**Subject: Final Plan and Details for
Tuesday**

Hi everyone,

We now have a full plan locked in for Tuesday! Thank you all for your patience on this.

In summary, the PM will take the Sky Train from *China Town Stadium to King George station*, joined by the delegation of speakers (Premier, Mayor of Vancouver, Mayor of Surrey, CEO of Translink) during which time they will have a discussion about the present and future of transit and infrastructure investment in the region. *There will be no media on or present for the train.* Upon arriving at the station in Surrey, the delegation and staff will be transported to SFU at the location on the south side of the parking area for the announcement. Stakeholders, including caucus and municipal representatives, will already be seated. The delegation will take their seats in the front row. Speaking and announcement will proceed (Translink CEO as moderator, PM, Premier, Mayor of Vancouver, Mayor of Surrey). Following this, the PM will retake the podium, and he will avail to media and the delegation may stand with him in position just behind. At the end of the avail, the PM will depart via motorcade.

Train Delegation Run of Show:

11:15AM- Premier, Mayors of Vancouver and Surrey, and Translink CEO to arrive at **Chinatown Stadium**

- Delegation is escorted, upon arrival to the Beatty street entrance into the station and is immediately ushered down the stairs, following to the right through a secure entrance to a platform that is adjacent to the main platform.
- Delegation will be staged on the platform for arrival of PM and entry to the secure train.
- PM arrives, delegation and PM board train. Seated near the front of the train.
- Staff to be seated away from delegation, back from their position.

11:40 AM- Train departs.

12:20 PM- Train arrives at King George Station.

12:30 PM- Delegation is escorted off the train, through the station downstairs to the awaiting motorcade including a delegation transportation vehicle.

12:35 PM – Delegation arrives at the site of the announcement, on the top south section of the SFU parking area overlooking the Skytrain and King George station.

12:37 PM- Delegation to be seated in the front row (nearest to the stage ramp) in order from centre (CEO translink, PM, Premier, Mayor of Vancouver, Mayor of Surrey) with stakeholders and caucus to their back.

12:40- Speaking order commences (**4 minutes per speaker**)

1:05- PM Avail commences

1:20- PM Avail concludes

1 :21- PM Departs

Note: PM Photographer will be providing full set of photos from this ride to all parties.

Train discussion: Kate, I will speak with Amber and Geoff regarding the content. Kevin and Donna, we will each also speak regarding this discussion

prior to Tuesday for more background and intended outcomes.

Stakeholder Run of Show: *applies only to stakeholders who are on guest list.*

11:20 AM: Stakeholders to arrive at SFU Surrey at main entrance
-Staff from GOC regional offices, SFU and translink receive guests as they arrive at table set up in the main hall entrance
-Guests provide name (for all caucus, ministers, mayors, and other stakeholders)
-Names are checked against list, guest is provided a wristband. Invite non-transferable.
-Guests escorted in groups from the main entrance hall, out the back doors, across the parking area to the announcement location
-**Caucus** is seated (*federal* on right facing stage, *provincial* on left facing stage) with direction from staff onsite
-Additional guests directed to standing area
11 :45 Guests await commencement of announcement

Note: staff of elected officials will NOT be permitted into the announcement location area. Only the staffers from your teams whose names you have provided (Premier's office, Mayors' offices, and translink will be wrist banded and allowed access). Staff may wait in the SFU building.

Please give me a call or text if you have further questions. I have emailed some of this group regarding the stakeholder list- once those questions have been adjusted for, stakeholder/caucus invites may be issued.

Thank you everyone!

Attached is the latest version of the itinerary for tomorrow's announcement. I believe there's just one detail we're still sorting out – whether or not media will be present to take b-roll at the Stadium skytrain station. I have also attached the seating chart and guest list.

In terms of staff, I have Evan and Sheena travelling with the Premier. If anyone else plans to attend, please let me know asap so I can make sure you're on the security list.

Mira – I believe you're attending but heading straight to the announcement site? Go to the main entrance of SFU Surrey, up the stairs to the security desk (it's near the SFU bookstore). You can get checked in there and they'll give you wristband and take you to the event site.

Please let me know if you have any questions.

Hi Kate,

The Vancouver Chinese Family Association's annual dinner will be on Saturday, Sept 22nd from 6:30-9pm at Shaun's Garden Restaurant (4540 No. 3 Road, Richmond). Premier is welcome to drop by anytime or join them for dinner if he has time. There will be around 200 attendees celebrating the Autumn Festival together - and it's also the organization's 25th anniversary.

The organization started 25 years ago with local families getting together for social and community gatherings, mostly Taiwanese Canadians but also some families from Hong Kong and China. The current president is Theresa Chiu

Hi Kate,

Thanks for the information. There is a Taiwanese/Chinese Family Association dinner happening during the event of the 22nd. I can try to confirm the location if the time may work - I'd assume the Premier can drop by anytime between 6 to 9pm.

I will keep you posted of other events.

Thanks,

Afternoon!

I am starting to put together the plans for the Autumn Festival in September. We have set aside the 22nd of September for events for the Premier and know of the Sing Tao dinner in the evening. I am wondering if you have any suggestions for other events during the day which the Premier should attend. We are also working on a roundtable for media on the 18th of September which of course you will be invited to. If you have any suggestions please let me know.

Hi Kate,

I've included Jarrett because he has actually been there, but we just spoke, and the road in the immediate background is actually a road of the parking lot, and the actual road is further back.

The playstructure can be seen in this satellite photo – it is the brown patch, roughly shaped like the top of a grand piano, just below the purple p, and Jarrett, correct me if I am wrong, but if the podium is positioned in the foreground of the “Outdoor Shot” photo from the previous email, the podium would be further away from the road than the play structure.

Let us know what you think.
Thanks

Hi Kate,

Just more details for the options for the childcare space on Thursday afternoon.

You'll notice that “Outdoor shot” has a nice play structure with a lot of space in front of it. The Premier could walk up to and say hello to the kids briefly before walking to the podium set up in the foreground of this shot to make the announcement. You can see from the other shots that the indoor space can work, and certainly looks like a childcare space, but is tighter.

I am speaking with the childcare space contact at 8am tomorrow and will be back in touch after that.

Thanks
Rick

Hey Rick,

Here are photos of the childcare space I visited this morning.

We have both an indoor and outdoor option. Hopefully the weather is nice enough we can do outdoor as I think it would work better. The yard is large enough and would create a good depth of space to have the kids playing on the playground behind them (they are in the process of waivers right now)

Indoor option is ok. There isn't much depth so I don't think kids playing behind them would get on camera. There is more art in the room that could be moved to the backdrop as well.

Activity: So the kids are napping until a little bit before the event starts (in another room) the childcare worker who is going to be the lead suggested a group song or have the premier read a story. She is looking into specific ptions and will get back to us soon. We could also do some art or craft but she wasn't as certain the kids would be engaged. But if we wanted to we could make it happen.

AV setup. Outdoor would be simple. The sun would be in front of them but to the right I believe at that time of day. They would be facing west. Indoor is a little trickier just due to the kids. They eat lunch 11:45am – 12 something. SO AV would need to setup what they can around the kids and would have unlimited access by 1:00pm to do final stuff.

There is a room across the hall from the event space we can use for a greenroom. I am confirming phone lines still.

Let me know what questions you have and anything you would like me to follow-up on.

Cheers,

Jarrett

Hello all,

One more edit to tomorrow's itin. As you likely know, we are going with the inside option, so it is listed here as the only option now, and the second major addition here is a few paragraphs on the parent validator and her story, which I'd suggest trying to either find time for the Premier to read, or at least give him a synopsis of if possible. This is on the last page of this itin.

Hi All,

I need to confirm a few last elements, but I wanted to give you a chance to read this as soon as possible, so here is an itinerary for tomorrow.

I still need to confirm the media relations person on site and the Ministry subject matter expert, but pretty much everything else is confirmed. Let me know if you have any questions.

Thanks

Attention: UBCM Meeting Request Coordinator

With the UBCM Conference fast approaching, it is incumbent on me to follow up on an email that was sent your way on Tuesday, August 28th requesting a meeting with Premier Horgan. We are very disappointed that a response has not been received as of this date. A copy of our earlier email is attached for your reference.

Mayor and Council for the Village of Sayward are deeply concerned that our request to meet with the Premier to discuss the importance of fish farming on our small community is not being taken seriously, and that if a similar discussion topic was brought forward by a larger community, they would get that opportunity to meet with the Premier.

Of particular concern to Mayor and Council is the implementation of the new regulations on fish farms in the province, and the impact those regulations will have on the continuance of farming in our region. If fish farming ceases to exist in the waters surrounding Sayward, the loss of revenue and good paying jobs will have a disastrous effect on our small community. Sayward Futures, a local non-profit organization relies extensively on an annual operating grant from Marine Harvest. Without Marine Harvest, Sayward Futures would not exist, which would mean another nail in our coffin. Sayward at one time benefitted from a once thriving resource sector, whereas now we must survive by whatever means are available.

Sayward Futures "Mission Statement" is as follows:

Copyright

We implore UBCM to find a spot on the itinerary during next weeks UBCM Conference for our Mayor and myself to meet with Premier Horgan. The Village of Sayward, with only 141 houses and 6 business, has limited financial resources to make trips to Victoria. So unless the Premier would commit to visiting us in Sayward, we should be granted a meeting at the UBCM Conference with Mr. Horgan.

We look forward to hearing back from you this time, with positive news.

Thank you,

Paul R. Carver

Hey Kate,

I called to double check that the Lansdowne Centre event was still going forward (as they said it was most likely but hadn't publicized it when we last called them). Unfortunately they have cancelled the moon cake give away. Attached if a revised proposed schedule to reflect that and the changes you asked for on the phone.

I searched around for other mid-Autumn public events in Vancouver or Richmond that day but nothing fitting the bill came up, and PJH doesn't seem to have received other invites in CLIFF. I can keep digging around. Just let me know if that particular event needs a replacement.

One way I think we could make PJH's day more public would be for our team to work with digital and comms to profile a couple of members of the Asian Canadian Seniors Health Network and SUCCESS, and use those for social, and as a basis for a blog post from PJH that can be translated.

Let me know if you need anything else,

Hi Kate,

The Integrated UC and Workstation Refresh Project has an introduction meeting scheduled with Jackie at 2pm today and I'm wondering if you're interested in joining us?

Our usual approach for communications, organizing training, refining phone line and software details would be to have one central point of contact who communicates with and obtains answers from staff.

Do you think using this approach, and having one person as a main point of contact, would work with the Minister's Offices?

If not, what would you recommend for each of the following?

- Staff Communications
- Training Sessions
- Refining phone line details
- Refining workstation and software details

Thank you,

Subject: Finally, an opportunity to get the last word in on Greg Moore...

Hello Selina,

On Wednesday, September 19th, 2018, the Port Coquitlam Community Foundation is honoring Mayor Greg Moore with a roast and we would be thrilled if John Horgan could provide a video roast.

What a great opportunity to get in the last word with Greg (a rarity...) as he leaves the City of Port Coquitlam Mayor's role to pursue other opportunities in the private sector. Along with a great list of fellow roasters, many of whom you'll know, this will be your (collective) chance to bring to life the many hilarious, heartwarming, and embarrassing secrets that you have on the man.

We think this evening will prove to be a highlight in your 2018 calendar.

The Foundation will also use the evening to launch the Greg Moore Family Community Fund, specifically created to honor Mayor Moore by targeting and funding a vital issue in the City of Port Coquitlam. A task force is currently drilling down on the data to identify the most significant issue in Port Coquitlam which will benefit from this funding. Over \$100,000 has already been raised for the fund. As a Foundation, we are very encouraged!

We understand if :Premier Horgan cannot make it, but would be thrilled if he could prepare a video roast for us to play during the evening.

Thank you for considering (and accepting) our invitation by August 17, 2018.

John Diack
Chair, Board of Directors
Port Coquitlam Community Foundation

PS: we already know that this event will be very well attended so we have secured a larger venue; you can bring as many guests as you desire (at a very reasonable ticket price)... more details about that later...jpd

For the Semiahmoo totem pole raising event on Sept 21st, the ministry wants to send out invitations tomorrow. Any concern with including the fact that PJH will be attending this early?

Thanks,

Hi Amber,

Thank you for your response. Fin will not be attending UBCM; the trip to Whistler would be specifically to speak with John.

Unfortunately, the only other time his caucus meetings allow him to do so is Thursday, the 13th between 3:00 and 3:45 PM. He only needs a few minutes of the Premier's time; is that feasible?

Good afternoon Geoff,

I am writing with respect to the invitation below that was sent to Premier Horgan on August 14.

I wanted to loop you into this for your input, whatever it may be, as we need a decision. The timing of this may be suitable for your corporate calendar.

The Premier and Minister Mungall have met Colleen Giroux-Schmidt on numerous occasions. You may recall she was invited to, and ably spoke at, the Cabinet meeting on Site C at the end of 2017. The Premier visited one of their projects a few years ago and was impressed.

The event occurs after the Premier's speech in Whistler next Friday. Transport may be expedited through helicopter. Departs Whistler at 2:00. Returns to Whistler or South Terminal at 4:30.

Apparently this is with scheduling at the moment. Are you able to help expedite the decision process Geoff.

Pleased to chat if you have any questions.

Many thanks,

Michael

The Honourable John Horgan, M.L.A.
Premier of British Columbia

Dear Premier,

On behalf of our President and CEO, Michel Letellier, and all of our employees and partners, I am writing today to invite you to attend the formal commissioning of Innergex's Upper Lillooet Hydro Project (ULHP) on September 14, 2018.

The project is located on Crown land in a mountainous setting, approximately 40 kilometres north of the Village of Pemberton. Construction of the project began in October 2013 and was completed in March 2017. The ULHP includes two run-of-river hydroelectric facilities that generate 106.7MW of clean, renewable energy – enough to power approximately 39,000 British Columbian households.

Innergex is extremely proud that the more than \$2 billion it has invested on renewable energy projects in the province of British Columbia has made a significant impact on rural and First Nation communities through job creation, infrastructure upgrades, and economic development opportunities while leading the transition towards a low carbon economy.

We would be very pleased to have you join us to celebrate this significant achievement along with the Lil'wat Nation, the local community and project partners. To accommodate your schedule and given the remote location, we would be happy to arrange for helicopter transportation for you to and from the event.

Attached to this email is an event plan that outlines the structure of the event. We appreciate your consideration and hope that you can find the time to join us at this important celebration. Should you or your staff have any questions, please feel free to contact me at any time. We will follow up with your office in the next week to determine if your schedule will allow you to participate.

Kind regards,

Colleen Giroux-Schmidt

Attention: UBCM Meeting Request Coordinator

With the UBCM Conference fast approaching, it is incumbent on me to follow up on an email that was sent your way on Tuesday, August 28th requesting a meeting with Premier Horgan. We are very disappointed that a response has not been received as of this date. A copy of our earlier email is attached for your reference.

Mayor and Council for the Village of Sayward are deeply concerned that our request to meet with the Premier to discuss the importance of fish farming on our small community is not being taken seriously, and that if a similar discussion topic was brought forward by a larger community, they would get that opportunity to meet with the Premier.

Of particular concern to Mayor and Council is the implementation of the new regulations on fish farms in the province, and the impact those regulations will have on the continuance of farming in our region. If fish farming ceases to exist in the waters surrounding Sayward, the loss of revenue and good paying jobs will have a disastrous effect on our small community. Sayward Futures, a local non-profit organization relies extensively on an annual operating grant from Marine Harvest. Without Marine Harvest, Sayward Futures would not exist, which would mean another nail in our coffin. Sayward at one time benefitted from a once thriving resource sector, whereas now we must survive by whatever means are available.

Sayward Futures "Mission Statement" is as follows:

Copyright

We implore UBCM to find a spot on the itinerary during next weeks UBCM Conference for our Mayor and myself to meet with Premier Horgan. The Village of Sayward, with only 141 houses and 6 business, has limited financial resources to make trips to Victoria. So unless the Premier would commit to visiting us in Sayward, we should be granted a meeting at the UBCM Conference with Mr. Horgan.

We look forward to hearing back from you this time, with positive news.

Thank you,

Paul R. Carver

I've checked against Amber and Geoff's schedules for staffing. There's an issue with the 21st - as those are in Van. Perhaps Vanessa could staff these?

Hi Will/James,

Just wanted to confirm, as I was unclear below: due to capacity, the Welcome Reception only allows for one MA to attend with MCT. I've confirmed with the PO that Will was preregistered.

I'm having our UBCM coordinator confirm which MA is registered for the other events (there is potential to register you both, which I'm attempting to do). I'll confirm shortly.

Thanks,

Dear Mr. Rensby,

Thank you for your email to Premier Horgan regarding the impact that fires have had on Burns Lake. We appreciate your taking the time to write and apologize for the delay in response.

We have confirmed with the Premier's scheduling department that he visited Burns Lake on August 31, where he met with local First Nations Chiefs, Regional District staff, and toured the fire camp. He appreciated the opportunity to witness things first-hand and hear from members of the community about their experiences throughout this fire season and the current challenges they are facing.

First with flooding and then with wildfires, communities in BC have again faced great challenges. Premier Horgan is committed to ensuring that steps will continue to be taken in order to better protect our communities and mitigate the impact of the changing environment in which we live.

Thank you, again, for writing.

Hi Susan,

The Premier did visit Burns Lake during the fire (August 31st). While in Burns lake he did have the opportunity to meet with FN chiefs, Regional District staff and tour the Fire camp. I'm not sure if a response went back to Charlie – but if not, perhaps a response back thanking him for his email and confirming the visit would be appropriate?

Hello Sir, my name is Charlie Rensby and I am a Councillor from the Village of Burns Lake. As you are aware we have been devastated by fires this year and they have taken their toll. As I'm sure you were briefed, you made mention that the locals who refuse to leave were hindering wildfire efforts. Unfortunately this couldn't be further from the truth, and many professional wildfire experts agree with me. Remember, there are two sides to every story.

My community is going through hell right now, but we are resilient and will make it until fall. There is a lot of injustices and human rights infractions taking place against my community and I would really appreciate the opportunity to speak to you about these to prevent these things from happening again in the future. I am available to meet at the UBCM's or you are more than welcome to come visit my community when the smoke allows you to land safely. Thank you for standing up sir, I look forward to hearing from you.

Charlie Rensby,
Village Councillor
Burns Lake

Morning,

A few notes for day one of UBCM:

Resolutions start tomorrow. Please make sure you have reviewed the resolutions and are prepped and ready to go for the ones that impact your ministry.

At this evenings hospitality events please make sure you are making friends with our friendly municipal folks. If any issues arise please flag them for me asap.

Some of you have flagged that although you thought you were registered for the welcome reception you are in fact not. If you look at the back of your lanyard you will see the extras you are registered for. If it does not say welcome reception under Tuesday you are not registered. You must go to registration, explain that you are senior gov staff and pay the fee.

Hope all the meetings go well today,
Kate

Subject: Amazon Announcement - Tsawwassen

Hi Mira, thanks for speaking with me earlier.

Amazon is finalizing plans to open our third Fulfillment Centre in BC, which will be located on Tsawwassen First Nation's land. This project will create over 700 new, full time jobs. We anticipate having the lease signed in the next week or two, and are targeting the **morning of Sept 27** for an announcement event at the site in Tsawwassen.

We would be honoured to have Premier Horgan attend and speak at the event. The other speakers will be Amazon executives and TFN Chief Bryce Williams, and we've also invited Minister Carla Qualtrough.

Please let me know if this is something that the Premier would be able to attend. I'm happy to speak should you have further questions. We appreciate you keeping the project and its details confidential until they are announced publicly.

Thanks,
Steve

Hi Mira, thanks for speaking with me earlier.

Amazon is finalizing plans to open our third Fulfillment Centre in BC, which will be located on Tsawwassen First Nation's land. This project will create over 700 new, full time jobs. We anticipate having the lease signed in the next week or two, and are targeting the **morning of Sept 27** for an announcement event at the site in Tsawwassen.

We would be honoured to have Premier Horgan attend and speak at the event. The other speakers will be Amazon executives and TFN Chief Bryce Williams, and we've also invited Minister Carla Qualtrough.

Please let me know if this is something that the Premier would be able to attend. I'm happy to speak should you have further questions. We appreciate you keeping the project and its details confidential until they are announced publicly.

Thanks,
Steve

Hi Amber and Kate,

The Premier's Awards (overall awards in early November, NOT Education awards for Oct 5) are asking a few things about their prep for the awards which require answers somewhat soon.

First, can they get 30 minutes of the Premier's time before the end of the first week of October for him to shoot the webcast opening messages as he did last year. They need to know IF he will have the time to tape the messages by early next week because Don Wright is taping his segment early next week and will make reference to the Premier's message. If the Premier has no time before the end of the first week of October, they will change Don Wright's script.

Secondly, they send a thank you letter from the Premier to each of the judges and adjudicators. The letter to Grand Chief Ed John is attached. I am assuming that someone in the PO will want to look at these and perhaps personalize them in some/all cases, or are we ok using their form thank you letter? (I have Asked them what we did last year).

Let me know
Thanks

FYI - The nine winners will be receiving a TBD framed artwork.

Can you kindly review and let me know which one you'd prefer.
Can you also have the PO weigh in and give their approval?

There is a bit of a time crunch here as the certificates need to be individualized, printed and framed, which we're hoping can be done sooner rather than later.

Both the Minister and Premier had committed to attending a reconciliation celebration event here in Duncan in September.

The date we would like to confirm is **Friday, September 28, 2018 from 1pm to 8pm**. This will include dinner. Staff and family are also invited to attend.

We are waiting to send official invitations until we have confirmation on whether the Minister and Premier are available.

If you can please let us know in the next day or so, it would be much appreciated.

Thank you very much,

In the February 16 2018 meeting between the FNLC and Premier Horgan there was a commitment to have more regular meetings, hopefully at least 2 per year. In light of some of the major initiatives underway relating to; work under the commitment document, legislation supporting the UN Declaration, EA Review, etc., the FNLC would like to schedule their next meeting with Premier Horgan.

Would there be any chance of scheduling another meeting sometime in the next month or so?

Please let me know if you have any questions. Hope all is well.

Good morning Kate,

Coincidence that you should mention this – we were just making our assignments for Ministers' events in the second half of the last week of September and I was going to ask if we were going to add anything for the Premier since he currently doesn't have anything that we would help with.

Do you think that we are likely to add anything else beyond this? We can always adjust if something else comes up later of course, but it would be good to know so we don't over commit to the Ministers, in particular since Jarrett and Joleen are both away weds-fri of that week.

Thanks
Rick

Hello Ann Marie,

I'm emailing on behalf of Cowichan Elders Ron Tousilum and Deb George who met with Minister Fraser and Premier Horgan at the Elders Gathering last month.

Both the Minister and Premier had committed to attending a reconciliation celebration event here in Duncan in September.

The date we would like to confirm is **Friday, September 28, 2018 from 1pm to 8pm**. This will include dinner. Staff and family are also invited to attend.

We are waiting to send official invitations until we have confirmation on whether the Minister and Premier are available.

If you can please let us know in the next day or so, it would be much appreciated.

Thank you very much,

Rosalie

Premier John Horgan PENDING

I'm pleased to welcome all of you here today to join me in celebrating the inaugural Premier's Awards for Excellence in Education.

Our government is committed to investing in education, and rebuilding relationships with B.C. education professionals that are built on trust and respect. This new awards program is intended to honour the hard work and dedication of British Columbia teachers, administrators and support staff, and to ensure they get the recognition they deserve.

I'm personally grateful to the high school coaches and teachers who played a strong role in setting me on my own path to success. Their early efforts helped encourage me to pursue my passions and stay on a positive path, making a tremendous impact in my life both personally and professionally.

The 27 finalists being honoured today are likewise positively impacting and helping to shape tomorrow's leaders. I'm grateful for their exceptional efforts to contribute to B.C. student success.

Subject: Teachers on October 5

Hi Kate and Amber,

October 5th is World Teachers' Day, and as part of that as you surely know, the Premier is attending and we are carrying out the Premier's Education Awards. For the Premier this runs from 3-5pm – and it is on a Friday.

We can invite the media to this, but with the time of day on a Friday, and with the setup as mandated by government house, it is not the most ideal event for media.

I wanted to pitch an idea. At least 10 of the 30 or so nominees (probably more) are coming into Victoria on the previous day, meaning that they will be in town all day Friday with no fixed agenda. I was wondering about doing a media event of some kind with them earlier in the day. Not a town hall, but perhaps a roundtable, something at which the Premier and perhaps the Minister could speak to them, have a conversation, and maybe we could stage it in an appealing way. We could talk about what the government has already done for schools, education and teachers, and draw more attention to thanking the teachers at a time that is better for media and a set up that is easier for them to capture.

The only thing in the Premier's calendar before 1pm at the moment is a 2 hour briefing on BC Hydro and Northern Energy from 10 – 12. So I don't know if this can fit in, but if it can, I thought it would be a good opportunity to make positive news in a feel good way, and also allow us to reiterate the progress we've made in education.

Let me know what you think

Thanks

Rick

Hi Kate,

First, everyone is ok with inviting the media to the awards, so we will do that.

And second, sorry, I know that we discussed this, and there is no rush, but the Ministry is asking me. For the Education Awards, the Premier will speak at the beginning, and then stay on stage to give the awards to the winners.

They want to know if the MC should read the winners' names or if the premier would like to. Again, absolutely no rush on this.

Thanks

We'll definitely need to follow up as there wasn't much in the way of info provided in the email, nor any deadline.

JEN – can you give me a call? This appears to be more of a proper publication vs just a greetings msg that we'd typically do for a program. I'm wondering if comms might be better for dealing with this one? (At the very least, I think comms should review it...)

Hi everyone,

There are a few items to be settled in the calendar, for discussion at the Monday 1pm meeting once everyone is back in Victoria and in central planning mode.

I'm away on course next week. Please carry on without me! Robb and Robyn (and Rick as backup) will be your main calendar contacts until my return Sep 24.

- HLTH has proposed a series of dates for proactive events. Someone will need to work with them and decide what can proceed the week of Sep 17 – they are proposing an event on Friday Sep 21 in Vancouver. Robb has the full list.
- EDUC is requesting confirmation of their school seismic upgrade event, asking Fri Sept 28. (announce \$35M for seismic upgrades for 2 schools in Vancouver). This looks clear, looking for central approval.
- AVED is requesting confirmation of an event opening of TRU's Industrial Training and Technology Centre (CC# AEST-87706). Asking Weds Sep 26. They have multiple events this week, looking for confirmation of if this is a priority event to proceed.
- FIN looking to confirm date of joint press conference with FIN/AG – Sept. 27. FIN comms looking for formal confirmation this is a go. We have approved the plan, but I think they are looking to lock in this specific date. I think this is pretty straight forward.
- PREM – Need to know if the seniors event proposed on Sep 25 is a go, and relay that to Cab Priorities team. There are other potential events on this date – Eric K. would have the latest.
- AGRI – Looking for confirmation of their Oct 5 date for the BC Dairy/Surrey event, pitched the week before last.

Hi both,

I'm wondering if I could be added to the PREM Cal. It would help me anticipate what materials PJH will need so I can pre-emptively check in with people, start gathering pieces, etc. The tour calendar is super helpful, but doesn't have the detail I need sometimes, and doesn't include scrums or media avails.

Let me know what you think! All good if it doesn't work for you 😊

I understand that Premier John Horgan & PS Mitzi Dean are planning to schedule with the Victoria Sexual Assault Centre as part of their 16 Days of Activism Against Gender-Based Violence Tour.

They have also reached out to MMF to come to a tour & meeting. We wondered if he could align this meeting/tour with PJH & PSMD?

Hi Kate/Sage,

In terms of advance materials for tomorrow's briefing, are the release and task force letter sufficient to have for 4 PM today? I don't believe the SNs/QA will be done by then, and we don't have a separate technical briefing note as the details are fairly straightforward and laid out in the existing materials.

Let me know – if there are further pieces you'd like, I'm happy to make sure we get them to you.

Hi Kate,

Just an update that the Sep 25th health event looks like it will be about increasing care hours in health authority-owned and operated residential care homes, to meet the provincial goal of 3.36 care hours per patient (so not the issue we discussed this morning). That's what I know for now.

They are flexible on the location, we can still plan for Maple Ridge but I am looking into a potential issue there. Let me know if you have strong leanings location-wise from your end of it.

Thanks,
Rosa

Dear Premier Horgan:

On behalf of the Board of Trustees, the Executive, staff and the thousands of Audain Art Museum patrons, let me thank you and your staff for taking the time to tour our facility on Thursday, September 13th. As you noticed we are passionate about the privilege to work at the Museum and honoured to provide a rewarding cultural experience to all that attend. Your appreciation and enthusiasm for the AAM's permanent collection was impressive, especially the coastal scenes of EJ Hughes.

As I mentioned during your visit, the art community is supportive and excited about the BC government's commitment to doubling the BC Arts Council's funding in four years and encourage you to keep focused on making that promise a reality.

As you will recall, the Museum is excited to celebrate James Hart's *Dance of the Screen*, a once in a life time experience this **Saturday, September 22nd**. It would be an honour and privilege to have you and your wife join us for this special occasion that **commences at 5:00 pm and includes a dinner until 9:30 pm**. If so, please contact me directly and I will make the necessary arrangements for you to attend.

In closing, let me once again thank you for your interest in the Audain Art Museum and I look forward to being in touch with you and your office in the weeks to follow.

Regards, Curtis

Hi Geoff,

Nice to see you at UBCM last week. Hope you're getting a bit of rest before the session starts.

I'm following up on our conversation regarding a meeting with the Premier on the afternoon of Wednesday November 7. We have our

Board in Victoria that day and will be having a breakfast with the government caucus the next morning. I thought it would be a good opportunity for our senior executive to meet with the Premier to discuss our plans for BC and provide a perspective on energy from the Fortis Group of Companies. We'd plan to have Fortis Inc. President and CEO Barry Perry, Fortis Inc. Executive Vice President Western Operations David Hutchens and FortisBC President and CEO Roger Dall'Antonia in attendance. Fortis Inc. now has over 3.3 million customers and \$50 billion in assets in 10 utility operations across Canada, the United States and the Caribbean. I believe they'd have some interesting perspectives to share with you.

Looking at timing, best availability for them is sometime between 2:15 to 4 or 5:45 to 6:30 on the afternoon of Wednesday November 7? I'm thinking it should take about 45 minutes.

Could you let me know if that timing might work for you?

Regards,

Dave

Hi Brad,

I'm aware our whips office has been trying to reach you concerning the reception you are hoping to host on October 2nd. Unfortunately the 2nd will not work as we have an all member caucus meeting. If you would like to have it on the 1st MLA's can be there however there will be some in a committee meeting. For the best results we recommend the Wednesday, 3rd evening. Please connect with Teresa from the whips office as soon as possible to confirm.

Dear Minister

Further to our earlier letter, from October 1 to 3, the United Steelworkers will be conducting a "Steelworkers Lobby Day" at the BC Legislature. Our union is proud to represent over 30,000 men and women in the province who work in a number of diverse industries including mining, forestry, manufacturing, telecommunications and health care.

We're pleased with the progress that the British Columbia Government has made on a number of fronts that are of real importance to working people. It's been a privilege to work with the province on these initiatives and to see the positive changes it's made.

It is our hope to meet with you sometime during October 1 -3 to discuss issues that are critical to our members who work in BC.

Your time and attention to our members' concerns is very much appreciated.

Sincerely,

Scott Lunny,
Assistant to the Director
United Steelworkers District 3

Yes sending the agenda out attached to the meeting notice would be great and could I ask that you also take charge of sending a call out for any materials that need to be reviewed to be sent to you for distribution prior to the meeting? If you could be the coordinator for this it would be very much appreciated.

We also need to set up a similar formatted weekly meeting on the climate action strategy, including a briefing to start. Could I ask you to take charge of that too? Attendees should include Mira Vanessa Sage yourself, Geoff and I as well as the SMAs involved in the plan including Caelie and Melissa Sanderson. Check to see if we should add Jon Robinson too please. Thanks!!

Hi Mark and Mark,

As discussed yesterday, I would appreciate it if you could arrange contact between Hans Frederiksen, in PJH's constituency office, Kate Van Meer-Mass in the Premier's Office and Sean and Andy.

What we were hoping is that we could get them a briefing on what is going on on the ground, and provide a regular check-in to monitor the situation as it evolves.

Hans knows everybody in the community, and will be a useful resource for information going in both directions.

Thanks.

Don.

We realize everyone is quite busy but suggest that one of you advise us on a time and location to meet and we'll ensure we're there. We can be available today or tomorrow however I'm assuming it won't be between 2:30 and 4:00 today due to the other meeting in the campground area of the park at 3:00.

Hello Everyone. I am attempting to catch up to the discussion. I've spoken to Kate just now.

I understand we are arranging a meeting with Chief Superintendent Sullivan, myself, Kate and Hans. Perhaps others, I'm not certain. I will make myself available anytime for this that works for others. I'm not sure if you have a location for this meeting, such as the West Shore Detachment, however the BC Parks Office at Goldstream Park, adjacent to Highway #1 and behind Ice Cream Mountain (note this is about 2km from the campground) can be made available.

I understand there is a separate, second meeting on site in the campground that Kate is arranging. I will make myself available for that meeting as well. I understand it is to be at 3:00 p.m.. Kate, I suggest we meet at the "Gatehouse", which is beyond the entrance gate and down the hill as one enters the main campground. We could initially gather at this location. I would meet you at the entrance gate and escort you to the Gatehouse.

Please let me know further details. I will attempt to find a phone number for Chief Superintendent Sullivan so that I can make contact with him as per Mark Sieben's request.

If there is any further information please let me know.

Hi Mark and Mark,

As discussed yesterday, I would appreciate it if you could arrange contact between Hans Frederiksen, in PJH's constituency office, Kate Van Meer-Mass in the Premier's Office and Sean and Andy.

What we were hoping is that we could get them a briefing on what is going on on the ground, and provide a regular check-in to monitor the situation as it evolves.

Hans knows everybody in the community, and will be a useful resource for information going in both directions.

Thanks.

Don.

Subject: RE: September 24 Update - 1800 hrs.

Hi Everyone - A brief update, given all is peaceful in the campground at this time. We have two Park Rangers working in the park until 2000 hrs. this evening and the security guard is managing the gate until 0830 hrs., after which the gate management is handed off to our Park Operator.

- **Food Storage:** BC Parks staff have arranged for a small, metal shipping container type facility to be installed in a central area where the campers are located. It was dropped off at about 1600 hrs. and the campers seemed quite pleased that they have a safer way in which to store their food. We will work towards placing a laminated sign with very basic instructions on the need to use it and shut the doors when it is not being used. We have been stressing messages about bear safety and the importance of keeping a clean camp and minimizing attractants.

- **Firewood:** BC Parks staff arranged for another several bundles of firewood to be dropped off for the campers.
- **Garbage:** The campsite is relatively clean with no signs of garbage issues however we are continuing to secure a garbage removal service. This has not yet been done however there are no issues with garbage at this moment.

Meeting/ Tour: At Kate's request, Mickey and I attended a meeting that included the Premier's CA (Hans Fredrickson), a representative from BC Housing, a representative with Pacifica Housing (one of the support organizations authorized to enter the campground to provide support) and two gentlemen that have been asked to represent the local community and their concerns. Also in attendance was two RCMP officers. This was a productive meeting and tour that allowed for some necessary discussion and opportunity to provide BC Housing, Pacifica and the local representatives with improved clarity on how and why the situation is being managed. The two local community rep.'s expressed their appreciation for the opportunity to meet with us, view the campsite and meet some of the campers. They appeared to be developing a positive relationship with the campers during the time that they were with us. They explained that it gave them a better understanding and appreciation of the situation and confirmed that they would report back to their other members over the next day. Before leaving the campsite they spoke via cell phone to Premier Horgan. Premier Horgan has asked that we add these two representatives of the local community to our list of those orgs/individuals that are authorized to enter the campsite to provide support. I spoke with Kate and explained that we will add them to our list and ensure that they have a Park Ranger escort to the campsite. They explained that they don't expect this to be a regular occurrence but would appreciate the opportunity to be able to speak with the campers in the future.

Mickey and I received questions from a camper and the representative from BC Housing regarding government's timeline for the group to vacate the park and if advance notice (such as one or two weeks) is going to be provided to them so that they can make preparations. I explained that at this time I could not provide a direct answer to those questions, however asked if they were aware of the 14 day maximum stay in the park regulation. They explained they were aware of this. The conversation was left at that. We received a reference to a rumour that's circulating that individuals currently in the Nanaimo "tent city" will be moving to Goldstream Park to join the current group.

All for now.

Subject: RE: September 24 Update - 0900 hrs.

Hi Everyone - Reports from last night indicate everything was relatively quiet and peaceful at the entrance gate and the campground. The Park Operator is currently staffing the gate with support from Park Ranger staff when needed. We currently have 3 Park Rangers conducting patrols, inspecting facilities and making contact with the campers.

Late last night there was one attempted entry by an individual who stopped at the gate requesting entry, claiming to be a reporter from the Times Colonist. After being refused, she claimed to be a friend of one of the campers but was again refused. Just an example of some of the activity at the gate from time to time. Again, the situation at the gate

and in the campground is currently quiet. A "best possible" head count this morning indicates the same number of campers, no apparent increase however it is possible that we may be one or two less or more than the original 36 that we identified a few days ago.

Some of my time yesterday was making an important connection with BC Housing to better understand and coordinate some core needs at the camp including "harm reduction supplies" (clean needles, sharps containers, etc.); garbage disposal (includes some garbage with used needles); and food storage containers (due to food being left in the open, not secured). I had a productive, lengthy discussion with BC Housing's Director of Operations for Vancouver Island. Her name is Heidi Hartman and was helpful in providing that 1:1 operational connection between BC Parks and the several support agencies that we're allowing entry to the campground. I see the working relationship with Heidi being important in order to streamline communications between BC Parks' field operations and the social/ medical support being provided in the campground. Heidi has arranged for a second delivery of harm reduction supplies and found my updates on BC Parks' efforts helped her better understand the situation on-the-ground and the role of BC Parks' beyond standing at the gate. She had heard some rumours that were not factual and that was also helpful to her as she manages the situation on her end. Heidi attended the community meeting yesterday. She explained there were approximately 100 people in attendance, including speakers. Two other key pieces of business we're working on today include providing containers for food storage (BC Parks will purchase and deliver to the campsite) and regular garbage disposal given our Park Operator is no longer prepared to provide this service, due to their staff safety concerns about needles in garbage. I have discussed with the Conservation Officer Service (Scott Morris and Peter Pauwels) their concerns and ours about bear safety, human-wildlife conflicts. The delivery of food storage boxes and arrangements for alternative garbage disposal today will certainly help with those concerns.

We do need to begin discussions about October 1, the availability of beds and how that does or doesn't affect how this type of situation affects Goldstream Park and other parks. I'll wait for direction on any discussion you wish to have. I've no doubt you're thinking of this and other implications.

I'm wondering if you folks would feel comfortable with me reporting once per day now we're through the weekend. That could be done at 1800 hrs. Please let me know either way. I'm more than fine providing twice daily updates but seems at this point we could go to once per day with additional updates provided if needed.

That is all for now. I will maintain contact as I work at the Goldstream Office today.

Thanks.

Subject: Re: September 23 Update - 1800 hrs.

Hi Everyone - The area at the gate remains relatively quiet and peaceful.

As mentioned earlier, we have been receiving a few (not many) requests for friends, family to enter. We've maintained our same response and explanation. This afternoon we had a small (5-6) group of

Indigenous individuals that are friends/ family ask for entry with the rationale that the campsite is in their traditional territory and they have a traditional right to access. We maintained the same rationale, explaining that we are managing access in this way due to our concerns about public health and safety, the need to control the situation for everyone's benefit. This explanation has appeared to resolve the situation, at least for now however they filmed our Park Ranger explaining this and then left.

We believe that access from other entry points (minor to this point) will need to be addressed better and therefore we will be producing signs that will be installed at strategic locations tomorrow. The language on the signs will be brief, simply explaining that entry to the campground at this time is not allowed.

I understand the meeting at Ma Miller's was civil. We had no "spill-over" issues at the gate. One of our staff did hear talk of "locals forcing them to move to the Group Campground" but nothing more. I understand the Mayor of Langford attended as did a rep or two from the RCMP and one of the spokespersons from the homeless campers. We have Park Ranger staff working until 2000 hrs. Security will remain at the gate through the night from our security company.

All for now. Will provide an update at 0900 hrs. tomorrow morning.

The RCMP responded with officers in two vehicles shortly thereafter and found the site to be peaceful and no sign of individuals with baseball bats. Hi All,

I just spoke with the organizer of the Reconciliation event in Duncan this Friday evening. They are inviting one or two members of the local media (TBD) who will be able to be witnesses but there is no photography allowed on site beyond their one contractor photog. There will be a recognition honouring retiring Mayor Phil Kent of Duncan, but no people running for office will be given any role.

After the honouring of the mayor 5-6 elders and community members will speak about what they have learned and seen over the past 10 years since the North American Indigenous Games. After this, the elders will call upon certain people in the room to be witnesses and speak about what they have seen thus far at the event. This is where the Premier is likely to be called upon. I'm told that the elders decide this at the event, so there is no way to know for sure that he will be called upon, but it is very very likely. There is also no way to know how many people will be called upon or the sequence. I can push back on this if you'd like, let me know.

For the Sunday events, it looks like we will be able to get him from one to the other. For the Law Enforcement Memorial, he can arrive at noon or soon after and go to the Hemlock room and meet with the families of the fallen officers (as opposed to marching with the officers in the parade from the harbour). They will go outside at 12:40 and take a seat in a VIP section. He will be invited to speak at 1:05 or 1:10 for 1-2

minutes. After a number of other ceremonial things occur, he will be one of 5 people to lay a wreath, at roughly 1:30 or 1:40 at the latest I'm told, and can then depart to go to Centennial Square for the Orange Shirt Day Commemoration.

I'll put all of this in an itin, but just wanted to run through it in case we want to push for more specifics about Friday night, or wanted to walk in the parade Sunday instead of visiting the families.

Thanks
Rick

Hey Don,
I've attached the event plan and itinerary here for your review.

Essentially we're looking for three things:

1. Candid photos from throughout the event.
2. Ceremony photos – During the ceremony, each of the 9 winners will go up on stage to receive their award and pose for a photo with the Lt. Gov., Premier Horgan and Minister Fleming.
3. Post-ceremony group shot – The 9 winners and 18 runner ups, Lt. Gov, Premier Horgan and Minister Fleming will pose on an internal stairwell.

We have encountered a number of protocol issues here as Government House has their own way of doing things.

Perhaps Rick can chime in here as he did a site tour with Heidi Elliott, who is in charge of events there to offer some insight as to what is allowed, space constraints etc.?

Rick, if you're unsure I can connect Heidi and Don to chat about this?
Thanks for all,
Erin

I am mainly interested in what lighting I may have to bring for the event. Specifically if there will be a formal group shot that will require additional lighting.

The house isn't sitting on the 10th (thanksgiving week) and I don't think there is a cabinet meeting (or there isn't one in the Premier's calendar at least).

It also raises the question of where this would be as the initial choice of the Ministry was to do it in the Lower Mainland. If that is the case this is the day of the Premier's joint chat with Gov Inslee in Vancouver, just FYI.

If it is here that is obviously less of a concern.

Thoughts on timing for this one?

Oct 2 open – Minister Sims is speaking/hosting an OCIO conference that morning at 8:30. Otherwise nothing on calendar yet.

Oct 10 is a Wednesday – which means it would be immediately after Cabinet.

Subject: Proposed Shift Into Winter event

Good morning Cara and Michael,

We had to postpone our *Shift Into Winter* event, which was initially set for tomorrow, but moved due to a late scheduled Premier's event at roughly the same time in the Lower Mainland.

We are trying to nail down a date/time for next week, on the steps of the Legislature. This is a fairly time sensitive event/announcement, as the winter tire regulations go into effect Mon. Oct. 1, and hold the event too far beyond that date wouldn't make much sense.

Our minister has limited availability next week, so I wanted to check in with you both to see if any of these times would work in the overarching government schedule:

Tuesday Oct 2 – 9-9:30 AM, or 12-12:30 PM

Wednesday Oct 10 – anytime between 12 and 2

We realize our Mo needs to re-pitch the event on Friday, but thought it would be a good idea to proactively check on these times with you both beforehand.

The updated event pitch is attached, for your reference.

Thanks!

Dear Mr Horgan,

I am a resident of the Goldstream neighbourhood, and am concerned for the safety of the people of camp namegans. I am in support of the campers and feel that the paranoia and lack of respect from my fellow neighbours I putting these people in jeopardy.

I would love to see the campers temporarily moved to the Goldstream Campground group site on the other side of the highway, as a safe place to stay until a permanent resolution can be made. At the group site, they would have a large space for their tents and a shelter with sinks and wood stoves for a communal kitchen area.

I feel that this would be a reasonable solution to appease the neighbourhood as well as taking care of the homeless citizens.

Thank you for you time,

Thanks Matt.

Here's what I'm thinking for this afternoon's rollout then:

- I'll coordinate timing of when BC Housing staff can be on site to speak to campers, and fit with MSR schedule for a call with Mayor, so that both are told at the same time, and not hearing through media.

- To follow that, we will update our media statements to reflect the overall timing of plan, in more general terms, and will share the public statement and this information as background with the south island MLAs, with a request that all media on this continue to be forwarded to our ministry.
- I'm also going to share the updated media statement part only, with CAs, our office staff, and our DMO staff who answer calls so that they are consistent.

Kate – once we have that statement and have updated the campers and mayor, did you want to speak to the community members, or should we go through the constit office?

Minister of Municipal Affairs and Housing's statement on the Goldstream Provincial Park Encampment

VICTORIA – Selina Robinson, Minister of Municipal Affairs and Housing, has released the following statement regarding homeless campers at Goldstream Provincial Park.

“A plan is in place to provide shelter and housing for all homeless campers currently staying at Goldstream Provincial Park. People will begin to transition into housing and shelters on October 1, 2018, and BC Parks will notify the public once the campground is ready to reopen. The day use area and group sites remain open.”

“Between now and Monday, BC Housing and outreach staff will continue to work with campers to match them with the right housing for their individual needs. Ultimately, our goal is to ensure the safety of everyone involved and assist campers in a respectful transition before the morning of October 2, 2018, which is the expiry of the 14 day maximum stay at provincial parks.

“BC Housing and outreach staff will work to decamp the park and transition campers to shelter and housing. Transportation to housing and storage for personal belongings will be organized for campers starting October 1, 2018. Outreach staff will assist campers in moving into shelter or housing prior to October 1 as those opportunities arise.

“In the immediate term, Pacifica Housing will also continue to deliver daily outreach and provide harm reduction supplies and other necessities to the campers.

“BC Parks will work with BC Housing with the goal of achieving voluntary departure of the campers. In the event that people choose to remain past the Oct. 2 deadline, BC Parks will evict campers in accordance with parks policy, and in coordination with the RCMP, other ministries and outreach workers.”

Dear Selina, Carol, and John.

First, please accept my sincere gratitude for the time and energy that you have (and will!) invest in the flood recovery process. Your attention is important for--and appreciated by--the community.

I wanted to recap our conversation from today, Carol, and ensure that the others understand where we're at as well.

We need a decision on the emergency housing, which is about a \$3 million proposal that includes (1) temporary mobile units, (2) hotel/motel/short-term rental financing, (3) existing rental unit financing,

(4) rental unit mobilization and development, (5) restoration financing, and (6) administrative support for all this.

We don't want this proposal to get hung up on other funding decisions that it's saddled to, because it's getting dangerously cold. Other decisions (e.g. the need for case-managers for wellness supports) are equally critical to recovery process and the well-being of the community, but we need each decision point to not be slowed by independent obstacles.

In parallel, our Provincial recovery framework is lacking a forum for strategic policy dialogue. While the PDRB and EMBC processes are delivering effective operational conduits between local and provincial activities, we are not setting clear vision, objectives, and outcomes from the political level to guide those operational decisions. In other jurisdictions (countries) such a liaison exists to help deliver those guiding principles for operational delivery. This would assist in ensuring alignment of solutions that are developed internally with needs in the community, and monitoring success for our shared objectives. This is particularly something to consider from the Premier's cross-ministry perspective, John. Let's work on this?

As a case-in-point, the emergency housing decisions ought to be tested against some agreed policy objectives such as

- (a) saving lives and improving health,
- (b) financial accountability and saving money,
- (c) Creative strategies to deliver permanent solutions, and
- (d) respecting legislative obligations.

I have been an ardent supporter of our partnership with the Province, as well as the receptivity, openness for creativity, support and patience that you at the Province have exhibited. There's some strain on that recently, but I still really believe that we're charting a productive path forward as a Provincial "disaster recovery guinea pig" that will end with a better future for both the future model of recovery and our communities here and now. Thank you.

And again, thank you each for your time and attention,
Roly.

Hello everyone

Gate

- Relatively quiet today
- One possible filmmaker situated at gate for most of the afternoon. Said his intention is to "document and witness everything"
- One possible Nanaimo tent city camper turned away. Stated she was homeless looking for shelter

Campground:

- Most recent count – 25 campers. 21 of those are on BC Housing's list
- Most campers downtown today for cheque issue day. Starting to filter in now

- We've asked Pacifica to come in to dispose of garbage bags in the outhouse with needles sticking through, and bring in more sharps containers as an alternative

Upcoming visits/events:

- Thursday 11AM: BC Housing and Pacifica outreach staff to communicate shelter and moving plans to campers. BC Parks rangers to accompany outreach to speak to 14 day limit;
- Thursday noon: Goldstream Stewards (2 neighbours) to inspect campground;
- Friday 6:45PM: Citizen counter-protest planned to attempt to enter campground
- Saturday noon: Camp Namegans "Break the Blockade" rally planned at gate
- Saturday noon: Closed facebook group 'Tent City Rants' planning walk into campground via trails to 'inspect' campground.

(we're alerting RCMP re all 3 events and are reworking the ranger schedule for additional support)

Subject: RE: September 25 Update - 0900 hrs.

Hi Everyone. The area at the entrance gate and campground is peaceful and relatively clean. All is orderly, most campers are currently in their tents.

There has been an article in the Times Colonist this morning that refers to some neighbours wanting to move the campers to the Group Campground. We are not aware of any interest by the campers to move to the Group Campground. A decision was made last weekend to open the Group Campground. The Group Campground is booked by two parties on the 28th and one party on the 29th. Included within those dates is a wedding and a school group. Additional bookings occur on the 5th, 18th, 19th and 21st.

We have had a request by the Foresquare Gospel Church of Canada to allow two of their Ministers access to the campers to provide spiritual services to a few campers they work with. We have added the church to our list of those that we permit access. The list of organizations and individuals that are allowed access extends across a range of support that would be needed for the group.

We have Park Ranger staff working in the park, on patrol and speaking to the public and campers at various times when needed.

All for now.

Thanks.

Subject: RE: September 24 Update - 1800 hrs.

Hi Everyone - A brief update, given all is peaceful in the campground at this time. We have two Park Rangers working in the park until 2000 hrs. this evening and the security guard is managing the gate until 0830 hrs., after which the gate management is handed off to our Park Operator.

- **Food Storage:** BC Parks staff have arranged for a small, metal shipping container type facility to be installed in a central area where the campers are located. It was dropped off at about 1600 hrs. and the campers seemed quite pleased that they have a safer way in which to store their food. We will work towards placing a laminated sign with very basic instructions on the need to use it and shut the doors when it is not being used. We have been stressing messages about bear safety and the importance of keeping a clean camp and minimizing attractants.
- **Firewood:** BC Parks staff arranged for another several bundles of firewood to be dropped off for the campers.
- **Garbage:** The campsite is relatively clean with no signs of garbage issues however we are continuing to secure a garbage removal service. This has not yet been done however there are no issues with garbage at this moment.

Meeting/ Tour: At Kate's request, Mickey and I attended a meeting that included the Premier's CA (Hans Fredrickson), a representative from BC Housing, a representative with Pacifica Housing (one of the support organizations authorized to enter the campground to provide support) and two gentlemen that have been asked to represent

the local community and their concerns. Also in attendance was two RCMP officers. This was a productive meeting and tour that allowed for some necessary discussion and opportunity to provide BC Housing, Pacifica and the local representatives with improved clarity on how and why the situation is being managed. The two local community rep.'s expressed their appreciation for the opportunity to meet with us, view the campsite and meet some of the campers. They appeared to be developing a positive relationship with the campers during the time that they were with us. They explained that it gave them a better understanding and appreciation of the situation and confirmed that they would report back to their other members over the next day. Before leaving the campsite they spoke via cell phone to Premier Horgan. Premier Horgan has asked that we add these two representatives of the local community to our list of those orgs/individuals that are authorized to enter the campsite to provide support. I spoke with Kate and explained that we will add them to our list and ensure that they have a Park Ranger escort to the campsite. They explained that they don't expect this to be a regular occurrence but would appreciate the opportunity to be able to speak with the campers in the future.

Mickey and I received questions from a camper and the representative from BC Housing regarding government's timeline for the group to vacate the park and if advance notice (such as one or two weeks) is going to be provided to them so that they can make preparations. I explained that at this time I could not provide a direct answer to those questions, however asked if they were aware of the 14 day maximum stay in the park regulation. They explained they were aware of this. The conversation was left at that. We received a reference to a rumour that's circulating that individuals currently in the Nanaimo "tent city" will be moving to Goldstream Park to join the current group. All for now.

Subject: RE: September 24 Update - 0900 hrs.

Hi Everyone - Reports from last night indicate everything was relatively quiet and peaceful at the entrance gate and the campground. The Park Operator is currently staffing the gate with support from Park Ranger staff when needed. We currently have 3 Park Rangers conducting patrols, inspecting facilities and making contact with the campers.

Late last night there was one attempted entry by an individual who stopped at the gate requesting entry, claiming to be a reporter from the Times Colonist. After being refused, she claimed to be a friend of one of the campers but was again refused. Just an example of some of the activity at the gate from time to time. Again, the situation at the gate and in the campground is currently quiet. A "best possible" head count this morning indicates the same number of campers, no apparent increase however it is possible that we may be one or two less or more than the original 36 that we identified a few days ago.

Some of my time yesterday was making an important connection with BC Housing to better understand and coordinate some core needs at the camp including "harm reduction supplies" (clean needles, sharps containers, etc.); garbage disposal (includes some garbage with used needles); and food storage containers (due to food being left in the open, not secured). I had a productive, lengthy discussion with BC Housing's

Director of Operations for Vancouver Island. Her name is Heidi Hartman and was helpful in providing that 1:1 operational connection between BC Parks and the several support agencies that we're allowing entry to the campground. I see the working relationship with Heidi being important in order to streamline communications between BC Parks' field operations and the social/ medical support being provided in the campground. Heidi has arranged for a second delivery of harm reduction supplies and found my updates on BC Parks' efforts helped her better understand the situation on-the-ground and the role of BC Parks' beyond standing at the gate. She had heard some rumours that were not factual and that was also helpful to her as she manages the situation on her end. Heidi attended the community meeting yesterday. She explained there were approximately 100 people in attendance, including speakers. Two other key pieces of business we're working on today include providing containers for food storage (BC Parks will purchase and deliver to the campsite) and regular garbage disposal given our Park Operator is no longer prepared to provide this service, due to their staff safety concerns about needles in garbage. I have discussed with the Conservation Officer Service (Scott Morris and Peter Pauwels) their concerns and ours about bear safety, human-wildlife conflicts. The delivery of food storage boxes and arrangements for alternative garbage disposal today will certainly help with those concerns.

We do need to begin discussions about October 1, the availability of beds and how that does or doesn't affect how this type of situation affects Goldstream Park and other parks. I'll wait for direction on any discussion you wish to have. I've no doubt you're thinking of this and other implications.

I'm wondering if you folks would feel comfortable with me reporting once per day now we're through the weekend. That could be done at 1800 hrs. Please let me know either way. I'm more than fine providing twice daily updates but seems at this point we could go to once per day with additional updates provided if needed.

That is all for now. I will maintain contact as I work at the Goldstream Office today.

Thanks.

Subject: Re: September 23 Update - 1800 hrs.

Hi Everyone - The area at the gate remains relatively quiet and peaceful.

As mentioned earlier, we have been receiving a few (not many) requests for friends, family to enter. We've maintained our same response and explanation. This afternoon we had a small (5-6) group of

Indigenous individuals that are friends/ family ask for entry with the rationale that the campsite is in their traditional territory and they have a traditional right to access. We maintained the same rationale, explaining that we are managing access in this way due to our concerns about public health and safety, the need to control the situation for everyone's benefit. This explanation has appeared to resolve the situation, at least for now however they filmed our Park Ranger explaining this and then left.

We believe that access from other entry points (minor to this point) will need to be addressed better and therefore we will be producing signs that will be installed at strategic locations tomorrow. The language on the signs will be brief, simply explaining that entry to the campground at this time is not allowed.

I understand the meeting at Ma Miller's was civil. We had no "spill-over" issues at the gate. One of our staff did hear talk of "locals forcing them to move to the Group Campground" but nothing more. I understand the Mayor of Langford attended as did a rep or two from the RCMP and one of the spokespersons from the homeless campers. We have Park Ranger staff working until 2000 hrs. Security will remain at the gate through the night from our security company.

All for now. Will provide an update at 0900 hrs. tomorrow morning.

The RCMP responded with officers in two vehicles shortly thereafter and found the site to be peaceful and no sign of individuals with baseball bats. We believe the homeless campers are concerned about their safety, given the verbal confrontations and threats that occurred yesterday afternoon at the entrance gate between “locals” and one or two homeless campers. The word of those confrontations would have traveled back to the main group of homeless campers.

Further, the RCMP have explained they expect 500 residents to attend the community meeting tomorrow at 1:00. This meeting will apparently be at Ma Miller's Pub, approximately 100 metres from the park entrance gate. Not a good venue in my view. Hi Rick, here is the draft Orange Shirt Day itinerary.

(Note: Please expect there to be some changes over the course of the next few days. For example, they are waiting to hear if the blanketing ceremony will move earlier in the program to occur after the blessing.)

The following responses are also addressed in the Run-of-Show:

- **Where should the Premier go upon arrival and who should we contact? (He will arrive sometime between 1:45 and 2:00pm.)**
The Premier should head to the VIP floor seating area near the front of the stage in Centennial Square. An end-isle seat will be reserved for him. Michelle Harris, Strategic Planning and Communications Advisor at the City of Victoria can be contacted on her cell at 250-507-1056. Texting may be better than a phone call during the ceremony. Michelle will be onsite watching for the Premier.
- **When will the Premier speak / what is the agenda around him?**
The Run-of-Show notes the Premier speaking as early as 1:45pm, after Minister Scott Fraser. Please note if the program is running early, the Premier may end up speaking closer to the end of the formal speeches portion of the ceremony (noted as ending at 2:18pm), but hopefully before the Open Mic section which follows until 3pm. As soon as the Premier arrives, Michelle Harris will alert the Emcee. Details of the agenda around him are outlined in the Run-of-Show attached. They are aware he may not arrive until 2pm.

- **Where will the Premier be for the duration of his time there when not speaking, most importantly if he will be seated on stage or just in the audience?**

Upon arrival, the Premier will be seated in the VIP floor seating end-isle seat that is reserved for him. When the Emcee invites the Premier up to the stage to speak, he will be blanketed on stage, and then have an opportunity to speak and present the Proclamation to Eddy Charlie and Kristin Spray, who will be already seated on stage. When the Premier is finished speaking, there will be a reserved seat for him on stage.

Note: Please let us know in advance when the Premier needs to leave (e.g. after Eddy and Kristin speak, but before the Open Mic, or at the end of the ceremony's closing remarks) so that the Emcee can mention an early departure, if needed. The Centennial Square stage is easy to exit from either side.

- **When is the event likely to wrap and the Premier is able to depart?**

The projected end-time of the formal speeches is approximately 2:20pm. The Open Mic portion of the event is available for approximately 30-40 minutes following (or longer if need be), which should take us to 3pm. Closing remarks by Emcee are at 3pm. Photos and mixer time is from 3-4pm. Please note that the Open Mic dialogue may get heated.

Let me know what else you need.

Thanks,
Sarah.

Hi Sage,

MIRR has prepared a briefing note to support the Premier's attendance at the Duncan reconciliation event on Friday Sept. 28. It includes protocol information and suggested talking points.

Please note that the Premier should wear clothing with pockets. From MIRR: "He will likely end up with a lot of coins in his hands, and it is fine for him to put them in his pocket when/if his hands get too full, and at the end after everyone is done giving him the coins he can put all of them in his pocket."

MIRR advises that the Premier is welcome to contact them at any time should he have any questions or need additional guidance.

Scott. The BC Lions have confirmed they will not be doing a skills for Life Summit this year. Minister's office will be interested in knowing this ASAP because I know the PO has been inquiring about the summit this year.

Would you like me to connect with Veronica? And looking for direction on committing funding next year?

Just confirming that we will unfortunately not be moving forward with the Skills for Life summit in 2018. We do have some interested parties in this initiative but have run out of time for this year. We are going to shift our focus with the interested parties to execute the program in 2019 and hope to have an agreement secured before the end of this year. In order to make that happen we are asking for the province to confirm that they are able to commit for 2019 given we were unable to execute the program this year. George has reached out to Jennifer with a voicemail this afternoon and we hope to hear back at your earliest convenience. Thank you.

Hello Don,

Just thought I would follow up to ensure that the email sent last Wednesday was received at your end along with the attachments.

Also thought I would let you know that we are now looking into organizing a live webcast of the opening ceremonies of the International Forum on Disability Management - IFDM 2018 - on the morning of October 15.

If you have any questions with regard to our email and/or attachments, please let us know and we would be more than happy to respond. We are in the office all of this week, but will be in Toronto for the first half of next week as our President, Wolfgang Zimmermann, is speaking at a conference there to help promote the IFDM 2018 in Vancouver, and also it's an opportunity to promote the University.

Kind regards,

Subject: Vacation Leave

To: Staff Supervisors, Premier's Office

A reminder of vacation rules as we head into the summer season. Please work with your staff team to build a vacation schedule that complies with the rules below and ensures appropriate coverage. It should strike a balance between ensuring employees get the desired time off and meeting the operational requirements of your office.

All leave requests must be approved by staff supervisors.

You can contact me with any questions.

- Most staff are entitled to 4 weeks of vacation each calendar year, January 1 to December 31 (for employees with 1-7 years of government service, this does not include time spent in the Legislative Assembly). Please check Time and Leave system for exact entitlement. Note that the category titled Bill 66 refers to the amount an employee has carried.
- Employees are required to take a minimum of 105 hours (3 weeks) of vacation each year. For staff with a 4 week entitlement this means they can carry-over 1 week or 35 hours to the next calendar year.

- Any vacation time that is carried forward to the next year must be used by the end of that year, you cannot carry a balance forward, either in time or in pay-out for more than one year.
- Employees can be paid out for unused vacation balances if approved by the Employer for operational reasons, i.e. employee's vacation time cannot be scheduled due to extreme workload requirements. This would require prior approval from the Chief of Staff.
- Employees are entitled to take at least 15 days of uninterrupted vacation time.
- Vacation time cannot be borrowed from future years.

From the Terms and Conditions of Employment for Order in Council Employees:

43. Annual Vacation Entitlement

43.1 Auxiliary Employees Under 1,827 Hours

1. An auxiliary employee will be entitled to receive vacation pay at six percent of their regular earnings.
2. An auxiliary employee shall receive their earned vacation pay biweekly.
3. After six months from date of hire, an auxiliary employee may elect to take a leave of absence without pay for up to 15 workdays (maximum of 105 hours) in any calendar year. The granting and scheduling of this leave of absence without pay is subject to operational requirements and the vacation schedules of other employees and must not result in any increased costs to the employer.

43.2 Statutory Term

At the termination of his or her appointment, a statutory term individual shall receive vacation pay equal to four percent of total salary earned during the period worked.

43.3 All employees / Appointees Except Auxiliary Under 1,827 Hours, Statutory Term and OIC Category D

1. A regular full-time employee/appointee who has received at least 10 days' pay for each calendar month shall have an annual vacation entitlement as follows:

Vacation Year	Working Days
1st to 7th vacation year	20 working days
8th vacation year	22 working days
9th vacation year	23 working days
10th to 11th vacation year	25 working days
12th vacation year	26 working days

13th to 15th vacation year	27 working days
16th to 18th vacation year	28 working days
19th vacation year	29 working days
20th vacation year	31 working days
21st vacation year	32 working days
22nd vacation year	33 working days
23rd to 24th vacation year	34 working days
25th vacation year and thereafter	35 working days

2. During the first six months of employment, a regular employee/appointee may be granted annual vacation to the extent of earned vacation credits.
3. Upon qualifying for vacation leave, an auxiliary employee will earn vacation in accordance with subsection (1).
4. Payment for vacation is at an employee/appointee's basic rate of pay. However, if an employee/appointee has been working in a higher paid position other than their regular position for a majority of their regularly scheduled hours during the 60 work days immediately preceding the vacation, they will receive the higher rate of pay for that vacation period.
5. An employee engaged on a part-time basis shall be entitled to annual vacation on a pro rata basis as above.

43.4 Added Vacation for Deputy Ministers and Associate Deputy Ministers

Persons appointed or designated as deputy ministers or associate deputy ministers shall also be entitled to an additional special vacation leave of five days per calendar year, pro-rated for a partial year of service.

44. Vacation Year: Credits for All Re-Employed Employees / Appointees Except Auxiliary Under 1,827 Hours, Statutory Term and OIC Category D

1. The vacation year is the calendar year commencing January 1 and ending December 31. An employee/appointee's first vacation year is the calendar year in which their first anniversary falls.
2. Commencing January 1, 2009, regular employees who have been or are subsequently re-employed after breaks in service from their employment/appointment due to resignation, retirement, or layoff after one year, shall have vacation years accumulated during their previous employment/appointments (including time accumulated as an auxiliary with 1,827 hours) included in the determination of their current vacation year.

45. Earning Vacation Entitlement: All Employees / Appointees Except Auxiliary Under 1,827 Hours, Statutory Term and OIC Category D

1. An employee/appointee earns 1/12 of the annual vacation entitlement for each month in which they receive 10 days' basic pay.
2. In addition to regular working days, any paid leave of absence excluding periods during which the employee/appointee is in receipt of Short Term Injury or Illness Plan benefits is included when computing paid days for the purpose of calculating the vacation leave entitlement under subsection (1).
3. Service with an agency listed in Schedule 9 may be included in the calculation of vacation leave entitlement provided no break in service occurred between employment with that agency and the employee's appointment to the public service.

46. Vacation Scheduling: All Employees / Appointees Except Auxiliary Under 1,827 Hours, Statutory Term and OIC Category D

1. Vacation leave shall be scheduled and taken on a calendar year basis and may not be borrowed from future years.
2. Each employee/appointee's wishes, in concert with operational requirements, will be considered when scheduling vacation.
3. Each employee/appointee should have the opportunity to schedule at least 15 days of vacation leave in one uninterrupted period within each calendar year.
4. A minimum of 105 hours of current vacation entitlement, pro-rated for part-time employees and employees who have not earned a full year's leave entitlement, shall be scheduled and taken each vacation year unless:
 1. the deputy minister has directed the employee/appointee, in writing, to cancel scheduled vacation leave due to extreme pressures of work or other extenuating circumstances; or
 2. the employee/appointee was on extended paid sick or other paid leave during the time the vacation was scheduled and was therefore unable to use this minimum vacation entitlement; or
 3. the employee/appointee is in the first partial vacation year.
5. Any balance of unused vacation leave earned in a year will be paid out or carried over in accordance with the applicable provisions of sections 47 and 52.
6. An unbroken vacation period commencing in December of one year and carrying over to January of the next shall be considered vacation time for the year in which it commenced. The portion of vacation taken in January shall not be considered as vacation carry-over or as a choice for the new vacation year.
7. If an employee/appointee has taken more vacation time than he or she is entitled to, the unearned portion shall be charged against future earned credits or recovered upon termination, whichever occurs first.
8. Any displaced vacation shall be taken at a mutually agreeable time.

47. Vacation Carryover: All Employees / Appointees Except Auxiliary Under 1,827 Hours, Statutory Term and OIC Category D

1. At the completion of a vacation year, employees/appointees can opt to have:
 1. Any remaining balance of vacation leave earned in that year paid out,or

2. Any remaining balance of vacation leave earned in that year carried over (subject to the time bank limitations described below) and used as vacation leave in the vacation year immediately following, or
3. A combination of (1) and (2).
2. Time bank limitations:
 1. If an employee has time banks (accrued prior to January 1, 2003), the total of this banked time and any carryover of current year vacation cannot exceed 1,750 hours (250 days) at any time.
 2. Any amount in excess of the 1,750 hours will be paid out at the completion of the current vacation year.
3. All carryover must be fully exhausted by the end of the year immediately following the year it was earned, either as leave, payout, or a combination of the two.

48. Callback from Vacation: All Employees/Appointees Except Auxiliary Under 1,827 Hours, Statutory Term and OIC Category D

1. If a ministry calls an employee/appointee back from vacation, the ministry will:
 1. Pay all expenses incurred by the employee/appointee and their family in returning to their place of duty, and the time spent in returning will not be considered part of the vacation; or
 2. Pay all expenses incurred by the employee/appointee in proceeding to their place of duty and in returning to the place from which they were recalled upon resumption of vacation (except for meals), and the time necessary for travel in proceeding to the place of duty and returning to the place from which they were recalled shall not be counted against their vacation entitlement, or
 3. Where the employee so elects, grant an additional five days of vacation in lieu of reimbursement.

49. Vacation Displaced by Leave with Pay: Regular Management, Regular Schedule A, OIC Categories A, B and C

There shall be no deduction from the vacation credits when an employee/appointee is in receipt of the Short Term Illness and Injury Plan benefits or on any other approved leave of absence with pay during the vacation period.

50. Special Vacation Subsidy and Adjustments

50.1 Subsidy for Severely Isolated Locations: Regular Employees, OIC Categories A, B and C

Employees/appointees at a severely isolated location, as determined by the Public Service Agency, shall receive a special subsidy to assist with transportation expenses for themselves and dependent(s) in accordance with Schedule 4. The subsidy is only payable when an employee/appointee takes vacation and travels to a location that removes him/her from the severely isolated conditions that qualified him/her for the subsidy. This requires that the employee/appointee travel to a location that provides more accessible travel methods other than by water or extended travel over unpaved roads.

50.2 Adjustment for Remote Locations: Regular Employees, OIC Categories A, B and C

Employees who work in remote locations specified in [Schedule 4](#) will be provided an extra vacation day (7 hours) beginning with the 2010 vacation year. The extra vacation day will be pro-rated for part-time employees.

51. Vacation at Time of Retirement: All Employees / Appointees Except Auxiliary Under 1,827 Hours, Statutory Term and OIC Category D

An employee/appointee scheduled to retire and to receive an immediate monthly pension benefit under the Public Service Pension Plan shall be granted full vacation entitlement for the final calendar year of service.

52. Vacation / Banked Leave Payout: All Employees / Appointees Except OIC Category D

1. Annual vacation will be paid out in cash where an employee/appointee resigns, retires, has their employment terminated or dies while in service. In the event of death in service, payment will be made to the employee/appointee's dependent(s) or where there is no dependent, to the employee/appointee's estate.
2. Upon request by an employee/appointee, any of the employee/appointee's carryover or time bank credits will be paid out according to the policy governing the rates of payout.

Yet on the flip side of that, you're not going to run into John **Horgan** or Justin Trudeau in the local grocery store, in fact as far as I'm aware, **neither even made a stop in 100 Mile House during the 2017 Wildfires**. You might run into your local MLA or MP, but, even if they try very hard, their areas are huge, compared to their municipal counterparts and they have to spend time in Ottawa or Victoria. Although, you can usually get a glimpse of them at public events and their offices are open to you should you want to bend their ear.

I am not necessarily advocating for provincial government intervention, however I thought the Premier may be interested in how this is playing out and perhaps pass this along to the federal government for consideration.

Marlene has taken the lead from Event Services. And Cara's team may have for speech notes. Sage/Cara and the Premier had a speech overview session last week.

I'll request the note from TAC tomorrow morning. And I'll confirm which MLAS are attending too.

Hi Amber,

Thanks for this.

A few questions: has anyone taken the lead on this to date? Or did we essentially just RSVP to confirm?

If that's the case, I can call Inderjeet from PICS and Ravi for information. And presumably, we can get a briefing note from TAC (do you want to do that?).

Regarding the briefing, I think it would be smart to have Ravi there given his background with PICS. We should also find out who else is planning to go (I suspect most of the Surrey caucus).

Hi Both,

The Premier has requested a briefing on the PICS fundraiser. He would like to an overview of the work PICS has done, people expected to be at the Gala, work Government has done to date.

Please advise who should attend the briefing and also the lead. I can request notes as required after these folks are identified. I've held time on Tuesday October 2nd for this briefing from 4:15pm – 4:45pm.

Premier,

Can Steve and I please have 10 minutes of your time to discuss our community's desire to see the replacement of Rutland Middle School? While Minister Fleming appears to appreciate the need to replace this school his answers to my request in estimates and to the public regarding other higher school priorities has left our community discouraged.

Hi everyone,

I have been asked to find an alternative time for the calendar group meeting – currently Fridays at 2pm.

I am open to views on whether this needs to stay on Friday, or if we are willing to move to another day of the week.

The advantage to Friday is reviewing pitches, but this might not have to happen at this meeting.

Please weigh in at your convenience. This will be effective as of next week.

Thanks,
Cara

Thanks all. I spoke with Amber H about this plan on Friday and she is happy with it. However, before this goes out to all ministries she will need to have it run by Don Wright for approval. Can we still target the end of this week for the templates etc to be done? I've sent Erin what we are looking for re Background template and the other docs we are looking to have reviewed.

Hi Kate,

Following our meeting this week about updated timelines for PO announcement materials, I've updated the draft workflow to reflect the critical path we feel would allow us to meet your expectations.

I've also fleshed out the checklist that can be used at the 21-day project meeting to nail down the details we need to get working on the announcement.

Let me know how this lands with you, and if any changes are needed.

Thanks,
Cara

Hi Erin,

Thank you for helping to put this together. I've attached what we are looking for the Briefing Note but it needs to be cleaned up a bit, more formal. We are also looking for templates for Q/A documents, Key Messages and Community Scans. Are you able to work those up for review.
