Hi all,

The Ministry of Advanced education received this FOI request from a Political Party:
All emails, text messages, blackberry message, slack message, WhatsApp messages – excluding attachments – sent from the Premier/Minister's Administrative Coordinator(s) where such a position exists and was staffed at any point during the time frame. (Date Range for Record Search: From 04/01/2018 To 04/07/2018)

They identified the attached document as responsive records. Could you please review the below pages and please let me know if you have any concerns with the disclosure of the emails you authored?

Bruce – pages 5, 6
Amber – pages 7-15
Debbie – pages 16, 17
Chris – pages 18-20, 22

Thank you so much,

Alison

We cant confirm the 15th at this time as it is budget week and we need to also get him up to Prince Rupert for the All Native Basketball tournament. Once there are a few more people back and the budget plan becomes a bit more clear we should be able to figure out if that time is actually available.

As a constituent in your riding, I would hope that you would maintain the public trust and act in the best interest of the public, something that I thought was lacking in other leaders. However, now I am concerned that the present government under your leadership is acting in a similar manner, which has led to a breach of public confidence.

Subject: We invite you to attend the BC Wild Salmon Strategy Community Meeting in Langford, Jan. 10

Dear Hon. John Horgan

I am writing to you on behalf of the Wild Salmon Secretariat in the Premier's Office to invite you to an upcoming community engagement meeting on **January 10 in Langford**, to inform a made-in-BC Wild Salmon Strategy.

About BC's Wild Salmon Strategy

Wild salmon are culturally and economically important to British Columbians and our province. As directed by the Government of BC, the Premier-appointed Wild Salmon Advisory Council is developing recommendations for an action plan to support restoring healthy and abundant wild salmon stocks.

The Wild Salmon Advisory Council will be in your community next week to gather information on issues and opportunities related to wild salmon, and to seek input into their options paper, which provides 14 recommendations for BC's wild salmon strategy related to:

- Increasing the abundance of wild salmon in BC
- Supporting and encouraging greater community engagement with wild salmon; and
- Protecting and enhancing the economic, social and cultural benefits to BC communities from wild salmon and other seafood resources

Please refer to the [BC Wild Salmon Strategy website here](#) to learn more about the strategy development process.

We want to hear from you and your community

We invite you and interested friends, family, colleagues and community members to join us in-person at the meeting below.

Langford

Date: Thursday, January 10, 2019

Time: 6:00 – 8:00 pm (registration opens at 5:30)

Location: Juan de Fuca Recreation Centre - Lower Park (Kinsmen Fieldhouse)

Address: 1767 Island Highway, outside of Victoria

We would appreciate if you could support promoting this engagement. I have attached a promotional poster to share, and/or print and post in your office or community spaces to encourage participation. This townhall-style meeting will be attended by members of the Wild Salmon Advisory Council, and will provide an opportunity to learn more about the strategy and provide valued feedback. If you are unable to join us in person, we encourage you to provide your input through the online engagement at engage.gov.bc.ca/bcwildsalmonstrategy until January 11th.

If you have any questions, please do not hesitate to contact the Wild Salmon Secretariat at 250-387-0863 or WildSalmonSecretariat@gov.bc.ca. Thank you in advance, and we look forward to hearing your valued feedback.

Sincerely,

Brendan Crosby

Happy New Year Charla.

Yes would you and Kevin be available this Friday Jan 11? Early afternoon best for me but am still flexible on specific timing at this point.

Am copying Amber as June 17/Indigenous People's Week in Premier's schedule would be up to her office to consider.

But in meantime yes lets meet Friday if that works for you just to get the invite done.

Please let me know your thoughts

Subject: Meeting Request for MLA Horgan

Hi Bruce,

I would like to schedule a quick 10-minute meeting with MLA John Horgan, Kevin Albers and myself.

M'akola is hosting an event on the evening of June 17 at Bear Mountain Resort to celebrate the Launch of Indigenous People's Week.

We are inviting change-makers from Indigenous and non-Indigenous communities to come together and celebrate a night of building connections. I already have the support from four Chiefs. The theme is based on the Coast Salish Elder's teaching, "When you set the table the lesson will come."

It is part of Indigenous culture to invite honoured guests in-person and we would like to follow with protocol by personally inviting MLA Horgan to the event.

The meeting can be 10-minutes and we can make myself available to fit his schedule. It would be great if we could meet with MLA Horgan in the next couple weeks.

Thanks, Bruce, for helping organize this.

I've received an audio recording of your very kind comments about John at the M'akola Housing announcement in Langford in December.

Not sure when or how but with your permission those words of validation may well be utilized locally or province wide in support of Premier's /government's work on housing/Indigenous Relations.

Happy to phone you at your convenience to discuss further.

Looks fine to me although not sure if a south island mla has been tasked to speaking to this strategy/study. Have the south Island (Duncan south) government MLA's been made aware of this release coming? Media will certainly have some questions.

Will have a chance to share with PJH later today for he hasn't seen it yet.....believe he will be fine with content but will have similar question about who will speak on this issue. As an aside he did say at the December that he happy to speak re the E&N. He hasn't had chance to do that so perhaps next week he can speak to this study and the E&N? Over to Jen/Sage/Kate for figuring that out.,

oh Ebony, Jeff , Maja. Laura – the flowering cherry trees in front of EMCS – the Blvd., are they going to take them ALL down? Looked like as of last night 2/3 of the trees were still standing. Will they all be cut down today? Will the other trees on the school side of Edward Milne rd. near the digital sign be removed – the oak trees planted by SD 62 with fin. support from the CRD be removed as well. looks like the road side trees up near parking lot entrance , some were saved , those were donated by the old Seaview Pharmacy, the Farmers, years ago.

The Blvd. trees planted by the community school , for the school & Sooke, in 1988, was in partnership with Min of Hgwys and the Chamber of Commerce. Al Planiden , who lives in East Sooke used to work with highways, as a landscape designer, he initiated the

project knowing there were highway beautification grants at that time from the Prov of BC. Al's boys went to the school. Hgwys granted \$5000 to facilitate the project. Kimoff's tree nursery out in Saanich delivered all the trees free of charge, trees were sold at a terrific discount. The community school facilitated this project. The Chamber also funded the project. Clark Able with Sooke Hgwys was a big supporter as well to make Sooke proud at that time. He arranged for all the soil to be delivered for the grass seeding and trees. Many of us were involved . Ed Pallister and Maywell Wickheim provided the boom chains to be installed to keep cars from driving on the grasses. Volunteers painted the chain. And on it went.

Many were involved with the actual planting of the trees, and seeding the grass which SD 62 always kept maintained. It was our first community project to make the entrance to the old school and entrance to Sooke from the east attractive. The students were very proud of this initiative. In the beginning there were even shrubs out there with the trees and flowers. If this is part of the plan for Hgwy 14 improvements to remove these...what a shock .

Friends of EMCs and long term residents called me last night to say to see an excavator just smashing up the few trees they took yesterday, splintering them was disturbing to see. Sooke has such few trees, planned landscaped trees, along hwgy 14 including village core – these are/were pretty flowering trees that had meaning...was there no consideration given to transplant these established trees in the empty looking space behind and near the Tim Horton bleak looking area. As big as the trees are it can be done. The machines are all there to make that happen.

Where is the conservation & preservation in now what looks like a very big "improvement" is underway – hoping its not going to be all black top and cement ...perhaps there may be less congestion around the school, and safety for pedestrians, but but where are the aesthetics in this plan and consideration for trees and greening up our entrances to Sooke so it doesn't look like an entrance to "anytown"...

Subject: Further to our conversation

Hi John,

Just wanted to follow up on our conversation last night and my email of Oct 11th. I was glad to hear that you are looking at improvements to the Royal BC Museum, but I am struck at the lack of improved support for community museums around the province. Not only has there not been any improvements, but significant extra costs have been added by the province to our operations.

There has been no follow up to the onetime capital funding that the previous government put in place for museums and heritage sites. This is an area of overwhelming need across this province. Please consider renewing this program. The BC Museums Association did a great job administering it, and they should be able to provide you with background material.

I reiterate that there are serious issues with aspects the BC Arts Council, despite the response they provided. Now that there is an interim head of the Arts Council, I hope as part of the replacement process for that position, that consideration will be given by the government and the board of the council to do a proper review of what the clients actually think of how the program works. Perhaps an independent review by the Auditor General. Or as I have also mentioned, there is a serious need for a review of all the heritage and museum programs that the province is involved in. There has been nothing since the 1980's done in this area when then MLA Kim Campbell headed a review.

I have received a mostly template response about gaming from Minister Eby office that focused mostly on money laundering but made no mention of exploring the Sask\Alberta models of dealing with lottery revenue. Again, when looking at the intention of the introduction of lotteries in BC, it was to support local community organization. The Saskatchewan model still allows for casino revenues to go into government and first nations coffers. From a community point of view, dealing with the gaming branch is problematic, as in many ways the branch is set up to be adversarial with community groups viewed with suspicion from the start. Again, under the Saskatchewan model, the funding agency is there to support the efforts of the sector to do good work for the province, it is not just being a giver of grants. So at this point, what I really want your government to do is to take an actual look at how it works in Saskatchewan, not tell me what BC is doing. Actually explore what I strongly believe is a much better model that would provide significantly better results for the people of BC!

I also hope that Minister James will follow up on the commitment to double the amount of funding to the BCAC, as that could go some way to dealing with some of the challenges the sector has.

Cheers

Good afternoon:

The New Year has come, and it is time for new beginnings. As you may be aware, I recently transitioned from Executive Director to Director of Development. After much reflection, I have decided that it is time to step away from Pacifica and pursue other opportunities. It seems that there is never a good time to leave as there is always something left undone, but the agency is in good hands to continue moving forward on some exciting housing projects. Pacifica does amazing work helping those who need it most.

Affordable housing has been a passion of mine (which we share), and I am sure that we will continue to run across each other in one place or another.

With warm regards and thanks,
Dean

Hi John,

I'm not one to write to MLA's often as I can only imagine the mounting responsibilities that fall on your shoulders but quite honestly I, along with many of my community members, feel at a loss. It is shocking that in a wealthy and progressive country such as ours, it is near impossible to find a family physician.

s.22

s.22

On top of that, walk-ins rarely test on site so I'll most likely have to go to a lab, and repeat this same process in a few weeks time.

I am not blaming any individual for this situation, but our healthcare system truly needs an overhaul. s.22

s.22

I will not pretend to know any solution to this problem, but I know there are people much more equipped than I to tackle this issue and come up with solutions. Basic healthcare is a right and I fear BC is falling short of its duties to its citizens.

Thanks for your consideration...I know you will continue to work hard for us!

Thanks again,

Dear Premier Horgan,

CIJA in partnership with the World Jewish Congress (WJC) has launched the third annual #WeRemember campaign in commemoration of International Holocaust Remembrance Day, on January 27. Through this initiative, we are reaching out to millions of people across the globe to encourage them to partake to inspire conversation and help ensure that a new generation will learn the story and lessons of the Holocaust.

We are asking you to photograph yourself while holding a sign with the words "We Remember", and post the image to social media using the hashtag #WeRemember and tagging @cijainfo in your post so we can amplify your message. The campaign will launch on Sunday, January 6th, and will culminate with a live streaming of your photos from Auschwitz-Birkenau between January 24 – 27th.

To learn more about the world's largest Holocaust remembrance event, visit:
<https://wjc.weremember.info/> or open the attached flyer.

As always, please feel free to reach out to me directly should you have any questions. I am always happy to help.

Best Regards,
Nico

Hi Bruce.

Thanks again for coordinating our meeting today with MLA John Horgan.

Following up from our meeting I would like to invite **Mr. Horgan to the Launch of Indigenous People's Week at Bear Mountain on June 17 at 6pm. This is within Mr. Horgan's MLA riding.**

The event follows the Coast Salish Elder's teaching "Set the table and the lesson will come." The event will include change-makers from Indigenous and non-Indigenous communities to share a meal and have the opportunity to build relationships. Mr. Horgan said if we supply bannock at the event he will attend, we will have bannock.

The event is hosted by M'akola in partnership with City of Langford and Bear Mountain. We have support from many local Chiefs and local leaders including Mayors, community leaders and community members.

This is a forward-thinking event to help provide a substantial opportunity to break down barriers and to launch a variety of partnerships between Indigenous and non-Indigenous communities.

Please let me know if you or Mr. Horgan require any further information, or if there is anything I can do on my end to assist in coordinating Mr. Horgan's attendance.

Thanks,

Hi Bruce,

Here is my follow up email from our meeting with John Horgan today.

[The Canadian Housing and Renewal Association](#) is hosting its Nations Congress Conference In Victoria. All of the affordable housing providers and developers will be at this conference as well as members of the housing sector from across Canada and internationally.

We would like to invite Mr. Horgan to attend the Opening Ceremony on Wednesday, April 3 at 8:15am at the Victoria Convention Centre. This opening will include a traditional welcome from Chief Ron Sam of Songhees Nation and a performance from the Lekwungen Dancers. Mr. Horgan is invited to attend the VIP breakfast at 7:45am if he is interested and it fits within his schedule.

Please let me know if any further information is required or any scheduling that I can contribute.

Thank you for helping to facilitate this. This is a great opportunity for Mr. Horgan to talk about the great work him and his team are offering to the affordable housing sector.

Subject: End the Pacific Herring Fishery

Hi Grant.

I agree wholeheartedly with your opinion piece in the Times Colonist called "Pacific Herring: Small Fish - Big Problem", dated January 10, 2019 (copy attached and link below).

I agree, the commercial herring fishery needs to end now.

Also, I was at the BC Wild Salmon Strategy last night at the Juan De Fuca Rec Centre. John Horgan was there. One of the citizen speakers stood and simply read your article to the hundreds of people in attendance at the over flowing venue. They all cheered in support as she read it. So, would seem those in attendance would agree with its closure as well. (And hopefully, the results of this BC Wild Salmon strategy will lead to some concrete improvements on the salmon front).

I have been tracking this issue for quite a few years and wish that it was shut down years ago.

I have been a recreational saltwater fisherman ^{s.22} I have mostly stopped fishing in recent years and instead spend more time on stream restoration and wildlife enhancement.

We have all been witnesses to the continued decline and destruction of the west coast fishery and every year brings new evidence of this.

The DFO is managing salmon, herring, and other west coast fisheries much the same as they did on the East Coast – that is, to destruction. The cod are wiped out and the cod fishery shut down. It is inexcusable and an embarrassment that an ocean nation with Atlantic, Pacific, and Arctic oceans has no ability to manage them sustainably.

It is horrible to think that with four of six major herring stocks closed due to overfishing that DFO intends to fish the remaining two. And, as you state in your article, for no good reason.

Herring are one of the fundamental foundations of the food web for fish, salmon, whales, seals, birds and many creatures in the ocean. And to make it worse, they are being caught just when they are gathering to reproduce.

It is time to end this herring fishery.

Thanks again Grant for publishing your article!!

Dear Phone Directory Clients,

Further to the Sooke Lions Club announcement about hosting Sookarama 2019, please find attached an application form for vendors wishing to rent a booth at the trade show at Seaparc Leisure Centre on April 27,

2019, 10am-4pm. As valued phone directory clients, you are eligible for a reduced booth rental rate of \$85/booth until January 31, 2019. After this date, booth rental rates are the regular \$100/booth.

Please complete the application and email back to busdir@shaw.ca or mail to Sooke Lions Club PO Box 248, Sooke, BC V9Z 0S9

There is an opportunity for a limited number of clients to be an official Sookarama 2019 sponsor for \$20. Your business name will be advertised at the entrance to the Sookarama trade show.

If you have any questions, please call 778-425-4420 and leave a voice mail or email busdir@shaw.ca

Thank you for your continued support and interest in this exciting event for Sooke businesses.

Dear John,
I m writing to add my name to the very long list of frustrated constituents and the Malahat issue.

s.22

Not having a reliable road (like even 90% of the time) is very frustrating to say the least. And this is just one small example of how access to a reliable highway system makes one wonder how the rest of the province and other provinces manage to cope with not only geographical issues but much more serious weather issues as well.

Hopefully this latest announcement of "yet another study" will somehow make a difference, and something will finally be done.

Yours truly,

Hello Bruce,

Mr. Kelly Mitchell would like a meeting with John, as noted below, the founder Paul Chandler and writer indicate that they live here in the riding.

I looked for the address for the business, and I see they mention being located in the Sooke Hills on 55 acres, but cannot find that address.

Will you please reach out to them?

Hello Premier Horgan,

My name is Kelly Michell, I am President of Charter Telecom. Our company is in your riding as is our Founder Paul Chandler and myself.²² I wanted to take a moment to let you know that Charter is building the first Commercial Passive House building in North America in your riding.

I am not certain how familiar you are with Passive House construction, but it completely aligns with your “green building” initiative. As our company has grown and we know require a larger Headquarters, our Founder wanted to create a healthy, environmentally friendly headquarters that in some fashion could rival what we will be moving away from. Charter currently is Headquartered on 55 acres in the Sooke hills complete with a couple of stocked trout ponds. While it will be a missed location, we are quite excited about the new environment we will be creating for our staff as well as the innovation and environmental values we are bringing to the Langford community. As an organization with 8 offices across the country, we look forward to being a BC business leading by example in Canada.

I would love the opportunity to show you our building and discuss all the advantages a Passive House building can bring to Charter team and how business can be an active participant in creating a healthier more environmentally friendly member of the community.

Sincerely

Kelly Michell
President

Thanks both for the BN provided by you in advance of his meeting with this group.

At the meeting MLA Horgan made the following points:

- The Ministry may well decide to implement a review of the Manufactured Home Park Tenancy Act (a recommendation of the Task Force.) MLA would concur with that decision.
- During such a review, the MLA would encourage Ministry staff to include this group in their direct consultations.
- MLA Horgan would encourage Minister to establish a consultation table specifically for this type of group: existing renters in existing manufactured home parks.

Honourable Mike Farnworth
Minister of Public Safety and Solicitor General
Via email: PSSG.Minister@gov.bc.ca

Dear Minister Farnworth;
The issue of Enhanced Road Assessment driving tests for seniors in Sooke continues to come to my attention. My constituent s.22 have been lobbying your Ministry about the need for this service in Sooke.
RoadSafetyBC will find that residents of Sooke routinely must deal with congestion, stop and go traffic, heavy equipment haulers and many other complex driving situations. Certainly folks in rural Sooke believe that traffic in that area is sufficiently complex and they would wish to take the Enhanced Road Assessment in their own community.
Thank you for your ongoing good work to protect public safety.

Just a heads up that a group of approx. 30 pipeline protestors is moving south of Highway 14 / Veterans Memorial Parkway in Langford.

They're starting at the Millstream Tim Hortons and heading south over the Millstream overpass and Veteran's Memorial Parkway on their way to John Horgan's constituency office.

RCMP and City of Langford are aware as well. Ministry is just monitoring the protest at this time as we expect any delays to be minimal.

Subject: Hold This Date Fundraiser

Good Day Mr. Premier;

On February 9th ,2019 the Unifor Union locals of the South Island are having a Fundraiser for the Help Fill A Dream Foundation. This Foundation was started by one of our members Brother Rick Thomas, a bus driver, back in 1986. Rick passed away only 2 short years after getting the foundation started by it has grown by leaps and bounds ever since. We are hoping to fill the Juan de Fuca Rec. Center arena, for a Victoria Grizzlies hockey Game on the night of the 9th to raise much needed funds so that the foundation can continue it's amazing work. This will not just be a game but an event with a tail gate BBQ with entertainment before the game, live music between periods of the game , a silent auction and other events including a "Dunk Tank", all in order to raise \$10,000.00 to full fill a Child's Dream. There will be a tribute to Brother Rick's family with a ceremonial puck drop and a memory board of the dreams filled by this great organization and a shoot out between members of the BC Transit "Deckers" hockey Team and kids from the foundation for free pizza and bragging rights.

We hope that you and other members of the NDP team will be able to attend this event and maybe even volunteer for the "Dunk Tank" or help cook hotdogs at the tail gate party or even just attend the game in support of this cause.

We Thank You in advance for all you have done for the province so far in your term and truly hope you will be able to attend our event.

Sincerely;

Jim Pullan

Hi Bruce,

Jeff Morrison, CEO of Canadian Housing and Renewal Association, is hoping Premier Horgan is willing to submit a letter greeting the delegates of CHRA Congress conference being held in Victoria this spring. The conference is a national conference on Affordable Housing with affordable housing providers from across BC, Canada and internationally.

I have met with Premier Horgan to discuss this conference and he said it was in his calendar.

Attached is a sample letter provided from CHRA. If Premier Horgan agrees to the letter CHRA is hoping to have it by the first week of February. If possible it would be great if the letter could be in both French and English.

The letter can be sent to Jeff Morrison directly and he's been CC'd on this email.

If there is anything I can do to aid in this process please let me know.

Thanks Bruce for all your help and support,

Subject: Marbled Murrelet in Port Renfrew area.

On Saturday Sept 8, 2018 PJH attended a signing ceremony in Port Renfrew concerning a community forest agreement between Pacheedaht's forest company and Cowichan community forest.

At the meeting Premier and your Ministry staff (Rhonda Morris from Port Alberni, I believe) were informed of new information just then received concerning marbled murrelet critical habitat protection. The concern was that the new protection regs would negatively affect cut opportunities in the new tenure/agreement.

Looking for an update and suggested solutions on this issue please.

Subject: World Lymphedema Awareness Day

Dear Premier Horgan,

March is Lymphedema Awareness Month. World Lymphedema Day is on March 6th. This event is now celebrated worldwide after initially being established in 2016, by the US Senate. I now ask that the Province of BC pass a resolution recognizing World Lymphedema Day.

Lymphedema is the most underdiagnosed conditions in the world. More people have it than MS, Parkinson's, ALS, Aids and muscular dystrophy combined. Worldwide, historical data estimates that 180-250 million people suffer from lymphedema, however, prevalence is often underestimated due to inconsistent clinical detection and definition, as well as inadequate disease tracking (ALNET). In 2017, it was estimated that upwards of 1 million people have lymphedema or chronic edema in Canada (CLN).

Lymphedema can be hereditary or acquired as a result of cancer treatment or physical trauma. Up to 30% of women who survive breast cancer will get this debilitating disease that results in the accumulation of lymph fluid in the limbs when the lymphatic system is damaged. Similarly, survivors of cervical, prostate, testicular, bladder, colon, and head and neck cancers and melanoma are all susceptible.

Our veterans suffer from this as a result of battle injury or trauma from surgery and our children are born with this disease. Currently, there is no cure and little help with essential daily compression garments or medical interventions from health insurance. The effects are lifelong, drastically affect quality of life and can lead to loss of limb function and even a shorten lifespan.

The Lymphatic Education & Research Network (LE&RN) is an International Organization that fights lymphedema and lymphatic diseases through education, research and advocacy. In Canada, the Canadian Lymphedema Network, a collaboration among health professionals, patients, researchers, and industries is working to raise awareness and promote improved treatment and diagnosis across Canada.

We need to bring attention to lymphatic diseases and lymphedema in our cities and province in hopes that new treatments will be discovered and so that we will one day have a cure. This all starts with public awareness.

I ask that you consider passing a city resolution and that the Mayor signs a proclamation recognizing March 6th as World Lymphedema Day.

If you have any questions or would like to speak further about this matter, please feel free to contact me.

Sincerely,

Gail Reichert,

BC Lymphedema Association

Subject: Clard Road widening.

Dear John Horgan,

My name is Sandy Sinclair, I sit on the JDF Land Use Comity representing Otter Point under Mike Hicks. We have been working with a company that wants to improve a large piece of land beyond Clark Rd. witch will require trucking in many truck loads of soil. The concern is that Ministry of Highways has long granted Timber West logging access through Clark Rd. and now all though it will only be for a while Highways has granted this trucking in of soil. Clark Rd. is a very narrow one lane road and the residents in the area are concerned for their Children and Grandchildren. If a resident meets a logging truck on the road there is only one option the resident has to back up all the way out because the trucks can't get past or back up. This is not acceptable. BC Government gets lots of revenue from logging and property taxes so this road needs immediate widening. Please help our neighbors and tell Highways to fix this road.

Thank you for your attention to this issue.

Sandy Sinclair

Subject: ICF Assessment Meeting Follow up

Good Afternoon

I write to bring forward a couple of concerns Nanoose First Nation has with recent actions of the Island Corridor Foundation.

On Wednesday January 16th a meeting was convened at the Coast Bastion in Nanaimo. Municipal leaders from Vancouver Island were invited to an "Island Corridor 101". No First Nations were invited despite "the importance of First Nation Partners" being on the agenda. This seems to be a consistent pattern with this organization.

In 2016 a financial and governance review was commissioned by the AVICC. This report deliberately excluded First Nations participation. I attach the report here as a link: <https://avicc.ca/wp-content/uploads/2016/10/2016-Sept-2-Final-Governance-and-Financial-Review-of-the-Island-Corridor-Foundation-for-AVICC-Kelly-Daniels-aKd-Resource.pdf>

If Municipal leaders would like to make a decision or a statement on the future of rail on Vancouver Island that is their prerogative. All we ask is that First Nations perspectives be included in their decision making process. We hope that before any municipality or regional district makes a decision to write a letter of support they consider their neighboring' First Nation perspective and situation.

In Nanoose's case our situation is well known. The expropriation of our lands for Railway purposes alienated 80 acres land we cannot develop because of access issues, and our reserve is now divided not only by highway, but also the rail corridor. The corridor brings no benefit to Nanoose and there is no prospect of it ever being used as a railway again. This reality was reinforced by the recent actions of the province in deferring providing funds even to study the state of the railway infrastructure. The reality on Vancouver Island is that if there is any place for rail it is a commuter service in the CRD area or south of Duncan. There is neither the population nor the industry necessary to support the costs of rail service north of this, or to justify the massive expenditure of funds needed to get the rail to even the most basic operational level. A passenger or freight rail service operating between Victoria and Courtney is simply a Victorian era fantasy.

It is time to change the ICF mandate to accommodate these fiscal and demographic realities.

It is time for the ICF be inclusive of all voices – especially those of First Nations.

It is time that we effect change at the ICF for otherwise it is doomed to failure.

Subject: Concerns or Issues with the new phones, hardware/software?

To PO Staff who've been updated recently with the new equipment:

Quick check-in to see how staff are managing with the new "refresh" set up: UC phones (handsets/headsets), PC hardware (if applicable), Polycom teleconferencing, Windows 10, Skype for Business, and Office 365.

Let me (or Elizabeth) know if you need assistance with any operation or malfunction—if we can't help you out, we are in touch with IT and telephony assistance staff.

We'd like to know of any concerns in order to share with the tech staff.

There are internal online help documents available for the phone and Skype and we are working to get some operating manuals for the handsets, let me know if you would like a manual, directions to the links or other material.

Thanks,

If we don't hear back, we will assume you're managing so far so good and we'll check in again at a later date.

Don

Dear Premier John Horgan,

On behalf of Dr. Sun Yat-Sen Classical Chinese Garden, I am honoured to invite you to speak at the Temple Fair VIP Reception on **February 10, 2019** in celebration of the Year of the Pig.

It is the Garden's pleasure to extend this customary New Year greeting as we welcome you to Chinatown ahead of Temple Fair and the Spring Festival Parade. There will be festive snacks to enjoy, as well as *guzheng* performances by Joyce Tang and a Gong Fu Cha ceremony led by tea artist Lillian Li. Following the reception, guests are invited to join artist Paul Wong for a tour of the exhibition, *(Suk-Fong Nay Ho Mah)/Suk-Fong, How Are You?*

Event schedule

8:45 am | Door opens to the Garden

9:15 am | Welcoming remarks from the emcee

9:25 am | Speakers

10:00 am | Group photos

Please let us know by **February 4, 2019** whether or not you'd be interested in speaking. I look forward to hearing from you!

Sincerely,

Vincent Kwan

Executive Director

Join us at the Temple Fair VIP Reception in celebration of the Year of the Pig!

Thanks.

OK going to start this by assuming we want same general layout, paper, font, font size etc.
Will get you first draft of words & photos hopefully this week (Sheldon see pic pixels info below)
Then I can go to him with a draft and he can edit away or add stuff (ie budget info)
Will be in touch. Thanks.

Hi Bruce, below is the info on word count, quality of pictures, etc.

Whееее!

So, to reiterate: though it is most econo to have everything approved before I start working, it may make more sense to get the inside contents, and then the back page, and then the front page, or whatever; then John sees it, may need to change some of it. That's life, and all of us are flexible enough to deal with it, right?

Any questions, let me know!

Hi all,

If I haven't wished you a Happy New Year yet, consider yourself wished!

For last year's Householder (attached), here is the word count for each page. If you like the balance of words to photos and white space in that issue, you could use this info as a guideline:

- front page: 109 article words, plus constituency office info. This is a very open and airy page, so if article needed to be a bit longer, that can be worked with. The bright blue first sentence is very attractive, so if this issue's content has a starter sentence like that, that'd be excellent!
- P2: 7 photos plus brief captions
- P3: 3 articles: 368 words plus 4 photos plus two captions
- back page: 370 words plus two photos and large map

Because photos are for print, they must be high resolution, so preferably about 1200 pixels wide or high, or bigger.

All content should be final approved content. Any editing should be done before it comes to me, for greatest economy and efficiency.

It is best for me to get all content at once. If that is not possible, front and back are somewhat stand-alone so can come in as all of each page's content at once. For the inside spread, all content for both inside pages should come in at once.

From receipt of all final approved content, and usable photos, I estimate a first proof within 5 to 7 working days.

Any questions, let me know!

Subject: Urgent Call for Raw Milk

Dear Premier Horgan:

As a member of your constituency, I am writing today to request your assistance regarding access to raw milk.

A member of our community has put out an urgent request for raw milk for her very ill child. Please note that modern, clean and safe raw milk is both historically and scientifically confirmed as a significant and successful healing protocol. Restricting legal access to raw milk to parents of very sick children has real life consequences and it is unacceptable, neglectful, and unethical that our elected representatives force parents to go underground due to government overstep with an obsolete law. Please ask Health Minister Adrian Dix to legalize raw milk in BC by removing clause 2(a) of the Health Hazards Regulation or to amend it to exempt certified micro-dairy herdshares.

For reference regarding the health benefits and safety of raw milk, please see:

Hi,

In anticipation of receiving a formal notice from the Speaker's office regarding Guests for Opening Day, Government MLA's and Ministers will be provided 2 tickets each to the Throne speech which will take place at 2pm on Tuesday, February 12th.

The Whip's office would like to start canvassing Members now in preparation for Opening Day. **Please email me your Member's guest name (first and last name) along with their email address by Friday, February 1st.** For Members who have no guests or have not provided names by end of day February 1st – these extra guest tickets will be sent to the Premier's office to use.

Please note – the Speaker's office will be sending out a formal notice (not sure when) providing a later deadline to submit guest list for Opening Day, however, the **Whip's office is requesting guest names by Friday, February 1st.**

In regards to guests for Budget Day, Tuesday, February 19th, the Minister of Finance office will be coordinating this and you will receive information from their office closer to Budget Day.

FYI - this email will be forwarded to CAs, LAs and MLAs private emails. Any questions please let me know.

Thank you for your assistance.

Did he indicate any follow up for me with Mr Flynton/Dan Mathews?
Is there any way to see/hear his speech this morning in PG?

Hi MacKenzie thanks for speaking with me this afternoon.
Yes unfortunately the cell number voice message box I have for Dan^{s.22} seems to be full so if you could pass along this message to him that would be great thank you.
Yes John looking forward to meeting with Dan at 3:30 Friday Jan 25. Here at constituency office in Langford: 122-2806 Jackline Road. Dan has been here to meet with Premier previously.
MacKenzie could you please either yourself or have Dan confirm by return email or phone that the date and time will work? Also is there a document or note that Mr Mathews wanted to forward to me/Premier in advance of the meeting?
At this point I have nothing....and not sure if Premier does either?
Thanks again.

Subject: 2019 SIPS Roundtable Schedule

2019 Saanich Inlet Roundtable Schedule

As you are probably aware, we normally schedule our Roundtables to take place on Thursday afternoons in March, May and October when neither Parliament nor the BC Legislature is sitting. This allows MPs and MLAs to attend and report to us, and take part in the general discussion. However, this year there is the slight problem of a Federal election which must be held on or before October 20. As the MPs may be somewhat preoccupied with that, we have decided to hold our Fall Roundtable in November. And now here is the Schedule:

Thursday, March 14, 2:30 to 4:50 pm
Host: Cowichan Valley Regional District
Foote Athletic Centre, Brentwood College, Mill Bay

Thursday, May 23, 2 to 4:30 pm
Host: District of Central Saanich
Centre for Active Living, 1229 Clarke Road, Brentwood Bay

Thursday, November 14, 2 to 4:30 pm
Host: District of North Saanich
SHOAL Centre, 10030 Resthaven Drive, Sidney

You will also find attached the Record of the Proceedings of our Fall Roundtable last year. If you have any queries, you may contact me at deniscoupland@shaw.ca or by phone (250) 886-3649.

Denis Coupland on behalf of the SIPS Board of Directors

This email is being sent to all those on the SIPS Roundtable list: ie, anyone who attended a Roundtable in the past two years and who signed up with an email address, plus all SIPs members. If you receive two of these messages, let me know which address you prefer. I'm tempted to ask anyone who does not receive this message to let me know, but I'll pass on that.

Hello Anna.

As discussed I did meet on John's behalf yesterday with Janelle. We spoke generally about her request for more acknowledgement and funding from government for brain injury services.

We also spoke about her request to the MLA, Minister and government to participate in her group's (and similar groups across Canada) upcoming first annual National Day of Collaboration for Brain Injury Services, happening June 5, 2019. There will be a Victoria event on that day. I have attached some information about the event and her groups concerns and requests for assistance.

Concerning her initial request (copied below at end of this chain) for a meeting with your Minister &/or staff, I am wondering if you can inform me whether/when such a meeting may occur.? It would seem to be a good opportunity for the Minister to hear first hand Janelle's expertise on this topic and her passion for attacking brain injury as the major link connecting mental health and addictions.

Happy to discuss if you need more from me.

All the best.

No decision has been made about meeting with her. I can see that our ADM Nick Grant attended a conference hosted by Janelle and her organization on June 20, 2018.

Take care.

Good morning, Minister Darcy:

I am writing to request a meeting with you to discuss an initiative my charity is working on with regards to brain injury. This will be a National Day of Collaboration and involve all levels of government. Our focus is very much on mental health, addictions, and brain injury. I have previously written to your office, and sent the link (<http://traumaticlifelosses.com/>) to our video we produced on this topic. I would very much like to meet with you in person to discuss this and to see how your ministry may be involved.

This is just a follow up to my phone message last week concerning the exchange below.... I am hoping that we can find a date to meet in February that might suit Mr Horgan and yourself. At this point I believe most Fridays and Saturdays would work for me.

Can we begin looking at what options might be possible?

This is just a short note to follow up our brief visit (in the dark) on December 20th. I think we agreed to try and set up a meeting time in January. Unfortunately the date of January 11th, that you tentatively suggested holding as a possibility, does not work for me. However the following Friday, January 18th would work well.

Please let me know when you return to the office, what the 18th might look like, or propose the next alternative. I appreciate that this may take a couple of tries given the Premier's full and dynamic schedule.

Appreciatively,
Scott Richardson

Hello Ladies,

Please find attached the Agenda (there may still be an updated list with staff and correct Ministers) and materials for TNG on the 28th, at VCO Cabinet Boardroom. The pre-brief at 10:30 am will not be in the Cabinet Boardroom, but in a smaller room, as the Cabinet Boardroom is booked till 10 am. Olivia and/or Danny will let you know upon arrival which room the pre-brief will be in. It is the expectation that your Minister attend the duration of the meeting from 11 am to 4 pm. There will be a catered lunch from 12-1 pm.

I have most of the staff below but I'm still waiting on a few to fill in the blanks, so please confirm your staff attendance with me by tomorrow. Please note that there will be 3 staff that have to call in and it is the expectation from TNG that all other staff will be attending in person.

PJH: will attend the meeting from 1-4 pm; he will not be attending the pre-brief at 10:30 am
MIRR staff: MIRR staff: MSF; Jonathan/Ann Marie; Doug Caul; Trish Balcaen; Alexandra Banford; Doug Konkin (Contractor) (Note: Doug Konkin may or may not be at this meeting, still tbc)

AG staff in person: MDE; Gala Milne (MA); James Harvey (ADM); Counsel Paul Yearwood
AG staff calling in: Legal Counsel Keely Pegg
EMPR staff: MMM not attending; still waiting on confirmation for MBR as Acting Minister; please advise on Ministry staff attendance
MCFD staff: MKC

PSSG staff: MMF

MTAC staff: MLB – Marina, they do know that Minister Beare can only attend from 1:30-2:30 pm and they will accommodate the Tourism portion for during that time.

Any questions, please give me a call.

Thank you for the information and background on the ongoing dispute between First Nation Health and Inter Tribal Health.

Unfortunately this dispute needs to be resolved by the parties involved. Not appropriate for me, Premier's office or Ministry Indigenous Relations and Reconciliation to be involved.

One last chair to consider...and the one I recommending as best value.

Supra-X
https://www.staples.ca/en/Supra-X-MB-Task-Terrace-Twilight-Fabric-Blue/product_2664404_1-CA_1_20001

\$302, I have a \$25 off coupon, it'd be **\$277**...and it comes in 20 different colours!

This chair without arms retails for \$344 at Global, with arms it'd be **over \$400**
<https://www.globalfurnituregroup.com/ca/workplace/products/build-it/523>

A more expensive chair like this has more solid construction, better cushioning.

https://www.staples.ca/en/Granada-Deluxe-MB-Multi-Tilter-Terrace-Twilight-Fabric-Blue/product_2663924_1-CA_1_20001

And here's another model that has ample ergonomic features
https://www.staples.ca/en/Global-Malaga-Operator-Chair-Silver-Grey/product_386351_1-CA_1_20001

So much depends on the amount of time you'll spend in it each day...longer hours/better chair.

I have the Model 42945-A at home, it's an okay chair for shorter term use.

Hello^{s.22}

Thank you for stopping into John's constituency office January 25.

In answer to your query....here is a bit of info that we have come up with. You are probably already aware of the government of BC info at this site: <https://www2.gov.bc.ca/gov/content/industry/electricity-alternative-energy/transportation-energies/clean-transportation-policies-programs/clean-energy-vehicle-program/hydrogen-fuelling>

And here is a copy of a short article from Citified on the coming Victoria Hydrogen station.

Concerning rates you would need to reach out to the company spearheading the stations to get a guesstimate about what cost to fill would be.

Hope this information helps with you questions. Here is the article:

Hydrogen fuel cell 'gas station' for electric vehicles coming to Victoria

Good afternoon, Bruce!

I just wanted to touch base with you on this one, which I don't think ever went to the constituency office. We are sending off to the AG's office now to see if they can respond, but I just thought I'd share in case you would like to meet or in case they come into the office. We will be sure to send them an acknowledgement once the AG confirms they can respond. Cheers!

Subject: EXTREMELY IMPORTANT - LANGFORD VETERANS' BUSINESS THREATENED

Hello, Mr. Premier,

s.22

I now run the first nonprofit veterans' brewing company in Canada. Our first beer, which is called Victory Ale, commemorates the end of World War I and the sacrifices that Canadians made in that war. Our beer quality is amazing, and our cause is so strong that people are taking notice after only seven months. Even the Langford mayor is very keen on our project.

Our Mission is to brew beer, currently on contract, and to take a substantial portion of the proceeds and donate them to veterans' programs. The current laws, business culture, and taxes make this extremely challenging. We haven't got close to paying our expenses but we have made a donation to a homeless veterans' shelter (it's pretty disgusting that those who served are on the street). We aim to have our own brewery one day, but being able to do contract brewing lets us slowly 'save' for our own equipment.

I have learned that the LCRB is now considering making a law change which will make it impossible for us to get a liquor manufacturing license. Our plan, under the existing laws, is to get a small brewery (100L) and then be eligible for the license. We would have to contract the remaining beer through another brewery. The LCRB is considering establishing a minimum volume to qualify for this license. Since we are a nonprofit organization, currently using personal funds to bootstrap this venture, being forced to spend hundreds of thousands of dollars on major brewing equipment (to produce a high volume) will cause us to close down and is downright unfair as most business in this industry is dictated by the big brewing companies.

Furthermore, a nonprofit can apply to have some taxes rebated on expenses so why must I also pay a provincial liquor mark up tax as well as a federal tax on the beer we produce? The amount paid in taxes is more than I make! The customer also pays provincial and federal tax on each beer they consume. The margins in this industry are ridiculously low, and trying to use some of this margin for donations is next to impossible. I want to ask for the taxes returned to me that are paid for liquor produced for my worthy cause.

I would really appreciate speaking with you and getting your support if only to prevent the change in provincial liquor laws which will force us out of business.

An interesting venture you've started and certainly a worthy cause to support vets. Thank you as well for your service to Canada!

The AG Ministry will be preparing a response to your original email below, presumably also addressing the question of small quantity brewers such as yourself and information about the scope and timing of their review.

Please do keep John informed of developments through continued correspondence or calls with our office here in Langford.

Dear Premier,

I understand that you have been interested in the progress of the creation of a Clubhouse International in Victoria. We believe that the rehabilitation of people with mental illness must involve the whole person in a process of gradual acceptance into, and being embraced by, a community of mutuality, respect and opportunity. We provide this kind of support to men and women recovering from a mental illness so that they can work and become fully participating members of their communities.

I'm so happy to be able to let you know that the time has come, and we will be celebrating our Grand Opening on February 21. I'm attaching an invitation to our event in the hope that you will be able to attend.

Should you require further information, or prefer to come after the opening for a tour, do let me know and I'll be very pleased to show you around.

Very best wishes,

Hi Jennifer and Jolleen and Doug.....and Joe!!

Premier talked to Joe Thorne while at the Q'shantal event at the S'umunu longhouse in Duncan Oct 26.

I am following up on Premier's commitment to Joe to attempt to find some assistance. I will work on getting he and his President a conversation with Premier about First Nations Vets.

In the meantime, as you can see from Joe's email below, he is looking for some support for the new first nations veterans organization called Aboriginal Veterans Autochtones (AVA) Here is their website: <https://avavets.com/> However since Vet Affairs is a federal issue: Jennifer I am asking if you can take on following up with Joe and searching federal sources with Joe to find supports for the AVA and it's programs.

Also, Joe was mentioning that the AVA has many issues to work thru with Vets Affairs Canada and Legions....not the least of which is his assertion that Cenotaphs do not include names of First Nations Vets killed/injured while on duty for Canada. This seems like a wrong policy that MP MacGregor may want to explore with Joe.

Thanks to all.

Hi Bruce,
We're curious to know how those generic printer cartridges we supplied you with back in November worked out? Have you used them? Suitable if so?
Thx,
Don

Hi Bruce,

I hope this message finds you well and enjoying the great weather we've experienced to date.

I'm sending along a pre-release notice regarding the Rotary Club of Sooke RAD (Rotary Auction and Dinner) event which is being held this year on May 4th at the Prestige Oceanfront Resort here in Sooke. Last year the Premier^{s.22} were kind enough us for a fun evening and it is our hope that they will be able to do the same again this year. The tickets will go on sale within the next couple of weeks and as you may recall, we sold out last year. If you could let me know if the Premier^{s.22} plan to attend I will make sure to reserve the appropriate number of tickets. Thanks so much for your help and I look forward to hearing from you at your convenience.

Best regards,

Sam

I believe the person who was working on massaging this s.22

So fyi here and attached is my first rough draft if it helps. But to be clear no panic on the overall draft so fine if you want to wait for the more polished version.

Topics:

1) Economy: BC

Use graphic of unemployment rate, expected growth etc.

Economy in the constituency also humming along.

2) Front Cover Intro

I am proud to serve as MLA for Langford Juan de Fuca and as Premier of British Columbia. BC continues to have a strong, sustainable economy which continues to allow your government to make life more affordable and better for you.

This update provides some highlights of the work being done in Langford Juan de Fuca.

3) Making Life More Affordable with Social Housing on Westshore

In Juan de Fuca, social housing investments are providing more housing for constituents.

In Langford, Oak Park operated by Pacifica Housing, has opened phase one as of November 2018 and started phase two. A total of 73 new units will be built on this Goldstream Avenue project.

Also in Langford, the M'Akola Housing Society project on Station Avenue is well underway with 60 homes of phase one of the Society's Station Avenue development. And now the B.C. government is adding to the project with 40 more new homes for Indigenous families in need.

The redevelopment of the Station Avenue property will make meaningful and positive impacts on the residents of Langford for years to come.

And in Langford the CRD Housing Board, in partnership with the provincial government, acquired two properties — one on Spencer Road and the other on Hockley Avenue. The Spencer Road development will add 130 new units to the community.

The Hockley Avenue development will add 120 units to Langford.

In Sooke the Knox Centre is being built to provide 42 units of affordable rental apartments, community amenity space, a café and church annex.

The provincial government is contributing \$5.35 million through its provincial housing strategy and the City of Sooke waived development fees to assist the project.

Occupancy expected for spring 2019.

BC Housing is also proposing two other projects in Sooke will have units ready in 2021. BC Housing has moved forward with purchasing the land in Sooke and the projects are in the planning phase now. Non-profit housing providers will be able to express their interest in operating the properties which will be on Drennan Road and Throup Road.

4) Work Continues on Hwy 14 improvements.

Ministry working on engineering and funding for more projects to make highway 14 safer and more efficient. Look for more announcements spring 2019. Currently work has started on the Hwy 14/Sooke Lake Road intersection. This project will make the intersection safer and more functional, and will provide improved access, light and sidewalks on side road leading to Edward Milne Secondary. Lots of lighting, line painting, safety signs and improved bus stops have already been accomplished

5) School District 62 Land purchases for future schools

The Province is providing \$6.6 million to purchase six acres of land in the North Langford area of the Sooke School District. Known as the South Skirt Mountain site, the district has identified this land as a location where a future elementary school is needed.

Major housing developments are planned for the South Skirt Mountain neighbourhood. An elementary school at this site will help to relieve existing and future enrolment pressures at nearby Lakewood Elementary and Millstream Elementary schools.

The Sooke School District is one of the fastest growing in B.C., with a projected increase of 1,800 students in the next five years, so families settling in this new neighbourhood will have peace of mind knowing there are plans for a school for their children.”

Langford’s population continues to grow at a rapid speed. In 2001 there were 18,840 Langford residents, and that number grew to 35,342 people in 2016. The population of Langford is projected to grow to over 42,000 by 2026.

Also BC has helped the Sooke School District by spending \$23.3 million for 16 acres of land in West Langford for an elementary and middle school

6) Clean BC

The Government of British Columbia has released its CleanBC plan aimed at reducing climate pollution, while creating more jobs and economic opportunities for people, businesses and communities.

“The low-carbon economy we build together will bring opportunities and jobs throughout the province, so people can live and work with greater security in the communities they call home,”

said Premier John Horgan. “By moving to clean, renewable energy – like our abundant supply of B.C. electricity – we can power our growing economy and make life better and more affordable for British Columbians.”

“With CleanBC, British Columbia is rising to the challenge of climate change,” Premier Horgan said. “Every year, we’re seeing the unprecedented wildfires and floods that hurt so many people, communities and businesses. We need to begin changing how we live, work and commute to put B.C. on a cleaner, more sustainable path.”

7) Patcheedaht/Port Renfrew

The new Qala:yit Community Forest Agreement will provide jobs and investment in Patcheedaht Nation at Port Renfrew. Another example of my government’s commitment to work hard to help communities create their own economic development.

Also, proud to be working with Ministry of Education and Patcheedaht Nation moving towards the building and funding of a new school at Port Renfrew to serve the growing elementary school population there.

8) St. Anthony’s Clinic

St. Anthony’s Urgent Health Care Centre in Langford opened recently. Improvements to health care in Sooke also be worked on with an announcement expected soon.
