Subject: DFO Critical Habitat update
Importance: High

Good Evening All,

Val Litwin at the BC Chamber has worked extremely hard and has achieved the goal of scheduling a round table meeting with the DFO Minister. The meeting is set for Oct 11th 2:30 pm at the River Rock Casino in Richmond. It will be tremendously important to get the proper stakeholders in this meeting. Many believed the meeting would not happen and now that it is, we need to ensure leaders from each of our Chambers have a seat at the table. A show of solidarity in attendance will be of the utmost importance to convey the message of the potentially devastating economic effects which will occur to each of our communities if DFO moves forward with designated areas for Critical Habitat. Our collective message needs to continue to emphasize the effects from an economic standpoint and the government needs to address the situation through a balance approach which protects both the whales and the rights of our communities to exist. Data needs to be organised with respect to how many direct dollars sports fishing brings into each of our communities and as well the dollars which downstream dollars and jobs the sports fishing industry supports. This is our opportunity to make a difference in each of our respective business communities and bring a large voice with a common message to the table. I sincerely hope each of you will make the effort to attend. The economic well being of all our communities depends on it.

We need to have the list of meeting attendees to Val by the end of business tomorrow so he can send it through to ministry. Please let me know who will attend from your chamber. Thank you.

Supt Sean Sullivan
RCMP Island Division
2881 Nanaimo Street
Victoria BC
V8T 4Z8

Dear C/Supt Sullivan

Thank you for all the work you and all RCMP officers do each and every day to keep Vancouver Island safe.

I wrote to you in late November 2017 requesting increased budget for more officers in rural Sooke: Shirley, Otter Point, East Sooke. Thank you for making budget decisions that did result in increased RCMP presence in these rural areas of Sooke.

I now am writing again to seek a further increase in budget so that more officers can be assigned to these rural areas in my constituency. I know that you are well aware of the rapid population growth in rural Sooke and Juan de Fuca. Land development, increased tourism, increased traffic, population growth and rural crime all contribute to the ongoing increased pressure on police and the public.

Please do, once again, look favourably on this second request for more officers. I would be happy to discuss this issue with you at any time.

Until then, I thank you and your officers once again for your service to our community.

Sincerely,

Honourable John Horgan, MLA
Langford-Juan de Fuca

Dear Mr. Bruce Fogg,

RE: Immigration application under the Humanitarian and Compassionate grounds

I received your contact detail from my client, s.22

who had a chance to

meet you last week in Victoria. I am writing this letter for him to ask you your help regarding the immigration application of s.22. I am a regulated Canadian immigration consultant, and I am currently their authorized representative.

First of all I would like to provide background information regarding their applications.
s.22

If you need any further information, please let us know. We will do our best to provide everything to you. I am afraid we need to submit additional information to the immigration office by October 17th. We totally understand you are already very busy, but just a simple supporting letter would be very much appreciated. Thank you very much.

Sincerely yours,

Changho Song

Subject: Supporting a College of Counselling Therapists

Dear Premier Horgan,

I am one of your constituents, and I am writing to you as both my MLA and the premiere of British Columbia. I want to bring to your attention the problem of lack of regulation of counselling therapy in British Columbia.

Lack of regulation of counselling therapy means

- There is no government authority to protect British Columbians from the physical, financial, and psychological harms known to follow from unethical or incompetent counselling therapy practice
- Anyone in British Columbia can call themselves a therapist, so that British Columbians coping with crises and distress have no clear way of knowing who is trustworthy and competent
- Over five thousand highly trained mental health practitioners, including me, are excluded from the formal health care system

- Credentialed and effective counselling therapists cannot move up the promotional ladder in most health authorities because they are not part of an officially regulated profession
- Professional associations spend hundreds of thousands of dollars every year to enforce standards, yet are regularly frustrated in this work by not having access to the enforcement tools found in the HPA

This is just a sample of the difficulties imposed on British Columbians by neglect of this important point of public safety. A longer list would point to tax inequities, constraint on mental health staffing, inconsistencies with inter-provincial labour mobility, limitations on disaster psycho-social services, constraints within extended health plans, blocking of mental health referral channels, limitations on mental health staffing, and much else besides.

In addition, having attended the recent Conference for Recovery Capital in September 2018 (at which the Honourable Minister Judy Darcy gave a Keynote speech) many in the Addictions field would like to see an increase in accountability. Creating the College of Counselling Therapists would assist in this endeavour.

Fixing this problem requires neither money nor legislation. My professional association informs me that a College of Counselling Therapists can be created under the Health Professions Act by order in council, and that such colleges are self-funding.

When in opposition, officials of your party and NDP members of the legislature were clear with the Federation of Associations for Counselling Therapy in British Columbia (FACTBC), that this issue had been neglected too long and needed resolution. Yet just last month, Health Minister Dix wrote to FACTBC, after long delay in responding to a request for a meeting, to say that the province lacked the resources to regulate counselling at this time and did not know what form such regulation should take. There might be good reasons for this apparent contradiction, but it is not obvious what they might be.

Do you support the regulation of counselling therapy? Will you commit to bringing the question of regulation of Counselling Therapists to the government caucus and to the cabinet as a point of action?

Thank you for your time and attention in this important matter.

Sincerely,

This e-mail is CONFIDENTIAL and intended only for the person to whom it is addressed. If you receive this e-mail in error, please delete and inform the sender.

Honouring Allan Cahoon's Presidential Service

In 2007, Dr. Allan Cahoon took charge of a young university on the West Shore and has since led it on a course of growth and success.

At the end of this calendar year, Allan Cahoon will close out his term as President

and Vice-Chancellor of Royal Roads
University.

We invite you to join us to celebrate his
leadership and outstanding achievements.

Date: Thursday, Nov. 8, 2018

Time: 5 – 7 p.m.:

Mixer and appetizers at 5 p.m.

Program begins at 5:30 p.m.

Location: Centennial Ballroom, Union Club,
805 Gordon St. Victoria

Please RSVP by Nov. 1, 2018 to [Royal Roads
Chancellor](#).

Sincerely,

Kathleen Birney
Royal Roads University Board Chair and
Chancellor

Hello s.22 ,

Hans has asked me to forward this to you. It's a short message from Mr. Horgan that you can post on your neighbourhood page, if you see fit.

Best regards,
Lawrence Herzog

**

Dear neighbours,

To everyone who calls this wonderful neighbourhood home, I want to say thank you for your patience and understanding over the last few weeks. I recognize it has been a difficult time.

The encampment is now gone, and BC Parks personnel are working to ensure that the site has been thoroughly cleaned of any debris and hazards. One of my constituency assistants has been working closely with
s.22 from your neighbourhood and

they've visited the campground several times. My assistant reports that the site is in good shape.

BC Parks staff are now inspecting all areas including the children's playground, shower area and trails. Once that work is complete, the campground will reopen after the Thanksgiving Day long weekend.

Thank you for your pride and affection for Goldstream Provincial Park.

John Horgan
MLA, Langford-Juan de Fuca

Subject: JABC in your riding

Dear Premier Horgan,

As you know, for over 60 years, JABC has been working in partnership with B.C. teachers to prepare youth for success by providing financial literacy, work readiness and entrepreneurship programs to students in grades four through 12. In the past year, JABC delivered almost 1,500 programs reaching close to 38,000 students in 56 of B.C.'s 60 school districts.

However, JABC is not able to serve all the students seeking JABC programs in the province. As of September 28, approximately a third of school districts in the province have lengthy wait lists for JABC programs, including the Sooke School District in your riding.

I would welcome the opportunity to meet with you and your staff to discuss our strategy to expand JABC's programming and to serve more of the province's youth, as well as the teachers delivering BC's new curriculum.

I can be reached at sheila.biggers@jabc.org or by phone at 604-688-3887 x225 to make arrangements. Additionally, my office will be in touch with your staff to follow up and discuss scheduling.

Best regards,

Sheila

Good day Emily. Just following up on the below email string. I had sent the original email to you and am wondering if now WorkSafe/Ministry have any bullets for responding directly to s.22 (or preferably if he was responded to directly can I get a copy). Basically he is looking for cost of living and other enhancements that may have been recommended in the Paul Petrie report.

Thank you for any lines or draft response you can provide.

Thanks

Hello s.22 Thank you for your Sept 12 email to MLA Horgan.

Although MLA Horgan is not able to meet at this time, I have taken the liberty of forwarding your email to the Minister of Labour Harry Bains. His offices will provide a response regarding your request for a return to including cost of living indexation.

Thank you for taking the time to write.

I look forward to having an answer to your query in the near future.

All the best.

Subject: Thank you for your participation! The 1st JR Community Survey is now closed

[View this email in your browser](#)

Thank you for your participation! The 1st
JR community survey is now closed.

I want to take a moment and give thanks to all of you who took a few minutes out of your busy life to fill out this first survey.

75 people filled out the first Jordan River community survey, and I look forward to share the results with you soon.

While I am getting ready to schedule my first community informant interviews, I am also gathering Census and administrative data about our area and compiling your survey responses.

I plan on sharing the survey results with the community in the next two weeks along with the launch of the second community survey. You will, once again, be given two options, to either fill out the survey online or in person at the JR CRD building.

There will also be another door to door in person effort to ensure that we get the word out about this second survey to as many people as possible. If you are interested to help with this part, please get in touch with me to coordinate.

A reminder that the JR Community Hub project's primary objective is to formulate a clear understanding of the Jordan River community, with a focus on key needs. The project's next steps will be based on the evidence provided by the community. This survey was the first of four that will take place between September and December, 2018. The focus of this first survey was to identify your needs as a community member.

The project research methodology is available at www.jrcommunityhub.org.

Note: The JR Community Hub Project was initiated in the context of preparing a graduate school project. For more info about this project, please contact the volunteer project lead, Pascale Knoglinger, MBA candidate, at knoglingerp@gmail.com

Warm regards,

Pascale

Good Morning,

I am just confirming that this meeting between Chief Chipps and Premier Horgan on Oct 15 is being rescheduled?

Upcoming dates that I have open for Chief Chipps is Oct 18, 22 or end of the month 30th and 31. Please let me know what date and time works.

Thank you,

Stacey Charles

Hello again. My apologies for this change.
Turns out that I have lost the Oct 15 meeting opportunity for Premier and Chief Chips.
Premier would still like to host Chief Chipps at his Legislative office...so wondering if you could be in touch with me about upcoming dates that may work for Chief Chipps to visit Premier at the Legislature.
Thank you
Best

Good morning Chief Chipps.
Just following up on my call to your cell phone last week inviting you to meet with the Premier for lunch at his Legislature office at noon on Monday October 15.
If that date doesn't work perhaps we could work on another date this month that may work for both.
Looking forward to your response.
Best.

Premier John Horgan
Office of the Premier

Sent via email: john.horgan.mla@leg.bc.ca / premier@gov.bc.ca

Dear Premier Horgan,

Thank you for taking the time to review the attached invitation for the Be More Than A Bystander reception and celebration on **Saturday, November 3rd 2018**. This celebration will take place at the BC Place, Balcony Suite and is focused on celebrating the Be More Than A Bystander campaign.

The Ending Violence Association BC, the BC Lions, Encana and the BC Federation of Labour (amongst others) have partnered together to deliver this groundbreaking program that sees sports icons from the BC Lions using their status and public profile to create awareness in schools across the province and urge everyone to "Break the Silence on Violence Against Women".

We would really like to have the opportunity to recognize Government's support as part of this program and include key members of the government – like yourself – in the event. The night will include a short presentation on the reach and impact of the program, but will otherwise be informal and provide a chance to mingle while enjoying the BC Lions game.

We look forward to seeing you.....please do not hesitate to contact myself or Tracey Porteous if you have any questions.

Please RSVP to Eva Miclat at eva.miclat@encana.com on or before **Wednesday, October 24, 2018**.

Regards,

Richard Dunn

Mr. Al Wickheim
al@prodaptivemedical.com

Dear Mr. Wickheim:

Thank you for your email from November 22nd, 2017 and the accompanying information about your company's STAL Shield and Stand product.

In September 2015, the BC Government established the BC Clinical and Support Services (BCCSS) Society. The Society's mandate is to promote health in the province through coordinating, managing, and/or providing clinical, diagnostic and support services to BC's health care system for the benefit of all users. The BCCSS' responsibilities include supply chain management for all health care related purchases on behalf of all six BC health authorities. Therefore, I would encourage you to please contact the BCCSS directly regarding your product and any opportunities for its use in the provincial health care system. You can find the BCCSS contact information at this link: <http://www.bccss.org/contact>.

Sincerely,

Brian Sagar
A/Executive Director, Public Health Services & Office of Indigenous Health
Population & Public Health Division

Bruce,

I wrote to Terry Lake 1st March 2016 through Maureen, but got no reply, as well to the NDP Health critic of that day but got no response from her office either. Since then we have had significant advancements in the science supportive of our claims achieving up to 99.5% in providing *at-source* blockade and capture of pathogens associated with Healthcare Acquired Infections. And much more has been learned and confirmed in one of North America's foremost microbiology labs by one of the worlds foremost authorities in the spread of pathogens in healthcare systems. Spoke to John about it several years ago as an 'out of interest' thing when we met s.22 but not much further than that.

Amber, can you please talk to Bruce Fogg about this? I'd like to know who this person is and any background he can provide. We would also like to know what the photos will be used for.

On Oct 15, 2018, at 1:52 PM, Nash, Amber PREM:EX <Amber.Nash@gov.bc.ca> wrote:

Hi Both,

s.22 to find a time for John to test drive an electric truck – wanted to give you a heads up as it seems to be a little more than just a test drive for fun with friends:

*Bob Pearson (constituent) & he were talking about a company which would like to start manufacturing Electric trucks in BC.
They will be likely be manufacturing these in Nanaimo. One of the trucks will be here, doing tests on October 27th*

I had tentatively confirmed John to test drive a truck at 2pm. s.22 they would
meet up at the Legislature to have John test drive the electric truck & shoot some photos.

I will ask for more information in regards – but flag as I’m not sure what the photos will be used for.

Subject: OPEN LETTER - Refusal to Correct ALC on Double Opposite Zoning

Dear Honorable John Horgan

Firstly, I am writing to correct and apologize for the error in our last letter to you. It appears we were given wrong information, and our Residential Zoning was not changed backward to Agricultureand cannot be without our permission. May I please offer my profound apologies for this error? Only the Land Commission maintains it is agriculture and refuses to sign a subdivision plan to submit to Registrar of Titles, thus sabotaging the official zoning statute authorized and registered by the government of BC.

The issue of Double Opposite Zoning on the same Property, which was created by the Land Commission (your contractor) has remained unresolved for 16 years. In fact, your honourable minister of Municipal Affaires, Selina Robinson, has recently officially written she will not answer our questions or even reply to us on this surreal issue. After 4 letters directly to you, we are writing to see if you intend to choose the registered zoning? or allow your contractor to over-ride the people's elected government decision to zone it Residential (which was based on the Regional District's evaluation, who has jurisdiction over it, and 4 certified local agologist's findings that it is not farmland and better served to save farmland by supplying acreages to supply the demand for rural living).

This large area was rated by the Federal government as NON-FARMLAND in the 50's. It was only included in the reserve because there is a small portion in some river valleys that might be Class 4...WITH THE INSTRUCTIONS THAT IT BE FURTHER DEFINED within 5 years and the non-farmland be excluded. Ours is at the top of a very rocky, treed, early frost area with 1 inch of topsoil. Forty-five (45) years later, the Commission still hasn't fulfilled this requirement!

We feel it is your responsibility to Please make a decision since your government isn't working for you. It can only be one or the other.

It is illegal/undemocratic to give the power the people gave you with their votes to another entity to over-ride yourself. It is illegal to zone land to make it unusable. May I add the government made the decision to zone it 'Residential for the right reasons', while your contractor (LC) is opposed by the Regional District plus 4 more local, reputable, Professional, Certified Agrologists (reports available upon request). The LC, who has no such credentials, has never done more than walk down a 400 foot trail through the bush maintaining they never even noticed the huge boulders on the way, that I stood on for them to see.

When may we expect your decision please? The LC has made this land unusable for 21 years already. We

Hello everyone,

The following South Island MLA Meeting is confirmed for this Wed., Oct. 17 @ 11:30 in Minister Fleming's office, room 124. This will be a lunch meeting, everyone is welcome to bring their own lunch to the meeting.

Agenda information:

The South Island MLA meeting is a chance for the MLAs to discuss top issues in the region. Before the meeting, EAs should ask their ministers for agenda items and do any research required. The south island EAs used to meet regularly to ensure that the work discussed at the MLA meeting was being continued on the ground while ministers were busy with the legislative session.

If you are able to send along the agenda items prior Nadia and I will compile them for print out; if they are not ready prior, please print enough copies for the attendees.

Attendees:

- MLA Dean
- MLA Popham –& EA Chris Wieczorek - confirmed with Lisa on Oct. 12
- MLA James & EA Kelly Sather – confirmed with Heidi on Oct. 12
- MLA Fleming & EA Nadia Hamdon
- Bruce Fogg, obo of MLA Horgan

Please contact me if you have any questions,
Thank you,

Bruce will staff

The dedicated men and women of the Sooke Fire Rescue Services are prepared to answer the alarm at any time – day or night. Supported by five career members, the mostly volunteer organization comprises of 36 active members in two divisions. 30 members are assigned to suppression duties while the remaining six volunteers are in the Fire Prevention Division as public safety educators. Utilizing seven pieces of the latest in fire apparatus design and technology, along with a variety of support vehicles and equipment trailers, there is no call too large or small for us to handle. Protecting approximately 11,500 people spread over an area of 65 square kilometers means this department handles over 700 emergency incidents and 1000 non-emergency requests for service each year.

Annual appreciation banquet – 110 people attend including Firefighters, volunteers, Council etc.

No specific theme or attendees

s.22

Bruce will staff

The dedicated men and women of the Sooke Fire Rescue Services are prepared to answer the alarm at any time – day or night. Supported by five career members, the mostly volunteer organization comprises of 36 active members in two divisions. 30 members are assigned to suppression duties while the remaining six volunteers are in the Fire Prevention Division as public safety educators. Utilizing seven pieces of the latest in fire apparatus design and technology, along with a variety of support vehicles and equipment trailers, there is no call too large or small for us to handle. Protecting approximately 11,500 people spread over an area of 65 square kilometers means this department handles over 700 emergency incidents and 1000 non-emergency requests for service each year.

Subject: MLA meeting notes

As discussed.

Notes from South Island MLA meeting – Oct 17.

James, Popham, Fleming, Dean & EAs.

1) Homeless Campers

- a. Leaving Saanich this afternoon, rumoured to be going to a Saanich Park...not confirmed
- b. Ministry Housing going to reach out to new councils to offer tours of modular housing projects to address negative perceptions of local governments and communities about the effectiveness of this type of housing.
- c. Mitzi next spring going to host Westshore roundtable with Councillors and stakeholders to identify lands that might be available for modular. Bruce to work with her.
- d. Key updated messaging coming.

2) Transportation

- a. Has been an increase in BC Transit routes and frequency in Victoria. Not sure how much increase in Langford/Sooke. Bruce will check. And no bus goes to Beecher Bay....Mitzi to try to fix.
- b. E&N – MLAs prefer Premier/Mitzi to “pull the bandaid off” on this issue and inform stakeholders and public about the unreasonable cost to resume rail.....
 - i. Need to clarify: PJH meeting Board Chairs and new CEO in near future (not sure if that scheduled yet?). But Mitzi believes PJH will soon host a larger gathering of Mayors, Chiefs, ICF Board, stakeholders to discuss the future of the corridor. Are we doing both or one not the other or ??
- c. No consensus on whether there is a need for a lower Island Transit Commission.

3) Agencies and Boards

- a. Reminder to put names forward to Charley Beresford. Always needs more folk. Bruce checking re Dr. Ellen Anderson and Wendall Milne - are they interested in forwarding their resumes?

4) MLAs be sure to reach out to newly elected Mayors, Councils, SB

5) Esquimalt Nation

- a. Nation continuing in process of determining who will be next Chief...expected to go on for some months yet

6) PR – the rally next week will be a challenge to fill. Folks are interested in seeing PJH and Andrew on same stage though. Ballots for Victoria area expected to hit doorsteps week of Oct 31.

7) Next mtg of South Island MLAs – as shortly after Municipals as possible. Lunch hours work well.

Subject: Electric truck drive

Turns out this is a very unscripted new private company and product roll out. The company will convert pickups and, larger, 3-9 ton freight trucks to electric battery drive. Range of 280 km, which is large for this size truck

Bob is on Board of Directors.

Envirotec Vehicle Tech. <http://envirotechvehicles.com>

Assembly plant being set up in Nanaimo Airport.
City of Vanc has ordered 100 thru Letter of intent. Lots more LOIs
Envirotec Vehicle Tech. <http://envirotechvehicles.com/>

They have already invited out people to see PJH test drive. A follow up presentation is being planned, maybe, for a local hotel later that day for more details about the product.

I told Bob that PJH would not be able to attend and be seen as endorsing the product.

They are an extremely small company that seems to have no administrative folk who might be planning a product launch or company announcement.

Because they are a private company they want nothing to do with BC government and thus have not been in touch with any Ministry about the company, the product or this event.

Told him I would call him back once I know Premier's response. I would advise that they go ahead with their product launch whenever and wherever they wish and that PJH or some Minister would love to visit production facility at some future date.

Let me know what he wants to do and I will pass along to Bob asap.

Hello all,

At yesterday's lunch meeting it was suggested that the next S. Island MLA meeting be set up after the elections; therefore, I am suggesting Nov. 7th @ 11:30 for the next lunch meeting if not, Nov. 21st could be an option. Please indicate if your MLA is available.

Once confirmed, Nadia Hamdon will correspond with all of you regarding agenda items.

Subject: RE: Wreaths for Randall?

Morning team Garrison. Hope your weekend went well.

We used to order wreaths for:

- Esquimalt (where he usually goes to the ceremony to lay with assistance of Jim MacMillan-Murphy
- Metchosin (to be delivered to Metchosin municipal hall for their ceremony – which often is at the Church out there BEFORE Remembrance Day
- Sooke – often can talk Langford Legion into delivering the wreath out to Sooke.
- Langford – deliver before (RG doesn't represent folk in Langford but he does in Colwood – a lot of those folk attend the Langford ceremony.
- Saanich – deliver before

So order 5. But usually Vets Affairs Canada has already asked each MP how many wreaths are needed and ships that number to the MP constit office. That should already of happened.

Otherwise I believe you can order them from Esquimalt or Langford Legion.

Give me a shout if you have more questions

Subject: RE: Chief Planes award - Achievement

Good day.
Just to repeat what I was told this morning..
Susan F's shop will prepare congrats letters to all winners.
Susan will forward the draft of Chief Plane's letter to me/Amber for PJH to review.
Thanks.

Bruce Fogg
Executive Assistant (Constituency)
Premier John Horgan, MLA
Langford-Juan de Fuca

Subject: RE: Chief Planes award - Achievement

Hi Bruce – is this what you are looking for?..../mms

Backgrounder on Chief Gordon Planes - Hya-Quatcha 2018 Individual Achievement Award

Since 2007 Chief Planes has been the Chief of the T'Sou-ke First Nation. He has boldly embarked on a 100 year process to build a new community vision, one that fosters a healthy Indigenous population with a focus on four pillars: autonomy, food security, cultural renaissance and economic development. Under Chief Planes' expert leadership the T'sou-ke Nation is emerging as a leader in renewable and green energy for future generations. In the last few years they have launched a solar micro-grid demonstration project, and currently operate wasabi and oyster farms. The community generates electricity from solar power through a demonstration project launched over a decade ago that is so successful that the T'Sou-ke Nation offers tours to people all over the world. The community's success has been attributed to Chief Planes' focus on long-term sustainability, rather than personal profit, as the Chief explains: "It's all about future generations."

Detailed information about the awards and a list of past winners is posted on the Foundation's website at www.bcachievement.com/indigenousbusiness/

Subject: 2010 Analysis or E/N Corridor and Bridge Replacements
Importance: High

Hi Bruce, please see attached with the costs from the 2010 ministry's E/N study.

The whole corridor was estimated at \$216,630,000 **plus other potential costs up to another \$154 million.**

The Southern Corridor was \$118,300,000 **plus other potential costs up to another \$70 million for new grade separations and \$18.8 million** for bridge replacements which is close to \$200 million.

The Niagara bridge component that Premier was asking about was estimated at approximately **\$12,500,000.**

If you could relay this to the Premier, I would appreciate it. Thank you, db

Subject: NEW TIMES proposed for South Island MLA Regional Lunch Meeting

Hello all,

New times have been proposed below in order to meet sooner than Nov. 21.

November 8th from 12:30 to 1pm – ½ hour only, is suggested. If Nov. 8 does not work for your MLA, please indicate if Nov. 13 or 14th of break week might work and what time. Anytime is fine for Minister Fleming on the 13th and 14th between 10 and 3pm.

Thanks,
Andra

Subject: Belmont Sec. School - Remembrance Day Assembly - Request

Greetings MLA John Horgan and MP Alistair MacGregor,

I am Mandart Chan, and along with Ms. Rachael Sandberg, we are the Leadership Teachers at Belmont Secondary School.

On behalf of our 1500 students, teachers, and staff, we would like to invite you both to speak at our annual Remembrance Day Assembly. This year, we will be running the assembly on **Thursday 8 November**, starting at 10:30am. This school wide assembly will be held in our school gym, with the entire school in attendance. This year, we have Mr. Greg Pap, from the Memory Project of Historica Canada, as one of the guest speakers, as well as a speaker from the Canadian Armed Forces (via the Veterans' Week Project).

We really hope that the both of you will be able to attend, as you both are a part of the fabric of the community and the Belmont family.

Should you have any questions, please feel free to contact me here (mchan@sd62.bc.ca) or phone (250-478-5501, ext 4119).

I hope to hear from you soon.

Sincerely,

Mandart Chan & Rachael Sandberg

Subject: Fw: ACTION REQUIRED - Cabinet-First Nations Leadership Gathering

Hello friends,

The below information has gone to your CDs re: prep work for the First Nations Leadership Gathering. Please do review and connect with them about this.

Anne and I will have key updates at the staff meeting on Friday regarding your Minister meetings with Nations, and we will be able to field questions. In the meantime, please ensure your office has booked your Ministers and staff for the appropriate days in Vancouver, our AC has reminded them of dates in an email.

Thanks,

Good afternoon everyone

The 5th annual B.C. Cabinet and First Nations Leaders Gathering (aka FNLG in these parts) is **November 28-30** this year. We are looking for your help please with a couple of things at this stage of our preparations.

Issues Notes

- As we do every year, all shops should supply relevant issues notes related to First Nations.
- Like UBCM, we want all issues notes in the same format, and have attached a template that we ask you to use.
- We anticipate that given prep for session and UBCM, you will have the vast majority of these already on hand, and this won't be a make-work project. If there are any specific issues you identify that need an issues note to be developed however, we would appreciate that you do that based on your assessment of what's needed to support ministers meeting with specific nations.
- Attached also is a list of the topics for which meetings have been requested to date, which may help to identify issues not already on your radar.
- **Timelines:** Please have your issues notes to us **by November 2nd** at the latest so that they are available to inform program prep for the one-on-one meetings as appropriate. If you need to update issues notes after that time, you can send us replacements notes as appropriate, and new ones if they crop up.

Reconciliation Top Five

- We'd also like to get what the 'Top Five' things each ministry is doing to promote reconciliation with First Nations. This gathering is First Nations-specific, rather than Indigenous, so we're looking for First Nations-specific items. If you don't have five things to share, or you have many more, that's fine – just send what's appropriate. Our intention is to create a manageable inventory of positive examples of reconciliation in action that we can draw on for various materials.
- Sending us your news releases is fine, or a summary of the items, whichever works best.
- **Timelines:** Please provide these to us **by November 2nd** as well.

Q&A

- We will be working with the issues team on the hot issues prep in November, and may have additional asks related to that.
- In the meantime, if there are big issues you expect to come up, it would be very helpful for you to identify those so we can start a master Q&A.
- **Timelines:** Please send those to our attention as soon as you can, and/or when they are identified in the coming days. More to come on this as we get closer to the event date.

Key Messages for Ministers

- We will be preparing common key messages for all the ministers' binders on the 10-12 high-level ongoing topics of interest/concern for First Nations across government. Our office is taking a first cut at these, based on the messaging we already have for the various topics.
- **Timelines:** We will share them with you for your input near the end of October, and will look to finalize by Nov. 14th.

Announcements

- Any announcements to take place at FNLG must be done jointly with First Nations Leadership Council, so only work being done in partnership with the council would be appropriate, and would need agreement from First Nations Leadership Council to announce at that time.
- We have two or three potential options at this point for consideration, and discussion with the council.
- **Timelines:** If you have something you think would be appropriate and you would like to have considered for announcement at the gathering, please flag it for us **ASAP** so that we can bring it forward as an option for discussion.

****Note:** To make sure that nothing falls through the cracks on our end, I would ask you to please send anything related to FNLG to **Sharon Pocock, Tania Venn** and myself, **Sarah Plank**.**

For your awareness, our team will have four people there, and Events and Media Relations will also have staff there. I don't anticipate there would be a need for folks from any of the other comms shops, but please touch base if you feel a strong need to have someone from your team there.

Thanks very much for your help!

Subject: Western Forest Products selling JDF lands from Shirley to Jordan River

Thank you Maureen for the reply to my email. Of course I am very disappointed in my party and the government for this decision. Allow me to make both a comment and an alternative request for the government to consider.

1. Comment

I am disappointed in the short term view of the value of these lands. The professionals in our public service know how quickly forests regenerate on the west coast of Vancouver Island. Unlike the interior of BC a replanted forest would be impressive after just 25 years and even more so in 50 to 70 years when it is mature. That is a very short time frame if we want to preserve a coastal wilderness for our children and grandchildren to experience and enjoy. Unfortunately no action will mean subdivision and residential sprawl where a wilderness coastline could be easily be realized in a very short time period with little public expense. Please reconsider this decision by looking at the timeframe for forest regeneration on the west coast.

2. Alternative Request

Only as an alternative, if the government is willing to let this land slip away from easily achieved public ownership and protection, please change the Private Managed Forest Act law and regulations so that after logging the owners are prohibited from being able to have the land subdivided and developed either by themselves or a third party developer rather than being required to replant the forest and maintain it as Managed Forest Land. Unfortunately our experience out here is that subdivision and development always follow logging on Private Managed Forest Lands. Residential sprawl is replacing our coastal wilderness at an alarming rate. Another BC Liberal gift to their corporate donors that must be reversed.

Thank you.

Good afternoon s.22

Thank you very much for your email addressed to MLA John Horgan regarding land in the Shirley/Jordan River area. My name is Maureen and I am a constituency assistant in John's Langford office. Please allow me to apologise for my delay in responding to your email.

Thank you for bringing forward the suggestion for the government to purchase private land, at this time the government has no plans of purchasing parcels of land in Jordan River for forest

management purposes. Although these lands were previously part of a Tree Farm Licence (TFL) they were a portion of the privately owned component of the TFL. The Minister of Forest Lands and Natural Resource Operations and Rural Development at the time, with the consent of the licensee, adjusted the boundary of the TFL by removing the private lands from the licence area. Since removal the lands have continued to be managed as forests, and are subject to the Private Managed Forest Land Act. Under the Act, in exchange for a lower property tax, private landowners commit to managing for key public environmental values; specifically, protection for soil conservation, critical wildlife habitat, fish habitat, drinking water quality and prompt reforestation. The Private Managed Forest Land (PMFL) program is voluntary, and is administered by the Managed Forest Council (<http://mfcouncil.ca/>). If sold the land will be subject to local government and bylaws or the new owner may decide to continue to manage the land as a Private Managed Forest, and submit to the council a proposed management commitment. If the council determines that a proposed management commitment meets the applicable requirements the land will be classified as Private Managed Forest and will be subject to the PMFL Act.

Western Forests Products has recently listed properties for sale in the Jordan River area. The properties are part of the private lands deleted from a Tree Farm Licence in the early 2000s. BC Parks from time to time has funds to purchase private lands for inclusion in the provincial parks and protected areas system. In 2017/18, BC Parks had a budget of approximately \$10 million for private land acquisitions. At this time, a land acquisition budget for 2018/19 has not been established. The parcels of land that Western Forest Products have listed have been heavily logged. BC Parks has no interest in these parcels due to the recent logging, thereby limiting their potential contributions to the provincial parks and protected areas system. If BC Parks had a land acquisition budget at this time, there would be many properties, both on Vancouver Island and throughout the Province, of a much higher priority. The parcels are adjacent or near the Jordan River Regional Park operated by the CRD. CRD Parks looked at Section 73 and two other parcels, and determined that the lands are not suitable for park purposes as they had been recently logged, which limited their ecological value, and concerns about the maintenance or deactivation requirements for the network of forest roads.

Thank you again s.22 for your email and I do again apologise for the delay in my response to you.

Kind regards,
Maureen

Subject: URGENT ! Western Forest Products selling JDF lands from Shirley to Jordan River

John WFP is selling all of its lands from Shirley to Jordan River for possible subdivision and residential development. This is a chance to save our coastal forest lands from the disastrous decision by the BC Liberals to sell off these previous Crown lands. They have been logged but can be preserved again as Crown land. Here are the listings which are low fire sale prices. The province could get all 690 acres for less than \$4.5 million. This is urgent. Please act as our MLA to save these lands from development and return them to public ownership. Thank you.

I just spoke to Bob. As you say Bruce, he is still very interested in making the 27th work, and is in fact bring 3-4 trucks down from Nanaimo to Victoria for test drives that day, including people from California and the Mexican Consulate. So it would seem that some testing is going ahead that day with or without the Premier. I had just assumed that this was to take place in Nanaimo, and I am not sure if it being in Victoria changes things Amber.

Subject: RE: Bob Pearson - Electric Trucks

I just spoke to Bob. As you say Bruce, he is still very interested in making the 27th work, and is in fact bring 3-4 trucks down from Nanaimo to Victoria for test drives that day, including people from California and the Mexican Consulate. So it would seem that some testing is going ahead that day with or without the Premier. I had just assumed that this was to take place in Nanaimo, and I am not sure if it being in Victoria changes things Amber.

Just called. Hasn't heard from anyone ...wondering if still on or another date or ??

I told him I would check and that Amber/someone going to call him/the other contact to work on date/time. Any idea when that might happen? They are getting anxious as it was originally scheduled for the Saturday. I told Bob that PJH reiterated his desire again this morning to attend the event (possibly with Weaver?) whenever it is confirmed.

Thanks Kassandra. No I haven't seen any of the docs yet for this announcement.

s.22 Not sure who is representing Esquimalt Nation
these days.

I had no idea this was such a big announcement with all these bigwig invitees....nice.

Please see attached. I'm not sure if the Pharmacy is included in the event but perhaps they should be invited since they are adjacent and seem to be keen. No MLA Horgan has not and probably wont visit them otherwise so perhaps they can be included somehow?

Believe there is a briefing this afternoon I may pop into for information.

Thanks

And btw the Sooke announcement – believe Amber was saying Nov 9 might work? That's the last day the Mayor available till end of Nov so hoping we can do it that day?

Hello Bruce – AC Barney has let me know that we have responded to approximately half a dozen overdose calls this year (no deaths as far as we know of). What is interesting is that years prior there were more – there was a one week period a few years ago where we responded to 10 in one week. We think that the numbers going down is not necessarily attributed to less drug use and fewer overdoses, but more Naloxone kits in the hands of drug users – they are now self/friend-administering Naloxone instead of calling 9-1-1. Many calls that we go to, it is discovered upon arrival that a friend has already given them Naloxone before we arrive.

Hope this is helpful.

Thanks,
Julie

Hello Bruce –

Thanks so much for the note. We are certainly looking forward to welcoming you all at the banquet.

Of our 37 volunteer firefighters, below are the members who are getting service awards this year:

25 years of service:

Volunteer Firefighter Vince Schutt (combined with other fire dept – not just Sooke)

20 years of service:

Volunteer Fire Chaplain/Assistant Chief, Gordon Kouwenberg (combined with other fire dept – not just Sooke)

10 years of service:

Firefighter Roy MacTavish
Firefighter Rod Davis

For 5 years of service

Firefighter Nick Robinson 2013 - 2018
Firefighter Joshua Schmidt 2013 - 2018
Firefighter Chris Daoust 2013 - 2018

Rick McLeod is also retiring as our Volunteer Emergency Support Services Director after almost 10 years of service on ESS as he has announced his retirement in April 2019. Rick is a retired Deputy Chief from Sooke Fire Rescue as well. He retired two years ago from that position and stayed on as the volunteer ESSD.

Feel free to reach out if you have any questions.

Thank you!
Julie

Hi Julie. Thanks for speaking with me yesterday. I have passed all the info about your event downtown to the Premier's office. Someone from his RCMP protection detail will be in touch with you prior to the event just to check on a few things and possibly to an in advance site visit.

Believe attending with Premier will be:

- Two protection folk
- Myself
- s.22

And please do let me know if there are any particular things you want him to address in his short remarks: folks he should congratulate, long service folk or ...etc.

Here to chat anytime. Best.

Hi Bruce,

Hope all is well with you! Minister Popham recently received this incoming correspondence. Our CU is drafting a reply, but our Sr. MA Sam also asked me to pass this on to make sure you're aware of it. Do you know if this is an issue the Premier's MLA office has received any correspondence on? I was able to find this one article from about a month ago but otherwise not much: <https://www.sooke.newsmirror.com/news/sooke-ocp-amendment-pits-neighbour-against-neighbour/>

Warmly,
Chris

Chris Wieczorek

Executive Assistant to Hon. Lana Popham
Minister of Agriculture for the B.C. Government

Subject: 5536 Sooke Rd and 5544 Sooke Rd Agricultural properties

Dear Ms. Popham

I am gravely concerned about our agricultural land in Sooke and the severe abuse thereof. I live in Saseenos, the growing hub of Sooke, next to a property which borders the salmon bearing Ayum Creek. The landowner of 5536 Sooke Rd has removed all the topsoil and replaced it with blasted rock and removed every fruit tree or anything to do with agriculture and replaced it with full scale industrial use. This property is also next to an ALR property, which the same owner of 5536 Sooke Rd owns, it is 5544 Sooke Rd.

These lands have been farmlands since 1922, when the first settlement was established. Our property is 5526 Sooke Rd., which I believe you are familiar with as we have farmed here for 30 years. My understanding with our agricultural lands is that the same rules apply for ALR as for agricultural lands in the case of use and of soil removal or addition of any fill or soil.

I would like to meet with you in this regard. Sooke Council has had a public hearing to change the OCP to allow temporary permit use on 900 rural properties including many ALR lands in this part of the OCP, known as Gateway Residential., in order to allow this landowner to further destroy historic farming property which also borders a major salmon bearing creek. The use on this property is, devastating the surroundings. His operation includes industrial, fabricating, painting, welding and used car sales lot.

I served 2 1/2 years on the OCP to ensure that we protected our rural lands and being a farmer here for 30 years, I know this area is similar to Saanich peninsula for growing. We set this area apart for agriculture.

I also have served 8 years as Sooke Fall Fair President, promoting agriculture in our region and served on the committee to establish the Sooke Region food CHI and also served as a board member in our first years.

The owner of 5526 Sooke Rd, gained farm status soon after purchase, in September of 2000. He built a barn (really a fabrication/welding shop) in 2004, without building permit and continues to denigrate the entire property, with vehicles and heavy equipment and 5 trailer units filled with various nuts, bolts, plumbing parts etc. He continually exacerbates his operation where now, he has semi-trucks and heavy equipment continually passing by our farmhouse and gardens. The Operation accelerated in 2007 and until 2014, without any farming, this property was claiming farm status and being charged taxes as a farm.

BC Assessment has now changed that to a percentage of the property being commercial and thus his taxes are \$5,000. We had the provincial stream and creek folks look at the situation, but the official said we had to prove there was leakage into the creek, but he was quite dismayed at the destruction by the stream. In July this year, the owner went even further

an cut down trees and removed blackberries and brush by the creek and built a rock wall and changed the elevation of the land.

We would appreciate the Ministry of Agriculture, looking into this sad situation.

We know there are two other situations on West Coast rd, which I believe you mentioned, the pig farm on ALR land and one property over towards Sooke village, also ALR land where the land is being covered as well with abandoned vehicles and debris.

Look forward to your response and help in these situations.

Kind regards

Ellen Lewers

Hi Michele,

The Remembrance Day event the Premier is attending is a constituency event so we haven't been asked to help support it. I know it's at the Legion in Sooke and it's a parade/walk and then ceremony. I think Amber might be the best person to get details from.

Sorry I can't be of more help.

Joleen

Hello Joleen,

I'm prepping the Remembrance Day speaking notes for Danielle, and I just wanted to touch base with you and see if you had any details that I could use? Expected speaking length, order of speakers, any other event details that might assist? Any topic to focus on would be great as well.

I know that protocol for Remembrance Day ceremonies is fairly strict, so I wanted to make sure that I had all available information – thanks so much! ☺

INFO:

Of our 37 volunteer firefighters, below are the members who are getting service awards this year:

s.22

The dedicated men and women of the Sooke Fire Rescue Services are prepared to answer the alarm at any time – day or night. Supported by five career members, the mostly volunteer organization comprises of 36 active members in two divisions. 30 members are assigned to suppression duties while the remaining six volunteers are in the Fire Prevention Division as public safety educators. Utilizing seven pieces of the latest in fire apparatus design and technology, along with a variety of support vehicles and equipment trailers, there is no call too large or small for us to handle. Protecting approximately 11,500 people spread over an area of 65 square kilometers means this department handles over 700 emergency incidents and 1000 non-emergency requests for service each year.

Good morning Sheila.

A follow up question.....are you (or your staff) interested in coming to meet me at the Premier's constituency office in Langford? Although he isn't able to meet you personally, I'd be happy to meet with you, discuss your excellent program and hear your presentation. Also, assuming that you reached out to School District #62, I'd like to hear any feedback you have had from them.

Let me know if you would like to proceed and we can set up a time....I'm pretty flexible....just a matter of if/when you might make it to Langford to have a short discussion.

Best

Subject: JABC in your riding

Dear Premier Horgan,

As you know, for over 60 years, JABC has been working in partnership with B.C. teachers to prepare youth for success by providing financial literacy, work readiness and entrepreneurship programs to students in grades four through 12. In the past year, JABC delivered almost 1,500 programs reaching close to 38,000 students in 56 of B.C.'s 60 school districts.

However, JABC is not able to serve all the students seeking JABC programs in the province. As of September 28, approximately a third of school districts in the province have lengthy wait lists for JABC programs, including the Sooke School District in your riding.

I would welcome the opportunity to meet with you and your staff to discuss our strategy to expand JABC's programming and to serve more of the province's youth, as well as the teachers delivering BC's new curriculum.

I can be reached at sheila.biggers@jabc.org or by phone at 604-688-3887 x225 to make arrangements. Additionally, my office will be in touch with your staff to follow up and discuss scheduling.

Best regards,

Sheila

Hi Bruce

We appreciate the opportunity to submit this proposal to John Horgan, our constituency representative and Premier. We are inspired by the support he has shown us for this conservancy project.

I have attached our proposal and want you to know, we can supply additional details and supporting documents when needed.

with appreciation

Subject: BC Hydro Smart meters

Morning.

We've had a hand full of calls regarding this issue in the last couple of days.

Thank you Danika for finding some words and letter notes for us.

However, I'm not aware that Hydro provided MLA constit offices with any information about this issue or process before or when they sent these aggressive letters to constituents. Just a gentle heads up that we shouldn't be expecting your EA to develop this information herself....it should be provided by BC Hydro to MLA offices across the Province. Happy to be proven wrong if I just missed a bunch of BC Hydro info.

Hoping someone can insist Hydro provide MLA offices with some sort of information and messaging about specifics of this issue. Surely they realize that they are now writing a very aggressive letter to the very people who were most upset about this issue some years ago, and therefore will be upset about it again.

And, It seems that the phone number being provided by BC Hydro in the letter is not actually being answered and return calls will be made...at "some later date" according to BC Hydro. That's not helpful in terms of folks who have questions about their specific situation.

Over to you.

Best

Trent University Invitation
Reminder - Trent Event in VANCOUVER, BC
Wednesday, November 7th, 2018

Dear John,

This is a reminder, for those of you who have not yet registered for the upcoming alumni event in Vancouver - we hope you will join us for a gathering of Trent alumni hosted by the West Coast Alumni Leadership Committee, along with special guest, Trent University President Dr. Leo Groarke.

This is a casual reception with a university update and Q&A provided by Dr. Groarke, and a mix/mingle to follow. The gathering will be a great opportunity to meet Dr. Groarke, to reconnect with Trent, and to meet with other alumni living in your area.

LOCATION: Museum of Vancouver

DATE: Wednesday, November 7th, 2018

TIME: 6:30 pm – 8:30 pm

TO REGISTER: Click [HERE](#) to register by Friday, November 2nd.

Thanks to sponsorship by TDIMM, there will be no cost to attend this event.

Subject: Right to Repair Act

Hi Robert Fraser. Thank you for calling MLA John Horgan's constituency office.

Proposing new legislation is certainly the right of constituents, organizations and interested groups across BC. Here are a couple of suggestions on how to make and lobby on behalf of your proposal for a Right to Repair Act.

You may want to start by writing to the Minister responsible for consumer protection. That would be Public Safety and Solicitor General Minister Mike Farnworth. You can send an email with your proposal directly to him at this address: PSSG.Minister@gov.bc.ca

John Horgan would like to receive your proposal as well so please copy him on your email at premier@gov.bc.ca and, in his constituency office here in Langford at john.horgan.mla@leg.bc.ca and through my email (above.)

Proposed legislation has the best chance of coming forward if there is strong public support. Therefore, I would encourage you to build a strong demand for this proposed legislation. That can come in the form of support from: consumer advocacy groups, petitions, industry associations, community groups, and academics to name a few.

Thank you for your advocacy on behalf of consumers. I wish you all the best and look forward to seeing your proposal.

Importance: High

Hello folks,

We have our CA conference coming up in early November **(November 6, 7, and 8th, 2018)**, and I know that I would like to attend for the three days.

We need to ensure that we have CA Staff here in the office to keep Bruce company.

Would you please respond back to me and let me know if you want to attend and if so what days and if you don't plan on attending, also let me know so that Bruce is not here on his own.

Thanks, Moe

Dear Fellow CAs,

Your Association of BC Constituency Assistants (ABCCA) is pleased to confirm this year's government CA Conference will be held in **Victoria November 6th – 8th at the Hotel Grand Pacific (located a block from the Legislature)**. Many past conferences have been held at this hotel; we are happy to be welcomed back.

The hotel will hold a block of rooms for us the nights of November 5, 6, 7 and 8. Please let me know as soon as possible if you will attend, and what nights you will need at the hotel and copy Noah Mitchell (the Caucus Office Assistant) on your response as he is tracking how many rooms we will need to block at the hotel. **Also**, please let me know if you plan on sharing accommodation with another CA.

ABBCA is currently working on a draft agenda and will get feedback from you before it's finalized. The conference will include a CA union meeting, a visit to Question Period, a CA Social (with MLAs and caucus staff) and the ABCCA AGM/elections.

On behalf of ABCCA, we look forward to seeing you, providing useful information that supports the work you do in constituency offices, and having some fun.

Please do not hesitate to contact me should you have questions.

Regards,

Ayesha Khan

Hello all,

Both CJ's and MD's offices are closing for the three days. I am participating in a few sessions, but could pull away for part of it, if BF needs company. Or supervision, depending on your perspective!

Cheers,
LH

Good day Chief Chipps.

Just confirming that you are still available for lunch with John at noon on Oct 31.

John is wondering:

- Will you be bringing a guest...if so please identify the person's name so I can ensure they have a pass.
- Will you be wanting to stick around for Question Period which runs from 2 – 3pm.? If so Premier will be able to introduce you and your guest before Question Period begins.

If you call the Premier's office at 250-387-1715 when you arrive at the reception area at the front steps entrance to the Legislature, someone will come to meet you and take you to the Dining Room where Premier has reserved a table for you.

By all means please do call if you have any questions or want more information. Look forward to seeing you then.

Subject: Re: Right to Repair Act

Thank you for the reply to my inquiry. The information is invaluable.

There is a large movement in North America trying to get this type of legislation passed.

Industry is opposed to this type of legislation.

The CBC broadcast a segment on the National a few weeks ago that nicely sums up the situation. Here is a link to the segment on Youtube. It is just over 18 minutes long.

I have been fixing things I have bought all my life so it really bugs me that companies are building products that cannot be repaired. A person should be able to repair a product themselves or select the shop that can repair a product for you.

https://www.youtube.com/watch?v=_XneTBhRPYk

Thanks for the help.

On Monday, October 29, 2018, 1:06:28 p.m. PDT, Fogg, Bruce PREM:EX <Bruce.Fogg@gov.bc.ca> wrote:

Hi Robert Fraser. Thank you for calling MLA John Horgan's constituency office.

Proposing new legislation is certainly the right of constituents, organizations and interested groups across BC. Here are a couple of suggestions on how to make and lobby on behalf of your proposal for a Right to Repair Act.

You may want to start by writing to the Minister responsible for consumer protection. That would be Public Safety and Solicitor General Minister Mike Farnworth. You can send an email with your proposal directly to him at this address: PSSG.Minister@gov.bc.ca

John Horgan would like to receive your proposal as well so please copy him on your email at premier@gov.bc.ca and, in his constituency office here in Langford at john.horgan.mla@leg.bc.ca and through my email (above.)

Proposed legislation has the best chance of coming forward if there is strong public support. Therefore, I would encourage you to build a strong demand for this proposed legislation. That can come in the form of support from: consumer advocacy groups, petitions, industry associations, community groups, and academics to name a few.

Thank you for your advocacy on behalf of consumers. I wish you all the best and look forward to seeing your proposal.

Honouring Allan Cahoon's Presidential Service

In 2007, Dr. Allan Cahoon took charge of a young university on the West Shore and has since led it on a course of growth and success.

At the end of this calendar year, Allan Cahoon will close out his term as President and Vice-Chancellor of Royal Roads University.

We invite you to join us to celebrate his leadership and outstanding achievements.

Date: Thursday, Nov. 8, 2018

Time: 5 – 7 p.m.:

Mixer and appetizers at 5 p.m.

Program begins at 5:30 p.m.

Location: Centennial Ballroom, Union Club,
805 Gordon St. Victoria

Reminder: please RSVP by Nov. 1, 2018
to [Royal Roads Chancellor](#).

Sincerely,

Kathleen Birney

Royal Roads University Board Chair and
Chancellor

Good day Chief Chipps.
Just confirming that you are still available for lunch with John at noon on Oct 31.
John is wondering:

- Will you be bringing a guest...if so please identify the person's name so I can ensure they have a pass.
- Will you be wanting to stick around for Question Period which runs from 2 – 3pm.? If so Premier will be able to introduce you and your guest before Question Period begins.

If you call the Premier's office at 250-387-1715 when you arrive at the reception area at the front steps entrance to the Legislature, someone will come to meet you and take you to the Dining Room where Premier has reserved a table for you.

By all means please do call if you have any questions or want more information. Look forward to seeing you then.

Bruce Fogg
Executive Assistant (Constituency)
Premier John Horgan, MLA
Langford-Juan de Fuca

Dear Sir:

Further to our meeting March 8, 2018, my email of October 15, 2018, and as requested in our telephone conversation October 23, here is a recap of our request for assistance in communicating with FLNRO and BC Hydro:

Provincial policy around access to Crown land in this area is as set out in the attached document "All Licensee Letter Gate." BC Hydro has apparently installed a gate on East Main without the requisite FLNRO approvals.

We have had concerns about illegal and irresponsible firearm misuse and other undesirable activity on East Main for some time, and would like to engage BC Hydro and FLNRO to test an industrial gate access control solution on the gate as an alternative to having it left open. Our primary concern is that as a result of open road policy the road will continue to such a problem that it is permanently closed. The rationale for our position is as set out in the attached article (OpenRoadsBCWF) published in the BCWF space of May/June 2018 Outdoor Magazine.

While East Main is a case in point, it is not a unique circumstance in the province, and I would like to have our industrial road access control solution given consideration as a potential solution at the Ministry level. It has been proven out on a haul main Timberwest gate since March 2017, and represents a marquis example of innovation in forestry practice bringing together resource sector industry, recreation sector non-profits, small business, and youth centered outdoor education initiative through our Caveman Engineers program of which it is work product.

For continuity I have attached an email from 2015 directed to BC Hydro that establishes the original contact. In addition to David Bruce (BC Hydro Reservoir Rights) from that email I have been in touch with:

Subject: Staff Meeting Time Wed Oct 31

It's a spooky request but can we start the staff meeting tomorrow at 10:30 am? I have to leave at 11:15 and believe there will be a few items for discussion including mine:

- How to handle requests for meeting with MLA
- Xmas Party – should we change locations?
- Upcoming election
- Banned constituent

Please let me know if 10:30 works for you.

Perhaps the attachments will be helpful. The IN gives a brief summary of the CRM model vs RAP model, and includes a Q&A if you are looking for specific responses. The progress card offers some reflection post-implementation.

Let me know if you're looking for something different.

Here you go, Bruce. Be mindful of some of the very small sample sizes in the data below in terms of using these numbers to indicate trends in the smaller communities and for higher acuity calls.

Let me know if you have any questions.

Cheers,
Kass

BCEHS is carefully monitoring and reviewing call response data in the Greater Victoria area following the implementation of the Clinical Response Model.

This is a closer analysis of calls in Metchosin and View Royal, post implementation of the CRM.

Both communities have had their fire chiefs speak to the media about concerns regarding the implementation of the CRM.

- In a one-month analysis (September 2018, compared to September 2017) in the community of Metchosin first responders were notified of six per cent more calls than they were prior to the CRM. First responders were notified of 13 calls in September both pre and post CRM implementation. (The higher percentage reflects a lower number of total calls September 2018.)
 - The location of Metchosin means it's often the first responders in the community who are the most available to arrive quickest. As part of the Clinical Response Model, we continue to notify first responders of all medium-acuity calls (orange calls) when we don't have an ambulance nearby, in addition to notifying them for all high-acuity calls (purple and red).
- In the community of View Royal first responders are being notified of 12 per cent fewer calls. It amounts to six less calls for the month of September.
 - This decrease speaks to BCEHS's ability to respond quickly to medium-acuity calls in this community.

BCEHS executives attended a Greater Victoria Fire Chiefs meeting on Sept. 26 to address concerns about the Clinical Response Model. Their group is comprised of fire departments from Sooke to Sidney.

The meeting went well and reported as positive.

This is what the chair of the Greater Victoria Fire Chiefs, Paul Hurst, wrote to us following the meeting:

"We have an incredibly inclusive and positive working relationship with BCAS and Brad Cameron in Victoria and see our most recent meeting with you as an opportunity to further enhance that relationship and improve the patient care experience."

The result of the meeting was a standing invitation to further attend their meetings on a regular basis to further the relationship.

And BCEHS executives are meeting with the Metchosin fire department next week.

BCEHS is constantly reviewing our response to calls and will continue to monitor the calls where first responders are notified in Victoria and the Greater Victoria area and make adjustments, or modifications, as required.

Subject: Urgent - EMBC/Paramedics/Firefighters

Good day.

Tomorrow, Wednesday, Premier is having lunch with Chief Russ Chipps of Beacher Bay Nation. Chief Chipps has invited Metchosin Fire Chief Stephanie Dunlop to the lunch.

I am told Chief Dunlop will want to address this ongoing issue of unintended consequences of recent changes at EMBC as they pertain to ambulance paramedics and fire fighters. I understand EMBC is trying to work this problem out.

Can you please send me/Amber any messaging or notes that have been prepared on this issue so that I can give a bit of a heads up to Premier before the lunch.

Thanks.

Honouring Allan Cahoon's Presidential Service

In 2007, Dr. Allan Cahoon took charge of a young university on the West Shore and has since led it on a course of growth and success.

At the end of this calendar year, Allan Cahoon will close out his term as President and Vice-Chancellor of Royal Roads University.

We invite you to join us to celebrate his leadership and outstanding achievements.

Date: Thursday, Nov. 8, 2018

Time: 5 – 7 p.m.:

Mixer and appetizers at 5 p.m.

Program begins at 5:30 p.m.
Location: Centennial Ballroom, Union Club,
805 Gordon St. Victoria

Please RSVP by Nov. 1, 2018 to [Royal Roads
Chancellor](#).

Sincerely,

Kathleen Birney
Royal Roads University Board Chair and
Chancellor

On second thought. Just take all that material out of his package. I have a copy if I need to refer to it. He will know the issue. And I'm not even positive this is the specific issue the Fire Chief will be raising.....I haven't been able to confirm with the Nation what their various topics of discussion are today.

So.....KISSI'll bring a copy of the notes and talk to him about the issue if necessary.

Bruce

I'm concerned with the amount Of materials that was provided to support the lunch with Chipps today. It's a lot and the Premier isn't going to have adequate time to review it or have any pre brief before the lunch. Can we chat About it?

I'm not in yet - having issues at home I'm dealing with first. But didn't get a good sense of this one and want to be prepared if he has any concerns or questions.

Hello Phoebe.

Congratulations on the launch of your new book "Out of the Woods."

Unfortunately, John is not able to attend the book launch events. However he has asked me to pass along his congratulations and best wishes.

And Maureen, Hans and I at the constituency office also pass along our congratulations and best wishes to you.

Hi Bruce,

Are you okay with this cost estimate being sent from Hydro to Langford?

Thanks,

Scott Andrews

Subject: Langford Notes: Transmission Line Relocation Estimate

Hi

Please see our revised cost estimate for the relocation of the transmission line near Westhill Stadium in Langford.

Attached is the estimate document that will be sent to Langford next week.

Thanks

Lawrence
