Forwarding at Mike Hicks request fyi and also his hope you can recommend this to Minister Jonathon Wilkinson next time you chat. He will also be speaking to MP Garrison and pursuing application process thru yesterday's Federal program announcement (although, frankly I don't see any actual program dollars for hatcheries included in the announcement, but hey Mike's working all angles as he should)

Minister Wilkinson,

I am the Regional elected representative for the Sooke area and I am ccing our MLA and Premier John Horgan, Member of Parliament Randall Garrison, DFO Regional Director Andrew Thomson and DFO Salmon Enhancement manager Dale Desrochers in the hope they will be both interested and supportive.

We are building a community hatchery on the Sooke River, which will have the potential of increasing the run from 500 to 5,000 Chinook. The Sooke River is located in the SRKW foraging area , a few miles from the waters closed to recreational fishing. DFO has determined that our local waters are vital for the survival of the SRKW and we are attempting to increase and supply some of the needed Chinook stocks.

My job is to raise the funds for the project and I was encouraged by your announcement today committing 61.5 million and considering " introducing important measures aimed at protecting **and recovering Chinook salmon stocks that are significant for the Southern Resident Killer Whales.**

Our permits are in place, we are actively fund raising, we have a grant application submitted to the Pacific Salmon Foundation and we are breaking ground in December. Our goal is to be hatching 500,000 eggs next fall in our new hatchery.

My hope is you and your staff will look at the attached PDF file and consider partnering with our group. I am , of course hopeful that we can raise the funds but a little help from the Federal Government would ensure our success.

Thank you so much for your time and I look forward to hearing from you.

Sincerely,
Mike Hicks

Good day.

This is my request for a comprehensive, one page, nothing fancy document that can be made into a hand out or a post that lists all the good things the province has done since obtaining power until year end 2018. With links (so folks can find more detail if desired) and with room to add any significant local constituency announcements: infrastructure, housing, medical clinics etc.

We are starting to get constituents walk in who want such a list so they can post it to their various networks.

Is anyone working on such a document? Or could someone? (Yes I see the "What we did this week document but want an aggregate list with room to add local stuff.

Is that possible to have at end of session?

Good morning Bruce,

I'll eat a little crow here on my skepticism, Jeff McLaren of PHSA and I spoke the other day at length about process, issues and a couple of brand new initiatives he is either leading or involved with implementing specifically aimed at introducing new tech to healthcare. He has welcomed Prodaptive into the initial set-up for evaluations so we'll see what happens there. Based on this, if you have not already established a meeting with the MoH's office let's stand by on that one and see where these new programs of Jeff's go.

If you *have* set up a meeting already, I'd be happy to meet with the Minister to discuss the issues but I'll leave that to your discretion. Jeff's programs sound positive so let's see. Thanks Bruce. I'll keep you posted on this. Cheers,

Good afternoon Bruce,

Hope you are well. I contacted Darren who re-directed me to HSSBC Standardisation. I have contacted them and hope to hear back. In the meantime, as always, lots of inquiries and

discussions with all levels in healthcare and more and more it is clear that stagnation and lack of will or motivation are in control. In the meantime at least 23 Canadians are dying each and every day by largely preventable Healthcare Associated Infections.

I finally spoke with an official in Manitoba this morning who acknowledged the problem, with sympathy but no solution. Clearly no one, or at least very few have the energy, impetus, apparent authority or position to effect real change. I believe the ultimate persuader on this is the Minister responsible. Therefore, I ask that you continue to request for us an audience with Minister Dix and Premier Horgan in the near future.

I am attaching 3 files to this note which speak for them selves; one a report written by Dr. Syed Sattar of the study done on our STAL Shield. The next is an image that visually represents the effectiveness in our device; the red circle representing the 100% escape into environment of pathogens and contaminant without use of STAL Shield, the green circle with a thin red wedge representing the 99.5 % of contaminant blocked and captured using the STAL. This is data from the study of the use of the STAL during foley irrigation with our technique - developed at WSBC's request. The 3rd attachment is a paper my partner and I authored, which was peer reviewed and published last March.

That almost 4000 lives were tragically lost to opiate abuse in Canada in 2017 is a national health crisis. One in 9 patients who is admitted to a healthcare facility in Canada contracts an infection. Between 8500 and 12000 individuals die in Canada *every year* from un-related illnesses they contracted while receiving medical treatment. This s not just a crisis, it is a disgrace. Canada has one of the worst HAI records in the 'developed' world and very little has changed to address this issue.

Thanks for your time Bruce. I look forward to hearing from you, and will keep you posted on how things progress with Jeff McLaren at PHSA.

Morning Chandler. Thanks for this.

Yes just a PR please as he's not likely to be able to get to an event out there before project start....let's get him there for the completion next summer. ☺ So yes mid-Nov would be good timing as he will have another, unrelated but significant announcement in Sooke mid – December that I don't want to overlap with.

Please add quote from Mayor Tait and School District Chair Ravi Parmar. Take out Minister quote.

Please add "new highway lines painting – completed" (this is a big deal for winter driving)

Shouldn't the PR include something to the effect that this project will improve traffic flow in the area that will result from the new T'Souke Nation gas station being developed adjacent to the school?

The intersection project is actually a couple hundred metres "north?" of Edward Milnenot "next too"

The intersection will also improve access and egress to the famous regional jewel: Sooke Pot Holes.

Horgan quote something like "glad to get started on another project to improve safety and functionality of Hwy 14 and help Sooke infrastructure. More projects to improve the Highway coming in the months ahead."

Thanks Chandler and team. Please include me in future draft/ proposed release timing.

Hey Bruce,

Hope you are well.

We wanted to flag this project for you and the PO that will be starting later this month.

It's the Sooke River Road intersection project – announced just after the \$10 million dollar Highway 14 corridor investment last January.

We believe this project came to be after a big push from the local community, including parents and teachers at Edward Milne Community School. I remember from my days as a reporter that PJH was very excited about this project.

So we were floating a couple of ideas around the office for this including:

- An information bulletin

- A News Release with a quote from PJH
- A News Release and mini/small event with PJH and members from the Sooke School District

I've drafted a rough news release (attached) that is making its way through program approvals.

Looks like construction will start the week of Nov. 19-23 but could be pushed to Nov. 26-30. Target completion is next summer.

Feel free to share your input Bruce.

Thanks,

Chandler

I will host on behalf of MLA Horgan.

Does your response below mean you are attending on behalf of the other five? In any event, can you let me know the names of the businesses the providers represent as that will allow the Ministry person to know details of the current situation of each of the providers....which will help the Ministry person be well informed, in advance, about the issues facing each provider. Thus hopefully leading to a more helpful discussion.

Most assuredly I am attempting to provide an opportunity for a frank and useful exchange and most definitely am hoping the discussion is not a waste of time for anyone involved.

Your concerns are important to John and he wants you to be able to speak directly to Ministry staff so that you can express your concerns and they can provide you with accurate feedback information.

Please let me know your preference for either a face to face with Ministry staff or a call directly and I will proceed to set up.

Does your response below mean you are attending on behalf of the other five? In any event, can you let me know the names of the businesses the providers represent as that will allow the Ministry person to know details of the current situation of each of the providers....which will help the Ministry person be well informed, in advance, about the issues facing each provider. Thus hopefully leading to a more helpful discussion.

Most assuredly I am attempting to provide an opportunity for a frank and useful exchange and most definitely am hoping the discussion is not a waste of time for anyone involved.

Hi Bruce

all that are attending are providers - there will likely be 5 providers and I have questions submitted by LNR and FCC providers as they can not find a sub to attend in person - is this ministry person from higher up than the regular front line Ministry staff - we can talk to them anytime by calling and getting no where.

I am hoping that someone from your office or John will be also in attendance, so this is not a waste of anyones time.

This first draft is being fixed but a couple of rural projects completed are mentioned in attached:

- The bridge to East Sooke
- The rest stop out near Shirley
- Pull outs
- New line painting completed (supposedly better visibility but still some complaints even about this new, better product)

Can hint at new health resources in Sooke announced before year end.

Congrats and thanks to Sheringham Lighthouse preservation society for their ongoing good work to turn that heritage light into an excellent tourist/historical destination.

Province wide: new Human Rights Tribunal thingy

Let me think about it over the weekend and I may be able to come up with a couple of more.

Hey Bruce,

Hope you are well.

We wanted to flag this project for you and the PO that will be starting later this month.

It's the Sooke River Road intersection project – announced just after the \$10 million dollar Highway 14 corridor investment last January.

We believe this project came to be after a big push from the local community, including parents and teachers at Edward Milne Community School. I remember from my days as a reporter that PJH was very excited about this project.

So we were floating a couple of ideas around the office for this including:

- An information bulletin

- A News Release with a quote from PJH
- A News Release and mini/small event with PJH and members from the Sooke School District

I've drafted a rough news release (attached) that is making its way through program approvals.

Looks like construction will start the week of Nov. 19-23 but could be pushed to Nov. 26-30. Target completion is next summer.

Feel free to share your input Bruce.

Thanks,

Chandler

Congrats on your very successful event last Saturday. It certainly looked and sounded like folks were appreciating and enjoying the evening.

Wondering if you have access to any of the photos that were taken during the evening of the Premier and guests. If any of them would be available to forward to myself or Lawrence (copied), then we can use them as appropriate.

Of course I only request photos of PJH with folk who would be ok sharing their pics with him, or for example the one I saw being taken with him and funny hats, etc over the in corner.

Please let me know and happy to discuss if you wish at number below.

Again, congrats on a great event and thank you for inviting MLA Horgan.

Greetings MLA John Horgan and MP Alistair MacGregor,

I am Mandart Chan, and along with Ms. Rachael Sandberg, we are the Leadership Teachers at Belmont Secondary School.

On behalf of our 1500 students, teachers, and staff, we would like to invite you both to speak at our annual Remembrance Day Assembly. This year, we will be running the assembly on **Thursday 8 November**, starting at 10:30am. This school wide assembly will be held in our school gym, with the entire school in attendance. This year, we have Mr. Greg Pap, from the Memory Project of Historica Canada, as one of the guest speakers, as well as a speaker from the Canadian Armed Forces (via the Veterans' Week Project).

We really hope that the both of you will be able to attend, as you both are a part of the fabric of the community and the Belmont family.

Should you have any questions, please feel free to contact me here (mchan@sd62.bc.ca) or phone (250-478-5501, ext 4119).

I hope to hear from you soon.

Sincerely,

Mandart Chan & Rachael Sandberg

Looks good on paper. Sometimes in constit the EA will travel with him.....but sometimes they want someone to meet PJH at an event (Port Renfrew event or Sooke Fire Rescue event last weekend), which means the EA cant both meet him at event and ride with him.

However there are very few if any constituency event where PJH doesn't know exactly where he is intended to arrive...therefore, in those events he will be fine with having the EA meet him at events.....he won't also need a CA to ride with him...that would not be necessary.

Great. Thanks.

Dear s.22 :

Thank you for your August 29, 2018 email addressed to Honourable John Horgan, Premier, regarding rent ceilings for the Shelter Aid for Elderly Residents (SAFER) program. As the Executive Director, Housing Policy Branch, I am pleased to respond.

Effective September 1, 2018, the rent ceilings for the SAFER subsidy were increased. Many seniors, including yourself, may have received an increase to their monthly benefit. This increase would have been reflected on your September 28, 2018 payment.

If you have any questions about the amount of your subsidy, you may wish to contact the Housing Inquiry Line at 604-433-2218 or toll free at 1-800-257-7756.

Please be assured that increasing the availability of affordable housing for those most in need in our communities continues to be a key priority for the provincial government.

Thank you for writing.

Sincerely,

Trudy Rotgans, Architect AIBC, RPP
Executive Director
Housing Policy Branch
Municipal Affairs and Housing

Hi
I'm sure this note is more than a long shot and will likely go unread or unanswered.
I'm writing about SAFER program. I understand there has to be income limits with this program. But has anyone surveyed the cost of rent in the last decade? s.22

s.22

s.22 I'm fortunate to receive them I understand but after rent , utilities there's not very much left for food etc. Is there a chance that this criteria will be changing in the near future?

DRAFT NOT FOR DISTRIBUTION

Meeting with Westshore Private Child Care Providers – Nov 6/18

Ministry on phone: ADM Christine Matsey, ED Policy Theresa Butler

At Horgan Constit office:

- Becky Mcleod Summer Breeze Day Care – Happy Valley & Metchosin
-
- Lucy-Anne Smith Happy Campers 250-391-0909 Sooke, Colwood, Metchosin ++
- Cindy Ross AlmostHome DayCare 250-590-7666 Langford, Gorge
-
- Lea Ann Bartley View Royal OSC Mgr 250-744-2718. 218 Helmcken
-
- Cindy Cloverdale DayCare(non-profit) 250-995-1766. 3427 Quadra

Bruce hosted this meeting to hear the concerns of these small businesses based on initial contact from Becky McLeod.

Thanks to Ministry staff for taking an hour to listen, take notes and provide feedback and commitments to follow up.

These folks were all unified in their multiple complaints about the ongoing role out of universal childcare in BC. These concerns are affecting their businesses, causing anxiety for them, staff and families, cutting into their service delivery efficiency and their profit margins.

Many of these small businesses/non-profits have been operating successfully for years, making good profits, providing good services but having ongoing challenges with what they consider overregulation and inefficiency of regs and Ministry administration.

They have complaints in many areas of the program. ADM Matsey promised to look into many of their concerns and provide feedback and, hopefully, improvements.

Areas of concern that ADM heard:

- 1) Employer Health Tax – can they get an exemption? Its inefficient and a double hit to them.
- 2) Wage Enhancement Program
- 3) Affordable Child Care Benefit
- 4) Training Bursary and Classroom supports
- 5) Infant Toddler program
- 6) Municipal Regs
- 7) Licensing

The group requests a follow up mtg before end of year.

The group will forward thru Becky to Bruce a list of ACCBenefit applications that are backed up. Bruce will forward to Ministry.

So sounds like there are two housing things to do in Langford if we can find time

- The groundbreaking Craig just mentioned of First Nations project.
- The official opening of the Oak Place phase one (Pacifica Housing) – which I am told is now ready to official open – they just want a date.

Do both Morning of Dec 14? Beauty.

Then off to Sooke at 11:30ish. Although as far as I know he is in Sooke Dec 13 for Health announcement and “Historic Sign “ unveiling with Alida Peers (20 minute event). So not sure he needs to go there 2 days in a row but....up to him.

Subject: Event - Langfor November 16
Importance: High

Good Morning,
We have an event in Langford at 9:30 am on Friday November 16th. Minister Trevena can now no longer attend. Would Minister James, Fleming or Popham be available to attend on her behalf?
Event details below.
Looking forward to hearing back from you.
Best,
Lynne

Event: Federal/ Provincial/ BC Transit to announce Investing In Canada Infrastructure Plan (ICIP) funding & projects
Location: Langford Transit Facility – 1000 Henry Eng Place, Langford
Synopsis: Under ICIP, the Government of Canada has committed to investing \$500 million for new BC Transit projects, which will support all communities outside Metro Vancouver. The Province will match this federal investment dollar for dollar, which means over \$1.2 billion in available funds for transit improvement projects that can take place over the next 10 years. This announcement will detail the first five projects under ICIP funding, which are advanced fair technology, bus acquisition, vehicle refits, bus shelters and backup generators.
Date/ Time: Nov. 16 at 9:30am
Speakers: Minister Hajdu, Provincial representative, BC Transit representative

Visuals: CNG buses on site, NextRide technology on display

Length of event: About 15 minutes

Looks great.

Pls add a sentence or two about the recent increase in respite bed availability across the Prov and in Lower Island to assist families struggling with dementia etc. There's a recent PR somewhere but I cant find it just now.....but this issue has come up a couple of times so good to spread the word about more \$\$ for respite care.

And finally, the intersection at sooke lake rd/hwy 14 is not "next to" EMCS, it's a couple of hundred meters "north?" but obvoiously still important to improved traffic flow around the school and intersection.

Otherwise perfect as usual....thanks Lawrence.

Hi all,

Here's my understanding as of this morning:

There's a directive from MCT and GM that this event should go ahead on the previous date of the 7th Dec as it needs to happen before year's end. My understanding is that it is ok if PJH is not able to attend the event on this date.

Staff in MOTI are aware of the date of Dec 7th and are working on it all.

Please let me know if you have competing info.

Thanks,
James

Dear Minister, Donaldson

I am contacting you on the recommendation of Bruce Fogg, Executive Assistant (Constituency) for Premier John Horgan, as a follow up to the Greater Victoria Greenbelt Society's proposal for the conservancy of the Mary Lake Nature Sanctuary lands and waters in the Capital Regional District.

In our meeting Premier Horgan expressed interest in supporting the project and bringing it to your attention. We have been instructed to set up a meeting with you to discuss our proposal. (see attached)

We are looking forward to the opportunity to discuss with you the continued protection of these special riparian areas, red-listed species and watershed for future generations.

We are going to sneak in some local media availability from 3:30-4:00 and then the public meet and greet from 4:00-5:00 before they head to Cobble Hill for the Protecting Local Food and Supply Management Town hall at 6:00.

Hi Bruce,

A few comments about the attached documents, should they come up in conversation. I'll send a version of this email to PJH as well.

The two speeches were written by Tom Hawthorn. I've done very little editing as I'm hoping for PJH's feedback on Tom's overall writing style. (I'm optimistic – it's clear to me that Tom has put time into trying to capture John's speaking style.)

Having said that, I will be offering Tom the following feedback for the next versions:

Our House / BC Non Profit Housing Association

- The (re-)announcement is somewhat buried
- Too many numbers overall
- Be more explicit about how their policies informed the NDP's election platform & housing plan

Teamwork / Asia Pacific Foundation

I'm really pleased with the core narrative on this one - but it could be much shorter and has some obvious redundancies.

The attached questions to ask the directors of the APF. We've had advice they would appreciate an interactive QA session where they both ask and answer questions.

Thanks, Bruce. I hope you have a good event tomorrow. I'm sure it will be moving.

Subject: to print tomorrow

Hi Bruce,

A few comments about the attached documents, should they come up in conversation. I'll send a version of this email to PJH as well.

The two speeches were written by Tom Hawthorn. I've done very little editing as I'm hoping for PJH's feedback on Tom's overall writing style. (I'm optimistic – it's clear to me that Tom has put time into trying to capture John's speaking style.)

Having said that, I will be offering Tom the following feedback for the next versions:

Our House / BC Non Profit Housing Association

- The (re-)announcement is somewhat buried
- Too many numbers overall
- Be more explicit about how their policies informed the NDP's election platform & housing plan

Teamwork / Asia Pacific Foundation

I'm really pleased with the core narrative on this one - but it could be much shorter and has some obvious redundancies.

The attached questions to ask the directors of the APF. We've had advice they would appreciate an interactive QA session where they both ask and answer questions.

Thanks, Bruce. I hope you have a good event tomorrow. I'm sure it will be moving.

Hello TEAM,

We have one of the schools artwork (Savory School) and I have a call out to Janice to see when we will get the rest.

Do you have a plan/date/time for John to see and approve the artwork?

Janice has said she will have all of the artwork by midmorning on Tuesday and if Lynn or Bruce can pick it up at the School Board office on Jacklin Road, that will be great.

If we can get the MLA office Christmas cards printed at the same time as the Premier's office that may work for us. The only drawback maybe be we want ours ready by end of November, as we will be in including our MLA Open House Invitations in with the cards.

Thanks, Moe

Maureen will be back on Friday and can speak to this then.
I believe we are on track to get the art work Tuesday, will then need PJH to choose. Believe he will want the school art on the cards for both lists but that needs to be confirmed.
Then Susan/Amber will work on Queen's printer for the Premier's list and Maureen will provide constituency list.
Maureen will be able to tell us whether she wants the constit list printed at Westside Insta Print or at Queens printer.

Subject: STUDENTS ARTWORK - MLA CHRISTMAS CARDS - 2018

Hi Bruce and Amber,

I have spoken to Janice Folger (SD62) at 250-474-9800 and yes, she will be pleased to reach out to the elementary schools within the MLA riding (grade K – 5) asking for artwork for the MLA to use on his 2018 Xmas Christmas cards. I have said we will use the artists first name, age and school. Janice thought that would be acceptable.

Janice will have all of the artwork at her office by Friday, November 9, 2018 and it will be available for our office to pick up on Tuesday, November 13, 2018.

Bruce and Amber, will you set up a date after November 13, 2018 for the MLA to review and select a piece of artwork for our Christmas cards. I will then make arrangements with either WESTSIDE Instaprint or the Queens Printer to take the artwork and prepare 200 Christmas cards and provide envelopes for our MLA office to send out. We will also need to confirm with John that he would like to use his eSignature on the card this year or would he like to sign them. I would like all of these cards out of our office by Thursday, November 29, 2018.

Lynn, perhaps you and I can work on updating the Master Mailing List of Labels, with all of the new recipients? **Staff,** please think of folks we can/should add to the list. I would also like to include our MLA Open House Invitations in with our Christmas cards. I will work with Miriam on the design of this year's MLA Open House invitation. The MLA Open House is on Wednesday, December 12, 2018. We will again be asking all guests to RSVP their attendance to the Open House and that we will again have a Food Donation Box for folks to drop their donations into.

I have attached last year's guest list as a starting point. We will need to update all of the newly elected municipal and school trustees. Verify names for the different organizations, Legions, fire halls, community groups, food banks, First Nations etc.....

Thank you,
Moe

Hi Bruce,

I've had a chance to chat with our folks about this and there are no opportunities that we can see. It wouldn't be appropriate to have a student in the MO and our DMO doesn't take on students either. We did notice that this student needs to be supervised by someone with a Master's degree in social work – we don't have social workers in our ministry, that would be MCFD. Not sure if you want to follow up there or not.

Sorry I can't be more helpful!

Hi Brenda. Following on my voice msg to you. Sorry I missed your return. Hope you are well.

This is the woman, s.22 I called about. Her practicum need is more focussed on leadership and policy rather than front line SW.

She specifically mentioned Poverty Reduction.

Can you recommend anyone I can refer her to so she can do an information interview and possibly find something that would work?

Thanks in advance.

so I am looking for practicum opportunities that would allow me to obtain leadership skills, which is why I am drawn to the Premier's office. This practicum is intended to be set up by the student so there is room for me to create my own role, depending on the needs of the agency that I end up working in. My hope for the meeting is that we might be able to discuss how I could use my practicum to assist with an initiative being developed provincially, or to brainstorm ideas of where my practicum could be useful in the various provincial ministries. I should also mention that my practicum would not start until May of 2019 and doesn't need to be secured until closer to December or January so I am simply using this time right now to explore various opportunities.

I will attach an introductory letter from s.22 that outlines briefly the expectations of the practicum. If you would like to ask me further questions before setting up a meeting, feel free to contact me through this email or call me on my cell phone at s.22

Good day Paula and Jasleen.

Attached and below is some information abouts.22 She is working to set up a masters level practicum in Leadership. She approached John's staff in order to access public sector opportunities around prov. Government. s.22 is looking for opportunities to meet with senior public servants who might be able to advise her about places to apply for this type of specific practicum.

I've talked to Brenda in Poverty Reduction but they unfortunately don't have anything pertinent....but she recommended I try you.

I've met s.22 ...she seems determined to find the right fit, has lots of community work and so on. She has a resume too that can be forwarded.

To be clear....we are making this enquiry for s.22 .she is a constituent who is interested in the leadership in policy development area.

Can you let me know please if you have any recommendations for folk that s.22 might want to talk to?

Thanks.

Subject: RE: Great meeting you today!

Hi again Lou. Yes pleasure to meet Sunday.

Yes a Dropbox account would be great. I am copying my colleagues Maureen and Sheldon who maintain pics for the constituency office.

If they can access the account to see the pics that would be great.

As far a social media posts you wish to do.....you are currently a private citizen posting your own photos so we have no role in that other than to thank you for any positive posts that may come about.

Otherwise yes thank you for taking the time to snap some pics of Premier and hoping you continue to have success.

All the best.

Hello Bruce!

It was great meeting up with you and Hans. I'd like to share some of the images that I enjoyed taking during the Langford Legion Remembrance Day celebrations. Would a Dropbox account work or shall I send low resolution images for now and if there is anything you would like to use I can forward later. I'm

Let me know if there would be any problem with posting on social media as well. I am a freelancer at the moment so I'm trying to be respectful of Premier Horgan's imagery as well.

I tried to send these last night after I talked to you Bruce (I also rang you sheena but didn't leave a message) but something didn't work, so take 2

Ahead of the call the Premier is having with s.22 (please excuse the typos)

s.13; s.22

s.22

Some other additional background -

In her letter she references that the "gp portion" of the centre being cut – from my review of the VIHA proposal, I deduce she is referring to the 2 additional primary care teams that were part of the original Westshore UPCC proposal. The UPCC proposal was subsequently revised, and these primary care teams are now being considered separately.

In regards to service contracts - the 200 gp that we are hiring will be compensated via contract, and these positions are targeted to new gps (in other words physicians without

panels) as part of increasing attachment. Part of the work underway in the Primary Care Network development is to include existing practices in team based care – to link them to a multi disciplinary team. Funding for PCNs will cover both hiring new health professionals, and some administration to support the operation of the network. The PCN development and refinement will inevitably involve discussions that address the tension / desire expressed by some existing practitioners who want to move to an alternative payment model.

During its first four days, the Westshore UPCC saw 179 patients

I've got some time today and would like to confirm a call for you to give the Premier an update on this and confirm if he would like a call arranged or requires more info/action. So yes, now that Dec 10 is confirmed, PJH should speak with these two in the days before that meeting if at all possible. First option would be have them come to his office at Leg. Second, conference call. Yes I would like to attend for interest, and possible Mitzi should too as she seems to be the designated lead on all things E&N/ICF.

Preferably, Phil Kent and Chief Sayer would have chance to meet him at Leg in the days before the larger E&N consultation meeting.

Mayor's New Year Levee on Jan 1st in Council Chambers 10 to Noon. Will pass him the mike if he is able to attend and would like to share a New Year's greeting.

Excited about the upcoming health care announcement, we have two doctors ready to join us here, just need the space!

I have two cell phones, personal and a District. He should use my personal one ^{s.22} and can text or call at anytime! For you as well.

Thanks Bruce!

Subject: Capital Renewal Fund - Guest list

Hello,

Attached is an event plan and guest list for November 22nd's launch of the Capital Renewal Fund. This was part of the 30 point housing plan. This fund helps retrofit older housing stock for more energy efficiency and to reduce GHG emissions.

The event takes place at Argyle Manor. As your Ministers are all South Island MLA's we are hoping they and you may have input as to local stakeholders they think should be invited.

Hi Jennifer and Jolleen and Doug.....and Joe!!

Premier talked to Joe Thorne while at the Q'shantal event at the S'umunu longhouse in Duncan Oct 26.

I am following up on Premier's commitment to Joe to attempt to find some assistance. I will work on getting he and his President a conversation with Premier about First Nations Vets.

In the meantime, as you can see from Joe's email below, he is looking for some support for the new first nations veterans organization called Aboriginal Veterans Autochtones (AVA) Here is their website: <https://avavets.com/> However since Vet Affairs is a federal issue: Jennifer I am asking if you can take on following up with Joe and searching federal sources with Joe to find supports for the AVA and it's programs.

Also, Joe was mentioning that the AVA has many issues to work thru with Vets Affairs Canada and Legions....not the least of which is his assertion that Cenotaphs do not include names of First Nations Vets killed/injured while on duty for Canada. This seems like a wrong policy that MP MacGregor may want to explore with Joe.

Thanks to all.

Good Morning Bruce

Thank you for your response in regards to the follow up meeting with the Premier. I have to say I am more than little shocked and surprised to learn that the Stakeholders meeting has been planned and set for December 10th. Leaving our meeting with the Premier I thought it was clear that the Ministry would be working collaboratively with our CEO, Larry Stevenson, to establish a date, an invitee list, an understanding of what would be presented, , and also the expected outcome for this meeting. In addition, our understanding was that another meeting would be held with the Premier, prior to any stakeholders meeting taking place. To date the Ministry has not contacted Mr. Stevenson other than a follow up email on Oct 24 from Deb Bowman saying she would be in touch regarding the stakeholders meeting. We have absolutely no idea what is being planned or presented.

We believe it is vitally important that the originally planned meeting with the Premier take place prior to any stakeholder meeting. We have continually made an effort to work collaboratively with the Province on this important issue and as such we would respectfully request that we move forward with the meeting with the Premier as he outlined. We will make every effort to meet the Premier's schedule.

We will also have to request that an alternate date for a potential stakeholders meeting be set as our co-chair is not available to meet on December 10 due to previous commitments. Given the importance of this meeting we must insist that our senior leadership team is present at the stakeholder meeting, and engaged in this discussion.

Please advise.

Sincerely,

Phil Kent, Chair

Judith Sayers, Co-Chair

Hello again Phil.

It turns out that Premier, Minister of Transportation, staff and Island Corridor Foundation and stakeholders from across the Island are going to meet in Victoria on the afternoon of Monday December 10. Of course as co-chairs, you and Chief Sayers will be invited to attend that meeting.

Given the Premier's schedule, the meeting of December 10 will be his first opportunity to discuss the Corridor and Foundation with you. He is looking forward to the gathering and to seeing you again at that time.

Please do contact me by email or the number below if you wish to discuss. Otherwise, looking forward to seeing you again December 10.

Ok will try to set something up sometime after Nov 5. Would you prefer a phone call or to come down to constituency office in Langford or to head down to the Leg? Leg visit probably fastest way to get into see him face to face. And a phone call would probably happen faster than waiting for Premier to have a date to come out to constituency. And do you have personal email and cell # info that I can use. Thanks. And congrats on your retirement and time as Mayor.....lots of good things happened!!

Hello Bruce,

Thank you, I appreciated your call yesterday in relation to my email. That being said, I have moved beyond "shock and surprise", to now being simply astounded.

We are now receiving information that some people are receiving telephone calls, from the Premier's office, advising them that an invitation will soon arrive for them to attend the stakeholders meeting on December 10th. It seems obvious the Province has moved well beyond the development plan for this meeting and is moving forward with no input from the ICF and apparently with little respect or regard for our concerns as owners of these lands and assets. It is discouraging enough the Province could not be bothered to even confirm our availability for this meeting, but to now be directly calling people viewed as stakeholders, and not so much as an attempt to even contact the ICF. In addition, based on the information that is coming to us, we have some very serious concerns as to exactly whom the Province has deemed as stakeholders.

I am certainly hopeful the Premier is unaware of any of the above, however in the absence of an open discussion with him, we can only assume these actions are being taken at his direction.

It is imperative the Premier follow through with his commitment to meet with us, prior to any further planning of this event.

Sincerely,

Phil Kent , Chair

Judith Sayers , Co Chair

On or after Dec 3 (they available any time Dec 3.) At Leg or Constit.

Its best then to reschedule.

Would you have availability on December 5th at 3:45pm? Sheila will be in Victoria that day.

Thank you, and sincere apologies on this last minute change.

Good afternoon Bruce,

With regards to your meeting with Sheila this afternoon, just wanted to update you that she is running late as she had trouble getting onto the ferry this morning in Vancouver – there was major trouble on the highway (a tunnel was

blocked) and so she has gotten onto the later ferry. All her meeting have thus run late – she was hoping to make the time coming in – but she will get to you closer to 3pm. Is that ok?

Do let me know.

Sorry for this delay.

Good morning Sheila.

A follow up question.....are you (or your staff) interested in coming to meet me at the Premier's constituency office in Langford? Although he isn't able to meet you personally, I'd be happy to meet with you, discuss your excellent program and hear your presentation. Also, assuming that you reached out to School District #62, I'd like to hear any feedback you have had from them.

Let me know if you would like to proceed and we can set up a time....I'm pretty flexible....just a matter of if/when you might make it to Langford to have a short discussion.

Subject: JABC in your riding

Dear Premier Horgan,

As you know, for over 60 years, JABC has been working in partnership with B.C. teachers to prepare youth for success by providing financial literacy, work readiness and entrepreneurship programs to students in grades

four through 12. In the past year, JABC delivered almost 1,500 programs reaching close to 38,000 students in 56 of B.C.'s 60 school districts.

However, JABC is not able to serve all the students seeking JABC programs in the province. As of September 28, approximately a third of school districts in the province have lengthy wait lists for JABC programs, including the Sooke School District in your riding.

I would welcome the opportunity to meet with you and your staff to discuss our strategy to expand JABC's programming and to serve more of the province's youth, as well as the teachers delivering BC's new curriculum.

I can be reached at sheila.biggers@jabc.org or by phone at 604-688-3887 x225 to make arrangements.

Additionally, my office will be in touch with your staff to follow up and discuss scheduling.

Best regards,

Sheila

Subject: 5536 Sooke Rd and 5544 Sooke Rd Agricultural properties

Dear Ms. Popham

I am gravely concerned about our agricultural land in Sooke and the severe abuse thereof. I live in Saseenos , the growing hub of Sooke , next to a property which borders the salmon bearing Ayum Creek. The landowner of 5536 Sooke Rd has removed all the topsoil and replaced it with blasted rock and removed every fruit tree or anything to do with agriculture and replaced it with full scale industrial use. This property is also next to an ALR property, which the same owner of 5536 Sooke Rd owns, it is 5544 Sooke Rd.

These lands have been farmlands since 1922 , when the first settlement was established. Our property is 5526 Sooke Rd. , which I believe you are familiar with as we have farmed here for 30 years. My understanding with our agricultural lands is that the same rules apply for ALR as for agricultural lands in the case of use and of soil removal or addition of any fill or soil.

I would like to meet with you in this regard . Sooke Council has had a public hearing to change the OCP to allow temporary permit use on 900 rural properties including many ALR lands in this part of the OCP, known as Gateway Residential., in order to allow this landowner to further destroy historic farming property which also borders a major salmon bearing creek. The use on this property is, devastating the surroundings. His operation includes industrial , fabricating, painting, welding and used car sales lot.

I served 2 1/2 years on the OCP to ensure that we protected our rural lands and being a farmer here for 30 years, I know this area is similar to Saanich peninsula for growing. We set this area apart for agriculture.

I also have served 8 years as Sooke Fall Fair President, promoting agriculture in our region and served on the committee to establish the Sooke Region food CHI and also served as a board member in our first years.

The owner of 5526 Sooke Rd, gained farm status soon after purchase , in September of 2000. He built a barn(really a fabrication/welding shop) in 2004, without building permit and continues to denigrate the entire property, with vehicles and heavy equipment and 5 trailer units filled with various nuts, bolts, plumbing parts etc. He continually excelerates his operation where now , he has semi-trucks and heavy equipment continually passing by our farmhouse and gardens. The Operation accelerated in 2007 and until 2014, without any farming, this property was claiming farm status and being charged taxes as a farm.

BC Assesment has now changed that to a percentage of the property being commercial and thus his taxes are \$5,000. We had the provincial stream and creek folks look at the situation, but the official said we had to prove there was leakage into the creek, but he was quite dismayed at the destruction by the stream. In july this year, the owner went even further an cut down trees and removed blackberries and brush by the creek and built a rock wall and changed the elevation of the land.

We would appreciate the Ministry of Agriculture, looking into this sad situation.

We know there are two other situations on West Coast rd, which I believe you mentioned, the pig farm on ALR land and one property over towards Sooke village, also ALR land where the land is being covered as well with abandoned vehicles and debris.

Look forward to your response and help in these situations.

Kind regards

Ellen Lewers

Hello Hans and Bruce,

I just wanted to touch base and let you know about a small slide we are dealing with east of Port Renfrew on Parkinson Hill.

The road is currently reduced to SLAT and will remain as such while we develop a plan to repair which I anticipate to have more information on by the end of the week.

We also have some minor debris slides near Loss Creek that we are managing. No major impacts there at this time.

If you have any questions please let me know. Our roads area manager, Shawn Haley is out today continuing our assessment.

Thanks,

Thriving Orcas, Thriving Local Communities
Addressing potential Vancouver Island fishing closures

Recently, the federal government met with Vancouver Island stakeholders and reiterated its plans to consider a more than 5,000 square kilometre critical habitat zone and fin fish closure area off the west coast of Vancouver Island. While the goal is to protect southern resident killer whales, the plan lacks scientific merit and will have a devastating effect on Vancouver Island's coastal communities and the thousands of BC families and businesses that depend on fishing and tourism to survive.

Jobs will be lost, businesses will close and municipalities will lose the revenue they rely on to support the invaluable services and programs their residents need. The plan will also affect businesses throughout Vancouver Island that benefit from the tourism visitors they attract to Vancouver Island.

There is a better way.

On Wednesday, November 28, ***Thriving Orcas, Thriving Local Communities***, an organization representing the Chambers of Commerce of Sooke Region, Port Renfrew, Alberni Valley, Bamfield, Ucluelet and Tofino-Long Beach, as well as the Sport Fishing Institute of BC and the West Coast Fishing Guides Association BC, will hold a media event at the Esquimalt Anglers Boat Launch/Office to draw attention to the crisis they are facing, voice its own passionate support for the Island's southern resident killer whale population and offer an alternate proposal that protects whales as well as Island communities and businesses.

Your attendance at this important event will help us send an important message to Ottawa that the opinions, information and scientific evidence provided by Vancouver Island stakeholders must be taken into account when developing policies that have the potential to harm our communities.

We look forward to seeing you there.

I know we have a discussion this afternoon at 4:00. The consultant will be on the call to ensure we are efficient. The invite list is final except for two ICF mayors names to be confirmed today.

The consultant will be asking for some clarity on:

- Is the invite coming from the Premiers office or the Ministers office?
- Clarification on the purpose of the meeting so they can draft the invite
- What is the length of the event?
- How far in advance do you want invites to go out?
- Discuss content to plan for event.

Do you have any specific issues you wanted to bring up? (So I can give him a couple of minutes heads up).

Not sure which topics John may want to touch upon.

Evan,

Thank you for passing this along.

To address your other question, the Premier suggested that we get we get together with him and that he would pull in the Minister of Advanced Education and the Minister of Indigenous Relations and Reconciliation. That said, I am open to whatever might be the best way to proceed. I have had a couple of meetings within the University and the announcement that is part of this particular invitation below is connected to my own contribution. As a legacy of the Witness Blanket I will be committing all of my fee from the Canadian Museum of Human Rights to help establish this program.

Briefly, I would like to establish a strong Indigenous program within the Fine Arts Department at Uvic. The program would be built around the intersection of Indigenous Perspective, Contemporary Arts and Social Purpose. To break that down a little further, it means that rather than teaching students how to make Indigenous iconography, we would examine Indigenous ways of being. Students would also be required to take classes outside of fine arts, in another area like humanities, social sciences, law, etc... to inform and inspire their art. By making art meant to confront injustice or seek positive change, this would be, in many respects, the arts of

Evan,

Thank you for passing this along.

To address your other question, the Premier suggested that we get we get together with him and that he would pull in the Minister of Advanced Education and the Minister of Indigenous Relations and Reconciliation. That said, I am open to whatever might be the best way to proceed. I have had a couple of meetings within the University and the announcement that is part of this particular invitation below is connected to my own contribution. As a legacy of the Witness Blanket I will be committing all of my fee from the Canadian Museum of Human Rights to help establish this program.

Briefly, I would like to establish a strong Indigenous program within the Fine Arts Department at Uvic. The program would be built around the intersection of Indigenous Perspective, Contemporary Arts and Social Purpose. To break that down a little further, it means that rather than teaching students how to make Indigenous iconography, we would examine Indigenous ways of being. Students would also be required to take classes outside of fine arts, in another area like humanities, social sciences, law, etc... to inform and inspire their art. By making art meant to confront injustice or seek positive change, this would be, in many respects, the arts of

I understand that some centers from our meeting have already submitted subsidys that are waiting for approval.

Here is my list with details- these are the childrens names:

s.22 · subsidy applied and waiting since Sept –no payment received for Sept to November

s.22 - applied in June (paperwork Lost) , reapplied in Aug, checked in with subsidy end of Sept (subsidy has no record of the application- reapplied Oct – checked back in Nov and they still have no record of the applications
s.22 going to pull from care as her bill is overwhelming) I have asked her to wait until Dec to see if we can get resolution and back payment to June

s.22
s.22 I have
contact subsidy on her behalf with her permission, and asked for the full amount of \$775.00 to be covered as
s.22 and there should be coverage for her. s.22

s.22 - waiting on approval, previous approval until June 2019 but did not roll over into the new ACCB in
September- still am not able to claim Sept to November

s.22 still waiting on approval started Sept 1

s.22 – waiting on approval started Sept 1, 2018

s.22 started Sept 2018

Hi Dean.

Premier Horgan met Paul Archer, artist, at the Remembrance Day ceremonies in Langford. Mr Archer is interested in doing some of his excellent trademark art on buildings in the Capital Region. I have forwarded his info and request to Langford and MLA Dean. However thought I'd send his contact info to you as well as Mr. Archer is looking for appropriate places/walls to create his masterpieces. You can see some of his work attached. Hi Folks;

Following up on our meeting, I have confirmed the new signal is for transit only as I thought. The signal will only stop NB traffic on Douglas to let buses get out but there will be no impact / stopping for SB traffic on Douglas.

Transit will start training bus drivers in early December on this new route (using the new signal) , which becomes operational Jan 1 2019.

Thanks again for setting some time aside to connect today.

In case we don't chat again until the New Year, wishing you both a wonderful holiday season.

Cheers,

Happy to be of help!

Would you like for me to drop them off at the Premier's Office in the West Annex? I could run the cards, envelopes and the artwork over when they are finished being printed tomorrow.

Thank you very much David! You are my new best friend!

I will pick up the printed Christmas cards/envelopes on Wednesday morning before coming out Langford. Will you be able to return the original artwork?

Please do not put them in House Mail.

Where should I come to pick them up?

Thank you,
Maureen

Thanks Maureen,

I double checked our Copy Centre and they do have a really high-quality scanner, so we can properly scan the painting for the Christmas Cards. I will send you a proof as soon as I am able.

Could you please have the painting delivered to the front Tour Desk, which is located just inside the main entrance of the Parliament Buildings? I will pick it up from there at the conclusion of my meeting.

Thanks,

David

Hope you are well.

Thank you for sending me the DropBox and for taking a bunch of pics.

But when we open the Box....there doesn't appear to be any pics in there.

Could you by chance send the photos as attachments to emails. That way we will be sure to be able to access them.

Hi Bruce,

This isn't an item that I requested so I don't quite know the history of it, and you may in fact have already received a copy. However, the approval has landed on my desk as this file got stuck in a bottleneck and I am trying to get some items moving. The bullets are now a little out of date as the UPCC has opened, but the informations may well still be quite useful. Let me know if I can assist further.

Cheers,

About 16,000 vehicles use Highway 14 every day, with peak commute times coinciding with school pickup and drop off. This can often lead to increased traffic volume for commuters trying get on-and-off the highway.

There will be significant improvements to the sidewalk along Edward Milne Road in front of Edward Milne Community School, and curbs and a drainage system will be installed. Lighting along Sooke River Road will also be improved. Construction on the \$3.4 million-dollar project is just underway and is scheduled to be completed by next summer.

**Remembrance Day 2018

The Highway 14 Corridor Improvement project is improving safety for drivers, transit users, cyclists and pedestrians and making the highway more efficient for travellers. Three new bus pull-outs on both sides of Highway 14 have been completed, new lines have been painted on many sections of the road, and new safety signs have been installed at three locations. A new rest area at Sombrio Beach and a slow-moving vehicle pullout east of Muir Creek have been completed.

Congratulations

and thank you to the Sheringham Point Lighthouse Preservation Society for their excellent work to protect and preserve this Canadian Heritage Lighthouse. This 106-year-old beacon has saved countless lives, and is a reminder of our deep connections to the land and sea. People come from all over to visit this historic lighthouse, and it's a place of pride and symbol of security in our community.

Within the last month, I announced two significant new services in the

constituency.

First, we opened
the Westshore
Urgent Primary
Care Centre
which started
serving patients
on November 5th.

Then on
November 23rd, I
was pleased to
announce the
opening of Oak
Park, an
affordable
housing building
in partnership
with Pacifica
Housing and the
City of Langford.
Making life more
affordable for
people right here
in Langford-Juan
de Fuca!

Provincially, we
have cut Medical
Service Plan
(MSP) premiums
in half already,
and will be
eliminating them

altogether on
January 1,
2020. Eliminating
MSP premiums
will save
individuals up to
\$900 per year
and families up to
\$1,800 per year.

For years, B.C
has been the only
province in
Canada without a
Human Rights
Commission --
because it was
scrapped by the
B.C. Liberal
government in
2002.

Every person
deserves to be
treated with
dignity and
respect. By re-
establishing a
human rights
commission, we
are creating a
more inclusive
and just society

for all British
Columbians.

We are mindful of
the challenges
facing long-term
residential care
facilities, and
have recently
announced the
allocation of an
additional \$240
million over the
next three years.
The additional
dollars will
increase the
direct care
seniors receive to
3.36 hours per-
resident day, on
average, in each
health authority,
by 2021. This will
mark the first time
this average has
been reached
since the Ministry
of Health set that
target almost 10
years ago.

Over the next

three years, the Province will improve and strengthen respite services and adult day programs to support seniors and their family-and-friend caregivers. The number of respite beds will be increased, and overnight care at home will be made more accessible.

Please stay in touch on issues that are important to you and your family, and feel free to share this with your friends and colleagues.

The Christmas season is one of my favourite times of the year in our community.

I'm planning to
visit some of our
outstanding
holiday craft fairs
and enjoy the
festive spirit. My
very best wishes
to you, your
family and your
loved ones for a
safe and happy
holiday season.

Until next time,
John

Dear Sir,

I am writing to you today, as my MLA, to voice my concern over the state of traffic congestion in the urban areas of BC, in particular the Colwood area of Vancouver Island, where the term 'Colwood crawl' has become synonymous with very long congested traffic queues.

On 2018-11-07 Check news ran a story in which Many CHEK viewers say their usual commute times have doubled.

Transportation Minister Claire Trevena said to CHEK News she's 'ready to come to the table to discuss solutions for congestion on southern Vancouver Island.'

For motorcyclists it is equally as frustrating that the law requires them to sit stationary in congested traffic, taking up valuable road space, when it is known full well that around the world Lane Filtering is an accepted method by which motorcycle are removed from the line and traffic congestion can be eased. Lane Filtering also improves rider safety by removing riders from the firing line and thus helps prevent motorcycles being rear ended at the back of stationary or slow moving traffic.

MOTORCYCLE LANE FILTERING: Takes place on multi-lane highways when traffic is moving below 30kph - (which is the generally accepted speed when filtering in other countries and also happens to be the school zone speed in Canada) or if the traffic is totally stationary.

Lane Filtering should only take place between lines of vehicles.

Lane Filtering should not take place on the hard shoulder, the kerb, by crossing over solid lines, in school zones or next to parked vehicles.

WHEN LANE FILTERING - in stopped or slow moving traffic - under 30kph - aka school zone speed: Injuries sustained in an accident tend to be less severe because traffic is moving slowly and in the same direction, or is stationary at the time of impact. Any resulting injuries are generally caused by glancing blows, as opposed to that experienced as a result of high speed 'T' bone or rear end impacts.

The same applies when a car changes lanes unexpectedly because, at less than 30kph (school zone speed), nothing happens that quickly and often there is time for a motorcyclist to react when a driver changes lanes without shoulder checking signalling at such slow speeds.

In such a situation, if two vehicles do collide (at 30kph or less) the survivability rate for the rider is high, which is why often traffic is limited to 30kph in areas where there is a lot of pedestrian traffic, such a school zones. Any pedestrians, illegally crossing the highway between lanes of traffic, are also less likely to sustain severe injuries for the very same reason.

This is no new concept and has been going on safely for decades in some jurisdictions.

On 2018-Oct-09 (just one month ago) Australian Capital Territory (ACT) joined much of Australia with permanent motorcycle lane-filtering rules after a successful 30-month trial period. The Australian Capital Territory Government introduced Lane Filtering improve rider safety and help reduce traffic congestion. Motorists acceptance of moprtorcycles Lane Filtering was high, so, after 30 months, it was proven to be a success and converted into a permanent Lane Filtering law.

Whilst it is known that Lane Filtering contributes towards reducing traffic congestion. However, any suggestion to the Ministry of Transportation and Infrastructure to introduce Lane Filtering elicits a response that their experts have 'safety concerns'. Yet, this flies in the face of the experience of other Jurisdiction after trials and one major group that the safety concerns might directly effect, namely the motorcyclists themselves, who vote overwhelmingly in favour of the introduction of Lane Filtering by way of actually improving rider safety.

Recent polls results by our FaceBook group members:

On the matter of Rider Safety alone.

Do you, as a British Columbian rider, feel that if Lane Lane Filtering were legalised, it could be made to work safely and would contribute towards improving rider safety here in BC?

95% (479) voted yes! (It will improve safety)

Do You support the introduction of Lane Filtering to save lives?

95% (618) voted yes! (It'll save lives)

If indeed government of BC is ready to come to the table to discuss solutions for congestion on Southern Vancouver Island, then now may be the time to consider running a pilot Lane Filtering scheme on Vancouver island by way of helping to ease traffic congestion, in the same manner already utilised in jurisdictions such as, California, the European Mainland, the UK and Australia. Vancouver Island could be considered as an ideal location for a pilot scheme as it is geographically disconnected from the rest of BC and thus the Island itself would make an excellent candidate, with clear demarcation lines, as to where filtering is allowed in BC and where not. A similar trial could be carried out in BC as per the recently completed 30 month trial carried out by the Australian Capital Territory (ACT) government using similar definitions of filtering.

Thanks Bruce,
I was checking because of the request in the letter below – and wondered if you had a conversation with PJH who indicated that he wanted Minister Mark and Minister James only.

To address your other question, the Premier suggested that we get we get together with him and that he would pull in the Minister of Advanced Education and the Minister of Indigenous Relations and Reconciliation. That said, I am open to whatever might be the best way to proceed. I have had a couple of meetings within the University and the announcement that is part of this particular invitation below is connected to my own contribution. As a legacy of the Witness Blanket I will be committing all of my fee from the Canadian Museum of Human Rights to help establish this program.

As I would like to send out the invite to the ministers I would appreciate your input on the invite to Minister Fraser in addition to or instead of Minister James.

Thanks and sorry for any confusion on my part.
Cheers,
Chris

I have had a quick look at the proof on my iPhone s.22 I think it looks great, but I will ask Hans and Bruce to take a second look at it and to confirm Approved. Better to print only once.

If you could drop the final cards and envelopes off with Don in the Premier's office, then Bruce will pick them up there on Wednesday morning on his way out to Langford.

Thank you again!!

Hi Maureen,

Happy to be of help!

Would you like for me to drop them off at the Premier's Office in the West Annex? I could run the cards, envelopes and the artwork over when they are finished being printed tomorrow.

David

Thank you very much David! You are my new best friend!

I will pick up the printed Christmas cards/envelopes on Wednesday morning before coming out Langford. Will you be able to return the original artwork?

Please do not put them in House Mail.

Where should I come to pick them up?

Thank you,
Maureen

Thanks Maureen,

I double checked our Copy Centre and they do have a really high-quality scanner, so we can properly scan the painting for the Christmas Cards. I will send you a proof as soon as I am able.

Could you please have the painting delivered to the front Tour Desk, which is located just inside the main entrance of the Parliament Buildings? I will pick it up from there at the conclusion of my meeting.

Thanks,

David

Hello All,

Here attached is a copy of the PowerPoint presentation delivered by Pat Ahern at last week's Chamber meeting.

It is a very good summary and highlights where the truth has been stretched to amplify the plight of the SRKW's.

Also below is a link to a CBC story about the impact the seals are having on the commercial herring fishery.

Take the time to read and watch....and then share it please with all your friends and neighbours.

Raymond – Jo-Anne wrote this letter after my discussion with her yesterday.....and I see in the letter the same point that seemed to be her main outstanding concern.....how to deal with youth who will not voluntarily come into care...the youth who are in need of “secure” care.

Not sure if PJH will want to meet her/the family again. Will speak to him about this at some point.

Subject: Kimberly's Law/Meeting Request/Early Intervention & Prevention/Safe Care Act

Premiere Horgan and Ministers,

As you are well aware my family has been working on Kimberly's Law for 7 years now, starting a year after my Niece, Kimberly(Kimmy) Proctor's horrific murder in Victoria by two of her peers, Kruse Wellwood 16 and Cameron Moffat 17.

Before I carry on I want to express that we are pleased that there are some measures being worked on by your Government. In our meeting last week with Mental Health and Addictions, Nick Grant and Jonny Morris we discussed this and are very interested in seeing how advancements will be handled. We have said early on that schools have a huge involvement with our Youth and are usually the first to recognize concerns and hope you will bring this component into place.

When we first developed Kimberly's Law we met with both side of Government, at that time the Liberals were elected and we met with your party, NDP, including John Horgan, Carole James, retired Maurine Karagianis and others, all were very supportive, John Horgan presenting our petition. After a few years looking into bringing a Safe Care Act into B.C. we realized that the NDP had actually introduced a Secure Care Bill just before the election of 2009. Lorne Mayencourt, Gordie Hogg and ourselves developed the Safe Care Bill which was presented by Gordie Hogg in early 2017. The Bill reflects issues plagued by our Youth including Self Harm, Addictions, Sexual Exploitation and Escalating Violent Behavior.

With the Liberal government there was a problem of some who clearly "did not understand" or shall I say, didn't want to understand, what our family was lobbying for. Others who fortunately still in the Legislature were and are still very supportive. Upon the NDP being elected in 2017 we had thought our quest of early intervention and treatment would become a reality, having already meeting with key players of your Government. Our meetings with the new government began late 2017 with Minister Eby and supporting staff. They encouraged us to meet with the Mental Health and Addictions Ministry which we did and have had follow up meetings with her staff. Liberal Jane Thornthwaite reintroduced the Bill early 2018

Unfortunately there seems to be a miss understanding on a few levels. One in regards to the Safe Care Act/Bill;

-It is a multi Ministry issue therefore a collaboration of Ministries. It is not just an issue of, addictions, it includes all aspects of Youth issues. Why would we have different Acts/Bills for different issues when we can combine, saving tax paying dollars and helping youth as a whole.

-Another issue is what Minister would lead our quest? The Ministry of Mental Health and Addictions have stated that their Ministry is focusing on "voluntary treatment" and "safe injection sites for Youth". Even though this sounds great on paper, I am sorry not many Youth will get treatment voluntary or use safe injection sites. I was once a youth as were all of you, we do need to think realistically. We need to think about those who will not go voluntary, what do we do with them? This is the sector that needs to be focused on, it's the most troubled of our Youth.

Early Intervention and Prevention as we feel it should be as a Safe Care Act or Safe Care facilities, somewhere that has support measures in place 24/7. It is a multi Ministry issue, Mental Health and Addictions, Justice, Health, Education, Children and Family Development, Public Safety, and Finance. We have only met with two of these Ministries even though requesting meeting with the other Ministries for months and also to meet with Premier Horgan, which we hope to do early in the new year.

It has been 8 1/2 years since Kimmy's horrific murder and nothing has changed, there have been no measures put in place to actually prevent another family and community from going through what we have. There is the Risk Assessment Protocol but it is weak, lacking support for our Youth. We hope that with what your government is working on, they will enhance this program. We need to help those who don't feel they need help even though they do.

We hope we have the opportunity to discuss this further with all of you and once again formally request a meeting.

Regards,

Jo-Anne Landolt nee Proctor and Linda Proctor.

Subject: Invitation to World AIDS Day and Aboriginal AIDS Awareness Week in Victoria, BC

Hello friends and allies

December 1, 2018 will be the 30th anniversary of World AIDS Day and the 20th Anniversary of National Aboriginal AIDS Awareness Week in Canada. This year's theme is "Know your status".

https://knowyourstatus.unaids.org/?fbclid=IwAR3ERRqetYeKkFoNXomXnj7Zpf0IRlbSw7L2FoUsY9_TsHC_kmdUS84YS0A

We know from research that early detection is the key to successful treatment but in Canada up to 25% of people living with HIV are unaware they have the virus because they have never been tested. In addition, many people who are living with HIV don't have access to good health care and struggle to access and remain on treatment. There is good news too with the increasing availability of PrEP (<https://www.catie.ca/prep>), and the success of campaigns like U=U (<https://www.catie.ca/en/positiveside/summer-2017/uu>).

This year, as part of Global AIDS Awareness Week and National Aboriginal AIDS Awareness Week, AIDS Vancouver Island is hosting an event at the **Royal BC Museum from 1-4pm on Saturday December 1st**, **followed by our annual red ribbon display on the steps of the Legislature.** The schedule is as follows:

1:00pm – 4:00pm: Drop in viewing of We Are Here Storyboards, education and resources, Living Library

2:30pm: Welcome and Territory acknowledgement by Elder, guest speakers

3:00pm: Showing of Strong Medicine: a short film made by Indigenous people living with HIV (<https://www.catie.ca/en/strong-medicine>)

3:30pm: Resistance Rising Choir performance (<https://www.facebook.com/Resistance-Rising-Choir-2210208235969675/>)

4:15pm: We will walk together over to the front steps of the BC Legislature and light the red ribbon memorial candle display.

This event is free and everyone is welcome. Refreshments will be available.

To invite your friends and family, and to see the plans in more detail:

<https://www.facebook.com/events/2148516951865492/>

In addition, two other special events are happening that evening that may be of interest:

VPWAS is hosting a film night at the Vic Theatre: AIDS ALTERNATE ENDINGS, ACTIVIST RISINGS

(<https://www.facebook.com/events/651155671945176/>) and

Rick Waines is presenting his new play, 'Secret/e: a new play reading. How having sex while HIV+ became a crime'. This will happen at 5pm at 2% Jazz Coffee: <https://www.eventbrite.ca/e/secrete-a-new-play-reading-how-having-sex-while-hiv-became-a-crime-tickets-10110658251?aff=ebdssbdestsearch>

Our long partnership with the **Greater Victoria Public Library** continues: please consider viewing the **We Are Here Story Boards** which will be on display at the Central, Esquimalt, and Oak Bay libraries this year. We Are Here is an anti-stigma campaign that tells the stories of some local folks who are living well with HIV. They will be on display from November 30th through December 7th.

Hope to see you. Best wishes, Hermione

Hello Bruce,

I would like to set up a meeting with MLA Horgan and the Mary Lake Greenbelt Society.

Our Parks staff will attend the meeting and Eveline Xia, Ministerial Assistant will also be calling in.

Could you please provide some times that would work for MLA Horgan?

Best Regards,

Kirsten Neilson

Hi Kirsten,

Please accept the meeting request from the Mary Lake Greater Victoria Greenbelt Society which came to us via the Premier's constituency office. The meeting is supposed to be with MLA Horgan (in his duties as an MLA), and with Parks staff. MGH is not required in this meeting. An MA can attend or call in as well. Ideally this meeting will be in January.

Please loop in Bruce Fogg, the EA to PJH as he's been in contact with me.

Cheers,
Eveline

Dear Minister, Donaldson

I am contacting you on the recommendation of Bruce Fogg, Executive Assistant (Constituency) for Premier John Horgan, as a follow up to the Greater Victoria Greenbelt Society's proposal for the conservancy of the Mary Lake Nature Sanctuary lands and waters in the Capital Regional District.

In our meeting Premier Horgan expressed interest in supporting the project and bringing it to your attention. We have been instructed to set up a meeting with you to discuss our proposal. (see attached)

We are looking forward to the opportunity to discuss with you the continued protection of these special riparian areas, red-listed species and watershed for future generations.

Sincerely,

Koi Neah - Vice Chair

Hi Sharon. Photos are great.

No special restrictions or criteria other than what your photographer would normally include in her work.

Photos of Premier enjoying the concert or mingling with the Philharmonic or audience all good. And I would be interested in having access to a couple of those for my possible future use (subject to agreement of the others in the photo).

Pics with John^{s.22} together also acceptable and encouraged.

Best and thanks. Looking forward to the concert.

DG – Andrea has now confirmed (see attached) that we have not heard from the property owner in question before the 4pm deadline to complete the Purchase and Sale Agreement today.

That means, as of tomorrow, we are in a position to begin serving notice of expropriation to both that owner, and the 152 easement holders.

I've attached the cover letter that will go with the package to the easement holders, as well as what I believe is the latest version of the GCPE IN (MO should already have this via GCPE channels).

Andrea is going to wait to hear from me before filing the required Expropriation Notice and commencing service.

Let me know.

Subject: Malahat expropriation

DG – Andrea has now confirmed (see attached) that we have not heard from the property owner in question before the 4pm deadline to complete the Purchase and Sale Agreement today.

That means, as of tomorrow, we are in a position to begin serving notice of expropriation to both that owner, and the 152 easement holders.

I've attached the cover letter that will go with the package to the easement holders, as well as what I believe is the latest version of the GCPE IN (MO should already have this via GCPE channels).

Andrea is going to wait to hear from me before filing the required Expropriation Notice and commencing service.

Let me know.

Hi Bruce

I sent this letter of request to CCOF Oct 31/18 and have yet to receive a response. I am forwarding this to you in the hopes that you may be able to help. It's not fair that we, as providers, are not allowed to access funds after the fact when we submit a claim as an amendment.

Thanks

To whom it may concern:

I have spoken to a representative at the CCOF office and they recommended I email you.

On July 31st 2018 I closed the infant/toddler room at location # 96603 Happy Campers – Otter Point.

On September 1st 2018 I opened an out of school care center in that same location (please note that my 3-5 program continued to operate the entire time).

On Aug 20th 2018 I completed the enrollment for my September's CCOF minus the # 96603 infant/toddler program and minus the OSC program as my license hadn't come in yet.

I was paid for September's base funding only CCOF August 28th 2018 in the amount of \$21

I was paid the CCFRI Sept 4th (11 payments totalling \$21

On Sept 20th a co-worker completed the October's enrollment in my absence however she did not hit "complete" and "send" so upon my return I finished those steps and my claim was rejected as I had neglected to send in my updated license.

I sent this in and then on Oct 16th I received confirmation from you of my modification agreement.

I resubmitted October's enrollment and was paid for that (base & top up) Oct 26th in the amount of \$21

When I called to ask about September's CCOF for # 96603 for the additional/new OSC care I was told because you had already paid me the base funding I wasn't eligible for any money for this new OSC program. But this new OSC program started Sept 1st 2018 and I would never have had my new license by Aug 20th when I was allowed to submit my enrollment. My kindergarten clients received their \$100 off so now I'm out the base funding for all 20 children and the kindy top up funding for 5 children.

I'm asking for some leniency here. I cannot continue to operate without the CCOF base & top up funding. I need that extra money for September to be paid to me.

This can't possibly be what all centers with new licenses have to deal with? Why should we be out money while waiting for a license to offer more child care spaces?

I look forward to your reply.

Sincerely,

Lucy-Ann

Hi Coleen. Thank you.

This would be a meeting of senior Ministry staff who have been evaluating the Mary Lake protection proposal that your Ministry has had for several weeks, and the proponents.

Proponents attending would be:

Koi Neah – Director Greater Victoria Greenbelt Society (GVGS)
Bob McMinn – Former Mayor Highlands and Director GVGS
Katy Blake – Habitat Acquisition Trust

I would attend on behalf of MLA Horgan. He is very thankful your staff is able to meet with the proponents.

Proponents would prefer the meeting to happen at Mary Lake in Highlands, so your Ministry staff can then get a “feel” for the place. (I believe the proponents would be offering tea and light snacks. ☺)
Objective of meeting would be for staff and proponents to collaborate with their professional knowledge and experience to explore the methods and means to move the protection objective forward.

Mary Lake and the Langford constit office are about the same distance from downtown Victoria so travel...especially at mid-day.... should not be a problem for those coming out this way.
If still available, mid-day Monday certainly a good time for the proponents to meet....and they are flexible too if another time is works best for your folk.

Thank you for consideration. Here to answer any arising questions or suggestions.

Good day Paula and Jasleen.

Attached and below is some information about s.22 She is working to set up a masters level practicum in Leadership. She approached John's staff in order to access public sector opportunities around prov. Government. s.22 is looking for opportunities to meet with senior public servants who might be able to advise her about places to apply for this type of specific practicum. I've talked to Brenda in Poverty Reduction but they unfortunately don't have anything pertinent....but she recommended I try you.

I've met s.22 ...she seems determined to find the right fit, has lots of community work and so on. She has a resume too that can be forwarded.

To be clear....we are making this enquiry for s.22 ...she is a constituent who is interested in the leadership in policy development area.

Can you let me know please if you have any recommendations for folk that s.22 might want to talk to?
Thanks.

Hi there Bruce,
I hope that you enjoyed your holidays this summer. s.22

s.22
s.22 so I am looking for practicum opportunities that would allow me to obtain leadership skills, which is why I am drawn to the Premier's office. This practicum is intended to be set up by the student so there is room for me to create my own role, depending on the needs of the agency that I end up working in. My hope for the meeting is that we might be able to discuss how I could use my practicum to assist with an initiative being developed provincially, or to brainstorm ideas of where my practicum could be useful in the various provincial ministries. I should also mention that my practicum would not start until May of 2019 and doesn't need to be secured until closer to December or January so I am simply using this time right now to explore various opportunities.

I will attach an introductory letter from the s.22 that outlines briefly the expectations of the practicum. If you would like to ask me further questions before setting up a meeting, feel free to contact me through this email or call me on my cell phone at s.22

I understand that this is a busy time of year and respect everyone's time so any space you could make available to meet with me would be appreciated.

Thank-you.
