Dear Premier Horgan,

Thank you very much for taking the time to phone me with the most welcome news I have heard since dealing with this file. We have notified the retirees and they are absolutely delighted with the news and most appreciative of the efforts by you and your cabinet to do 'the right thing' in an expeditious and effective manner. You have certainly set a precedent and raised the bar for others to hopefully follow suit in protecting retirees and workers.

I have asked amber to send you some photos we took on a particularly great day in Ocean Falls. There are currently 23+/- year round residents at Ocean Falls with the number swelling to 60+/- in the summer. The main employer is Boralex who run the power plant. There are a few entrepreneurs who are taking advantage of the power supply and 'mining for bitcoins' but that is just getting started. The other work is seasonal and deals mainly with marine tourism.

Again, thank you for your great and timely decision. It was very much appreciated.

Yours truly,

Hello Amber,

During my phone conversation with Premier Horgan on July 27th, he asked me to send a few pictures of Ocean Falls to him as he used to work there. I am sending them to you now as I have been unable

to get a server that could send them until now. These pictures may come in a few batches as this also isn't the best server around. Please let me know if it doesn't work and I will try again later when I'm on a better network. Could you please pass them on to the Premier with the following message:

Ok, let's try that. I'm a little confused but if you say so! Why would I drive it up and then go back? And then bus back? Do we have a parking spot at VCO? Kate could leave it there, I could fly one way and drive back.

If you picked it up the day before in Van and drove back up to Whistler

then you'd save the drop fee and it would come out cheaper. (Elizabeth is confirming this for us).

You could take the bus back to Van in the AM and then drive back up following your meetings.

Hello,

I have some information to follow up in regards to the request I have initiated on behalf of the Mayor and City Manager of Prince Rupert to meet with Premier Horgan for 20-30 minutes to discuss Watson Island, Pembina's project, and Reconciliation.

City Manager Robert Long had a meeting with Mark Lofthouse of the Ministry of Indigenous Relations and Reconciliation this week. Mr. Lofthouse is on board with this meeting as a priority.

As we have been unable to confirm a date for the meeting so far, unfortunately Pembina's CEO will no longer be available to meet on July 9th as previously proposed.

Alternatively, we would like to propose a few other options:

- Prince Rupert is planning an announcement regarding Watson Island and Pembina's project on July 23rd in Prince Rupert. This deal will be bringing in upwards of \$100 M to our community. We would like to extend the invitation to Premier Horgan to participate in this announcement, as well as to have a meeting then for the City and Pembina to discuss the project and Watson Island progress with the Premier.

- We also could arrange to fly the Mayor, City Manager and Pembina's CEO out to Victoria on July 24th.

- We would be happy to receive some options for preferred dates of availability at the Premier's convenience.

Thank you very much in advance for your time and assistance.

The ceremony is being held at Peace Arch Provincial Park, adjacent to White Rock. I expect we can arrange for the ceremony to start at 11 a.m. However, the ceremony is expected to take three hours and Semiahmoo have indicated they consider it important for the Premier to be there for the whole ceremony. We will talk to the contractor about reducing the time but it is likely to be a sensitive subject.

Hi Mitzi,

Meant to follow up on Shirley's Q regarding smudge. There wasn't time before ^{s.22}
^{s.22} - I'm going to follow up with them both when I see them later in August.

My contact in protocol is away so I'm not able to get an update for a few more weeks I'm afraid.

Hi both,

Here's some more info on the Young Presidents Organization:

YPO is made up of many businesses that you would be very familiar with but it also includes the Vancouver Foundation and the David Suzuki Foundation as well as a number of other nonprofits. We currently have about 300 members and at least half will show up for this lunch.

- * The timeline would run something like this:
 - * 11:30 registration
 - * noon introductions and lunch
 - * 12:20 Premier speaks
 - * 12:40 moderated Q&A
 - * 1:30 thank you and goodbye's
- * In YPO we operate with strict confidentiality to ensure a candid exchange so there will be no media and no recordings of the conversation.

Dear colleagues,

You should have received an invitation from me to meet with the Canadian Association of Petroleum Producers (CAPP) BC Executive Policy Group (BC-EPG) on October 19th, here in Victoria. The BC-EPG is a group of CAPP's members at executive level who meet monthly to discuss oil and gas matters in our Province. Many of you have interacted with the BC EPG before.

We have made a point for the last few years to have an annual DMs/BC EPG meeting with DM representation from all Natural Resource Sector Ministries, the Oil and Gas Commission and the Ministry of Finance. Our last meeting was here in Victoria on November 23rd, 2017. Given how difficult it is to organize calendars for so many DMs and industry executives, we've decided to, once again, organize this year's event here in Victoria.

Some logistics for your information:

- Please make sure you have the invitation in your calendar. If you don't, please contact Meghan McCann at my office: meghan.mccann@gov.bc.ca.
- You can bring one ADM or key staff person with you to the meeting. Given the venue has limited sitting, we would appreciate you keep your staff support to a minimum
- ADM Ines Piccinino and CAPP's BC Manager, Geoff Morrison, will be working on the agenda in the next few weeks. Expect to receive the final agenda early October so you can work with your staff on any messaging you might want to provide to CAPP on specific topics

If you have any questions or concerns, please let me know. Ines will be in touch with your ADMs to ensure coordination.

Regards,

Dave

Subject: Request for Premier's Meeting

Hi Amber,

I hope this finds you enjoying your well deserved share of the sunny spell in our city

The organizers at the Korean Cultural Heritage Society contacted me for assistance in submitting this request to you. You may recall earlier this year, the Premier's office issued a letter of invitation to the Government of Korea for its National TaeKwonDo Demonstration Team Kukkiwon to make their third return visit to British Columbia this summer. The Government of Korea has since funded for the team to perform at the festival this August 4th at the Swangard Stadium in Burnaby, and the national team and its president are keen to thank the Premier for his kind invitation.

While I of course understand and have clarified with the festival organizers that the Premier's busy summer schedule will make this request a challenge to grant, that I will at least submit it to you for consideration. I believe the team is available any time from August 5th to 8th.

Would you please connect directly with the Executive Director Mike Suk whether or not John may be able to spare half an hour if he is in Vancouver area during the above period?

Thanks again for all your work Amber

Dear Fellow CAs,

Your Association of BC Constituency Assistants (ABCCA) is pleased to confirm this year's government CA Conference will be held in Victoria November 6th – 8th at the Hotel Grand Pacific (located a block from the Legislature). Many past conferences have been held at this hotel; we are happy to be welcomed back.

The hotel will hold a block of rooms for us the nights of November 5, 6, 7 and 8. Please let me know as soon as possible if you will attend, and what nights you will need at the hotel and copy Noah Mitchell (the Caucus Office Assistant) on your response as he is tracking how many rooms we will need to block at the hotel. **Also**, please let me know if you plan on sharing accommodation with another CA.

ABBCA is currently working on a draft agenda and will get feedback from you before it's finalized. The conference will include a CA union meeting, a visit to Question Period, a CA Social (with MLAs and caucus staff) and the ABCCA AGM/elections.

On behalf of ABCCA, we look forward to seeing you, providing useful information that supports the work you do in constituency offices, and having some fun.

Good morning! I thought to follow up to my previous email, regarding our speaking invitation to Premier Horgan to attend the Canada-U.S. Roundtable on Strategies to Combat the Opioid Crisis. Might the invitation still be under consideration? If so, we wanted to know if it would be appropriate to list Premier Horgan on the agenda, with an (invited) next to his name.

If you believe Premier Horgan will not be able to attend, or if you would prefer that we do not list his name on the agenda, we would understand completely! Of course, it would be a major help to list Premier Horgan if the invitation remains under consideration.

We greatly value your assistance. Have a wonderful day!

Subject: Canada-U.S. Opioid Roundtable - Monday September 24, 2018

Dear Ms. Nash-

Good afternoon. I thought to alert you to a keynote speaker invitation sent to Premier Horgan earlier today, for the *Canada-U.S. Roundtable on Strategies to Combat the Opioid Crisis* on September 24th 2018 in Washington, D.C.

As noted below and in the attached invitation, the Canada-U.S. roundtable will assemble senior representatives from federal, state and provincial governments, along with experts in substance use disorder from a variety of sectors in both countries. The event is being organized by the Cross-Border Health Foundation, World Health Innovation Network and the Council of Great Lakes Region, and will take place at The Pew Charitable Trusts in Washington, D.C.

I wanted to note that we are working with the National Governors Association to extend a speaking invitation to select U.S. governors for the roundtable.

We have consulted with Health Canada and the U.S. Department of Health and Human Services on the program agenda, and also remain in contact with the Canadian Embassy in Washington, D.C. around the planning for this event. Should you require further details or wish to discuss further, we would be happy to provide information via email or in

a phone discussion.

Thank you for your consideration.

Best wishes-

Dear Premier Horgan, on behalf of the World Health Innovation Network, Cross-Border Health Foundation and the Council of Great Lakes Region I am writing to request your participation at the *Canada-U.S. Roundtable on Strategies to Combat the Opioid Crisis* as a keynote speaker.

The event will take place on **Monday, September 24, 2018** at the Pew Charitable Trusts in Washington, DC. Given British Columbia's international leadership in the prevention, treatment and recovery of opioid use disorders, we would be honoured to have you participate and contribute to this important bi-national discussion.

Thank you very much for your consideration of this invitation and if we can provide additional details about the event that will assist you in this decision we will be very pleased to respond.

Sincerely,

Lori

Good morning Mitzi, John & Randall. The Celebration of life for my dear friend and colleague Councillor Moralea Milne will take place this Sunday (August 5) 2:00 p.m. at Metchosin Community Hall. (If the weather permits, we may re-locate the celebration to our Cricket Pitch, where we hold Metchosin Day. The Hall can accommodate only ~300 people [standing room], and we may have a bigger crowd.) I'd be honoured and grateful if you could join us for this celebration of a truly remarkable individual. Let me know if you'd like to say a few words, and we'll include some time in the program for you.

RSVP.

Hi A2,

We have booked the Firefighter Banquet hall for a sit down dinner. All 4 Burnaby MLA's are co-hosting the event at this point and a few Surrey MLA's may join in.

My agenda so far is:

Date: September 21st

Time: 5pm-8pm

Place: Firefighters Banquet & Conference Centre, 6515 Bonsor Ave, Burnaby, BC V5H 3E8

Guests start to arrive at 5pm

Speeches 6pm- Raj Chouhan, The Premier

Dinner 6:30

Possibility letting each community leader say a sentence or two at their table with a cordless mic 7:15

End 8ish

We are hoping for 100 guests from around 18 different cultural communities. I will be picking people from the attached list that I received from former MLA Jane Shin (Please disregard the MLA section as it is dated). Feel free to let me know if there is any concern with any one on the list by August 22nd when a save the date will go out. I can provide you with confirmed guests closer to event.

We will have goody bags with MLA's "swag" in it- perhaps a greeting from the Premier could go inside?

Sorry it is pretty rough right now as I've been focused on our big BBQ that is coming up this weekend.

I have also attached our first draft of the "save the date" invite –it might change though if we get more MLA's hosting with us.

Please let me know if you have any concerns.

Best,

A1

Can you confirm if Caucus will end at 4pm on Sept 10th? I would like the Premier to be able to catch a 5pm flight back to VCO for a series of meetings in the morning and would prefer if he took this flight instead of traveling by car that evening.

Not sure if this would go to you now, since Layne is now gone? Hi Don,

I am in Victoria August 7 and 8 and I was hoping you might have time to connect.

As you know, the proposal we prepared in the Spring that resulted in the Province's generous contribution to the RHF Leadership Fund also had two additional areas we were looking for assistance from the BC government - and which the Premier agreed should be pursued:

1. To help accelerate adoption of the RHF Accessibility Certification program by working with RHF to promote the program to other provincial governments, the federal government and the private sector; and,
2. To mandate that public buildings and projects participate in the RHF

Accessibility Certification program by having their buildings rated, which in turn will help create market demand and pave the way for the program to be financially self-sustaining within five years.

In particular with #2, some additional detail was provided in the proposal and that extract is attached to this email.

I am hoping we can get the ball rolling internally with the government and it seems appropriate to have a discussion with you on our best path forward. I have also reached out to folks within Citizen's Services with whom we have been previously working to pilot the certification program with BC government buildings. They will be a key lever point as well.

I also think that there is a complementary aspect to our certification program and the announcement made yesterday by Premier Horgan regarding the "Community Benefits Agreement" and public infrastructure projects.

I'm looking forward to seeing you.

Hi George,

I'd like to confirm the Premier for the 24th lunch hour address. A member from our events team will connect closer to coordinate details of his attendance (seating, arrival etc.)

Thanks so much for being able to accommodate this change. I know we had previously confirmed for an address via skype over dinner – I'm glad you are able to switch to the lunch hour instead.

Very exciting news, Amber. Thank you.

Just to be sure I understand you, you reference the 'already confirmed lunch hour address'. However, we had understood that he would speak around 7:45pm at the 6:30-8:30pm Dinner by video conference. The only other opening on the 24th would be the Opening Luncheon - 12:00 noon – 1:30pm. The Premier would be speaking at about 12:30pm. So, we can accommodate him for either the Luncheon or the Dinner...

He will have the option to join the head table for lunch or dinner, or to enter the stage during lunch or dinner to speak. Either way, we will coordinate with your team for secure private or public arrival, private ready room, media scrum afterwards, etc. We can consider pros and cons as well as details according to the Premier's desire as you wish.

Please advise, and thank you!

Hi Elizabeth,

Here are the plenary timings for October 24 and 25 in Nanaimo. From our perspective, the ideal times for the Premier to speak will be Dinner on the 24th or breakfast on the 25th.

- Opening Luncheon – noon, Wednesday, Oct. 24 (A speaker is already confirmed for this time but if necessary we can accommodate the Premier)
- Summit Dinner – 6:30pm, Wednesday, Oct. 24 (The Premier's presentation would begin around 7:30pm)

- Summit Breakfast – 7:30am, Thursday, Oct. 25 (The Premier’s presentation would begin around 8:00am)
- Closing Luncheon – noon, Thursday, Oct. 25 (The Premier’s presentation would begin around 12:45pm)

Thank you, Elizabeth. We understand that these are tight windows with the sitting legislature and we will do everything we can to facilitate the Premier’s needs. We also understand that the Premier’s office generally wishes for the Premier’s itinerary to be kept confidential until relatively close to the actual appearance. Our team is well-schooled in all of this and it will be VERY helpful for us to know of the Premier’s intentions as far in advance as possible. The saves us the trouble of booking another speaker in case the Premier should not present at the Summit.

This will be the 12th annual Economic Summit and the BC Premier has always address our assembled audience. I’m attaching a link to last year’s program for your convenience. <http://viea.ca/wp-content/uploads/2017/11/2017-VIEA-Summit-Program-lo-res.pdf>

Morning ^{s.22} not sure why I was copied on this letter to the Premier but I vehemently disagree with both it's tone and content.

While I understand people's frustration with our "new normal" of forest fires and smoke during the summer, if there is to be blame appointed for this it should be to the previous government that did virtually nothing to address the recommendations in the Filmon Report after the 2003 wildfire season. Those 14 years of lack of fuel management and failure to change our forest management practices was the critical missed opportunity that could have helped us to mitigate the extent of the forest fires we're now experiencing (which are being experienced all over the world, not just here in B.C.). I raised the issue of the Liberals failure to act many times in the legislature to no effect, under both Premiers Campbell and Clark.

The current government has demonstrated leadership and provided resources to both deal with fires when they occur and to help us to put proactive plans in place to reduce future threats. We have a renewed community wildfire protection plan with actual and significant funding to do real fuel management work, unlike under the previous government which provided no resources to act on the previous plan. We are also in discussion with the government at senior levels about the fundamental changes needed to forest management practices to prevent catastrophic fires from becoming our "new normal" — that work is being done in collaboration with industry and with the full support of the Minister's office. We'll be meeting with the Premier's Deputy Minister later this month to brief him on this work.

Yesterday, we saw an immediate response to our need for more resources when the Narcosli Fire doubled overnight and have had the full support of government to deal with the current threat to our community. I was able to speak immediately with Minister Donaldson and senior staff to ensure they understood our needs and were able to assist us as fully as possible.

It's easy for politicians to go around visiting threat areas and getting on Global TV to show they are on top of the issue and doing everything necessary to address threats when they are happening. It's harder to do the deeper work needed to make the changes that are necessary to actually address the root causes of complex issues like these forest fires. I fully support and endorse politicians who do not seek the limelight and who do put their energy into the harder work of effecting real change. That's what I believe is happening today.

Beautiful BC is burning and is quickly becoming a charred landscape with massive loss of forest and wildlife. Limited emergency response at places of interface between human population and infrastructure is grossly inadequate.

Shame on you for your ongoing silence. What is needed is a coordinated plan with long term strategies.

Our beautiful province needs resources and protection.

Silence and abandonment our landscape is a wrong choice.

Hi All,

With the very sad news of the sudden passing of Moralea Milne, city councillor in Metchosin s.22
s.22 some of us here in PO wanted to send a donation to the Metchosin Foundation –
Moralea was one of its founding members. The Foundation's vision is of maintaining healthy lands,
healthy waters and healthy communities through education and stewardship initiatives. In lieu of
flowers, her family is asking for donations to be sent to the Foundation.

A link to the Metchosin Foundation is below and we can donate online. I'd be happy to collect
money from anyone who would like to donate and then make a donation from all of us here in the
Premier's office. s.22 – but if you'd like to donate, you can leave some money
with Kate or send me an e-transfer.

Request for greeting message for Sing Tao Daily on the 35th Anniversary Gala Dinner

Your Honourable John Horgan,

Sing Tao Daily (BC Edition) is celebrating the 35th Anniversary of publication in 2018. Since our launch in 1983, we have overcome a lot of challenges throughout the years. We strive for journalistic excellence to serve the ever-growing Chinese-Canadian community in the past years. We will organize a fund-raising Gala Dinner on September 22 at Westin Bayshore Hotel of Vancouver. The objective of the dinner is to support the essential work of the Vancouver General Hospital and UBC Hospital Foundation. The 2018 Outstanding Young Leaders – Medal of Merit Award will also be presented at the same event.

May we get the message from your Honourable Premier to greet the 35th Anniversary of Sing Tao Daily (BC Edition)? The deadline is August 17.

I am looking forward to hearing from you soon.

Yours Truly,

Victor Ho

Editor-Sing Tao Daily Canada

Morning s.22 not sure why I was copied on this letter to the Premier but I vehemently disagree with both it's tone and content.

While I understand people's frustration with our "new normal" of forest fires and smoke during the summer, if there is to be blame appointed for this it should be to the previous government that did virtually nothing to address the recommendations in the Filmon Report after the 2003 wildfire season. Those 14 years of lack of fuel management and failure to change our forest management practices was the critical missed opportunity that could have helped us to mitigate the extent of the forest fires we're now experiencing (which are being experienced all over the world, not just here in B.C.). I raised the issue of the Liberals failure to act many times in the legislature to no effect, under both Premiers Campbell and Clark.

The current government has demonstrated leadership and provided resources to both deal with fires when they occur and to help us to put proactive plans in place to reduce future threats. We have a renewed community wildfire protection plan with actual and significant funding to do real fuel management work, unlike under the previous government which provided no resources to act on the previous plan. We are also in discussion with the government at senior levels about the fundamental changes needed to forest management practices to prevent catastrophic fires from becoming our "new normal" — that work is being done in collaboration with industry and with the full support of the Minister's office. We'll be meeting with the Premier's Deputy Minister later this month to brief him on this work.

Yesterday, we saw an immediate response to our need for more resources when the Narcosli Fire doubled overnight and have had the full support of government to deal with the current threat to our community. I was able to speak immediately with Minister Donaldson and senior staff to ensure they understood our needs and were able to assist us as fully as possible.

It's easy for politicians to go around visiting threat areas and getting on Global TV to show they are on top of the issue and doing everything necessary to address threats when they are happening. It's harder to do the deeper work needed to make the changes that are necessary to actually address the root causes of complex issues like these forest fires. I fully support and endorse politicians who do not seek the limelight and who do put their energy into the harder work of effecting real change. That's what I believe is happening today.

Dear Premier,

Beautiful BC is burning and is quickly becoming a charred landscape with massive loss of forest and wildlife. Limited emergency response at places of interface between human population and infrastructure is grossly inadequate.

Shame on you for your ongoing silence. What is needed is a coordinated plan with long term strategies.

Our beautiful province needs resources and protection.

Silence and abandonment our landscape is a wrong choice.

Amend your response and demonstrate good leadership by addressing this massive crisis.

Dates have shifted for Petronas visit to Canada – no longer here on the 24th of September. Now looking at Oct 29th – Nov 2nd. We are in Vancouver on the 2nd speaking to MoveUP Conference in the AM – I'd like to suggest that day for this meeting.

Hello Amber

I am sorry but I need to explore another set of dates for this meeting.

- Tan Sri Wan Zulkiflee Wan Ariffin, President and Group Chief Executive Officer for Petronas and Datuk Anuar Taib, Executive Vice President and Chief Executive Officer of Upstream for Petronas will be visiting Canada **October 29th to November 2.**
- Is there any availability to schedule this meeting with the Premier during that time frame?

Thank you

Hello Amber,

Following up to my phone call I wanted to confirm the revised meeting request to meet with Premier Horgan and Minister Mungall.

We understand now that Tan Sri Wan Zulkiflee Wan Ariffin, President and Group Chief Executive Officer for Petronas and Datuk Anuar Taib, Executive Vice President and Chief Executive Officer of Upstream for Petronas will be visiting Canada in September.

They would like to respectfully request a meeting with Premier Horgan for Monday, **September 24th in Victoria or Vancouver** – depending on the Premier's availability.

Additionally, meetings with Minister Mungall, Minister Ralston, Chief of Staff Geoff Meggs and Deputy Minister Don Wright would be appreciated.

Key areas for discussion:

- Upcoming final investment decisions
- Commitment to expanded Canadian investment
- Overall competitiveness.

If you could please let me know if that is possible that would be greatly appreciated. I should have more information to share on key areas of discussion after Wednesday of this week as well.

Tonight's game against Nanaimo is the decider for going onward if we win then the next game could go one of two ways:

1. Friday, Aug 17 in Victoria
Sunday Aug 19 in Maple Ridge
Tuesday Aug 21 in Victoria
2. Wed Aug 15 in Victoria
Friday Aug 17 in Maple Ridge
Sunday Aug 19 in Victoria

** Debbie thinks that option 2 is the most likely to happen (and that we will win tonight)**

So I will wait to find out what happens tonight and send a few options to you for going to a Maple Ridge game when I know the dates.

While we have lots of time in advance, we like to get a feel for what is required from us to support the Premier with this engagement and we're hoping you can supply some of that information. I've attached a template we use for this purpose. Would you please fill it out and return it to us? I thought I'd put that out there in case this gala works with the timing.

Hi John,

Yvonne here with CTV Vancouver Island and one of this year's Canadian Cancer Society Cops for Cancer Tour de Rock riders.

I'm writing to invite you to the Old Spaghetti Factory Victoria's annual CTV Personalities and Pasta night in support of Tour de Rock's fight against pediatric cancer and push to send children affected by the disease to Camp Goodtimes.

I've been serving at this event for several years now with my colleagues Joe Perkins, Scott Cunningham... and until this year Louise Hartland and Chandler Grieve (now working for you!). I know I can speak for us all when I say it's an event we look forward to every year. It's a blast. Plus, 100 per cent of the proceeds raised at this dinner are put toward the cause. That includes the \$80 ticket to reserve your seat, food and beverage costs, and staff wages.

Tickets are available now for two seatings with limited space. The first is at 6:00 p.m. Friday, September 14th and the second is at 8:15 p.m. You'll get a three course meal with beer and wine pairings and have a chance to bid on some great silent auction prizes while being hosted by CTV Vancouver Island on-air personalities.

Last year's event raised more than \$12,000. I hope you'll consider helping us make 2018 an even bigger success.

Please let me know if you are able to attend. It would be an honour to host you and reserve seats for any of your guests.

Hi Amber – thanks for the response.

That is unfortunate – it would be good to get the Premier in front of one of our General Membership Meetings –now **Saturday, March 16th 2019** is the next one – so I might as well put in that request now!

Next year is an election year for our Local Union – so the timing would be good!

Anyway, if it is possible to confirm a meeting with myself and a few of our Local Union officers with the Premier on the available September 11th - 11 am time slot – we would like to confirm that. (Vancouver or Victoria?)

Also, if the Premier is agreeable - maybe we could do a brief video welcoming message at that time, which we could play for our members at our September 15th Meeting?

There are a number of good announcement recently that I would like to have directly relayed to our members .

Let me know what works best.

Many thanks

Hi Brian,

Sorry for the delay in my response. I was hoping to make this work in the Premier's schedule and unfortunately I won't be able to. I could however confirm a meeting ahead of the general membership meeting on September 11th if this could work for you? 10am or 11am would work on my end and I'd be happy to confirm if you would be available.

Hi Amber –

I hope all is going well and you are finding some breathing room to enjoy some of the summer weather!

I was speaking with the Premier yesterday about attending Local 115's General Membership Meeting on Saturday , September 15th (Location – our Auditorium at 4333 Ledger Avenue in Burnaby) and he said to check with you to see if you can fit this into his schedule.

We start at 9:30 am and generally wrap up by noon so anytime in that window we can work with.

In March of 2016 he spoke to our members about Community Benefit Agreements and union infrastructure -and with this week's announcement – it completes the circle .

Anyway – look forward to hearing from you and as I will be away for a few days I have copied my EA Nadia Lago -- who can assist with any required details.

Many Thanks

Brian

We sent Mr. Travers a regrets notice last week.

Yesterday he left a message saying he would be sending another email requesting for someone else to attend in the Premier's place.

Today he left a new message saying he was going to invite Andrew Weaver to attend—UNLESS the Premier's Office objected to this.

I checked with Correspondence and he has not sent a new email; so I'm assuming this Dr. Weaver notion has replaced his idea of sending an new request to the PO.

What should we/I tell him?

Hello Premier Horgan,

It was a pleasure meeting you last year at UBCM. ^{s.22}
s.22

The Village of Port Alice taxes were due July 31st, possibly the only municipality in British Columbia where taxes were not due July 2nd. Our pulp mill, Neucel Specialty Cellulose, didn't pay their taxes which is leaving the Village of Port Alice in a precarious situation. Neucel now owes the Village of Port Alice in excess of one million dollars. Neucel's taxes cover 70% of our tax base. I understand Miles Lu (CFO Fulida Canada Holdings) has been meeting/met with Minister Donaldson and staff, regarding securing fibre for our mill. Neucel has hired a new CEO, Yvon Pelletier, who has undertaken a "new" study to decide whether opening the mill is viable. The mill has been under "curtailment" since March 2015 and this curtailment has had a drastic affect on all municipalities on the north end of Vancouver Island. Fortunately, up until this year, Neucel Specialty Cellulose has fulfilled their obligations to the Village of Port Alice and paid their taxes.

We had discussions with Jim Herculson, VP Finance Neucel, during the month of July. We were advised that Neucel wouldn't be paying the entire tax invoice but requested the sum that would allow us to continue our operation status quo AND that Neucel would pay the balance of their tax invoice by December 31st. The figure that we had given Jim was \$500,000 and had been led to believe that a figure between \$300K & \$500K would be paid by July 31st.

We have made an appointment at UBCM with Minister Selina Robinson in regards to our situation seeking some advice/assistance.

The Village of Port Alice, District of Port Hardy and Town of Port McNeill own a Community Forest on the north end of Vancouver Island. A very successful, well managed Community Forest. The owners of North Vancouver Island Community Forest (Mayor Bood, Mayor Ackland and myself) have requested a meeting with Minister Donaldson at UBCM as we are seeking an increase in our allowable cut.

Premier Horgan, the Village of Port Alice didn't request an appointment with you at UBCM as the cut off for your appointments were early in July. Would it be possible to meet with you at UBCM or any time before that? If you could meet us prior to UBCM, give us the date and time and we will be there. It doesn't seem appropriate that Neucel Specialty Cellulose/Fulda is asking for assistance from our Provincial Government and in turn are hindering the municipality they operate in. We are in a difficult situation and would welcome any advice and assistance.

With respect,
Jan

Morning Amber, I hope you are still smiling away down in Victoria.

Thanks for getting me in touch with DM Wright's assistant. We've booked an meeting with Don for August 29 at 9:00 for an hour.

Is there any chance of getting some time with the Premier when we're down there, I think John would like to hear what we're up to as it has the potential to be a very far reaching and positive initiative for both forest management and the revitalization of the forest sector. We have that whole week blocked off for meetings, but the 28 and/or 29 would work best for us.

Hi Amber – thanks for the response.

That is unfortunate – it would be good to get the Premier in front of one of our General Membership Meetings –now **Saturday, March 16th 2019** is the next one – so I might as well put in that request now!

Next year is an election year for our Local Union – so the timing would be good!

Anyway, if it is possible to confirm a meeting with myself and a few of our Local Union officers with the Premier on the available September 11th - 11 am time slot – we would like to confirm that. (Vancouver or Victoria?)

Also, if the Premier is agreeable - maybe we could do a brief video welcoming message at that time, which we could play for our members at our September 15th Meeting?

There are a number of good announcements recently that I would like to have directly relayed to our members .

Let me know what works best.

Many thanks

Hi Amber –

I hope all is going well and you are finding some breathing room to enjoy some of the summer weather!

I was speaking with the Premier yesterday about attending Local 115's General Membership Meeting on Saturday, September 15th (Location – our Auditorium at 4333 Ledger Avenue in Burnaby) and he said to check with you to see if you can fit this into his schedule.

We start at 9:30 am and generally wrap up by noon so anytime in that window we can work with.

In March of 2016 he spoke to our members about Community Benefit Agreements and union infrastructure -and with this week's announcement – it completes the circle .

Anyway – look forward to hearing from you and as I will be away for a few days I have copied my EA Nadia Lago – who can assist with any required details.

Subject: Meeting Request: BC Alliance for Healthy Living

The BC Alliance for Healthy Living is dedicated to improving the health of British Columbians by addressing the risk factors and health inequities that significantly contribute to chronic disease. BCAHL is an alliance in the truest sense, our board and membership is comprised of the CEOs and executives of some of the largest health charities in BC as well as professional associations and local government.

I have recently been appointed as BCAHL's Executive Director and would appreciate the opportunity to meet with you to tell you more about the alliance and our prevention priorities for keeping British Columbians healthy.

Our current focus is on poverty reduction and healthy transportation systems. As you are aware, income is one of the most influential determinants of health. BCAHL has actively promoted poverty reduction to address chronic disease over the past decade and recently have been very engaged with the government's consultation. We would welcome the opportunity to share our reflections from the health sector before the provincial poverty reduction strategy is finalized. Transportation is another important determinant of health and I would like to tell you about our Communities on the Move initiative which has received the endorsement and support of nearly 100 organizations representing diverse interest groups across the province.

I understand this is a busy time for addressing the needs of your constituents; but we believe it is likely that one-third of your constituents are already affected by chronic disease so I hope you can make time to discuss what policy actions can make a difference in their lives.

I would be delighted to meet with you any time after August 7th, Brenda Bedford who is CC'd here can help to arrange a date.

Thank you for your kind attention,

Hi Amber,

The next meeting of the Wild Salmon Advisory Council is August 20-21, in Victoria. We don't have a location yet, but will try to hold this in the buildings if possible or nearby.

I know that PJH is away for some of August, so no problem if this doesn't work. However, if he happened to be in town on either date, it would be great to have him join a brief portion of the meeting (maybe a half-hour or so, plus photos).

Allison Witter is the lead on this, so if you need details please feel free to reach out to her by e-mail or at 250.889.2325. If PJH was available we would coordinate with Eric Kristianson on any related communications needs.

Dear Premier Horgan,

Thank you very much for taking the time to phone me with the most welcome news I have heard since dealing with this file. We have notified the retirees and they are absolutely delighted with the news and most appreciative of the efforts by you and your cabinet to do 'the right thing' in an expeditious and effective manner. You have certainly set a precedent and raised the bar for others to hopefully follow suit in protecting retirees and workers.

I have asked amber to send you some photos we took on a particularly great day in Ocean Falls. There are currently 23+/- year round residents at Ocean Falls with the number swelling to 60+/- in the summer. The main employer is Boralex who run the power plant. There are a few entrepreneurs who are taking advantage of the power supply and 'mining for bitcoins' but that is just getting started. The other work is seasonal and deals mainly with marine tourism.

Again, thank you for your great and timely decision. It was very much appreciated.

Yours truly,

Erik Bentsen

Dear Premier Horgan,

Thank you very much for taking the time to phone me with the most welcome news I have heard since dealing with this file. We have notified the retirees and they are absolutely delighted with the news and most appreciative of the efforts by you and your cabinet to do 'the right thing' in an expeditious and effective manner. You have certainly set a precedent and raised the bar for others to hopefully follow suit in protecting retirees and workers.

I have asked amber to send you some photos we took on a particularly great day in Ocean Falls. There are currently 23+/- year round residents at Ocean Falls with the number swelling to 60+/- in the summer. The main employer is Boralex who run the power plant. There are a few entrepreneurs who are taking advantage of the power supply and 'mining for bitcoins' but that is just getting started. The other work is seasonal and deals mainly with marine tourism.

Again, thank you for your great and timely decision. It was very much appreciated.

Yours truly,

Hey Amber,

Matt has asked me to take on the job of putting the issue scans and community scans together and formatting them in one document for PJH. It takes a bit of time to do this, so I'm hoping we can add about 40 mins to an hour to our deadline requests for materials. I'm sure I'll get faster at it once I've done it a few times 😊 I just wanted to flag that for you.

Dear Premier:

I'm sure you're inundated with emails, and probably won't even read this. However, on the off chance you do – or someone with authority does – I will make an impassioned plea for assistance.

s.22

s.22 As you are undoubtedly aware, our communities are threatened by four wildfires (Nadina Lake, Verdun, Shovel Lake, and Island Lake). The BC Wildfire Branch is doing everything they can, but the simple fact is they simply don't have the resources to fight these fires effectively.

Tonight, the evacuation order in effect south of Burns Lake was expanded to include the communities of Wistaria, Ootsa Lake, Tatalrose, Southbank, and a host of other small communities. The Nadina Lake fire and the Verdun fire are expected to merge in the next few days if help doesn't arrive.

This area is in crisis. I know that there are many fires burning in the province right now, and many communities need of help. But, please, don't do what previous BC leaders have done and ignore the Lakes District.

Sincerely,
s.22

Hello from Stowe, Vermont. We are at the Eastern Canadian Premiers/new
England Governors meetings.^{s.13}
s.13

When you^{s.22} visited,^{s.22} I mentioned that I
chaired the Canada China Friendship and Goodwill Association. (www.ccfga.ca)
Last week, Zhejiang province contacted my counterpart at the Chinese Peoples
Association for Friendship with Foreign Countries (CPAFFC
www.en.cpaffc.org.cn) with a request for direction in their search for a Canadian
partner province in economic development. Because of the size and location of
this province, the Zhejiang team proposed Quebec, Ontario or British Columbia
as preferred Canadian partners. The CPAFFC asked my opinion on where they
should focus. I recommended British Columbia should be explored first. If such

an exploration seems appropriate, could you suggest someone in your operation who could connect with this team to determine if this relationship would of interest to you? The Chinese are proposing to make a visit soon to the province is interested in such a relationship.

The Canadian contact is Xuan (Frank) Zhou who can be reached at xuanzhou@sunrise.ca Frank works with our association, is fluently bilingual and can direct people on where to find reliable answers quickly. (Our BC Board member is Glyniss Leyshon, the international opera director, who lives Victoria. Glynis would be happy to meet with anyone interested to provide background about our organization.)

Zhejiang is a prosperous coastal province below Shanghai where President Xi was formerly both Governor and Party Chief. It is very influential economically and politically within the federal government. I thought you should have first look, given the rapid changes occurring in Ontario and the upcoming election in Quebec.

Thanks for pointing this proposal in the right direction.

Subject: Update- Meeting Request- Prince Rupert/Pembina

Hello,

I have some information to follow up in regards to the request I have initiated on behalf of the Mayor and City Manager of Prince Rupert to meet with Premier Horgan for 20-30 minutes to discuss Watson Island, Pembina's project, and Reconciliation.

City Manager Robert Long had a meeting with Mark Lofthouse of the Ministry of Indigenous Relations and Reconciliation this week. Mr. Lofthouse is on board with this meeting as a priority.

As we have been unable to confirm a date for the meeting so far, unfortunately Pembina's CEO will no longer be available to meet on July 9th as previously proposed.

Alternatively, we would like to propose a few other options:

-Prince Rupert is planning an announcement regarding Watson Island and Pembina's project on July 23rd in Prince Rupert. This deal will be bringing in upwards of \$100 M to our community. We would like to extend the invitation to Premier Horgan to participate in this announcement, as well as to have a meeting then for the City and Pembina to discuss the project and Watson Island progress with the Premier.

-We also could arrange to fly the Mayor, City Manager and Pembina's CEO out to Victoria on July 24th.

-We would be happy to receive some options for preferred dates of availability at the Premier's convenience.

Thank you very much in advance for your time and assistance.

Best regards,

MSS wondered if PJH might be available to bring greetings to this event – I thought I'd check on his availability before going back to the event organizers to ask for that to be included. What do you think? It's a roundtable of business leaders to talk about hiring people with disabilities, organized by the Presidents Group, which is CEOs/Presidents/owners who work on accessibility in the workplace. It's chaired by Tamara Vrooman from Vancity and Craig Richmond from YVR.

Info I received regarding Sing Tao event on September 22nd – they have only requested a letter of greetings (which correspondence has confirmed they will provide) :

Your Honourable John Horgan,

Sing Tao Daily (BC Edition) is celebrating the 35th Anniversary of publication in 2018. Since our launch in 1983, we have overcome a lot of challenges throughout the years. We strive for journalistic excellence to serve the ever-growing Chinese-Canadian community in the past years. We will organize a fund-raising Gala Dinner on September 22 at Westin Bayshore Hotel of Vancouver. The objective of the dinner is to support the essential work of the Vancouver General Hospital and UBC Hospital Foundation. The 2018 Outstanding Young Leaders – Medal of Merit Award will also be presented at the same event.

May we get the message from your Honourable Premier to greet the 35th Anniversary of Sing Tao Daily (BC Edition)? The deadline is August 17.

I am looking forward to hearing from you soon.

Hi Folks,

Below is how I see the day rolling out on the 22nd of September.

- Morning: meeting with SUCCESS in Chinatown and visit Society Heritage Buildings (George Chow suggestion)
- Morning: Possible media event with George Chow and Order of BC recipient in Yaletown (George Chow suggestion)
- Mid day: Roundtable lunch with Seniors in Richmond (?) would need budget approval. Mira, I think this would fulfill your team's goals. (Mira's team suggestion)
- Afternoon: Meeting with Canadian Alliance of Chinese Associations, Richmond (George Chow suggestion)
- Late Afternoon: hold for other events
- Evening: Taiwanese/Chinese Family Association Dinner and/or Sing Tao Dinner. I can find no information on the Sing Tao dinner so this will need to be researched. (Katrina Chen suggestion)

The things I see missing are a big public event. If we can keep our eyes open for any community event that PJH could step into that would be great.

Mira and Rick, can I ask that the two of you explore how this will work ^{s.22} I will send a note to Katrina Chen, George Chow and Anne Kang to explain that you may be in touch for more details.

Dear Mr. Premier,

reached out to you at the beginning of 2018 to meet to discuss issues related to contamination at Jordan River. Given all that is happening with dealing salmon stocks, South Island killer whales, and active land protection in your riding and BC more broadly I think we should meet. We have both been putting a lot of time into research this complex ecological troubled site and have valuable insight to share with you. We feel that the Jordan River is a microcosm for larger problems that are pervasive across the province. We are keen discuss what kind of support need from you to revive this treasured, but largely toxic river and surrounding area.

In a place as beautiful and culturally significant (for many different groups) as Jordan River, I feel that this is a crisis that needs to be addressed.

Premier Horgan,

I can appreciate that you have a ton on your plate right now.

I thought that you might like a note on something that is close to your heart and not as controversial as some current matters at hand; Disc Golf.

My name is Dan MacDonald. I am president of South Island Disc Golf Society (SIDGS). We are a nonprofit society promoting the family friendly sport of disc golf.

I saw the pre-election article about your love of disc golf and how you had a guerrilla course of your own near your property. As there are few options to play locally, this is what many players of the game need to do to play in the Capital Region.

SIDGS has been around since 2013 and we work tirelessly to get disc golf the attention and credibility it deserves.

SIDGS has been invited to setup a temporary course at the Sooke Music Festival on Aug 4. You should join us and your constituents at this event.

I would also like to invite you to become a member of SIDGS and help us grow and promote the sport. If you ever have some free time and wanted to chat disc golf or play a round, I'd love to oblige.

I hope this note finds you well and you still get the opportunity to enjoy a round of disc golf from time to time.

Happy Hucking!

Hi All,

With the very sad news of the sudden passing of Moralea Milne, city councillor in Metchosin s.22
s.22 some of us here in PO wanted to send a donation to the Metchosin Foundation – Moralea was one of its founding members. The Foundation’s vision is of maintaining healthy lands, healthy waters and healthy communities through education and stewardship initiatives. In lieu of flowers, her family is asking for donations to be sent to the Foundation.

A link to the Metchosin Foundation is below and we can donate online. I’d be happy to collect money from anyone who would like to donate and then make a donation from all of us here in the Premier’s office. s.22 – but if you’d like to donate, you can leave some money with Kate or send me an e-transfer.

In the process still. Just spoke with Don Bain yesterday to determine the length of time needed.

I'm now holding 1:30 – 3pm for this briefing. Will send an invite to Don W shortly. I am not entirely

clear who needs to join Don Bain and Don Wright and Dave Nik. Could you help to confirm who else ?

Morning s.22 not sure why I was copied on this letter to the Premier but I vehemently disagree with both it's tone and content.

While I understand people's frustration with our "new normal" of forest fires and smoke during the summer, if there is to be blame appointed for this it should be to the previous government that did virtually nothing to address the recommendations in the Filmon Report after the 2003 wildfire season. Those 14 years of lack of fuel management and failure to change our forest management practices was the critical missed opportunity that could have helped us to mitigate the extent of the forest fires we're now experiencing (which are being experienced all over the world, not just here in B.C.). I raised the issue of the Liberals failure to act many times in the legislature to no effect, under both Premiers Campbell and Clark.

The current government has demonstrated leadership and provided resources to both deal with fires when they occur and to help us to put proactive plans in place to reduce future threats. We have a renewed community wildfire protection plan with actual and significant funding to do real fuel management work, unlike under the previous government which provided no resources to act on the previous plan. We are also in discussion with the government at senior levels about the fundamental changes needed to forest management practices to prevent catastrophic fires from becoming our "new normal" — that work is being done in collaboration with industry and with the full support of the Minister's office. We'll be meeting with the Premier's Deputy Minister later this month to brief him on this work.

Yesterday, we saw an immediate response to our need for more resources when the Narcosli Fire doubled overnight and have had the full support of government to deal with the current threat to our community. I was able to speak immediately with Minister Donaldson and senior staff to ensure they understood our needs and were able to assist us as fully as possible.

It's easy for politicians to go around visiting threat areas and getting on Global TV to show they are on top of the issue and doing everything necessary to address threats when they are happening. It's harder to do the deeper work needed to make the changes that are necessary to actually address the root causes of complex issues like these forest fires. I fully support and endorse politicians who do not seek the limelight and who do put their energy into the harder work of effecting real change. That's what I believe is happening today.

Dear Premier,

Beautiful BC is burning and is quickly becoming a charred landscape with massive loss of forest and wildlife. Limited emergency response at places of interface between human population and infrastructure is grossly inadequate.

Shame on you for your ongoing silence. What is needed is a coordinated plan with long term strategies.

Our beautiful province needs resources and protection.

Silence and abandonment our landscape is a wrong choice.

Amend your response and demonstrate good leadership by addressing this massive crisis.

Salut,
Voici quelques informations préliminaires.

Our contact in Premier Horgan's office is Amber Nash, Executive Coordinator (amber.nash@gov.bc.ca) and she has received some of this information.

The Premier is scheduled to address Cabinet at 8:30 am on August 22, for about 15 minutes, at the Vancouver Island Conference Centre (Mount Benson Ballroom D). The meeting is closed to the media but that there will be media outside the meeting room in a scrum area should the Premier wish to scrum before or after his address.

The Chief of Staff to the Premier can definitely accompany Premier Horgan in the room. Ministers, their chiefs of staff, senior PMO/PCO officials would be in the room during Premier Horgan's remarks.

We did. I've discussed December 12th with Kate – it's a Cabinet Day, so we should be able to get a good turnout for the luncheon of Cabinet Ministers.

I'm going to talk to Elizabeth M about confirming Cabinet in Vancouver and holding 8:30am – 11am to allow for prep before the luncheon. Just waiting to confirm this before getting back to Val.

I'll connect with him today though and let him know we are working on making the 12th happen and I'll be able to confirm soon.

We understand now that Tan Sri Wan Zulkiflee Wan Ariffin, President and Group Chief Executive Officer for Petronas and Datuk Anuar Taib, Executive Vice President and Chief Executive Officer of Upstream for Petronas will be visiting Canada in September.

They would like to respectfully request a meeting with Premier Horgan for Monday, **September 24th in Victoria or Vancouver** – depending on the Premier's availability.

Additionally, meetings with Minister Mungall, Minister Ralston, Chief of Staff Geoff Meggs and Deputy Minister Don Wright would be appreciated.

Key areas for discussion:

- Upcoming final investment decisions
- Commitment to expanded Canadian investment
- Overall competitiveness.

If you could please let me know if that is possible that would be greatly appreciated. I should have more information to share on key areas of discussion after Wednesday of this week as well.

Hello Amber

I am sorry but I need to explore another set of dates for this meeting.

- Tan Sri Wan Zulkiflee Wan Ariffin, President and Group Chief Executive Officer for Petronas and Datuk Anuar Taib, Executive Vice President and Chief Executive Officer of Upstream for Petronas will be visiting Canada **October 29th to November 2.**
- Is there any availability to schedule this meeting with the Premier during that time frame?

Thank you

Hello Amber,

Following up to my phone call I wanted to confirm the revised meeting request to meet with Premier Horgan and Minister Mungall.

We understand now that Tan Sri Wan Zulkiflee Wan Ariffin, President and Group Chief Executive Officer for Petronas and Datuk Anuar Taib, Executive Vice President and Chief Executive Officer of Upstream for Petronas will be visiting Canada in September.

They would like to respectfully request a meeting with Premier Horgan for Monday, **September 24th in Victoria or Vancouver** – depending on the Premier's availability.

Additionally, meetings with Minister Mungall, Minister Ralston, Chief of Staff Geoff Meggs and Deputy Minister Don Wright would be appreciated.

Key areas for discussion:

- Upcoming final investment decisions
- Commitment to expanded Canadian investment
- Overall competitiveness.

If you could please let me know if that is possible that would be greatly appreciated. I should have more information to share on key areas of discussion after Wednesday of this week as well.

Dear Premier Horgan,

It's that special time of summer!

The 2018 Fair at the PNE is almost here and I would like to personally invite you to come out and experience the Fair as our special guest through the PNE's VIP Chalet. This year's Fair runs Saturday August 18 to Monday September 3 (closed Monday August 20 and Monday August 27) and we have a number of new shows and attractions to share.

New this year, we are bringing the Sports Action World Tour to the Pacific Coliseum showcasing the world's best professional skateboarders and BMX riders as they perform mind-boggling aerial stunts. We also have live unscripted medieval jousting with the Knights of Valour in the Agrodome. New exhibits this year include Popnology - where technology meets pop culture, The Lost World of Dragons immersing visitors in the lore and history of dragons and Street of Dreams, a classic car show. Come celebrate the 50th Anniversary of the Pacific Coliseum with renown mural artist ARCY as he paints the 15 most iconic moments of the Pacific Coliseum's history throughout the Fair. Of course, your favorites are back with SuperDogs, Farm Country animals, Toon City kids shows, Dueling Pianos, a great Summer Night Concert line-up... and make sure to stay until the end so you don't miss our futuristic laser lights show each nights at 10:15 in Festival Park

As a VIP guest you will receive the following:

- Free admission for you and your guests
- Ability to purchase ride passes for you and your guests at a reduced rate of only \$15.

- Free parking for 1 vehicle in our VIP Parking Lot
- Arrival refreshments at the VIP Chalet

Morning ^{s.22} not sure why I was copied on this letter to the Premier but I vehemently disagree with both it's tone and content.

While I understand people's frustration with our "new normal" of forest fires and smoke during the summer, if there is to be blame appointed for this it should be to the previous government that did virtually nothing to address the recommendations in the Filmon Report after the 2003 wildfire season. Those 14 years of lack of fuel management and failure to change our forest management practices was the critical missed opportunity that could have helped us to mitigate the extent of the forest fires we're now experiencing (which are being experienced all over the world, not just here in B.C.). I raised the issue of the Liberals failure to act many times in the legislature to no effect, under both Premiers Campbell and Clark.

The current government has demonstrated leadership and provided resources to both deal with fires when they occur and to help us to put proactive plans in place to reduce future threats. We have a renewed community wildfire protection plan with actual and significant funding to do real fuel management work, unlike under the previous government which provided no resources to act on the previous plan. We are also in discussion with the government at senior levels about the fundamental changes needed to forest management practices to prevent catastrophic fires from becoming our "new normal" — that work is being done in collaboration with industry and with the full support of the Minister's office. We'll be meeting with the Premier's Deputy Minister later this month to brief him on this work.

Yesterday, we saw an immediate response to our need for more resources when the Narcosli Fire doubled overnight and have had the full support of government to deal with the current threat to our community. I was able to speak immediately with Minister Donaldson and senior staff to ensure they understood our needs and were able to assist us as fully as possible.

It's easy for politicians to go around visiting threat areas and getting on Global TV to show they are on top of the issue and doing everything necessary to address threats when they are happening. It's harder to do the deeper work needed to make the changes that are necessary to actually address the root causes of complex issues like these forest fires. I fully support and endorse politicians who do not seek the limelight and who do put their energy into the harder work of effecting real change. That's what I believe is happening today.

Dear Premier,

Beautiful BC is burning and is quickly becoming a charred landscape with massive loss of forest and wildlife. Limited emergency response at places of interface between human population and infrastructure is grossly inadequate.

Shame on you for your ongoing silence. What is needed is a coordinated plan with long term strategies.

Our beautiful province needs resources and protection.

Silence and abandonment our landscape is a wrong choice.

Amend your response and demonstrate good leadership by addressing this massive crisis.

Hi All,

With the very sad news of the sudden passing of Moralea Milne, city councillor in Metchosin s.22

s.22 some of us here in PO wanted to send a donation to the Metchosin Foundation – Moralea was one of its founding members. The Foundation's vision is of maintaining healthy lands, healthy waters and healthy communities through education and stewardship initiatives. In lieu of flowers, her family is asking for donations to be sent to the Foundation.

A link to the Metchosin Foundation is below and we can donate online. I'd be happy to collect money from anyone who would like to donate and then make a donation from all of us here in the Premier's office. s.22 – but if you'd like to donate, you can leave some money with Kate or send me an e-transfer.

Also meant to ask how the bookings of the meetings we are taking is going. I've held blocks of time in the calendar for them and if any are confirmed they can be sent directly to Chris to input. For the BN materials. Have they already been requested? If not – I'd better do that right away.

Hi,

I have updated the list of meetings for which we are sending regrets. The last column is a list of meetings they will have with other Ministers. I have highlighted the ones that might raise a concern:

- Yellow highlighted meetings did not request another meeting, or did but didn't receive it. I suggest we redirect these to the appropriate Ministry (I've asked MAH to help with that)
- Pink highlighted meetings do have other meetings booked, but they requested a joint meeting with the Premier and other Ministers. They didn't submit a request to meet with those Ministers alone though. My recommendation is that we redirect those meetings also.

Thanks,

Thanks, I have incorporated this into the database, and will get these scheduled within the times you have below.

With regards to the others, we'll be sending a standard response that the meeting was declined because of the premier's limited availability at convention (or something to that effect). Are there any cases where you would like something else noted in the reply? Last year I included a message encouraging them to reach out to the Premier's office directly for a meeting during non-UBCM times.

I am also able to redirect meetings to Ministers, based on topics; would you like to do that, or just decline the meetings? This would mean someone would need to go through the topics list and recommend Ministries.

And finally, these meetings are all 15-minute meetings, correct? We traditionally schedule them back-to-back, with 5 minute breaks in between, and I'm not sure that would be enough time.

Thanks,

Marlene

Hi Amber,

Please see the below request for the Premier and please provide responsive records by August 16th :

For email records:

- Go to Sent Items folder and scroll down to date range
- **Option 1:** Drag and drop emails into a separate email to send to me. Depending on how many emails you have within this date range, you may need to break them up and send them in multiple parts
- **Option 2:** Highlight all emails, click on File – Save as Adobe PDF. The conversion can take a few minutes. I would recommend doing this in 2 or 3 sections (of about 100 at a time)
- **Option3:** Drag all responsive emails onto a USB stick and provide the stick to me

For text message records:

- Take screenshots of all conversations containing responsive records. Please see attached instructions for this

-

If you have any issues with compiling these records, please let me know and I will be happy to help!

***Records of any and all emails, text messages, BBMs, slack messages, and WhatsApp messages
- excluding attachments - sent from the Premier***

***(Date Range for Record Search: From 07/01/2018 To 07/31/2018) Date Format is
MM/DD/YYYY***

If you think that the search for records will take you over 3 hours and/or the total volume of records will exceed 200 pages, please let me know as soon as possible.

I wanted to reach out to see the current

status of your Rolling Barrage ride and expected end date and details.

I need those details in case Premier is not available when you finish at the Sandman in Victoria. If he is not available we will attempt to find another local MLA to attend.

Please keep Chris informed as you know details.

Thank you for your work and riding to support Veteran and First Responders.

Best.

Good morning Bruce..we just had confirmation that our accommodations in Victoria.,will be

at The Sandman Hotel (corner Douglas and Gorge)..Would it be possible to have the Premier speak from the steps of The Legislature (with our motorcycles on the service road off of Government St)? Or would it be better logistically to have him meet us and speak at the Sandman Hotel? Thanks again for your assistance.

Sincerely, Geoff Turner

Good afternoon Amber,

MCT, ministry staff and Don Wright have begun discussions with respect to Pacific Gateway and a new strategic direction. We are looking to coordinate a meeting of the ministers who would be directly involved and are requesting the Premier's presence.

The intent of the meeting is to discuss:

- Construct Government's economic and social agenda as it relates to the gateway.
- Discuss the opportunities and challenges in the transportation/trade sector related to projected trade growth with Asia.
- Discuss opportunities to rebrand and communicate these collaborative efforts.

Can you tell me if the morning of Oct 11th at VCO would work for the Premier?

Please see the attached draft agenda for greater context.

Thank you,

William Beale

Below are the details for the Premier's day on the water with Rick.

Meeting Date and Time: Monday, August 27th at 10am
Meeting Place: Steveston Village Fisherman's Wharf

Hosts: Rick Hansen, Tony Nootebos (Guide)

The day on the water will end at 4pm.

Directions to boat:

The boat is located at the bottom of the Fisherman's Warf sales float near the Blue Canoe Restaurant.

If driving there, please park in the parking lot at Pajo's Fish & Chips which is at 12351 3 Ave, Richmond, BC V7E 2Z1. Rick has a guest parking pass for the Premier - you will see him in his blue Honda CRV parked in the wheelchair accessible spot close to the dock. Please ensure the parking pass is returned to Rick after the trip.

Tony will meet the group at the boat. Please note Tony's cell phone #: **s.22** in case anyone needs to reach him that morning.

FISHING LICENSE REQUIREMENTS:

In order to fish, each guest will require a saltwater (tidal) one-day fishing licenses, these can be purchased on-line:

<http://www.pac.dfo-mpo.gc.ca/fm-gp/rec/licence-permis/application-eng.html>

Sturgeon Handling Guidelines

Rick and Tony are fully trained in safe handling guidelines of sturgeon to protect both humans and the fish. We recommend that you watch the following video produced by the Fraser River Sturgeon Conservation Society to familiarize yourself on what to expect when you encounter sturgeon:

<https://www.youtube.com/watch?v=PpbPI67xYRc>

SOME TIPS TO HELP YOU MAKE THE MOST OF THIS TRIP:

Clothing and Gear

It's best to be prepared for a wet and windy day, by dressing in layers. During your day of fishing you're likely to be handling sturgeon, so best to choose casual clothes that you don't mind getting "fishy". We recommend you also bring the following items:

- * Water resistant, or waterproof outer wear

- * Comfortable water resistant shoes with non-slip soles
- * A hat and sunglasses
- * Sunscreen
- * And, you may want to pack a camera in a zip lock or waterproof bag

NOTE: Life jackets and fishing gear will be supplied.

Food and Beverage

We will provide food and beverages. Please let us know if there any dietary allergies and/or restrictions that will assist us in menu-planning.

Bathroom Facilities

Bathroom facilities are available at the boat launch area, but not on the boat. Shore stops can be made when convenient, however beverages should be consumed with this in mind.

If you have any questions - please don't hesitate to contact me and I'll find the answer for you. Rick is really looking forward to this trip!

P.S. I've included below a little more information regarding the Great White Sturgeon and some of the programs that Rick is involved with to protect this species.

A Day of Discovery:

An amazing and unforgettable fishing experience.

Rick Hansen has been a fisherman for as long as he can remember. He is a dedicated sports angler,

a leader and Honorary Chair of the Fraser River Sturgeon Conservation Society (FRSCS), of which he was the founding Chair.

A day spent fishing for Great White Sturgeon on the Fraser River is a day you'll remember for years to come. You will be participating in one of the most exciting and successful recreational fisheries found anywhere in the world and you will be supporting sturgeon conservation research by tagging and documenting these ancient and majestic fish.

During your Day of Discovery you will learn from Rick about sturgeon protection and recovery programs currently in place to secure the future of these amazing fish.

What can you expect? We know that you will:

- * gain a new appreciation for the Great White Sturgeon
- * learn about the complexity of the Fraser River eco-system
- * learn how to catch, scan, tag and record the sturgeon
- * spend a day relaxing with friends
- * collect memories, stories and photos
- * have lots of fun.

FRASER RIVER STURGEON

White sturgeon are the largest freshwater fish in North America, attaining lengths of 6 metres and weights of over 600 kilograms. An ancient relic of the Jurassic period, these fish can live for more than 150 years.

In the early 1900's, commercial fishing led to a sturgeon population collapse. Over the next several decades, limited fishing continued to put pressure on the remaining sturgeon population. In 1994, however, the government of BC imposed catch-and-release regulations, and a five year research initiative was implemented to better understand the species.

By 1998, a group of dedicated volunteers rallied around this initiative and formed the Fraser River Sturgeon Conservation Society. The Society initiated a sturgeon tagging program, and since then over 40,000 sturgeon have been tagged and released.

Recent research indicates that there are approximately 40,000 white sturgeon living in the lower Fraser River (a fraction of historic abundance). Total population estimates for this stock have declined 21% since 2003, and there are indications that the juvenile sturgeon population has been declining annually since 2000.

The Society's award-winning tagging program is currently the only program in place to reliably monitor the sturgeon population in the lower Fraser River. Continuing this program is essential to the protection and recovery of the white sturgeon, and your participation today will further contribute to this important work.

YOUR DAY ON THE WATER

While we can't guarantee that you'll catch a 12 ft. sturgeon, we can say that you're bound to meet at

least one of these magnificent fish. They come in all sizes, and it's equally important to the conservation program that we scan and tag the very young as well as the most mature of the species.

August 27th does work and we would like to proceed with confirming this day on the water.

Rick has suggested a start time of 12:00pm and fishing until 8:00pm as that timing will be best for the tides and fishing opportunities that day, however we can be flexible to the Premier's schedule as well.

Also, the Premier is welcome to bring up to 3 guests with him for the day. Do let us know who will be joining him.

Hi Amber,

The next meeting of the Wild Salmon Advisory Council is August 20-21, in Victoria. We don't have a location yet, but will try to hold this in the buildings if possible or nearby.

I know that PJH is away for some of August, so no problem if this doesn't work. However, if he happened to be in town on either date, it would be great to have him join a brief portion of the meeting (maybe a half-hour or so, plus photos).

Allison Witter is the lead on this, so if you need details please feel free to reach out to her by e-mail or at 250.889.2325. If PJH was available we would coordinate with Eric Kristianson on any related communications needs.

Christine

Hi Lucy,

Premier is on the 11:20am helijet from Vancouver on Sept 7th – possible that Minister Dix could get on that one too and they can head straight up to Sooke together from there.

For the time in Sooke – I'm holding 1:30pm – 4pm. This would give the Minister enough time to get back to Victoria to take the heli home.

Hi Kelly

This information was provided to the Premier by the spouse of the Premier of PEI who chaired the Canada China Friendship and Goodwill Association – the Premier has asked for this to be followed up on. I have spoken to Geoff about it and he has asked for Okenge –

Last week, Zhejiang province contacted Duncan's counterpart at the Chinese Peoples Association for Friendship with Foreign Countries (CPAFFC www.en.cpaffc.org.cn) with a request for direction in their search for a Canadian partner province in economic development. Because of the size and location of this province, the Zhejiang team proposed Quebec, Ontario or British Columbia as preferred Canadian partners.

The CPAFFC asked Duncan's opinion as chair of the CCFGA on where they should focus. He recommended British Columbia should be explored first. If such an exploration seems appropriate, could you determine if this relationship would of interest?

The Chinese are proposing to make a visit soon to the province is interested in such a relationship.

The Canadian contact is Xuan (Frank) Zhou who can be reached at xuanzhou@sunriseltd.ca Frank works with the CCFGA association, is fluently bilingual and can direct people on where to find reliable answers quickly. (Our BC Board member is Glyniss Leyshon, the international opera director, who lives Victoria. Glynis would be happy to meet with anyone interested to provide background about our organization.)

Zhejiang is a prosperous coastal province below Shanghai where President Xi was formerly both Governor and Party Chief. It is very influential economically and politically within the federal government.

From: s.22
Date: August 16, 2018 at 12:22:17 PM PDT
To: John Horgan <john.horgan@leg.bc.ca>
Subject: forest destruction

Dear Premier Horgan,

I Just read the following disturbing article in TC newspaper. I would like to know if it's true. And, if it is, to protest much of this forest destruction.

On the positive side, I generally like the direction you are taking our wonderful province.

NDP is destroying key forests

In the Schmidt Creek watershed on northeastern Vancouver Island, just a few kilometres from globally renowned orca-rubbing beaches, huge swaths of old-growth rainforest are slated for imminent clear-cutting.

Farther south, in the Nahmint Valley near Port Alberni, the ninth-largest Douglas-fir tree in the country has just been cut down. And a few hundred kilometres to the east, a forest almost surrounded by Manning and Skagit provincial parks is being clear-cut despite being within B.C.'s highest priority grizzly-bear recovery zone.

Which profit-driven logging corporation is behind all of this?

None of them. This is the work of the government of British Columbia.

More specifically, it's the work of B.C. Timber Sales, a government agency within the Ministry of Forests, Lands, Natural Resource Operations and Rural Development. BCTS controls about 20 per cent of the cut on Crown lands — planning cut blocks and then auctioning them off to logging contractors.

In theory, public control over a sector as important as forestry is a great thing. It means public priorities, such as the protection of rare old-growth forests, can be

prioritized because these areas are being managed by elected officials representing the public instead of corporations representing their shareholders.

Unfortunately, this isn't playing out on the ground, and the minister in charge of forests, Doug Donaldson, is plundering important forests with as much disregard as any corporate CEO.

This summer, we visited Schmidt Creek, a watershed in Kwakwaka'wakw territories on northeastern Vancouver Island. The valley drains into Johnstone Strait, near the unique orca-rubbing beaches in the Robson Bight Ecological Reserve. Whale experts are worried about the impacts of clear-cutting the steep, erosion-prone slopes in this sensitive ecosystem. Donaldson has stated publicly that the benefits of this planned logging balance out the risks.

BCTS' operations are further along in the Nahmint Valley in Hupacasath territory near Port Alberni, where clear-cutting of old-growth rainforests, including record-sized trees, began in May.

In the Cascade Mountains in Stó:lo and Nlaka'pamux territory, BCTS is also quickly destroying forests surrounded by Manning and Skagit provincial parks, in an area known as the "Donut Hole." Long coveted as a potential addition to B.C.'s protected area system, this precious wildland is being picked apart with clear-cuts within slow-growing high-elevation forests where logging scars will persist for centuries. This is being done despite its importance for key species that depend on it for habitat and migration.

To add insult to injury, the Caycuse Flats bridge in Manning Park has recently been rebuilt to help get logs out of the Donut Hole. Elsewhere in Manning Park and in other parks across B.C., infrastructure and facilities are in desperate need of maintenance because the government doesn't "have the funds" for repairs and upgrades. That money can immediately be found to fix a bridge in a park to help log forest just outside of it speaks volumes about this government's priorities.

In the past year, the Wilderness Committee, along with our allies at the Ancient Forest Alliance and Sierra Club B.C., have met twice with Donaldson. We've advocated for the protection of old-growth rainforests and a just transition to sustainable second-growth forestry that prioritizes Indigenous rights and local jobs.

Our organizations have given the minister recommendations to accomplish this in

an organized, science-based way. The simplest of these is to direct BTCS to cease issuing cut blocks in old-growth forests.

No one is saying the rapid shift to second-growth logging across the province is going to be easy or without complications. But BCTS is within Donaldson's ministry. This is the logical place for him to start.

In its election platform, the NDP promised an "evidence-based scientific approach" to old-growth management, with the ecosystem-based management of the Great Bear Rainforest used as a model. Now that they're in power, Premier John Horgan and Donaldson are not only allowing corporations to continue liquidating rare and important forests, they're one of the worst offenders. Their agency is leading the way to the bottom of the barrel, logging endangered species habitat, old-growth and some of our province's top protected-area candidates — all on the public's dime.

After decades of the government ignoring the crisis in these forests, the public is eager for leaders who will show courage and tackle this problem.

It's time for Donaldson and Horgan to decide if they want to be remembered as courageous leaders or as status-quo politicians who signed off on the liquidation of these precious ecosystems.

Torrance Coste is Vancouver Island campaigner for the Wilderness Committee.

I don't know much about this event other than what's in the emails below – it would go to the Whip's office to find another MLA to attend either event. But they'll need more info on what the event is about – I don't see much in the way of info below. ...

Bruce did you respond with regrets from the Premier? If not – please do.

Chris – please forward to Angela when you have info to send.

I wanted to reach out to see the current

status of your Rolling Barrage ride and expected end date and details.

I need those details in case Premier is not available when you finish at the Sandman in Victoria. If he is not available we will attempt to find another local MLA to attend.

Please keep Chris informed as you know details.

Thank you for your work and riding to support Veteran and First Responders.

Many thanks Amber,

Below are the details for the Premier's day on the water with Rick. Yes, please do confirm additional guests and let me know if there are any dietary concerns in the group. If you have any questions at all do not hesitate to ask.

Meeting Date and Time: Monday, August 27th at 12pm
Meeting Place: Steveston Village Fisherman's Wharf

Your Hosts: Rick Hansen, Tony Nootebos (Guide)

The day on the water will end at 4pm.

Directions to boat:

The boat is located at the bottom of the Fisherman's Wharf sales float near the Blue Canoe Restaurant.

If driving there, please park in the parking lot at Pajo's Fish & Chips which is at 12351 3 Ave, Richmond, BC V7E 2Z1. Rick has a guest parking pass for the Premier - you will see him in his blue Honda CRV parked in the wheelchair accessible spot close to the dock. Please ensure the parking pass is returned to Rick after the trip.

Tony will meet the group at the boat. Please note Tony's cell phone #: s.22 in case anyone needs to reach him that morning.

FISHING LICENSE REQUIREMENTS:

In order to fish, each guest will require a saltwater (tidal) one-day fishing licenses, these can be purchased on-line:

<http://www.pac.dfo-mpo.gc.ca/fm-gp/rec/licence-permis/application-eng.html>

Sturgeon Handling Guidelines

Rick and Tony are fully trained in safe handling guidelines of sturgeon to protect both humans and the fish. We recommend that you watch the following video produced by the Fraser River Sturgeon Conservation Society to familiarize yourself on what to expect when you encounter sturgeon:
<https://www.youtube.com/watch?v=PpbPl67xYRc>

SOME TIPS TO HELP YOU MAKE THE MOST OF THIS TRIP:

Clothing and Gear

It's best to be prepared for a wet and windy day, by dressing in layers. During your day of fishing you're likely to be handling sturgeon, so best to choose casual clothes that you don't mind getting "fishy". We recommend you also bring the following items:

- * Water resistant, or waterproof outer wear
- * Comfortable water resistant shoes with non-slip soles
- * A hat and sunglasses
- * Sunscreen
- * And, you may want to pack a camera in a zip lock or waterproof bag

NOTE: Life jackets and fishing gear will be supplied.

Food and Beverage

We will provide food and beverages. Please let us know if there any dietary allergies and/or restrictions that will assist us in menu-planning.

Bathroom Facilities

Bathroom facilities are available at the boat launch area, but not on the boat. Shore stops can be made when convenient, however beverages should be consumed with this in mind.

If you have any questions - please don't hesitate to contact me and I'll find the answer for you. Rick is really looking forward to this trip!

Kind regards,
Nadine

P.S. I've included below a little more information regarding the Great White Sturgeon and some of the programs that Rick is involved with to protect this species.

A Day of Discovery:

An amazing and unforgettable fishing experience.

Rick Hansen has been a fisherman for as long as he can remember. He is a dedicated sports angler, a leader and Honorary Chair of the Fraser River Sturgeon Conservation Society (FRSCS), of which he was the founding Chair.

A day spent fishing for Great White Sturgeon on the Fraser River is a day you'll remember for years to come. You will be participating in one of the most exciting and successful recreational fisheries found anywhere in the world and you will be supporting sturgeon conservation research by tagging

and documenting these ancient and majestic fish.

During your Day of Discovery you will learn from Rick about sturgeon protection and recovery programs currently in place to secure the future of these amazing fish.

What can you expect? We know that you will:

- * gain a new appreciation for the Great White Sturgeon
- * learn about the complexity of the Fraser River eco-system
- * learn how to catch, scan, tag and record the sturgeon
- * spend a day relaxing with friends
- * collect memories, stories and photos
- * have lots of fun.

FRASER RIVER STURGEON

White sturgeon are the largest freshwater fish in North America, attaining lengths of 6 metres and weights of over 600 kilograms. An ancient relic of the Jurassic period, these fish can live for more than 150 years.

In the early 1900's, commercial fishing led to a sturgeon population collapse. Over the next several decades, limited fishing continued to put pressure on the remaining sturgeon population. In 1994, however, the government of BC imposed catch-and-release regulations, and a five year research initiative was implemented to better understand the species.

By 1998, a group of dedicated volunteers rallied around this initiative and formed the Fraser River Sturgeon Conservation Society. The Society initiated a sturgeon tagging program, and since then over 40,000 sturgeon have been tagged and released.

Recent research indicates that there are approximately 40,000 white sturgeon living in the lower Fraser River (a fraction of historic abundance). Total population estimates for this stock have declined 21% since 2003, and there are indications that the juvenile sturgeon population has been declining annually since 2000.

The Society's award-winning tagging program is currently the only program in place to reliably monitor the sturgeon population in the lower Fraser River. Continuing this program is essential to the protection and recovery of the white sturgeon, and your participation today will further contribute to this important work.

YOUR DAY ON THE WATER

While we can't guarantee that you'll catch a 12 ft. sturgeon, we can say that you're bound to meet at least one of these magnificent fish. They come in all sizes, and it's equally important to the conservation program that we scan and tag the very young as well as the most mature of the species.

Hi Amber,

Thanks so much for your quick reply.

August 27th does work and we would like to proceed with confirming this day on the water.

Rick has suggested a start time of 12:00pm and fishing until 8:00pm as that timing will be best for the tides and fishing opportunities that day, however we can be flexible to the Premier's schedule as well.

Also, the Premier is welcome to bring up to 3 guests with him for the day. Do let us know who will be joining him.

Thanks for your assistance in booking this day on the water. I will send further details shortly (inclusive of license requirements and directions to the boat).

Kind regards,
Nadine

Hello.

I am a working as a volunteer for a newly formed Group called the "Canadian Committee 100

Society”. This is a non partisan group of Canadian Chinese Citizens focussed on the Chinese-Canadian Community. Included in the mission statement is a desire to increase cultural awareness and enhance the image of the Chinese-Canadian Community and to have constructive engagement in policy making and public life.

I have attached a list of the founding members and information on their purpose, vision and mission.

The members would appreciate an opportunity to meet with the Premier in Victoria or Vancouver to acquaint him with the Committee and to meet him in person.

Depending on availability I would expect 5-6 members to attend the meeting including Ding Guo, President of the Committee.

They would appreciate a meeting in August or at the Premier’s earliest convenience and will make every effort to fit the Premier’s busy schedule. Their availability is fairly flexible except for the period August 17-24 which is not available.

Kind Regards,
Don Fast, President

I've copied Jen here as I am still unsure if we are proceeding with a scrum. From my last email with Eric, he indicated it was up to us if we wanted to scrum before or after the address. I cannot confirm the PM would join the scrum. Privy Council has indicated they are still finalizing their agenda for the retreat and will confirm more details soon. Hi Peter,

I am writing to confirm receipt of the following invitation. We are working on confirming the 31st of August for this visit. The outstanding question is if the meeting will be in Smithers or in the Unistoden territory. If you can provide the number of people travelling with the Wet'suwet'en and Unistoten groups that will be helpful to determine if we can get transportation to the territory for all.

Don,

I want to confirm that I have now spoken to the Unistoten as well as the other Wet'suwet'en chiefs. This discussion was delayed as the Unistoten chiefs were attending to s.22

s.22

They returned today and contacted me.

I can advise that this is the message I received from the Unistoten and the other Wet'suwet'en chiefs regarding a private meeting with the Premier:

the Wet'suwet'en Hereditary Chiefs, including the Unistoten wish to have a private meeting with the Premier, possibly August 31, 2018 if he is available. The other Wet'suwet'en Hereditary Chiefs' support the decision of Unistoten House Group from the Gilseyu Clan to protect their territories from resource development, namely LNG development. It is important that the Premier gains and understanding of our authorities and jurisdiction.

Ideally, the PREMIER should see first hand the territories and the Wet'suwet'en suggest that a chopper to be hired to fly the premier, his staff and the Wet'suwet'en Hereditary Chiefs' to the Unistoden territory. Out of respect for the Premier's time, the Wet'suwet'en suggest a chopper, unless he has the time to travel approximately 3 to 4 hrs into the back country from Smithers. Neither the Wet'suwet'en nor the Unistoten have the resources to cover the costs of the flight.

I can advise that I recommended and the Unistoten and Wet'suwet'en agree that this will be a private off the record meeting with a smaller group of chiefs and representatives. They asked for me to determine as soon as possible if this invitation is accepted as they will need to take time off from their annual leave to prepare to meet with the Premier. I advised and they agreed that there were no preconditions to this meeting and I also advised

them that this was not intended as some form of 'transactional' negotiations.

The Unistoten told me directly that they are not negotiating regarding the LNG development. I advised them that I would confirm that with you. If the Premier cannot fly to the Unistot'en territory for the meeting, both the Unistoten and the Wet'suwet'en are open to other venues in Wet'suwet'en territory, including Smithers.

I have been asked to pass this invitation to the Premier and trust that you will ensure he receives it.

Hi Vanessa,

I'll send out more details a bit later, but this map gives you a quick overview. The rally will be held at the Pacific Coliseum (just off of Renfrew). Our private picnic area is in the Italian Gardens (the green rectangle behind Rollerland) which is also along Renfrew.

Registration: 8:30-10. Rally: 10-11. Private area: open 11-evening.

The PNE is experienced in protocols, so they will be working with you and us to make the Premier's visit run smoothly. Our lead contact at the PNE is Karen Massicotte: kmassicotte@pne.ca. Should I pass your name & info to her as the contact for the Premier?

FYI

I received several calls from Fraser Lake this afternoon regarding the wildfires in the NorthWest region.

There were hints of a campaign someone was trying to organize aimed at calling the PO to demand help and/or a visit from the Premier to address the Wildfires of Note.

What I suspected was going to grow into a full-fledged campaign fizzled after 4 calls by end of day.

I've attached a form with the calls received.

I've left a paper form on my desk to record any further such calls in my absence.

I thought you might like this decision that my firm helped win on behalf of the OFL recently. I saw that CLAC and non-Union contractors are threatening Charter challenges on behalf of workers because of the Community Benefits Agreement.

This decision makes clear that employers do not have legal status to bring forward a Charter challenge on behalf of workers

The speech for federal cabinet is attached.

Jen, I have made some small changes from the version yesterday. A final copy edit and some changes to reduce repetition.

It should be good to go as is.

I'll flip the other draft products over to Tim's team shortly. I'll copy you.

Thank you!

Ok. She seemed to have a very different and unusual understanding of what the event would look like. I said it would be 15-20 min speech and I'd get back to her on Q&A, but I did explain how we typically do Q&As if we confirm it (slideo or pidgeonhole app).

Can you let me know if Q&A is signed off? Or should I email Sage/Kate?

Joining you: Currently it's Sheena – told her and Evan to sort it out on Monday when they are both in.

FISHING LICENSE REQUIREMENTS: You already have one. And it covers this excursion. We will get one for Sheena/Evan.

Sturgeon Handling Guidelines

Rick and Tony are fully trained in safe handling guidelines of sturgeon to protect both humans and the fish. We recommend that you watch the following video produced by the Fraser River Sturgeon Conservation Society to familiarize yourself on what to expect when you encounter sturgeon: <https://www.youtube.com/watch?v=PpbPI67xYRc>

Clothing and Gear

It's best to be prepared for a wet and windy day, by dressing in layers. During your day of fishing you're likely to be handling sturgeon, so best to choose casual clothes that you don't mind getting "fishy". We recommend you also bring the following items:

- * Water resistant, or waterproof outer wear
- * Comfortable water resistant shoes with non-slip soles
- * A hat and sunglasses
- * Sunscreen
- * And, you may want to pack a camera in a zip lock or waterproof bag

NOTE: Life jackets and fishing gear will be supplied.

Food and Beverage

We will provide food and beverages. Please let us know if there any dietary allergies and/or restrictions that will assist us in menu-planning.(PROVIDED)

Bathroom Facilities

Bathroom facilities are available at the boat launch area, but not on the boat. Shore stops can be made when convenient, however beverages should be consumed with this in mind.

The day on the water will end at 4pm.

Possible Game 6 in Maple Ridge. Will plan for this with Bob and Lisa if they go to game 6.

If it goes ahead – then you will come home on a Air Canada that night. If not – will book you on a harbor air after the fish trip.

Hi Ambers! So we are all on the same page, here is where we are at with Labour Day –

The Premier, and I believe MHB are attending/speaking at the VDLC/NWDLC/BCFL event at the PNE (this had been signed off awhile back, but Geoff didn't realise the location of this year's event) – the rally, speeches are at the Coliseum at 10am, and I am getting confirmation from the organizer on where the picnic/public activation area is so we can assess getting the Premier over there to mingle after the rally (it will be packed on the fairground, so this will take some doing).

I just spoke to Gavin and explained that the Premier would not be able to drop by Notre Dame on Labour Day as the VDLC et al event was at the same time. He understood and was fine. They will have approx. 2000 members at Notre Dame so they wanted to extend the opportunity for our folks to drop by. To that end, I have sent info to Leah as Shane is the local MLA and they would like a Minister to attend (she is meeting with Shane on Friday and will let us know then). Unifor does not have a meeting area on the fairgrounds, but Gavin suggested that we try to get the Premier together with him, Joie and some members so they can get a photo. Amber H, as you and I will probably both be onsite, we can coordinate this on the day of.

Amber N and I will coordinate with Susan V on other MLAs attending both events.

Amber N, am I missing anything?

Thanks Vanessa

Thanks, Amber - Yes, we view the BCFL as the central labour body but have had a "Switzerland" policy at times like this so we welcome contacts all 'round. I think it would be good to have a couple of MLAs drop by, certainly Shane, since it is in his riding. Selina and Bowinn have transit responsibilities. As for the Premier, not a priority because a visit to the PNE is complicated logistically -- we did it last year -- so we can decline, keeping in mind Catalyst, transit, etc. BTW, I told CHristine to give up seeking contact with Scott Doherty and just keep Joie informed as required.

Hi Geoff. Folks are seeking direction on how to respond to this from the Premier and MLAs. I would recommend thanking UNIFOR for the invitation and indicating that we have already confirmed our attendance at the B.C. federation of labour event. Then wish them a happy and successful labour day event.

It's quite likely the crowds will mix. We have set up a system where we treat and view the B.C. fed as the central labour body we primarily engage with and I would recommend that we should let that system guide our interaction in this instance. Amber

As I appear to be landlocked til Wed, let me know if you want me to get back to Gavin and Joie.

Also, if we haven't already, can we coordinate with other MLAs for either, both events?

Thx and in sol

Hi Vanessa,

I just wanted to send you a note to let you know we are inviting the Premier and any members of cabinet or caucus who are in town to join Unifor on labour day at the PNE.

We will not be part of the BC Fed event but we are bringing 2000 Unifor members and their families to the PNE on Labour Day for free and we have had huge response to our call so far.

We will be handing out gate passes, coffee, water, and t-shirts at Notre Dame Regional Secondary School (2880 Venables Street) from 9:00 a.m. to 10:30 a.m. before heading into the PNE and will have a sound system for any speeches etc.

Please let the appropriate folks know about this event and that it would be great to see any of our NDP friends on labour day at the Notre Dame.

Hope all is going well in the new role.

Thanks!

Debbie,

I am sorry that I can't take part in this call-in simply because 45 minutes is not enough time to help address the concerns of the approximate 22 communities facing the wildfire dangers.

If the Premier is really concerned then perhaps he should either visit our communities or at the very least provide sufficient time and resources to help the impact BC First Nations!

Rick,

I've flagged this with Don W and Geoff and I think we're good to proceed with planning. He'll have to use 20 minutes in PG for a media availability but I'm sure that will work at the EVAC centre We can circle back on names . I spoke to Jen Rice who plans to make her own way to BL so she'll connect while he's on the ground. I'm copying Jen and Sheen so they can square the media side.

Thanks again for this

Address is scheduled for 15 minutes.

The Premier is scheduled to address Cabinet at 8:30 am on August 22, for about 15 minutes, at the Vancouver Island Conference Centre (Mount Benson Ballroom D).

We don't expect that there will be discussion following the Premier's remarks.

The meeting is closed to the media but that there will be media outside the meeting room in a scrum area should the Premier wish to scrum before or after his address.

The Chief of Staff, Minister James & Senior MA can definitely accompany Premier Horgan in the room. Federal Ministers, their chiefs of staff, senior PMO/PCO officials would be in the room during Premier Horgan's remarks.

Hi Geoff,

See below – Federal Minister Wilkinson would like to join the fishing trip with Rick Hansen and the Premier on August 27th. I spoke to the Premier about it and he thought there value to having him join but also wasn't entirely sure. He wanted your thoughts on it. I understand that the Premier was looking to meet with the Federal Minister sometime in the next few weeks – this may be an opportunity to connect, or perhaps we would prefer to confirm a meeting under different circumstances.

I have Vanessa Geary on standby to join the Premier on the fishing trip. If the Minister does go – I think Vanessa should staff. If it remains just Rick and the Premier and will leave with just Evan going.

Many thanks Amber,

Below are the details for the Premier's day on the water with Rick. Yes, please do confirm additional guests and let me know if there are any dietary concerns in the group. If you have any questions at all do not hesitate to ask.

Meeting Date and Time: Monday, August 27th at 12pm
Meeting Place: Steveston Village Fisherman's Wharf

Your Hosts: Rick Hansen, Tony Nootebos (Guide)

The day on the water will end at 4pm.

Directions to boat:

The boat is located at the bottom of the Fisherman's Warf sales float near the Blue Canoe Restaurant.

If driving there, please park in the parking lot at Pajo's Fish & Chips which is at 12351 3 Ave, Richmond, BC V7E 2Z1. Rick has a guest parking pass for the Premier - you will see him in his blue Honda CRV parked in the wheelchair accessible spot close to the dock. Please ensure the parking pass is returned to Rick after the trip.

Tony will meet the group at the boat. Please note Tony's cell phone #: s.22 in case anyone needs to reach him that morning.

FISHING LICENSE REQUIREMENTS:

In order to fish, each guest will require a saltwater (tidal) one-day fishing licenses, these can be purchased on-line:

<http://www.pac.dfo-mpo.gc.ca/fm-gp/rec/licence-permis/application-eng.html>

Sturgeon Handling Guidelines

Rick and Tony are fully trained in safe handling guidelines of sturgeon to protect both humans and the fish. We recommend that you watch the following video produced by the Fraser River Sturgeon Conservation Society to familiarize yourself on what to expect when you encounter sturgeon:

<https://www.youtube.com/watch?v=PpbPI67xYRc>

SOME TIPS TO HELP YOU MAKE THE MOST OF THIS TRIP:

Clothing and Gear

It's best to be prepared for a wet and windy day, by dressing in layers. During your day of fishing you're likely to be handling sturgeon, so best to choose casual clothes that you don't mind getting "fishy". We recommend you also bring the following items:

- * Water resistant, or waterproof outer wear
- * Comfortable water resistant shoes with non-slip soles
- * A hat and sunglasses
- * Sunscreen
- * And, you may want to pack a camera in a zip lock or waterproof bag

NOTE: Life jackets and fishing gear will be supplied.

Food and Beverage

We will provide food and beverages. Please let us know if there any dietary allergies and/or restrictions that will assist us in menu-planning.

Bathroom Facilities

Bathroom facilities are available at the boat launch area, but not on the boat. Shore stops can be made when convenient, however beverages should be consumed with this in mind.

If you have any questions - please don't hesitate to contact me and I'll find the answer for you. Rick is really looking forward to this trip!

Kind regards,
Nadine

P.S. I've included below a little more information regarding the Great White Sturgeon and some of the programs that Rick is involved with to protect this species.

A Day of Discovery:

An amazing and unforgettable fishing experience.

Rick Hansen has been a fisherman for as long as he can remember. He is a dedicated sports angler, a leader and Honorary Chair of the Fraser River Sturgeon Conservation Society (FRSCS), of which he was the founding Chair.

A day spent fishing for Great White Sturgeon on the Fraser River is a day you'll remember for years to come. You will be participating in one of the most exciting and successful recreational fisheries found anywhere in the world and you will be supporting sturgeon conservation research by tagging and documenting these ancient and majestic fish.

During your Day of Discovery you will learn from Rick about sturgeon protection and recovery programs currently in place to secure the future of these amazing fish.

What can you expect? We know that you will:

- * gain a new appreciation for the Great White Sturgeon
- * learn about the complexity of the Fraser River eco-system
- * learn how to catch, scan, tag and record the sturgeon
- * spend a day relaxing with friends
- * collect memories, stories and photos
- * have lots of fun.

FRASER RIVER STURGEON

White sturgeon are the largest freshwater fish in North America, attaining lengths of 6 metres and weights of over 600 kilograms. An ancient relic of the Jurassic period, these fish can live for more than 150 years.

In the early 1900's, commercial fishing led to a sturgeon population collapse. Over the next several decades, limited fishing continued to put pressure on the remaining sturgeon population. In 1994, however, the government of BC imposed catch-and-release regulations, and a five year research initiative was implemented to better understand the species.

By 1998, a group of dedicated volunteers rallied around this initiative and formed the Fraser River Sturgeon Conservation Society. The Society initiated a sturgeon tagging program, and since then over 40,000 sturgeon have been tagged and released.

Recent research indicates that there are approximately 40,000 white sturgeon living in the lower Fraser River (a fraction of historic abundance). Total population estimates for this stock have declined 21% since 2003, and there are indications that the juvenile sturgeon population has been declining annually since 2000.

The Society's award-winning tagging program is currently the only program in place to reliably monitor the sturgeon population in the lower Fraser River. Continuing this program is essential to the protection and recovery of the white sturgeon, and your participation today will further contribute to this important work.

YOUR DAY ON THE WATER

While we can't guarantee that you'll catch a 12 ft. sturgeon, we can say that you're bound to meet at least one of these magnificent fish. They come in all sizes, and it's equally important to the conservation program that we scan and tag the very young as well as the most mature of the species.

August 27th does work and we would like to proceed with confirming this day on the water.

Rick has suggested a start time of 12:00pm and fishing until 8:00pm as that timing will be best for the tides and fishing opportunities that day, however we can be flexible to the Premier's schedule as well.

Also, the Premier is welcome to bring up to 3 guests with him for the day. Do let us know who will be joining him.

Thanks for your assistance in booking this day on the water. I will send further details shortly (inclusive of license requirements and directions to the boat).

Thanks very much for your patience. We're finalizing the timing for August 21 today, so the exact meeting time will be communicated by EOD. At this time, it's likely late afternoon between 3:00 and 5:00 PM. Please let me know if there are any issues with that time frame.

The social event is a very informal, casual gathering in Minnoz, the Coast Bastion Hotel restaurant. Our group will be inside to the right as of approximately 9:00 PM. Will there be any staff with Premier Horgan?

Again, thanks for your patience. I've copied Amanda and Ryan for their reference.

There will be a short speaking role for the Premier . Ministers Chow, Ralston, Beare and Mark will all be invited. A note that the MOU is now only between the City of Van and us. For a variety of reasons UBC is not signing at this time (Charlotte can explain more).

We want to confirm the time is 100% held. The event should not take any longer than an hour.

Hi Amber,

Next Tuesday, Aug 28, we will probably have to have a short conference call involves the Premier, Minister Rob Fleming (acting Public Safety Minister), Ministers Doug Donaldson, Scott Fraser and MLA Jennifer Rice to decide whether or not we should extend the Provincial emergency order (otherwise it will expire on Wednesday, Aug 29).

We shouldn't need much time – I would suggest 15 minutes should be enough. Staff will be prepared to give a quick status report and recommend whether or not the order should be extended, and then Premier and MRF can make the call, with the benefit of any advice that the other three would provide.

Amber and I have a meeting with PJH on Tuesday from 9:30-10:30, so perhaps we could just put it on the end of that?

Thanks Amber.

Best wishes,

Don

Hi Amber. I know this is a long way off but we are wondering if September 19th or 20th would work for the Premier to attend the Order of BC Investiture Ceremony at Government House in Victoria. The ceremony is typically 1 hour in length and could be anytime during the day with a preference for a morning ceremony (see below for options). It is followed by a reception and formal black tie dinner in the evening (6:30-9:30).

Please let me know as soon as possible if either of these dates might work or if you need any more information.

Thanks so much.

-Lucy

Morning ceremony

10:40 Premier arrives
10:45 Introductions to LG and Premier in the Drawing Room
10:55 Entrance of Recipients, Premier and LG
11:00 Investiture ceremony begins

We could also move this timing back by an hour where ceremony begins at 12:00 and reception ends at 2 .

1:40 Premier arrives
1:45 Introductions to LG and Premier in the Drawing Room
1:55 Entrance of Recipients, Premier and LG
2:00 Investiture ceremony begins
3:00 Investiture ends and reception begins until approximately 4:00 pm

Dinner:

7:00 Dinner

Subject: YPO Speaking Note Suggestions

Hi Amber

I understand you want some suggestions for the Premier's Sept. 17 15 minute talk to the BC YPO Chapter. For context, we have had a great response and expect a great turnout of 150 plus. This will be a members only event to ensure confidentiality for a candid exchange.

In the past, premiers have talked from their unique perspective about the province's economy, trade, labour, regulation, technology and other critically relevant issues. The weaker talks have been about campaigning (although everyone loves political insights)!

A few questions have already been forwarded regarding the school tax, housing affordability, and technology collaboration (private and public sector). I'll summarize these as we get more and we can review prior to the 17th so the Premier can address them.

The net of this is that I know Premier Horgan to be a wonderful and authentic speaker. This is an opportunity for him to convey his aspirations and thoughts for the province to a wide cross section CEO's.

And if there are any areas he wants me to ask about or probe, please let me know.

Thank you.

Hi Amber,

Just an FYI on this one – ^{s.13}

I can do an ‘acknowledge and share’ email if you would like, but I wouldn’t have much substantive info to provide other than basic gas price messaging (which doesn’t address the tax aspect). Generally speaking, we would also probably close something like this as ‘commentary’. However, I am happy to send a response if you would like! Let me know either way.

Dear John,

Prices in BC for regular gasoline range from \$1.65 to \$1.34/liter. in Bellingham Washington it can be had for \$0.83 CDN/liter. It begs the question why, even with the value of the loonie exchange rate of 30% it is still a bargain to fill her up in the USA. Now with Trudeau concocting a new tax for clean fuel usage next spring and BC's most hated tax, the carbon tax, consumers are being hosed. Time to drop the hundreds of taxes we pay and go to a flat tax program. Canadians are the only consumers that pay tax on tax, such as, liquor, fuels, rooms and smokes, how crooked is that. BC taxpayers are the highest taxed persons in the world. We often say that the Swedes are but they get free medicare, free pharma, free education and free day care, name one thing BCers get for free. Sharpen your pencil boy if you want to be remembered for more than a one term wonder.

A response to these comments and allegations would be much appreciated.

Sincerely,

Hi Ambers! So we are all on the same page, here is where we are at with Labour Day –

The Premier, and I believe MHB are attending/speaking at the VDLC/NWDLC/BCFL event at the PNE (this had been signed off awhile back, but Geoff didn't realise the location of this year's event) – the rally, speeches are at the Coliseum at 10am, and I am getting confirmation from the organizer on where the picnic/public activation area is so we can assess getting the Premier over there to mingle after the rally (it will be packed on the fairground, so this will take some doing).

I just spoke to Gavin and explained that the Premier would not be able to drop by Notre Dame on Labour Day as the VDLC et al event was at the same time. He understood and was fine. They will have approx. 2000 members at Notre Dame so they wanted to extend the opportunity for our folks to drop by. To that end, I have sent info to Leah as Shane is the local MLA and they would like a Minister to attend (she is meeting with Shane on Friday and will let us know then). Unifor does not have a meeting area on the fairgrounds, but Gavin suggested that we try to get the Premier together with him, Joie and some members so they can get a photo. Amber H, as you and I will probably both be onsite, we can coordinate this on the day of.

Amber N and I will coordinate with Susan V on other MLAs attending both events.

Amber N, am I missing anything?

Thanks Vanessa

Thanks, Amber - Yes, we view the BCFL as the central labour body but have had a "Switzerland" policy at times like this so we welcome contacts all 'round. I think it would be good to have a couple of MLAs drop by, certainly Shane, since it is in his riding. Selina and Bowinn have transit responsibilities. As for the Premier, not a priority because a visit to the PNE is complicated logistically -- we did it last year -- so we can decline, keeping in mind Catalyst, transit, etc. BTW, I told CHristine to give up seeking contact with Scott Doherty and just keep Joie informed as required.

Hi Geoff. Folks are seeking direction on how to respond to this from the Premier and MLAs. I would recommend thanking UNIFOR for the invitation and indicating that we have already confirmed our attendance at the B.C. federation of labour event. Then wish them a happy and successful labour day event.

It's quite likely the crowds will mix. We have set up a system where we treat and view the B.C. fed as the central labour body we primarily engage with and I would recommend that we should let that system guide our interaction in this instance. Amber

Hi - Kate and Amber N have details of the BCFL, VDLC and NWDLC event at the PNE labour day morning - I believe we have RSVPd for the Premier. I know you all know better than me how complicated the politics are here, or maybe it is simple, but will leave in your capable hands to work out.

As I appear to be landlocked til Wed, let me know if you want me to get back to Gavin and Joie.

Also, if we haven't already, can we coordinate with other MLAs for either, both events?

Thx and in sol

Hi Vanessa,

I just wanted to send you a note to let you know we are inviting the Premier and any members of cabinet or caucus who are in town to join Unifor on labour day at the PNE.

We will not be part of the BC Fed event but we are bringing 2000 Unifor members and their families to the PNE on Labour Day for free and we have had huge response to our call so far.

We will be handing out gate passes, coffee, water, and t-shirts at Notre Dame Regional Secondary School (2880 Venables Street) from 9:00 a.m. to 10:30 a.m. before heading into the PNE and will have a sound system for any speeches etc.

Please let the appropriate folks know about this event and that it would be great to see any of our NDP friends on labour day at the Notre Dame.

Hope all is going well in the new role.

Thanks!
