Canadian Press ([here](#)), the report argues that Chapter 19 has a “spotty track record of helping Canadian exporters” and asks whether Canada’s efforts to protect dispute resolution in the negotiations was worth it. The author says that if Canada had loosened its position on Chapter 19, negotiators could have done better on patent protection and dairy.

Dear Deputy Minister Yuma Morisho,

Amid rising uncertainty over the future of global trade, a new publication from the Institute for Research on Public Policy calls for an ongoing framework agreement for cooperation in trade policy among the federal, provincial and territorial governments.

In *Federalism and International Trade Policy: The Canadian Provinces in Comparative Perspective*, Jörg Broschek and Patricia Goff compare sub-federal engagement in trade in Canada to arrangements in four other federations. The authors note that, unlike some of those countries, Canada has neither a constitutional requirement for provincial government approval of international trade agreements nor formalized intergovernmental institutions for sub-federal engagement in the negotiation process.

Broschek and Goff outline two potential reforms. First, to foster predictable cooperation in this sector, they propose the development of a permanent federal-provincial-territorial framework agreement on trade. It would clarify the roles and responsibilities of the three orders of government at all stages of the trade policy cycle, including the negotiation process. The second option would be to provide the Council of the Federation with additional resources so premiers are better equipped to form common positions on international trade issues.

Given your interest in this issue, I am pleased to send you this publication, which is under embargo until October 24, 2018, at 8:00 a.m. Eastern Time. I hope you will find it informative and thought provoking. Please do not hesitate to contact me if you have any comments or questions.

**Subject:** CCPA Report re Chapter 19

Jeremy,

The Canadian Centre for Policy Alternatives has published the report on USMCA (report also attached):  
<https://www.policyalternatives.ca/publications/reports/saving-nafta-chapter-19>

The report mainly covers the history of Chapter 19 and its outcomes over the years. Only in the conclusion are the questions about Section 232, dairy, and intellectual property raised, but there are no details just open ended questions. Nevertheless, these are the questions that got picked up by the media yesterday.

The author, Scott Sinclair (according to his bio is a former senior trade policy advisor with the B.C. government), argues the following:

- Instead of measuring Chapter 19's effectiveness by measuring the number and frequency of remands (i.e. sending a final ruling back), the author argues that it is much more useful to assess the final outcomes. The author asks whether the Chapter 19 panel process resulted in trade relief for the complainant.
  - On softwood, the author argues that while the binational panel decisions strengthened Canada's negotiating position, the SLA was hardly a clear cut victory.
- He argues that Chapter 19 has only modestly benefitted Canadian exporters. Over the past 25 years, he states that Canadian exporters have succeeded in getting trade relief in 12 cases:
  - 7 were clean wins attributable to the Chapter 19 process; and
  - 5 provided interim relief, but the disputes were resolved independently of the process.
- Instead of Chapter 19, he makes the case in his conclusion for using the U.S. Court of International Trade (CIT), which has the same authority to remand. Unlike Chapter 19, the CIT rulings "set binding legal precedents while panels do not," which means Canada would not have to keep coming back on the same issues.
- His argument regarding Section 232 is very short and does not go into detail (page 20). He simply argues that Chapter 19 provides no defence against these tariffs, without stating why or providing another option other than needing to address Section 232 tariffs.

- Similarly with his statement on Section 232, he does not go into any detail regarding his open ended question regarding what Canada conceded in the fight to keep Chapter 19. All he does is ask a question whether giving ground to Chapter 19 might have helped Canada fight off concessions on intellectual property rights or “protect Canada’s embattled dairy farmers.”

Thanks,

Anika

**Subject:** NB Throne Speech Summary - Oct 23, 2018

Hi Grant,

The New Brunswick Legislative Assembly reconvened today with a Speech from the Throne. A summary of noteworthy points is below:

**Noteworthy points:**

- Neither major party wanted to put forward a Speaker, given the vote was so close (Liberal 21 seats; PC 22 seats);
- Yesterday (Mon Oct 22), the caretaker Liberal government reluctantly put forward Liberal MLA Daniel Guitard as Speaker. He was elected in the House this morning.
- The Liberals, having given up one MLA to be a speaker means they only have 20 seats, 5 short of the 25 seat threshold for a majority government, and 2 less than the PCs.
- The House reconvened today with a throne speech which was notably 'collaborative'. Summary is below.
- It is likely that a confidence vote will take place on November 2.

### **Overview of NB Throne Speech**

- The tone of the speech was collaborative, merging ideas from the platforms of all four political parties;
- Education, healthcare, the environment and the economy were key focuses of the speech;
- *Quote* – “NB’s have elected four parties, opportunity for parties to work together. No parties should have a monopoly on power. Collaboration should be the mission of the Assembly. The government has put forward a collaborative approach to governing in the LA”;
- The speech opened with an acknowledgment of traditional lands and a summary of the election. Lt-Governor Jocelyne Roy-Vienneau spoke about how women’s political representation increased from the last election. This year, 38% of candidates who put their name forward were women;
- All four parties will have official party status, including small parties who gained 3 seats each, Greens and PA. The threshold is normally 5 seats. The Lt-Gov reiterated that no one party’s platform should be fully implemented;
- There was also a recognition of diversity of the province and a **recommitment towards official bilingualism**.

### **Notable policies mentioned in the speech:**

- Increase minimum wage to \$12 & work towards private sector pay equity (championed by Liberals in election)
- There was no *specific* mention of a carbon tax, but there was a commitment to “fully implement” 2016 committee report on climate change, a document that recommended a ‘made-in-NB’ carbon tax. Liberals & Greens supported a carbon tax during the election, PC did not. Note that this comes on the same day Ottawa said that Premier Gallant’s existing pricing system does not meet Ottawa’s requirement. It likely means Ottawa will impose a higher carbon tax on NB, along with a system of rebates.
- Other commitments around climate change included transition to low carbon economy, expand conservation areas, increase funding for energy efficient power for NB homes, and eliminate use of coal in NB no later than 2030. Notably, the Liberals commitment to freeze power rates for four years was absent from the speech;
- A commitment to support a federally funded national pharmacare program;
- A commitment to balance the budget by 2020/2021;
- Review by Legislative Committee of paramedic shortages (championed by PC and PA in the election);
- A study to reform the voting system, by lowering voting age and considering proportional representation or ranked ballot (not initially supported by Liberals);
- Indigenous agenda: implementation of Calls to Action of Truth and Reconciliation Commission;
- Doubling investments in Youth Employment Fund and promoting a separate government department for women (Liberal’s platform promise)

### **Reminder of Election Results**

PC – 22 seats (38% pop. vote)

Liberals – 21 seats (38% pop. vote) – note one has gone to Speaker position, leaving them with 20.

Green – 3 seats (12% pop. vote)

People’s Alliance – 3 seats (13% pop. vote)

### **Provincial sponsorship honours the memory of Vimy Ridge veterans**

In honour of the Canadians and British Columbians involved in the victory at Vimy Ridge in 1917, Finance Minister Michael de Jong announced today that the Province will contribute \$350,000 to the Vimy Foundation to support the creation of a Centennial Park at the site of the battle.

The Vimy Foundation Centennial Park will be located adjacent to the Vimy monument in France. This unique area will be comprised of 100 Vimy Oak trees symbolizing the centennial. These trees are direct descendants of acorns collected following the battle in April 1917 and will be planted in a circular pattern four deep to represent the four divisions of the Canadian Forces that fought together for the first time at the Battle of Vimy Ridge.

Benches and reflective areas in full view of the famous monument will also be part of the park. Funding also will be provided to support participation by local cadets at the ceremony in France.

British Columbians supported the war effort in great numbers, and facilitated the raising and mobilization a great number of Battalions for the Canadian Expeditionary Force. Units from around the province were part of the victory, including:

- 2nd Battalion (Canadian Mounted Rifles) – recruited from Victoria and Vernon;
  - 29th Battalion (Vancouver) – recruited from Vancouver and New Westminster;
  - 102nd Battalion (Northern British Columbia) – recruited from Northern B.C. and Comox;
- and
- 131st Battalion (Westminster) – recruited from New Westminster.

Estimates suggest that 81 British Columbians lost their lives between April 1 and May 1, 1917. Of those, 47 soldiers are commemorated on the Vimy Memorial, 10 soldiers are buried at La Chaudière Military Cemetery, Vimy, and 21 soldiers are buried at Canadian Cemetery No. 2, Neuville-St. Vaast. British Columbia lost three nursing sisters who are buried in cemeteries tended by the Commonwealth War Graves Commission.

The current monument on the grounds welcomes approximately 700,000 visitors a year. The centennial anniversary of the Battle of Vimy Ridge is taking place on April 9. The official commemorative ceremonies are taking place at the Canadian National Vimy Memorial, organized by the Government of Canada (Veterans Affairs Canada) and an estimated 30,000 Canadians will be in attendance.

de Jong attended the Vimy Centennial Celebration gala dinner in Toronto on March 20, 2017, in support of the Centennial Park and the Centennial Legacy Fund that will help send 25 students to travel to Europe each year for the next five years and ensure Canadian youth ‘walk through the footsteps of history’ and experience Canadian history first hand.

Quotes:

Minister of Finance Michael de Jong –

“The brave young men who fought on Vimy Ridge not only won a battle, but are also part of a legacy that has often been referred to as the birth of a nation. As Canadians we owe a debt of gratitude to the lives lost and affected by this valiant victory. British Columbia is proud to support the Vimy Foundation’s Centennial Park to help ensure the honour and memory of British Columbians and Canadians who fought on the ridge at Vimy will never be forgotten.”

Okenge, the Premier has learned that BC gave \$250k to the Vimy Memorial restoration that will be celebrated on Nov 7. In France. He’d like to go. Can you see if you can find out anything about this? Mike Farnworth brought this news.

Further to your question below, IGRS staff informed me that Veterans Affairs Canada (VAC) is currently working with French officials and other authorities on the schedule of events and various logistical details.

At present, the ceremony is scheduled to take place on **June 6, 2019 at Juno Beach** most likely in the afternoon.

We have VAC to keep GRS informed of details as BC may wish to be part of the official Canadian delegation.

Okenge, would appreciate your assistance in determining what the arrangements are to commemorate the 75<sup>th</sup> anniversary of the Juno Beach landings in Normandy next June. I assume this would also be a Veterans Affairs event. Thanks for your assistance.

Good morning Alison,

Would Okenge be available to meet or **host lunch for the new Consul General of Portugal, Ms. Marta Cowling on Tuesday, Oct. 30th in Victoria?** She is interested in discussing the priorities of the BC Government with regards to intergovernmental engagement and cooperation (State of play) with the Federal Government and in the international arena.

FYI, we are in the process of developing the program for that day and it will likely rollout as follows, but I have highlighted times available for meetings (usually ½ hour) if the Okenge is not available for lunch. We are also in the process of confirming a meeting with Minister Judy Darcy, so she may end up taking one of the available time slots below.

### Itinerary - Oct. 30<sup>th</sup> - Consul General of Portugal

0900 - Meeting times available

1000 – Introductions in the House and Observe Question Period

1100 – Meeting time available or Tour of the Parliament Buildings

1130 – Meeting with the Hon. Bruce Ralston, Minister of Jobs, Trade and Technology (confirmed).

**1200 – (TBC) Luncheon hosted by Mr. Okenge Yuma Morisho**, Deputy Minister of Intergovernmental Relations.

1315 – Meeting time available or Tour of the Parliament Buildings

1345 – Depart for Government House

1400 – Courtesy meeting with Her Honour the Hon. Janet Austin, Lieutenant Governor of B.C. (confirmed).

Hi Okenge. I just had a call from Angela Giuliano who works in the Government Whip's office indicating Gary Begg will be attending this on behalf of the Premier.

Angela didn't have any information regarding the ceremony so I sent her the documents that the Vimy Foundation had sent us. She is asking what she needs to do next, she does have approval from the Speaker's Office for out of country travel and she indicated that a member of the opposition is also attending. Are you able to reply to Jeremy or would you like me to, indicating he will be attending? Angela was also looking for a recommendation on where Mr. Begg should stay while he is in France.

Please call me if you would like to discuss. Thanks so much.

Hello Okenge,

Jeremy is travelling today and tomorrow, so I'll fill you in on the details now, and I'll get Jeremy to call you when he can.

We mailed an official invitation to the Premier's office a few weeks ago, but in the event that it hasn't reached you, I've attached a copy here. The opening of the Vimy Foundation Centennial Park will take place on Friday, November 9<sup>th</sup>, at 4:00pm, and is part of official Remembrance events that Veterans Affairs Canada is hosting at Vimy that day.

I've also attached a draft program of the day's events. If the Premier is available to attend the opening, we would be very happy to have him address the group.

If there is any other information you would like, or if there is anything else we can do for you, please don't hesitate to reach out.

Cheers,

**Subject:** Invitation to Western Canada Growth Strategy Roundtable Discussion - October 29th and 30th, 2018

Good afternoon,

On Tuesday September 11, 2018 the Honourable Navdeep Bains, Minister of Innovation, Science and Economic Development and Minister responsible for Western Economic Diversification Canada (WD) launched an engagement plan to develop a regional growth strategy with Western Canadians for Western Canadians.

As ADM for the BC Region of WD, I invite your participation in a facilitated roundtable discussion with your peers to discuss the five questions of the engagement. Your input will help shape the Western Canada Growth Strategy, a roadmap to build an innovative and inclusive Western Canada — one that stimulates the economy, strengthens the middle class and increases job opportunities for all Canadians, including Indigenous Peoples, women, youth, and new immigrants.

As a key partner in this initiative, you are invited to attend both of the sessions we are planning in Vancouver so that you can hear first-hand from all the participants. If you are personally unable to attend one or both sessions, we welcome your suggestion of other senior government officials who are well-positioned to contribute to and benefit from the conversation.

This session will be two and a half hours in length and will include approximately 10 to 12 participants. Lunch will be provided.

Session 1 will be:

**Held at:** Western Economic Diversification, 8<sup>th</sup> floor, 1166 West Pender Street, Vancouver  
**On:** Monday October 29, 2018  
**From:** 11:30 AM – 2:00 PM

Session 2 will be:

**Held at:** Western Economic Diversification, 8<sup>th</sup> floor, 1166 West Pender Street, Vancouver  
**On:** Tuesday October 30, 2018  
**From:** 11:30 AM – 2:00 PM

Please confirm your seat at this engagement session by contacting Raveena Sidhu, Senior Economic Policy Analyst, at [raveena.sidhu@canada.ca](mailto:raveena.sidhu@canada.ca) or 604-417-6803.

Please consider this opportunity to provide direct feedback on the questions, which will shape the federal government's priorities in Western Canada. We look forward to hearing your voice in this important discussion.

Sincerely,

Gerry Salembier

Hello everyone,

I'm looking into an upcoming meeting of the first ministers that Ottawa will convene between now and Xmas.

I hear the feds want this to be heavily focused on economic issues such as internal trade, ie issues they can agree on.

Someone in Qc told me it would happen Nov. 6 and 7 in Montreal, but the date is apparently wrong and the location to be confirmed.

If you talk to people today who have anything to add about what they want to talk about with Trudeau, let me know, it could be interesting.

Hi Paul, further to our recent conversation, the selection committee (of which Minister Lisa Beare is the Chair) met on Friday and pursuant to the *Provincial Symbols and Honours Act* they are recommending 19 recipients for the Medal of Good Citizenship.

We have completed our due diligence checks and would like to propose that the list of names go forward for first approval at the Oct. 31 cabinet meeting. Once we receive cabinet's blessing, we will proceed with contacting recipients to verify their acceptance, full legal name and city of residence. Legislative Counsel will then prepare one tagged OIC that will go forward at the Nov. 7 meeting. The signing will coincide with the issuing of the News Release announcing the recipients for 2018. We are aiming to plan the first presentation ceremony for Dec. 5 – International Day of the Volunteer.

I will be preparing the following documents to support Minister Beare:

- Cabinet Summary document (possibly not necessary with the new process, but will submit for Nov. 7)
- Demographic Analysis of Nominations received and recommended

- Background information on the Medal of Good Citizenship program and the process on how the selection committee arrives at their decisions/recommendations
- Backgrounders on recommended recipients

Gentlemen:

Further to your helpful notes on Asia – would like some more options regarding clean and green tech with BC connections. The item here:

<https://www.britishcolumbia.ca/global/trade-and-investment-british-columbia-blog/april-2018/hydrogen-energy-and-fuel-cell-technology-in-britis/>

is a perfect example – local jobs, potential export markets.

No need for anything exhaustive, but connections to Japan, Korea and Japan would be great.

Also anything with more detail regarding food exports would be great. I assume this is stuff like blueberries, pork, seafood. Again local producers's names welcome and anything with innovation dimension.

Good morning Okenge – given that all of the items for the Nov 5 SI meeting have already been reviewed by DMCSI (and finals are due next Monday), do you still want to meet to review the draft binder for that meeting? Since the draft binder was sent, item 5 has been postponed by the ministry. There may be an addition to the agenda from MAH, but that will be going to next week's DMCSI.

Thanks.

Okenge –

More from Anika

Some critique brewing in the House of Commons from the federal NDP, led by Tracey Ramsay (same MP whose motion on protecting supply management was unanimously support back in June).

- She highlighted the Angus Reid poll and argued that Canadian jobs are at risk with the concessions that Canada made in the USMCA negotiations. You can watch the video clip [here](#), tweeted by the federal party's handle earlier today.
- Earlier this week she called for a national tariff task force.

The CPCs have raised concerns a couple of times about the impact of the USMCA on supply management, but are otherwise focused on carbon pricing and Bill C-69 (energy regulation).

Parliamentary Secretary Glumac will be participating in a workshop at the PNWER winter meeting where each jurisdiction will identify priorities for the coming year. PSG requested a document that outlines a number of B.C.'s Canada-U.S. issues and identifies a small number of priorities that B.C. could actively advance via PNWER. He requested that special attention be paid to existing Ministry resources for each issue.

Could you please review this document so that it may be shared with PSG for his consideration?

I should add that Lucy has reviewed and provided helpful comments.

Many thanks,

Jeremy

Hello Okenge,

Jeremy is travelling today and tomorrow, so I'll fill you in on the details now, and I'll get Jeremy to call you when he can.

We mailed an official invitation to the Premier's office a few weeks ago, but in the event that it hasn't reached you, I've attached a copy here. The opening of the Vimy Foundation Centennial Park will take place on Friday, November 9th, at 4:00pm, and is part of official Remembrance events that Veterans Affairs Canada is hosting at Vimy that day.

I've also attached a draft program of the day's events. If the Premier is available to attend the opening, we would be very happy to have him address the group.

If there is any other information you would like, or if there is anything else we can do for you, please don't hesitate to reach out.

Hi Geoff Meggs, others

Below is a re-send of my earlier-today slightly rushed email... Being re-sent in part because I received an automated "*non-delivery*" response email from *Judy Cavanagh's* address. Apparently, she has left the position of "*Executive Director, Operations and Strategic Initiatives*" in the Office of the BC Premier (In her place, Miranda Pierrette, Veronica Mercier, and Monica Gervaise from the Premier's Office have been added as addressees to this email, hopefully not redundantly!!). This email is pretty much identical to the previous one, but has 3 additions (H, I and J) to proposed terms of reference for the proposed "**South of Fraser Economic Development Commission**". I realize that I and J could be perceived as contentious among persons not able or not willing to objectively consider their potential benefits for the SOF sub-region, and its residents and business owners...

Here's the amended proposed terms of reference (purposes/ activities):

**A)** Formally designating **Densification and Economic Development Hubs** ("*Town Centres*") in the SOF sub-region;

**B)** Deciding on the technologies\* to be used by a network of legitimate\* SOF commuter rail lines, along with a build schedule;

\* Separated-from-roadway, automated (computer-driven), rapid; IE: Bombardier's (*SkyTrain*) technology, or Hyundai's (*Canada Line*) technology, or another company's (such as Siemens, Hitachi, et cetera);

**C)** Overseeing, or at the least, participating in high level planning for- replacement of the Massey Tunnel;

A bridge/ tunnel that is ambitiously designed...

IE: built for the future- with adequate vehicle, and (potential) rapid-transit capacity for the next 40 to 50 years (10 lanes??)

.... while coordinating the establishment of a BC Govt/ SOF cities pact that tolls will not be re-introduced or instituted on any bridges/ tunnels into the SOF sub-region for at least the next 5-decades!!

**D)** Overseeing a feasibility study for rail rapid-transit from South Surrey to Richmond, (ideally) along/adjacent to Highway 99;

**E)** Assessing and twice per year publicly reporting on the adequacy of K-12 schools in the SOF sub-region, and, in these reports identifying actions required of the BC govt and other relevant bodies to deal with identified shortages, and anticipated shortages of schools and related resources;

**F)** Assessing and twice per year publicly reporting on the guns and illicit drugs crimes problems of the SOF sub-region;

**G)** Identifying collaborative SOF cities/BC Govt/ Federal Govt strategies and programmes to deal with the SOF sub-region's guns/illicit drugs crimes issues...

**H)** Identifying short, medium and long term collaborative strategies for promoting Metro Vancouver's South of Fraser sub-region- domestically and internationally- to potential investors and corporations;

**I)** Establishing the wording of a non-binding plebiscite question to be put before the city of Langley's voters and the Township of Langley's voters that would ask if they are for, or against their two cities being re-merged;

**J)** Establishing the wording of a non-binding plebiscite question to be put before the city of Surrey's voters and the city of White Rock's voters that would ask if they are for, or against their two cities being re-merged;

For those with more to read than desire-able, below could be redundant- it's the same text as was sent earlier today, albeit with several typos corrected...)

=====

**To: Geoff Meggs,**  
Chief of Staff,  
BC Premier John Horgan's office,  
Parliament Buildings,  
Victoria, BC, Canada,

October 28-2018

Hi Geoff Meggs,

Thank you for your time and interest earlier today...

In summary, the two main points I was attempting to make were:

**1)** There is an exigent need for the BC govt (and federal govt) to cease their decades-long pattern of showing inappropriate favoritism towards Metro Vancouver's "*North of Fraser*" cities- over MV's "*South of Fraser*" cities...

And,

**2)** In order to properly deal with the SOF sub-region's egregious, decades-old and worsening problems:

- Unchecked urban sprawl accompanied by individual SOF city's (seemingly) aimless development plans that are **not** coordinated with and have zero cohesion with other cities' plans;
- Grievously inadequate public transit services;
- Acute shortages of K-12 schools;
- Illicit guns/ drugs crime issues...

->>> **Provincial leadership is needed....**

Towards this objective, the BC govt should offer to assist in the establishment of, or just establish a "***South of Fraser cities' Economic Development Commission***"...

Terms of reference (amended from earlier-today emailed version) purposes/ activities, ideally, would include:

**A)** Formally designating ***Densification and Economic Development Hubs*** ("*Town Centres*") in the SOF sub-region;

**B)** Deciding on the routes of, and technologies\* to be used by a **network** of **legitimate**\* SOF commuter rail lines, along with a build schedule;

\* Separated-from-roadway, automated (computer-driven), rapid; IE: Bombardier's (*SkyTrain*) technology, or Hyundai's (*Canada Line*) technology, or another company's (such as Siemens, Hitachi, et cetera);

**C)** Overseeing, or at the least, participating in high level planning for- replacement of the Massey Tunnel;

A bridge/ tunnel that is ambitiously designed...

IE: built for the future- with adequate vehicle, and (potential) rapid-transit capacity for the next 40 to 50 years (10 lanes??)

.... while coordinating the establishment of a BC Govt/ SOF cities pact that tolls will not be re-introduced or instituted on any bridges/ tunnels into the SOF sub-region for at least the next 5-decades!!

- D)** Overseeing a feasibility study for rail rapid-transit from South Surrey to Richmond, (ideally) along/adjacent to Highway 99;
- E)** Assessing and twice per year publicly reporting on the adequacy of K-12 schools in the SOF sub-region, and, in these reports identifying actions required of the BC govt and other relevant bodies to deal with identified shortages, and anticipated shortages of schools and related resources;
- F)** Assessing and twice per year publicly reporting on the guns and illicit drugs crimes problems of the SOF sub-region;
- G)** Identifying collaborative SOF cities/BC Govt/ Federal Govt strategies and programmes to deal with the SOF sub-region's guns/illicit drugs crimes issues...
- H)** Identifying short, medium and long term ***collaborative*** strategies for promoting Metro Vancouver's South of Fraser sub-region- domestically and internationally- to potential investors and corporations;
- I)** Establishing the wording of a non-binding plebiscite question to be put before the city of Langley's voters and the Township of Langley's voters that would ask if they are for, or against their two cities being re-merged;
- J)** Establishing the wording of a non-binding plebiscite question to be put before the city of Surrey's voters and the city of White Rock's voters that would ask if they are for, or against their two cities being re-merged;
- 

During the past 3 decades, Metro Vancouver's "*North of Fraser*" cities have benefited immensely- in terms of economic development- from having a network of 5 ***legitimate*** rapid-transit lines (Expo, Millennium, Evergreen and Canada Lines, AND the ***West Coast Express*** heavy rail line) in the NOF area... enabling several- such as Burnaby, to build up huge (**\$1 billion+**) reserve funds, while several of the booming in populations, long neglected South of Fraser cities have gone into debt...

MV's long neglected *South of Fraser* cities should not continue to be denied the same opportunities as MV's North Of Fraser cities to economically develop themselves- by formally establishing "***Densification and Economic Development Hubs***" ("*Town Centres*") within the SOF sub-region that are linked by a network of ***legitimate***\* rapid-transit lines...

\* Separated-from-roadway, Computer-driven, RAPID, instead of Translink's proposed in-middle-of-roadway, Human-driven, SLOW, street-car ("LRT") lines...

The decades-long void of cohesion and collaboration among South of Fraser cities- at Metro Vancouver and Translink/ Mayors' Council- and when SOF cities lobby the BC and federal governments for grant funding-

... is the root cause of most of the SOF sub-region's current egregious problems ... problems that indirectly affect and are detrimental to all of BC...

At the minimum, the BC govt should assist Delta, Surrey, the 2 Langleys and White Rock to establish a formal collaborative structure- such as a "***South of Fraser Economic Planning Commission/ Task force***"...

If you and or other recipients would like to discuss these and or related issues, pls advise by email...

### **Additional Issues/ argument:**

#### **City of Vancouver (\$3 billion to \$8 Billion) "*Broadway Subway*" not needed!!**

Re the proposed 3.4 mile-long, \$3 billion (or at least \$8 billion!! if all the 8.4 miles to UBC) "*Broadway Subway*" in the city of Vancouver

(Extending the Millennium Line (SkyTrain rapid transit) westward 3.4 miles from Broadway and Clarke to Broadway and Arbutus Street, and 4.5 miles further to UBC):

In order to meet current and anticipated (2018 to 2032) passenger capacities needs, the proposed subway is not needed!!

Instead, the frequency of 99 B Line buses- that currently service this route- should be substantially increased...

Frequencies could, very simply and very cost effectively\*\* be increased by 100% or 200% by:

- Scheduling 99 B Line buses to travel in pairs and or in threes... thereby doubling (and tripling) the current 99 B Line route's passenger capacities...;

\*\* Cost effective compared to building an \$8 billion dollar subway for this route:

And,

Before any "final" decisions are made to go ahead with the proposed "*Broadway Subway*",.... it would be in the public interest for all decisions to be deferred until after there has been a 2-year (or longer) trial of a "***Bus Rapid Transit***" line:

[https://en.wikipedia.org/wiki/Bus\\_rapid\\_transit](https://en.wikipedia.org/wiki/Bus_rapid_transit) ,

<https://nbrti.org/>

... westward (3.4 miles) from Broadway and Commercial in the city of Vancouver to Broadway and Arbutus Street, and (roughly) 5-miles farther- **all the way to UBC**...

Such a BRT system could be up and running in a matter of months, for a small fraction of the costs of Translink's proposed "*Broadway Subway*"...

All that would be required for a 2-year BRT trial (in city of Vancouver) is a very small amount of dispassionate political effort by municipal and BC govt politicians...

BRT worked well along the city of Richmond's Number 3 Road in the early 2000s, previous to its replacement with the under-built, lacking in capacity Canada Line...

Done right, and with sufficient pragmatic ambition- and open, transparent public communications- city of Vancouver BRT would act to ensure that planning for new and expanded commuter rail lines in all of Metro Vancouver is done competently, and based on current and future (projected) needs, instead of being driven by stale political agendas of some civic politicians (more than a small few of which are soon to be leaving office as a result of Metro Vancouver cities' recent municipal elections)...

## **FUNDING FOR THE PROPOSED BROADWAY SUBWAY SHOULD BE TRANSFERRED TO SOF CITIES' COMMUTER RAIL PROJECTS!!**

In addition to the October-2017 Surrey/ Transink "**LRT**" *project Memorandum of Understanding* that is contained in this June 07-2018 report to Surrey city council:

[https://www.surrey.ca/bylawsandcouncillibrary/CR\\_2018-R130.pdf](https://www.surrey.ca/bylawsandcouncillibrary/CR_2018-R130.pdf)

.... this report also contains:

- An un-signed copy of a proposed Translink/ Surrey "*Supportive Policies Agreement*"- Pages 13 to 34;

- An un-signed copy of a proposed Translink/ Surrey "*Contribution Agreement*"- Pages 39 to 45;

All 3 of the agreements contained in the above linked-to report could be terminated very easily, without ANY costs to either party (Translink and the city of Surrey), and without any direct or indirect costs to the BC and federal governments...

... If the 3 Translink/ Surrey agreements contained in the above linked-to report to Surrey council were voided/ terminated:

... this would leave the grant funding that has been "committed" by the BC and federal govts (for the SOF street-car ("LRT") line project) where it has been for over 2-years:

->>> **just numbers on BC govt/ Govt of Canada spread sheets**- with the vast majority of this funding not even collected from tax-payers yet!!...

... and with the rest sitting in interest generating BC govt/federal govt bank accounts... waiting to be disbursed for whatever purposes/ projects that BC govt/ federal govt officials deem appropriate...such as building **legitimate**\*\* rapid-transit lines in South of Fraser cities...

\*\* Separated-from-roadway, automated (computer-driven), RAPID...

Technologies that are chosen for use by South of Fraser cities (not just Surrey's!!) commuter rail lines should result in SOF cities receiving commuter rail lines that are AS GOOD AS, OR BETTER THAN, the city of Vancouver's and other "North of Fraser" cities' 5 LEGITIMATE rapid-transit lines (Expo Line, Millennium Line, Evergreen Line, and Canada Line... AND the "West Coast Express" heavy rail line...

=====

<https://www.cbc.ca/news/canada/british-columbia/urbansim-metro-vancouver-election-1.4869055> :

Hmmm... Then why did Mr Moore and his outgoing Metro Vancouver Board member colleagues make decisions during 2014- 2018 to **ARBITRARILY IMPOSE** 19th century-technology FAKE rapid-transit street-car (aka "LRT") lines on MV's FASTEST GROWING area- the so-called "South of Fraser" sub-region...instead of building a network of LEGITIMATE rapid-transit lines (SkyTrain lines) in the SOF??

Moore and company's arrogant and disrespectful-to-the-SOF-public decisions would, if implemented-rule out and prohibit building density around SkyTrain stations in South of Fraser cities... and would, in effect, invite and cultivate a continuation of the egregious, economically damaging "urban sprawl" that is prevalent in most SOF cities...

\*\*\*\*\* Maybe "shared", but NOT equitably implemented!!

### **STREET-CAR ("LRT") LINES ARE *NOT* "RAPID"-TRANSIT LINES!!**

The October 12-2017 Surrey/ Translink Memorandum Of Understanding (pgs 7- 12) of this June 07-2018 report to Surrey city council:

[https://www.surrey.ca/bylawsandcouncillibrary/CR\\_2018-R161.pdf](https://www.surrey.ca/bylawsandcouncillibrary/CR_2018-R161.pdf) :

... does ***not*** use the term "*rapid*"-transit network, instead using the term "*LRT* network"

Plainly, as a corrupt tactic to mislead the public:

- between Sept/ October-2017 and March-2018, Surrey and Translink officials began substituting the term "*rapid-transit network*", for "*LRT network*"...

... And since March-2018, both Translink and Surrey officials have repeatedly misrepresented their proposed "South of Fraser" street-car ("LRT") lines as "*rapid*" -transit lines...

The preposterously titled "*Surrey Long-Range Rapid Transit Vision*" **PUBLIC PROPAGANDA CAMPAIGN** report that was submitted to Surrey city council for their July 23-2018 meeting- provides a cogent example of this "fraud":

[https://www.surrey.ca/bylawsandcouncillibrary/CR\\_2018-R161.pdf](https://www.surrey.ca/bylawsandcouncillibrary/CR_2018-R161.pdf)

(7-pages, 45 misleading, inaccurate mentions of "rapid"-transit in this document)...

**TRANSLINK'S ATTEMPTED \$1.65 billion dollar SWINDLE WAS REJECTED BY SOUTH OF FRASER CITIES' VOTERS ON OCTOBER 20th!!!**

**NEEDED: BC GOVT LEADERSHIP... INSTEAD OF SUPPLICANTLY PARROTTING TRANSLINK OFFICIALS!!**  
=====

In addition to a ***NETWORK*** of LEGITIMATE\* rapid-transit lines, Metro Vancouver's South of Fraser cities have long required their own version of North of Fraser cities' "West Coast Express" heavy rail line!!

The BC Govt should, using metaphorical "shotgun diplomacy",... collaborate with MV and Translink to expeditiously facilitate a South Surrey-to-Richmond Rapid Transit feasibility study...

**For over 2-decades, such a feasibility study has been needed to establish:**

**a)** The best/ most appropriate technologies for a rapid-transit commuter rail line from South Surrey (the South Surrey Park and Ride), paralleling highway 99 to the Richmond (Bridgeport Station?)

Rapid-transit line study could be in two parts:

Part 1- from the South Surrey Park and Ride to the Town and Country hotel complex (half a mile East of the MT's east entrance, and

Part 2- from the Town and Country hotel complex to one of Richmond's Canada Line rapid-transit stations, such as Bridgeport Station..

**b)** The likely costs of building a rapid transit commuter rail line from the South Surrey Park and Ride to Richmond;

=====  
=====

**City of Delta's rapid-transit and economic development needs ignored by Translink:**

**At the city of Delta's Feb 26-2018** council meeting, a brief report was tabled re a high-rise development and rezoning application directly adjacent to Northwest Surrey (roughly 120th street and 94th Avenue)

<https://delta.civicweb.net/filepro/documents/?preview=175821> - See Item Item F.10 or

<https://delta.civicweb.net/document/175846> (7-pages)

**Feb 26-2018** North Delta Reporter community newspaper article re the above referenced high-rise development applications:

<https://www.northdeltareporter.com/news/new-north-delta-highrise-proposal-at-council-tonight/> :

Copyright

The above, and associated issues are directly relevant to **Translink's proposed South of Fraser commuter rail projects**- in particular "Phase 1"-

... that, as noted above, **don't include any rail lines that would serve Delta's current and future needs...**

... ZERO lines planned along or adjacent to the ripe-for-development commercial thoroughfare of 120th Street (also known as Scott Road) in northwest Surrey/ north East Delta...

**Currently, Translink's proposed projects consist of:**

## Phase 1:

A puny seven-mile-long line- entirely in Surrey (mostly along King George Boulevard and 104th Avenue); and

## Phase 2:

A 12-mile-long line (from Surrey City Centre along the Fraser Highway to/ from the 2 Langleys) .

### Phase 1 should be amended to include:

->>> A legitimate\*\*\* separated-from-roadway rapid transit line running directly west from Scott Road Station (in north west Surrey) along 120th Street (aka "Scott Road") and then south along 120th Street (up the hill) past the areas where Delta's current high-rise developments (and many others) are proposed and underway.... all the way to 64th Avenue (or 72nd Ave), and then east along 64th (or 72nd) Avenue to King George Boulevard, and then north along King George Boulevard to King George Station ... at Surrey City Centre....

<https://www.google.ca/maps/place/12515+110+Ave,+Surrey,+BC+V3V+3J8/@49.2047768,-122.8828745,2018m/data=!3m1!1e3!4m5!3m4!1s0x5485d82280fc48bd:0xde7f46d4a3e72be3!8m2!3d49.2034258!4d-122.8747211>

### Planning for Translink's proposed SOF commuter-rail lines- should be re-done!!

Planning for SOF commuter-rail lines should be re-done, with officials required-by-the-BC-govt to consider these lines' direct and indirect effects on the eyesore "wasteland" areas of North Surrey that border New Westminster, and how these lines- if built with sufficient ambition- could contribute to and act as catalysts for their comprehensive redevelopment.

For decades, these areas have been off-putting and visually offensive to potential investors and other persons arriving in that part of Surrey from New Westminster...

These areas' hundreds of acres of offensive-looking scrap metals vendors, wood chips "mountains" and dump yards- many adjacent to the existing Scott Road SkyTrain Station- have long needed to be re-developed so that they don't continue to repel potential investors and new residents, while disgusting Greater Vancouver residents and other persons crossing the Fraser River from New Westminster into Surrey.

Better uses for these incredibly high-potential lands would be:

- a) Hosting University and college campuses;
- b) High-tech research and development facilities;
- c) Upper market commercial and residential high-rise towers;
- d) Five-star Hotels and Conference/ Resort venues;
- e) Sports' Stadiums;
- f) Park land, et cetera...

**The BC and federal governments should demand that Translink re-thinks all of its proposed commuter-rail mega-projects...**

Supporting and enabling South of Fraser cities' economic development and future population growth should be the number one priority...

\*\*\* IE: NOT using 19th century human-driven, **in-middle-of-roadway STREET-CAR** ("LRT") technology, and instead using: automated (computer-driven), separated from roadway, SkyTrain-like technologies...

Technologies that are chosen for use by Translink's South of Fraser commuter rail projects should result in SOF cities receiving commuter rail that is **as good as, or better than**, the city of Vancouver's and "*North of Fraser*" cities' **5** LEGITIMATE rapid-transit lines (***Expo Line, Millennium Line, Evergreen Line***, and ***Canada Line***... AND the "***West Coast Express***" heavy rail line...  
=====

Absent BC Govt actions, MV's South of Fraser cities' new councils should JOINTLY DEMAND equitable treatment from Metro Vancouver, Translink, and the BC and federal governments during the coming 2018- 2022 term, and an end to the last 2 decades of inappropriate favoritism being shown towards "North of Fraser" cities!!

Okenge –

More from Anika

The federal NDP continue to ramp up their criticisms of the USMCA, with the focus this week on the remaining 232 tariffs.

1. Federal NDP leader Jagmeet Singh was joined by the United Steelworkers yesterday urging the Prime Minister not to sign the USMCA until the Section 232 tariffs are lifted. You can see his tweet about it [here](#).
2. The federal NDP also raised concerns in QP yesterday.
  - MP Brian Masse (Windsor West, ON) led the critique in QP, criticizing Canada for signing the USMCA before sorting out the Section 232 tariffs on steel and aluminum.
  - MP Scott Duvall (Hamilton Mountain) followed up on his caucus colleague's questions by calling on the government to establish a national tariff task force (MP Tracey Ramsay called for this last week).

Looking at flights now.

Also flagging that Kelly Brubacher has reserved rooms in Ottawa for the delegation. This will need to be switched up to Montreal (although I'm not yet aware the meeting is taking place).

**Subject:** Possible Asia trip - Premier Horgan

Okenge, I would like your advice on options for a possible Asia trip by Premier Horgan in January. Presumably we would build on connections made on the original trip last January, with a view to emphasizing our work on sustainable economy and improved trade with the Asia Pacific. I am not asking for advice on a trip to India at this time.

I don't need an exhaustive itinerary. Instead, I would appreciate some high level options that could include visits to China, Japan and Korea, although other destinations that align with our government's objectives and business opportunities.

Please don't hesitate to call me if you need further direction. I would appreciate some feedback in seven to 10 days in a brief note.

Thanks for your assistance

Geoff
