Hi Both-

In the shared drive I've saved an excel in the Internal documents file. It has a sheet for the template (addresses) and a sheet listing the events/lists we will pull from. Go in and add more!

I'm really hoping Olivia can help us get addresses because I just don't think we have time next week to pull all of that together before Susan needs it.

Sure thing. I don't think I had a chance to share with you Charlotte, but I have quickly moved over to the Ministry of Tourism Arts and Culture to support some transitions here. On my first day I was able to work with TAC to find a funding NR opportunity for Dec. 10 for Human Rights day and as the last day of the #16 days. I am working on a news release to support this now 😊

I will work with Carolyn Jack who will be the new Comms manager at GE on the below.

Thanks again for all your support with the 16 days and looking forward to staying in touch.

Hi Carla and Molly,

We've received a request to register the BC Gov's major 16 Days events with this umbrella campaign that is tracking 16 Days activities across the province.
PO is on board with registering.

Carla, could you please complete the form that is linked to below for the Dec 6 event, and for any other major activity that you think deserves highlighting?

Thanks,
Charlotte

Dear Ms. Holmwood,

My name is Charlotte Duval-Lantoiné, and I am assistant to the Executive Director of Women in International Security Canada.

I am writing in regards to the 16 Days Canada Campaign. As you may know, from November 25th to December 10th of 2018, the 16 Days of Activism Against Gender-Based Violence Campaign will take place around the world and thousands of individuals and organizations will raise awareness about gender-based violence. The goal of #16DaysCanada is to promote a nation-wide series of events and activities featured in a national calendar. Participation in the campaign has no cost and our social media team will promote each registered event and give them visibility not only in your province, but also nationally.

Since I saw that the office of the Premier of British Columbia was actively participating in the 16 Days campaign online, I wanted to reach out and encourage you to register for the Campaign given the theme. To submit your initiative you just need to fill out a short online form. If you have any questions please feel free to contact us at 16Days@wiiscanada.org.

We sincerely hope you will join us,

All my best,

Charlotte Duval-Lantoiné

Good morning Christine and Lisa,

The Premier's Office is putting together an invitation list for an upcoming announcement and we are looking for some contact info. Could you please take a look below and send me the following contact info for MAH stakeholders as soon as possible? If at all possible, in the next couple of hours. Apologies for the short timeframe for the request, but hopefully it will take just a few minutes. The email is more important than the phone number at this stage. Feel free to give me a call at 604-816-7207 if you have any questions.

Thanks,
Charlotte

Subject: RE: Committee models

Hi everyone,

My apologies, my phone dropped the call. I have to run off to another meeting, but here is what I understood from our call:

1) Timing and content for next meeting:

- a. TAC secretariat will continue to liaise with members in order to set a 3 hr meeting in February.
- b. TAC will look to engage a facilitator for the meeting.
- c. That meeting will include 1hr presentation and discussion by JTT on the provincial nominee program proposed changes and a 2hr 'work plan' planning session that will give the committee some say into what topics will be brought to them in 2019
 - i. To inform the list of topics they can choose to discuss, Charlotte will speak with the ministries about initiatives they have coming up in 2019 that would benefit from feedback from the CCCAC
 - ii. For the JTT presentation, Stephanie can you please connect with your ministry to get a sense of who should present?

2) Renewal of term

- a. Philip will send Stephanie the steps needed to renew the terms of the current members for another year. Stephanie will consult with MGC about the current compliment of members, and whether there are any changes needed in terms of additions or replacing those who can't serve another term.

3) Vision for the committees output and resourcing

- a. Charlotte and Stephanie will discuss with MGC and PO about whether the vision for the committee is expansive enough that it requires additional resourcing.

Does that sound about right for next steps? Please add anything I've missed or suggest changes! We should check-in again next week.

Thanks,
Charlotte

Hi again Charlotte and Stephanie:

Here is a brief overview of the two committee/council options we've looked at that could be used to inform the approach we take with the CCCAC:

s.13;s.16

s.13;s.17

Based on our existing resources and staff capacity, my first instinct is to
s.13

s.13

to Asha Bhat
and Sandy Carrol would similar to the approach we spoke about on the follow-up call with Bill and Winnie soon after the meeting:
s.13

Please let me know if you'd like to schedule another call to discuss further or if you feel comfortable giving some advice over email on this.

Thanks!

Hi Charlotte: No problem about the call today. Yes, I will send you an email outlining some of the research we've done tomorrow – just running this by Asha Bhat, my Exec Lead, before I send it. I really do apologize for the length of time it's taken us to get to this stage. We did have some good conversations last week though with the City of Vancouver and the Minister's Advisory Council on Indigenous Women about how they manage their committees so am looking forward to sharing more. Will follow up again tomorrow.

Cheers,

Good morning Connie!

I hope you're doing very well over there. We are building an invite list for an upcoming announcement and I need some contact **emails** for about 10 MIRR stakeholders. Can you send me emails for the following people?

Ideally, I need them by EOD today if that's possible. Sorry for the short deadline, but hopefully this will just take a few minutes to pull from your contact database. Let me know if this is possible.

Thanks so much,
Charlotte

Hi Geoff and Amber –

Don, Kate and I spoke this morning about FNLG staffing. Based on the lessons from the last FNLG, our recommendations take into consider the learnings from our last gathering. Our hope is that both Geoff and Amber aren't tied up in meetings the entire time, so they can manage any issues coming out of Minister meetings. Amber, for now, we have you as being able to be more flexible.

Our recommendation is the following:

- Don to staff PJH in all meetings
- Mira to staff Geoff
- Kate – triage any issues, work with Roseanne, oversee Sheena and Charlotte who can be physically present in the breakouts and main room
- Amber - either be in meetings with Don Wright and/or go between meetings

We also suggest scribes in all meetings from the Ministry so notes are guaranteed.

All feedback most welcome/appreciated.

Subject: 16 Days of Activism Campaign Toolkit

Hi all,

Attached is a 16 days of activism campaign toolkit created by Allieren on my team, along with a suite of graphics to aid proposed social media content for your MO's.

Our government will be releasing a statement and holding an event to kick-off the 16 days of action to end gender-based violence campaign on Monday. The official start of the campaign is this Sunday, and we'll be posting content throughout the 16 days.

Our ask from you:

If you believe your MO would want to support this, please consider proposing social media copy for your MO (see MLA kit for a schedule of days). We suggest pairing copy with the attached primary graphic, secondary graphics, our #16days video (released Mon or Tues, which we will send out), or any BC Gov News content throughout the #16days campaign.

Additionally, if you are a ministry with government actions highlighted in the MLA kit, please consider drafting proposed social media content that correlates to your ministry's government actions to end gender-based violence. We will be in touch with a suggested date of posting to ensure a steady coverage of government actions over the course of the 16 days.

We intend on amplifying government spokespeople #16days content by re-tweeting and sharing through BC Gov News channels.

About the 16 days of Activism campaign:

From 25 November, the International Day for the Elimination of Violence against Women, to 10 December, Human Rights Day, the 16 Days of Activism against Gender-Based Violence Campaign is a time to galvanize action to end violence against women and girls around the world. We will be planning a heavy social media presence during this campaign to amplify our key messages and government wide actions taken against gender-based violence.

Should you need any help creating proposed copy, please see our "[Social Media best practices for communications shops](#)" on the Digital Communications [411](#) or contact Allieren Ward, who is leading the effort on this from digital.

Many thanks,

Karl

Hi Meaghan,

s.22

Thanks for your interest in what we are doing on arts & homelessness at The Kettle Society. As you know, I had just returned that day after attending **With One Voice – Arts & Homelessness Summit** in Manchester.

It is so inspiring to be part of an international movement that is working to encourage the voices and art of people with lived experience of homelessness and to get those voices heard through art, singing, theatre and performance. Fifteen countries were represented at the Summit, with myself and one other person from Canada (Toronto).

Our 3-year experience of building a member choir at The Kettle and in helping create and perform *Requiem for a Lost Girl* at the Vancouver Opera festival to over 700 people last May has encouraged us to grow our choir, continue to perform far and wide (if possible) and to produce a new show for the 2019 VO festival. It has convinced us that ***Music can change the world because it can change people*** – Bono.

Our dream is to perhaps perform at the BC Legislature in Victoria in the next few months. Our long-term goal is to have our beautiful province play a leading role in the international arts & homelessness movement!

Below is a short video of our choir as we practice for our debut performance in *Requiem for a Lost Girl* (themes of homelessness, addiction, mental illness and missing and murdered Indigenous women). Also below is the video of the production – it's inspiring. With so much sad and difficult news on the overdose crisis, homelessness and mental illness – we want to be a ray of hope!

If you can help get the word out to the powers that be, that would be so great Meaghan! Take care and best of luck in all the fantastic work you are doing (and will do!).

Subject: Travel support for engagement activities

Hi Jon and Anne,

To support some of the outreach and engagement efforts of our team, I'm putting together a memo on current government practices when it comes to providing travel reimbursement/support for participation in stakeholder engagement activities. I've had some good meetings with GCPE Public Engagement, and the folks in Mental Health and Addictions who have recently conducted listening sessions where travel was supported.

GCPE suggested speaking with the MIRR team about your ministry's practices when it comes to covering travel costs for MIRR stakeholders to meet with the Minister. Would you be able to connect me with the right program staff and the right person in your finance team? I'd like to connect with your program staff to understand how decisions around travel funding are made, and to connect our finance people with yours to discuss the actual paperwork required.

Hope you're both well, and I'll see you at FNLG (or more likely, your blurry shapes as you speed by).

Thanks,

Hi Olivia!

Are you busy today? I was just wondering if you could provide some admin support for Monday's roundtable meeting with PJH and some women's anti-violence groups. I need tent cards for the participants, and a little agenda.

Attached is a BN for the 16 Days which contains all the necessary info for this (including itin), and an example agenda from our last roundtable which you can essentially copy but swap out the details.

Would it be possible to take care of these two items by EOD tomorrow so I can take them on the helijet with me on Monday?

The name for the place cards should be as follows:

- Chastity Davis, Minister's Advisory Council on Indigenous Women

We've done things in the past so there is precedent but not necessarily a policy. That said, there are constraints under Core Policy about what can be claimed and what the province can pay for as you'd expect.

Happy to tell you about how we've done it before, if that's of interest.

Hi Olivia!

Are you busy today? I was just wondering if you could provide some admin support for Monday's roundtable meeting with PJH and some women's anti-violence groups. I need tent cards for the participants, and a little agenda.

Attached is a BN for the 16 Days which contains all the necessary info for this (including itin), and an example agenda from our last roundtable which you can essentially copy but swap out the details.

Would it be possible to take care of these two items by EOD tomorrow so I can take them on the helijet with me on Monday?

I hate to do this to you but...organizational emails would be preferable.

We could use them again in the future, and it will hit a different audience than when we sent the 'Thank you for coming' email.

I do think in terms of timeliness we should aim to get this out ASAP, so don't kill yourself looking for the organizational emails. That could be a project for later. I would say that we will almost certainly do a similar mailing for Vaisakhi in the spring and again for Diwali next year, so if this kind of email list is something correspondence can plunk away at on the back burner, we will almost certainly have need for it again soon.

I'm helping out with the Diwali email blast and just wanted to touch base. You mentioned you would like to include some links or other materials with the mail out. Would you still like to do that or would you just like us to send the greeting by itself? And for the Diwali at the Leg database there's only really two emails that aren't associated with individuals (AAJ TV Media Group and Sikh Youth of Victoria). Would you advise picking and choosing some represented groups and finding their general email address? For example, ICCA was present but the emails provided are personal, should I be finding the general ICCA email and sending a message off that way? Thanks for your help!

If you are available after the meeting, the Premier and PS Dean would like to **invite you to attend and be introduced in the House.**

The House reconvenes at 1:30pm on November 26. Members offer introductions and statements. PS Dean will be delivering a statement in the House about the 16 Days of Activism, and she would like to introduce you all if you are able to attend. Question period follows the statements from members, usually at about 2pm, and lasts for 30 minutes.

If you are able to attend, please let me know so you can be introduced in the House.

It was great to speak with you on Friday.

A quick update based on my conversations with all of you – in order to preserve as much time as possible for discussion between yourselves and the Premier and PS Dean, we've decided to scrap the 10 minute media remarks at the end of the meeting. A press release launching the 16 Days of Activism Against Gender-Based Violence will be going out. If you would like to have your message amplified in the release, please send a quote to me by end of day Tuesday.

Hi Team,

Below is Chastity's quote. Its beautiful and longer than our entire release. I would suggest we add as a block quote in the body of the release after the Indigenous women and girls paragraph.

Let me know your thoughts.

Thx

Thank you for your patience, here is my quote.

"Indigenous women have been subject to gender-based violence since the early settlers arrived to colonize the land now known as Canada. Following that, the creation of the Indian Act by the federal government and legislation within the act targeted to displace women from their rightful roles as matriarchs/leaders in the community has contributed to perpetuating gender-based violence in our communities. Collectively as all

Canadians and British Columbians, we have a long road ahead of us to address the systemic racism that has lead to a dominant narrative in this country and province that Indigenous women's lives are of less value than other women's lives in this country. Today, I am encouraged to see the Premier and Parliamentary Secretary for Gender Equity honour their government's commitment to fully adopt and implement the United Nations Declaration on the Rights of Indigenous Peoples and the 94 Calls to Action through addressing gender-based violence against Indigenous women, girls, and two-spirited people. It is my belief, that the single most impactful investment that can be made in this country and province is the investment in the safety and optimal health and wellness of Indigenous women. Healthy Indigenous women equate to healthy Indigenous children, men, and communities. I believe that all of us working together in the spirit of reconciliation with a willing and committed government, that we can achieve this vision."

Hi Jake!

Thanks for working on this. Attached is the email I asked Maria to send to the people who actually attended the Diwali event .

It has links to photos, and video, and Hindi and Punjabi translations. Those links should be included in any message you are sending to the list you've compiled for Diwali.

Let me know if you have any questions about that ☺

Hello Charlotte!

I'm helping out with the Diwali email blast and just wanted to touch base. You mentioned you would like to include some links or other materials with the mail out. Would you still like to do that or would you just like us to send the greeting by itself? And for the Diwali at the Leg database there's only really two emails that aren't associated with individuals (AAJ TV Media Group and Sikh Youth of Victoria). Would you advise picking and choosing some represented groups and finding their general email address? For example, ICCA was present but the emails provided are personal, should I be finding the general ICCA email and sending a message off that way? Thanks for your help!

It's always hard to know exactly how it'll work out, but I think plan to have officials in the office first and bring in the guests.

Of course there's limited waiting space in the PO, so that's another flag. Will you be here? I'd recommend gathering everyone maybe in the hall of honour before proceeding over to the PO. And that way we can keep in touch about whether or not PJH is done previous meeting, and if MCJ and PS Dean are in the room. Then when I give the go ahead and the room is set, you can bring them in. Would that work?

Here's what I'm thinking. We like the idea of having the electeds interspersed between participants so it has a more collaborative look and feel, rather than the three of them being together on one side.

Hi Amber,

Re: the GCPE backgrounder that was removed from the materials for today's briefing—here's a revision that feels like a useful addition to the materials PJH will be receiving.

I've excised the pieces that were incorrect, and provided this as a backgrounder on the digital campaign specifically. Right now, I think you can choose to include this or not with the other materials. It's not critical info, but if PJH asks questions about it, this would be a good doc to share then.

Good morning Charlotte and Carla,

I am sorry for the delay providing a quote for the news release.

"Violence against women and girls is endemic and an epidemic. Any gains we have made in the past 40 years in shifting culture toward ending gender violence are precarious. Today, we stand at a tipping point and the 16 Days of Activism on Gender-based Violence is a reminder that we must continue the unfinished business of redressing historical power imbalances toward liberation and justice."

Just an FYI I go by my full name:

Angela Marie MacDougall

Thank you so much for including my quote in the news release.

Yours truly,
Angela

Good morning,

I have spoken with Tracy Porteous and Amy Fitzgerald and advised them of the grants and confirmed both are prepared to work with us to create some social media material to support the announcement. We should target one of the later dates in December for announcement to ensure there is sufficient time to coordinate this.

Please advise regarding next steps.

Thanks
Lisa

Subject: EVA BC and BCSTH Grants - Update

Hi Nimmi,

See below for an update: it looks like PO is good with doing announcements on the two PSSG grants during the 16 days of activism.

In speaking to Carla it sounds like PO was hoping to have the schedule of 16 days activities confirmed by end of day Monday.

The dates that would work well with the overall 16 days calendar are: Nov. 27, 28, 29, 30. Dec. 1, 2, 3, 8, 9

Carla included some suggestions below, this is all dependent on feedback from program and MMF's availability. Other options could include bundling both grants for a single announcement in Vancouver, and/or doing a News Release on the two grants, with no event?

Perhaps we could have a call on Monday to discuss the options for profiling these grants/the work of these organizations?

Thanks,
Jason

Hi Jason,

I understand Caroline is s.22 Hoping to discuss the below potential announcements to see how we can incorporate these to the 16 days of activism.

I heard MMF say he is interested in doing these announcements and wanted to offer two potentials for your consideration:

1. EVA ICAT could Minister Farnworth attend an ICAT upcoming meeting where the team could do a brief technical briefing for media on the work they do?
2. Violence is Preventable (VIP) program through PEACE programs for children and youth experiencing violence in up to 32 communities in BC. Could Minister Farnworth attend a presentation in a school that increase the awareness of violence against women and invite media there?

These are your announcements and are up to you, my only ask is if we could try and fit them into the larger narrative and schedule of the 16 days. I have attached our KM and list of activity guide so you can see the list of activities and message frame.

The dates that would work well with the overall calendar are: Nov. 27, 28, 29, 30. Dec. 1, 2,3, 8, 9

Check with your program area, but I am pretty sure EVA and PEACE have not yet been advised of this increase as of yet.

Can you let me know your thoughts on announcement potential and what potential dates work for MMF.

Thanks kindly,
Carla

Subject: EVA BC and BCSTH Grants

Hi Lisa,

Here is some additional information regarding the 2 grants that we will be providing.

1. The first is a one-time grant of \$100,000 to EVA BC to continue supporting new and developing Interagency Case Assessment Teams (ICATS). The grant will be for the delivery of between 4 and 7 training sessions to new and developing Interagency Case Assessment Teams (ICAT's) that will enhance skills and understanding of domestic violence risk identification, safety planning, and collaboration and coordination.

Additional Background on EVA BC and their work with ICATs:

EVA BC is a provincial association and holds annual contracts with PSSG.

CCWS, a program of EVA BC, assists communities across BC to increase women's safety by developing new models of coordination or enhancing existing models of cross-sectoral coordinated

responses to violence against women (including ICATs). CCWS works with communities to build capacity at the local level and develop, enhance, and sustain effective models of coordination on violence against women. CCWS also organizes and delivers regional capacity building sessions to enhance regional community coordination networks and support the dissemination of coordination best practices, including models and protocols. CCWS has been assisting communities to increase women's safety by developing new coordination initiatives (including ICATs) and by enhancing coordination within existing ICATs for approximately 10 years.

ICATs are a partnership of local agencies, including police, child welfare, health, social services, victim services, transition houses, probation, and other agencies that respond to referrals of suspected highest risk cases of domestic violence with a goal of increasing safety. ICATs bring together service providers from these sectors to share information, identify risks and create safety plans for specific high risk domestic violence cases. ICATs do not involve physically co-locating partners and instead, a team of people comes together as and when required. Teams encompass a broad range of community partners that provide supports and services to women, children and families. There are approximately 45 fully operational teams throughout the Province.

2. The second is a one-time grant of \$75,000 to implement the Violence is Preventable (VIP) program through PEACE programs for children and youth experiencing violence in up to 32 communities in BC.

Additional Background on BCSTH and the VIP Program:

BCSTH is a provincial association and holds an annual contract with PSSG. BCSTH has been coordinating the VIP program linking BC schools with PEACE programs for over 10 years.

The VIP program is a comprehensive provincial strategy linking BC schools with the PEACE programs. Since 2004, 90 PEACE Programs have partnered with educators in grades K – 12 in schools in their community to increase awareness about domestic violence and the impact domestic violence has on children and youth. The VIP program provides presentations in schools that increase the awareness of violence against women; the companion PEACE program provides psychoeducational counselling if the presentations result in disclosure of violence.

Hi Sage,

As per Kate's flag-- On Friday, the meeting of the team working on the Nov 26 event went from shrinking media at the event to cutting it all together. Danielle wasn't able to be present at the meeting, but if she had been she would have advocated for at least SOME media involvement. To fix that, we have two options.

Option 1: Photos only-- Danielle feels media should at least be invited for photos (or else putting out a press release doesn't make sense). Our team is good with that. The only downside is without the remarks at the end of the meeting there is no video footage of PJH making a statement about the 16 Days. Lots of other comms materials in his voice do exist, and he is in the other GCPE 16 Days video.

Option 2: Brief remarks-- PJH and PS Dean make brief remarks. Two stakeholders make brief remarks. We can also make that happen. The only downside is selecting two speakers from a small group, when each group represents a different community. Still, we can definitely do this.

Our team is looking for your/PJH's feedback on whether he wants to deliver remarks to media as part of the event. SR is good with both options.

Attached is the updated event plan on the Nov. 26 kick off to the 16 days of Activism Against Gender-based violence.

The main update from today's meeting:

- We determined that media will not be invited to the event. Rather, the focus will remain on the stakeholder meeting and we will send the news release with quotes from each stakeholder and conduct targeted media following the meeting.
- Additionally, the digital team will provide some potential options on how to highlight this event thru digital mediums.

Any concerns on this approach, please let me know ASAP.

Thanks all!

Do you have any interest in scheduling the CCCAC meeting so that attendees could attend the lunch and have their meeting the same afternoon? If so, Friday, Feb 8 might be ideal. The House isn't sitting that week so we have options throughout that week as well.

I'll send a list of files/issues/projects I'm working on, but this can also be used. It's a draft but is generally reflective of what's been happening? Maybe we can use this opportunity to discuss in more depth at our next team meeting.

Hi Charlotte,

Sure, we can touch base tomorrow. I'm doing a site visit in the morning and then might be helping Rick with an event, but I should be free between 1 and 2:30pm.

I assume that's 9 people and no staff? It would be tight. I do like the idea of it being a conversation around the couches and chairs in there. A bit more of an intimate feel, but I can certainly look into room availability but I know it's usually tight during session. We can access most rooms by elevator, I believe. Are there any other concerns, other than avoiding stairs?

Is there anything else needed other than a room booking?

Thanks,
Joleen

Hi Joleen,

Can we connect tomorrow? I just need an update from you on venue and other logistics for the Nov 26 stakeholder roundtable.

With 6 stakeholders, PJH/PS Dean/MCJ, do you think we can fit everyone in PJH's office? If not, is the Rose Room available? Can you let me know which rooms in the leg are accessible for people with disabilities. I am checking with participants now if there are any accessibility accommodations that need to be made.

Hi Sage,

As per Kate's flag-- On Friday, the meeting of the team working on the Nov 26 event went from shrinking media at the event to cutting it all together. Danielle wasn't able to be present at the meeting, but if she had been she would have advocated for at least SOME media involvement. To fix that, we have two options.

Option 1: Photos only-- Danielle feels media should at least be invited for photos (or else putting out a press release doesn't make sense). Our team is good with that.

Option 2: Brief remarks-- PJH and PS Dean make brief remarks. Two stakeholders make brief remarks. We can also make that happen. The only downside is selecting two speakers from a small group, when each group represents a different community. Still, we can definitely do this.

Our team is looking for your/PJH's feedback on whether he wants to deliver remarks to media as part of the event. SR is good with both options.

Hi Everyone,

Attached is the updated event plan on the Nov. 26 kick off to the 16 days of Activism Against Gender-based violence.

The main update from today's meeting:

- We determined that media will not be invited to the event. Rather, the focus will remain on the stakeholder meeting and we will send the news release with quotes from each stakeholder and conduct targeted media following the meeting.
- Additionally, the digital team will provide some potential options on how to highlight this event thru digital mediums.

Any concerns on this approach, please let me know ASAP.

Thanks all!

Hi Charlotte,

It was great speaking with you on Friday. Thank you for being so patient and kind with a newbie!

I will likely be sending a quote along tomorrow morning. I was also wondering whether I could take you up on your offer to try to set up a meeting for me with PS Dean following the group meeting?

Lastly, I wanted to follow-up briefly on the conversation we had regarding funding. We are very happy to be participating in the meeting and thankful to have been invited. While getting to Victoria is not a prohibitive cost for us, as a non-profit we do have limited travel funding and do our best to make it extend as far as possible. Using our funding budget on this meeting may mean having to turn down future opportunities to advocate for gender equality in BC.

Additionally, given the nature of the meeting, which we see as an opportunity for everyone involved to engage in important relationship building, it would be great to have the government support our travel costs. I am not sure whether there is any flexibility on this and, as I mentioned, it will not change our interest or ability to attend, but if there are any travel funds available it would be great to get some support.

I'll hold off on booking tickets until end of day both in case you are able to set up a one-on-one meeting for me and in case there is any change on the travel reimbursement front.

Looking forward to meeting you in person soon.

Elba Bendo | Director of Law Reform

This would be for Nov 26 specifically, but it would be good to put the stakeholder meeting into the context of the full 16 days. I'm working on the BN today and can circulate it for discussion tomorrow.

There are a few specific points that should be highlighted in the PJH briefing, so we can coordinate who will do what during the briefing.

Whether MCJ needs to be at the briefing really depends on whether she can make it to the meeting. Any confirmation on that?

Hi folks –

We are hoping it will be a combination of senior leaders from a whole variety of sectors and climate leaders. Can you get this list started based on a few existing lists? We are aiming for 60-70 people so I'd like to build a list of 100 or so.

I'm thinking of the following lists:

- Climate council
- Emergency economy task force
- Women Deliver list (in files – there are a couple)
- Business roundtable (with Denise Tashereau)
- Stakeholder lists from key ministries (EMPR, Enviro, Traspo, JTT)

I'm probably missing other ideas, but this would be a good place to start.

I can't remember exactly where the problems were, but I can tell from looking at it that there'd need to be a fair bit of updating anyway. All of the Chiefs & Tribal Councils are on that list & I'm sure what I have from IRR will have included some changes. As well, the municipal folks are on there & there have definitely been changes with Mayors, there's a new LG, etc...

And, we researched a bunch of the missing addresses that aren't included on this list for various business/organization folks.

Here is some additional information regarding the 2 grants that we will be providing.

1. The first is a one-time grant of \$100,000 to EVA BC to continue supporting new and developing Interagency Case Assessment Teams (ICATS). The grant will be for the delivery of between 4 and 7 training sessions to new and developing Interagency Case Assessment Teams (ICAT's) that will enhance skills and understanding of domestic violence risk identification, safety planning, and collaboration and coordination.

Additional Background on EVA BC and their work with ICATs:

EVA BC is a provincial association and holds annual contracts with PSSG.

CCWS, a program of EVA BC, assists communities across BC to increase women's safety by developing new models of coordination or enhancing existing models of cross-sectoral coordinated responses to violence against women (including ICATs). CCWS works with communities to build capacity at the local level and develop, enhance, and sustain effective models of coordination on violence against women. CCWS also organizes and delivers regional capacity building sessions to enhance regional community coordination networks and support the dissemination of coordination best practices, including models and protocols. CCWS has been assisting communities to increase women's safety by developing new coordination initiatives (including ICATs) and by enhancing coordination within existing ICATs for approximately 10 years.

ICATs are a partnership of local agencies, including police, child welfare, health, social services, victim services, transition houses, probation, and other agencies that respond to referrals of suspected highest risk cases of domestic violence with a goal of increasing safety. ICATs bring together service providers from these sectors to share information, identify risks and create safety plans for specific high risk domestic violence cases. ICATs do not involve physically co-locating partners and instead, a team of people comes together as and when required. Teams encompass a broad range of community partners that provide supports and services to women, children and families. There are approximately 45 fully operational teams throughout the Province.

2. The second is a one-time grant of \$75,000 to implement the Violence is Preventable (VIP) program through PEACE programs for children and youth experiencing violence in up to 32 communities in BC.

Additional Background on BCSTH and the VIP Program:

BCSTH is a provincial association and holds an annual contract with PSSG. BCSTH has been coordinating the VIP program linking BC schools with PEACE programs for over 10 years.

The VIP program is a comprehensive provincial strategy linking BC schools with the PEACE programs. Since 2004, 90 PEACE Programs have partnered with educators in grades K – 12 in schools in their community to increase awareness about domestic violence and the impact domestic violence has on children and youth. The VIP program provides presentations in schools that increase the awareness of violence against women; the companion PEACE program provides psychoeducational counselling if the presentations result in disclosure of violence.

Hi Nimmi,

Follow up from my request of a few weeks ago about the orgs who specifically received funding last year, I now need to know if any of the following orgs have ever received anti-violence funding from PSSG (and if so, when and how much):

- Battered Women Support Services (BWSS)
- Victoria Pride Society
- Ministers Advisory Committee on Indigenous Women (MACIW)
- RISE women's legal clinic/ West Coast LEAF
- Haven Society
- Victoria Disability Resource Centre

- Police Victim Services Victoria
- Family Services of Greater Vancouver
- Women Against Violence Against Women
- MOSAIC Multicultural Women's Support Group: Ending the Violence
- Qmunity Queering Safety Group

If you could please ask your ministry staff to look into this as soon as possible that would be greatly appreciated.

Thanks,
Charlotte

Hi Charlotte,

I wish I could help as I think it would be great to put you in touch but, as I mentioned, I don't believe we can make that information available. The only thing I could think of is, if you had someone in mind, I could reach out to them individually but I am not sure this is as useful to you. My sincere apologies and if you think of any other way I can help please do let me know.

Hi Charlotte,

It is nice to e-meet you.

I've looked into whether we can provide the participant list and I think that, due to the confidential nature of the symposium, we are unable to provide this list. With that said, if you were looking for a list of who appeared from the province, I could contact those folks individually to see if would be comfortable with their names being released.

Let me know your thoughts. Thanks.

The Honourable David Eby, Q.C.

Invitation to West Coast LEAF Fall Symposium Dismantling the Barriers to Reporting Sexual Assault

On behalf of West Coast Legal Education and Action Fund (West Coast LEAF), we are pleased to invite you to be our guest at a symposium where we will present and discuss the findings of a three year project on the barriers sexual assault survivors face when reporting sexual assault and how we can reduce these barriers. The symposium is scheduled for October 20th and 21st, 2018, from 9am to 4pm, and will be held at the Franklin Lew Forum, Peter A. Allard School of Law, UBC, Vancouver, BC.

West Coast LEAF is a BC based legal and equality advocacy organization. Our mandate is to use the law to create an equal and just society for all women and people who experience gender based discrimination. We have particular expertise in gender equality and human rights and have done in-depth research and analysis of the impacts of federal and provincial laws and policies on women.

In our efforts to address gender based violence, in partnership with the YWCA Metro Vancouver, we are leading a project called Dismantling the Barriers to Reporting Sexual Assault to identify barriers to reporting sexual assault and promising directions for change. Given the increasing concerns about the treatment of sexual assault survivors in our criminal justice system we are speaking with survivors who have agreed to share their stories with us anonymously, victim service providers, defense lawyers, crown prosecutors, judges and academics. The goal of the project and the symposium is to identify strategies to reduce barriers in the justice system for sexual assault survivors through dialogue among all of these key stakeholders.

We look forward to your attendance.

Kindly provide a response by **April 16, 2018** so that we may make appropriate arrangements. If you have any questions or require further information, please do not hesitate to contact me via e-mail or at 604.684.8772 ext 112.

Hi Charlotte –

I only see the AGM listed on their site – is that the event in question? Tuesday Sept 26th.

If it is a different event, please send the info and I will inquire.

Also on Anti-SLAPP, the video guy filmed our announcement and did some one-on-one with the Minister following. Will let you know when I know where the production is at, and you can distribute as you see fit.

The BC CLA will likely be able to distribute it to the list of organisations that signed the March letter calling for this legislation.

Thanks

I'm trying to get a sense of who is attending West Coast LEAF's fall symposium. I know the AG was invited, is Minister Eby or anyone from your ministry staff planning to attend? I've spoken with PSSG, their Senior Program Director will attend and PS Dean plans to (scheduling still TBC).

Can you let me know if anyone from your ministry is attending, and what the last communication you had with the stakeholder was? Feel free to give me a call.

I'm thinking it may be best if I just start off a fresh list for the holiday cards. I'll attempt to tackle this tomorrow.

I can't remember exactly where the problems were, but I can tell from looking at it that there'd need to be a fair bit of updating anyway. All of the Chiefs & Tribal Councils are on that list & I'm sure what I have from IRR will have included some changes. As well, the municipal folks are on there & there have definitely been changes with Mayors, there's a new LG, etc...

And, we researched a bunch of the missing addresses that aren't included on this list for various business/organization folks.

Subject: Funding for gender-based violence orgs

Hi Nimmi,

Follow up from my request of a few weeks ago about the orgs who specifically received funding last year, I now need to know if any of the following orgs have ever received anti-violence funding from PSSG (and if so, when and how much):

- Battered Women Support Services (BWSS)
- Victoria Pride Society
- Ministers Advisory Committee on Indigenous Women (MACIW)
- RISE women's legal clinic/ West Coast LEAF
- Haven Society
- Victoria Disability Resource Centre
- Police Victim Services Victoria
- Family Services of Greater Vancouver
- Women Against Violence Against Women
- MOSAIC Multicultural Women's Support Group: Ending the Violence
- Qmunity Queering Safety Group

If you could please ask your ministry staff to look into this as soon as possible that would be greatly appreciated.

Thanks,
Charlotte

Maura let us know that you're in town and asked if we could meet up with you to tell you a bit more about our team, Stakeholder Relations, in the Premier's Office.

We have a room booked in the West Annex (Rose Room) for tomorrow morning, 9:15-10:00. Either Charlotte or myself will meet you in the reception area of the West Annex and take you upstairs to the room. Looking forward to meeting you all in person (though I've met most of you already!)

Subject: EVA BC and BCSTH Grants

Hi Lisa,

Here is some additional information regarding the 2 grants that we will be providing.

- (1) The first is a one-time grant of \$100,000 to EVA BC to continue supporting new and developing Interagency Case Assessment Teams (ICATS). The grant will be for the delivery of between 4 and 7 training sessions to new and developing Interagency Case Assessment Teams (ICAT's) that will enhance skills and understanding of domestic violence risk identification, safety planning, and collaboration and coordination.

Additional Background on EVA BC and their work with ICATs:

EVA BC is a provincial association and holds annual contracts with PSSG.

CCWS, a program of EVA BC, assists communities across BC to increase women's safety by developing new models of coordination or enhancing existing models of cross-sectoral coordinated responses to violence against women (including ICATs). CCWS works with communities to build capacity at the local level and develop, enhance, and sustain effective models of coordination on violence against women. CCWS also organizes and delivers regional capacity building sessions to enhance regional community coordination networks and support the dissemination of coordination best practices, including models and protocols. CCWS has been assisting communities to increase women's safety by developing new coordination initiatives (including ICATs) and by enhancing coordination within existing ICATs for approximately 10 years.

ICATs are a partnership of local agencies, including police, child welfare, health, social services, victim services, transition houses, probation, and other agencies that respond to referrals of suspected highest risk cases of domestic violence with a goal of increasing safety. ICATs bring together service providers from these sectors to share information, identify risks and create safety plans for specific high risk domestic violence cases. ICATs do not involve physically co-locating partners and instead, a team of people comes together as and when required. Teams encompass a broad range of community partners that provide supports and services to women, children and families. There are approximately 45 fully operational teams throughout the Province.

- (2) The second is a one-time grant of \$75,000 to implement the Violence is Preventable (VIP) program through PEACE programs for children and youth experiencing violence in up to 32 communities in BC.

Additional Background on BCSTH and the VIP Program:

BCSTH is a provincial association and holds an annual contract with PSSG. BCSTH has been coordinating the VIP program linking BC schools with PEACE programs for over 10 years.

The VIP program is a comprehensive provincial strategy linking BC schools with the PEACE programs. Since 2004, 90 PEACE Programs have partnered with educators in grades K – 12 in schools in their community to increase awareness about domestic violence and the impact domestic violence has on children and youth. The VIP program provides presentations in schools that increase the awareness of violence against women; the companion PEACE program provides psychoeducational counselling if the presentations result in disclosure of violence.

In particular, it would be great to have a representative who has worked on the "Right to be Safe: creating inclusive services for women with disabilities experiencing violence".

The meeting will mark the beginning of the BC Government's participation in the 16 Days of Activism Against Gender-Based Violence campaign. The Premier and the Parliamentary Secretary are inviting a small group of community leaders for an intimate discussion on how communities experience gender-based violence, how your work aims to counteract it, and how the Government of BC can be an ally in the fight to end gender-based violence. The meeting will end with a

brief press availability by the Premier and Parliamentary Secretary kicking off the government's public campaign to end gender-based violence.

If you are able to participate in the meeting with Premier Horgan and Parliamentary Secretary Dean from 12:00-1:00pm on Monday, November 26 please let me know as soon as possible.

I'd love to connect over the phone on Tuesday, November 13th or Friday, November 16 to discuss details for the meeting. Please let me know if there is a good time for you on either of those days to connect over the phone, and please provide the best number to reach you at.

Dear Charlotte,

Thank you very much for inviting us to share our thoughts around preventing gender-based violence. We would be thrilled to participate. Ninu Kang has over 27 years of experience in developing and delivering anti-violence programs, including Stopping the Violence Counselling programs for women and Respectful Relationship programs for men at MOSAIC. She has been involved with many research projects focusing on preventing violence against immigrant and refugee women, including "The Safety of Immigrant, Refugee, and Non-Status Women Project" with Ending Violence Association of BC. She is a member of the Community Coordination of Women's Safety (CCWS) in BC. In 2017, Ninu was selected as one of 150 women leaders to address gender equity from across Canada with Status of Women Canada.

Vania will be able to set up an initial phone call with Ninu.

In particular, it would be great to have a representative who has worked on the "Stopping the Violence" project with women and children who is able to speak to the specific ways in which immigrants, refugees, and multicultural communities experience and work to combat gender-based violence.

The meeting will mark the beginning of the BC Government's participation in the 16 Days of Activism Against Gender-Based Violence campaign. The Premier and the Parliamentary Secretary are inviting a small group of community leaders for an intimate discussion on how communities experience gender-based violence, how your work aims to counteract it, and how the Government of BC can be an ally in the fight to end gender-based violence. The meeting will end with a brief press availability by the Premier and Parliamentary Secretary kicking off the government's public campaign to end gender-based violence.

If you are able to send a representative to participate in the meeting with Premier Horgan and Parliamentary Secretary Dean from 12:00-1:00pm on Monday, November 26 please let me know as soon as possible.

I'd love to connect over the phone on Tuesday, November 13th or Friday, November 16 to discuss details for the meeting. Please let me know if there is a good time for you on either of those days to connect over the phone, and please provide the best number to reach you at.

Hi Carla,

Thanks for asking, and great timing! HQ just had a good phone call about this event to make sure we were getting everything ready for PJH. There are a number of items that flow from that. I apologize in advance for how long this email is...It is way too long.

1) Event Plan:

- a. Based on Sage's advice, we'd like to change the event plan so that the whole event takes place all in one room. I think a cosy-ish meeting room somewhere in the Leg would be better than PJH's office for this. We are looking at 6 stakeholders, PJH, PS Dean, and staff. So we will need room for 10-14 people, with 8 people seated at the main table. On Rick's advice, we will invite the stakeholder organizations to bring their organizational banners, so that will be part of the visual backdrop. **Joleen**, can you suggest and book an appropriate space? Rick represented you on the call so he may have more thoughts.
- b. For the second part of the event, which was previously scheduled to take part in the HoH, we'd like to invite media for photos and brief comments from the participants in the meeting room. This accomplishes all the same goals of kicking off the campaign and amplifying the messages of the stakeholders, but gives better visuals of the conversation, and is less sparse than 8 people in the HoH. The bulk of the conversation would still be private to allow for this sensitive discussion- probably 45-50 minutes without photographers or media present.
- c. **Danielle's** team will draft the Media Advisory to reflect that media will be invited in towards the end for photos and brief remarks (no scrum).
- d. **Carla**, if this approach works for GE Secretariat, could you please update the EP to reflect those changes

2) Participants and quotes:

- a. The list of organizations below have all confirmed their participation. I think it will be a great group. **Carla**, it would be great if you could prepare a background note on these groups. FYI- I had previously asked PSSG for info on these groups when we were determining the invite list, so they should have some materials they can pull from for you. I have also spoken with the MACIW staff liaisons who extended the invites to MACIW, so they will also know what you're talking about when you reach out.
- b. I (**Charlotte**) will prepare a briefing note on the six individuals who are coming to represent their organizations. I've added their names below. I have calls scheduled with each of them tomorrow to discuss the event format, roundtable discussion questions, and whether they would like to submit a quote for the release or prepare a media statement for that portion of the event.
 - i. The HQ discussion concluded that the best case scenario would be if the groups co-authored a joint statement, and then one person was selected to deliver it. I will ask the participant groups if that is something that can happen and coordinate with them on that piece.
 - ii. **Cassandra**, when is your deadline for receiving quotes for the release? A jointly authored statement might be nice and tidy from our side, but it will take their side longer to generate.

3) Materials:

- a. In addition to all the great materials that Cassandra sent around yesterday, we will need:
 - i. **Internal speaking notes for PJH to kick off the roundtable discussion.**

1. While aligning with the message guide for the 16 Days, the internal SN may also wish to mention PJH's 2017 participation in the 16 Days which saw him sitting down for a discussion with the front-line service providers at the Surrey Women's Centre. On Dec 1, 2017 PJH and MMF announced \$5 million in year end funding to support anti-violence work, and PJH stated that this funding was this government's first step in supporting work to end gender-based violence. The women there talked A LOT about the need for increased support for transition housing. We have since made the most significant investment in transition housing in two decades. In 2017 he went to Surrey to hear from service providers, in 2018 we are inviting advocates into the Legislature to hear directly from community. This reflects our ongoing commitment to hear from and working in partnership with community organizations to address gender based violence. **Danielle**, your team will generate these, yes?

ii. Internal speaking notes for PS Dean for the roundtable discussion.

1. PS Dean should really be center stage for this roundtable with PJH taking more of a listening role. **Carla**, I assume your shop is putting these remarks together for PS Dean. Could you please work with Danielle/Cassandra to ensure their remarks don't overlap.
2. I was thinking PS Dean could facilitate the roundtable by asking two questions, and inviting each speaker to reflect on them for 2-3 minutes each:
 - a. How do the communities you work with experience gender-based violence, and how does the work of your organization seek to counteract that?
 - b. How can the provincial government work in partnership with community to end gender-based violence in BC?

Ok I think that is everything from me! Again, sorry for the unreasonably long email :/

Talk soon,
Charlotte

Subject: EVA BC and BCSTH Grants

Hi Lisa,

Here is some additional information regarding the 2 grants that we will be providing.

1. The first is a one-time grant of \$100,000 to EVA BC to continue supporting new and developing Interagency Case Assessment Teams

(ICATS). The grant will be for the delivery of between 4 and 7 training sessions to new and developing Interagency Case Assessment Teams (ICAT's) that will enhance skills and understanding of domestic violence risk identification, safety planning, and collaboration and coordination.

Additional Background on EVA BC and their work with ICATs:

EVA BC is a provincial association and holds annual contracts with PSSG.

CCWS, a program of EVA BC, assists communities across BC to increase women's safety by developing new models of coordination or enhancing existing models of cross-sectoral coordinated responses to violence against women (including ICATs). CCWS works with communities to build capacity at the local level and develop, enhance, and sustain effective models of coordination on violence against women. CCWS also organizes and delivers regional capacity building sessions to enhance regional community coordination networks and support the dissemination of coordination best practices, including models and protocols. CCWS has been assisting communities to increase women's safety by developing new coordination initiatives (including ICATs) and by enhancing coordination within existing ICATs for approximately 10 years.

ICATs are a partnership of local agencies, including police, child welfare, health, social services, victim services, transition houses, probation, and other agencies that respond to referrals of suspected highest risk cases of domestic violence with a goal of increasing safety. ICATs bring together service providers from these sectors to share information, identify risks and create safety plans for specific high risk domestic violence cases. ICATs do not involve physically co-locating partners and instead, a team of people comes together as and when required. Teams encompass a broad range of community partners that provide supports and services to women, children and families. There are approximately 45 fully operational teams throughout the Province.

2. The second is a one-time grant of \$75,000 to implement the Violence is Preventable (VIP) program through PEACE programs for children and youth experiencing violence in up to 32 communities in BC.

Additional Background on BCSTH and the VIP Program:

BCSTH is a provincial association and holds an annual contract with PSSG. BCSTH has been coordinating the VIP program linking BC schools with PEACE programs for over 10 years.

The VIP program is a comprehensive provincial strategy linking BC schools with the PEACE programs. Since 2004, 90 PEACE Programs have partnered with educators in grades K – 12 in schools in their community to increase awareness about domestic violence and the impact domestic violence has on children and youth. The VIP program provides presentations in schools that increase the awareness of violence against women; the companion PEACE program provides psychoeducational counselling if the presentations result in disclosure of violence.

Hi Charlotte,

The event on Nov 21 will be at the Hall of Honour at the Leg at noon. Trish from GCPE was working with Rick to book the Hall of Honour.

We got the invite list today and I'll be getting PS Kahlon to contribute any folks he'd like to invite. I'm sure he will ask a few of the MLAs for folks they'd like to invite. A couple of those folks will be the community validators/speakers, subject to PSK's recommendations. I've attached that list and the invite document here – would love yours/PO's additions to the list as well! Would prefer to keep the number of elected officials speaking low in favour of more community speakers, without making this too long of course.

There's also an opportunity, through the Inter-Cultural Association of Greater Victoria to bring a group of 20 new Canadians to attend the event.

Are there any other items we've missed?

Subject: Invitation: Join Premier Horgan and PS Dean for a discussion on gender-based violence

Good afternoon Linda,

Makenna sent me an email a few months ago saying that during the period where a new ED was being added to VSAC that it was best to send things your way. I hope this email has arrived in the right place, and that it finds you well!

Please find attached an invitation from Premier John Horgan and Parliamentary Secretary for Gender Equity Mitzi Dean for a representative from Victoria Sexual Assault Centre to join them for a meeting on Monday, November 26 to discuss gender-based violence.

The meeting will mark the beginning of the BC Government's participation in the 16 Days of Activism Against Gender-Based Violence campaign. The Premier and the Parliamentary Secretary are inviting a small group of community leaders for an intimate discussion on how communities experience gender-based violence, how your work aims to counteract it, and how the Government of BC can be an ally in the fight to end gender-based violence. The meeting will end with a brief press availability by the Premier and Parliamentary Secretary kicking off the government's public campaign to end gender-based violence.

We wish to ensure that trans folks have their experiences included in the discussion. I know that VSAC has embarked on some significant work to be inclusive of the needs of trans people, and that you currently have trans inclusion coordinators. It would be great if you were able to send a representative that could speak to this perspective, as well as other aspects of your work.

If you are able to participate in the meeting with Premier Horgan and Parliamentary Secretary Dean from 12:00-1:00pm on Monday, November 26 please let me know as soon as possible.

I'd love to connect over the phone on Tuesday, November 13th or Friday, November 16 to discuss details for the meeting. Please let me know if there is a good time for you on either of those days to connect over the phone, and please provide the best number to reach you at.

Subject: Debriefing on Diwali

Hi Charlotte,

Overall, I think Diwali was a well-planned and well-executed event. Great job! It was a lot of fun. 😊

Having received some feedback from guests and staffers, I thought I'd share a few thoughts that we can consider next year; I feel that they could also apply to any big event that we're putting together between our two teams.

- Might be worth having a discussion between our two teams about the separate roles that we both have to play and how we can work together most efficiently when we're doing a big event - so that everyone is clear on what they should/shouldn't be doing.
 - For any one event, having this conversation at the outset about who will take on what and keeping that somewhere is a really easy way of trying to stick to those roles (and get things done)! Asana was super useful for this and I think all our teams ended up doing this well.
- Knowing that Diwali is celebrated by people of many different backgrounds and faiths, we should endeavour to create an event that is inclusive towards all of those people. I'd heard that there was some disappointment that the event wasn't well-rounded in terms of representing all the faiths and cultures that celebrate. There was also some disappointment that all of the guest speakers were from the same organization.
 - Putting together a small, informal "planning committee" of sorts is one way that I can see us ensuring that we are honouring those different groups throughout the event – even in small details like decorations and performers. The committee would be one made up of folks from those backgrounds (MLAs, government staff, etc), and they could provide information and feedback on our plans.
 - Additionally, our speakers/validators should also be representative of the different people celebrating. Usually, if we have a list of speakers, we try to ensure that they come from different organizations/have different stories to tell to round out the event and speak to everyone there. Our speakers were great and I didn't hear that there were any issues with the speeches themselves, but just something to think about!
- Not sure if you saw Alberta's celebration this year, but it looked so beautiful! Would love to figure out how to source decorations like that next time around... And the artwork! Amazing. (1) (2)

That's all I'd really come up with; these are notes I'm tucking away for myself, too. If you received any other feedback, I'd love to hear it!

Thanks for everything,

Maria Szabo | Events Assistant

Subject: Stakeholder Relations Follow Up

*Hey Chantille, I was thinking of sending this sort of follow up from our meeting with EAs. Feedback/additions/deletions?
Thanks!- C*

Good morning EAs,

Thank you for taking the time to meet with us on Thursday while you were all in Victoria. It was great to meet you all face to face and to give you a sense of some of the work of our shop.

5 Ways to Get Started

1. Speak with your MAs about your role in stakeholder engagement

This will look very different depending on the composition of your MO and ministry staff team. Talk with your MAs about how you can best support the work of building meaningful two way relationships with key ministry stakeholders.

2. Get to know your stakeholder list

- a. Every ministry should have a list of key stakeholders. Review this list, and if you think there are key groups or sectors missing, suggest additions. One key question to ask is “who is impacted by the work of our ministry, but has not traditionally had a seat at the table?”. Even if you don’t have new suggested additions, get to know the groups on the list and start listening for their work and responses to key government priorities and initiatives.

3. Get acquainted with the resources in the stakeholder library

- a. Our library is located in this Sharepoint site. If you have any difficulty accessing the folder, let Charlotte or Chantille know. Our library is nascent, and we are happy to expand it if you have particular questions you’d like to know more about. A few items to check out are the ‘stakeholder mapping worksheet’ and ‘10 Tactics for Outreach’.

4. Get acquainted with your correspondence process

- a. Correspondence is one key way that the public interacts with government. Many correspondence teams produce a weekly summary report of the kind of correspondence your ministry has received, including issues that are frequently being raised and suggestions from the public. Great stakeholder relations includes being responsive to people’s requests, updating them when an initiative addresses their need, and even including them in future events or announcements that are relevant to them.

5. When reviewing announcement and event plans, keep an eye out for the inclusion of stakeholders

- a. Depending on your ministry, communications shops may be more or less accustomed to engaging stakeholders around announcements. When an announcement plan is being reviewed, always ask yourself how stakeholders can be invited, involved, or notified. The stakeholder library can give you some ideas on tactics for including stakeholders, or our team is always happy to talk through your ideas.

Welcome and we look forward to working with you again soon!

Warmly,
The PO stakeholder relations team

Hi Nimmi and Liam,

I am filling in for Chantille on a few projects ^{s.22} so apologies if there's any duplication. She's been working with James and the Poverty Reduction Coalition to coordinate their lobby day this Wednesday, October 17th, as they visit Victoria to mark the International Day for the Eradication of Poverty. You should have received a request some time ago from the Coalition and a follow up from James Infante on Oct 2.

I know the Poverty Reduction Coalition is specifically hoping to speak with MMF. Does he have any availability that day?

There are two formalized times already set up for meeting with them:

1. Caucus Outreach Meeting
BC Poverty Reduction Coalition
Wednesday October 17th
11AM
Hemlock Room (116)
RSVP: have Legislative Assistants reach out to Torey.Kesteven@leg.bc.ca
2. Joint Minister's Meeting
BC Poverty Reduction Coalition
Wednesday October 17th
3-4PM
Hemlock Room (116)
RSVP: have your AC RSVP to Valerie.McKnight@gov.bc.ca (AC in SDPR)

If those times aren't possible, I know they'd appreciate your AC reaching out to schedule a short call on an alternate date. These folks are one of the groups who have not historically had a ton of direct access to Ministers, so any consideration of how to make time for them is greatly appreciated.

Thanks,
Charlotte

Thanks for the suggestion. We are working closely with the Gender Equity secretariat on the 16 Days (mostly with Carla Wormold).

I will be in Victoria on Thursday. Is there a chance for me to pop by your office to discuss the potential involvement of a representative from MACIW in the proposed roundtable? I'd like to get invites out to participants by Monday, Nov 12.

Talk soon,

And just a note about the timing – this is a session day, so given that the event doesn't start until 12:45 and there will likely be a Q&A given that it's the Premier, the event will go past 1, which means we'll run into caucus bells ringing and members needing to leave. Just wanted to flag that. We may want to consider moving the start time up.

Hi you two,

I'd like to propose flipping the Nov 26 event timing.

In Carla's initial draft we've only got 15 minutes for the stakeholder meeting. Usually, our roundtables are about 90 minutes. I think this one should be 45. So, I'd like to propose that the stakeholder meeting run from 12:00-12:45 and the press piece be just 15 minutes. Thoughts?

I haven't been able to reach out to my folks because PJH is just reviewing the stakeholder proposal today at 2pm. That was the earliest possible review period.

As soon as I know whether we are going forward with the stakeholder meeting then I will reach out to the proposed participants to see if they can take part in both/either the video and meeting. Earliest would be tomorrow for the request with a reasonable confirmation timeline of Thursday or Friday. Is that too late for your purposes?

If you can get the consent of the people you had in mind confirmed by tomorrow's meeting, so we can arrange to meet and record them on Nov 13th, that's great! If not, please let me know and I'll source it amongst our group.

Hi -s.22

Jake - pls see below. I'm hoping you can start compiling a list of community groups that would be suitable to send this msg to. Fyi - our greetings requests have only been for newspapers (2 or 3), of I remember correctly. And, pls confirm if the gurdwara list in our database folder includes emails or just mailing addresses, and how many addresses there are.

Assuming we will be mailing these, can you check our cardstock supply? I'm pretty sure that we'll need to order more, regardless, but we may need to order a lot extra, depending on the size of this mail out. So we should aim to get that ordered today, if possible.

I'm pretty sure we have a list of gurdwaras - but I think just mailing addresses only - if I remember correctly, there were no email addresses.

For consulates, do you know which ones you'd want? Just the Indian one?

Also, we've just done a mass mailout of Remembrance Day messages to Legions, so that's used up a lot of our cardstock if the intention is to do a mail out, so we may have to order more to have enough for this (but it usually comes pretty fast).

Hi Susan,

Mira has asked me to reach out to see if it would be possible for correspondence to bring together a list of Sikh and Hindu temples, consulates, and community orgs to share the Premier's Diwali statement with.
Mira mentioned you had handled this for Yom Hashoah, and it would be great if this is possible for the Diwali statement.

Could you let me know if this is possible and what might be a reasonable timeframe in which to bring the lists together? The statement is going out tomorrow, but we have lots of time in which it would still make sense to share it with community groups. In fact, it would be ideal if it went out after Nov 9 when we will have photos and video from the legislature event.

Hi Danny!

Hope you're well.

We talked about having you help me with the purchasing and procuring of Diwali items, since I don't have a purchasing card, unfortunately. Are you still able to assist? I've attached a list of the things that I've sourced.

As it turns out, the only items that I think we'll need to pay for are the refreshments. When I asked the performers, they said they didn't want to charge a fee. I'm not sure if Charlotte wants to consider offering a small honorarium to the performers or to Guddi and Usha for helping and lending us their things, anyway, or if that's even possible.

Let me know if you have any questions or if you can think of a better way to arrange this!

Speaking topics:

Along with Premier Horgan, you three will be the only other people in the program delivering substantive remarks.

The Premier will talk about some of the symbolism and traditions of Diwali, and the significance to celebrants and all British Columbians. Please feel free to speak on whatever aspects of the holiday you think are important. I have only one suggestion on this topic-- given that this is the first time that Diwali will be celebrated in the BC legislature, one topic that could be nice to specifically include in your remarks would be to reflect on if/why you think it can be important to hold Diwali celebrations in the legislature itself.

Together you will have 5 minutes to deliver your remarks. Our events team has asked me to clarify the order of speakers from among the three of you, so when you have worked that out please let me know. You will all be invited to come up together, unless you would prefer otherwise.

Logistics:

As you can see, there is an events briefing with our events team just before the start of the actual event. Please arrive at the legislature around 11:40 to ensure you are able to get through security in time for the briefing. I will be there to meet you.

Please let me know if you have any other questions.

Thanks,
Charlotte

I am looking to identify student organizations or advocates who would be right for a stakeholder roundtable on gender based violence on Nov 26. I know Advanced Ed ran a campaign on harassment and sexual violence on campus, and I was wondering if there were any particular stakeholders you worked with who may be right for the roundtable.

It would be great if they are in the Victoria area, but other locations are also a possibility. The roundtable itself will have about 8-10 participants speaking from different perspectives on gender based violence and is slated to be attended by PS Mitzi Dean and (hopefully but not confirmed yet) PJH.

Could you let me know if there are any people who fit the bill?

Did you know the humble Apple iPhone can shoot professional quality video? Here's how:

- Find a bright outside window (natural light is great, especially on a cloudy day)
- Face the window
- Hold up your iPhone (if shooting a selfie) while you are facing the window. If a friend is helping you, have them hold the camera very steady with their back to the window, careful not to block the light. iPhone 7, 8, and 'X' work best, but the 6 can also create fantastic video
- Shoot your iPhone video clip
- Review and share (on Facebook, Twitter, Instagram, etc.)

Hello again fantastic EAs,

We really enjoyed spending a bit of time with you last week and I hope our discussion sparked some new ideas about how you can be involved in stakeholder engagement in your role.

Take a look inside the [Stakeholder Relations Resource Library](#) for lots of useful resources for your work in this area. Feel free to request a resource if there is something specific you need. We are working on new things all the time.

In particular, [here are all the documents from last Thursday's workshop](#). We look forward to doing more work together in the future. Please feel free to give the Mapping and Planning Tool a try, and reach out if you have any questions.

Sharepoint tips: If you don't use sharepoint regularly there are two things you'll want to know, and a pro-tip for advanced users.

1. Use Internet Explorer as a browser for ease of use (or install the I.E. chrome plug-in and use it when using sharepoint)
2. Editing a shared version versus just downloading your own version:
 - a. If you want to just download a document for your own purposes, just click on it
 - b. If you want to edit a document in the folder so everyone can see your edits, hover over it and use the drop down menu to 'edit' rather than just clicking. This will enable you to open it in Microsoft word or excel. Then when you save the item, you are saving the new version to sharepoint so everyone can see your changes.

*Pro-tip: you can add sharepoint to your windows explorer and use it as a normal folder which makes it faster and easier to use! It can be a bit cumbersome to set this up though.

Talk soon,
Mira, Chantille, and Charlotte

We could brainstorm a few ideas as to how could we revamp and revive the awards with support from PO bringing more honour and prestige to the multicultural contributions of people/businesses/communities. Hi Dez,

Wow! This is quite a big list of people. It's wonderful to see so many people interested in joining for the celebration at the Legislature.

Unfortunately the Hall of Honour has a capacity of 110 and we are nearly at capacity already. Our events coordinator Maria is looking into overflow and projection screens for the rotunda, but we have not yet confirmed the additional space.

Over the phone we had discussed up to 20 additional invites, so I can extend that many at this time. To do that, we will need their email addresses to send each person the non transferable invite.

If you can add and email addresses you have for these folks Maria will extend the invites, and we'll get back to you just as soon as we hear about the additional capacity in the rotunda.

Sorry about the misspelling of you name in the itinerary. Will correct that immediately.

Have a lovely Sunday, and talk soon.

Warmly,
Charlotte

Speaking topics:

Along with Premier Horgan, you three will be the only other people in the program delivering substantive remarks.

The Premier will talk about some of the symbolism and traditions of Diwali, and the significance to celebrants and all British Columbians. Please feel free to speak on whatever aspects of the holiday you think are important. I have only one suggestion on this topic-- given that this is the first time that Diwali will be celebrated in the BC legislature, one topic that could be nice to specifically include in your remarks would be to reflect on if/why you think it can be important to hold Diwali celebrations in the legislature itself.

Together you will have 5 minutes to deliver your remarks. Our events team has asked me to clarify the order of speakers from among the three of you, so when you have worked that out please let me know. You will all be invited to come up together, unless you would prefer otherwise.

Logistics:

As you can see, there is an events briefing with our events team just before the start of the actual event. Please arrive at the legislature around 11:40 to ensure you are able to get through security in time for the briefing. I will be there to meet you.

Please let me know if you have any other questions.

I think 20 would be fair but definitely still the max. I'm going to check out the view from the rotunda on Monday, but I'm not confident it will be a good one – at least not if it's packed full as well. Folks could still see in from the archways but I don't think that view wouldn't extend to the entirety of the rotunda. I've now requested AV support from an external company since the event is becoming bigger; I could inquire about projecting the event onto a screen in the rotunda, but I'm not sure if we've ever done that before. I will try to find out more.

Thanks!

Oh... wow! We're at 95 RSVPs and I expect it will be more than that even before these 40. We have the overflow into the rotunda but it is going to be VERY packed. I just spoke to the Legislature Facilities folks earlier today and told them to estimate around 120... 🙄 This would make that estimate more like 160. Not too sure about how that will be received/work out...!

Hey Sage,

As discussed, I made a couple small changes to the Diwali SN to capture that this is the first time Diwali will be celebrated in the Leg.

Hi comms team,

Last night in the Diwali briefing with PJH there was a request to make sure that SA media received invites to the Diwali at the leg event earlier than usual. Shruti and I just had a quick chat about that.

Could the Diwali media advisory please go out on Monday instead of Tuesday?

Thanks,

Hi Hardeep, Dez, and Sneh,

I'm so glad you're all able to join us as speakers for the Nov 7 Diwali celebration at the legislature.

You have all received the event itinerary and can see that collectively you have 5 minutes for remarks. When you've had a chance to coordinate with each other, I'd love to connect to discuss your speaking notes. This helps me to coordinate with the other event speakers to avoid too much duplication.

Could you please let me know when you are available to chat for 15 minutes on Monday? Here is a doodle poll to make that scheduling process a bit easier. Just respond 'yes' to all the options that work for you and hopefully we'll find a time that works for all: <https://doodle.com/poll/6rvhcnpu2ehfitcf>

Hey Jackie,

Thanks for this! I really like the colours.

I was kind of thinking of something more in line with the signs we had for our Nowruz and our Yom HaShoah event, as pictured below:

Let me know what you think and if that's doable. I think the orangey-yellow background on your draft is great – maybe even if we made that the full background instead of having the white bar at the bottom and put the logo in white, it would be closer to the above?

Totally open to other ideas and suggestions!

Thanks!

Speaking topics:

Along with Premier Horgan, you three will be the only other people in the program delivering substantive remarks.

The Premier will talk about some of the symbolism and traditions of Diwali, and the significance to celebrants and all British Columbians. Please feel free to speak on whatever aspects of the holiday you think are important. I have only one suggestion on this topic-- given that this is the first time that Diwali will be celebrated in the BC legislature, one topic that could be nice to specifically include in your remarks would be to reflect on if/why you think it can be important to hold Diwali celebrations in the legislature itself.

Together you will have 5 minutes to deliver your remarks. Our events team has asked me to clarify the order of speakers from among the three of you, so when you have worked that out please let me know. You will all be invited to come up together, unless you would prefer otherwise.

Logistics:

As you can see, there is an events briefing with our events team just before the start of the actual event. Please arrive at the legislature around 11:40 to ensure you are able to get through security in time for the briefing. I will be there to meet you.

Please let me know if you have any other questions.

Thanks,
Charlotte

Good Evening Ms. Charlotte,
Thank you so much for reaching out to me. It will be my honour to join Premier Horgan for the lighting of the diya.
I will, therefore, attend the ceremony and prepare a speech for the given time with highest regard to this celebration.

I also wanted to bring to your notice that I am also a Board Member of UMANG: Indian Students' Association on the Vancouver Island. We, at UMANG mostly cater to the student population of our community, therefore, serving as the primary contact between the elderly and the youth of our community, this is also the reason why I serve as a youth director of ICCA.

I was hoping to involve UMANG by inviting the President, Abhishek Mahata for this prestigious moment as well, if you see it fit.
Please let me know if you think this is a good idea or if you need any more information.

Thank you!

I've had a chance to invite Hardeep and Dez, but I just got a hold of your email address so wanted to now ask you—**As Youth Director of the ICCA, we'd love it if you'd consider joining Hardeep and Dez to deliver a few remarks on behalf of Victoria's community of Diwali celebrants during the event. Hardeep and Dez have already confirmed, and it would be great if you could join them.**

If you're willing and able to join us as a speaker, your collective remarks would be up to 5 minutes long, and we'd love if you could join Premier Horgan for the lighting of the diya.

We are really looking forward to it because as far back as our records go, this is the first Diwali celebration to be held at the BC Legislature! The event will include remarks by the Premier, lighting of the diya, dance performance and refreshments.

Please let me know if you are able as soon as possible, and we can connect in the next few days to discuss details. I am available by email or phone (below).

Subject: RSVPs - Diwali @ the Leg

Hi Charlotte,

Here's an updated list of RSVPs for Diwali on November 7th.

Legend:

- MLAs and Ministers are listed at the very bottom of the list.
- Those highlighted in blue were asked to attend by the person/organization listed immediately above them. I've usually written in their relation in the notes section of their row.
- Whenever a guest RSVP'd and indicated that they'd be with X amount of people, I added those numbers in the second column. So you're aware, I've asked all of those people for the names of the people they intend to bring with them and reminded them that the invitation was non-transferable. When/if I receive them, I'll write them into the guest list in the same way I have described above.
- I'm keeping a tally at the bottom of the list. There are 84 RSVPs.

Let me know if you have questions. Thanks!

Hi Mira,

This is the BN with Maria's tiny changes to the event itin, just so you have it. This is the one that Amber attached for this evening's briefing. Virtually nothing is different than the one I sent around yesterday, but just so you have the exact same one that PJH will be looking at.

Seconded. It was great – especially great to have all the validators there (so glad they finally got on a flight over).

Hi Gala-

I wanted to send a huge congratulations on today's event. It looked and felt both celebratory and emotional, and it was great to know that folks had received information about viewing the event on fb beforehand. (and that they can still view it online!)

What a good day.

Not yet! Proposal was supposed to go to him today, but that was because Mira was meant to meet with him in Victoria. Unfortunately, her Helijet was cancelled. So, in theory it will still go before him today through another channel but I am less confident about that timeline than I was a few hours ago.

Hi you two,

I'd like to propose flipping the Nov 26 event timing.

In Carla's initial draft we've only got 15 minutes for the stakeholder meeting. Usually, our roundtables are about 90 minutes. I think this one should be 45. So, I'd like to propose that the stakeholder meeting run from 12:00-12:45 and the press piece be just 15 minutes. Thoughts?

It is great. Wherever possible we should remind MAs to engage these folks. Really only works where there has been a formal consultation, but they can be really useful for our work too.

I spoke with the HRC Report author about submissions that addressed gender based violence and for muslim specific submissions and Katrina immediately sent me a synopsis of relevant submitters. Super useful.
