**From:** Luiza Wokan <[lwokan@digitalsupercluster.ca](mailto:lwokan@digitalsupercluster.ca)> **On Behalf Of** Bill Tam**Sent:** August 29, 2018 2:48 PM**Subject:** Invitation - BC Innovation and Tech Mission to Israel

Dear Friend,

I am writing to invite you to join me on a trade mission to Israel, from November 10<sup>th</sup> to 15<sup>th</sup>, 2018. Guests will include BC's Innovation Commissioner Dr. Alan Winter. The trip will be supported by the Centre for Israeli and Jewish Affairs (CIJA).

The itinerary (including costs ) is attached. You'll see that there are two portions to the trip (a trade program, and a cultural program), and that it is a robust and full itinerary.

The trade program will focus on engagement with the Israeli innovation and tech eco-system, from universities, incubators and accelerators to government agencies such as the Israeli Innovation Authority. We are seeking opportunities for collaboration, trade, investment and understanding. The program is based in Tel Aviv, and includes meetings in Be'er Sheva, Jerusalem and Haifa.

There is also a two-day optional cultural program on November 16<sup>th</sup> and 17<sup>th</sup>, based in Jerusalem. It includes a Shabbat dinner, a tour of the Old City, and trips to Yad Vashem (Israel's National Holocaust Museum), Massada and the Dead Sea.

There is a limit on the number of participants, so while the *deadline for registration is September 28, 2018*, I urge you to *register early* as participation will be on a first-come-first-served basis.

To register visit: <https://www.regonline.com/BC-Israel2018>

I have copied Nico Slobinsky of CIJA's Pacific Region office on this email. He can be reached at [nslobinsky@cija.ca](mailto:nslobinsky@cija.ca) or by phone at 604.340.2437 if you have any specific questions about the itinerary, or travel to Israel in general.

### NEWS RELEASE

Thousands of early childhood educators to benefit from new supports and wage boosts

VANCOUVER - Early childhood educators (ECEs) who provide vital services to B.C. children will be better supported by a new recruitment and retention strategy as part of the Province's ChildCare BC plan.

The B.C. government is investing \$136 million to support quality child care, and its new Early Care and Learning Recruitment and Retention Strategy will help support ECEs by providing wage enhancements, on-the-job training opportunities and other measures designed to support professionals at the centre of B.C.'s child care system. The strategy also includes \$16.3 million from the Government of Canada for ECE bursaries and professional development.

"The first years of life are essential to the sound development, future well-being and learning progression of children," said the Honourable Harjit S. Sajjan, federal Minister of National Defence and MP for Vancouver South. "That is why I am pleased that the Government of Canada and the Government of British Columbia are working together to better support early childhood educators who have an extraordinary opportunity to help children in their earliest stages of life."

"Early childhood educators are the heart of B.C.'s child care system, and their passion and dedication are key to setting B.C. kids on the path to future success," said Katrine Conroy, B.C.'s Minister of Children and Family Development. "As we build new licensed child care spaces, we know that we also need to build the ECE workforce. Our government appreciates the important work early childhood educators do every day, and with this strategy, we aim to support ECEs throughout their career - because when we invest in child care, everyone benefits."

Through the new strategy, the B.C. government aims to encourage more people to become or stay on as ECEs to give children the best possible start in life. By improving recruitment and retention, more B.C. families will have access to high-quality, stable child care programs. Addressing recruitment also supports child care providers, who have cited a lack of qualified ECEs as a key hiring challenge.

The strategy is part of the provincial government's three-year \$136-million investment to boost the quality of B.C.'s child care system and recognize ECEs for the work that they do.

"It's time that early childhood educators are treated and supported like the professionals they are," said Katrina Chen, B.C.'s Minister of State for Child Care. "Early childhood educators, next to parents, are children's first teachers, and the work they do needs to be valued. We're taking the first step in truly acknowledging and supporting child care providers in B.C. in a concerted, substantive and organized way."

Under this strategy, ECEs and prospective ECEs will benefit from:

- \* A \$1-per-hour (approximately \$2,000/year) wage enhancement in early 2019, for those who work at licensed facilities that have been approved for the Child Care Fee Reduction Initiative (retroactive to Sept. 1, 2018). There will be a further \$1-per-hour lift in April 2020 (to bring the total increase to approximately \$4,000/year).
- \* A \$10-million investment, through the federal-provincial Early Learning and Child Care Agreement, to create an enhanced and expanded ECE Education Support Fund that will be administered by the Early Childhood Educators of BC. This fund will provide:
  - \* Increased ECE Student Bursary funding (\$500 per course, up from \$300 per course).
  - \* A new payment schedule to reimburse students sooner for the cost of their education.
- \* Access to a new ECE Workforce Development Fund for current employees within child care programs, which will provide up to \$5,000 per semester to assist with the completion of upgrading credentials, including paid time to complete practicum placements and reimbursement of travel costs.
- \* A \$7.4-million investment through the Ministry of Advanced Education, Skills and Training to fund spaces for 620 new ECE graduates at post-secondary institutions throughout B.C. over the next three years.
- \* Access to a variety of professional development opportunities - such as peer networks and courses - that will support ECEs to undertake ongoing professional learning and stay current on emerging research, trends and practices in the early care and learning sector.
- \* A pilot program to test the feasibility of alternative pathways to training, such as work-integrated learning, that may offer more flexibility to students working in the child care sector.

\* A process to review the Child Care Occupational Competencies and create new ECE standards of practice to make sure they reflect the current methods and quality standards of the child care sector.

Under ChildCare BC, government is making the most substantial investment in child care in the province's history, investing more than \$1 billion in child care over the next three years.

Quotes:

Melanie Mark, B.C.'s Minister of Advanced Education, Skills and Training -

"Affordable, quality child care is something B.C. families deserve and need, and ensuring we have enough skilled child care providers is a crucial piece of the puzzle. Investing in affordable early childhood education in B.C. is an investment in the future of this province."

Sonia Furstenau, Cowichan Valley MLA and opposition critic for child care -

"This recruitment and retention package starts to better align early childhood educators with their teacher counterparts in the school system. I'm looking forward to continuing to work with the government to improve the child care system for children, families and child care professionals."

Margaret Hastie, Langara College ECE alumnus and new ECE -

"The knowledge and experience that I have gained through the Early Childhood Education Diploma Program at Langara College will benefit me for many years to come. I learned so much about working with children and their families, and I am looking forward to starting my career at this exciting time of change for child care in British Columbia. I received three bursaries through the Early Childhood Educators of BC, which greatly helps my family as I transition from school into the workforce."

Hi Mira,

I am working on Background materials for the following events and would like to request any information that you can provide that would add a more fulsome and detailed background package.

I spoke with you briefly today but understand that you are very busy, perhaps a quick email might be easier.

Events and organizations are as follows:

- USW District 3 Convention (video greetings) – Oct 30
- MoveUP! Convention – Nov 1
- HEU Convention (not yet confirmed) – Nov 9
- BC Federation of Labour Convention – Nov 27

Also, if you have any direction from the stakeholders regarding what they would like to hear – general topics are fine.

Sincerest regards,  
~Dana

Hi Shay -

I hope you are well.

I'd like to follow up on this upcoming visit to discuss a few things:

- the overarching jobs narrative/announcement
- other ministers/people present
- our events team doing a tour of SAP to help us plan for this

Please let me know if there is a good time for you.

Mira

When: Tuesday, October 9th, 2018 (morning)

What: Walking tour of SAP Labs Vancouver (tech demonstrations)+ media announcement unveiling expansion

Who:

- \* Hon. John Horgan - Premier of British Columbia
- \* Kirsten Sutton - Managing Director of SAP Labs Canada

Tour/tech demo options:

- \* SAP Digital Boardroom<<https://www.sap.com/canada/products/board-room.html>>, built on SAP Analytics Cloud and right here in Vancouver
- \* D-shop (makerspace). Potential demos include - air analysis project, Last Bytes waste sorting system, interactive wall, Alexa-enabled light show
- \* Diversity & inclusion emphasis at SAP Vancouver (e.g. Rick Hansen accessibility certification, gender neutral washrooms, Autism@Work program, cross-generational intelligence [175+ paid internships working alongside 4 other generations])
- \* Flexible work arrangements (within the built environment but also across the province)
- \* Support for public education (e.g. Templeton Secondary School's STEM program, Let's Talk Science, Science World Future Science Leaders, Girls in STEAM, Canada Learning Code, UBC GIRLsmarts4tech and other local partnerships)
- \* Investments in the province - downtown office space, local economic investments (e.g. Lunch On Us), community investments
- \* Proud to be BC - office theme Sea-to-Sky corridor, expansion theme "The Lower Mainland" - all art by local artists
- \* Environmental considerations throughout the building + expansion (materials used, energy consumption, employee engagement for waste diversion)

Announcement highlights (BC Premier announces SAP Canada expansion in downtown Vancouver):

- \* SAP Canada is unveiling the expansion of its Vancouver Labs and the addition of 300 jobs over the last two years in downtown Vancouver
- \* SAP Vancouver has seen 10 - 15% growth in its employee base over the last two years
- \* This \$11M capital investment solidifies SAP Labs Vancouver as a global flagship location for SAP. SAP Labs Canada is the fourth largest of 20 SAP development organizations worldwide
- \* This is the second time in 3 years that SAP has invested over \$11M in expanding their footprint and presence in BC, which is a top-tier investment location for the company
- \* SAP has been steadily growing the business in Vancouver since the 1980s
- \* The lion's share of Vancouver employees work in development for SAP Analytics Cloud<<https://www.sap.com/canada/products/cloud-analytics.html>>, the core analytics engine driving SAP's strategy globally. Nearly 500 employees in Vancouver alone are developing this solution and supporting a global ecosystem of customers that includes some of the world's biggest brands
- \* SAP Vancouver also is home to a large (100+) commercial sales team, significant product support team (150+) and boasts more than 270,000sf of office space in the heart of the city, where SAP and preceding acquisition companies have resided since 1984
- \* SAP Vancouver's internship program employs a rotating base of 175 young Canadians in British Columbia's flourishing high-tech sector
- \* SAP's Vancouver office building is the first business in Canada to receive the 'Accessibility Certified Gold' rating under the Rick Hansen Foundation Accessibility Certification (RHFAC) program

#### SAP in Canada

- \* Thanks, in part to a climate in Canada that is increasingly conducive to innovation, SAP Canada is a growth location across many lines of business, including highly skilled tech jobs
- \* SAP estimates a direct investment of \$550M/year in Canada, including personnel costs and CAPEX (facilities, IT infrastructure, renovations and community partnership investments)
- \* SAP currently employs more than 3,000 people across the country. Our flagship location is in Vancouver and represents a little less than half of this overall investment, including a workforce of nearly 1,400

#### About SAP

- \* SAP is the global market leader in enterprise application software and at the center of today's business and technology revolution.
- \* Headquartered in Walldorf Germany, SAP has a significant, homegrown footprint in Canada, including 3,000+ employees across the country – nearly 2,700 based in SAP's research & development Labs in Vancouver, Montreal, Waterloo and Toronto, along with additional locations in Calgary and Ottawa.

\* Canada is a tier 1 investment location for company, which is projecting continued 10-20% annual employment growth in Vancouver alone

\* Selected as one of Canada's Top 100 Employers (2018, BC's Top Employers (2018), and Canada's Top Employers for Young People (2018), Glassdoor 2018 Best Places to work, Canada's Most Admired Corporate Cultures, Great Place to Work 2018 Best Workplaces in Canada (for Inclusion, Millennials, Women, in Technology)

Thank you kindly for the introduction.

Mira,

It is nice to meet you via email. I would very much like to connect with you the old-fashioned way (in person) if possible. I am also willing to be an open book if it will help lead to good policy decisions. As you may know, Hollyburn is one of the largest rental housing providers in the Province as well as a developer of rental housing. Additionally, we own and operate 27 buildings in Ontario and are starting a 600 unit condo/rental project in Toronto and so are very familiar with their rental regulations.

If you are agreeable to meeting perhaps you can suggest a few times on your end that work over the next few days?

David,

Following up on our conversation yesterday, I think it would be helpful for you to connect with Mira Oreck, Premier Horgan's Director of Stakeholder Relations. Mira is copied on this email and is aware of the general nature of your concerns. I will leave it to you two to connect.

Hi Okenge –

With apologies, I don't have the name of the colleague that was with you in our meeting so I wasn't able to include him in this email.

A quick note to let you know that I have spoken to the MA's in Environment and PSSG so their Ministers are aware of the discussions underway. I also asked Samir about whether any previous information would be relevant to our discussions. s.13

I'd like to get a meeting organized for next week with officials on our side, at a minimum. Please let me know who you think will join.

Many thanks,  
Mira

Hi Colin,

My apologies for the delay in response.

The Premier and Minister are available for a meeting on October 26<sup>th</sup> from 10am-12pm in Vancouver. Please let me know if this time works for the FNLC.

I've cc'd the Premier's assistant, Amber Nash so we are all in the loop.

Many thanks,  
Mira

Hi Colin,

Thanks for following up. I have made progress – we definitely want to have a meeting - but I don't have a specific date yet. I'm working on it and will get back to you early next week.

Hi Colin,

Thanks very much for the note and the follow up on the commitment. And good timing. Don and I were just speaking about this recently.

I'll follow up on the request and get back to you soon.

Many thanks – and hope all is well.

Hi Mira,

In the February 16 2018 meeting between the FNLC and Premier Horgan there was a commitment to have more regular meetings, hopefully at least 2 per year. In light of some of the major initiatives underway relating to; work under the commitment document, legislation supporting the UN Declaration, EA Review, etc., the FNLC would like to schedule their next meeting with Premier Horgan.

Would there be any chance of scheduling another meeting sometime in the next month or so?

Please let me know if you have any questions. Hope all is well.

Colin

Hi Shawna,

That's a lot of meetings! Geoff is up for taking meetings and I assume, but don't yet know about Don Wright. Shall you and Don and I meet about the requests in the next couple of weeks?

Thank you,  
Mira

Hi,

We're starting to get a lot of 1:1 meeting requests coming in (140 so far!) there are also quite a few coming in for the PO – do you know who will be taking meetings? PJH and Geoff and Don again?

Thanks,

Hi Samir,

How is Tuesday around 11:30am? I am only hesitant to meet because I don't have anything of significant to report in on yet, so I really don't want to misuse your time. I am waiting to hear on the timing of my meeting this week with officials. If it's Tuesday or Wednesday, I think it may be best to meet after that meeting. I will definitely keep you posted.

Thank you,  
Mira

Thank you Mira.

Tuesday morning call would be fine but Malik and I can also meet if that would help- Monday anytime or Tuesday morning. Let me know as we know this is important for all of us.

Have a great weekend.

Hi Samir,

Thank you for the note back and the perspective on what has happened in the past. I asked because our officials gave me some sense of the length of time it has taken in the past and I was trying to expedite.

I have spoken to the ministers offices and will follow up with our officials. I'm hesitant to take any more of your time early next week until I have more of an update on our side about real movement on this. I'm absolutely trying to make it happen – and I know we are on a short timeline.

Do you want to try to connect by phone Tuesday morning? Let me know what is best.

Thank you, Samir.

Dear Mira,  
Thank you for your note below, happy to hear you're making progress.

I'd be happy to meet early next week- would Monday at 10 am or 4:30 pm work? Alternately, Tuesday anytime from 8 am to 11:30 am? I could come over to your office.  
Thanks Mira.

Hi Samir,

I hope you are well.

We have in fact, made some progress. I met with officials yesterday who are prepared to bring a number of officials together in the coming week. I have also reached out to Ministers to do the same (they of course, need to be aware of if not part of these discussions).

s.13

s.13

I would welcome that.

Either way, lets connect next week. How is Monday or Tuesday?

All the best,  
Mira
