Subject: PO Correspondence Branch - Printers

Hi David – as discussed yesterday, we're hoping you can provide some options for consideration for upgrading our current equipment (my understanding is that these machines have been in use since 2015, at least).

Here are features we'd like for each machine:

MAIN NETWORKED MACHINE (mail room)

- Scanning/photocopying in colour (currently able to colour scan)
- Printing in colour
- Printing on 11 x 17... even if it's only through the manual feed – it's not something we have to do often, but we've had to send to other offices when we've needed to do so
- Printing envelopes (currently able to do via the manual feed)

SECOND NETWORKED MACHINE (admin room)

- Printing in colour (currently able to do)

ADDITIONAL PRINTER?

- If this could be incorporated in the main machine, that'd be great, but I suspect that would up the costs significantly vs having an separate printer for this purpose...
- We would like the ability to be able to print photos on proper photo paper. We are currently able to only print 8 ½ x 11 size on paper that refers to itself as photo paper, but it looks like it's just a matte paper, more of a light cardstock thickness. Glossy would be nice.
- If this can be networked / shared in some way that more than one user can access it, that'd be great.

Good afternoon Susan,

The MAH correspondence team has requested that I follow up with you re congratulations letters to elected mayors from the Premier. We are sending congratulatory letters out from Minister Robinson and want to make sure the Premier's go out first.

Could you advise if these have already been sent on your end?

Thank you,

Subject: Steam Shut-Off

Good morning,

Please be advised that LFS will be shutting off the steam service to the entire precinct from approximately 11:00 am until 2:00 pm on Friday, November 2nd. The shut-off is necessary in order to perform some repair work. Steam service will be restored as quickly as possible. Please share this email with your staff that are not included on this notice

LFS has a supply of under-desk heaters. Please call the LFS office to request one if you get chilly during the shut off and a heater will be provided to you.

Thank you for your understanding as we complete these needed repairs.

Regards
