I don't think more are required but Mira could attend if only to connect with stakeholders. If that doesn't work, we can leave as is.

Subject: Final Plan and Details for Tuesday

Hi everyone,

We now have a full plan locked in for Tuesday! Thank you all for your patience on this.

In summary, the PM will take the Sky Train from *China Town Stadium to King George*

station, joined by the delegation of speakers (Premier, Mayor of Vancouver, Mayor of Surrey, CEO of Translink) during which time they will have a discussion about the present and future of transit and infrastructure investment in the region. *There will be no media on or present for the train*. Upon arriving at the station in Surrey, the delegation and staff will be transported to SFU at the location on the south side of the parking area for the announcement. Stakeholders, including caucus and municipal representatives, will already be seated. The delegation will take their seats in the front row. Speaking and announcement will proceed (Translink CEO as moderator, PM, Premier, Mayor of Vancouver, Mayor of Surrey). Following this, the PM will retake the podium, and he will avail to media and the delegation may stand with him in position just behind. At the end of the avail, the PM will depart via motorcade.

Train Delegation Run of Show:

11:15AM- Premier, Mayors of Vancouver and Surrey, and

Translink CEO to arrive at **Chinatown Stadium**
-Delegation is escorted, upon arrival to the Beatty street entrance into the station and is immediately ushered down the stairs, following to the right through a secure entrance to a platform that is adjacent to the main platform.
-Delegation will be staged on the platform for arrival of PM and entry to the secure train.
-PM arrives, delegation and PM board train. Seated near the front of the train.
-Staff to be seated away from delegation, back from their position.
11:40 AM- Train departs.
12:20 PM- Train arrives at King George Station.
12:30 PM- Delegation is escorted off the strain, through the station downstairs to the awaiting motorcade including a delegation transportation vehicle.
12:35 PM – Delegation arrives at the site of the announcement, on the top south section of the SFU parking area overlooking the Skytrain and King George station.
12:37 PM- Delegation to be seated in the front row (nearest to the stage ramp) in order from centre (CEO translink, PM, Premier,

Mayor of Vancouver, Mayor of Surrey) with stakeholders and caucus to their back.
12:40- Speaking order commences (**4 minutes per speaker**)
1:05- PM Avail commences
1:20- PM Avail concludes
1 :21- PM Departs

Note: PM Photographer will be providing full set of photos from this ride to all parties.

Train discussion: Kate, I will speak with Amber and Geoff regarding the content. Kevin and Donna, we will each also speak regarding this discussion prior to Tuesday for more background and intended outcomes.

Stakeholder Run of Show: *applies only to stakeholders who are on guest list.*

11:20 AM:
Stakeholders to arrive at SFU Surrey at main entrance
-Staff from GOC regional offices, SFU and translink receive guests as they arrive at table set up in the main hall entrance
-Guests provide name (for all caucus, ministers, mayors, and other stakeholders)
-Names are checked against list, guest is

provided a wristband. Invite non-transferable.
-Guests escorted in groups from the main entrance hall, out the back doors, across the parking area to the announcement location
-**Caucus** is seated (*federal* on right facing stage, *provincial* on left facing stage) with direction from staff onsite
-Additional guests directed to standing area
11 :45 Guests await commencement of announcement

Note: staff of elected officials will NOT be permitted into the announcement location area. Only the staffers from your teams whose names you have provided (Premier's office, Mayors' offices, and translink will be wrist banded and allowed access). Staff may wait in the SFU building.

Please give me a call or text if you have further questions. I have emailed some of this group regarding the stakeholder list- once those questions have been adjusted for, stakeholder/caucus invites may be issued.

Thank you everyone!

Cc: LP Support Staff
Subject: Staffing at UBCM

Hi everyone;

As UBCM convention is quickly approaching, many of you are finalizing registration and travel arrangements for your Ministers and staff. We thought it would be helpful to clarify a few guidelines around expenses and staffing your Minister's at UBCM.

Each Minister is entitled to have 1 staff member accompany them to UBCM. This can be either the Senior MA, MA, or EA, and will be entitled to claim for the following expenses;
UBCM registration – including any workshops / receptions / Breakfast, lunch or dinner events, that the Ministers are attending.
Hotel Accommodations
Perdiems (presuming a meal was not provided)

If you have a parliamentary Secretary attending UBCM in his or her role as PS, their registration costs can also be covered by the Minister's office.

The registration fees can be charged to your office purchasing card. All other expenses should be charged to the Minister and or staff's Travel purchasing card.

If you currently have made arrangements for more than 1 staff person to attend (except for MAH), please advise me at your earliest convenience, as Geoff Meggs will need to approve.

Please let me know if you have any questions.

Thank you,

Debbie Wade

Subject: KM environmental assessment

Premier,

For your awareness before your scrum today, on Saturday Andrew Weaver tweeted that BC should undertake its own environmental assessment of KM:

Andrew Weaver *@AJWVictoriaBC Sep 1 In light of court ruling that NEB inappropriately excluded marine shipping from its review + in light of Federal "it will be built" rhetoric, BC should immediately rescind Equivalent Agreement 4 new review & undertake its own independent environmental assessment #bcpoli #cdnpoli*

Robyn Allan makes the same argument in a column in today's Times Colonist:
https://www.timescolonist.com/opinion/columnists/comment-b-c-should-do-its-own-review-of-trans-mountain-project-1.23420437

Some suggested messages below:

What does this mean for the Provincial approval and permits given that they were based on the flawed federal consultation with First Nations? Will BC conduct its own independent review separate from the federal process?

- We are reviewing the decision to understand the full implications.
- It is a significant and lengthy decision and it will take time to review.

Good morning Geoff,

I hope your week is off to a good start.

I am going to be at UBCM next week from Sunday through Wednesday afternoon.

Do you have time for a quick catch-up (20-30 minutes max), perhaps at a coffee shop?

I am hoping to update you on some of the progress that has been made on the green technology front (electric buses) as well as, the inter-provincial-trade issue that has been hampering the growth of the craft beer sector.

Best regards,

Craig

No problem Debbie,

Out of curiosity, are there any openings in his calendar (in Vancouver or Victoria) this Thursday or the last two weeks in September?

Best regards,

Craig

Hi – during s.22 , Susan Sanderson, who runs The Realistic Success Recovery Society with 3 houses in Surrey, was in touch with Debbie to request a meeting with you (this was at the suggestion of Ron Johnson, who she is planning on bringing along). s.22
s.22 I suggested to Debbie that I get some info on recovery houses so I could brief you before a decision is made on the meeting request. When you have some time, give me a call and I will update you.
Thanks Vanessa

Hello Geoff,

We are processing a request under file number OOP-2018-85249 for:

The daily calendar and agenda for chief of staff Geoff Meggs for the Period of March 8, 2018 to present day (July 31, 2018).

I understand you had been reviewing the records for harms. Please see attached the "redline" version of the records where IAO has applied their recommended severing as per their "calendar severing guidelines". As well, I have looked through the pages and have noted some appointments for you to review to ascertain if they are personal in nature. Also, there are some topics of meetings I wish you to review for potential harms. Please see specific pages below:

- Page 23: April 5, 9:30 am – personal?
- Page 25: April 5, 12:20 pm – personal?
- Page 37: April 13, 1:30 pm – personal?
- Page 47: April 18 6:30 pm – personal? (I am requesting IAO sever the phone #)
- Page 63: April 30, 2:30 pm and 3:00 pm– topic of meeting
- Page 64: April 30, 5:30 pm– personal?
- Page 69: May 2, 7:00 am – personal?
- Page 70: May 3, 6:00 pm – personal?
- Page 85: May 15, 4:00 pm – topic of meeting
- Page 101: May 29, 11:30 am - topic of meeting
- Page 114: June 7, 5:00 pm – personal?
- Page 129: June 18, 4:45 – topic of meeting
- Page 143: July 4, 12:35 pm – topic of meeting
- Page 148: July 11, 5:00 pm – topic of meeting
- Page 164: July 25, 10:00 am -personal?
- Page 169: July 26, 10:00 am – personal?

This request is due on September 13. I have a meeting with Don for sign off tomorrow morning at 10:30. I'm so sorry for the quick turn around, but if you're able to review and get this back to me as soon as possible that would be very appreciated.

Please contact me if you have any questions or concerns.

Thank you so much,

Jackie

Ministry of Children and Family Development

NEWS RELEASE
Thousands of early childhood educators to benefit from new supports and wage boosts

VANCOUVER - Early childhood educators (ECEs) who provide vital services to B.C. children will be better supported by a new recruitment and retention strategy as part of the Province's ChildCare BC plan.

The B.C. government is investing $136 million to support quality child care, and its new Early Care and Learning Recruitment and Retention Strategy will help support ECEs by providing wage enhancements, on-the-job training opportunities and other measures designed to support professionals at the centre of B.C.'s child care system. The strategy also includes $16.3 million from the Government of Canada for ECE bursaries and professional development.

"The first years of life are essential to the sound development, future well-being and learning progression of children," said the Honourable Harjit S. Sajjan, federal Minister of National Defence and MP for Vancouver South. "That is why I am pleased that the Government of Canada and the Government of British Columbia are working together to better support early childhood educators who have an extraordinary opportunity to help children in their earliest stages of life."

"Early childhood educators are the heart of B.C.'s child care system, and their passion and dedication are key to setting B.C. kids on the path to future success," said Katrine Conroy, B.C.'s Minister of Children and Family Development. "As we build new licensed child care spaces, we know that we also need to build the ECE workforce. Our government appreciates the important work early childhood educators do every day, and with this strategy, we aim to support ECEs throughout their career - because when we invest in child care, everyone benefits."

Through the new strategy, the B.C. government aims to encourage more people to become or stay on as ECEs to give children the best possible start in life. By improving recruitment and retention, more B.C. families will have access to high-quality, stable child care programs. Addressing recruitment also supports child care providers, who have cited a lack of qualified ECEs as a key hiring challenge.

The strategy is part of the provincial government's three-year $136-million investment to boost the quality of B.C.'s child care system and recognize ECEs for the work that they do.

"It's time that early childhood educators are treated and supported like the professionals they are," said Katrina Chen, B.C.'s Minister of State for Child Care. "Early childhood educators, next to parents, are children's first teachers, and the work they do needs to be valued. We're taking the first step in truly acknowledging and supporting child care providers in B.C. in a concerted, substantive and organized way."

Under this strategy, ECEs and prospective ECEs will benefit from:

* A $1-per-hour (approximately $2,000/year) wage enhancement in early 2019, for those who work at licensed facilities that have been approved for the Child Care Fee Reduction Initiative (retroactive to Sept. 1, 2018). There will be a further $1-per-hour lift in April 2020 (to bring the total increase to approximately $4,000/year).

* A $10-million investment, through the federal-provincial Early Learning and Child Care Agreement, to create an enhanced and expanded ECE Education Support Fund that will be administered by the Early Childhood Educators of BC. This fund will provide:
* Increased ECE Student Bursary funding ($500 per course, up from $300 per course).

* A new payment schedule to reimburse students sooner for the cost of their education.

* Access to a new ECE Workforce Development Fund for current employees within child care programs, which will provide up to $5,000 per semester to assist with the completion of upgrading credentials, including paid time to complete practicum placements and reimbursement of travel costs.

* A $7.4-million investment through the Ministry of Advanced Education, Skills and Training to fund spaces for 620 new ECE graduates at post-secondary institutions throughout B.C. over the next three years.

* Access to a variety of professional development opportunities - such as peer networks and courses - that will support ECEs to undertake ongoing professional learning and stay current on emerging research, trends and practices in the early care and learning sector.

* A pilot program to test the feasibility of alternative pathways to training, such as work-integrated learning, that may offer more flexibility to students working in the child care sector.

* A process to review the Child Care Occupational Competencies and create new ECE standards of practice to make sure they reflect the current methods and quality standards of the child care sector.

Under ChildCare BC, government is making the most substantial investment in child care in the province's history, investing more than $1 billion in child care over the next three years.

Quotes:

Melanie Mark, B.C.'s Minister of Advanced Education, Skills and Training -

"Affordable, quality child care is something B.C. families deserve and need, and ensuring we have enough skilled child care providers is a crucial piece of the puzzle. Investing in affordable early childhood education in B.C. is an investment in the future of this province."

Sonia Furstenau, Cowichan Valley MLA and opposition critic for child care -

"This recruitment and retention package starts to better align early childhood educators with their teacher counterparts in the school system. I'm looking forward to continuing to work with the government to improve the child care system for children, families and child care professionals."

Margaret Hastie, Langara College ECE alumnus and new ECE -

"The knowledge and experience that I have gained through the Early Childhood Education Diploma Program at Langara College will benefit me for many years to come. I learned so much about working with children and their families, and I am looking forward to starting my career at this exciting time of change for child care in British Columbia. I received three bursaries through the Early Childhood Educators of BC, which greatly helps my family as I transition from school into the workforce."

Subject: FW: 45th Aniversary of Chilean Coup dEtat

Hi Jake,

I hope you've been able to enjoy the summer months. Our constituent Mr. Marcos Uribe has asked us to help him request a welcome letter from Premier Horgan for the commemoration he and the Chilean-Vancouver community is organizing for the 45th anniversary of the Coup d'etat in Chile. Please find attached a letter from Mr. Uribe for more details.

Please let me know if this would be possible to have on or before September 11.

Many thanks for your help.

Thuy

Subject: revised Oil & Gas magazine submission

Hello all –
All edits made but one, detailed below.

- Unfortunately the ministry could/did not provide a new technology angle.
- References made general to LNG sector, not a specific company.
- The publisher goes to layout on September 21 and anticipates it will be out by the middle of October. Text revised to reflect the anticipated timing of an FID, also in the article below: *As this publication heads to press, we are moving towards a final investment decision on an LNG project that, if approved, is expected to create up to 10,000 construction jobs and up to 950 full-time jobs in northern B.C.*
- More on the importance of jobs (for people, supporting families). Figures for the BC workforce added: 5,000 in oil & gas; 7,400 in related jobs for a total of 12,400.
- Included a reference to our investments in skilled trades training, including in women and indigenous workers.

Working together to build a better British Columbia – now and into the future
Message from Premier John Horgan

Our government is working hard to make sure every British Columbian has the opportunity to build a better life for themselves and their families. That includes a natural gas sector that welcomes investment and puts our province's people and future first.

Natural resources are critical to the livelihoods of British Columbians and local economies. Over 12,000 people benefit from good jobs in - or directly related to - B.C.'s oil and gas sector. As we move forward with LNG, our job is to get the best deal for people now, and for generations to come.

We are working to take British Columbia's economy to the next level as our natural gas sector diversifies. Our new natural gas framework removes barriers and costs so the liquefied natural gas (LNG) export industry can invest today, build today, and create good jobs for people in B.C. – now and into the future.

We're creating a level playing field by giving the industry the ability to grow and access new markets. That includes reaching out to our neighbours to the south, and to economic partners across the Pacific to expand markets and attract investment to B.C.

We are also working to grow British Columbia's economy and create opportunities for people as our natural gas sector diversifies. We believe that an LNG industry can thrive in British Columbia, and are encouraged by the commitment and progress of our LNG sector partners. As this publication heads to press, we are moving towards a final investment decision on an LNG project that, if approved, is expected to create up to 10,000 construction jobs and up to 950 full-time jobs in northern B.C.

Our government is building up B.C.'s next generation of workers by investing in skills-training throughout the province. We're working to attract, retain, and advance more women in the construction trades by removing barriers for women's participation. That means giving women better access to the support, mentorship, training, and opportunities they need to get ahead. We're also investing in Indigenous peoples and First Nations by funding community-driven skills training, apprenticeships and education to make sure people are ready for new jobs and opportunities where they live.

As the industry develops and we open the door to new markets, we also strengthen our capacity to provide cleaner energy sources for growing economies, while protecting our air, land and water.

We're committed to true, lasting reconciliation with Indigenous peoples in British Columbia. As part of those commitments, we'll continue to work in partnerships with First Nations to advance reconciliation, create jobs, economic stability and shared prosperity.

Together, we'll keep working to grow our energy sector, while building a strong, sustainable economy that works for the people of British Columbia.

Subject: FW: Invitation to formal commissioning of Innergex's Upper Lillooet Project on September 14, 2018

Good afternoon Geoff,

I am writing with respect to the invitation below that was sent to Premier Horgan on August 14.

I wanted to loop you into this for your input, whatever it may be, as we need a decision. The timing of this may be suitable for your corporate calendar.

The Premier and Minister Mungall have met Colleen Giroux-Schmidt on numerous occasions. You may recall she was invited to, and ably spoke at, the Cabinet meeting on Site C at the end of 2017. The Premier visited one of their projects a few years ago and was impressed.

The event occurs after the Premier's speech in Whistler next Friday. Transport may be expedited through helicopter. Departs Whistler at 2:00. Returns to whistler or south terminal at 4:30.

Apparently this is with scheduling at the moment. Are you able to help expedite the decision process Geoff.

Pleased to chat if you have any questions.

Many thanks,

Michael

Subject: Invitation to formal commissioning of Innergex's Upper Lillooet Project on September 14, 2018

The Honourable John Horgan, M.L.A.
Premier of British Columbia

Dear Premier,

On behalf of our President and CEO, Michel Letellier, and all of our employees and partners, I am writing today to invite you to attend the formal commissioning of Innergex's Upper Lillooet Hydro Project (ULHP) on September 14, 2018.

The project is located on Crown land in a mountainous setting, approximately 40 kilometres north of the Village of Pemberton. Construction of the project began in October 2013 and was completed in March 2017. The ULHP includes two run-of-river hydroelectric facilities that generate 106.7MW of clean, renewable energy – enough to power approximately 39,000 British Columbian households.

Innergex is extremely proud that the more than $2 billion it has invested on renewable energy projects in the province of British Columbia has made a significant impact on rural and First Nation communities through job creation, infrastructure upgrades, and economic development opportunities while leading the transition towards a low carbon economy.

We would be very pleased to have you join us to celebrate this significant achievement along with the Lil'wat Nation, the local community and project partners. To accommodate your schedule and given the remote location, we would be happy to arrange for helicopter transportation for you to and from the event.

Attached to this email is an event plan that outlines the structure of the event. We appreciate your consideration and hope that you can find the time to join us at this important celebration. Should you or your staff have any questions, please feel free to contact me at any time. We will follow up with your office in the next week to determine if your schedule will allow you to participate.

Kind regards,

Colleen Giroux-Schmidt
Vice President - Corporate Relations, Western Region

PROTECTION OF PUBLIC PARTICIPATION ACT

Contents

1 Definitions

2 Application

3 Qualified privilege

4 Application to court

5 No further steps

6 No amendments unless permitted

7 Costs

8 Award for damages

9 Procedure on application

10 Appeals

11 Stay of administrative proceedings

12 Rights not limited

13 Application of Offence Act

14 Commencement

Explanatory Note

This Act establishes civil procedures intended to discourage the use of litigation as a means to unduly limit expression on matters of public interest.

HER MAJESTY, by and with the advice and consent of the Legislative Assembly of the Province of British Columbia, enacts as follows:

Definitions

1 In this Act:

"administrative proceeding" means an application or other process for bringing a matter before a tribunal;

"applicant" means a person making an application under section 4;

"court" means the Supreme Court of British Columbia;

"dismissal order" means an order under section 4 dismissing a proceeding;

"expression" means any communication, whether it is made verbally or non-verbally, publicly or privately, and whether it is directed or not directed at a person or entity;

"proceeding" has the same meaning as in the *Supreme Court Act*;

"respondent" means a person responding to an application made under section 4;

"tribunal" has the same meaning as in the *Judicial Review Procedure Act*.

Application

2 This Act applies in respect of proceedings commenced at any time before or after this Act comes into force.

Qualified privilege

3 If an oral or written communication on a matter of public interest, between persons who have a direct interest in the matter, has qualified privilege, that

communication has qualified privilege regardless of whether the communication is witnessed or reported by the media or other persons.

Application to court

4 (1) In a proceeding, a person against whom the proceeding has been brought may apply for a dismissal order under subsection (2) on the basis that

(a) the proceeding arises from an expression made by the applicant, and

(b) the expression relates to a matter of public interest.

(2) If the applicant satisfies the court that the proceeding arises from an expression referred to in subsection (1), the court must make a dismissal order unless the respondent satisfies the court that

(a) there are grounds to believe that

(i) the proceeding has substantial merit, and

(ii) the applicant has no valid defence in the proceeding, and

(b) the harm likely to have been or to be suffered by the respondent as a result of the applicant's expression is serious enough that the public interest in continuing the proceeding outweighs the public interest in protecting that expression.

No further steps

5 (1) Subject to subsection (2), if an applicant serves on a respondent an application for a dismissal order under section 4, no party may take further steps in the proceeding until the application, including any appeals, has been finally resolved.

(2) Subsection (1) does not apply to an application for an injunction.

No amendments unless permitted

6 Unless the court orders otherwise, a respondent may not amend the respondent's pleadings

(a) in order to prevent or avoid a dismissal order under section 4, or

(b) in order to continue the proceeding if the proceeding is dismissed.

Costs

7 (1) If the court makes a dismissal order under section 4, the applicant is entitled to costs on the application and in the proceeding, assessed as costs on a full

indemnity basis unless the court considers that assessment inappropriate in the circumstances.

(2) If, on an application for a dismissal order under section 4, the court does not dismiss the proceeding, the respondent is not entitled to costs on that application unless the court considers it appropriate in the circumstances.

Award for damages

8 On an application for a dismissal order under section 4, the court may, on its own motion or on application by the applicant, award the damages it considers appropriate against a respondent if it finds that the respondent brought the proceeding in bad faith or for an improper purpose.

Procedure on application

9 (1) Subject to this Act, an application for a dismissal order under section 4 must be made in accordance with the Supreme Court Civil Rules.

(2) An application for a dismissal order under section 4 may be made at any time after the proceeding has commenced.

(3) An application for a dismissal order under section 4 must be heard as soon as practicable.

(4) Subject to subsections (5) and (6) of this section, on an application for a dismissal order under section 4, evidence must be given by affidavit.

(5) An applicant or respondent may, before the hearing of the application,

(a) call, out of court before an official reporter, the witness who swore or affirmed the affidavit for cross-examination on the witness's affidavit, and

(b) cross-examine the witness on the witness's affidavit, provided that

(i) the total period of cross-examination of all applicants in the proceeding does not exceed 7 hours in duration, and

(ii) the total period of cross-examination of all respondents in the proceeding does not exceed 7 hours in duration.

(6) The court may extend the period permitted for cross-examination under subsection (5) if the court considers it necessary in the interests of justice.

Appeals

10 An appeal of a dismissal order under this Act to the Court of Appeal must be heard as soon as practicable.

Stay of administrative proceedings

11 (1) This section applies if a respondent has commenced an administrative proceeding that the applicant believes to be related to the same matter of public interest alleged by the applicant to be the basis of the proceeding that is the subject of the applicant's application for a dismissal order under section 4.

(2) The applicant may serve the tribunal with a copy of the notice of the application for the dismissal order.

(3) Service by the applicant on the tribunal under subsection (2) operates as a stay of the administrative proceeding.

(4) The tribunal must give to each party a notice of the stay and a copy of the notice of the application that was served on the tribunal.

(5) A stay of an administrative proceeding under subsection (3) remains effective until

(a) the application for a dismissal order, including any appeals, has been finally resolved, or

(b) an earlier date, if, on application, the court considers that

(i) the proceeding that is the subject of the application for a dismissal order and the administrative proceeding that was stayed under subsection (3) are not connected enough to warrant a stay, or

(ii) the stay is causing, or would likely cause, a party undue hardship.

(6) An application for the costs of any proceeding under this section must be heard only on the basis of written submissions unless

(a) the tribunal is satisfied that a party would suffer significant prejudice if the tribunal did not allow oral submissions, or

(b) the applicant and respondent consent to oral submissions and the tribunal agrees.

Rights not limited

12 The remedies under this Act are in addition to any other right or remedy that may be available to an applicant or a respondent.

Application of *Offence Act*

13 Section 5 of the *Offence Act* does not apply to this Act.

Commencement

14 This Act comes into force on the date of Royal Assent.

Explanatory Note

This Act establishes civil procedures intended to discourage the use of litigation as a means to unduly limit expression on matters of public interest.

14 Commencement

Explanatory Note

This Act establishes civil procedures intended to discourage the use of litigation as a means to unduly limit expression on matters of public interest.

HER MAJESTY, by and with the advice and consent of the Legislative Assembly of the Province of British Columbia, enacts as follows:

Definitions

1 In this Act:

"administrative proceeding" means an application or other process for bringing a matter before a tribunal;

"applicant" means a person making an application under section 4;

"court" means the Supreme Court of British Columbia;

"dismissal order" means an order under section 4 dismissing a proceeding;

"expression" means any communication, whether it is made verbally or non-verbally, publicly or privately, and whether it is directed or not directed at a person or entity;

"proceeding" has the same meaning as in the *Supreme Court Act*;

"respondent" means a person responding to an application made under section 4;

"tribunal" has the same meaning as in the *Judicial Review Procedure Act*.

Application

2 This Act applies in respect of proceedings commenced at any time before or after this Act comes into force.

Qualified privilege

3 If an oral or written communication on a matter of public interest, between persons who have a direct interest in the matter, has qualified privilege, that communication has qualified privilege regardless of whether the communication is witnessed or reported by the media or other persons.

Application to court

4 (1) In a proceeding, a person against whom the proceeding has been brought may apply for a dismissal order under subsection (2) on the basis that

(a) the proceeding arises from an expression made by the applicant, and

(b) the expression relates to a matter of public interest.

(2) If the applicant satisfies the court that the proceeding arises from an expression referred to in subsection (1), the court must make a dismissal order unless the respondent satisfies the court that

(a) there are grounds to believe that

(i) the proceeding has substantial merit, and

(ii) the applicant has no valid defence in the proceeding, and

(b) the harm likely to have been or to be suffered by the respondent as a result of the applicant's expression is serious enough that the public

interest in continuing the proceeding outweighs the public interest in protecting that expression.

No further steps

5 (1) Subject to subsection (2), if an applicant serves on a respondent an application for a dismissal order under section 4, no party may take further steps in the proceeding until the application, including any appeals, has been finally resolved.

(2) Subsection (1) does not apply to an application for an injunction.

No amendments unless permitted

6 Unless the court orders otherwise, a respondent may not amend the respondent's pleadings

(a) in order to prevent or avoid a dismissal order under section 4, or

(b) in order to continue the proceeding if the proceeding is dismissed.

Costs

7 (1) If the court makes a dismissal order under section 4, the applicant is entitled to costs on the application and in the proceeding, assessed as costs on a full indemnity basis unless the court considers that assessment inappropriate in the circumstances.

(2) If, on an application for a dismissal order under section 4, the court does not dismiss the proceeding, the respondent is not entitled to costs on that application unless the court considers it appropriate in the circumstances.

Award for damages

8 On an application for a dismissal order under section 4, the court may, on its own motion or on application by the applicant, award the damages it considers appropriate against a respondent if it finds that the respondent brought the proceeding in bad faith or for an improper purpose.

Procedure on application

9 (1) Subject to this Act, an application for a dismissal order under section 4 must be made in accordance with the Supreme Court Civil Rules.

(2) An application for a dismissal order under section 4 may be made at any time after the proceeding has commenced.

(3) An application for a dismissal order under section 4 must be heard as soon as practicable.

(4) Subject to subsections (5) and (6) of this section, on an application for a dismissal order under section 4, evidence must be given by affidavit.

(5) An applicant or respondent may, before the hearing of the application,

(a) call, out of court before an official reporter, the witness who swore or affirmed the affidavit for cross-examination on the witness's affidavit, and

(b) cross-examine the witness on the witness's affidavit, provided that

(i) the total period of cross-examination of all applicants in the proceeding does not exceed 7 hours in duration, and

(ii) the total period of cross-examination of all respondents in the proceeding does not exceed 7 hours in duration.

(6) The court may extend the period permitted for cross-examination under subsection (5) if the court considers it necessary in the interests of justice.

Appeals

10 An appeal of a dismissal order under this Act to the Court of Appeal must be heard as soon as practicable.

Stay of administrative proceedings

11 (1) This section applies if a respondent has commenced an administrative proceeding that the applicant believes to be related to the same matter of public interest alleged by the applicant to be the basis of the proceeding that is the subject of the applicant's application for a dismissal order under section 4.

(2) The applicant may serve the tribunal with a copy of the notice of the application for the dismissal order.

(3) Service by the applicant on the tribunal under subsection (2) operates as a stay of the administrative proceeding.

(4) The tribunal must give to each party a notice of the stay and a copy of the notice of the application that was served on the tribunal.

(5) A stay of an administrative proceeding under subsection (3) remains effective until

(a) the application for a dismissal order, including any appeals, has been finally resolved, or

(b) an earlier date, if, on application, the court considers that

(i) the proceeding that is the subject of the application for a dismissal order and the administrative proceeding that was stayed under subsection (3) are not connected enough to warrant a stay, or

(ii) the stay is causing, or would likely cause, a party undue hardship.

(6) An application for the costs of any proceeding under this section must be heard only on the basis of written submissions unless

(a) the tribunal is satisfied that a party would suffer significant prejudice if the tribunal did not allow oral submissions, or

(b) the applicant and respondent consent to oral submissions and the tribunal agrees.

Rights not limited

12 The remedies under this Act are in addition to any other right or remedy that may be available to an applicant or a respondent.

Application of *Offence Act*

13 Section 5 of the *Offence Act* does not apply to this Act.

Commencement

14 This Act comes into force on the date of Royal Assent.

Explanatory Note

This Act establishes civil procedures intended to discourage the use of litigation as a means to unduly limit expression on matters of public interest.

Southern Resident Killer Whale Recovery and Task Force

On March 14, 2018 the Governor signed Executive Order 18-02 designating state agencies to take several immediate actions to benefit southern residents, and establishing a Task Force to develop a longer-term action recommendations for orca recovery and future sustainability. The Governor invited members of the Legislature, the Government of Canada, representatives from tribal, federal, local and other state governments, the private sector and the non-profit sector to participate in the Task Force. The Task Force also includes designees from the lead state agencies, Washington Department of Fish and Wildlife and Puget Sound Partnerships, and from multiple other state agencies.
The Task Force is charged with preparing a comprehensive report and recommendations for recovering Southern Residents, with a full draft due by October 1, 2018, and a final report by November 1, 2018. The report should detail actions that will address all of the major threats to Southern Residents, including prey availability, toxic contaminants, and disturbance from noise and vessel traffic. A second report outlining the progress made, lessons learned, and outstanding needs will be completed by October 1, 2019.

Hello,

I know the volume of approvals right now is quite high right now and apologize for sending another one that needs urgent attention. In the interest of time, I am moving this forward to the MO for approval now but I do want everyone copied to weigh in as needed.
The info bulletin is slated for release at 1pm tomorrow.

Thank you.

Geoff:

As you know, the Global Climate Action Summit (GCAS) is taking place in San Francisco on September 12-14, 2018.

Pacific Coast Collaborative (PCC) jurisdictions have prepared public announcements to be featured during the Summit, including:

1. PCC West Coast Regional Food Waste Reduction Commitment
2. PCC Low-Carbon Transportation Vision and Roadmap
3. West Coast Infrastructure Resilience Project Concept and Declaration

Minister Heyman has approved the attached documents.

Unless there is any objection, these documents will be made public next week with BC's endorsement as a PCC jurisdiction.

Thanks, oym

Subject: Recognition and Implementation of Indigenous Rights Framework / Cadre de reconnaissance et de mise en œuvre des droits des peuples autochtones

On February 14, 2018, the Prime Minister announced that the federal government would be launching a Recognition and Implementation of Indigenous Rights Framework. As a follow-up to the conversations had at the officials level, and at the ministerial/premier level on July 13, 2018, please find attached a legislative overview document which aims to provide greater detail on the specific content that is being contemplated in the Framework. The Framework is intended to be the basis for further conversations with all of you and as such, we look forward to your questions and comments. I also want to flag that our ministerial staff is reaching out to their counterparts in each of your jurisdictions, that the document is being shared with Indigenous groups as well and will be made public on Monday, September 10, 2018.

I will be in touch with you again soon with details regarding a meeting of officials that we will

host in the coming weeks. This meeting will be a chance to hear your views and to discuss next steps.

In the meantime, please do not hesitate to contact me if you have any questions.

Christiane Fox
Deputy Minister of Intergovernmental Affairs and Youth

****

Le 14 février 2018, le premier ministre a annoncé que le gouvernement fédéral lancerait un Cadre de reconnaissance et de mise en œuvre des droits des peuples autochtones. Pour faire suite aux discussions entre fonctionnaires, ainsi qu'entre ministres/premiers ministres le 13 juillet 2018, veuillez trouver, ci-joint, un document synthèse de volet législatif qui vise à fournir plus de détails sur le contenu spécifique envisagé dans le Cadre. Le Cadre se veut une base pour d'autre discussions avec vous, ainsi nous souhaitons obtenir vos questions et commentaires. J'aimerais aussi vous aviser que notre personnel politique est en contact avec leurs homologues dans chaque province et territoire, que le document sera aussi partagé avec les groupes autochtones et qu'il sera rendu public lundi le 10 septembre 2018.

Je vous recontacterai sous peu avec des détails concernant une réunion au niveau des fonctionnaires que nous organiserons d'ici quelques semaines.

Cette réunion sera l'occasion pour vous de partager vos réflexions et de discuter des prochaines étapes.

En attendant, n'hésitez pas à me contacter si vous avez des questions.

Christiane Fox
Sous-ministre des Affaires intergouvernementales et de la jeunesse

Hello Janice;

Sorry for the delay in getting back to you. Geoff is in New Brunswick all week, and unfortunately a phone call will not be possible. He did want to advise that Minister George Heyman's office will be sending Ian a status update.

Thank you.

Hello Amber,

I am following up on behalf of Ian Gillespie. I would like to schedule a 10 minute call with Geoff Meggs at his earliest convenience. Can you please kindly suggest some times?

Thank you so much in advance.

Best,

Janice Leung

Hi Geoff,

I hope you're having a great summer. I was hoping you might have ten minutes for a brief discussion regarding the Creative Energy Fuel Switch. I'd like to update you on a few things as we understand the Project List for the Green Infrastructure Fund is due in September.

My team had a good meeting with the departmental officials in Climate Action Secretariat and EMPR last week but we need to be sure that we are advancing things accordingly with that deadline in mind. I also a good conversation with Minister Ralston as we were both at the US Governments July 4th event last week.

Thank you for your time and guidance. If a short call is in order, I'll Janice reach out to your EA if possible.

Subject: RE: Meeting Request: Fin Donnelly

Hi Amber,

Unfortunately, Fin is in caucus meetings in Surrey all day on the 11th; perhaps the Premier would be available for a phone call at some point, instead?

Fin is hoping to discuss the Fraser Watershed Initiative; he has informed me he has a couple of brief questions, and anticipates the conversation lasting under 10 minutes.

Please let me know if you need more information.

Thanks for your help in setting this up,

Andrew

Hi Amber,

Thank you for your response. Fin will not be attending UBCM; the trip to Whistler would be specifically to speak with John.

Unfortunately, the only other time his caucus meetings allow him to do so is Thursday, the 13th between 3:00 and 3:45 PM. He only needs a few minutes of the Premier's time; is that feasible?

Good afternoon David;

Geoff has asked me to schedule a meeting with you. Can you please advise if might have some time available next Wednesday Sept. 19th in Vancouver. He is hoping to have time available that morning.

I look forward to hearing back from you at your earliest convenience.

Thanks so much.

That's it for now. Perhaps we can connect further about a possible tourism roundtable with you and Premier Horgan in November or December as we discussed last week. I know that senior tourism leaders would jump at the opportunity and gladly travel from all over the province to attend.

Thanks again Geoff. I look forward to connecting again soon.

Statement for review:

For Immediate Release
[release number]
Sept. 7, 2018

Office of the Premier

Premier and Agriculture Minister's statement in support of B.C.'s dairy producers

Premier John Horgan and Lana Popham, Minister of Agriculture, have issued the following statement in support of B.C.'s dairy industry in light of ongoing NAFTA negotiations.
"As NAFTA negotiations continue, we want to reinforce that the B.C. government remains a steadfast advocate for more than 7,850 people working in B.C.'s dairy industry.

"With 479 licensed milk producers and 52 provincially licensed dairy plants, our industry accounts for almost 9% of the Canadian market.

"B.C. continues to stand behind Canada's supply management system: which includes the dairy industry. We will keep working with our federal colleagues to help best protect B.C.'s dairy industry as these important and challenging negotiations continue.

"We thank Prime Minister Justin Trudeau and Foreign Affairs Minister Chrystia Freeland and her team for their dedicated efforts to conclude negotiations that best protect Canadian interests."

We anticipate having the lease signed in the next week or two, and are targeting the **morning of Sept 27** for an announcement event at the site in Tsawwassen.

We would be honoured to have Premier Horgan attend and speak at the event. The other speakers will be Amazon executives and TFN Chief Bryce Williams, and we've also invited Minister Carla Qualtrough.

Please let me know if this is something that the Premier would be able to attend. I'm happy to speak should you have further questions. We appreciate you keeping the project and its details confidential until they are announced publicly.

Thanks,
Steve

Subject: Mr. Nathan Davidowicz Called for Geoff Meggs

Good Morning Debbie,

I received a call earlier this morning from a Mr. Nathan Davidowicz. He has been trying to reach Geoff Meggs at both the Victoria Office and Vancouver Cabinet Office. He did not inform me about what he was wanting to discuss with Geoff, and couldn't provide me with a call back number. I let him know that Geoff is unavailable at the moment because of the big Municipality conference happening at Whistler right now.

Mr. Davidowicz will be calling back to VCO to try reaching Geoff again after UBCM. Please let me know if Geoff would like to speak with Mr. Davidowicz when/if he calls back.

Warmest regards,

Olivia Dixon | Administrative Assistant

Hi Debbie,

Further to our conversation, attached is a letter addressed to Geoff from Mr. David Hutniak, Chief Executive Officer, LandlordBC.

You will note, upon perusing the letter that we are requesting a meeting with Mr. Meggs in order to discuss the possibility of working together to convince the Federal Government to live up to their election promise to remove the application of the GST on capital investments in rental housing. Obviously, there is much more detail around this proposal and it is that we wish to discuss directly with Mr. Meggs.

Once you've had a chance to discuss this with him, I would very much appreciate it if you could give me a call at 604-684-2228 in order to confirm a convenient time to meet.

It was good speaking with you again today, Debbie, and I appreciate all your help.

Cheers,

Mike Bailey

I wonder if you or someone else from the Premier's office might have a few minutes to meet in person or by phone to discuss this issue? I want to ensure government as a whole understands companies impacted by what we understand government may be planning want to discuss policy options that will achieve the fiscal savings the Ministry is looking for without forcing patients to switch medications for purely economic reasons.

Sent: August 24, 2018 8:40 AM
To: 'amber.hockin@gov.bc.ca'
Subject: Emerging Pharmacare policy: Biosimilars

Ms. Hockin – earlier this week you were copied on a letter to Minister Dix from the Canadian Originator Biologics Coalition (COBC) which represents pharmaceutical companies dedicated to the development of innovative biologic medicines. I have attached that note below again for your reference.

Knowing this is a complex issue, I wanted to take the opportunity to summarize it for you and make myself available to answer any questions that you may have. In short, government is considering PharmaCare policy changes that would result in the forced switching of patients stabilized on a biologic drug to a biosimilar drug (not a generic biologic drug as defined by Health Canada as biosimilars are not identical to originator biologics) simply to provide savings, something called non-medical switching. The Ministry believes that this may be the best approach to achieve necessary cost savings on biologic drugs.

This is not the position of COBC. Originator biologic companies believe that a better approach is to negotiate with government on price that will achieve the necessary savings rather than forcing patients who are stabilized on a biologic and who had a long journey of diagnosis and tailored medication that works for them to be forced to switch to another medication. We believe there is a place for both biologics and biosimilars to co-exist within the same market as is the policy approach in most European countries, without the need to unnecessarily stress patients and potentially put their disease control at risk unnecessarily when there is another more patient centric way forward.

I hope you will help look into this issue and suggest that the Minister meet with us to hear our proposal to achieve the necessary savings without harming BC patients.

Should you have questions please let me know.

Sincerely,

Kevin

I'm on the board of the VSO. We'd like to find a time for the premier to come & be thanked for provincial contributions to our budget.

Any chance of his coming to opening night on 21st Sept? 8.00 pm. (Would be great to have him stay for concert but not likely I know.)

Will be a full house and first regular season concert by new music director.

Look forward to hearing from you

Suzanne

Just to be clear on forestry, we are urging them to work with us on recommendations that can form the basis of a major commitment to prevention and recovery in the upcoming budget — MCJ to confirm ability to do this by tomorrow.

> Geoff asked if I could find some extra time for him and AH with PJH. Suggesting we schedule it at 8am on Thursday for an hour. I think it's the only time I'll get Amber there as she's leaving for the ferries. I know Geoff has the Forrest breakfast and Amber was leaving – but perhaps they can make this work? I have the Callaghan room booked all day – so the meeting can happen there and I've got coffee and tea service already on the go. Could add some muffins or fruit if desired too.

Sage – hope all is well. Justine Hunter requested an update on LNG Canada project for a political piece she's writing to be published this coming Monday: key political challenge for the government in light of alliance with greens and their opposition. I sent her high level messaging on the status of the project and connected her with Susannah Pierce for the company's perspective. (see below). But Justine wants a political rep. As you know s.22 s.22 MBR is acting. Discussed with Don Zadravec – and we both agree – we should provide the opportunity for to PJH speak to her. She's writing Friday for publication Monday so we have a few days to sort out if that's the direction you want to go in. Cheers - David

Hi David - good to hear from you. Yes - please do ask her to connect with me. Your responses look good.

Susannah

On Sep 12, 2018, at 9:23 AM, Haslam, David GCPE:EX <David.Haslam@gov.bc.ca> wrote:

> Hi Susannah. Hope all is well. I'm the CD for

EMPR. We met at a meeting a few months ago with Evan. I have a request from GM reporter Justine Hunter on an update on LNG Canada project. We'll be providing her with supportive high-level government messaging on the project (see below). I'd like to direct her to you if possible for the company's perspective. Her deadline is this morning, but I'm sure we can push it. Does that work for you. My cell number is below if you wish to discuss. I'm aware you're at UBCM and just completed a breakfast panel with Minister Ralston (hope it went well) so understand if you're not available. Cheers - David

- We are encouraged by the commitment and progress LNG Canada continues to show, and we are optimistic a positive final investment decision will be announced by the joint-venture partnership later this year.

- LNG Canada and Coastal GasLink are best positioned

to answer any specific questions about the project.

- For the status of NEB looking at the possibility of a federal review on Coastal GasLink jurisdiction, it would be best to contact the NEB directly.

- The B.C. Government laid out a new approach to natural gas development through the framework announcement on March 22nd, which can be found here: https://news.gov.bc.ca/releases/2018PREM0012-000480.

Subject: Public opinion - rent increases

Sage, you recently asked for issues recommended for inclusion in the omnibus.
I think it's urgent to do some investigation of public opinion on the recent rent increase as well as possible affordability measures. This needs to be quick, so the omnibus may be too late, but in any case, I'd like to have work done in time to support response to the upcoming report from Spencer Chandra Herbert's task force.
Vanessa Geary is co-ordinating work in our office and should be included in discussions about issues to explore.
Thanks for your assistance

Hello.

I am a working as a volunteer for a newly formed Group called the "Canadian Committee 100 Society". This is a non partisan group of Canadian Chinese Citizens focussed on the Chinese-Canadian Community. Included in the mission statement is a desire to increase cultural awareness and enhance the image of the Chinese-Canadian Community and to have constructive engagement in policy making and public life.

I have attached a list of the founding members and information on their purpose, vision and mission.

The members would appreciate an opportunity to meet with the Premier in Victoria or Vancouver to acquaint him with the Committee and to meet him in person.

Depending on availability I would expect 5-6 members to attend the meeting including Ding Guo, President of the Committee.

They would appreciate a meeting in August or at the Premier's earliest convenience and will make every effort to fit the Premier's busy schedule. Their availability is fairly flexible except for the period August 17-24 which is not available.

Kind Regards,

Subject: Briefing note for teleconference scheduled tomorrow, August 22, 2:00pm

Dear Mayor Basran, Mayor Christian, and Mayor Hall,

With the upcoming Union of BC Municipalities annual conference (Sept.10-14, 2018 in Whistler) and further to recent conversations regarding our Tri-University Partnership, the Mayors of Prince George, Kelowna and Kamloops have been invited to join the VPRs at TRU (Will Garrett-Petts), UNBC (Geoff Payne) and UBC Okanagan (Phil Barker) to discuss how we might join forces and take a team approach on issues of mutual interest and importance.

One specific area in which there is a consensus for developing research capacity is in Natural Disaster Management (floods, fires, etc.) and here, the VPRs have discussed advocating the establishment of provincial endowment chairs at each campus (one time endowment, $5M at each campus) to fund chairs at UBCO, TRU and UNBC.

Other areas of potential collaboration in our regions include (but are not limited to) rural and regional health (including mental health), cannabis, social innovation and development, and affordable housing. Our recommendation for these would be to advocate for operating support for our Tri-University Partnership that would be required to align resources at our institutions and Cities to tackle priority issues ($333K pa, 3 year pilot).

Ministers that could be targeted to discuss these issues include:

* Minister Bruce Ralston, Jobs, Trade and Technology;
* Minister Doug Donaldson, Forests, Lands and Natural Resource Operations;
* Minister George Heyman, Environment and Climate Change

* Minister Adrian Dix, Health
* Minister Lana Popham, Agriculture
* Minister Scott Fraser, Indigenous Relations and Reconciliation
* Minister Selina Robinson, Municipal Affairs and Housing
* Minister Melanie Mark, Advanced Education, Skills and Training

We hope you can participate in this call, and look forward to exploring with you how we can work together in advancing our shared interests in regional/community initiatives of mutual importance to the Province.

Regards,

Phil Barker, Will Garrett-Petts and Geoff Payne

Subject: Briefing note for teleconference scheduled tomorrow, August 22, 2:00pm

Dear Mayor Basran, Mayor Christian, and Mayor Hall,

With the upcoming Union of BC Municipalities annual conference (Sept.10-14, 2018 in Whistler) and further to recent conversations regarding our Tri-University Partnership, the Mayors of Prince George, Kelowna and Kamloops have been invited to join the VPRs at TRU (Will Garrett-Petts), UNBC (Geoff Payne) and UBC Okanagan (Phil Barker) to discuss how we might join forces and take a team approach on issues of mutual interest and importance.

One specific area in which there is a consensus for developing research capacity is in Natural Disaster Management (floods, fires, etc.) and here, the VPRs have discussed advocating the establishment of provincial endowment chairs at each campus (one time endowment, $5M at each campus) to fund chairs at UBCO, TRU and UNBC.

Other areas of potential collaboration in our regions include (but are not limited to) rural and regional health (including mental health), cannabis, social innovation and development, and affordable housing. Our recommendation for these would be to advocate for operating support for our Tri-University Partnership that would be required to align resources at our institutions and Cities to tackle priority issues ($333K pa, 3 year pilot).

Ministers that could be targeted to discuss these issues include:

* Minister Bruce Ralston, Jobs, Trade and Technology;
* Minister Doug Donaldson, Forests, Lands and Natural Resource Operations;
* Minister George Heyman, Environment and Climate Change
* Minister Adrian Dix, Health
* Minister Lana Popham, Agriculture
* Minister Scott Fraser, Indigenous Relations and Reconciliation
* Minister Selina Robinson, Municipal Affairs and Housing
* Minister Melanie Mark, Advanced Education, Skills and Training

We hope you can participate in this call, and look forward to exploring with you how we can work together in advancing our shared interests

in regional/community initiatives of mutual importance to the Province.

Regards,

Phil Barker, Will Garrett-Petts and Geoff Payne

Hi Both,

Checking in with you on QP prep times for session – can you confirm you'd like 30 min prep sessions as follows?

Monday – 11:30am
Tuesday - 9:30am
Wednesday – 11:30am
Thursday - 9:30am

Amber

Subject: Meeting on consent issues - Chief Tee gee

Don, I understand from Minister Herman that Chief Teegee is seeking a meeting with the Premier to seek clarification on government's position on consent with regard to the EA review. George is recommending s.13 so I'd like you to give me your own take, get a background note from Kevin Jardine and, with those pieces done brief the Premier. (The Minister probably will be away.) if the Premier agrees we should move as quickly as we can to schedule.

> Coles Notes (and description below) is that the only remaining coal tipple (historic loading structure) on Van Isle is found in the Morden Colliery Provincial Park. It has been falling down for decades and MLA Routley has been keen to preserve (i.e. rebuild) it for over 15 years. The previous government committed funding for engineering studies but not to rebuilding. Preliminary estimates to secure (maintain) the structure from falling down is ~$150k and ~2M+ to rebuild. MGH has asked us to price out options for a discussion with MCJ. From a BC Parks staff priority this is a nice to do but low priority in our capital budget of $13.8M so we would seek funding from TB.
>
> Description:
> Morden Colliery Historic Provincial Park, established in 1972, contains the only remaining coal tipple on Vancouver Island. This concrete tipple was built in the early 1900s by the Pacific Coal Company, and was the first of its kind in the region. The tipple is all that remains of the Morden Coal Mine, which once thrived here. The first sod was turned at this mine in 1912; in its first year of operation the mine produced 76,000 tonnes of coal. A historic railway right-of-way also runs through the park.

Hello Keira!

I understand that Don coordinated the response for this one. Would you please be able to find out if he would like the response to come from PJH or MSF? Thank you!

FYI, Doug has asked Aurian to work on a draft response (I assume from PJH?).

I'll ask MO to set up a briefing with the ministers prior to the letter going out.

Hi Aurian.

s.14

The outcome of communication over the weekend between DMs and Don Wright is that MIRR will coordinate the response to this letter. I understand s.22 is away, so I will look to you to work with all of the relevant ministries s.14
s.14 . We should anticipate the need to brief our Minister and likely the Ministers of EMPR and FLNRORD in advance of the letter going out. We will also want to run it past the PO.

There is an urgency to this response, so we may need to find time at UBCM this week with the Ministers to discuss the response. s.14
s.14 .

Thanks
DC

Dear Geoff:

I hope you've had a good summer and have had some time to relax. I am sending this short note to follow up on the generous offer to meet and discuss the Museum of Vancouver. I realize that you are super busy but would very much getting your perspective of the organization. It has only been 6 months at the helm and things are evolving in a positive manner, in particular, I am pleased to state that we have become actively involved in the City of Vancouver/Province of BC "Chinatown Legacy Initiative" and the pending UNESCO World Heritage application.

Let me know if you have anytime to connect-no urgency or hurry.

Hey Geoff, just wanted to follow up. I'm sure your team has been busy with UBCM this week.

Should I connect with your assistant? If so, what's their contact?

Thanks Sage, looks good, and good catch on Aaron, Vanessa. Normally it's best to keep the remarks short and let Q and A roll, so no more content required, although we should keep pushing him on the economic message. There was chatter on the Table Officers call last night about the BCGEU online petition on rental, so please brief him on that before he arrives.

Geoff

Quick scan looks good - will leave content more to Geoff and Amber.
But note at beginning - as Aaron has also indicated he isn't running again, if PJH hasn't already, he should also acknowledge Aaron.

Subject: MLA related question from Caribou Staff

Hi Emily,

Janice Sapp (250-398-4327) from Caribou Region called. She had a call from MLA Oaks and she is not certain if it's appropriate. MLA Oaks called asking for a list of staff from the region attending the long service awards. MLA Oaks would like to give each of the staff a certificate. Can you respond to Janice about whether this is appropriate or not?

Thank you,

Mike, I was intrigued by the discussion last week about converting ocean-going vessels to LNG. Is that possible for rail locomotives as well? I know they are diesel electric, for the most part, but are there gas-driven variants?

Draft – additional clause

From: Meggs, Geoff PREM:EX
Sent: Friday, September 21, 2018 1:05 PM
To: Smith, George AG:EX
Subject: As discussed - draft

NOTE: It is inevitable, given the subject matter, that many issues of concern will have cross-ministry implications across two, three or even four ministries. Money-laundering in the residential construction sector, for example, could result in non-payment of taxes and Worksafe premiums, erosion of employment standards, violation of safety codes and criminal activity. Both the Ministry of the Attorney General and the Ministry of Finance undertake to identify areas of overlapping concern as they arise and to direct their respective investigators to inform the Minister of such concerns before incorporating into their findings to ensure each ministry`s areas of responsibility are respected and acknowledged.

Good afternoon;

I have just sent revised terms of reference for German Phase 2 to MCJ and MDE which I believe are a consensus so we should plan for the joint announcement that was discussed earlier

Amber, I think we should task one of our team with developing an agenda and circulating materials in advance — there are a lot. Perhaps Kate/Sage? I think Sage should be invited in any case.

Subject: Goldstream homeless campers

Don, given the tense relationship between neighbours and the Goldstream campers, I have asked Kate Van Meer-Mass to be the point person in my office to ensure the Premier is aware of any developments on this issue. He strongly recommends that Hans Frederiksen, his constituency assistant, be the contact on the ground between his office and public servants on behalf of local residents who know Hans and have confidence in him. I understand Hans is already organizing a visit to the campground for some neighbours. Please include Kate in discussions on this issue so we can keep the Premier up to date.

Thanks for your assistance

David,

I think a small group of us would like to take you up on that offer. Could we set something up in the next week or two?

Times that would work for me:

Sept 26, 2-3:30 in Van
Sept 27 11-1 in Vic
Oct 3 11:30-1:00 IN Vic
Oct 4 11:30-1:30 in Vic.

Would anything in there work for you?

Thanks.

Best wishes,

Don

Subject: White Paper

One of my clients, the Clean Energy Association of B.C. has put together a draft White Paper on the use of electricity to reduce greenhouse gas emissions from the B.C. Industrial, Transportation and the Built Environment sectors. A lot of effort was put into the analysis of the Industrial sector and in particular electrification of LNG, pipelines and gas fields.

I was wondering whether you might be interested in a "walk through" of the draft White Paper. I think it would be a beneficial exercise. It could be arranged at a time and place convenient to you.

Cheers,

Good Morning Debbie,

What time of day would you like to have the function?
Would you want to have the entire restaurant?
40-50 people fit quite nicely in the front half of our restaurant, with room to stand and mingle as well as sit. This way we can keep the back of the restaurant open for our diners.
With tip and tax included you would be looking at between 30-35 per person for the food. Again that would be inclusive of tip and tax.
Once the party is booked our kitchen team would create a menu for your approval.

Let me know you thoughts.

best,
Andrew Moffatt

Good afternoon, Geoff,

The Premier will have received an invitation for a special honourary degree conferral and reception for His Highness Prince Karim Aga Khan IV today – October 19th, 2:30 – 5:30, Vancouver Convention Centre West.

We are expecting 300 – 400 guests, including the Lieutenant-Governor who will be making remarks during the ceremony, and I've attached the Event Plan for your information. I believe Andrew's office will be sharing with the Deputy Minister's office later today as well.

If you or your staff have any questions about this very special event, please don't hesitate to contact me or, or course, Andrew directly at any time.

Best regards,
Nicole

Subject: FW: copy of Letter to Premier regarding Metro Vancouver's Request to initiate a $40 tonne Waste Generator Fee
Importance: High

Hi Geoff,

s.22

Please let us know if there would be an opportunity to meet or speak on the phone with Michael about the issue in his attached letter – namely, Metro Vancouver's interest in pursuing expanded waste incineration and their interest in their waste generator bylaw so that they control the waste in order to feed the incinerator. As we touched on and as Michael describes in his letter, this will do nothing but increase GHG emissions. The cement industry is instead interested in using non-recyclable waste as lower carbon fuel to transition away from fossil fuels and reduce GHG emissions.

Thanks.

Ken

Subject: copy of Letter to Premier regarding Metro Vancouver's Request to initiate a $40 tonne Waste Generator Fee
Importance: High

Dear Geoff,

Please find attached a letter I have written to Minister Heyman and copied Premier Horgan on regarding Metro Vancouver's request to Minister Heyman for approval of a $40/tonne Waste Generator Levy.

On every level this request will create more GHGs in the Lower Mainland, is inconsistent with your government's new 40% GHG reduction target by 2030 and the Clean Growth Plan for BC.

I am copying you and your office with this letter because I believe this request from MV needs to be dealt with in the context of the Province's overall carbon policy and hopefully rejected because it is not consistent with the Government's overall carbon policy to significantly reduce GHGs.

I look forward to discussing it with someone in your office at your earliest convenience.

Best regards,

Hi Everyone,

Just a reminder that the Refresh group need your choice for your new phone device (there are 4 options to choose from) before EOD October 4th. Please make time to either attend a demonstration, held each day at 10:00 am and 1:00 pm, or go to the Birch Room #339 asap to select. There is a form there for you to fill in with your selection.

Some people, listed below, are able to upgrade their workstations also. Also in the Birch Room is a selection of some of the available workstation upgrades and a form for you to indicate your selection.

Please remember your choices have to be selected prior to EOD October 4th.

Able to upgrade workstations:
Don Privett
Chris McLaren
John Horgan
Kate Van Meer-Mass
Bob Dewar
Elizabeth Parkinson

Thanks,

Subject: Follow-up

Hi Geoff,

I understand you hosted a great roundtable discussion with business and association leaders yesterday, including a member of TIABC.

It reminded me to drop you a line regarding the tourism roundtable for either November or December that we discussed a couple of weeks ago. I know several industry leaders would jump at the opportunity to meet with you and potentially Premier Horgan...the sooner the better.

In the meantime, I trust the notes I sent you on various issues were helpful. Thanks again for seeing me. I look forward to hearing from you soon.

Best Regards,

Walt Judas
CEO, TIABC

Subject: 'All of govt' approach and Climate secretariat

Hi Geoff,
Thanks for taking the time to talk yesterday. I've attached the deck re: how to ensure that carbon reduction happens across all government ministries.

I've sent you our original deck, with a 'Climate Action/Clean Growth' secretariat in the Premier's office. I do think this is the best way to ensure cross ministry coordination on implementing this new approach, and communication coordination across ministries.

The more I'm thinking about it, I see this as a way that this government/the Premier can signal real commitment to ensuring climate action is real in light of LNG Canada's new 4 MT of carbon pollution that need to be reduced. It demonstrates the 'balance' between business development and real action on climate.

Happy to talk more about it.s.13

Thanks Geoff. If you wish, I'll ask Debbie Wade if she might ID a couple of 45 min windows in your sched this upcoming week and perhaps I can take a few minutes of your time @ Agendas on Monday to ensure appropriate info is prepared for discussion during that 45 min window.

Hello Corinne – please see Geoff's note below. Grant tried to reach me earlier this aft by phone. I am assuming the most expeditious approach to examining the proposal below is a discussion between Grant and your office.

Please let me know if I can be of assistance, otherwise, I would be grateful to know the outcome of discussions with Grant.

Thank-you
Elizabeth
