I believe the document you have can just go into his reading file for the trip.....I'm not clear when he expects to speak to Minister Wilkinson....perhaps I misunderstood that he would have a chance to speak to him this trip to Montreal. In any event there is a second document that just arrived here this morning I need him to have. I'll have Sheldon drop it down to you before 5pm today.

Hello All,

Here attached is a copy of the PowerPoint presentation delivered by Pat Ahern at last week's Chamber meeting.

It is a very good summary and highlights where the truth has been stretched to amplify the plight of the SRKW's.

Also below is a link to a CBC story about the impact the seals are having on the commercial herring fishery.

Take the time to read and watch....and then share it please with all your friends and neighbours.

so I am looking for practicum opportunities that would allow me to obtain leadership skills, which is why I am drawn to the Premier's office. This practicum is intended to be set up by the student so there is room for me to create my own role, depending on the needs of the agency that I end up working in. My hope for the meeting is that we might be able to discuss how I could use my practicum to assist with an initiative being developed provincially, or to brainstorm ideas of where my practicum could be useful in the various provincial ministries. I should also mention that my practicum would not start until May of 2019 and doesn't need to be secured until closer to December or January so I am simply using this time right now to explore various opportunities.

>

Will MLA Hon. John Horgan be hosting an open house this holiday season and would it be open to all constituents in the riding? I have a few pharmacists who are interested in attending the MLA's open house. Would it be possible to get a copy of the invitation so that I can forward to our pharmacist, if the open house is open to constituents?

Morning Andy.

I saw your email enquiring about having local pharmacists come to MLA Horgan's Xmas Open House on Dec 12.. Local pharmacists from Langford or Sooke are of course welcome to attend and say hi to their MLA.

However, as this is will be a very crowded, social event, your members may also wish to contact me directly to arrange a one on one meeting with their MLA at some point in the future (New Year). Or directly with me so I may pass their information along to the MLA (earlier in the New Year😊)

Let me know your preference. In the meantime best of the Season to you.

Hi all,

As discussed with Kate, the attached is a (very draft) release that the CRD is wanting to put out late this week, which identifies the next four buildings to be built through the \$90M CRD Regional Housing First Partnership funding (funding = 30 Fed / 30 Prov / 30 CRD). They tend to lead these ones, but I wanted to put this particular NR on your radar as all four of these buildings are in PJH's riding in Langford and Sooke (the first two were in Victoria and Salt Spring).

The release is currently structured with a single quote from each partner – Duclos on behalf of Feds/CMHC, Robinson on behalf of Prov/BCH, and Plant on behalf of CRD, plus the two local mayors.

Can you let me know if you would like us to go back and ask for the addition of quotes from the local MLA and MP?

Happy to discuss further if you'd like,
Craig

Good evening. Thank you Wendell Milne
Thanks to T'Souke Nation for this gathering on their traditional territories. Thanks to Shirley Alphonse for the blessing.
Welcome to Mayor and Councillors, to Juan de Fuca Director Mike Hicks.
Thank you Mike Hicks for your ongoing work for salmon both here locally in Juan de Fuca and also for your work on my Wild Salmon Advisory Council.
Thank you to the Charters River Salmon Interpretive Centre AND Sooke Salmon Enhancement Society for your years of hard work to preserve, protect and expand hatched salmon in Sooke.
Protecting salmon and SRKW – we can do both.
Congratulations on your new cooperative project to establish a hatchery here at the Centre. Lots of work to do and you are off to a great start.
Looking forward to chatting with you this evening. Thank you.

The Mayor will be unavailable for the rest of the month but I'm pretty sure she and the MLA will want the announcement to be made as soon as possible whether she is available or not.

Hi Bruce,

Thanks for the email, it works just fine.

Maja is generally in the office on Tuesdays and Fridays. She doesn't have any substantial prior commitments scheduled at this point, but she is intending to accompany the Federation of Canadian Municipalities on a trip to Cambodia in January. The dates are still to be determined.

If we wanted to use Tuesdays and Fridays as a starting point, we should be able to work around most things. (With the exception of Cambodia - I hope to have dates soon)

Hi Chris,

MOTI is looking to hold a Roundtable re: E&N and I understand the Premier has expressed his interest in attending. Our original date for this roundtable was on Dec. 7th, but I believe Premier is unavailable.

Wondering if you could provide some dates that the Premier may be available for this in the second, or third week in December? Tentative timing for the meeting is from 8:30 – Noon, but he would not be expected to stay for the duration, unless he would like to.

Hi James. Couple of points.

Thank you for the ongoing hard work you and your team are doing to pull this event off on such late year, short notice.

Not sure who is preparing speaking notes for PJH for this event. Can you clarify if it's your shop or Premier's office or ? Because PJH is there in the middle of the meeting perhaps he should speak for just 5 minutes and not 10? Perhaps his comments should answer discussion questions 2 & 3 ??? Or should they be more general about the opportunity we have in front of us. Personally, I haven't been in any meeting where PJH has had a chance to articulate what he wants to say at this gathering, so sorry I cant be more helpful on this.

Finally, I believe the Premier will be leaving the meeting before the scheduled end. Can you let Amber/Kate know if this is ok with your team or if you are hoping he will stay till end or ????

Despite the challenges I know the Premier is going to be happy this meeting is happening Monday and really looking forward to the discussion and outcomes.

Thank you.

On the policy issues, staff are preparing a response to each of the issues they raised.

For the email letters and names of families/specific cases, it would be helpful to have copies of those and the responses closer to the date of the meeting. Do you know if they were sent through to correspondence for response and if so, what are the names?

OK so Becky and friends confirmed for Dec 19 at 1pm. Thanks to you and staff for fitting this into I'm sure very busy end of year schedules.

I assume they will want to talk about all the things we talked about last time....and ask if any progress made on any of them.

And... they (Happy Campers) forwarded to me (and I to you) a couple of email letters that had been written.....I assume they will be looking for a response or timeline.

And...they will want to know if any progress on the names/families they forwarded thru me to you for assistance in the application process.

Again...thank you Jasleen for helping the MLA hear and respond to the concerns and input of these small business women.

So yes happy to host you here at the constituency office to discuss your childcare business concerns. I am speaking with the Ministry about them providing either a person to attend such a meeting with you here in Langford or being available over the phone to discuss with you at your convenience.

Your concerns are important to John and he wants you to be able to speak directly to Ministry staff so that you can express your concerns and they can provide you with accurate feedback information.

Please let me know your preference for either a face to face with Ministry staff or a call directly and I will proceed to set up.

Good Morning Chris,

Attached are some details regarding this roundtable, including an agenda. Minister Trevena will be briefed on this Roundtable today at 4:30PM, where I'm sure some additional details will be discussed.. Is this briefing something that someone from your office may wish to attend?

The Premier is scheduled to make remarks at 3:05PM.

I will be sure to forward along any additional information I receive.

Thanks,

Leah Waters

Hello Leah,

We are holding this roundtable in the Premier's calendar for Monday, December 10.

If this roundtable is confirmed we will require the agenda, invite list and all background materials for this event.

Will the Premier have a role there?

Can you please confirm the time, location and all details with me as soon as possible – today?

Cheers,

Chris

Hi Chris,

MOTI is looking to hold a Roundtable re: E&N and I understand the Premier has expressed his interest in attending. Our original date for this roundtable was on Dec. 7th, but I believe Premier is unavailable.

Wondering if you could provide some dates that the Premier may be available for this in the second, or third week in December? Tentative timing for the meeting is from 8:30 – Noon, but he would not be expected to stay for the duration, unless he would like to.

Thanks for your help,

Minister Wilkinson,

I am the Regional elected representative for the Sooke area and I am ccing our MLA and Premier John Horgan, Member of Parliament Randall Garrison, DFO Regional Director Andrew Thomson and DFO Salmon Enhancement manager Dale Desrochers in the hope they will be both interested and supportive.

We are building a community hatchery on the Sooke River, which will have the potential of increasing the run from 500 to 5,000 Chinook. The Sooke River is located in the SRKW foraging area , a few miles from the waters closed to recreational fishing. DFO has determined that our local waters are vital for the survival of the SRKW and we are attempting to increase and supply some of the needed Chinook stocks.

My job is to raise the funds for the project and I was encouraged by your announcement today committing 61.5 million and considering " introducing important measures aimed at protecting **and recovering Chinook salmon stocks that are significant for the Southern Resident Killer Whales.**

Our permits are in place, we are actively fund raising, we have a grant application submitted to the Pacific Salmon Foundation and we are breaking ground in December. Our goal is to be hatching 500,000 eggs next fall in our new hatchery.

My hope is you and your staff will look at the attached PDF file and consider partnering with our group. I am , of course hopeful that we can raise the funds but a little help from the Federal Government would ensure our success.

Thank you so much for your time and I look forward to hearing from you.

Hi Bruce,

So my understanding is that GCPE are/will be working with Sage on speaking notes for the Premier.

We're happy for PJH to stay as long as his schedule will allow and as long as he's comfortable. We can work around it if he has to cut out short.

Hope that helps.

Hi James. Couple of points.

Thank you for the ongoing hard work you and your team are doing to pull this event off on such late year, short notice.

Not sure who is preparing speaking notes for PJH for this event. Can you clarify if it's your shop or Premier's office or ? Because PJH is there in the middle of the meeting perhaps he should speak for just 5 minutes and not 10? Perhaps his comments should answer discussion questions 2 & 3 ??? Or should they be more general about the opportunity we have in front of us. Personally, I haven't been in any meeting where PJH has had a chance to articulate what he wants to say at this gathering, so sorry I cant be more helpful on this.

Finally, I believe the Premier will be leaving the meeting before the scheduled end. Can you let Amber/Kate know if this is ok with your team or if you are hoping he will stay till end or ????

Despite the challenges I know the Premier is going to be happy this meeting is happening Monday and really looking forward to the discussion and outcomes.

Thank you.

Subject: Info re historic sign unveiling Friday Dec 14 in Sooke

Some stuff for the calender.

I will forward you a view of the shield sign that the Premier will be unveiling, we already have it made, and it is being installed on Horne Road, just west of the intersection of Horne and Murray Road in Sooke. If at all possible it would be great if Victoria media could be there. The historical shield, is one of 56 within the region, installed by the Sooke Region Historical Society (Museum) over the past few decades since the 1980s. Most people have heard of the Dunsmuirs and coal and their vessels, but somehow, the fact that the Muirs built six vessels in Sooke before the Dunsmuirs – earliest shipbuilding in BC – has escaped official notice. I guess it is our job to rectify that situation. We are also producing a movie about the history of Woodside Farm in Sooke (established by the Muirs in Sooke in 1851) and we plan to film the segment of the unveiling and insert it into the film, possibly. (John knows about the film)

Hello All,

Important Message from Karl regarding Directory Advertising for 2019.

Have a read below please.

dan

IMPORTANT NOTICE

The 2019 Chamber of Commerce directory is now in the final planning stages as it relates to the display advertising. As of today we have 1 business card ad spot available and as well the front page ad is available due to the Tall Tree Festival hiatus for another year. The business card ad is \$250.00 for the year and is available on a first come first served basis. Camera ready artwork must be supplied.

The front page ad is a different story. Being there is so much interest in the front page the only fair way to do this is with a lottery. Should you have an interest in retaining the front page ad for your business, please send me your request to do so by December 15th. We will then draw the name of the business which will have the opportunity to have their ad placed upon the front page. The cost of the front page ad is \$1000 and camera ready artwork must be provided. Should you have questions or require further details, please contact me at your earliest convenience. Thank you.

I'll check with our tenant services staff and what their policy is regarding fob distribution.
From there I'll see how we can get that to you to distribute as you've suggested. We may have to do the reverse – you get us a keychain and note from the Premier and we deliver to the tenant. I'll be in touch soon.

Good morning,

In case you are not aware, a group called Thriving Orcas, Thriving Coastal Communities is organizing a rally in Esquimalt today. The group is a coalition of 11 Vancouver Island Chambers of Commerce who have united to oppose a proposed new critical habitat zone and potential fish fin closure the federal government is considering. This coalition consists of the Chambers of Bamfield, Campbell River, Ladysmith, Nanaimo, Parksville, Port Alberni, Port Renfrew, Qualicum Beach, Sooke, Tofino-Long Beach and Ucluelet.

This is a federal issue relating to the Fisheries Ministry but I just wanted to give you a heads up. We do have some messaging in case your office gets calls or media requests.

Hey Bruce,
Evan will print out whatever we need for PJH for the weekend.
He already has the E&N items and they are in the calendar entry. You can print them out for yourself.

Please add this to the bottom (before the thank you) of his notes.

I am aware that Mike Hicks, with the help of MP Garrison, has contact the Federal Minister of Fisheries to apply for funding for your hatchery project thru the brand new federal Pacific Salmon Restoration Fund.

I spoke with the Prime Minister about your project and Mike's application when we met in Montreal last Friday.

I am optimistic that BC will also be investing in salmon protection and restoration and that this project right here at Charters River fits very well into what we are all attempting to accomplish.

Thanks Bruce, the email you enclosed is a good summary of most of the issues that I have outstanding concerns about. I was debating whether I should be buttonholing John at the various events I will see him at in the next couple of weeks. I will certainly say hi, and mention there are still outstanding concerns, but I will not press too hard during these events.

Other than the response I mentioned in the earlier email, I have not really received any feedback on most of the other issues. I see the initiative of sharing gaming funds with First Nation has been announced, which is similar to what is done in Saskatchewan, but it would be nice to go whole hog on this.

Lack of funding to deal with provincial imposed costs is still an issue. The other issues I have mentioned are still concerns.

Cheers
Lee

Hi Lee.

I want to apologize to you because it appears several emails you have sent me/John over last 6 months have ended up somehow stuck in spam.....and I didn't realize that. I tried to phone you at the Museum this morning to discuss.

Most recent I have found is the one below. I am currently checking to see if Minister is preparing a response to this letter, and if she is not then I will get it "cliffed" immediately so that a response is prepared for you. The letter seems to cover a few topics that you have canvassed in previous communications (many of which were addressed to multiple folk but still, somehow, my copy ended up in spam), so a complete response may indeed provide you with at least a few updates on the Ministry's thinking.

I will call you in the days ahead.

Ps..we are working to get the spam fixed.

Hi John,

On Monday October 22nd, I am presenting a workshop to the BC Museums Association on advocacy. At this point, I am feeling a bit of a fraud as it seems like all of my efforts in this area are falling on deaf ears. While from time to time, I see the odd government message about museums, like the new Chinese History museum, I am getting no sense about and concerted effort or coordination in this area by the government.

While I have received responses on my concerns about the BC Arts Council, the message I received was that everything is just fine. There is a serious lack of willingness to recognize that there are problems with the system. The reality is that most of my colleagues are likely not as foolish as to criticize the hands that feed them, yet I know that there are strong feelings about a number of aspects of the system.

I have had no response on changing how the lottery system operates. I cannot over-emphasize how much better the system is in Saskatchewan. Frankly, changing this system would be transformative and be a long term legacy of your government akin to the ALR, provincial ambulance service, etc. At least take the time to explore how this alternative might work in BC!

I have heard nothing from any provincial funder about additional resources to help offset increased costs imposed by the provincial government. Funding from Destination BC and the BCAC is stagnant! I still remember our conversation a few years ago, when I expressed concerns about the impact of the minimum wage increase, your assurance that funding for organizations like ours would be put in place gave me comfort. Now I am having to look at cutbacks in services. Local government has stepped up, where is the province?

Still nothing on doing a review of how the province deals with its various museum and heritage resources. Heritage is scattered throughout a few different ministries, but I see no effort so far from this government to recognize this and make an effort to coordinate across departments.

I was relieved to hear from you directly that the promise to double the BCAC funding will be carried out, so I look forward to seeing that announcement, which I assume will be part of the budget process.

I get it, in the scheme of things, a few community museums do not seem to hold a candle to issues such as the fentanyl crisis. Yet, with a bit of tweaking and a small amount of dollars, you can make a tangible difference in this area and improve the experience of people in communities around the province! And I can tell the people at the workshop, that it is possible to make a reasoned argument to politicians and get a reasonable response.

2. E&N Rail meeting BG
3. E&N Rail meeting SN
4. E&N Media Clips
5. E&N Technical QA

As discussed, KM-QA updated to include some more questions that were in the Minister's QA document and the BG was updated with the latest agenda and guest list details.

The SN is the same except the room the event has changed since I sent them on Wednesday so I updated the header.

The last two documents were not prepared by me. They were in the package the MO sent me this afternoon. I figured I would add them here in case they are of use. Although, I believe the Technical QA may have already been sent to you by the MO. James had mentioned that the Premier had asked for it and that the Ministry was preparing. So apologies if my sending is redundant.

Subject: Further to our conversation

Hi John,

Just wanted to follow up on our conversation last night and my email of Oct 11th. I was glad to hear that you are looking at improvements to the Royal BC Museum, but I am struck at the lack of improved support for community museums around the province. Not only has there not been any improvements, but significant extra costs have been added by the province to our operations.

There has been no follow up to the onetime capital funding that the previous government put in place for museums and heritage sites. This is an area of overwhelming need across this province. Please consider renewing this program. The BC Museums Association did a great job administering it, and they should be able to provide you with background material.

I reiterate that there are serious issues with aspects the BC Arts Council, despite the response they provided. Now that there is an interim head of the Arts Council, I hope as part of the replacement process for that position, that consideration will be given by the government and the board of the council to do a proper review of what the clients actually think of how the program works. Perhaps an independent review by the Auditor General. Or as I have also mentioned, there is a serious need for a review of all the heritage and museum programs that the province is involved in. There has been nothing since the 1980's done in this area when then MLA Kim Campbell headed a review.

I have received a mostly template response about gaming from Minister Eby office that focused mostly on money laundering but made no mention of exploring the Sask\Alberta models of dealing with lottery revenue. Again, when looking at the intention of the introduction of lotteries in BC, it was to support local community organization. The Saskatchewan model still allows for casino revenues to go into government and first nations coffers. From a community point of view, dealing with the gaming branch is problematic, as in many ways the branch is set up to be adversarial with community groups viewed with suspicion from the start. Again, under the Saskatchewan model, the funding agency is there to support the efforts of the sector to do good work for the province, it is not just being a giver of grants. So at this point, what I really want your government to do is to take an actual look at how it works in Saskatchewan, not tell me what BC is doing. Actually explore what I strongly believe is a much better model that would provide significantly better results for the people of BC!

I also hope that Minister James will follow up on the commitment to double the amount of funding to the BCAC, as that could go some way to dealing with some of the challenges the sector has.

Cheers

Hi Bruce,

Here's our response and you can communicate directly to Ms. Mahovlich:

- Ministry staff are engaging regularly with EGBC as well as the other four professional regulators in scope of the Act in the development of regulations.
- Ministry staff (Jennifer McGuire and Leon Gaber) would be happy to meet with Michelle Mahovlich at her convenience. Alternatively the meeting could take place with Minister Heyman as he has responsibility for the Act until the Office of the Superintendent of Professional Governance is established.
- Should Michelle Mahovlich like to set up a meeting with staff, please contact DM.ENV@gov.bc.ca.

Thanks.

Warmly,
Reamick

Morning Reamick.

The engineer of Langford, Michelle Mahovlich, is asking John on behalf of her association, the Engineers and Geoscientists of BC, to meet with your staff to discuss concerns around the practicality of implementing the proposed Act.

Is there someone I can refer her to as regs get developed? Or are discussions ongoing with this and other groups or ?
Thanks for whatever suggestions you have.

Hi Bruce,

Yes,^{s.22} and I would love to come to the Xmas open house at the constituency office.

We are negotiating on a temporary assembly plant on Westshore Parkway just a block from Sooke Road which we intend to occupy for about a year or so until we finish a new plant on the new Langford industrial reserve at Dewdney Flats...both of which are in John's riding. We're trying to get up and running by March 2019 but even the temporary plant may not be finished until June or July next year. We have so many orders we're going crazy just stalling people off until we can get working.

I'll attach a couple of photos from the demo but^{s.22} took lots more and^{s.22} took video of the event and I think^{s.22} sent some of the photos to^{s.22} but I'll have her send you some as well. Feel free to use any of them. We didn't get releases signed but I think many of them have just John or John with Andrew Weaver or with members of our company so I can get you releases quickly if you let me know which ones you want.

Regards,

Bob

Hello John:

Hope you are well.

Restoration continues at the National Lighthouse Heritage site — lots of progress. Exterior will be completed soon and then the painting will begin inside, if all goes well.

Trying to get the folks at Shaw Cable to donate wifi and cameras so we can monitor orca and see what's going on at the site. All is going well albeit money is tight.

On behalf of the thousands of supporters around the Province, thanks again for all the help. Here's a few photos.

Hi Mahdiyar. Looks like a great document , much needed, thank you.

Unfortunately I don't seem to be able to actually open it or access what I assume is a more comprehensive list below the 5 themes.

And btw is there by chance just an old fashioned paper version of this document that can be provided to constituents who want a hard copy? Can you send it in that format or send instructions on how to produce such a list from the electronic version currently supplied? I'm sure constit offices would appreciate.

Subject: More on Vacation

Hi again - further to my flag on vacation hours from the Directors call this morning, we discovered that we are not able to enter time taken more than 2 pay periods back. There is a fix and of course it involves an online form!

I think the best way to go about this is for me to send you all individual emails with your own balance and those of your direct reports (I will do this by end of day or on Monday). Danny will then assist you in either filling out the form or explaining how you can give him permission to do so for you (you guessed it, another form!).

In order to assist with this, could you please document how many hours of vacation you have taken to date. You will also need to review and verify the hours of your direct reports as some of them are also at a full 140.

Please also ensure that any hours off approved over the holidays are entered into MyHR. Instructions on how to do this are attached – or please be in touch with Danny who will assist you.

All of this needs to be sorted out by end of Dec so we can ensure that hours in excess of the 35 allowed to be carried are approved.

For 2019, Danny will take on entering people's approved vacation hours if you would like – you will need to give him permission to do so (yes, another online box to click ☺).

I realise next week is going to be extremely busy, but if we could get this cleaned up by Dec 7th that would be great.

If you have any questions, please be in touch with Danny or me.

Geoff and Amber H – Debbie will be managing your vacation leave. Bob, you can disregard – no forms for you.

Thanks Vanessa

Got it thx.

How 'bout

"The bridge is an important link for East Sooke and Metchosin residents and part of the emergency route when Highway 14 is closed," said Premier John Horgan, MLA for Langford-Juan de Fuca. "The old single-lane bridge required traffic to alternate and was often slow for commuters. This new bridge will better serve the growing region and local residents."

Hey Bruce,

Hope you are well.

Please see below NR below with PJH quote for your advice/approval.

Waiting on a potential quote from Mike Hicks.

Looks like the bridge will open to traffic by next Friday and the release will go out on the same day.

Cheers,

Chandler

New Roche Cove bridge complete, making route more reliable

EAST SOOKE – The main alternate route to Highway 14 is now safer and more efficient with the opening of a new two-lane bridge on Gillespie Road at Roche Cove.

The bridge opened to traffic on **Friday, Dec. 21, 2018** and replaces the old single-lane timber bridge built in 1928.

s.13

The work included:

- replacing the 30 metre, wooden single-lane bridge with new, 65 metre concrete two-lane bridge
- improved road alignment to allow for two-way traffic flow over the bridge
- 1.5 metre paved shoulders for pedestrian and cyclists
- improved transit bus pull-out

The \$4.3 million-dollar project is part of the ongoing Highway 14 corridor improvements announced in January 2018. Corridor improvements include:

- three new bus pull-outs on both sides of Highway 14 – completed
- new safety signs at three locations – completed
- new rest area at Sombrio Beach – completed
- new highway line painting – completed
- slow-moving vehicle pull out east of Muir Creek – completed
- improved intersection at Sooke River Road – construction started Nov. 2018, scheduled for completion by summer 2019
- bus-queue jump lane at Jacklin Road – construction to begin early 2019, scheduled for completion by spring 2019

Removal of the single-lane bridge is expected to be completed in early 2019, and will require minor traffic delays while crews work to remove the bridge's span.

The ministry would like to thank local residents of East Sooke and Metchosin for their ongoing patience during the project.

Hey Bruce,

Hope you are well.

Just giving your office an update on the Roche Cove 2 Lane Bridge project. The latest from the program manager is below.

I'd like to offer a chance for PJH to offer up a quote for an NR that will likely go out on December 21 – or perhaps after Christmas depending on construction schedule. I was also thinking of asking for a quote from Juan de Fuca Regional Director Mike Hicks.

Thanks,

Chandler

The Gillespie Road two-lane bridge project at Roche Cove is scheduled to open up to traffic by the end of December, 2018.

Once the new bridge is open to traffic, demolition of the old bridge will begin and is expected to be completed by early 2019. During this process, slight delays can be expected so crews can safely remove material from the area.

The project was originally anticipated to be completed in the fall, 2018, but was delayed after crews found minor geotechnical issues in the bedrock not originally anticipated during the design phase. These issues have been addressed and the project remains on budget (\$4.3-million dollars) .

Hi Folks,

Bonnie Lee has graciously offered to update the phone numbers in GAL for the PO staff relative to the system change over.

GAL has two fields for phones: Telephone (land) and Mobile (cell); you can elect to display one, both, or neither.

A new UC number will be assigned to those getting one, and Bonnie will fill in those forthcoming numbers, if you check an X under "New (UC)"

You can elect to use the Main Line (250-387-1715) as your Telephone number.

Remember that these entries can be edited at any time in the future, you can even do it yourself.

I'd like to get the list to her today, but don't worry if you don't make this deadline.

Reply to this note with your selections in the cells below.

Thanks,

Fill in the cell(s) next to your name with what phone number(s) you want to appear in the GAL:

BC Arts Council

INFORMATION BULLETIN

Apply for community arts festival and youth engagement grants

VICTORIA - The BC Arts Council is accepting applications for two of its project-assistance funding programs: Community Arts Festivals and the Youth Engagement Program.

* The BC Arts Council's Youth Engagement Program provides grants to eligible arts and cultural organizations in order to engage young British Columbians in the arts. Funding is intended to support the development and delivery of programs that give youth opportunities to take part in arts and culture as participants, makers and audiences. Submissions for the Youth Engagement Program must be post-marked no later than Jan. 15, 2019.

* The BC Arts Council's Community Arts Festivals grants are offered to non-profit community-based arts and cultural organizations involved in the production of local arts and culture festivals. Eligible festivals must be more than one day in duration. Grants of up to \$6,000 are available to offset the costs paid to professional

artists and technicians from throughout B.C. and Canada. Submissions for Community Arts Festivals grants must be post-marked no later than Jan. 30, 2019.

First Nations band councils and Indigenous friendship centres are eligible to apply to both programs.

More information on guidelines and program details, including further eligibility criteria, can be found here: www.bcartscouncil.ca/deadlines_date.html

The BC Arts Council is the provincial government's agency for arts funding and development. In Budget 2018, the Province increased support of the BC Arts Council by \$15 million over the next three years to help artists and cultural organizations flourish in 220 communities throughout the province.

Evening Bruce.

Sorry to be so late on this response. I have no M'AKola socks. Didn't get any at the conference. Charla Huber was at the open house today and asked me to wear the socks. She said you have them Bruce. If so bring them tomorrow. If not I will wear something interesting.

Subject: Contractor G-05764 Facility # 96603 Attention: Policy team

To whom it may concern:

I have spoken to a representative at the CCOF office and they recommended I email you.

On July 31st 2018 I closed the infant/toddler room at location # 96603 Happy Campers – Otter Point.

On September 1st 2018 I opened an out of school care center in that same location (please note that my 3-5 program continued to operate the entire time).

On Aug 20th 2018 I completed the enrollment for my September's CCOF minus the # 96603 infant/toddler program and minus the OSC program as my license hadn't come in yet.

I was paid for September's base funding only CCOF August 28th 2018 in the amount of \$^{s.21}

I was paid the CCFRI Sept 4th (11 payments totalling^{s.21}

On Sept 20th a co-worker completed the October's enrollment in my absence however she did not hit "complete" and "send" so upon my return I finished those steps and my claim was rejected as I had neglected to send in my updated license.

I sent this in and then on Oct 16th I received confirmation from you of my modification agreement.

I resubmitted October's enrollment and was paid for that (base & top up) Oct 26th in the amount of \$^{s.21}

When I called to ask about September's CCOF for # 96603 for the additional/new OSC care I was told because you had already paid me the base funding I wasn't eligible for any money for this new OSC program. But this new OSC program started Sept 1st 2018 and I would never have had my new license by Aug 20th when I was allowed to submit my enrollment. My kindergarten clients received their \$100 off so now I'm out the base funding for all 20 children and the kindy top up funding for 5 children.

I'm asking for some leniency here. I cannot continue to operate without the CCOF base & top up funding. I need that extra money for September to be paid to me.

This can't possibly be what all centers with new licenses have to deal with? Why should we be out money while waiting for a license to offer more child care spaces?

I look forward to your reply.

Sincerely,

Lucy-Ann

Morning Mary.

Premier is on a tight timeline that day. He will be available at the constit office at the scheduled time but not at any other time that day or the next week.

As previously discussed, he is in Sooke later that day for a "historic signs" event with the Sooke Historic Society. I believe you had mentioned you may have one of your interns there. But, unfortunately, again he'll be on a tight timeline then as well. So the 10:30 am at the constit is the best chance for a year end.
Hope to see you Friday.

Importance: High

Hello Moe (cc Bruce), per my phone call today, I'm thinking that the time scheduled for West Shore Voice News to interview John (10:30 am on Friday December 14, at the constituency office) is too tight against the 9:30 am announcement that same morning at another location.

Oftentimes those outdoor public events don't start on time, and are lengthy, and oftentimes there several people to be interviewed afterward; I doubt I would make it in time to your office and be ready for a 10:30 am start).

I'm hoping to reschedule for that afternoon (Dec 14), or by phone anytime the following week (Dec 17 to 20).

This is for the year-end Xmas season interview, which will produce a custom article on the WSV news portal (website) and newspaper.

Thanks

The historic shield program was set up by the Sooke Region Museum in the mid 1980s and continues to this day, with close to sixty signs in place to this date. The program extends throughout the region mandated by the museum, that is East Sooke west as far as Port Renfrew. When it was set up, we sought advice from the province in following general guidelines as to shield presentations to be similar to those established by the province at the time of the 1958 celebrations.

The historical society committee working on the film recording the history of Woodside Farm was established four years ago, and has met regularly since then. Much work has been done on the film production since that beginning, with today's filming being one of the few remaining pieces we planned to include in the Woodside story. Perhaps it is unknown to many that the John Muir family was an important part of early British Columbia history, and it is for that reason that we seek to draw appropriate attention to such an important component of our history. While the farm called Woodside was established by the Muir family in 1851, the current Woodside Farmhouse that you see on West Coast Road was built in 1884. Our film committee of 16 is made up of several members of the board of the historical society, plus members in Calgary and Australia. All work on the project is volunteer. Out of pocket cash costs that do have to be met for the film production are supported by the courtesy of Sooke Home Hardware. When our researchers determined the information on the six early vessels built here by the Muirs, we felt this aspect of BC history should become a part of the movie, and what better way to do so than to invite the premier of BC to unveil this particular shield, so it could be photographed by our cameraman Michael Peterson of Metchosin, one of our committee members. All going well, we would like to be able to present the completed film, which is to include this segment, in 2019, with a preview in Sooke's theatre.

Several years ago, when I first spoke with John Horgan about helping us promote this film to develop more awareness of BC's history, he agreed as leader of the opposition that he would be pleased to help promote it across Canada for us. We are very pleased that Mr Horgan can make the time today so that this film shoot can be accomplished. While this event is of course open to the public, we made no formal announcement of it, as the publicity will follow when the upcoming film is viewed by future audiences. We have invited Sooke's Mayor Maja Tait to introduce the Premier, and have also sent notices to all the Sooke Councillors and to the immediate neighbours on Horne Road. WE appreciate the effort made by the Premier and his office to support this important BC historical project. Thanks very much, from Elida Peers

Hello Elida.

So we are confirmed for 1pm tomorrow – he should be able to stay for approximately 40 minutes. He's going to be at Vital Vittles just before so will pop over when done there just before 1pm.

I'm curious about how much John knows about this historic sign project. You must have discussed it with him over the years.

Is there a ½ pager that explains: thrust of the overall signs project, significance of this particular sign to the overall project (is it the last one?), how many signs there are around Sooke, why the group is making a film and what is the gist of the film; how many volunteers are in your group working on this sign project, how many volunteers and guests are you expecting, Mayor &/or Councillors attending; timeline for completion of the film and the project. Basically I'm looking for anything you want him to mention to the gathered residents and media. I am realizing that he may not know some of these details and I want to be able to give him any of this type of info if it is available.

Looking forward to seeing everyone.

Apply for community arts festival and youth engagement grants

VICTORIA - The BC Arts Council is accepting applications for two of its project-assistance funding programs: Community Arts Festivals and the Youth Engagement Program.

* The BC Arts Council's Youth Engagement Program provides grants to eligible arts and cultural organizations in order to engage young British Columbians in the arts. Funding is intended to support the development and delivery of programs that give youth opportunities to take part in arts and culture as participants, makers and audiences. Submissions for the Youth Engagement Program must be post-marked no later than Jan. 15, 2019.

* The BC Arts Council's Community Arts Festivals grants are offered to non-profit community-based arts and cultural organizations involved in the production of local arts and culture festivals. Eligible festivals must be more than one day in duration. Grants of up to \$6,000 are available to offset the costs paid to professional artists and technicians from throughout B.C. and Canada. Submissions for Community Arts Festivals grants must be post-marked no later than Jan. 30, 2019.

First Nations band councils and Indigenous friendship centres are eligible to apply to both programs.

More information on guidelines and program details, including further eligibility criteria, can be found here: www.bcartscouncil.ca/deadlines_date.html

The BC Arts Council is the provincial government's agency for arts funding and development. In Budget 2018, the Province increased support of the BC Arts Council by \$15 million over the next three years to help artists and cultural organizations flourish in 220 communities throughout the province.

Hello Mr. Bruce Fogg and Ms. Maureen Mitchell-Starkey my name is Diane Moran I am a Visual Artist and Community Connector who resides in Port Renfrew. I would like to apply for a grant for the 10th Anniversary of Culture Days 2019.

This past September 2018 I was the South Island Ambassador for Culture days. I successfully planned and organized 5 different events over a 3 day period. I had a photo display on the working history of Port Renfrew, two band performances, a family drum making and nature walk at Avatar Grove. The events were well received and well attended it would be wonderful for this community to offer Culture Days events in the future. Having funding to plan for 2019 would allow us to expand and reach even more people and partner with groups in both Sooke and Shirley. I am in the process of organizing a planning committee for Culture Days 2019 so this could be timely. Would this be eligible for funding?

Warm regards Diane Moran

Hello Premier John Horgan,

As you are well aware my Niece Kimberly (Kimmy) Proctor was murdered in your riding on March 18th 2010 by Cameron Moffat 17 and Kruse Wellwood 16. We met you in the past, before becoming the Premier of British Columbia and you expressed supporting our quest with Kimberly's Law, most importantly, early intervention and prevention of escalating violent behavior in Youth. My Mom, Linda Proctor, and I would like to ask for a formal meeting with you to discuss Kimberly's Law and the Safe Care Act at your earliest convenience. I have cc Carole James as she also met with us and was part of the Standing Select Committee Special Report for Youth Mental Health. We would appreciate if she could attend our meeting as well.

We look forward to meeting with you once again,

Jo-Anne Landolt, nee Proctor and Linda Proctor.

Subject: Dangerous Crosswalk at Sooke Shell Station

Hi John,

I am writing to you as my MLA to bring awareness of a dangerous situation at the new crosswalk at Laidlaw Road, near the Shell Station in Sooke.

I commute to Victoria daily by bus and use that crosswalk to access the new bus stop. I am grateful for the well-lit shelter, however, every day I take my life in my hands getting across the road to use it.

Twice last week there were near miss incidents at the crosswalk. Last Wednesday, I narrowly missed being hit by a truck that swerved around an already stopped car. The next day, a car drove right through the west bound lane despite the other lane being stopped and despite me waving to get the driver's attention.

Most days I have to wait for a break in traffic before I can safely cross because most vehicles DO NOT STOP.

I do my part to be as visible as possible. I wear a hi-vis, reflective runner's vest that has flashing lights front and back. I carry an extra bright flashlight to light my way and swing it to create visibility. My backpack, when I wear it, has reflective detailing and I hang an extra flashing light off the back of it.

After the most recent near miss, I called the RCMP. They sent an officer out to view the crosswalk and he agreed that it was a dangerous spot (his words) with poor sightlines. All he could advise me, though, was to make sure I was visible, be cautious and try to get a license number next time.

I have spoken with Shawn Haley, Manager for our area for the Ministry of Transportation, to request pedestrian-controlled flashing lights similar to those at the Galloping Goose crossing, at Saseenos school and at Milnes Landing bus stop. He told me that controlled lighting wasn't in the budget.

I ask that you help find a way to add pedestrian-controlled lights to this crosswalk before these near misses become a fatality.

Thank you in advance for any assistance you can provide in making this happen.

Sincerely,

s.22

Hi Bruce! How lovely of you to think of us and to pencil SFAS in the calendar for John's.22

Please take this as our emphatic invitation to the Sooke Fine Arts Show 2019 Artist Celebration Evening on Saturday, July 27 from 7-10pm. We don't anticipate seeing the Lt Governor there this summer, so there will be much less pomp and ceremony at the beginning of the evening. That said, however, if it is more in keeping with the arrival of the Premier, we'd certainly do some *siss boom bah* and line up some trumpets to announce his arrival. Please let us know if we should in any way adjust our normal, albeit relaxed and unceremonious grateful reception for John^{s.22}

As in the past, it would be anticipated that John would enter the volunteer door with his security detail to avoid the line-up, and can come any time after 6:30pm, when we will be fully manned on site. Hopefully we'll be able to confirm a little closer to the event.

Very best wishes for a Merry Christmas yourself, Bruce. May your 2019 be happy, healthy and fulfilling.

Hello Bruce,

I hope this email finds you well.

I am writing to enquire about having Premier Horgan briefly attend a youth organized conference regarding climate change on January 4th. MLA Dean met with ^{s.22} Rebecca, ^{s.22} strikes Fridays in front of the Legislature. The conference that she and other young BC students are organizing is focusing on a global call to action.

Would it be possible to have Premier Horgan and Minister Heyman briefly show up at the conference?

I look forward to receiving a reply from you.

Kind regards,

Good day. Best of Season.
MLA Horgan will meet in mid- January with the group (constituents) who sent him the attached.
Could I please request some sort of BN in response to the attached.
Premier knows and has carried forward the issue of Mfctered Home Park tenants for years as MLA. So he'll want to know what Ministry's response is to the contents of the attached and if there is any opportunity for input from this group as response to Rental Task Force is prepared.
Happy to discuss, but out of office Dec 21-Jan 2 so if I don't speak to you before then, I wish you all the best for Xmas.

Hi Bruce,

Nice to hear from you. Please see below a list of confirmed fixtures & events in British Columbia from a National Team perspective. Since it's a Men's Rugby World Cup year there will likely be more games in the Summer, however they're TBC at the moment.

Don't hesitate to reach out if you need any more information.

Cheers,
