I returned a call to Rita from the Governor's office on Mar 22 thinking that I was responding to the attached letter inviting the Governor for a visit.

I received a call back from Jason Elliott, Chief Cabinet Secretary regarding the attached letter on Day light savings time.

His response was:

They have a ballot measure proposal to repeal the legislation. No progress at this time.

He would be pleased to discuss this issue with our office further but had no details regarding the letter of invite.

Subject: CE Update on Financing

Hi Jon – my apologies for not sending this through yesterday – I was in a whirlwind of meetings in Ottawa and just got back late last night!

I'm delighted to share that CE has concluded our private equity investment round of USD\$68 million. This is the largest equity investment into a Direct Air Capture (DAC) company to date, and will allow us to execute the next phase of our business plan and to enter mainstream markets.

This announcement showcases a success story of British Columbian clean energy innovation drawing international investment into technologies that will have a significant impact on clean fuel production, carbon emissions, and clean 21st century growth.

Demand for climate action is gaining momentum around the world. From the political and public interest in the Green New Deal in the US, to the hundreds of thousands of students in more than 100 countries protesting for greater climate action and cuts to emissions, pressure is mounting. Governments and industries are looking for solutions, and CE's technologies can play a key role in creating deep cuts in our emissions while continuing to provide citizens with affordable energy and mobility. To this end, we appreciate the support the BC Government has provided, both in funding through the BC Innovative Clean Energy Fund, and in policies like CleanBC and the BC Low Carbon Fuel Standard.

With this investment, CE is moving ahead with the commercialization of our DAC technology, which has been proven as able to capture CO₂ from the atmosphere for less than USD\$100 per tonne of CO₂, and our AIR TO FUELS™ technology, which directly synthesizes drop-in liquid fuels from air, water, and clean power. The funding enables expansion of CE's pilot plant in Squamish, British Columbia, and the engineering of the first commercial facilities. This is an important milestone for DAC, and moves the technology towards mainstream status as a solution for both removing carbon from the air at large scale, and for producing ultra-low carbon sustainable fuels for all sectors of transportation, including aviation and maritime.

A full copy of the news release is attached, or can be viewed on our website [here](#).

Cheers,
Anna

Subject: Sad News for the Public Service

Dear colleagues:

As you likely saw in the news today, a tragic plane crash in Ethiopia claimed 157 lives including 18 Canadians. With great sadness, we have since learned that one of our BC Public Service colleagues was among those killed. Micah Messent was a member of the Red River Metis, which is located in what is now known as the province of Manitoba. Micah worked with us as an Indigenous Relations Analyst and Training Specialist with BC Parks, a role he took on just last September after first joining us as an Indigenous Youth Intern. It is a reflection of Micah's character, talent and passion that he was selected as a United Nations Association of Canada delegate for the Fourth Assembly on the Environment. That opportunity took him half a world away to Africa this past weekend, only for that journey to end in such heartbreaking tragedy.

Micah, the youngest of five siblings, was raised in the Comox Valley, in the traditional territory of the K'omoks peoples. Our hearts and thoughts go out to Micah, his family, his community, his friends and colleagues as they come to terms with this loss. With the assistance of the Indigenous Youth Internship Program, a gathering has been arranged for Monday and Tuesday, March 11/12 2019 8:00am -8:00pm at the Parkside Hotel, Victoria BC, for all those who wish to come together in community to remember, honour and mourn Micah.

I know it can be difficult in times like this. Please know and remember, should you need assistance in coping with grief or for any additional personal emotional support, the Employee and Family Assistance Program (EFAP), Morneau Shepell can be accessed confidentially at any time 24/7 at 1-800-387-4765.

As we learn more about plans to celebrate Micah and his life, we will be sure to share them.

Sincerely,

Okenge Yuma Morisho
Deputy Minister
Head of the BC Public Service Agency

Subject: Inclusive workplace training for PO - Thursday March 14th

Over the last few months, we have run a series of Inclusive Workplace Training sessions for political staff. The sessions are run by Natasha Tony who is highly respected and well known for her work on equity and inclusion in the labour movement and with civil society groups. The goal of these sessions is enhance our collective capacity to build an inclusive workplace. Some of you participated in one of these sessions, and the feedback has been very positive.

Natasha will be holding a session tailored to the PO next **Thursday, March 14 from 9:00am to noon in the Caucus Room.**

I recognize and apologize for the short notice, but It is expected that most of us will be able to participate (if you haven't already).

Please be in touch with Danny by **end of day tomorrow (Wed. March 6th) to confirm your attendance.**

If you have any questions, please give Vanessa a call.

Thanks Amber

Hi Jon,

I think we had a conversation about getting you a Travel card (MC) and you declined because you wouldn't use it much. I will reserve your hotel room under my card but when you check in you need to give them your card for payment and then when you return give me all your receipts, including cabs and your per diems while away and I will get the claim in asap.

Thanks,

Hello Vanessa and Elizabeth,

As you likely know, the Premier's speaking engagement at the Broadbent Institute Progress Summit is currently up-in-the-air as we await approved leave from the Whip's Office. It seems more and more likely that he will have to arrange a Skype engagement, but we are still hopeful that he can attend in person. Regardless of the outcome, Geoff and Amber have asked that I attend the Summit as a PO representative. It will be a great opportunity to meet national policy leaders and also arrange other meetings with national stakeholders located in Ottawa.

Conference details here: <https://www.broadbentinstitute.ca/summit2019>

Pending approval from Vanessa, I need to book the following:

- Flights to Ottawa leaving March 27 and returning March 30
- Conference registration
- Hotel in Ottawa for three nights

My quick guess is that this will total cost apporx. \$2,000

Vanessa, please advise next steps.

Many thanks,
