Friends and Colleagues,

While work continues in Kitimat with approximately 400 people working to dredge and clear the site – injury free, we had a very busy week in Prince George at the BC Chamber of Commerce TrueNorth Forum and the BC Natural Resource Forum. Some specific highlights of the week:

- LNG Canada Press Release – Local and First Nations Business Contract Awards (attached media release)
- Launch of Together for LNG: [Together For LNG Campaign gives voice to tens of thousands of supportive British Columbians.](#)
- Launch of a coalition designed to build and sustain a broader and louder narrative about LNG: **[New LNG 'narrative coalition' gathers momentum as diverse stakeholders offer support](#)**
- A press conference held by elected Chief Crystal Smith and other elected and hereditary chiefs to amplify the support that the Coastal Gas Link project has across each of the First Nations communities that have signed agreements and expressed support <https://pgdailynews.ca/index.php/2019/01/24/haisla-chief-councillor-speaks-in-favour-of-lng-project/>
- A keynote address by Andy Calitz at the opening of the Natural Resources Forum (attached speech)
- A Truck Rally and press conference organized by the North Matters [Rally supports families in natural resources](#)

A lowlight this week was Coastal Gas Link having to suspend work as a result of individuals entering the construction site and the continued placement of traps in the way of heavy equipment. We understand that Coastal Gas Link is working with authorities to address these challenges. <http://www.coastalgaslink.com/coastal-gaslink-on-recent-construction-related-activities/>

Additional media coverage from the week below:

- Prince George Citizen: [Horgan bullish on Site C, LNG](#)
- CKPG Today: [First Nations Speak Out In Favour Of Pipeline](#)
- CKPG Today: The Province: [Karen Ogen-Toews: First Nations people need to be front and centre in resource debates](#)
- CFTK TV : [LNG Canada Official Overwhelmed by Prince George Forum](#)
- Stormont Energy Advisors: <https://www.stormontenergy.com/blog/a-letter/>

- CFCJ Today: <https://www.cfjctoday.com/column/652446/no-can-t-be-only-answer-pipeline-disputes>

Hi Amber and Vanessa,
I am providing a further update on next steps in the Building Inclusive Organizations training our employee group has been doing with Natasha Tony.
She has blocked off four days from Monday, March 18 to Thursday, March 21 to schedule training for MO and PO staff in Victoria. This would include a full one day session for MO staff and then the flexibility to schedule 1-2 sessions for PO staff. I have also introduced Natasha to Roseanne M and Government Caucus will engage her separately on providing training for their employees during that same week.
In terms of reporting and recommendations she is going to provide a report with recommendations after the training is completed. She can also provide an interim report during the March week for yourself and Geoff if that's helpful Amber.
Vanessa and I can work together to hopefully make these dates work. If they don't the next block of time will be during the third week in April.
Please let me know if you have any questions.

**Subject: Couple of
Things to Discuss**

Hi Amber,
I wanted to discuss a
couple of things with
you.
First is the fact that we
have some folks
leafleting Monday
morning at the AME
Roundup, where I
gather the Premier is
speaking and
announcing the Mining
Jobs Task Force report.
We participated in the
MJTF and support it.
The leafleting is a
separate issue, about
Hecla Mining, who are
a sponsor of the AME
Roundup and have had
our members in Idaho

on a picket-line for coming up on 2 years. The leaflet is attached. They are also doing a rally at noon on Monday.

The second issue is a follow-up on an issue that we have raised with both the Labour Minister and Forests Minister around successorship in logging. We are being told "see the Premier's Office" (in not so many words) and would like to set-up a meeting or call to explain the issue.

I can be reached on my cell phone.

Subject: Weekly Update

Dear Friends and Colleagues,

You may have read or heard about several important issues pertaining to the Coastal GasLink pipeline project this week.

First, TransCanada's intent to seek joint venture partners for the project. I want to highlight that TransCanada's decision was made some time ago and disclosed in October 2018, at around the same time we announced a final investment decision. Please see this link for additional information:

<http://www.coastalgaslink.com/transcanada-to-construct-coastal-gaslink-pipeline-project/>. It is not unusual to seek additional partners in projects of this scale as companies seek to balance investment portfolios.

You may also have heard the Unist'ot'en and Office of the Wet'suwet'en demand regulators issue a "cease and desist" order on CGL activities and subsequently organized opposition issued a call to action to occupy the offices of local MLAs and MPs. The compliance issue at the center of these actions was from 2016 and the Environmental Assessment Office already had determined the project addressed their concerns and was in compliance.

With respect to the issue of whether CGL consulted with both elected and Hereditary Chiefs along the pipeline right-of-way, please check out this link for details on their consultation, including with the Office of the Wet'suwet'en: <http://www.coastalgaslink.com/get-the-facts/aboriginal-engagement/>

Concurrent with activities along this section of the CGL right of way, CGL led two more economic summits in Fort St. John and Dawson Creek, which when added to the other 350 meetings they have undertaken, between subcontractors and job-seekers, brings the total number of meetings

facilitated by CGL to 1000. CGL also announced an additional \$50K contribution towards the Pathway to Pipeline Readiness Bursary with Northern Lights College. Please see attached press release and photo. In closing, there continues to be substantial media and social media coverage – factual – and non-factual about the current challenges faced by Coastal Gas link in the Wet'suwet'en traditional territory. If I can help clarify or address any outstanding questions you may have, please don't hesitate to reach out directly.

Kind regards,
Susannah

Subject: Meeting Request - Minister of Finance

Dear Amber Hockin:

As per our conversation at the Building for the Future Conference, I am seeking a meeting with Minister of Finance, Carole James and any of the Minister's staff that the Minister feels are appropriate for the meeting.

I wish to discuss the application of the Provision for Adverse Deviation (PfAD) for Target Benefit Pension Plans in British Columbia and would be accompanied by Greg Heise, Partner at George and Bell Consulting (he is copied on this email). Target Benefit Plans (TBPs) provide monthly pensions to hundreds of thousands of Canadians in most provinces. In B.C. alone, there are over 30 TBPs with membership well over 100,000 people. Assets in these plans, as of 2017, were \$8.75 billion. TBP legislation varies across the country, but, generally, these plans are required to fund their targeted pensions based long-term assumptions plus a margin (or Provision for Adverse Deviation, "PfAD" for short). The margin is to provide a buffer in case the long-term assumptions don't turn out. B.C. was one of the first provinces to adopt this TBP funding regime. As is typical with first adopters, rules need to be tweaked after a few years of practical application (the rules came about in 2015). Ontario has since adopted its own rules for TBPs and was able to spend more time analyzing just how much the required PfAD should be. We believe that the Ontario rules, and possibly Quebec's, should be considered for B.C. because, for one reason, their rules include a more appropriate treatment of alternative asset classes (real estate, mortgages, infrastructure), which are becoming more the norm than the exception when it comes to pension plan investments. To illustrate how meaningful this change would be for TBPs in B.C., on just our plan, the Operating Engineers' Pension Plan (covering Local 115 members in B.C.), the target PfAD percentage is 26.3% (B.C. rules) but it would be 10.5% using Ontario rules. This means that this plan, because it is registered in B.C., needs to keep a margin of \$267 million instead of \$107 million if it were registered in Ontario. It is our belief that the additional \$160 million can be put to far better use for British Columbians than simply remain in the plan as a margin waiting for a rainy day.

We can provide compelling arguments as to why we believe this to be the case and why the Province of B.C. should consider changes to the TBP funding rules in the near term.

Please feel free to forward this email to whomever you feel can help facilitate a meeting.

Thank you for our conversation at the conference and any help you are able to provide.

Best Regards,

Josh Towsley

Subject: Update - SVT communications/engagement

Hi Evan,

Shruti, Lele and I connected this morning to collaborate on more communication with Chinese and Punjabi communities who still have many questions about the SVT process. Here's a snapshot what's in the works:

- **Proactive media relations:**

- FIN has one tax expert who speaks each Chinese and Punjabi. They are happy to speak to media and answer technical questions about SVT administration and declaration process.
- FIN working with MO to identify elected officials (beyond the Minister) who will be government spokespeople on the SVT, in Chinese and Punjabi.
- Lele and Shruti will make recommendations to FIN for radio shows and print editorial teams where both an government elected official and ministry tax expert can take questions about the SVT (rationale and administration, including how to fill out declaration forms).
- Ministry experts will be available on an as needed basis through the summer to speak to the technical aspects of the SVT.
- QUESTION – Lele/Shruti is it possible to share with us your daily/weekly media monitoring on SVT so we can better understand the information gaps?

- **Tax clinics:**

- Ministry staff have capacity to hold public tax clinics both in-person and online. Shruti and Lele will make recommendations on timing, format, locations and frequency, and we will work with staff to set them up.
- **Website and translations:**
 - Because of legal reasons pages beyond the landing are not able to be translated, though there is in-language translations of the phone line, the most effective and secure resource for people to get help with their declaration forms.
 - FIN is already translating the FAQ available on the website. Lele and Shruti will provide additional 3-5 top questions/misconceptions to translate along with the document, which can be provided in hard copy or digitally for the public and media.
- **Digital:**
 - Karl's team has in production a 'how to' video on filling out declaration forms. I will be following up to have versions made with Chinese and Punjabi subtitles.
 - There are many other digital products in the works, including the advertising campaign well underway in multiple languages. The ads include the call to action to call the phone line – the best resource for Chinese and Punjabi speakers looking for in-language advice and support.
- **Insert/brochure:**
 - For the same legal reasons the entire website can't be translated, the information brochure (attached) developed by the advertising group also isn't available in other languages. It does, however, include in-language information on the phone line.
 - We've asked ministry staff to re-allocate some inserts that were going to municipalities to go to community organizations like S.U.C.C.E.S.S. and have asked TAC for additional recommendations if there are gaps in stakeholder/community groups not receiving information. Lele/Shruti – if you have additional recommendation please let me know and we'll make sure they are sent.

Happy to chat if you have questions.

Hello Roseanne and Amber!

Hoping this email finds you both well. M, I am pretty good^{s.22}

s.22 from CUPE BCs.22 am doing contract work (under my new business Prescott Events). I am organizing the annual CUPE BC Convention that is taking place May 1 – 4, 2019 at the Victoria Conference Centre. We have sent an invitation to the Premier in January and hoping that he will be able to address our convention. I am looking for direction from you both as to the best way to send an invitation to the Cabinet Ministers and Caucus to get it on their radar. Last year I sent a invitation via the Whips Office (Teresa Scambler) and copied Roseanne and to the Premier's Scheduling Branch (Amber Nash) and they circulated it. You may recall we did a special lunch year just prior to the Premier's speech with our Executive Board, several caucus memes and special guests. We will be sending an invitation to you both as well by the end of the week. So hoping you will be able to recommend the best way to send the invite out to Cabinet Ministers and MLAs, Thanks for your help.

(Amber, I tried to connect with you ^{s.22} – if you could send me the your cell phone etc., that would be great.

In solidarity, Sharon

Subject: S.22

Why you're receiving this email:

As a result of a LEAN initiative, this e-mail notice is being sent to supervisors who have an employee that has been on short term illness or injury leave (STIIP) for four weeks. As the supervisor, you have responsibilities in managing your employee's absence from the workplace and in collaborating with them to explore return to work opportunities. To understand your responsibilities, click **here** and scroll to "Your Responsibilities as a Supervisor or Manager". If you are not the supervisor, forward this e-mail to the employee's supervisor and contact MyHR to correct the "reports to" information.

What you need to do:

If you'd like assistance, complete an **AskMyHR Service Request**, found in the "Contact Us" tab. Select "Leave & Time Off" from the drop down menu of services. Tell us if you'd like to receive contact from a Service Representative, an Early Intervention & Return to Work Specialist and/or an Occupational Health Nurse. See below for more information on these resources.

Did you know that these resources are available to help support you to meet your responsibilities?

MyHR Website – Learn about **sick leave** and **Early Intervention and Return-to-Work Program** .

E-modules –No one expects you to have all the answers. Get just what you need, just in time, with the essentials of sick leave and return to work planning through **e-learning modules** .

Want virtual practice returning an employee to work? Try the scenario-based e-learning course available by registration through **the Learning Center** . Search for "Early Intervention and Return to Work" in the learning catalog.

MyHR Service Representative– Can answer general questions about the application of the collective agreement language related to Short Term Illness and Injury Plan benefits.

Early Intervention & Return to Work Specialist – Can help you with navigating complex cases, case management planning and return-to-work planning.

Occupational Health Nurse – Can help clarify how medical restrictions and conditions affect an employee's ability to do all or part of their job. They can work directly with you, the employee and their doctor to prepare for a return to work. The Occupational Health Nurse can also determine what is needed to return an employee to safety-sensitive work.

IF this absence continues and becomes prolonged, here's what you need to know:

- Stay in contact with your employee and let them know they are still part of the team. Engage your employee in discussions about what they can do as they recover. Not sure what you can and can't say to an employee who is off? Find the answer by scrolling down the list of available e-modules and opening **My Employee Is Absent. What Do I Do?**
- After approximately 7 weeks of absence, your employee will automatically get a letter from Great West Life with a prompt to apply for Long Term Disability.
- If your employee applies for Long Term Disability, Great West Life will need an accurate job description. As the supervisor, you will want to make sure MyHR has a current job description on file or take steps to update it now, in time for your employee's application.
- You will get another e-mail from us after 3 months with key information and an Early Intervention and Return To Work Specialist will contact you if you haven't already been working with one. At that point, you will need to collaborate with this specialist to put together a case management plan. They will offer support to you and your employee and explain what to expect as your employee gets closer to the end of STIIP.

Hi – I have reviewed the projected budget for PO staff in 2019/20 ...

Based on existing staffing numbers and salaries, the total number of FTEs in the “executive branch” of the PO will be 24 – this includes a 3 person Stakeholder team, a Comms Mgr and Brett H’s position for a salary total of \$2.3million (benefits are on top). In comparison, the BC Liberals had 21 FTEs and combined salaries of \$1.8million in the executive branch at June 2017. Add in Correspondence and we are at 32 FTEs and \$2.7m.

The estimated salary of the Comms Mgr is \$95,000.

Brett’s salary is \$94,000 annually (my understanding is that this position is not continuing but it is included in projections for now)

And the Stakeholder team has total salary of \$300,000 – Director at \$120,000; 2 Managers at \$90,000 each.

Shelley and I will be meeting in the coming weeks to start planning for next year’s OOP budget so we can capture any changes.

Subject: UBCM Executive Outreach Meetings — Feb 20-22

Hello team,

UBCM is holding its annual **UBCM Executive outreach meetings** (also referred to as Advocacy Days) with the provincial government in Victoria, February 20 – 22, 2019.

While gathered in Victoria, members of the UBCM Executive team will seek to meet with Ministers, Parliamentary Secretaries, Caucus Chairs, MLAs from all parties and others, to raise awareness of and begin or continue dialogue on current key priorities identified by UBCM's membership.

This year's three key priority areas are:

- Cannabis
- Affordable Housing
- Climate Change

Your Minister may receive an invitation to attend a meeting with members of the UBCM Executive to discuss these priorities. **Meetings are strongly recommended.**

I will be sending you a coordinated document on the topics above with key messages in the coming days.

In addition to these three general priorities, UBCM sends invitations to those Ministers whose portfolios are directly related to their UBCM Executive Policy Committees:

- Community Economic Development
- Community Safety
- Environment
- Indigenous Relations
- Health and Social Development

Invitations for meetings are currently being sent out from UBCM.

MAH ministry staff (along with staff you deem to be in attendance with your Ministers) may attend the meetings as a resource to coordinate UBCM requests and update Minister Robinson. Please let me know if you have flags about MAH staff being in attendance at your Minister's meeting.

UBCM will also host an all-party reception on Wednesday evening, February 20, 2019. Invitations with details for this event will be sent out separately. Ministers and MLAs attendance to this event is also encouraged.

Feel free to share this email with your ACs / AAs and please reach out to me if you have any questions.

Daniela

Subject: Update

I wanted to update you on two key items.

1. Today the company had planned to dismantle a guardhouse at the Morice River Bridge that is blocking access needed for company equipment. The company advises that today the guardhouse was occupied by approximately 14 people. I'm not clear if the occupiers were in the guardhouse itself or in the area. This is part of the area and matter of the temporary injunction.

The RCMP were notified and present. I understand from the company that they were requested by the occupiers to provide 48 hours of working time for the completion of a ceremony and removal of the guardhouse. The timeline provided was that this would be complete by 12 pm Saturday. The company agreed to this timeline and will continue to keep working beyond the area; they were asked for respect and distance while doing ceremonies. I understand the construction crews have been advised that they are to drive by.

2. The Environmental Assessment Office has provided their Inspection Report to Coastal GasLink (CGL) of their **PRELIMINARY** determinations about complaints received. CGL has until EOD Monday to respond. Please note the preliminary determinations are unproven and after the opportunity by the company to respond is complete, EAO will consider what is the appropriate enforcement response, if any.

After review of observations and information obtained during the site inspection on January 29, and subsequent review of materials and information, the following **preliminary** compliance determinations have been made. Two of these determinations stem from a self-report by the company of non-compliance with respect to field-verified rare plant surveys.

EAO Preliminary Compliance Determinations:

NOT COMPLIANT with Condition 1 of EAC# E14-03, with respect to providing a report to EAO Compliance and Enforcement staff on the status of compliance with the conditions of the Certificate, and the conditions in Schedule B, on or before January 31 in each year during which the Project is being constructed.

COMPLIANT with Condition 1 of Schedule B to EAC# E14-03 (Table of Conditions), with respect to providing Technical Data Reports (TDRs) for the Morice River Technical Boundary Area to EAO prior to commencing construction.

NOT COMPLIANT with Condition 15 of the Table of Conditions, with respect to the requirement to avoid prohibiting access for Aboriginal Group trap line holders.

NOT COMPLIANT with Condition 17 of the Table of Conditions, with respect to completing site habitat assessment surveys for red and blue listed plants and ecological communities for all locations within the Certified Pipeline Corridor prior to commencing construction.

NOT COMPLIANT with Condition 23 of the Table of Conditions, with respect to providing notice to a trap line tenure holder at least six months in advance of undertaking construction activities that may impact that tenure holder.

Subject: TIME SENSITIVE FOLLOW UP

Here is an updated IN and recommended lines.

This has been reviewed with Tim Howlett and David Haslam and builds on previously approved materials.

Recommended lines:

- Government takes the concerns that have been raised by members of the Wet'suwet'en seriously.
- The complaints are being followed up by staff with the appropriate agencies.
 - The Oil and Gas Commission is reviewing the issue related to the Archaeological Impact Assessment.
 - The Environmental Assessment Office has inspected the site in response to complaints received on compliance with conditions of the project's environmental assessment certificate
 - The Conservation Officer Service is investigating a complaint of disturbing traps.
- Staff have attended the site to inform their ongoing follow-up.
- If there are any non-compliance issues identified, the independent agencies will determine the appropriate enforcement response which could include: warnings, orders to cease work or remedy or other options laid out under relevant legislation.
- We must allow this work to take place and I assure you that any issues identified will be appropriately addressed.

On the previous finding of non-compliance by EAO

- Following a complaint in January 2018, a year ago, EAO staff inspected a number of locations on the Coastal GasLink project.

- Compliance and enforcement staff found that the company was not in compliance with six conditions of its environmental assessment certificate and issued a warning.
- Coastal GasLink subsequently addressed the six conditions to return to compliance last year before construction activities.

Geoff,

Roseanne and I have spoken and I am going to check in with Randy Ennis and give support to him while also sending Roseanne some useful documentation from our office.

As you say there is no easy fix to the multiple issues in this particular problem, so my main focus will be on providing access to support, manpower, tools and services that LAPS can use.

Please be sure to let me know if that is more that you require.

Best regard,

PS

Good morning Paul,

Thanks for coming to meet earlier this week. I would like you to provide advice and assistance to Roseanne Moran, copied above, who is executive director of the NDP caucus. In recent days, demonstrators have occupied a number of constituency offices. Yesterday, in Smithers, two were arrested. Our constituency staff are sometimes best advised to leave until the matter is resolved, but there is no easy, quick access to approved security services in the area. Speeding up the provision of qualified security would meet several obvious objectives, not least the safety of staff and security of government records. Could you please connect with Roseanne to see what assistance you can provide?

Best regards

On Feb 8, 2019, at 2:55 PM, Sanderson, Melissa EMPR:EX <Melissa.Sanderson@gov.bc.ca> wrote:

Hi Geoff,

As follow up to the emails back and forth during Roundup about MBR bringing up Prosperity Mine (of which there is no known recording) the Ministry really would like him to send the attached letter to the CEO. Below is advice from the AG.

I would appreciate your take on this and advice before moving forward with MBR and any letter.

Just a reminder, here is the email from the CEO to Dave Nik:

Dave; its come to my attention the Minister Ralston was on a Government/ Industry panel yesterday at Roundup . That is good

Unfortunately he used this forum to publically indicate that Taseko was a perfect example of a company that has not done early engagement with communities .

Im not sure if he was referring to First nations communities or the general communities of the Cariboo, but I expect his commentary was around FN engagement .

First let me say , for any representative of government and more importantly the Acting Minister of Mines ,(the industry in which he is supposedly to provide oversight and of which we are members) , saying inflammatory comments in public regarding " any" public company is in- appropriate at any time. And in this case trashing our reputation in front of 150 people, that Taseko is the best example of the lack of early community engagement is outrageous to say the least.

As you know we are the largest employer in the Central Cariboo , we have been engaged for the past decade and ½ in community initiatives from 100 Mile House to Prince George and with the FN communities in and around where we operate . We have 700 employees who are our ambassadors. We also have community engagement relationships with both the Williams Lake Indian Band and the Soda Creek Indian Band and further afield with the Tse Kay Dene Indian Band in Northern BC.

We most recently were the largest corporate donor to the new mental health facility at VGH, even larger than Bell Canada

We have sunk over 1 billion \$ into both sustaining and operational capital at Gibraltar in the last 12 years , which has helped us generate over 3.5 billion \$ in revenue with close to 1 billion \$ in payroll alone, let alone the spin offs , over 10 % of our workforce are Aboriginal people .

I would like to think that elected officials including the Minister might understand these facts and would find this important information worthwhile and not publically denounce how we contribute and engage with local communities

We are seriously considering whether we should invest another 1 billion \$ in our recent acquisition of Yellowhead Mining Corporation property .

The Minister's commentary gives me pause on that matter, because Minister Ralston did not come up with this imaginary tale of lack of engagement by Taseko , it must be circulating wildly at the Cabinet table and in Caucus

So to expose that potential investment worth billions of \$ with a complete and utter lack of understanding of this company gives me great angst and will likely do the same at my Board of Director's level

Please convey to the Minister my grave concerns regarding his remarks and if I may suggest maybe the Cabinet needs a refresher on what this company has done in this province over the course of the last decade, certainly the Minister does not understand

More reasons for our upcoming investment of 400 million \$ in Arizona if this is the way we treated publically

regards

Subject: Opportunity to meet with Premier

Good afternoon Mr. Meggs,

I am following up on an email sent on February 4, 2019 as part of a series of letters to the Premier and Ministers to arrange an opportunity to meet collectively to present and discuss the work that the Resource Municipalities Coalition has done to help inform the provinces Energy Roadmap initiative.

At this time I have only received a response from Minister Trevena on a March 4th date to meet with her and I am hoping that staff would be able assist in coordinating a meeting with the Premier and Minister's Mungall, Minister Heyman, Minister Donaldson, Minister James, Minister Fraser, Minister Ralston and Minister Trevena as one meeting, either on this date or another.

Those in attendance from the Coalition would be Mayor Lori Ackerman, Mayor Rob Fraser, Mayor Keith Bertrand and Mayor Joan Atkinson.

Thank you,
Mike Whalley

Subject: RIPET ribbon cutting

Geoff, Premier asked yesterday when the ribbon cutting was for the Alta Gas project in Rupert. I called them this morning and they are NOT doing it coincidental with first cargo. Rather they are doing just a plant opening ceremony on May 28 and 29. They will also be christening their new tug, the Tsimshian Warrior as well. They say they have been talking to Jennifer in the PO and are very flexible Re event timings as they deeply desire Premier's presence. There will be many VIP's from Japan attending.

Let me know if you need anything from us. Thanks.

Hi All,

As per direction from the Premier's Office, we have been asked to schedule a joint meeting between our Ministers (Donaldson, James, Trevena, Fraser, Ralston, Mungall) and the Resource Municipalities Coalition.

I understand each ministry should have received a similar request, as per attached.

Minister James and Minister Trevena are available **March 7th at 11:30AM – Noon** and are hoping your Minister's may be available at this time as well?

Please let me know and I can coordinate with Mike.

Thanks for your assistance!

Subject: Update: Response to complaint of find at Camp 9A

As you may be aware, this morning FLNR, EAO, OGC and Minister Donaldson received a complaint that arrowheads were found in the location of Camp 9A.

OGC will conduct a site visit tomorrow under OGAA accompanied by OGC and FLNR archaeologists to assess the situation and to determine next steps. I understand that EAO is in process of determining appropriate course of action in coordination with OGC and FLNR. Depending on what they find and their assessment of appropriate course of action, one option is a stop work order under the OGC permit. In addition, Coastal GasLink has been made aware and they have voluntarily stopped work and are sending an archaeologist to the site.

The attached IN has been updated to include this information.

Please contact me with any questions.

Subject: Meeting RE Revitalization of the Muskwa Kechika Management Area

Geoff Meggs
Chief of Staff
Executive Branch,
Government of British Columbia

Hello Geoff,

I am writing, as per your suggestion, to ask for a meeting with Premier John Horgan and yourself on behalf of the Treaty 8 Tribal Association, the Kaska Dene Council and myself. Dave Porter will be representing the Kaska Dene leadership and Chief Curtis Dickie of the Fort Nelson First Nation will speak for the Treaty 8 leadership.

The purpose of the meeting will be to discuss at high level the revitalization and improvement of the Muskwa Kechika Management Area and BC support for the Kaska Indigenous Protected and Conserved Area proposal with Canada. Given the initiative of the previous NDP government and the deep and positive role played then by now Premier Horgan in the creation of the MKMA, and given the commitment by the current government to actively advance the real work of reconciliation in BC, the Kaska and Treaty 8 leadership feel that a meeting at this time would be particularly positive.

In light of the intricacies of travel from Fort Nelson and of coordinating schedules for both leaders, we have identified five potential dates when it would be possible to meet within a two week window in either Vancouver or Victoria: any time on February 18, 19, 21 or 25 or, after noon on the 25th. The Chiefs recognize that the Premier has an extremely busy schedule. We certainly hope that it will be possible to meet with him, however, should it be impossible for him to attend, the leaders would be pleased to meet with yourself.

I would appreciate a response at your earliest convenience so that both leaders will be able to make travel arrangements, not always an easy exercise in full winter.

Regards,

George Smith

Hi Amber. Happy Family Day.

Attached is a document that compares the current approach (review contracted and paid by government) with the approach envisioned in the October TOR, showing that these are substantially similar. As you had drawn my attention to the Workers Compensation Act S. 111 reference from the our call last week, the comparison document includes provides an alternative paragraph from S. 111 and a reference to S. 114 that would support WSBCs participation in the review through a cooperation agreement instead of through direction from the Minister of Labour.

The current version of legal's current proposed TOR is attached, with some changes already incorporated from review with Don.

Subject: Business Women's Lunch this Friday, February 22nd

I hope you had a good weekend! The monthly lunch of the Union Club's Business Women's Group will take place this Friday at 1pm. The cost of the buffet lunch is \$25. Please RSVP for yourself and any guests by Wednesday. I am attaching a form to be filled in and sent to the Union Club to register anyone who is not a member.

I am so excited that our speaker this month is Mary Collins. Mary Collins's experience is vast, and she serves as an amazing mentor. Here is a short preface of her bio:

Ms. Collins served for five years in Russia working with the World Health Organization and on a health care reform project in the Chuvash Republic. From 1984 - 1993, Ms. Collins served as a Member of Parliament representing the B.C. constituency of Capilano – Howe Sound. From 1989 - 1993, she was a Cabinet Minister, becoming the first woman in Parliament to hold the position of Associate Minister of National Defence. As Minister responsible for the Status of Women from 1990 to 1993, Ms. Collins first declared October as Women's History Month. Ms. Collins also served as Western Economic Diversification Minister, Minister of State (Environment) and Minister of National Health and Welfare. She holds Honourary Doctorates from Royal Roads University and from Royal Roads Military College. She currently serves on the Saanich Police Board.

Looking forward to seeing you on Friday!

Best regards, Charlotte

February 11th to February 19th

Topic:	Support of PGOV position	Want PGOV to	Total received
DST – Time Change	0	28	28
E&N Railway	0	12	12
Money Laundering	0	20	20
Speculation Tax	0	45	45
Vaccinations in schools	0	8	8
Total Weekly Mail			Approx. 296 (excl. topics logged in batches)

Hello everyone! Here's the last pre-Budget break down for you. I've added another recurring issue (DST) to the list and a 'hot button' issue of mandatory vaccinations.

DST – Time Change: As we approach another time change, we are beginning to receive commentary about how people want to stay on either DST or PST. I believe this initial bunch of emails is likely a write in campaign as they are quite short and all came in very suddenly. I have noticed anecdotally that these write ins are starting to lose steam following the enormous campaign in 2017. The amount of emails has dropped off quite a bit since then.

Vaccinations in Schools: Following a measles outbreak in Vancouver and Washington State, we are beginning to see calls for mandatory vaccinations in order to prevent these outbreaks from becoming more common. A parent of the unvaccinated child that allegedly began the Vancouver outbreak spoke with media last week, spurring an increase in correspondence activity.

We will be monitoring all budget related correspondence as it comes in, but if you would like us to track any specific issues, please let us know. As always, if you'd like any clarification or examples of correspondence, don't hesitate to ask. Thank you and have a great week!

Subject: Gateway: MO bullets

Hi Jonathan and Anne-Marie,

Here is material developed by FLNRORD and MIRR that provides an overview on the land disposition process to support Gateway. It also includes an opportunity to communicate our commitment to an expeditious process on Minister's tour March 13-15.

Look forward to discussing so we can decide on the approach and provide clarity to the inter-agency team.

Cheers,

Trish

Subject: Nicola Chiefs - Gateway: MO bullets

G'morning Trish and Shawna,

As follow-up to discussions last week, please find the updated bullets on the Nicola Chiefs Gateway project. Hoping this will support Ministers' offices in their dialogue with the Chiefs, and provide initial

advice on what a process commitment could look like.

We've worked closely with FLNRORD to describe the context, land disposition timelines, and proposed approach to a potential announcement in March 2019. Given our limitations in an announcement due to statutory process requirements over the next 6-12 months,

we may consider what could be delivered by a Minister on behalf of the PO.

Happy to discuss further.

Thanks,

Alexandra

Subject: Summary of Changes

Hi Amber, please see changes below. I will draft a note, checking first to make sure we are capturing all the upcoming changes.

There will be some changes next week with administrative staff as well.

Thank you,

Maura

Summary of Changes

February 25

Will Maartman to PSSG Senior MA \$94,500

Melissa Farrance to EDUC MA \$73,440

Chantille Viaud to CC Senior MA \$94,500

March 4

Liam Lawson to FIN Senior MA \$96,390

Kelly Sather to ENV Senior MA \$94,500

Eveline Xia to MAH MA \$73,440

Scott Andrews to EDUC MA \$73,440

On deck:

Andrew Cuddy to EMPR MA \$80,000 s.22

Leaving:

s.22 providing transition support until end of March

s.22 his full-time role as s.22 but will continue to advise the Minister

of s.22 going forward

s.22 providing transition support until the end of March

s.22 in April – to be announced at a later date

Questions people may have:

Who will be the MA in s.22 to fill the vacancy left by s.22

Who will be the EA in s.22 replacing s.22

Subject: Wet'suwet'en Bahlaats

I just finished a meeting with the Wet'suwet'en chiefs and they have decided to have the Bahlaats at noon on March 16. There are several reasons for this including that the March 2nd feast is a large naming feast and will go on for some time. There will be a protocol card issued and Judy will send to you for the Premier and Minister. That is the latest update.

Geoff, Amber:
The mayor of Seattle is going public with the call that took place on Feb 11.
Pierrette

From: Jehlik, Stacey
Sent: Thursday, February 21, 2019 12:44 PM

Subject: Seattle Times follow up on call

Hi,

The Seattle Times has followed up with us on the conversation between Mayor Durkan and the Premier, and we who were on the call provided a summary of the conversation to our Comms team. They plan to provide the statement below my signature to the Times, with the background information provided only as background (not to be used in the article).

I just wanted to make you aware before they ship this out.

s.13;s.16

Please let me know if you have any questions.

Best,
Stacey

####

"Mayor Durkan and Premier Hogan had a productive conversation, and both share a commitment to protecting our environment and climate. Mayor Durkan reiterated her concerns with logging and mining

in the Donut Hole or Silverdaisy Area in the Upper Skagit Watershed. The Mayor and the Premier committed their respective governments to working together on these issues moving forward.”

BACKGROUND

As you previously reported, the Mayor believes that Seattle considers logging to be contrary to the intent of the 1984 High Ross Treaty and the risk of increased sediment threaten the bull trout population in Ross Lake.

With respect to issuing any future permits, the Premier expressed his appreciation for Seattle bringing these concerns to his attention and agreed to consider the concerns that the Mayor raised. The Premier asked that Seattle provide any additional reports supporting our concerns regarding the impacts additional logging would have on water quality, which we intend to do.

Regarding mining claims that have kept the Donut Hole property from being included in the BC Provincial Parks system, the Mayor suggested that those rights be acquired and asked for the Premier’s assistance on getting the Donut Hole into protected status as soon as possible.

Subject: Meeting Yesterday

Hi Amber,

Just wanted to thank you again for the meeting yesterday and ask you to pass on thanks to those involved in agreeing to address the "successorship" issue in such a meaningful way. It is hugely important to our Union. Without it, the long term impacts for workers, their families and communities would be extremely negative, as they have been for a number of years.

I have been corresponding with Rick Devereaux regarding the Premier speaking at our event next week and asked him if he could advise the Premier to speak about the work being done to protect workers successorship rights. If you would mention it to John as well I would appreciate it.

Can you please keep me in the loop regarding the time frame for making the changes needed to the various acts and code as it becomes clearer.

As discussed, staying in touch on this and other outstanding issues is important.

Please pass my thanks along to Karen for her participation in our meeting as I do not have her current email address.

Talk soon,
Beat Regards,

To: All Staff

I am writing to let you know about some changes to our staff team that are currently underway.

Starting today, Chantille Viaud will join Minister of State Chen's Office as Senior MA and Will Maartman will join Minister Farnworth's Office as Senior MA, primarily assisting him in his Government House Leader role.

Melissa Farrance is appointed to the role of Ministerial Assistant in Minister Fleming's Office, effective today as well.

Next week Liam Lawson will join Minister James' Office as a Senior MA. Kelly Sather is appointed to Senior MA in Minister Heyman's Office.

Eveline Xia will be joining the team in Minister Robinson's office as a Ministerial Assistant.

A tremendous thank you to senior staff who have played a leading role in supporting our government since the start, and have been integral to helping launch new policies and programs that will define our government for years to come.

At the end of March Caelie Frampton is s.22

s.22

In early March Rob Gillezeau is s.22

s.22

Given his experience with the budget process, I am pleased that he is able to stay on in an advisory role to Minister James.

Niki Sharma is s.22

starting in April.

not included here

We may also have changes for Monday

To: All Staff

I am writing to let you know about some changes to our staff team that are currently underway.

Starting today, Chantille Viaud will join Minister of State Chen's Office as Senior MA and Will Maartman will join Minister Farnworth's Office as Senior MA, primarily assisting him in his Government House Leader role.

Melissa Farrance is appointed to the role of Ministerial Assistant in Minister Fleming's Office, effective today as well.

Next week Liam Lawson will join Minister James' Office as a Senior MA. Kelly Sather is appointed to Senior MA in Minister Heyman's Office.

Eveline Xia will be joining the team in Minister Robinson's office as a Ministerial Assistant.

A tremendous thank you to senior staff who have played a leading role in supporting our government since the start, and have been integral to helping launch new policies and programs that will define our government for years to come.

At the end of March Caelie Frampton is s.22

s.22

In early March Rob Gillezeau is s.22

s.22

budget process, I am pleased that he is able to stay on in an advisory role to Minister James.

Niki Sharma is s.22

Given his experience with the
starting in April.

Thanks Vanessa!

From: Geary, Vanessa PREM:EX
Sent: February 28, 2019 12:11 PM
To: Hockin, Amber PREM:EX; Meggs, Geoff PREM:EX
Subject: revised draft org chart - CONFIDENTIAL HR

Please find attached a revised draft of the org chart.

It includes a 3 FTE Stakeholder Relations team and thus increases FTE count from existing 30 to 33, with one contract s.22 . Note, this includes the 8 person Correspondence Branch. New positions s.22 are indicated with a *. If we were to keep this FTE count with existing salaries, the salary budget would increase to \$2.7K from \$2.4K.

However, as we have discussed there may be opportunity to keep the Communications Manager position in GCPE, and move one or two positions from Stakeholder Relations to GCPE to integrate with other outreach activities. This would result in the existing FT count and budget remaining (relatively) stable.

Please let me know if you want any changes – I have to leave by 215pm.

Hello,

Please see the below request and please let me know by March 6th whether or not you have any records:

Canvassed: All Staff

Relating to the Lobbyist Registry showing lobbying of the Office of the Premier, and Ministries of Labour, Energy and Petroleum, Jobs and Transportation, on behalf of SNC-Lavalin: Any documents relating to this lobbying by consultant lobbyist Richard Prokopanko and Sam Boutziouvis of SNC-Lavalin, including but not limited to correspondence, material presented to or arising from meetings, including but not limited to minutes, emails, or information/briefing/decision notes.

(Date Range for Record Search: From 11/01/2018 To 12/31/2018) Date Format is MM/DD/YYYY

UPDATE: It is no longer necessary to send records as a PDF. Please send records in whatever way is most convenient.

If you think that the search for records will take you over 1 hour and/or the total volume of records will exceed 100 pages, please let me know as soon as possible.

Thank you all for your assistance with this request! If you have any questions please don't hesitate to contact me.

Subject: Update on WorkBC.ca and WDA campaigns

UPDATE & CAMPAIGN PLAN

Attached is a one page update of the WorkBC.ca and WDA campaigns providing an overview, strategic approach, creative approach, and target audience. The document includes a campaign breakdown showing the platform, channels, audience, objective, creative type and timelines.

DIGITAL

5 x 15 second videos featuring youth, job seeker, PWD, Indigenous and apprentices:
<https://vimeopro.com/barbershopfilms/workbcpreroll> Approval needed. Updates are being made to

LMO report date and youth video. We cannot change script. Video change would need new footage from current career trek videos and would push launch date back by 2 weeks.

CINEMA

30 second video to play prior to your movie starting. This combines the PWD and youth videos. We can replace them with any of the other 15 second videos:

<https://vimeo.com/barbershopfilms/review/318837959/677e8b47d9>

CFNR FM

CFNR radio spot – script and audio attached. There's still an opportunity to record an update to this script since it's done in-house at CNFR.

UPCOMING APPROVALS

- Facebook/Instagram (static images)
- LinkedIn (static images)
- Banner ads (static images)
- Work BC Print (static images)
- CWRG Print and Radio ads (scripts are being revised based on initial DM input)
- BCETG Print and Radio ads (scripts are being revised based on initial DM input)
- Youth / Youth at Risk radio ads (scripts are being revised based on initial DM input - no longer focused on Bladerunners)

COMPLETED

I've attached the transit shelter and transit ads that are completed and will be in market March 4. We've also completed SEM plus Carrot Rewards and ChatterHigh – these are currently in market.

A debt of thanks to Kathryn and Kyla for pulling together the campaign update and breakdown.

Respectfully

Subject: media plan template

Hi all,

Attached is a template for us to use for any and all subsequent PJH media plans.

That is, any availability that is more than a scrum - e.g. a weekly scrum or an announcement scrum.

Recent examples include Catalyst/Paper Excellence, First Ministers Conference, Year End, LNY, S/A media visits, Throne Speech, etc.

The template will help organize our work as well as clarify roles and responsibilities.

I don't envision this template as being rigid – additions and subtractions are welcome, as circumstances require.

Thanks,

Sage

Subject: FW: Premier Key points Victoria Chamber speech

Here are the notes that I asked Sheena to pull from her recording of PJH's speech today. It has the materials he most connects with regarding the budget and economy. I think we could build this and Don's material into a framework for speechwriters. Can we discuss as our next meeting? Thanks, Amber

From: McConnell, Sheena PREM:EX
Sent: February 26, 2019 6:05 PM
To: Hockin, Amber PREM:EX
Subject: Premier Key points Victoria Chamber speech

Here are the key points from the Premiers Speech – I have highlighted the phrase 'foregone opportunity' because it seems to be his preferred phrase when speaking about ICBC and BCHydro

-Budget 2019 – continue with work we were doing, issues that matter to people, significant challenges for businesses going forward but doing it from a place of strength – economy, labor numbers etc.. That being said we do have threats, Trump and US Tariffs, international trade.

-Childcare is an economic question, we need the labour force to be strong

-Washington state – positive working relationship with Cascadia, recognizing together we are the 5th largest economy in the world. Climate change, salmon, orcas are all economic problems, not social problems.

-Inherited Challenges - Challenges of ICBC and BC Hydro: Billions of dollars in **foregone opportunity** because of choices of the previous government. (Buying at \$100 and selling at \$25 joke in reference to IPP seemed to play well). Consequence is not just higher rates and deferred debt, but its billions of dollars that we will not have to invest in people, infrastructure and industries. He uses this to segue into how their bills will go down because we are eliminating PST on Hydro for businesses.

-People love living in BC, but sure wish they had a doctor, wish their kids schools weren't so cramped.

-E&N corridor – talking about the realities of projects/solutions that we thought would be so easy to resolve.

-Working on solutions for Hydro and ICBC (reminding people why we have public auto insurance)

-BC Ferries another challenge – 22 million passengers with increased cost and decreased service, talked about us restoring ferry services

-Services, infrastructure, healthcare – talked about Minister Dix on creating a new way of delivering healthcare, fair pharmacare, NPs, Urgent primary care centres. Talked about recruiting doctors and how they can't be trained overnight, family practice not as attractive to new generation of doctors.

-Addressing root causes of poverty fundamental to success of all communities – poverty reduction plan

- All of these are key initiatives to success of their business and economy
- Climate Change – challenge of our time. Have to adapt if we are going to be part of the solution and not the problem.
Clean BC - If we are going to reduce our emissions it has to come from transportation and housing.
- LNG - largest investment in Canadian history, lists of number of construction jobs this will create and revenue that will be directly invested in services for British Columbians.
- Housing – done lots, more to do – we need more supply to meet the needs of growing families. If you are going to recruit and retain we have a responsibility to lay the foundation of housing for these workers. Investing \$7 billion in this housing plan.
- Need to train these people – 2900 spaces in STEM at universities in BC
- \$50 Million in broadband across the province, remote communities can be connected to businesses and their customers.
- An economy that works for everyone – at the core is reconciliation for indigenous people. Mentions gaming revenues to indigenous people, uses TSoke nation as an example in ingenuity.
- Significant Tax relief in this budget - \$800 million in partnering with Federal Government, we need to ensure we attract new investment everyday and remain competitive.
- Need to fix transportation challenges and build our communities for the future – building the infrastructure we need outside of the city.
- Need to take our competitive advantages and dial them up – uses Royal BC Museum as an example

To: Jonathan.Sas@gov.bc.ca
Subject: Tsawwassen First Nation ten-year anniversary celebration

Hi Jonathan,

On April 3, 2019, Tsawwassen First Nation (TFN) will mark the ten-year anniversary of the TFN Final Agreement. An historic moment for our province, the TFN Final Agreement was the first modern treaty to be negotiated and implemented through the BC Treaty Process. Over the past ten years, TFN has pursued an ambitious and forward-looking agenda of economic and community development, demonstrating the significant benefits that modern treaties provide for all British Columbians. The TFN Final Agreement is a tri-partite agreement between TFN, British Columbia, and Canada that establishes a government-to-government relationship based on mutual respect. In the spirit of that relationship, TFN would welcome participation in the ten-year anniversary by elected representatives of our treaty partners, both in recognition of the progress achieved by TFN since 2009 and to underscore continued support for modern treaties as the ultimate and most concrete expression of reconciliation. I understand, however, that Members of the Legislative Assembly may not be available to attend because the anniversary date will occur on a day when the House is in session. I am therefore writing today to ask for your office's support in arranging for one member each from the Government and the Official Opposition to attend our ten-year anniversary celebrations. I sincerely hope that such an arrangement will enable participation in our event at a level that is commensurate with the significance of the anniversary.

The event itself is planned for approximately 3:30pm-7pm on Wednesday, April 3. The agenda is as follows (exact times are still being confirmed but this should provide a general sense of timing):

Tsawwassen First Nation Final Agreement 10-year Anniversary Event

Wednesday, April 3

Tsawwassen First Nation

3:30pm-4:15pm - Arrival and registration

4:15pm-4:25pm - Opening remarks

4:25pm-5:00pm - Drumming and dancing performances

5:00pm-5:45pm - Dinner

5:45pm-6:20pm - Speeches (including an opportunity for a speech from BC)

6:20pm-7:00pm - Cultural performances

7pm - Closing remarks and drumming

Thank you in advance for any support you may be able to provide. Please let me know if you need any further information.

Good afternoon,

After further discussion with IAO on this matter, and some additional clarification from the applicant we have determined that the applicant is only looking for records leading up to Michael Eso's appointment, which means we can effectively exclude Mike from the search.

Amanda – Who in the Minister's Office may hold records relating to Mike's appointment prior to its occurrence (i.e. before October 29th)?

Julie – Would any records exist in the DMO? We have collected from Kevin Brewster's office already.

Hi Mike,

My apologies, I had intended to send this one to you along with the other earlier this morning, but I got sidetracked.

This is the other FOI request that we have received that affects your position. I'm working with Information Access Operations (IAO) to clarify the scope of what the applicant is asking for – by my interpretation, the "appointment" is the OIC, which is publically available, though I suspect this is not what the political party applicant is seeking. Given the nebulous wording of the request, I've asked IAO to ask the applicant to clarify the scope of their request by either asking for specific documents or at least providing examples of the types of documents they are seeking.

I'll let you know how this progresses.

Hello

Please find attached a formal request made under the *Freedom of Information and Protection of Privacy Act* (FOIPPA). Your analyst for the attached request will be Clinton Galloway

Please send the records to FOI.Health.Education@gov.bc.ca by February 21, 2019.

Request Due Date: March 20, 2019

You should be aware that FOIPPA obligates us to assist the applicant and to respond without delay, openly, accurately, and completely. In the event that the ministry must defend the adequacy of its search to the Information and Privacy Commissioner at Inquiry, those involved in searching for records may be required to sign affidavits to prove that they have conducted an adequate search for relevant records.

Please do not hesitate to contact your analyst to discuss:

- whether the records may be routinely releasable;
- whether the information is being prepared for public release or is already publicly available;
- whether staff would be available to discuss the request with the applicant, if the applicant is agreeable;
- ways in which an applicant may want to narrow/focus their request to reduce potential fees; and/or
- any other questions or concerns relating to this request.

Thank you,

Sasha Joyce, FOI Analyst
Health / Education Team
Information Access Operations

Search and Rescue Funding	0	11	11
Speculation Tax	0	21	21
Vaccinations in schools	9	15	24
Total Weekly Mail			Approx. 261 (excl. topics logged in batches)

Hello everyone! We've been monitoring the emails coming in about the budget and there hasn't been much feedback yet, other than Search and Rescue funding requests.

2019 Budget – These emails are largely 'why haven't you included ___?' emails. We have seen complaints about not having enough for seniors, some specific healthcare providers etc. Since our sample size is so low, it's hard to pick out any real 'trends' but we will be sure to keep an eye on it.

Search and Rescue Funding – We are seeing emails from across the province, particularly North Vancouver, in support of extending funding for BC's Search and Rescue programs. These are being reviewed as they come in and are currently being referred to Minister Farnworth's office.

Mandatory Vaccinations – As requested by a few of you, we have been keeping up with incomings related to vaccinations and a possible mandatory vaccination program. In the table above, for clarity, support of PGOV is in support of no regulations and want PGOV to is in support of a new mandatory regime, meaning 9 anti-vaccination, 15 pro-vaccination. Like with the budget, we haven't seen too many emails come in. I believe most of these discussions are relegated to online petitions and Facebook rather than write in campaigns. The anti-vaccination writers tend to write lengthy letters supported with questionable sources, or none at all. The pro-vaccination emails are pointing to the recent outbreaks of measles as cause for great concern and believe

students should be immunized to protect those who are medically unable to be vaccinated. As with the budget, we will continue to monitor vaccine emails as they come in.

Thank you for your time and have a great week!

Jake Rochon

Amber

In the past, MLA's have accepted sponsored trips. Before accepting, MLA Ma would need to have written approval from the Conflict of Interest Commissioner that there is no conflict associated with her attendance.

For background and context -- I understand MLA Ma has requested approval to attend other sponsored trips in the past and your office has declined.

s.16

Happy to discuss further.

Bobbi

Hi Bobbi: We have received this request from MLA Bowinn Ma. An opportunity to learn more about France's parliamentary systems and governance culture would benefit both her own personal growth but can also be of value as an MLA in our government. While we believe this could be beneficial for MLA Ma we would only support her in doing so if our rules indicate it would be appropriate. Please find information that has been sent to MLA Ma regarding the invitation. Would you please advise us at your earliest opportunity. Thanks, Amber Hockin

Subject: RE: first contact and invitation to go to France on an private visit organized by the French Ministry of Foreign Affairs

Hello Mack

Thanks for your e-mail and interest – we are very happy that MLA Ma is considering this invitation for a study visit to France.

The timing of the trip is in fact very flexible as it would be a tailor made program specially organized for MLA Ma during one week, whenever she is available during the second half of the year.

Judging from your BC Parliamentary Calendar may be September or December would be easier for MLA Ma as BC Parliament would not be in session these 2 months but it is really up to MLA Ma to let us know what her availabilities would be.

MLA Ma would have to choose up to three main topics or center of interest she would have (we thought she could be interested by transport infrastructures in France or housing issues but it could be also for example social justice, health or education issues or any other topic of interest to her).

The idea is to organize for MLA Ma high level meetings in France in areas linked with her activities and centers of interest. Usually in one week time we are able to organize between 15 to 20 meetings with political leaders, civil servants, researchers or leading scholars, company managers or heads of associations or professional organizations, etc.).

This invitation program is financed by the French Ministry of Foreign Affairs and it was created in March 1989 – since then more than 1700 young personalities originating from 133 different countries have been invited to participate.

The meetings are organized around Paris but also sometimes in other places in France depending on the topics of interest of the guest.

The French MoFA would pay for the plane ticket to France (economy class), the hotels (4 stars) and breakfast, a health/repatriation insurance, an interpreter, a car with driver during the working days . The trips in other cities of France would also be covered if meetings related to the center of interest can be arranged there. An airport pickup/drop off service will also be arranged on arrival and on departure. I hope MLA Ma will be able to find some time in her very busy schedule to participate to this study visit to France during the second half of this year

Please don't hesitate to come back to me if you have any further question and we would be very happy to exchange with MLA Ma in a near future when she has decided which could be her main topics of interest for her study visit

Warm regards

Guillaume ROY

Hello Guillaume,

Thank you very much once again for reaching out and for the invitation. It's a tremendous honour and is most appreciated by MLA Ma, and is currently in the process of being reviewed.

Are you able to share a bit more information on the timing of the trip, the itinerary, and the costs associated with it?

Most sincerely,

Mack McCorkindale

Constituency Assistant

Hello Guillaume,

Thank you for your email. MLA Ma would be happy to chat with the Consul General following tomorrow's Throne Speech. She will be at the reception so he is free to reach out then.

Sincerely,

Mack McCorkindale

Dear MLA Ma, dear Ms Bowinn Ma

Please allow me to extend our very best wishes for the Chinese new year of the pig of earth.

Our Consul General Philippe Sutter will be attending the reception in Victoria's Parliament building following the Throne's speech – he would be very happy to meet you on this occasion and exchange a few words with you regarding the invitation we extended in December

Looking forward to hearing from you soon

Best regards

Guillaume ROY

Objet : first contact and invitation to go to France on an private visit organized by the French Ministry of Foreign Affairs

Dear MLA Ma, dear Ms Bowinn Ma,

Please allow me to introduce myself : I am the new Deputy Consul General of France in Vancouver. I arrived only 3 months ago from Taiwan where I was posted for four years as the Deputy representative (副主任) of France there. That is actually in Taipei that I first heard about your impressive background and career, when I was exchanging with the then representative of Canada in Taiwan, Mr Mario Sainte-Marie.

My Consul General, Mr Philippe Sutter, would be very happy to meet you in a near future in order to explain to you that you have been selected on a very selective program of our ministry of Foreign Affairs in Paris. This program is basically focused on inviting a few very promising international personalities around the world, and arranging private "custom maid" visit on specific topics of interest you may have, and give you an insider knowledge of France. This should be an opportunity for you to have access to French opinion leaders and political counterparts as well as members of the French authorities.

I would very much appreciate if you could let us know if you would be available for a short meeting in North Vancouver, either this week or early next week.

Looking forward to your reply and to meeting you at year earliest convenience

Best regards

Guillaume ROY (華繼詠)
