Hi Okenge,

I believe this is the document that you had asked for the heading to be changed. Plus the updated ToC. I understand from Grant that you found a solution. Sending late just in case needed still.

Apologies for not being available to help with this after 4 yesterday. If you would like me to send these to Debbie for Geoff's binder, please let me know.

Hi Sunny,

Just to confirm what we discussed in the quick hallway chat we had. I would appreciate it if you could work with Okenge and his people to find a suitable office solution for him in IGRS' s Superior Street Office.

Thanks a lot Sunny.

Today marks the sixth of our seven PECSF 50/50 draws being held during the campaign. Our OOP team were canvassing this morning in the various offices - and the winning ticket was drawn at 3pm.

A **GREEN** ticket ... #633622.

Congratulations to Annette Jordan for winning \$82.50!! Annette is one of our Vancouver participants, and received a picture of her tickets included in today's draw.

Next Thursday is your last chance to participate!

Please access the attached link to complete your online donation if you haven't yet. A reminder, for those who complete this by end of day tomorrow, November 2nd, you will be entered into a draw for a prize! If you would like assistance with completing your donation, feel free to contact one of our canvassers cc'd above. Also, if you are not donating online but feel you should be included in the incentive draw, you are welcome to contact our PECSF office: PECSF@gov.bc.ca

Okenge –

Here is more from Anika on USMCA, this time from the Fraser Institute.

The Fraser Institute released a [report](#) today on the USMCA (full report and news release attached).

- The think tank characterizes the USMCA as “a missed opportunity to create freer trade across North America” because both the Canadian and American negotiating teams came to the table with “a list of protected industries that were off limits from the start.”
- The authors state that dairy market protections remain “to the detriment of Canadians”; likewise with protections for the telecommunications and banking sectors.
- They are critical of “managed trade” in the auto sector and call the USMCA a “step backwards”.

Also of note: Unifor held a reception last night celebrating Canada’s negotiating team and the new deal. The federal NDP leader attended the event and an NDP MP, in his remarks, characterized the deal as “the best deal possible”.

Now that Pierrette is back we will move these updates through her.

Greetings from Juneau, Alaska. This is to follow up on a voicemail I just left.

I'm a public radio reporter covering Transboundary mine issues.

Yesterday the Governor of Alaska penned a letter to Premier Horgan (attached) raising concerns about the financial assurances required by B.C. on mine operators. He also raises concern about continuing discharged by the former Tulsequah Mine that drains into the Taku River.

I'll be doing a report tomorrow (Friday) and was hoping to get comment from the premier's office.

Rick: the EU flag was flying because we welcomed members of the European Parliament Human Rights Committee. The visit was organized at the request of the EU Embassy in Ottawa. The EU delegation was interested in discussing human rights as well as indigenous issues in the BC context.

Although I have not yet received confirmation, I understand the delegation was to meet potentially with the Attorney General and with the DM of MIRR.

Bobbi: thanks for an insightful and informative presentation at DMCSI (and sorry you had to present it twice in one afternoon).

We were running out of time at the end of your Q&As so I would like to offer the following comments:

- Two potential additions to your already ambitious agenda; and
- One word of caution re: how to make our climate action plan relatable/relevant for BCians.

1 – Two Potential Additions

I realise some work may already underway on this. I think it's fair to say that the public increasingly understands that climate change is a global issue requiring both local and international solutions. As you rightly pointed out, BC and Canada's GHG emissions are a relatively small percentage of global emissions. s.13; s.16

s.13; s.16

2 – How to Make Climate Action about People

Colleagues have raised this issue with you and I am confident you already on it. Plus, I would ultimately defer to Evan and GCPE on narrative and key messages.

Sorry about the long email. Hope this helps (it's likely worth what it cost you!!)

Hi Okenge –

Pierrette asked that I reach out to you directly on this.

I just received a call from the FLNR DMO asking me to participate in a briefing for MDD on the Pacific Coast Collaborative on Monday at 11:30. Context: the Minister is signing a Forestry MOU with WA and California on Nov 13th (you will recall this MOU was discussed in the lead up to GCAS and you reviewed the DN recently). The Minister is being briefed on the MOU by FLNR staff and I have been asked to provide an overview of the PCC in general.

I responded by saying I would need to offer this opportunity to you or Pierrette before I accept, but that someone from IGRS would be there.

Please advise on how you'd like to proceed. Happy to discuss.

Many thanks,

Jeremy

Bobbi: thanks for an insightful and informative presentation at DMCSI (and sorry you had to present it twice in one afternoon).

We were running out of time at the end of your Q&As so I would like to offer the following comments:

- Two potential additions to your already ambitious agenda; and
- One word of caution re: how to make our climate action plan relatable/relevant for BCians.

1 – Two Potential Additions

I realise some work may already underway on this. I think it's fair to say that the public increasingly understands that climate change is a global issue requiring both local and international solutions. As you rightly pointed out, BC and Canada's GHG emissions are a relatively small percentage of global emissions. s.13; s.16

s.13; s.16

2 – How to Make Climate Action about People

Colleagues have raised this issue with you and I am confident you already on it. Plus, I would ultimately defer to Evan and GCPE on narrative and key messages.

s.13; s.16

Sorry about the long email. Hope this helps (it's likely worth what it cost you!!)

Don: You may have received the attached embargoed copy of the report titled “Power without Borders” from the Canada West Foundation (CWF).

In this report the CWF recommends that:

1 – Western provinces pursue a more integrated grid as a key tool to produce the abundant, reliable, affordable clean energy needed for their energy future.

2 – Western provinces overcome political barriers by taking the following smaller, incremental steps towards a more integrated grid:

- Participate in energy imbalance markets;
- Strengthen regional transmission planning;
- Build new transmission infrastructure; and
- Put electricity on the interprovincial trade agenda.

Food for thought for future conversations with our Alberta (federal and New West Partnership) colleagues.

Okenge, Mayor Kennedy Stewart is meeting the mayor on Thursday at 10 a.m. I understand he will raise three issues:

- s.16 A brief note on the earlier agreement from 15 years ago would be helpful. s.16 . Mayor Stewart is also meeting Minister Darcy, so she may benefit from the note as well;
- Housing plans, including next week's announcement of new provincial initiatives – I don't believe the Premier has been briefed on them' and
- s.16 - we have messaging on this but if MAH has an update, that would be useful.

Sage, he would like a photo op if possible

We've just been advised that the Premier will meet the new Mayor of Vancouver on Thursday morning.

PO is requesting briefing materials on the following:

- Housing plans – including next week's announcement of new provincial initiatives; and
- s.16 (feel free to recycle info shared last week if no update)

Grateful if you could send materials to us by Wednesday 12:00 pm.

Many thanks, oym

Good morning – we have been working with Pierrette on a new office solution for yourself. Attached is a revised plan that Pierrette has reviewed. Option 1 is mostly a furniture solution that can be completed relatively quickly and provides an daylight office. Option 2 will require some construction and is an interior office. Can you review and advise any comments?

Subject: Interactions with the Federal Government

Hi Okenge, below are some items of interest within my portfolio that may be useful to you as areas of focus with the federal government – particularly when it comes to seeking funding.

In addition, there may be some emergency management initiatives within this ISC region that would benefit from additional funding through ISC itself, initiatives that bolster First Nations emergency management capacity and community resilience in BC – more on that later in concert with MIRR.

Seismic Monitoring and Earthquake Early Warning Program

- s.13
-
-
-
- Program staff stated the obvious benefits of the program but they didn't feel the program could support this new technological and digital infrastructure.
- The Province is aware that other departments at the federal government, principally Public Safety Canada, are supportive of the seismic program and its benefits.
- The program is estimated to have a total cost of s.13
- s.13

Further details are available at [www.s.13](http://www.s.13.org) [org](http://www.s.13.org).

Supporting Local Government Requests for Firefighting Infrastructure

- Provincial and federal governments agree on the need for high-quality, modern public infrastructure that contributes to long-term economic growth, a clean environment and strong communities.
- They also agree with the need for long-term planning to strategically address infrastructure needs in priority areas.
- While it is difficult to pinpoint why, federal infrastructure programs, including the Gas Tax Program do not permit applications or expenditures by local governments for fire halls and firefighting equipment.

- Local governments consistently, and for a number of years, have requested that infrastructure programs include criteria for communities to access senior government funding for firefighting equipment.
- The Province can confirm that a serious infrastructure deficit exists in a number of communities in BC and it is important to note that firefighting resources are used locally for a variety of emergency management responses beyond merely structure fires, contributing to community resilience.
- We strongly urge the federal government to support this local government request and are exploring options to engage with the federal government.

Hi Again Okenge,

I will likely be lead on this from our team, but the same question as Asia – do we know where discussions stand for what is on the list of potential things to do and include on the agenda for Washington and Oregon, what cities, and have we gotten any further information from Washington about the possibility of a legislature speech in WA? Let me know if it is possible to arrange a meeting to discuss this as well.

Thanks
Rick

Hi both,

In conversation with PJH and Geoff last night we would like to explore the options of a Washington State and Oregon state trip in January. I have tentatively held the 31st of January and the 1st of February for this. Can you start exploring if this is possible with our counterparts in these locations?

With apologies for the last minute request.

We've just been advised that the Premier will meet the new Mayor of Vancouver on Thursday morning.

PO is requesting briefing materials on the following:

- Housing plans – including next week's announcement of new provincial initiatives; and
- s.16 (feel free to recycle info shared last week if no update)

Grateful if you could send materials to us by Wednesday 12:00 pm.

Hi Okenge,

I have reviewed this plan with my team and I think this should be doable within approximately the same time/budget as other options that required removal/addition of walls etc.

However, this is subject to confirmation of a few things:

- If there are any electrical/mechanical issues while removing walls etc which may need permitting
- Any HVAC distribution issues

Once you share this with Pierrette, and the plan is approved, I'll work with her to get a contact information and get started with this.

We have lined up a general contractor for tomorrow, and the moment we get a go-ahead from you/Pierrette, we can get the contractor in and review the plans, schedule the work and get on with it.

Hi Okenge,

This is to let you know the outcomes of the meeting the Executive team had regarding next steps and follow up from the psychometric tests. The team agreed that we would like to have another session facilitated by Shelagh McIntyre, our Strategic HR Manager from the Ministry of Finance. The team agreed that this session should happen sooner rather than later.

We agreed on the following objectives for the session:

- To further understand how we can use the results of our tests to work better as a team. The team was interested in going deeper in the Myers-Briggs results as a team, and also mentioned being interested to see if we could look at the other test results to improve team synergy.
- To link our test results to the WES scores and focus on an area of improvement as a team. This could also be linked to our IGRS Corporate plan. For example, s.22 how can we improve internal communication in the office?

Before the next session with Shelagh, the team agreed to share with each other the Myers-Briggs reports we were provided at the first team session.

The team also would like me to ask Shelagh if further one on one opportunities for debriefs to go over our test results could be offered.

Colleagues,

I am following up on our call of November 5, 2018, with some additional logistical details related to the upcoming First Ministers Meeting.

The Prime Minister will invite Premiers to a private dinner the evening of **Thursday, December 6**. We will provide additional details on this event as soon as they are available. On **Friday, December 7, 2018**, the Prime Minister will first meet with the leaders of the National Indigenous Organizations for a discussion on economic growth for Indigenous Peoples. The Prime Minister will then invite premiers to join him and the leaders of the National Indigenous Organizations for a discussion on the participation of Indigenous Peoples in the economy. Once these meetings have concluded, the First Ministers' Meeting will begin.

We are developing an agenda that will provide First Ministers with opportunities to discuss Canada-U.S. relations, trade diversification and economic competitiveness. I will circulate a draft agenda with further details in the coming days. In the meantime, I encourage you to make the necessary reservations and to register your Premier and delegation as soon as possible.

We have reserved a block of rooms at ^{s.15}

^{s.15} This code is valid for reservations between December 3 and December 9, 2018 and will be available until November 23, 2018. ^{s.15}

^{s.15}

We also encourage you to complete a registration form for your Premiers and delegates as soon as possible. The Canadian Intergovernmental Conference Secretariat (CICS) will provide all conferences services, including registration, distribution of key meeting documents and on-site support. You will be required to upload a photo of your Premiers and each member of the delegation, as each participant's secure access card must include their photo.

My team will follow up with invitations for weekly calls, to ensure we have several opportunities to work on the logistical and substantive elements of a successful First Ministers' Meeting.

Thank you,

Collègues,

Suite à l'appel que nous avons eu le 5 novembre 2018, je vous transmets certains détails reliés à la logistique pour la Rencontre des premiers ministres.

Le Premier ministre invitera les premiers ministres à un dîner privé le jeudi 6 décembre en soirée. Nous vous fournirons des détails supplémentaires sur cet événement dès qu'ils seront disponibles. Le vendredi 7 décembre 2018, le Premier ministre rencontrera d'abord les dirigeants de organisations autochtones nationales pour une discussion sur la croissance économique pour les peuples autochtones. Par la suite, le Premier ministre invitera les premiers ministres à

se joindre à lui et aux dirigeants de organisations autochtones nationales afin de discuter de la participation des autochtones à l'économie canadienne. Suite à ces rencontres, la Rencontre des premiers ministres débutera.

L'ordre du jour que nous élaborons offrira aux premiers ministre l'occasion d'échanger sur les relations entre le Canada et les États-Unis, ainsi que sur la diversification du commerce et la compétitivité économique. Je vous transmettrai une ébauche de l'ordre du jour sous peu. Entre-temps, je vous encourage à réserver des chambres d'hôtel et à compléter le processus d'inscription pour vos premiers ministres et vos délégations dès que possible.

Nous avons réservé un bloc de chambres à ^{s.15}

^{s.15} Ce code sera valide pour toute réservation faite entre le 3 décembre au 9 décembre 2018, et sera disponible jusqu'au 23 novembre 2018. ^{s.15}
^{s.15}

Nous vous encourageons également à compléter le plus tôt possible un formulaire d'inscription pour votre premier ministre ainsi que pour chaque membre de la délégation qui l'accompagnera. Le Secrétariat des conférences intergouvernementales canadiennes (SCIC) fournira tous les services de secrétariat, y compris l'inscription, la distribution des documents clés pour la rencontre et le soutien intégré sur les lieux. Il est à noter que vous devrez télécharger une photo de votre premier ministre et de chaque membre de la délégation, puisque les cartes d'accès sécurisés devront inclure la photo de chaque participant.

Site Web pour l'inscription : www.scicsenligne.ca

CODE pour l'inscription : ^{s.15}

Mon équipe vous fera parvenir des invitations pour des appels hebdomadaires. Nous aurons donc plusieurs occasions d'échanger sur la logistique et le programme de la Rencontre des premiers ministres, afin de nous assurer que la rencontre soit couronnée de succès.

Je vous remercie,

Christiane Fox

Hi Okenge,
I have reviewed this plan with my team and I think this should be doable within approximately the same time/budget as other options that required removal/addition of walls etc.
However, this is subject to confirmation of a few things:

- If there are any electrical/mechanical issues while removing walls etc which may need permitting
- Any HVAC distribution issues

Once you share this with Pierrette, and the plan is approved, I'll work with her to get a contact information and get started with this.

We have lined up a general contractor for tomorrow, and the moment we get a go-ahead from you/Pierrette, we can get the contractor in and review the plans, schedule the work and get on with it.

Thanks

Hi Jeremy,

Wondering if you could help us out a bit with respect to the development of stakeholder outreach and engagement around the Dec 5 roll out of our climate action plan “CleanBC”?

Specifically we are interested in engagement with and possible participation of, or validation by, some of our key international partners.

For example the Under 2 coalition, West Coast Collaborative, Carbon Pricing NA, etc. I see the plan as very consistent with our participation and am confident that members and partners would want to know (more) and celebrate/validate the plan and components.

We are aware of Al Gore’s 24 hrs for the climate event on Dec 3 so will also be looking at how the premier might plug into (literally) that occasion.

I am copying Mira Oreck on this as she is leading the work on assembling and engaging various other national and international validators.

Your thoughts and suggestions are most appreciated!

Hi Okenge and Pierrette,

As discussed: New Brunswick officials have prepared a first draft of what could potentially become a PT proposal for the FMM communiqué. (For now this is only a PT document, and is not being shared with the feds.) COF Senior Officials will discuss the document on a teleconference **Tuesday morning**. Ordinarily, I would wait for a later draft before soliciting your comments, but because things may move quite quickly in the next couple of weeks, I think I would benefit from knowing your reactions to the document prior to Tuesday morning's call.

Could you please take a look at the attached and let me know your thoughts? It contains edits and comments from B.C. Ministry folks as well as from Jeremy and me. If you concur, I will use this marked-up version as my guideline for my contributions to Tuesday's call. Alternatively, if you think I should take some other approach, or if you would like to add further comments or edits, please feel free to do so.

Just a reminder to prep for DMCSI, as the meeting is Tuesday at 3pm.

As requested, Pierrette will cover the PCO weekly FMM call for you on Wednesday, as you have the Asia trip briefing with Geoff and others.

This is followed by the call at noon with Premier Horgan and Governor Brown.

Pierrette, Helen and Genevieve will provide the budget update at 1:30pm.

The next COF Steering Committee call is Thursday at 10am. Sandra can ensure you have a copy of the documents if you'd like to take the call with the others here.

Then Friday is the BC Business Summit in Vancouver from 8am-3pm. I have cancelled The Daily on Friday after discussing with Pierrette.

Have a nice long weekend and a good work week!

Subject: RE: PRES

Evan - as requested info on PRES and messaging follows:

The PRES (Peace Region Electricity Supply Project) is a new proposed 230 kV double-circuit transmission line which would run approximately 57km from the new Shell Groundbirch Station located about 30 kms east of Chetwynd to the future Site C substation.

- It would add around 400 MW of capacity in the South Peace and improve service reliability for existing load served by the Dawson Creek/Chetwynd Area Transmission (DCAT) Project.
 - Estimated cost to build the line is between \$204 million and \$360 million.
-
- **Demand for electricity is growing in the South Peace Region, mainly due to unconventional gas production and companies wishing to use clean electricity from BC Hydro to power their facilities.**
 - **To meet this need, more electricity needs to be supplied.**
 - **BC Hydro recently completed Dawson Creek/Chetwynd Area (DCAT) transmission line as a first step.**
 - **BC Hydro's proposed Peace Region Electricity Supply Project (PRES) is designed to bring additional clean, renewable electricity from its generating facilities to the south Montney area.**
 - **The PRES project offers the opportunity to realize significant GHG reductions as producers choose to run their operations with electricity off the grid rather than self-generate using gas or diesel.**
 - **Full electrification of expected new industrial loads in the Montney Basin – enabled by PRES and other transmission lines – could avoid up to 4 million tonnes of emissions per year.**
 - **Consultations with First Nations and local governments on the PRES project have been ongoing since 2013, and will continue as the project is further developed.**
 - **The Government of B.C. along with Alberta, Saskatchewan and Manitoba are working with the federal government to evaluate electricity projects, including the PRES, for their ability to cost-effectively reduce greenhouse gas (GHG) emissions.**
 - **Based on the outcome of these studies, the federal government, through the Green Infrastructure Fund, may share project costs to provide the necessary capital to develop the required infrastructure needed to reduce GHGs through upstream electrification in the northeast.**

Evan – you requested I follow up on when the feds will be making a decision on funding BC Hydro's PRES project. You'll recall we were hoping for mid to late Oct. Now looks like the fed TB decision will be mid-Dec

In prep for tomorrow's P and P, I checked re. attendance.
Starting tomorrow until Thursday, Lucy will be in Vancouver. Craig will attend P & P on her behalf. You might want to phone Lucy today as an option.

Tomorrow (Tuesday) her flight is at 8:40 am. She should land by 9:15. Her first meeting is with MBR and the CG of Japan at 10 am.

Okenge,

As discussed in P&P, the following Consul General meetings are confirmed or sought of PJH:

November 22, 11:15am: new CG of Netherlands
TBC: CG of Malaysia (meeting LG on Nov 22; met MBR and Speaker in April on 1st visit)

We will work with Sandra (on behalf of Alison) to set up times for you to meet them ahead of PJH.

Sincerely,

Thanks for this Okenge. I might suggest that Manjit go into Annette/Helen's office rather than the new office. Also with ^{s.22} and Annette being based in Vancouver, perhaps it is an option to do without a full office for them and to have Annette work from one of the boardrooms or the workstation on the rare occasions that she is in Victoria. Happy to discuss further.

Thanks again for sharing this with me.

Further to our chat yesterday I contacted PCO.

My counterpart indicated that there could be some interest but raised two concerns:

Corporate Executives:

Following Don's message last week to launch the **Leadership Engagement Series** (see below), we have received a number of inquiries from folks (Bands 4-6) asking how they can register for the event. Many have indicated they have their executive's support to attend.

To clarify the registration process, each Deputy Minister has been ask to put forward a list of individuals who have from their ministries that they wish to nominate to attend. As a member of corporate executive, if you are approached by one of your staff and are supportive of their attendance, please provide names to DMs, who will be submitting all names from their ministries to the PSA by November 22nd. The PSA will then send individual invites to participants. Since we anticipate a fair degree of interest it is expected that not everyone whose name is submitted will receive an

invitation to the December event. A waitlist will be established and those not able to attend the Dec 10 event will be given priority in the next event, scheduled for spring.

Tomorrow at 1:30pm a call has been arranged with those individuals who have been identified by each Ministry as the contact to liaise with the PSA on this initiative.

Leadership Engagement Series Launch

As part of our continued focus on succession, the BC Public Service Agency, on behalf of Deputy Ministers' Council is launching a new program, the **Leadership Engagement Series** for senior leaders currently in positions in management classification bands 4-6. Throughout the year, events will be held to explore leadership challenges and the expectations we have of leaders in the public service, and to provide opportunities for those considering an executive role to learn more about executive responsibilities and leadership.

Our first event is on Monday, December 10 in Victoria. If you're interested in taking on an executive role in the next few years, want to broaden your network and gain some valuable insights to support your career path, please discuss this opportunity with your executive member by November 20.

I anticipate a high degree of interest in this event and expect that we will not be able to accommodate all of you who put up your hand in the session on December 10. It is important to note in this regard that this *Leadership Engagement Series* is not a single event or opportunity. Rather it will be a series of events, with the next one scheduled for the spring. If we are over-subscribed for the December session, a waitlist will be established and those not able to attend the first session will be given priority in the spring. As part of the *Leadership Engagement Series*, additional events targeting specific themes or curriculum (e.g. Everything you need to know to be successful at Cabinet or Treasury Board) will also take place throughout the year.

I look forward to seeing many of you on December 10.

Hi JM,

I understand William Hoyle in your Ministry has been in contact with Duncan McIntosh, President of the Canada China Friendship and Goodwill Association regarding a request for a meeting between leading government officials in your Ministry and Zhejiang Province while they are visiting Victoria. William declined the request to meet, however the Premier has just advised he would like to greet the delegation briefly today. From the email below, I believe they will arrive in Victoria this afternoon sometime. I will endeavor to connect with their representatives this morning regarding their schedule and will keep you in the loop.

Subject: Fwd: A visit from Zhejiang, China

Hello Amber,

Thanks again for your help in connecting the leaders of Zhejiang Province with government representatives from British Columbia.

I have just returned to Canada from a successful mission in China ^{s.22}

^{s.22} I was accompanied by our Association's Secretary General, Frank Zhou. Frank led and continues to facilitate a trade delegation there made up of three Atlantic Premiers and four Federal Ministers. Attached is a photo from the National Newspaper, China Daily, with Ministers MacAuley and Brison and Parliamentary Secretary Lockhart and Premier Wade MacLauchlan ^{s.22}

^{s.22} This was one of the many successful connections our association supported on this trip. Getting the Chinese attention for Canada is never easy, so we are very pleased to have made real connections which will lead to real partnerships.

I received a note back from William Hoyle (copied below) on the final Thursday of my mission offering a phone conversation on that day or Friday. On Friday, I made the 14 hour flight back to Canada during the hours Mr. Hoyle was available, so I was unable to connect with him. Frank called a couple of times, but was also unable to connect.

The Zhejiang delegation, which includes three senior Provincial Supervisors, will be in Victoria on November 14th. They made this plan when we started our dialogue in last summer with the hope that someone from the

provincial government could meet with them. They will travel on to Ontario where they have a full set of meetings with senior members of that Provincial Government. As per Mr. Hoyle's message, we will tell them that the British Columbia Government declines the invitation to meet with them. I just wanted to make sure that this is the way you prefer to leave this situation.

We can make arrangements for them to meet with the Municipal government officials or Federal members while in Victoria so their time can be well used. But should you or anyone in the Premier's office be interested in saying hello, we would be happy to arrange that exchange, too.

Just in case I hadn't described this previously, Zhejiang is a coastal province just south of Shanghai with a population of approximately 56 million people. Hangzhou, the capital, is home to many leading tech sector businesses. For instance, it is home to Alibaba, one of the largest internet businesses on earth. Hangzhou hosted the G20 in 2016. Like so many provinces in China, the government there is committed, both politically and economically, to taking action against climate change and to protecting environmental security. This delegation is interested in finding like minded organizations in Canada to create shared opportunities. Our organization (www.ccfga.ca) is an NGO which connects all Chinese and Canadian provinces, so we have no interest in any particular connection. This group was specifically interested in Ontario and British Columbia because they felt you shared the same interests.

It may be too late to arrange any meetings now, but the group will be on the ground on Wednesday afternoon and we can make last minute connections if that is of interest. Please let me know your preference on how to proceed.

Thanks again, Amber, for everything

Best regards, Duncan

Thank you for your response and congratulations on your new position as Acting Director, Ministry of Jobs, Trade and Technology. I am currently in China and so suggest that you communicate directly with our Secretary General, Franck Zhou, who is copied on this response.

The Zhejiang delegation request was made several months ago and they are currently scheduled to visit Ontario next week. To facilitate any interaction with British Columbia, it will be more expeditious to connect directly with Frank. I am sure that he will be able to arrange a telephone meeting with you this week.

Thanks again for your response and I hope that British Columbia can connect with this opportunity even at this late date.

Hello Amber,

This is Duncan McIntosh, President of the Canada China Friendship and Goodwill Association. In late August, our association's Secretary General contacted you on the advice of Premier Horgan about a potential meeting with leading government officials from Zhejiang Province in China. You very helpfully forwarded the request to the Ministry of Jobs, Technology and Trade with a request that your Shanghai Trade representative connect in this regard. Thank you for this.

Unfortunately, we have not had any communication with anyone from that Department since your note. Our association has helped the Zhejiang representatives make contact with the Ontario government and they are planning to visit Canada in mid November. They would be happy stop in British Columbia to meet with British Columbia's Trade Representatives, but we have had no contact.

Could you offer some advice on how we can direct the Zhejiang delegation to proceed?

I am leaving for China tomorrow morning so have copied this note to Frank Zhou, Secretary General of our Association who was in contact with you earlier and who will be able to follow any advice you can offer.

Thank you for your help, Amber and please give my best to the Premier and Ellie.

Hi Okenge,

Sounds like Paul Irwin is already speaking with Pierrette and Lucy to find someone available. Shouldn't be a problem since we have lots of staff from program area in Victoria today.

FYI,

Monica.

Hi both,

Here's the list of delegates coming to Victoria today. Hoping to confirm a greeting for the Premier at 2pm. He has requested someone from JTT to attend. JM can you please identify who that would be?

Okenge- I'll send you an invite as soon as this is confirmed.

Hello Amber,

Here below is the list of the delegation coming to Victoria.

It is being led by Mr. Wen Zhang, Director of the Foreign Affairs Department for Oceania and The Americas. Our organization (Canada China Friendship and Goodwill Association www.ccfga.ca) works quite closely with the National Association (Chinese People's Association for Friendship with Foreign Countries <http://en.cpaffc.org.cn/>) Mr. Zhang works at the Provincial Level for Zhejiang Province with which BC already has a robust relationship. Here is a quick look at the Province's website. Three of the delegates are Senior Directors of the Department of Supervision which is described on this website: <http://english.zj.gov.cn/index.html>

I hope this helps.

D.

Hi Okenge,

I just wanted to flag that Minister Ralston has been approved to travel to Ottawa in the first week of December. We're hoping to get meetings with Ministers Bains and Hussen arranged as a priority but have attached a full list under consideration once we land the priority meetings with the Ministers. We will share with you final messaging and the meetings once firmed up.

Let us know if you have any questions.

Thanks,

Subject: Western Canada Growth Strategy – BC clean growth initiatives

Hi Okenge -

I hope you're doing well.

Fazil asked me to connect with you regarding a short-list of priority clean growth initiatives that we are proposing Minister Ralston discuss with Minister Bains in Ottawa in early December. We are looking for your feedback and ultimately an "ok" on the list and approach.

The attached priorities list was developed with Bobbi P and Dave N as a focused effort to identify potential clean growth initiatives that would align to federal government priorities under the Western Canada Growth Strategy (WCGS), which is currently in development. The WCGS presents a significant opportunity for BC to attract federal funding for BC priorities. As you may know, the WCGS is being led by Western Economic Diversification and is following a phased implementation:

- Phase 1: Public, Indigenous, and stakeholder engagement to shape and inform the strategy development: **Sep to Dec 2018**
- Phase 2: Strategy development to outline the economic pillars of the strategy: **Dec 2018 to Jan 2019**
- Phase 3: Implementation of collaborative initiatives within the economic growth pillars: **Early 2019 to Fall 2019**

The priorities were reviewed at DM Working Group on Clean Growth (DMWGCG) on Nov 9, and further refined in discussions with Dave and Bobbi; we will be also updating DMWGCG on Nov 20. I should note that we have worked to ensure that the priorities are well aligned with the overall economic development priorities for the province.

Let me know if you have questions or need any additional information.

Thanks,
Angelo

Okenge –

I have attached draft letters from PJH to Governors-elect Newsom (California) and Dunleavy (Alaska) for your review. Pierrette has reviewed and approved them.

We have a letter to Governor Brown (Oregon) drafted but will wait for feedback from you on the call before finalizing it.

Thanks,

Subject: Western Canada Growth Strategy – BC clean growth initiatives

Hi Okenge -

I hope you're doing well.

Fazil asked me to connect with you regarding a short-list of priority clean growth initiatives that we are proposing Minister Ralston discuss with Minister Bains in Ottawa in early December. We are looking for your feedback and ultimately an "ok" on the list and approach.

The attached priorities list was developed with Bobbi P and Dave N as a focused effort to identify potential clean growth initiatives that would align to federal government priorities under the Western Canada Growth Strategy (WCGS), which is currently in development. The WCGS presents a significant opportunity for BC to attract federal funding for BC priorities. As you may know, the WCGS is being led by Western Economic Diversification and is following a phased implementation:

- Phase 1: Public, Indigenous, and stakeholder engagement to shape and inform the strategy development: **Sep to Dec 2018**
- Phase 2: Strategy development to outline the economic pillars of the strategy: **Dec 2018 to Jan 2019**
- Phase 3: Implementation of collaborative initiatives within the economic growth pillars: **Early 2019 to Fall 2019**

The priorities were reviewed at DM Working Group on Clean Growth (DMWGCG) on Nov 9, and further refined in discussions with Dave and Bobbi; we will be also updating DMWGCG on Nov 20. I should note that we have worked to ensure that the priorities are well aligned with the overall economic development priorities for the province.

Let me know if you have questions or need any additional information.

Thanks,
Angelo

Hi Keira,

The Ireland CG is meeting with the Premier on November 26th and Okenge is briefing the Premier just prior to that meeting. Lucy informed me today that Okenge usually likes to meet with or speak to the CG prior to any meetings they have with the Premier. Can you check with him to see if he'd like to do this some time prior to the 26th? I know he did briefly meet with him a while ago but not sure if he'd like a longer meeting or phone call with him. Let me know if you have any questions. Thanks.

Don/Geoff:

I am at the BC Biz Summit. I understand the Premier is speaking later today. The overall theme is PRODUCTIVITY (and then, MORE PRODUCTIVITY). BCBC underlined the need to increase GDP per person (i.e. Working better instead of working more to be more competitive and improve our quality of life).

Please see below recommendations presented this morning by the BCBC: "The key policy reforms we recommend to raise productivity are:

- (1) overhaul business taxation to incentivize firms to scale up, and to address the erosion of Canada's tax competitiveness vis-à-vis the U.S.;
- (2) modernize regulatory regimes so as to attract rather than repel productivity-enhancing investments, and to reward innovation and good business performance;
- (3) promote intense competition in product markets;
- (4) make Canada and B.C. preferred locations for global talent; and.
- (5) stimulate innovation and commercialization and the scaling up of home-grown technologies."

The full paper on productivity is attached.

During their presentation, BCBC zoomed in on a few recommendations to the provincial government including:

- PST reform
- Corporate tax (more graduated)
- Construction permit (reduce time line) Greg also announced that BCBC is launching a new annual "BC Prosperity Index" which will attempt to measure our BC is really doing beyond macro economic indicators (e.g. affordability; quality of life). He mentioned that BCBC has enlisted the help of Andrew Sharp (from Ottawa).

That's all for now.

Subject: DM Invitation to IYIP Interns - FNL Gathering - November 2018

Hi Year 12s,
Hope this email finds you well.

I wanted to make you all aware of an invitation that you may receive from your DM's office. IYIP has been invited to be part of 2018 First Nations Leaders Gathering in Vancouver B.C on November 29th -30th 2018.

The participants expected at the Gathering include (all B.C.-based Nations [Chiefs and councillors], political leadership [BCAFN, UBCIC, FNS], all B.C. Cabinet Ministers and DMs plus senior staff, federal leadership (Minister Wilson-Waybould and B.C. Regional Director General confirmed to date), other exhibitors (approx. 18 other booths).

The hope is to create space for you to connect with communities, youth caucus and your respective Minister.

Intern participation at Leaders' Gathering – General

- MIRR DM has encouraged all DMs to support IYIP interns at their ministries to attend this year's Gathering.
- There is support for interns to attend 1:1 meetings with their respective ministers.
- Ministries will make necessary arrangements for 1:1 meeting participation (ministry contacts on the Gathering have been notified regarding this).
- Program at this year's Gathering includes two plenary sessions and eight break-out sessions. The break-out sessions run concurrently to 1:1 meetings. 1:1 meetings are primary feature at the Gathering – in which individual Nations request 15-minute meetings with Cabinet Ministers and DMs. Last year there were more than 500 1:1 meetings.
- Interns at the Gathering are also supported in attending 1:1 meetings with their own communities (if appropriate or of interest).

Please note, all the logistics for this event will be done by your DM's office. If you can please let myself and Tammy know if you have confirmed your attendance, so we can be aware of who will be there that would be great. As any IYIP related event, each Ministry attendance will be with your Supervisors approval and ensuring all work is up to date.

Please let me know if you have any questions or concerns.

With respect,

Malisa

Bonjour Okenge, Pierrette,

We have our WES unpacking session this upcoming Monday afternoon. Shelagh McIntyre will be our main facilitator for the session (se attached for the PPT).

We would like you to give opening and closing remarks for the event. See below for the roll-out and some suggested speaking bullets.

ROLL-OUT

Okenge (and Pierrette) to open the session with opening remarks (5 min)

Suggested bullets:

- Thank you for taking the time for this session today.
- We ARE one of the 10 Best Places to Work in the BC Public Service.
- This is a reflection of your engagement. Everyone in the team made this happened. YOU filled out the survey, these are YOUR results.
- Being one of the 10 Best Places to Work is a fantastic accomplishment. This is something that we need to celebrate. And we are doing that tomorrow morning!
- We know that we are an exceptional place to work, but we haven't had a chance yet to explore our results as a team.
- Today, we are here to unpack the WES results together.
- By unpacking our results, we will better understand our strengths, and look at the areas where we can improve.
- This will be an interactive session where you will decide as a team what is most important for IGRS to focus on in the next year. We will define our priorities together.
- I believe that by better understanding our results as a team, we will ensure that IGRS remains an exceptional place to work.

Okenge to invite Véronique to speak:

I will make the link between the work we have done on the IGRS Corporate plan and the unpacking the WES. The session results will help us refresh our Plan.

Véronique to invite Shelagh to give her presentation.

After Shelagh's presentation, we will work in small groups to create meaningful actions. At the end of the meeting, I will let staff know that I will send an email asking for who is interested to be on the new Corporate / WES team to refresh our Plan.

Okenge (and Pierrette) to provide closing remarks:

- Thank you ALL for your participation.
- This was a very useful session, and I'm convinced that the implementation of some of the actions we identified today will make IGRS an even better place to work!

Véronique

Panel on Talent Advantage in the Global Economy.

Noteworthy, a short discussion on how income tax and cost of living impact our competitiveness (this was also discussed earlier in the morning by economists). One panelist argued that we should NOT use this as an excuse not to try to attract talent. He noted that Hong Kong, San Francisco and New-York are also very expensive cities. We need to better articulate the cost breakdown and underline quality of life.

When asked about the potential role of governments (fed and provincial), panelists mentioned:

- Immigration programs
- Need to continue to engage with and listen to stakeholders
- Need to build infrastructure in the Cascadia corridor
- the establishment of Canada Infrastructure Bank.

Hi Okenge,

The Ministry of Citizens' Services is very involved in the ballot processing and support to BC Elections for the Referendum. We've been advised that the Chief Electoral Officer, Anton Boegman will be coming on Wednesday to our warehouse to observe the processing, and we've learned that the Lieutenant Governor will be attending with him. I'm flagging for your awareness and advice in case there is a protocol I should be aware of. The visit has been organized by Elections BC.

Hello Okenge,

It was to great to meet you – albeit briefly – at the BC Business Summit on Friday. I wanted to take this opportunity to thank you for your support to the Cascadia Innovation Corridor file. Jeremy has been an amazing partner for us at Microsoft, and we're grateful for the BC government's commitment to building an innovation corridor in the Pacific North West.

Thank you,

Hi Fazil,

Revised itinerary based on discussion with the PO. Some comments:

s.13; s.16

The team will continue to work in the background on this program – i.e. identify flights, hotels, etc. But as you know, we can't really start moving until we have confirmed departure/return dates + cities to visit. Hopefully we're close!

Thanks

Hi Okenge,

It has taken some time for us to meet the right person at 620 (we were told to wait till today as they had not discussed with their teams).

After meeting, we were told about a few additional things to be done, which are all doable, but will add to the timelines. I also think some things are not unnecessary (like items 1 and 2 shown on the sketch attached, or for so many people moving to different offices and wanting customised furniture).

I think would be helpful if we can meet sometime early next week and resolve this.

Subject: FW: REQUEST: 620 Superior - Items For Clarification

I met with Genevieve Elliot this morning on site with the General Contractor.

She indicated to me her expectation for time frame was 2-3 months. I asked if she was aware of any urgency in getting the DM over to 620 Superior as she did not but would follow up.

The project includes quite a bit of replanning more than just the construction and demolition of two walls

1. There are 7 office moves – everyone shuffles down on the window and they are asking for enlarging one that is currently smaller than the others
2. The impact of increasing this office is a replan for the 4 open workstations
3. The new workstation planned will require replanning for a new location for the printer and other office supplies currently housed in that area

4. The Gift Room is currently 'very' full and will require some planning with new shelving to enable it to be downsized in half
5. They are disappointed with losing Boardroom #216 and thought they would consider converting the waiting area into an office or other boardroom
6. Everyone in the enclosed offices will be moving and shuffling (7 moves). Genevieve confirmed the furniture must move with the staff we cannot just move the people. This will require a detailed furniture plan for each office.

I indicated that I would come back and get clarification on the time frame from our perspective then engage a Detailed Planner to meet with her next week to review.

Can you please provide some clarification on how you would like me to move forward.

Okenge, thanks for this update. I think it touches all the bases. A couple of notes:

- I appreciate the inclusion of the high speed train trip. If railway officials can provide a little briefing on the technology and overall system, I suspect that would be appreciated, even during the trip.
- I think the Premier would like to attend the fish market with Minister Popham in Hong Kong - very photogenic. I'll leave it to you to see how to reconcile the rest of the schedule.

With those notes I think we can proceed. Please liaise with Kate van Meer-Mass on the advancing preparations, etc.

Subject: DEBRIEF: Call with Ireland CG

Just finished my call with the Irish CG. He would like to brief the Premier on the following topics:

- Irish community mapping project
- Development of a trade directory
- New Irish chamber of commerce
- Ministerial visit to BC in March 2019 (St-Patrick)

With respect to **trade** expansion he will likely highlight:

- s.13
-
-
-
-

He also mentioned the potential for more collaboration re: **research** and **education** (including college/university credential recognition).

s.13; s.16

Thanks, oym

NOTE: I will make a few e-introductions with my DM colleagues for the CG.

Okenge, thanks for this update. I think it touches all the bases. A couple of notes:

- I appreciate the inclusion of the high speed train trip. If railway officials can provide a little briefing on the technology and overall system, I suspect that would be appreciated, even during the trip.
- I think the Premier would like to attend the fish market with Minister Popham in Hong Kong - very photogenic. I'll leave it to you to see how to reconcile the rest of the schedule.

With those notes I think we can proceed. Please liase with Kate van Meer-Mass on the advancing preparations, etc.

Dear Okenge,

Minister Mark is presently Chair of the Council of Ministers of Education, Canada. In that capacity, she will co-chair with the Vice-Minister of Education, People's Republic of China, the 4th High Level Consultation on Education between the PRC and Canadian Provinces and Territories. The event is January 21-23, 2019 and will take place in Toronto.

It is important that Minister Mark be well briefed to lead this engagement with senior officials from the PRC. Minister Fleming will also be participating. I would like to request a briefing from IGRS on matters of protocol and any sensitive topics of international relations that you and your staff believe would help Minister Mark in this role and for both ministers in this engagement.

EDUC and AEST will work with your office and both ministers' offices to find a date that works in January.

Additional information and background is available from Jamie Edwardson, Executive Director of Corporate Planning, International, and Quality Assurance (778.698.1942).

Thanks!

Shannon

To the Council of the Federation Steering Committee (c.c. Premiers' scheduling assistants):

This email is sent on behalf of Premier Higgs who would like to schedule a conference call of all Premiers.

The purpose of the call is to discuss internal trade and the upcoming First Ministers Meeting, taking place Dec. 6-7 in Montréal.

The following options are proposed for this call:

Option 1: Monday, Dec. 3 at 4:00 to 5:00 PM (Atlantic Time)

Option 2: Tuesday, Dec. 4 at 12:00 to 1:00 PM (Atlantic Time)

Option 3: Tuesday, Dec. 4 at 4:30 to 5:30 PM (Atlantic Time)

Please advise as soon as possible if your Premier is available to participate in this conference call. I will send you a second email to confirm the date/time and to provide you with the dial-in information for the conference call.

Thank you.

Au Comité directeur du Conseil de la fédération (c. c. les adjoints aux agendas des premiers ministres des P-T) :

Ce courriel vous est envoyé de la part du premier ministre Higgs, qui aimerait tenir une conférence téléphonique pour tous les premiers ministres des provinces et territoires.

Le but de cet appel est de discuter du commerce intérieur et de la Rencontre des premiers ministres (RPM), qui aura lieu les 6 et 7 décembre, à Montréal.

Les options suivantes sont proposées pour l'appel :

Option 1 : Lundi 3 décembre, 16 h à 17 h (heure de l'Atlantique)

Option 2 : Mardi 4 décembre, 12 h à 13 h (heure de l'Atlantique)

Option 3 : Mardi 4 décembre, 16 h 30 à 17 h 30 (heure de l'Atlantique)

Veuillez confirmer dès que possible si votre premier ministre est disponible pour participer à cette conférence téléphonique. Un deuxième courriel vous sera envoyé prochainement pour confirmer la date et l'heure de la conférence téléphonique, ainsi que le numéro à composer pour y participer.

Merci.

Dear Colleagues,

As you may be aware, the BC Chamber of Commerce has recently written to Ministers across government providing their respective policy manual resolutions for 2018.

As per previous years, the Small Business Branch in my ministry will be compiling the consolidated cross-ministry response for the 2018 Policy Resolutions manual.

Please provide the name of your ministry's coordinating contact to Kimberley Garside (Kimberley.Garside@gov.bc.ca) by **end of day Friday, November 30th**. We will then proceed with getting out instructions to your ministry contacts and begin the coordination process.

If you have any questions or follow up, please contact Jackie Hunter, Executive Director of the Small Business Branch (Jaclynn.Hunter@gov.bc.ca or 778.698.1662).

Thank you for your collaboration on this cross-government effort. We look forward to working with you again.

Kind regards,

Fazil.

Hi Okenge,

May I send one last PECSF email from you, with a summary of our results? See below.

Thanks,

Kelly

Colleagues:

Today we have wrapped up the paperwork for this year's PECSF campaign.

Here is a summary of our fundraising efforts.

50/50 Draws: \$ 780.50

Fundraisers: \$ 376.45

OVERALL TOTAL: \$1,156.95

In addition, Office of the Premier has raised **\$16,270** through on-line donations!

Congratulations to all of you! Thank you for your generosity. And a round of applause for our team of volunteers!!

Okenge: here is our proposed plan. We would like to know if this would be acceptable to you. Thanks

- we plan to send you a revised binder on Monday given that there is still a number of elements in a state of flux – the key one being today's Internal Trade Ministers' Meeting. There are other notes that need to be revised and we are waiting on Ministries' input. In addition, by Monday, hopefully, the formal agenda of the FMM will have been received. Are you fine with this?
- Question: Should the binders for PJH, Geoff, Amber H., Sheena, go out Monday afternoon or should they be brought at the briefing on Tuesday?

Thanks,

Good morning.

Attached, please find the updated change plan following our meeting on Tuesday.

I would like to confirm that we have adjusted the scope based on our conversation as shown in the attached drawing. We propose to deliver the changes in a phased approach to allow your move-out from the West Annex to occur as soon as possible.

We will work with your team concerning the relocation of files and gift room materials and will escalate directly to you if there is any delay in decision making.

Thanks again for meeting with me and please let me know if you have any questions or concerns.

Subject: Leadership expectations

Please see below email and attachment sent on behalf of Deputy Minister Don Wright.

Dear Colleagues:

Attached is the final version of the new leadership expectations for executives in the BC Public Service. As we discussed when these were endorsed by the Deputy Ministers' Council, these are designed to sit alongside our Oath of Employment, the Standards of Conduct and the BC Public Service Values to provide clarity and guidance on how we expect senior leaders in the public service to do their work.

Please share and socialize these expectations with your executive teams with the understanding that they will now be one component of how we assess executive performance, potential and development. They will be integrated into the next round of executive performance and succession planning, and we will be providing learning and development opportunities that align with the Leadership Expectations over the next year.

Beginning with the Leadership Engagement Series event on December 10, we will also be sharing these with Band 4-6 level employees to help inform the career planning and development of those who aspire to senior leadership and executive roles.

Thank you for your input into the development of these expectations and your support for their implementation as part of our ongoing commitment to executive and leadership development.

Dear Colleagues,

One of the commitments in the [Where Ideas Work](#) corporate plan is to expand opportunities to recruit new talent into the BC Public Service. One way we are delivering on this commitment is through a partnership with Mitacs to launch a [fellowship program](#) in the BC Public Service --- the first of its kind in a provincial jurisdiction. Fellowships provide a 12-month immersion into the policy-making process for post-docs and faculty, beginning each September.

The inaugural year of the program saw 11 Fellows carry out important evidence-informed science policy work across the public service and realize outcomes at the ministry and provincial levels – 4 fellowship alumni employees remain working with us today. The second program year is well underway, with 7 Fellows working across the BC Public Service.

Submissions from ministries are now required for the 2019/20 program year.

To continue the program, a minimum of 10 fellowships are needed. Fellowships will begin in September 2019 and be in place for one year. To source Fellows for Fall 2019, Mitacs requires project submissions by February 18, 2019.

I ask that you or a representative of your Executive join us with representatives from Mitacs for one of two information sessions on Thursday, December 6 or Friday, December 7 on how a Mitacs research fellowship can potentially benefit your program area. I've attached an agenda for the session for reference. You are encouraged to come prepared to discuss your potential areas of research.

Contact Catherine Chao [via email](#) to confirm your Ministry's representative(s) and an invitation to the information session will be sent.

Information Sessions: (online option will be made available)

Thursday, December 6, 1:00 pm – 2:30 pm

Friday, December 7, 9:00 am – 10:30 am

Background: Mitacs Science Fellowship Program

Mitacs (www.mitacs.ca) is a non-profit, national research organization that manages and funds research and training programs for undergraduate, graduate students and postdoctoral fellows in partnership with universities, industry and government in Canada. Their purpose is to build partnerships that support industrial and social innovation in Canada. The BC government, other provinces, and the federal government have been directly funding Mitacs since 2004.

Since 2004, BC has seen a large number of Mitacs partnerships, with 1304 projects in the fields of engineering, humanities, mathematical sciences, natural sciences and social sciences. In 2016, Mitacs has established the Canadian Science Policy Fellowship; a 12 month fellowship offered in partnership with the University of Ottawa's Institute for Science, Society and Policy, Mitacs university partners, and the Government of Canada. The purpose of the fellowship is to better connect government decision makers and academic researchers in support of solving policy challenges. The benefits include the provision of research expertise and analytical skills to inform evidence-informed policy.

British Columbia to intervene in court to defend climate action

British Columbia will support federal climate action legislation by intervening in court actions in the Saskatchewan and Ontario courts of appeal.

The Saskatchewan and Ontario governments have challenged the federal government's authority to pass its greenhouse gas pollution pricing act, which would establish a minimum national pollution pricing system. British Columbia has developed its own carbon-pricing systems that exceed the new federal standards.

As an intervenor, British Columbia will argue that both the federal and provincial governments have a role in addressing climate change, but the federal government has the right and responsibility to put a price on carbon pollution while providing flexibility for the provinces to design pricing plans that are equivalent to the federal requirement.

British Columbia will argue that there will be harm to its environment and competitiveness if it continues to act on greenhouse gas pricing and other provinces do not. It will also argue that there will be harm to Canada's ability to meet its globally important international climate change commitments. The Province notes that the Supreme Court of Canada has repeatedly said environmental protection is a matter of shared federal and provincial jurisdiction.

The Saskatchewan case is expected to be heard in February 2019 and the Ontario case is expected to be heard in April 2019.

Hi DM colleagues –

I wanted to take a few moments to write to you about a political accord that Minister Fraser will be signing on December 1st, with the Principals to the BC Treaty Process (the First Nations Summit and the CIRNA Minister). This accord, titled 'Principal's Accord on Transforming Treaty Negotiations in British Columbia', is the result of commitments of all parties in the Treaty process to reflecting a new approach to treaties. I am attaching both a copy of the Accord and a BN with a description and key messages on the Accord.

You've seen the Treaty Transformation submission and we have discussed the themes in that submission and our intentions to move forward with this important work. The Accord is simply a public expression and commitment to that work. Minister Fraser informed the Cabinet Committee on Reconciliation of this important step on November 19th

If you have any questions on this, don't hesitate to be in touch.

Many thanks,
Doug

This is the same unit located in the RoseRoom. Allows for video/SKYPE conference calls etc. Works very well. Will confirm a price on it.
Also in Chambers and Cabinet brdrm in VCO.

What they are talking about is the:

The Polycom Trio Collaboration Kit comes with the Polycom Trio, a camera, 2 Ethernet cables and an HDMI cord.

Polycom Trio paired with Polycom Trio Visual+

David – I should mention that the intention is to have a 6-8 person meeting table in the DM's office – with a TV monitor. I assume he will require a conference phone for this and am not sure if a UC Collaboration Kit is appropriate here or what the standard is for a Deputy. I will leave this in your capable hands but we will need to consider the

cabling requirements. Genevieve did mention he will also require Cable COAX connection (I believe the 'clients are responsible to schedule the installation with Shaw – but I will install the outlet)

Here is a recap of the meeting held this morning with Diana, Genevieve and myself.

The project will move forward in three phases.

The priority is to have the Deputy Minister moved from the Legislature into his newly construction suite on the 2nd floor at 620 Superior.

This requires the moves of 9 other staff; conversion of a meeting room into an office; new wall splitting the gift room to create a new office; a new meeting room.

Phase 1

Gift room clear out for new office – wall construction - Dec 8th*
Meeting Room 216 into office – Dec 8th*
Staff Moves – week of Dec 10th*

Phase 2

Renovations to Deputy's new office – Dec 15th*
Furniture install/setup – Dec 16th*
Deputy Move – week of Dec 17th*
As part of phase 3, we will look at options for removing the second door and installing a new glazed wall panel

Phase 3

Shelving/setup for Gift room – Dec 22*
New Meeting Room – tbd

****These dates are tentative and will be refined/validated by end of next.***

Next steps

1. Biweekly meetings to be scheduled
2. Proposal from Diana to be sent to Lynn/BGIS
3. Boxes to be delivered to site
4. Furniture plan to be provided by Diana by Thursday, November 29th
5. Approval of Furniture plan to be provided by IGRS by Tuesday, December 4th
6. Furniture required – known to date

- a. New desk for DM
 - b. New chair for DM
 - c. TV for DM (relocate from 216 or new)
 - d. Glass whiteboard for DM
 - e. New shelving for reduced gift room – quantity/size tbd
 - f. Lshaped desk for new office/#216
7. Schedule to be further refined at meeting next week

Diana/Genevieve – let me know if I’ve missed anything critical.

Looking forward to working through this one with everyone.

Have a great weekend!

Okenge –

The attached is for your review, please. It was prepared in collaboration with JTT and CAS, with input from EMPR. Pierrette has reviewed and approved.

Once you are happy with it, I recommend it go to Fazil and Bobbi, asking that they kindly provide any feedback by noon on December 4th. I'd then suggest it go to PO—that way they have it when you all travel to Montreal and you can discuss it if you get a chance.

I have sent this to GCPE central but have not heard anything back. They participated in a call we had where they offered views. These have been incorporated.

There is obviously more to do before we get to the stage where we can lock-in program elements, but I hope this document successfully presents options for the PO to provide direction on.

Thanks very much and please let me know if you have any comments.

Colleagues,

Please find attached the agenda for the Meeting with First Ministers and Indigenous Leaders. This agenda has also been shared with the three Indigenous organizations.

I will send you the agenda for the First Ministers' Meeting as soon as it has been finalized, which I hope will be in the coming hours.

I can advise you that the private dinner on December 6 is expected to begin at 7:30 pm. I will advise you of the location as soon as I can.

Thank you.

Chers collègues,

Veuillez trouver ci-joint l'ordre du jour de la rencontre entre le premiers ministres et les dirigeants autochtones nationaux. L'ordre du jour sera également partagé avec les trois organisations autochtones nationales.

Je vous enverrai l'ordre du jour de la rencontre des premiers ministres dès qu'il sera finalisé, et j'espère qu'il le soit dans les prochaines heures.

Je peux vous aviser que le souper privé prévu le 6 décembre devrait débuté à 19 h 30. Je vous aviserai de l'endroit dès que possible.

Merci.

ACTION: Re: LGBTQ2S+ Inclusion Index

As you are aware, one of the 15 commitments made in the Diversity and Inclusion Action Plan was to Implement a new LGBTQ2S+ Inclusion Index. The public service committed to exploring options to assess our support of inclusion for LGBTQ2S+ (lesbian, gay, bisexual, transgender, queer, two-spirit) employees and identify improvements.

Since that time, the Agency has leveraged our corporate membership with Pride at Work Canada and are ready to complete a scan of our corporate employer policies, practices and programs. As mentioned at both the D&I Steering Committee Meeting and Senior Leaders Meeting, we are reaching out to your unit to answer key questions and provide weblinks to policies, practices or program references online.

The working group will synthesize your input into one comprehensive file, that will be submitted, upon approval of the final version. We also plan to engage the Transgendered Support Network to ensure our answers to the attached questions reflect the employee experience in the BCPS.

Your response to the questions is appreciated by **Friday, November 30 at 4:30 pm**. This allows the project team to collate, upload into the electronic tool with Pride at Work Canada, and obtain the necessary approvals needed by early December.

This email contains 2 documents:

1. A .pdf copy of the entire LGBT Inclusion Index scan for your reference. This may help your unit to see the complete scan for context.
2. An MS Word copy of the questions we are looking for your unit to answer and provide examples. This will help to clarify the specific information we are looking for from your team.

Please use the attached MS Word document to record your answers and provide weblinks to policy, program descriptions and any other supporting information you think is relevant. In addition, feel free to attach additional documents you believe reinforce your answer to the required questions.

Please contact Christine.Kapoor@gov.bc.ca with any questions you may have.

Okenge,

J'avais demandé à Jean-Stéphane, pour mon info seulement, quel était le plan de PMJT and M. Legault concernant Polytechnique.

Voici sa réponse dans le courriel plus bas.

Tous les PM vont recevoir une invitation, PJH pourrait sans doute y participer étant donné qu'il sera déjà arrivé à Mtl. La commémoration commence à 5 pm le 6 dec.

ACTION: Re: LGBTQ2S+ Inclusion Index

As you are aware, one of the 15 commitments made in the Diversity and Inclusion Action Plan was to Implement a new LGBTQ2S+ Inclusion Index. The public service committed to exploring options to assess our support of inclusion for LGBTQ2S+ (lesbian, gay, bisexual, transgender, queer, two-spirit) employees and identify improvements.

Since that time, the Agency has leveraged our corporate membership with Pride at Work Canada and are ready to complete a scan of our corporate employer policies, practices and programs. As mentioned at both the D&I Steering

Committee Meeting and Senior Leaders Meeting, we are reaching out to your unit to answer key questions and provide weblinks to policies, practices or program references online.

The working group will synthesize your input into one comprehensive file, that will be submitted, upon approval of the final version. We also plan to engage the Transgendered Support Network to ensure our answers to the attached questions reflect the employee experience in the BCPS.

Your response to the questions is appreciated by **Friday, November 30 at 4:30 pm**. This allows the project team to collate, upload into the electronic tool with Pride at Work Canada, and obtain the necessary approvals needed by early December.

This email contains 2 documents:

1. A .pdf copy of the entire LGBT Inclusion Index scan for your reference. This may help your unit to see the complete scan for context.
2. An MS Word copy of the questions we are looking for your unit to answer and provide examples. This will help to clarify the specific information we are looking for from your team.

Please use the attached MS Word document to record your answers and provide weblinks to policy, program descriptions and any other supporting information you think is relevant. In addition, feel free to attach additional documents you believe reinforce your answer to the required questions.

Please contact Christine.Kapoor@gov.bc.ca with any questions you may have.

Please join me and be “keeners” to complete the Annual Review of the Standards of Conduct and the Oath of Employment course.

All BC Public Servants whose first day of employment was before May 31, 2018 are required to complete this Module by May 31, 2019. One year later and each year after that, you will be required to complete the module again. Employees who start work after May 31, 2018 are exempt until after May 31, 2019, when they will be required to begin to complete annually.

Since this is becoming a yearly requirement, I would like to start a December tradition. Specifically, I would like all of you to complete this course before going on your

calendar year end vacation. Please send an email to Kelly when you have completed the course.

Let's get this done early and be role models for the rest of the BC Public Service!

Okenge:

Sarah got the confirmation from MOTI that BC is comfortable proceeding with weight parity (re wide tires).

Good work from Sarah!

Is there any chance that anyone in your office would have an email address for the Governor's Office? I've gone onto their website & all they have there are online forms to fill out – no actual email address listed that I've been able to find so far. The recent congrats letter that was sent to Governor-elect Dunleavy just went by regular mail.

It looks like the online form may allow an attachment to be included, so I can attempt that, but it would obviously not be the typical way that we go about sending correspondence. I'll get the letter prepped to go & will attempt to send it via the form unless someone in your office has an email address to use. I'm not 100% sure if it will go through that way, though, as it looks like some of the mandatory fields are geared for US information (zip code, etc).

Hi Okenge - does this have to go out tonight? ^{s.22} and no one's in the office at this time.

Can this wait until Monday? I called Amber and she suggested I should check with you. If need be, I can head back in, though.
