Hi Okenge,

Please find possible background materials for the First Minister's meeting. This has also been shared with Christine Kennedy so you might want to work with her on communications.

Thanks,

Don: please note that PTs do not like the draft below. They would like more time for first ministers discussions. PCO has been advised and will get back to us shortly.

First Ministers' Meeting
Montreal, December 7, 2018
Draft Agenda

10:00 a.m. Opening of First Ministers' Meeting: Welcome and Opening Remarks by the Prime Minister and the Chair of the Council of the Federation
(15 minutes)

10:15 a.m. Canada-US Relations – creating jobs and driving economic growth (30 minutes)

Ambassador MacNaughton will deliver an update on Canada—US relations, including on how the implementation of the Canada-US-Mexico Agreement will create jobs, strengthen economic ties, and expand Canada's trade in North America.

10:45 a.m. Trade Diversification, Clean Growth and Economic Competitiveness
(2 hours, 45 minutes - a plated lunch will be served at noon)

Minister Morneau will lead a discussion on trade and competitiveness measures reflected in the Fall Economic Statement and how this progressive policy can lead to more job creation. (1 hour)

Minister McKenna will lead a discussion on climate change initiatives and how they are driving economic growth and job creation. (30 minutes)

Minister LeBlanc will lead a discussion on the next steps to strengthen our economy through removing trade barriers between provinces and territories. (1 hour)

First Ministers will discuss ways to collaborate on national clean energy initiatives that will create jobs. (15 minutes)
This discussion will focus on ways to collaborate to help grow the economy and protect the environment, reduce red tape, create opportunities for small and medium-sized business, and improve the everyday lives of Canadians.

1:30 p.m. Roundtable – how can we create more jobs and grow the economy together
(1 hour)

2:30 p.m. Closing Remarks
(15 minutes)

2:45 p.m. 75 minute break to finalize communique and prepare for press conference

4:00 p.m. Press Conference
(30 minutes)

Please find attached a draft proposed by Ottawa but not "accepted" by provinces and territories (PTs). Despite the name of the attachment, this is not approved by all DMs.

Ottawa received feedback over the week-end from New Brunswick (chair of the Council of the Federation) on behalf of PTs.

PTs would like less and/or shorter presentations and more discussions among first ministers. We are awaiting Ottawa's response to the feedback.

Dear colleagues,

As discussed during a recent call, this committee is responsible for approving and delivering to First Ministers an annual report on the implementation of the Pan-Canadian Framework on Clean Growth and Climate Change (PCF), fulfilling a key PCF commitment.

With this in mind, we are pleased to seek your approval of the draft "Pan-Canadian Framework on Clean Growth and Climate Change— Second Annual Synthesis Report on the Status of Implementation, December 2018." The report outlines progress made by federal, provincial, and territorial governments over the last year on the over fifty actions laid out in the PCF.

Final approvals as well as any redline comments on the draft report are being sought by **Monday, December 10**. Please send any changes and confirmation of approval to myself (christiane.fox@pco-bcp.gc.ca), copying Deputy Minister Stephen Lucas (stephen.lucas@canada.ca). A teleconference can be convened should any issues require discussion.

This draft report will also be shared with Environment Deputy Ministers via the federal Deputy Minister of Environment and Climate Change Canada. He will encourage his colleagues to share any views they may have with you as their intergovernmental counterpart. In addition, he will share this report with the National Indigenous Organizations for their information.

Summary of timelines and next steps:

- December 10: IGA deputies to provide any redline changes and confirmation of approval of the report
- December 14 : Final publication version of report complete
- Week of December 17: Report release – Final version of report sent to First Ministers

Please do not hesitate to contact me with any questions or concerns,

Christiane Fox

Chers collègues,

Comme nous en avons discuté au cours de notre téléconférence, ce comité est responsable de l'approbation et de la présentation aux premiers ministres d'un rapport annuel sur les progrès dans la mise en œuvre du Cadre pancanadien sur la croissance propre et les changements climatiques (CPC), remplissant ainsi un engagement clé du CPC.

Dans cette optique, nous sommes heureux de partager la version provisoire du « Cadre pancanadien sur la croissance propre et les changements climatiques – Second Rapport Annuel sur l'état des travaux, décembre 2018 » pour votre approbation. Ce rapport présente les progrès accomplis au cours de la dernière année par les gouvernements fédéral, provinciaux et territoriaux sur plus de cinquante actions établies dans le CPC.

Les approbations et les commentaires essentiels finaux sont demandés pour **lundi le 10 décembre**. Veuillez envoyer les modifications et confirmation d'approbation à moi-même (christiane.fox@pco-bcp.gc.ca), avec un cc à Stephen Lucas, Sous-ministre, Environnement et Changement climatique Canada (stephen.lucas@canada.ca). Si des questions nécessitent notre attention, nous pourrions organiser une téléconférence.

Cette version provisoire du rapport sera présentée aux sous-ministres de l'Environnement par l'intermédiaire du sous-ministre fédéral d'Environnement et Changement climatique Canada. Il encouragera aussi ses collègues à vous faire part de leur point de vue, à titre d'homologues intergouvernementaux. De plus, il partagera ce rapport avec les Organisations autochtones nationales, pour leur information.

Sommaire des délais et prochaines étapes:

- 10 décembre : les SM AIG envoient des modifications et la confirmation de l'approbation du rapport.
- 14 décembre : la version finale du rapport est complétée
- La semaine du 17 décembre : diffusion du rapport – version finale envoyée aux premiers ministres

N'hésitez pas à communiquer avec moi si vous avez des questions ou des préoccupations.

I believe Ambit Gender Diversity has worked with the Royal BC Museum, and Dr Gunderson (the second one) has worked with police.

I'm also wondering if PSA has considered a hybrid model where they get BC public service employees with some diversity background and training to complement and work with external trainers? This would possibly address the issue of relevance for our unique needs.

Thanks
Sukumar

Hi Okenge

Follow up, as discussed yesterday, from our call:

1. CRN number for pressurized equipment- colleagues in the office of construction and housing standards say the equipment is often located in oil&gas facilities, pulp mills, refineries, thermal power plants, district heat plants, and buildings with cogeneration (electric and heat) facilities. We are awaiting specific examples.
2. Alcoholic beverages and personal exemption limits. I was reading the wrong line, apologies, when we discussed. BC is prepared and planning on the elimination of personal exemption limits, consistent with direction from the Summer COF meeting. I am told BC would implement this within 18 months after tomorrow's communique going out. We have not yet received any info on degree, if any, on stakeholder engagement. If we get that info this morning I will be sure to let you know.

Hope this is helpful

Regards

Steve

Dear Prime Minister Trudeau:

We are writing in response to the agenda for the First Ministers' Meeting scheduled for December 7, 2018 that was circulated to provinces and territories on November 30, 2018.

As proposed, the meeting agenda does not include any discussion on the crisis facing the energy industry and the price differential that is crippling the Alberta, Saskatchewan and Canadian economies. Our country is losing \$80 million dollars a day because we cannot get tide water access and world prices for Alberta's oil and gas.

During your recent visit to Calgary, you called the economic impact of the oil price differential a "crisis". We agree. A crisis of this magnitude must be reflected in any discussion on "Economic Competitiveness".

We trust that the agenda for our upcoming First Ministers' Meeting can be revised to better reflect the need for a substantive discussion on issues of critical importance to the Canadian economy. Therefore, we request that Energy Market Access and the Economic Impacts of the Price Differential be added as an agenda item for discussion this week.

We all share a desire to improve the lives of everyday working Canadians, and this is a core issue that must be resolved.

Thank you and we look forward to a substantive and fruitful discussion this week.

As discussed:

- **Carbon Pricing:** Governor Inslee is a passionate advocate for climate action. His attempts to get carbon pricing legislation through the Legislature have failed. Two ballot initiatives that would have introduced carbon pricing have also failed. In his 2018 State of the State Address, he recognized B.C. for having a carbon pricing system. s.16
- **Orcas:** The Governor is very personally concerned about the future of the Southern Resident Killer Whale. While this issue is largely within federal jurisdiction in Canada, B.C. and WA officials are exploring ways that they can work closer together on this issue. The Governor's task force recently released a list of draft recommendations. This topic is included in the October 10th MOU.
- **High Speed Rail:** This remains a priority for the Governor. He will likely be asking the Premier to contribute funding to the next round of study which is likely to focus on environmental benefits.
- **Support for Immigration, Trade and a Tolerant Society:** Governor Inslee has been one of President Trump's most vocal critics and has been especially critical of the President's immigration and asylum agenda. In 2017, the Governor signed an executive order stating that Washington "shall remain a welcoming jurisdiction". Moreover, he received a standing ovation in B.C.'s Legislature when he mentioned his state's support for young migrants who came to the U.S. irregularly as children. The Premier, as a head of government from outside the U.S., could make a positive statement that people from outside of the U.S. that share his progressive values are taking notice of Governor Inslee's efforts.
- **Overdose Crisis:** This is an area of shared concern and B.C. has a lot to offer given our experience with safe injection sites, anti-stigma campaigns, etc. The Premier and the Governor discussed this in Vancouver in March, 2018. Minister Darcy is B.C.'s representative on a Pacific Coast Collaborative working group on this issue, but the Premier could offer support to the Governor's efforts in WA.

Please let me know if you'd like more information, a different format, etc.

Dear colleagues,

As discussed during a recent call, this committee is responsible for approving and delivering to First Ministers an annual report on the implementation of the Pan-Canadian Framework on Clean Growth and Climate Change (PCF), fulfilling a key PCF commitment.

With this in mind, we are pleased to seek your approval of the draft “Pan-Canadian Framework on Clean Growth and Climate Change— Second Annual Synthesis Report on the Status of Implementation, December 2018.” The report outlines progress made by federal, provincial, and territorial governments over the last year on the over fifty actions laid out in the PCF.

Final approvals as well as any redline comments on the draft report are being sought by **Monday, December 10**. Please send any changes and confirmation of approval to myself (christiane.fox@pco-bcp.gc.ca), copying Deputy Minister Stephen Lucas (stephen.lucas@canada.ca). A teleconference can be convened should any issues require discussion.

This draft report will also be shared with Environment Deputy Ministers via the federal Deputy Minister of Environment and Climate Change Canada. He will encourage his colleagues to share any views they may have with you as their intergovernmental counterpart. In addition, he will share this report with the National Indigenous Organizations for their information.

Summary of timelines and next steps:

- December 10: IGA deputies to provide any redline changes and confirmation of approval of the report
- December 14 : Final publication version of report complete
- Week of December 17: Report release – Final version of report sent to First Ministers

Please do not hesitate to contact me with any questions or concerns,

Christiane Fox

Chers collègues,

Comme nous en avons discuté au cours de notre téléconférence, ce comité est responsable de l'approbation et de la présentation aux premiers ministres d'un rapport annuel sur les progrès dans la mise en œuvre du Cadre pancanadien sur la croissance propre et les changements climatiques (CPC), remplissant ainsi un engagement clé du CPC.

Dans cette optique, nous sommes heureux de partager la version provisoire du « Cadre pancanadien sur la croissance propre et les changements climatiques – Second Rapport Annuel sur l'état des travaux, décembre 2018 » pour votre approbation. Ce rapport présente les progrès accomplis au cours de la dernière année par les gouvernements fédéral, provinciaux et territoriaux sur plus de cinquante actions établies dans le CPC.

Les approbations et les commentaires essentiels finaux sont demandés pour **lundi le 10 décembre**. Veuillez envoyer les modifications et confirmation d'approbation à moi-même (christiane.fox@pco-bcp.gc.ca), avec un cc à Stephen Lucas, Sous-ministre, Environnement et Changement climatique Canada (stephen.lucas@canada.ca). Si des questions nécessitent notre attention, nous pourrions organiser une téléconférence.

Cette version provisoire du rapport sera présentée aux sous-ministres de l'Environnement par l'intermédiaire du sous-ministre fédéral d'Environnement et Changement climatique Canada. Il encouragera aussi ses collègues à vous faire part de leur point de vue, à titre d'homologues intergouvernementaux. De plus, il partagera ce rapport avec les Organisations autochtones nationales, pour leur information.

Sommaire des délais et prochaines étapes:

- 10 décembre : les SM AIG envoient des modifications et la confirmation de l'approbation du rapport.
- 14 décembre : la version finale du rapport est complétée
- La semaine du 17 décembre : diffusion du rapport – version finale envoyée aux premiers ministres

N'hésitez pas à communiquer avec moi si vous avez des questions ou des préoccupations.

Just so you know...I'll be in Ottawa Thursday meeting with Minister Joly's DM – Deputy Minister Roy.
This is regarding the French program protocol and funding to provinces.
I will be representing CMEC (AEST is the chair) and meeting with the DM with other k-12 PT reps on the a conference call.
Hoping to move forward on the protocol and aim to secure increased funding from Canada to P/Ts.

Hi Okenge. Ontario is half-masting on Wednesday on all government of Ontario buildings for the state funeral of president bush. So far this is the only jurisdiction other than Canada which is doing this. Would you like to check with PO to see if the premier would like to do the same in BC?

Please let me know what you think. Thanks.

Colleagues,

I am writing to provide you with background material for your respective Premiers in advance of the First Ministers' Meeting on Friday, December 7. Attached please find documents in both French and English to help inform the various topics for discussion. I understand that the Council of the Federation had a call earlier this evening and perhaps we can discuss next steps at our meeting tomorrow.

Specifically, you will find attached ^{s.16}
s.16

Also attached is a revised agenda for the meeting with the national Indigenous leaders and the list of registrants.

Tomorrow I should be able to share a document from Finance and the draft communique for your consideration that could form the basis of a joint news release. This joint communiqué would of course be updated in real time to reflect discussions at the meeting.

I look forward to seeing you in Montreal and to chatting tomorrow.

///

Chers collègues,

Je vous écris pour vous fournir de l'information supplémentaire pour vos premiers ministres respectifs avant la rencontre des premiers ministres qui se tiendra ce vendredi, le 7 décembre. Veuillez trouver, ci-joints, des documents en anglais et en français qui aideront à guider les discussions sur divers sujets. Je comprends que le Conseil de la Fédération a eu un appel plus tôt aujourd'hui et peut-être qu'on peut discuter des prochaines étapes à notre rencontre demain.

Vous trouverez, ci-joint, s.16
s.16

Un ordre du jour révisé pour la réunion avec les dirigeants autochtones nationaux est également joint et la liste des délégués inscrits.

Demain je vous acheminerai un exposé concernant la présentation du Ministre Morneau sur le commerce et la compétitivité et une ébauche du communiqué de presse pour votre considération advenant qu'un communiqué conjoint soit émis et évidemment il sera mise à jour pour refléter la discussion.

Au plaisir de vous voir à Montréal et de se parler demain.

Would you have time to review before you leave? If not, the others cc'd have all provided their input. These will need to be sent to Minister Ralston's office today.

Subject: Update on Pacific Coast Collaborative

Okenge – currently, your budget has \$130K set aside for the Pacific Coast Collaborative. Finance says in past years, that was JV'd by Environment and that is what they are expecting this year.

With the expectation that this is just a flow through, your budget is projected to be \$40K over – so it might be good to confirm with Finance staff that if the \$130K was not JV'd by Environment, you would be over by \$170,000. You could then seek Don's advice if he wants to handle this through TB or contingency. Of course, the final number may be different after calendar year end – while still giving time to decide before fiscal year end.

If you would please let me know what the final decision is, I would appreciate it.

Many thanks
Shelley

FYI - we will be pushing BC priorities at upcoming FLMM in Feb. Reference to outcomes for Indigenous employment training programs is the federally funded ISETS (previously ASETS) - not provincial oversight. Our outcomes much better - we work directly with the community. We will see if we can do a presentation at upcoming FLMM - we're much further ahead than other PTs re: co-development on skills training with Indigenous communities.

As a follow-up to our call earlier today and our discussions over the last few days, I wanted to reiterate a few key points for the First Minister's Meeting on Friday.

We welcome the opportunity to discuss a number of key priorities,^{s.16}
s.16 among other important topics.

Premiers will have the opportunity throughout the day to raise issues, provide best practices or flag concerns or questions. Their interventions are not limited to the roundtable portion of the agenda.

In those discussions, we also noted that the presentations are intended to set the frame and are not intended to be long, we are looking at 3 to 5 mins.

In light of our discussion today, here is a revised agenda, which includes ^{s.16}

Merci pour votre collaboration et au plaisir de se voir demain. Christiane

Dear Okenge,

Thank you so much for your mail on the new CleanBC plan. First of all my sincere congratulations to this major milestone in the policy of your government! I have read it with great pleasure. The more after my talks with premier Horgan and minister Heyman and Ralston on the role of LNG in energy transition and the investments in clean technology in BC. We identified many ways to cooperate on speeding up the energy transition process and working on a low carbon future. With minister Ralston I talked about a possible mission of Clean BC companies to the Netherlands. We will take up the work to see if this works in the new year. We will also see if and how we can foster cooperation between companies in the field of electrification of transport. We have a succesful cooperation with California (government and private business) in this field and I would be delighted to examine how this could be of use to the implementation of the Clean BC plan.

I know that your climate action plan is very well substantiated, nevertheless I send you a report of the Dutch bank ING on the role of technology in promoting a low carbon economy, that is presented this morning in Katowice. Quote from the report: "Energy-related CO2 emissions can be reduced by 64% towards 2050 (...) encompassing improvements in energy efficiency, electrification and renewables": a positive message that supports the optimism and action lines in the CleanBCplan.

I would be delighted to keep in touch on this.

Kind regards,

Dear Karen, Chantal, Lauren, Glenda, Craig and Jenny,

We are the new IGRS WES/Corporate Plan team!

As discussed at the WES Score unpacking session, we have the task to refresh our IGRS Corporate Plan. Our Corporate Plan is our own IGRS living document with goals, objectives and actions that ensure IGRS continues to be a GREAT place to work! I'm excited to be working with you on such a great mandate. This commitment should not take a huge amount of time out of your schedule. Nonetheless, I believe that the actions we will take, even very simple ones, have the potential to have substantial positive impact on the culture of the office.

See below for some IGRS practices that resulted from the work of the IGRS Corporate Plan team last year :

- Supervisors and staff are encouraged to discuss mentorship, shadowing, and training and development opportunities in MyPerformance .
- Debrief sessions held after events are open to all staff who are interested in attending.
- The Corporate Calendar is now shared widely with all staff.
- Staff are encouraged to indicate on their door when they are away on business.
- Timely P&P debrief from Executive members to their teams.
- Staff from all three IGRS business areas (Policy, Protocol and FAP) are encouraged to attend meetings from other areas.
- More corporate information from the @Work site or other best practices are shared with staff on the kitchen communication board.
- We created a PECF team that works in collaboration with the Office of the Premier on PECF initiatives.

I will send you a meeting request for our first meeting in the new year. At this meeting, Shelagh will help us make the link between our Corporate Plan and the WES Score unpacking session results. I will send you more information closer to the meeting.

Thank you!

Véronique

Greetings Everyone,

Our 2018 Hamper Drive was a success! With your help we were able to generously complete 4 wish lists for women seeking help from the Transition House Society. So generous in fact that we were able to purchase much needed gift cards for even more women and their children. These gift cards can be used for food, clothing, gifts and toiletries – items needed not only this holiday season but year round. Thank you so much for your help, we couldn't have done this without you.

I have forwarded a heads-up to staff level (Carolyn Davison MMHA, Tom Steenvoorden PSSG and a copy to Chad Vandermolten HLTH) with the request that they expedite either this evening or first thing. Also spoke with Sarah about it, and have let the Ministry folks know that Sarah can provide further context if needed.

I said we don't need a ton of material, but could really benefit from a few bullets of good advice. I mentioned that we are in Montréal so would be hampered by the time difference and other responsibilities.

Subject: Briefing Request - Opioids

Neilane/Mark:

The Premier would like to raise the opioid crisis during his meeting with the PM tomorrow afternoon.

Would you be so kind as to provide a few bullets re: requests BC could make to the federal government to help improve the situation?

Many thanks, oym

- **From BC response to ABWG report (re e-commerce in general, but not specific to federal provision) (in main binder):** “BC intends to begin development on a retail e-commerce platform in the next fiscal year (fiscal 2019/20), and high-level steps have been mapped out. It is anticipated that BC will have a fully operational retail e-commerce platform implemented by July 2023. Private retailers in the province are already permitted to establish e-commerce sites to sell to customers.”

STATEMENT

Minister's statement on rescheduling China leg of forestry trade mission

VICTORIA - Bruce Ralston, Minister of Jobs, Trade and Technology, has issued the following statement on rescheduling the upcoming China meetings of its current Forestry Asia Trade Mission:

"The Province of British Columbia has suspended the China leg of its Asian forestry trade mission due to the international judicial process underway relating to a senior official at Huawei Technologies Co., Ltd.

"British Columbia values its strong trade relationship with China, one based on mutual respect and close economic and cultural ties that have been established over many decades. Our forest products industry remains committed to our relationship with our valued Chinese customers.

"The December 2018 Forestry Asia Trade Mission, led by Doug Donaldson, Minister of Forests, Lands, Natural Resource Operations and Rural Development, and supported by numerous B.C. forestry industry representatives, has successfully completed the South Korea portion of the mission and will complete the Japan portion of the mission on Tuesday, Dec. 11. The delegation was then scheduled to travel to China but will return to British Columbia at that time.

"It is anticipated that Minister Donaldson will work to reschedule events planned for the Chinese portion of this mission at the earliest convenient moment."

Hi Evan,

Our MO has asked that we refer all media to the statement today and that he not do media calls – wanted to loop you in with that approach before I begin telling reporters to only use the statement today.

There's a technical rep from MOTI but Silas (formerly Jamie) and I share the role of BC's lead rep. I tried to get the meeting changed to the 11th with no luck and I sought some advice on how to proceed.

So I'm really disappointed but hopefully there will be another chance. I also plan to take your advice and reach out to Lori in the new year after the WA visit.

Subject: Follow Up re: Leadership Engagement Series - Leadership Challenge Workshops

Good morning folks,

Thanks for agreeing to present at our signature event of the Leadership Engagement Series next Monday, December 10th at the Empress Hotel.

Sessions will be 45-minutes each allowing for approximately 15 – 20 minute presentation and 25 – 30 minutes for discussion and Q+A. Concurrent presentations will be taking place in 5 breakout rooms. We anticipate 30-50 participants in each session. Each participant will have an opportunity to attend 2 of the 10 sessions. Following the session and a break will be have folks come back into the plenary venue and at their tables, share the learnings with their colleagues. The schedule for the sessions is below:

12:45-1:30

Room 1	Room 2	Room 3	Room 4	Room 5
Teri Collins and Deb Godfrey: Culture Change-- Creating a healthy Workplace at the Ministry of Health	Michelle Carr: From Prohibition to Legalization- Implementation of the Cannabis Regulation Framework	Okenge Yuma Morisho: Integrity in Stakeholder Engagement	Scott MacDonald, Keith Godin: Embracing Data Analytics	Teresa Dobmeier and Cory Heavener: MCFD Service Delivery Transformation

1:45-2:30

Room 1	Room 2	Room 3	Room 4	Room 5
Christine Massey: Path to Universal Child Care	Molly Harrington: Critical Role of Policy in the BC Public Service	Bobbi Sadler: Procurement Strategy	Laurel Nash: Leading Indigenous Reconciliation	Kevin Jardine: Revitalizing the Environmental Assessment Act

Participants will receive the list of topics tomorrow morning and will be asked to provide their top three preferences so that we can balance out attendance.

We have a couple of things we need from you:

- 1) Please see attached the description of your topic and confirm that it correctly reflects how you will be framing your presentation. Please make any necessary edits (or if there is no description, create one) and send back to Iris.Colyn@gov.bc.ca **by end of day today.**
- 2) Please send any materials (eg. powerpoint) to Iris by Friday, December 7th at noon. We will have presentations loaded and ready for each of your sessions.
- 3) We are looking to have a strong presence of corporate executives throughout the day and would very much appreciate it if you could join us for the full day, from 8:00-4:30. The draft day's agenda is attached for your reference. If you are able to attend and willing to engage with our leadership candidates throughout the day, please let Iris know by Wednesday, December 5th.

Once again, thanks for your support and willingness to share your leadership challenges.

Okenge:

Governor Inslee, along with members of the Legislature, released a climate action proposal. It includes action in areas similar to CleanBC: buildings, electricity, vehicles and fuel. Summary below.

I have asked CAS to review the details but I see this as an opportunity for PJH to issue a statement (tweet) of support. I've asked the Governor's team if it would be helpful.

Subject: Info: CUSMCA Status

Okenge:

Here is an update on CUSMCA in the US. My thanks to Anika for pulling this together.

Jeremy

Summary:

- Congressional leadership is divided along party lines on the CUSMA. Republican leadership supports the CUSMA. Democrats have concerns with the enforceability of labour and environmental provisions.
- It is unclear when a CUSMA implementation bill will be introduced in Congress, but it will likely be done in 2019.
- If the President formally notifies Congress of a NAFTA withdrawal, they will have a six-month window once the notification is given before there is no deal at all. Assuming he notifies Congress in early January, Congress would have until the end of June 2019 to pass a CUSMA implementation bill.

More background:

Party Lines:

- The CUSMA implementation bill (yet to be introduced) is likely to face roadblocks from the Democrats.
- Democrats, who now control the House after the midterms, are raising concerns about the enforceability of labour and environmental provisions.
- Representative Nancy Pelosi (D-CA), the Democrats' nominee for Speaker of the House, has aired some of these concerns but has not declared how she will vote on an implementation bill.
- In the Senate, where Republicans still hold a majority, top Democrat Senator Elizabeth Warren (D-MA) has declared she will vote against.
- Meanwhile on the Republican side, Senator Chuck Grassley (R-IA), the incoming Chair of the Senate Finance Committee, has promised to usher the CUSMA implementation bill through Congress.

Timelines:

- For the CUSMA to come into effect, it must follow the completion of the Trade Promotion Authority (TPA) procedure. As part of the TPA, Congress votes either yes or no – without amendment. Both the House and Senate vote on an implementation bill.
- There is currently no timeline for a Congressional vote or any public indication of when a CUSMA implementation bill will be introduced in Congress.
- Given Congress is likely to adjourn later this week, a CUSMA implementation bill likely won't be introduced until Congress reconvenes in early 2019.
- The original NAFTA stays in place until it is replaced by the CUSMA. On December 1, President Trump threatened to withdraw from the original NAFTA in a bid to pressure Congress to either accept the CUSMA or have no deal at all.
- Once (if) he formally notifies Congress of his intent to withdraw from NAFTA, Congress will have a six-month window to vote on a CUSMA implementation bill before there is no trade deal at all.

I'm not sure if Pierrette raised it with you, but a couple of weeks ago I was able to get ahold of Governor-elect Newsom's personal cell phone number. Pierrette was going to recommend that Premier call the number but I'm not sure where this is at.

I recognize this is a bit unusual and I can't guarantee with 100% certainty that the number is correct. But the source is good (SF Consulate) and I think it's worth the Premier calling.

Happy to discuss.

Dear colleagues,

As discussed during a recent call, this committee is responsible for approving and delivering to First Ministers an annual report on the implementation of the Pan-Canadian Framework on Clean Growth and Climate Change (PCF), fulfilling a key PCF commitment.

With this in mind, we are pleased to seek your approval of the draft “Pan-Canadian Framework on Clean Growth and Climate Change— Second Annual Synthesis Report on the Status of Implementation, December 2018.” The report outlines progress made by federal, provincial, and territorial governments over the last year on the over fifty actions laid out in the PCF.

Final approvals as well as any redline comments on the draft report are being sought by **Monday, December 10**. Please send any changes and confirmation of approval to myself (christiane.fox@pco-bcp.gc.ca), copying Deputy Minister Stephen Lucas (stephen.lucas@canada.ca). A teleconference can be convened should any issues require discussion.

This draft report will also be shared with Environment Deputy Ministers via the federal Deputy Minister of Environment and Climate Change Canada. He will encourage his colleagues to share any views they may have with you as their intergovernmental counterpart. In addition, he will share this report with the National Indigenous Organizations for their information.

Summary of timelines and next steps:

- December 10: IGA deputies to provide any redline changes and confirmation of approval of the report
- December 14 : Final publication version of report complete
- Week of December 17: Report release – Final version of report sent to First Ministers

Please do not hesitate to contact me with any questions or concerns,

Christiane Fox

Chers collègues,

Comme nous en avons discuté au cours de notre téléconférence, ce comité est responsable de l'approbation et de la présentation aux premiers ministres d'un rapport annuel sur les progrès dans la mise en œuvre du Cadre pancanadien sur la croissance propre et les changements climatiques (CPC), remplissant ainsi un engagement clé du CPC.

Dans cette optique, nous sommes heureux de partager la version provisoire du « Cadre pancanadien sur la croissance propre et les changements climatiques – Second Rapport Annuel sur l'état des travaux, décembre 2018 » pour votre approbation. Ce rapport présente les progrès accomplis au cours de la dernière année par les gouvernements fédéral, provinciaux et territoriaux sur plus de cinquante actions établies dans le CPC.

Les approbations et les commentaires essentiels finaux sont demandés pour **lundi le 10 décembre**. Veuillez envoyer les modifications et confirmation d'approbation à moi-même (christiane.fox@pco-bcp.gc.ca), avec un cc à Stephen Lucas, Sous-ministre, Environnement et Changement climatique Canada (stephen.lucas@canada.ca). Si des questions nécessitent notre attention, nous pourrions organiser une téléconférence.

Cette version provisoire du rapport sera présentée aux sous-ministres de l'Environnement par l'intermédiaire du sous-ministre fédéral d'Environnement et Changement climatique Canada. Il encouragera aussi ses collègues à vous faire part de leur point de vue, à titre d'homologues intergouvernementaux. De plus, il partagera ce rapport avec les Organisations autochtones nationales, pour leur information.

Sommaire des délais et prochaines étapes:

- 10 décembre : les SM AIG envoient des modifications et la confirmation de l'approbation du rapport.
- 14 décembre : la version finale du rapport est complétée
- La semaine du 17 décembre : diffusion du rapport – version finale envoyée aux premiers ministres

N'hésitez pas à communiquer avec moi si vous avez des questions ou des préoccupations.

Hello

We had some good media interest in talking with Minister Dix following the news release being made available.

Minister did an interview with Le Franco the Alberta French language newspaper.
He did a TV interview for CBC French Television out of Vancouver with the interview being shot at the Legislature in the Rose Garden.
Minister is trying to also fit in a CBC French radio interview with Jacques Dufresne.

Merci,

The BC-WA MOU signed by the Premier and Governor Inslee commits their mutual governments to engage with Indigenous peoples to ensure BC-WA "collaboration is inclusive of Indigenous perspectives". IGRS staff believe that progress on this important aspect of the MOU should be demonstrated when the Premier and Governor meet in person on February 7th and 8th and receive an interim report on MOU progress.

With the above in mind, we consulted MIRR and decided to s.13

s.13

I am seeking your review and decision please on the following items:

1. The draft e-mail text below
2. Whether you or Pierrette should be sending the email (I recommend Pierrette)

Okenge:

You have a COF Steering Committee Call tomorrow at 10:00 AM. Grant and I have reviewed the agenda (attached) and don't see anything that requires materials except for item 4: COF Mission to Washington (more on that below). Please let us know if you need anything else.

Please also let us know if you plan to take the call from 620 Superior, if you'd like Grant and I to come to your office, etc.

Regarding the COF Mission to the U.S. I have attached two documents prepared by COF and given to me as BC's rep on the planning committee:

1. The latest Premier Participation List
2. Draft Program prepared by COF for consideration

I expect this agenda item to be relatively quick and if it's anything like my call with the planning committee today Loretta will ask:

- For updates on Premier's participation (I said I had no news but in my personal view it would be difficult for the Premier to attend given the travel distance and the fact that the Legislature is in session)
- Feedback on the draft program (I did not provide any comments on this item, but if you are looking for advice I would suggest that the program looks generally good but I'd recommend COF pursue a meeting with relevant Cabinet Secretaries—i.e. Secretary Ross to discuss S.232 tariffs and softwood).

Please let Grant or me know if you have any questions or direction.

Thanks,

Jeremy

Subject: IGRS Recycling Information

Hi everyone,

IGRS has made great progress in implementing ideas generated from discussions related to the BC Corporate Plan. One last idea from the 2018 exercise was to reducing our carbon foot print. Attached you will find ideas on how we can make a difference together at work and at home.

Also, IGRS is increasing the number of recycling options in the kitchen to make sure as little as possible ends up in the landfill. We will soon have a new battery recycle box and a bin to collect items not currently accepted in other bins, such as:

- Styrofoam
- Metal
- Clean soft plastic
- Clean hard plastic, without the recycling triangle logo.

To that end, I would respectfully request that we be more diligent when discarding items by putting them in the correct bins. For example, coffee cups should be thrown in the compost bin while coffee plastic lids should be thrown in the plastic containers bin. Unfortunately, those two items regular make their way into the garbage bins.

I invite you to come and speak with me if you have any questions about the current or new recycling options.

Chantal

Hi Shelley,

Progress so far is:

- The new office was constructed last weekend and is ready for furniture setup tonight.
- The 11 internal staff move at 4pm this afternoon – will be up and running for 8:30 am tomorrow.
- Construction on Okenge's office starts this weekend – to be complete on Monday. Furniture is set up Monday afternoon.

- Movers and Consultants meet at the Legislature Wednesday, December 19th – 8:30 to pack up his few belongings. IT transfer will be completed that day as well.
- We have the Parking Coordinator trying to secure a stall at 620 Superior. This request just came in yesterday. Apparently he doesn't currently have a stall allocated downtown but is now requesting one for this location.

Let me know if you have any questions.

Please get an update on the work we have participated in so far and what next steps the Premier might be expected to support. In particular, I wonder if MOTI has made any decision about the right of way for a line from Seattle to Vancouver/Surrey.

Two questions and one comment.

Q 1- Does the letter really warrants a reply. It appears the Senator simply wanted to shared some info?

Q 2- Has EMPR's DM Dave N reviewed?

Comment: if it is determined that a reply is warranted and EMPR's DM has no concern, I would agree with Grant's edits.

I have no substantive concerns. However, if ENV is open to small edits, I think "your enquiry falls under the jurisdiction of the Ministry of" should be changed to "your enquiry falls within my portfolio as Minister of".

Subject: CRA - Revision

Through our team discussions and our recent workshop with the Resources for Critical Services Working Group (RCSWG), we have identified the need to clarify the wording in one of IGRS' Catastrophic Response Actions (CRAs) - specifically IGRS CRA#4. Our proposed revision is in red. For a CRA to be changed, it needs the endorsement from Executive. Exec Directors have all seen. Once I get your endorsement of the change, I will then send our recommendation to the RCSWG. RCSWG then takes it through the rest of the approval process (ADMCEM and then DMCEM) before it is "fully" endorsed.

Thanks, Karen.

Catastrophic Response Actions (CRAs)		RTO	Description and Rationale
1	Aid to Foreign Nationals	<24 hrs.	IGRS is responsible for assisting Foreign Nationals (tourists, students) if they are injured or impacted while in the province.
2	Receive and direct international offers of assistance made to the province	<24 hrs.	Offers of foreign assistance are common during large scale disasters. IGRS would act as the initial contact and 'clearing house' for offers made to the Premier.
3	Engage with provincial, national and international contacts. Facilitate or troubleshoot provincial or ministry agreements for assistance	<24 hrs.	IGRS would support the Premier and Deputy Minister to the Premier with the federal government at the highest levels. The province has mutual assistance agreements with other provinces and countries. These agreements can encounter unanticipated issues during activation and require IGRS facilitation and/or troubleshooting.
4	Providing foreign media expertise to the JIC <i>*Recommended revision: Work with the JIC and GCPE to ensure appropriate messaging to public and media is disseminated (i.e. cultural sensitivities, protocol, and country information)</i>	<2 days	IGRS has expertise in the management of foreign media and translation. They will work with the JIC and GCPE to ensure appropriate messaging occurs on the international stage. <i>*Recommended revision: IGRS will work with the JIC and GCPE to ensure that appropriate communication occurs at the local, national and international level, using its protocol and expertise.</i>

Subject: Performance Audit Training Supports

Dear Colleagues

The Ministry of Finance, the Ministry of Attorney General and Cabinet Operations have developed guidance materials, training and supports to assist ministries subject to performance audits by the Office of the Auditor General (OAG).

The goal is to ensure that OAG audits help us improve government program and service delivery and to ensure that the OAG can conduct its projects efficiently and effectively.

The materials and training will provide you and your team with information about the audit process, including:

1. The stages of the OAG performance audit lifecycle, including the key processes in each stage;
2. The roles, responsibilities and accountabilities of the OAG and your ministry during the audit process; and
3. Guidance on sharing information with the auditors (including information that is potentially covered by privilege or public interest immunity (PII)).

As the Deputy Minister (responsible party) when your ministry is undergoing an external audit, you must make two acknowledgements and a representation to the Auditor General:

1. Acknowledgement of responsibility for the subject matter under audit.
2. Acknowledgement on the suitability of the audit criteria; and
3. Confirmation that to the best of your knowledge, all relevant information has been provided.

The supports available include helping your staff establish and manage a SharePoint library for efficiently and securely sharing information with the OAG. A SharePoint library provides you with a record of the information provided to the external auditor, which will enable you to represent that all relevant information has been provided to the OAG.

If you have any questions on the materials or training, please contact Jim Bulmer, Director Financial Management and Operations, Office of the Comptroller General at 778-698-5412 or James.Bulmer@gov.bc.ca

Please take advantage of these supports when your ministry is subject to OAG audits.

Subject: IGRS Budget Lift for the Pacific Coast Collaborative

Good afternoon Okenge... I understand IGRS would like to pursue a budget lift to cover the cost of the Pacific Coast Collaborative. I wanted to offer my assistance is writing up the briefing note and Estimates Adjustment template.

My understanding is that while historically the Ministry of Environment has funded this cost through a recovery they have now indicated they no longer wish to continue this arrangement, leaving IGRS with a pressure.

I understand that the Pacific Coast Collaborative cost is approximately \$130,000 annually (the cost of \$100,000 USD), and currently IGRS has both an amount of \$130,000 included in their STOB 80 transfer budget, and a corresponding STOB 8813 recoveries budget of (\$130,000). I am assuming this budget fix would be eliminating the recoveries budget, which would effectively provide IGRS (and PREM) with an \$130,000 total budget increase.

If my understanding is correct, please let me know if you would like me to create the necessary paperwork for your review.

Thank you.

As requested:

Governor Inslee's Recent Announcement:

- Governor Inslee has stated that ultra high-speed rail is one of his top three priorities (see: <https://crosscut.com/2018/12/gov-inslee-calls-electric-cars-high-speed-rail-no-climate-tax>) and has proposed an appropriation of \$3.25m in the budget he tabled on December 13, 2018. This will go to the legislative session being held January 14 – March 31, 2019.
- The Washington state funding is proposed to "develop an ultra high-speed ground transportation corridor authority with participation from Washington, Oregon and British Columbia". This authority would conduct outreach/community engagement and preliminary environmental review. Full description from the budget proviso is at the bottom of this email.
- While the Governor is requesting \$3.25m, it's likely that the final budget approved by the Legislature will provide less.

Update on the work B.C. has participate in so far:

- The Province contributed \$300,000 to a \$1.5m feasibility study/business case analysis now underway. Provincial representatives from JTT, IGRS and MoTI attend both bi-weekly steering committee and quarterly advisory group meetings.
- The study is tracking to be completed by June 30, 2019. It is addressing economic impact, examining traffic and routing options, and developing governance models and proposed public consultation strategies.
- This work follows a preliminary study done in 2017-18 that examined conceptual corridors, technology options and economic benefits. It found that the concept has merit and recommended further study, which is what is underway now.

s.13; s.16

Regarding MoTI's work on Right-of-Way:

- No decisions have been made regarding right-of-way for ultra high-speed rail between Vancouver/Surrey and Seattle.
- The previous study identified three conceptual corridors (with conceptual station locations), with each of the conceptual corridors having only one stop in BC: YVR, Pacific Central Station, King George Station (Surrey)
- Further work on conceptual corridors is being undertaken as part of the current ultra-high-speed rail study due in June 2019.
- Significant additional work would still be required after the June 2019 study (if agreed to by the partners), to undertake preliminary and then detailed design, in order to determine right-of-way requirements.
- In late 2017, City of Surrey staff raised^{s.16}

Okenge, I understand Governor Inslee is deepening his commitment to high speed rail. Please get an update on the work we have participated in so far and what next steps the Premier might be expected to support. In particular, I wonder if MOTI has made any decision about the right of way for a line from Seattle to Vancouver/Surrey.

Hi Okenge,

Genevieve has confirmed that Randy Seitz will arrive at 8:30am on Wednesday to unhook your computer in the West Annex and then set it up shortly afterwards here at 620 Superior. The movers will also arrive early (just after Randy) to move your boxes and framed items.

For your framed documents and prints, you can see how the space looks and then we will contact WSI to have these hung on the walls.

Wednesday afternoon between 12-2pm, Shaw will arrive to set up the cable in your meeting area.

Regarding your question about the whiteboard, it will be installed on Thursday.

Thank you,

Okenge –

As far as I can tell Geoff may be referring to the following line when we talk about the pros and cons of each option:

- The previous study identified three conceptual corridors (with conceptual station locations), with each of the conceptual corridors having only one stop in BC: YVR, Pacific Central Station, King George Station (Surrey)

I do not think that MoTI would be able to prepare a substantive note on the pros and cons of the station choices given the number of considerations that would need to be included. s.13

s.13

If you have a chance to discuss with Geoff that would be helpful. Of course please give me a call if you'd like to discuss.

Many thanks,

English follows

Monsieur le sous-ministre,

Pour votre information, vous trouverez ci-joint copie d'une correspondance envoyée par courrier aux ministres provinciaux, territoriaux et fédéral responsables de la francophonie au sein de leur gouvernement respectif.

Il s'agit d'une lettre de suivi à la Conférence ministérielle sur la francophonie canadienne des 5 et 6 juillet 2018 à Whitehorse (Yukon). Nous y avons joint les sommaires des décisions PT et FPT adoptés lors de la Conférence, ainsi qu'un formulaire à compléter par vos équipes de manière à recenser les actions amorcées par votre gouvernement en regard de leur mise en œuvre.

Merci de nous retourner ce formulaire pour le 1^{er} février 2019. Cela permettra d'orienter les travaux du Réseau intergouvernemental de la francophonie canadienne en préparation de la prochaine rencontre ministérielle qui aura lieu les 27 et 28 juin 2019 à Iqaluit.

J'en profite pour vous inviter à inscrire ces dates à votre agenda. La Conférence ministérielle sur la francophonie canadienne aura 25 ans en 2019 et le gouvernement du Nunavut sera très fier de recevoir cet événement pour la toute première fois.

Nous vous remercions pour votre précieuse collaboration.

Bien cordialement,

Dear Deputy Minister:

For your information, please find enclosed a copy of a letter sent by mail to the provincial, territorial and federal ministers responsible for the Francophonie in their respective governments.

This letter is a follow-up to the Ministerial Conference on the Canadian Francophonie held on July 5 and 6, 2018 in Whitehorse, Yukon. We have attached the summaries of the PT and FPT decisions adopted at the Conference, as well as a form to be completed by your teams so as to identify the actions initiated by your government with regard to their implementation.

Please return this form by February 1, 2019. This will guide the work of the Intergovernmental Network of the Canadian Francophonie in preparation for the next ministerial meeting to be held on June 27 and 28, 2019, in Iqaluit.

I would like to take this opportunity to invite you to write these dates on your agenda. The Ministerial Conference on the Canadian Francophonie will celebrate its 25th anniversary in 2019 and the Government of Nunavut will be very proud to host this event for the very first time.

Thank you for your valuable collaboration.

Good afternoon Amber,

I hope this message finds you well!

Might you have a few minutes to talk tomorrow? We are preparing for the 2019-2020 biennium and establishing leadership of CSG West Committees. The leadership of our Canada Relations Committee has gone back and forth between a MLA from Alberta and British Columbia, Alberta just served their term for 2017-2018 and so it is back to B.C. in 2019-2020. I would like to explore whether this is something that interests Premier Horgan and other legislative leaders.

Here is a link to our services profile that provides information about CSG West and committees:
<https://www.csgwest.org/publications/documents/ElectronicServicesProfile2018.pdf>

The Canada Relations Committee information is on page 5. Previously, MLA Douglas Horne and MLA Eric Foster served as Canada Co-Chair in 2015 and 2016 respectively.

Here is a link to the 2015 Annual Meeting agenda for the committee:

Amber, thanks for the phone message and email. I am sorry Premier Horgan will be unable to join us in Tacoma. I am sure things are hectic with the recent changes in government. I hope at some point we can discuss British Columbia's involvement in CSG West. Alberta is an active member in our organization, and we would love to have BC become more involved. I am not sure if any of your MLAs are planning to attend this year, but I hope some will. We have a Canada-US Relations Committee that meets every year at the annual meeting, and I had the honor of attending a US-Canada trade summit in Calgary and a visit with provincial leaders in Edmonton earlier this year. If there is interest, I would be interested in bringing a group to Victoria later this year to discuss CSG West. (I always love the opportunity to visit Victoria!) There is more information about CSG West at www.csgwest.org.

Thanks again for taking time to respond and I hope we can continue our discussions with BC.

Subject: Cumulative Impacts

Hi All,

Earlier this year, the Premier and Cabinet had asked that a process be developed to assess and monitor the impact of government policy decisions on businesses and the economy and to incorporate impact information in proposals being advanced for Cabinet and Cabinet Committee consideration.

I am writing to introduce the **Business and Economic Implications Framework** (BEIF) and to ask that you advise staff of the new requirements. The BEIF was developed by the Ministry of Jobs, Trade and Technology to provide a standard assessment approach. JTT will provide support and assistance as the BEIF is established,

establish capacity to track cumulative impacts and review the BEIF after 6 months to ensure that it is meeting its intended purpose.

Effective January 1, 2019, ministries submitting **new** Requests for Decision, Requests for Legislation and Orders in Council intended for Cabinet and Cabinet Committee consideration will be expected to complete the screening and evaluation tools included in the framework. The framework and related screening tools and worksheets are available at <http://gwww.cabops.gov.bc.ca/templates/>.

Training tools have been developed to assist with implementing the framework, including in-person workshops and a self-serve training module on [@work](#). Registration for workshops can be done through the [Learning System](#) (Business and Economic Implications Framework – Workshop). Priority registration may be given to teams that are developing submissions that will be considered early in 2019.

Please circulate this email to your leadership teams, and direct any questions about the framework to Christine Little or Francois Bertrand at JTT. As your teams begin implementing the framework, requests for support can be directed to BEIF@gov.bc.ca.

Thanks.

Don

Thanks for sharing. Two quick comments:

- 1 - we may need to rephrase the first sentence as I am not sure PO has made the request.
- 2 - not sure the s.13; s.16 is a viable option but I am happy to double-check.

Thanks again, oym

Hi Genevieve,

I just have a few questions regarding Okenge's transfer to IGRS I was hoping you might know the answers to:

- Will IGRS now be paying Okenge's travel expenses? Meaning Kelly would be purchasing flights, etc. on her PCard?
- Will IGRS now be paying Okenge's monthly car lease? (\$700 a month)
- Will IGRS now be paying Okenge's monthly Telus bill? If so I will need your Telus account number
- Do we need to put in an asset transfer for Okenge's laptop and cell phone?

Thank you so much!

Time commitment is minimal. The MLA would be expected to attend 1-2 meetings per year in the western US and participate in a small number of phone calls throughout the year. The term is 2 years.

Importance: High

Good afternoon Amber,

I hope this message finds you well!

Might you have a few minutes to talk tomorrow? We are preparing for the 2019-2020 biennium and establishing leadership of CSG West Committees. The leadership of our Canada Relations Committee has gone back and forth between a MLA from Alberta and British Columbia, Alberta just served their term for 2017-2018 and so it is back to B.C. in 2019-2020. I would like to explore whether this is something that interests Premier Horgan and other legislative leaders.

Here is a link to our services profile that provides information about CSG West and committees:

<https://www.csgwest.org/publications/documents/ElectronicServicesProfile2018.pdf>

The Canada Relations Committee information is on page 5. Previously, MLA Douglas Horne and MLA Eric Foster served as Canada Co-Chair in 2015 and 2016 respectively.

Here is a link to the 2015 Annual Meeting agenda for the committee:

<https://www.csgwest.org/policy/documents/AgendaCanadaRelationsRevised.pdf> and here is a link to the 2016 Annual Meeting agenda for the committee: <https://www.csgwest.org/policy/documents/CRCFinalAgenda.pdf>

Thanks for your consideration and hope to hear back soon!

Amber, thanks for the phone message and email. I am sorry Premier Horgan will be unable to join us in Tacoma. I am sure things are hectic with the recent changes in government. I hope at some point we can discuss British Columbia's involvement in CSG West. Alberta is an active member in our organization, and we would love to have BC become more involved. I am not sure if any of your MLAs are planning to attend this year, but I hope some will. We have a Canada-US Relations Committee that meets every year at the annual meeting, and I had the honor of attending a US-Canada trade summit in Calgary and a visit with provincial leaders in Edmonton earlier this year. If there is interest, I would be interested in bringing a group to Victoria later this year to discuss CSG West. (I always love the opportunity to visit Victoria!) There is more information about CSG West at www.csgwest.org.

Thanks again for taking time to respond and I hope we can continue our discussions with BC.

Chers collègues,

Pour votre information, veuillez trouver ci-jointe la version finale du *Cadre pancanadien sur la croissance propre et les changements climatiques : deuxième rapport annuel de synthèse sur l'état d'avancement de la mise en œuvre*. Le rapport intègre les commentaires de la dernière série de consultations et devrait être publié aujourd'hui.

Merci pour vos contributions et votre collaboration continue.

Cordialement,

Christiane Fox

Subject: PCF Synthesis Report PCF | Rapport de synthèse CPC

Dear colleagues,

As discussed during a recent call, this committee is responsible for approving and delivering to First Ministers an annual report on the implementation of the Pan-Canadian Framework on Clean Growth and Climate Change (PCF), fulfilling a key PCF commitment.

With this in mind, we are pleased to seek your approval of the draft "Pan-Canadian Framework on Clean Growth and Climate Change— Second Annual Synthesis Report on the Status of Implementation, December 2018." The report outlines progress made by federal, provincial, and territorial governments over the last year on the over fifty actions laid out in the PCF.

Final approvals as well as any redline comments on the draft report are being sought by **Monday, December 10**. Please send any changes and confirmation of approval to myself (christiane.fox@pco-bcp.gc.ca), copying Deputy Minister Stephen Lucas (stephen.lucas@canada.ca). A teleconference can be convened should any issues require discussion.

This draft report will also be shared with Environment Deputy Ministers via the federal Deputy Minister of Environment and Climate Change Canada. He will encourage his colleagues to share any views they may have with you as their intergovernmental counterpart. In addition, he will share this report with the National Indigenous Organizations for their information.

Summary of timelines and next steps:

- December 10: IGA deputies to provide any redline changes and confirmation of approval of the report
- December 14 : Final publication version of report complete
- Week of December 17: Report release – Final version of report sent to First Ministers

Please do not hesitate to contact me with any questions or concerns,

Christiane Fox

Chers collègues,

Comme nous en avons discuté au cours de notre téléconférence, ce comité est responsable de l'approbation et de la présentation aux premiers ministres d'un rapport annuel sur les progrès dans la mise en œuvre du Cadre pancanadien sur la croissance propre et les changements climatiques (CPC), remplissant ainsi un engagement clé du CPC.

Dans cette optique, nous sommes heureux de partager la version provisoire du « Cadre pancanadien sur la croissance propre et les changements climatiques – Second Rapport Annuel sur l'état des travaux, décembre 2018 » pour votre approbation. Ce rapport présente les progrès accomplis au cours de la dernière année par les gouvernements fédéral, provinciaux et territoriaux sur plus de cinquante actions établies dans le CPC.

Les approbations et les commentaires essentiels finaux sont demandés pour **lundi le 10 décembre**. Veuillez envoyer les modifications et confirmation d'approbation à moi-même (christiane.fox@pco-bcp.gc.ca), avec un cc à Stephen Lucas, Sous-ministre, Environnement et Changement climatique Canada (stephen.lucas@canada.ca). Si des questions nécessitent notre attention, nous pourrions organiser une téléconférence.

Cette version provisoire du rapport sera présentée aux sous-ministres de l'Environnement par l'intermédiaire du sous-ministre fédéral d'Environnement et Changement climatique Canada. Il encouragera aussi ses collègues à vous faire part

de leur point de vue, à titre d'homologues intergouvernementaux. De plus, il partagera ce rapport avec les Organisations autochtones nationales, pour leur information.

Sommaire des délais et prochaines étapes:

- 10 décembre : les SM AIG envoient des modifications et la confirmation de l'approbation du rapport.
- 14 décembre : la version finale du rapport est complétée
- La semaine du 17 décembre : diffusion du rapport – version finale envoyée aux premiers ministres

N'hésitez pas à communiquer avec moi si vous avez des questions ou des préoccupations.

Greg D'Avignan, who co-chairs the Cascadia Corridor project with former Washington State Gov. Hello Genevieve, good afternoon:

As part of our ongoing commitment to reduce greenhouse gas emissions, Real Property Division (RPD) Assistant Deputy Minister Sunny Dhaliwal recently announced the installation of ten electric vehicle (EV) charging stations this fiscal year. These stations will primarily be located at owned buildings for employee and visitor use.

We are working with our service provider, BGIS-Workplace Solutions Inc. (WSI), to install an electric charging station at 620 Superior St. Our goal is to deliver this project by the end of March 2019. Please find attached details of the proposed model for the electric charging station, its configuration and location at your facility

Option 1 is deemed most viable option, as it is much closer to the electrical room than Option 2. Moreover, Option 2 is likely to be more expensive as it requires an open trench which will cause disruption to the surrounding of the building.

To have your charging station installed and fully functional by March 29, 2018, please do not hesitate to reach out if you have any concerns or comments by **Friday January 4, 2019.**

We hope you and your loved ones enjoy a warm, safe and peaceful holiday season.
