With the help of the correspondence team, we've created a fill-in-able PDF for follow up/thank you letters to be sent from the premier.

Just fill out the appropriate fields then submit it to Susan Farmer or Jake Rochon and they will draft the letter!

I will continue to do these following the premier's visits and meetings but it will be handy for you to have if there's anyone you want to reach out to, thank, congratulate, etc.

Subject: Staffing Proposal

Hi Amber,

As we very briefly discussed this morning, our team has been talking about how to address gaps and to better serve the Premier, and our feeling is that the best way to do that is for Joleen to focus exclusively on the being the lead for planning and execution of the Premier's Events. Obviously, other things are in flux with all of the other changes, and most of all Jarrett in relation to our current GCPE Events team. We feel that even with Jarrett moving to the PO, this proposal is still an idea that should be pursued and that would improve things for the Premier and the office.

We propose having Joleen working on a daily basis as the lead on planning and execution for the Premier's events and announcements.

There's obviously a lot here and I would love to talk about it with you when you have a moment to make sure it's all clear, as I know things are moving quickly.

Our reasoning:

- It will bring a consistency to the Premier's events in both planning and execution, which is not currently the always the case.
- It will make it easier for us to address the Premier's expectations and preferences if Joleen is the lead on doing this as part of the workflow of the Premier's office regularly.
 - We will be able to more easily identify what is and isn't working on the ground, how to fix it and bring those ideas forward to PO staff
- It will be helpful for the person who will execute the event to work on the event from the beginning, starting the conversation with the organizers. This would be when the invitation is received and the decision is made to consider or confirm it. It will further be helpful if Joleen is a part of the discussion around that decision making process, as often we have not had that information when talking to organizers at various events.
 - This will make it possible for us to more fully understand what the Premier is expecting, and what he wants out of each event.
 - This will help with ensuring communication with organizations and stakeholders is streamlined, not having multiple points of contact.
 - By being in the conversation from the beginning, the event lead will have a better understanding of the strategic purpose, desired visual/setup and communication lens for an event

- It will make it possible to properly advance the Premier's trips and events. Currently, we can usually only do this on the day before an event given our resources, but with a dedicated staff person, it would be possible to advance the Premier's trips and events a week or two in advance, meaning the PO would have this information in advance, and we would have the chance to address issues with venues and staging for events (this is currently not possible when we do advance visits the day immediately before the event)
- Joleen would be able to work directly in the calendar for these events and announcements, streamlining our current process.
- Joleen could lead debriefs after events, something that generally does not happen now, and having one lead on the planning an execution will make debriefs more effective for planning or the future.
- This will also provide consistency for the Premier's security detail. They will have one main contact and both the event lead and the detail will be able to become more familiar with how each other work on the ground and what needs to be covered.
- There will also be more consistency working between other teams. For example, being able to get details to cabinet priorities and the digital teams earlier to help them meet their deadlines

As I also mentioned, Joleen would be a great fit with the team in the Premier's office, and already has a great relationship with the Premier, so this would not be seen as some major "change" by the Premier I don't think, but a focusing, or improvement on the current situation.

Let me know if you want to discuss further.

Thanks

Rick

Hello everyone! Apologies for the lateness this week.

Carbon Tax – We have seen an uptick in carbon tax commentary emails due to both the raise in the carbon tax and increasing gas and natural gas prices. Many are requesting some sort of government intervention to off set these increases. Roughly a quarter of these are from frequent writers on this issue.

Dress Code in the Legislature – These emails are people largely supporting calls from the press gallery and MLAs to update the Legislature dress code. These were mostly received around the day the news broke and have stopped coming in.

Predator Hunt – This has been on the report before, but we have seen a significant form letter and write in campaign from hunters in support of a regulated hunt. They are worried the government is going to listen to a vocal group of animal rights advocacy groups rather than those in the hunting community.

As always, please let me know if you'd like any further clarification or examples of correspondence. Thank you for your time and have a great week!

Hello Amber and Vanessa,

Regarding requests and announcements in the constituency:

I have an event plan from Rick on the Knox Centre opening in Sooke proposed for April 23, 25 or 26 but not sure of the other announcements that Bruce has indicated here:

FROM BRUCE:

I know John wants to make the two Sooke announcements (Health Clinic and 17 Mile Pub project) at separate events on separate days in Sooke if possible. Also I know Mayor Tait would prefer not to do Wednesday (she's at CRD) and is out of Sooke April 11 – 14....but otherwise she is available...and tired of waiting patiently for these to happen.

So Fridays, (April 12, 26, or May 3 or 10) Or anytime April 12 – 26. Can we find to mornings or afternoons during that time frame to please get these two announcements out the door.

Also, what to do about constituency time in the meantime?

Thanks for the feedback and is this something we discuss with John today? I don't have a lot of info but could ask the ministry about it.

Chris we are going to need to find a day once Rick/Sage are ready.

Hi Sage and Joleen,

We are looking forward to having the Premier speak to the COFI Convention next week! I've been working with Joleen on logistics, and I thought I'd loop you both in on our communications/media plans for next week.

1. **PWC Regional Economic Impact Study:** As mentioned on our call a few weeks back, we have nearly finalized a PwC Regional Economic Forestry report and plan to release that report on Wednesday, April 3, just prior to the start of the Convention. We provided a head's up to Minister Donaldson's office and appreciate that they have offered a quote for the release. The documents attached are:
 - Draft news release
 - Final draft of the PwC Report
 - Draft Fact Sheet
2. **COFI Convention Media Advisory:** In addition to the report release on Wednesday, April 3, we will issue a media advisory on Tuesday, April 2nd with the Convention agenda. We can send you a copy on Monday.
3. **Premier's Media Avail:** We will arrange a room (likely the Cambie Room – TBC) for the Premier's Media Avail to be ready by 1:30pm Friday, April 5, with a COFI backdrop and AV from Freeman. We can discuss any media coordination next week.

I have cc'd my colleague **Diamond Isinger**, who will be working with me as a key COFI contact for media on-site. Diamond is also coordinating video and photography and can provide you with photos of the Premier at the event for your use.

Feel free to call me at any time on cell at 778.990.0701.

Have a good weekend.

Subject: Statement

From Susannah ya LNGC

Here is a statement we have been sharing with media.

LNG Canada is public about its commitment to hiring First Nations and local residents, followed by people from within the region, the province and the country before employing workers from outside the country. Backing our commitment is the \$3.5 million dollars we have spent to date to build capacity in the trades in BC to maximize BC employment.

The Project will need a variety of skilled tradespeople, including Labourers, Carpenters, Cement Masons, Heavy Equipment Operators, Ironworkers, Teamsters, Boilermakers, Sheet Metal Workers, Plumbers and Pipefitters, Crane Operator, Electricians, Insulators, Welders, Painters and more.

We have made a similar commitment to contracting opportunities, and by the end of December 2018, had awarded \$330 M in contracts to local and Indigenous business, \$200 M to business in other parts of British Columbia, and \$407M in awards to Canadian business.

The public commitment we made to local, BC and Canadian contracting and employment is shared by our engineering, procurement and construction contractor, JGC Fluor, who will be doing the majority of direct hiring during construction. Our EPC and subcontractors are required to report to us about their progress towards achieving local hiring commitments.

Based on current labour forecasts, we do not expect to use TFWs and if they are required only at peak construction in highly specialized trades.

At peak of construction, the project will need about 7,000 people, with about 4,500 on site at any given time. Hiring will ramp up slowly and steadily over the next year to 18 months. As of December 2018, there were about 600 people working on the LNG Canada site and about half of these people have been hired from the local area.

We have also set a target of reserving 25% of jobs for apprenticeships, providing an opportunity for new labour market entrants to find skilled labour opportunities on our project.

Geoff is interested in seeing if there is a role for PJH on this. I know that Melissa Sanderson is working on what her minister is doing at the event as well. Melissa is you could get in touch with Sage to discuss that would be helpful. And Chris if you could respond to the Ministry that we would like more information on what role the Premier could take alongside the Minister that would be great. Thanks.

I can get it on a meeting sheet for Amber, if that would be the preference?

attached, as mentioned, is the decision note we've sent the DM's (JTT, IGRS, ENV, in addition to our own) and the accompanying memo which helps to put the DN in context. Also attached is a draft block agenda of the CEM for circulation.

While we're still in discussions with NRCan about getting our Minister and Minister Hetman involved, and nothing is final, I was wondering about your thoughts on possible events the Premier could speak at; namely the Welcome Reception on Monday night, or the Minister's Dinner on the Tuesday night. Any thoughts you had would be appreciated.

Thanks,

Subject: Meetings with the Premier and Chief Chad Eneas

Dear Amber

As discussed on the phone, Chief Eneas is happy to meet with the Premier on Monday April 8th at 2.45pm. As this is a long trip and he is in town for the day, he would also like to meet with other ministers if possible – we understand that Minister Fraser is unavailable, but we would like to meet with Minister Heyman (Environment), Minister Donaldson (FLNRO) and Minister Trevena (Transportation) if possible.

Chief Eneas's flights arrive in Victoria at 8.25 and leave at 18.10, so he would be available approximately between 9.30 and 16.30.

He is bringing with him Jonathan Baynes, CEO of K'uL Group, which is Penticton Indian Band's economic development arm.

In terms of an agenda, I have been informed of two items that the Chief wishes to discuss – the PIB Hydro-Rail project, and the South Okanagan Commonage Claim. As discussed, I understand there was an earlier letter from PIB listing our priorities which I have not seen – if you're able to share that letter with me I can make sure it is discussed with the Chief and my colleagues before Monday's meetings.

Hello Anne Marie,
Amber Hocking has indicated that you were looking into providing our office with a more updated backgrounder on the Penticton Indian Band's outstanding request to the Premier.
As we are now confirming a meeting with the band for Monday, April 8 at 2:45 pm in the PO (30 minutes) with a pre-brief follow QP in the PO, we would like to invite MSF to attend, if that is possible. We have not yet had their confirmation but they are anticipating some time.
We will require the background info by 4 pm today.
Thank you for letting me know if MSF is able to attend at your earliest convenience.
Cheers,

Subject: Meetings with the Premier and Chief Chad Eneas

Dear Amber

As discussed on the phone, Chief Eneas is happy to meet with the Premier on Monday April 8th at 2.45pm. As this is a long trip and he is in town for the day, he would also like to meet with other ministers if possible – we understand that Minister Fraser is unavailable, but we would like to meet with Minister Heyman (Environment), Minister Donaldson (FLNRO) and Minister Trevena (Transportation) if possible.

Chief Eneas's flights arrive in Victoria at 8.25 and leave at 18.10, so he would be available approximately between 9.30 and 16.30.

He is bringing with him Jonathan Baynes, CEO of K'uL Group, which is Penticton Indian Band's economic development arm.

In terms of an agenda, I have been informed of two items that the Chief wishes to discuss – the PIB Hydro-Rail project, and the South Okanagan Commonage Claim. As discussed, I understand there was an earlier letter from PIB listing our priorities which I have not seen – if you're able to share that letter with me I can make sure it is discussed with the Chief and my colleagues before Monday's meetings.

Hi Amber,

When Rogers met with the Premier at the end of February we told him we were opening a call centre in Kelowna along with making major network investments in the area. We had hoped to be able to announce it before now, but it does look like we will announce as early as May21. Is there any chance the Premier could attend? (Not looking for a commitment at this point but if there is a possibility we would talk further)

Alternatively June 13 or 14 or possibly June 12 or perhaps as early as May 13.

Thanks

Cindy

Hello Premier Horgan,

I am writing today to invite you to a special government reception to tour the latest in aquaculture technology on Tuesday April 9th in Victoria.

Mowi Canada West (formerly known as Marine Harvest Canada) is committed to the long-term future of our B.C. operations and the 600 employees who depend on us. This commitment includes working diligently with the provincial government and area First Nations to implement the Collaborative Solutions for Finfish Aquaculture in the Broughton Area Steering Committee Recommendations — and continuing to invest in our business and introducing new technology to improve our fish health and environmental performance.

Our newest technology is the *Aqua Tromoy*, a 75-metre long 3,000 m³ wellboat custom built to our specifications in Europe, which is now joining our B.C operations.

Aqua Tromoy is the largest and most technologically advanced vessel to ever serve the Canadian aquaculture industry. A wellboat with three times the capacity of any existing wellboat in B.C., the new vessel will be used to provide environmentally friendly fish health treatments. Onboard reverse osmosis systems give *Aqua Tromoy* the capability to generate fresh water. Contained freshwater baths help improve gill health and fish quality by naturally removing and capturing external parasites found commonly in the ocean. The freshwater immersion of saltwater fish species such as Atlantic salmon can help cure a fish of unwanted marine microbes and parasites, such as sea lice, that are washed off of the fish in low salinity.

The *Aqua Tromoy* is with us for some final outfitting in Victoria before heading to north Island waters.

It is the first vessel of its kind to operate in North America, and we are very proud of her.

Please come by to have look at her — members of Mowi's Senior Management Team will be glad to show you around.

We usually make sure the back up to the Minister is available but your call. If available means they are both out of the country then it would be okay. We should then make sure that the back up to the backup is available in Victoria. Would that be MMF or MDE?

As you know the Europe mission will start in early June – possible departure day could be on June 4th.

We were working with Finance and JTT on Minister James's tour in the US, and the plan is for MCJ to be in the US in the same time-period (June 5-7). IGRS and JTT just wanted you to be aware of the fact that both the Premier and Deputy Premier might be out of the country at

the same time. If there are any concerns with this, please let us know as adjustments would need to be made to the dates of either the Europe mission or the US tour.

Thanks,

Pierrette

Hi Amber,

I hear you were looking for some info on the Daylight savings consultation. Please see the attached Coms plan and the approved questions below.

- a. Do you want to change the current system that alternates between standard time in the winter and daylight saving time in the summer? (Yes/no)
- b. If yes, do you prefer: 1) standard time year round or 2) daylight saving time year round
- c. Is it important that we align B.C.'s time with Washington, Oregon, California and the Yukon? (yes/no)

Jon Robinson gave me the go ahead from the PO and the AG has approved the Coms Plan and the Q. Below is an update on the current status of the engagement from GCPE -

"HQ are going to put together a partnership agreement and in the meantime, I have asked our tech team to investigate two options, one is just the creation of a simple survey and one is trying embed a polling feature onto our site. We should have something to show you in a couple of weeks. From there we will look to determine if we need a contractor for the front end development or more in the backend of do analysis of the comments".

Let me know if you need anything else.

Aqua Tromoy is berthed at Point Hope Maritime (345 Harbour Rd, Victoria, BC V9A 3S2) and will be open for the visit from 5:00 - 7:00 pm.

There will be signage to guide you from the shipyard entrance to where Aqua Tromoy is berthed and there will be a Mowi tent set up too which will help you to find it. There will be a parking area set up close to where it is berthed.

Please be aware that there may be some steep stairways that will need to be navigated during the tour of the vessel so please wear appropriate footwear. All work on the vessel will have ceased for the day when you are visiting and the tour will not be visiting those parts of the vessel, but please be aware that it will not be spotless and consider your clothing as well please.

If you have any questions please let me know

On April 11, I am making a statement on Jallianwala Bagh Centenary in the house. The representatives of the three organizations are planning to come to the Legislature that day.

It would be great if Premier is able to meet with them briefly and do a picture with the proclamation .

The names of people planning to come:

Kamaljit Thind(Producer of Mehak Punjab Di TV show)

Hello all,
I wanted to update you all on the meeting this morning with the cabinet committee and a slight change of plans for the release. There were a lot of good questions and discussion this morning with general support and not surprisingly some scepticism. I have also received some good, helpful written feedback from MMHA and PSSG and I will need to incorporate some of the suggestions.

In addition Minister Darcy is not available next week and it would be best if she were available to respond on behalf of government. So I have discussed with Adrienne and looked at my schedule and will postpone the release to Tuesday April 23. It will still be around the anniversary of the declaration and I can speak to it next week but also will not be overshadowed by the Day of Action activities. It will also give us a few more days to get the report tweaked to perfection.

Thanks for all your work and support on this, it is an important report and I am looking forward to starting the discussion by releasing it publicly.
My best,
Bonnie

Hello Teresa, Amber, Roseanne and Amber:

Attached please find the *Agenda in Brief* indicating the highlights of the upcoming CUPE BC Convention particularly our Opening Ceremonies and Reception on Wed., May 1st and the Premier's speaking time on Friday, May 3rd at 11:15 am.

If through the Whip's Office and Premier's Office a copy of this can be distributed to all Ministers and MLAs who are planning on attending the convention particularly for the Premier's speech, that would be greatly appreciated. It worked well last year. This year we will have special seating for the caucus "just" for the Premier's speech to assist in their introductions. We thought from 11:00 – 11:15 am while the Premier is in the Green Room, (Sidney Room) President Paul Faoro could introduce the caucus. We have had a few calls from Minister Offices asking for the agenda which has just been finalized.

As mentioned in my earlier email, we would like the names of Ministers' staff and others who may be attending so that a guest credential can be made up in advance or they will not be able to sit in the guest section without a guest badge. This is also for security purposes. Thank you for the names sent to date.

I am working with Joleen as well on the logistics and other information required by the Premier's Office.

Thank you everyone for your assistance in coordinating the Ministers and MLAs, we truly appreciate it. If you require any additional information, please do not hesitate to contact me at any time on my cell. Cheers, Sharon

Revised email to announce changes involving Amber, Naveen, and Jarrett – shall we plan to send out on Thursday? Any edits are welcome ...

To: All Staff

We are pleased to announce the following changes in the Premier's Office:

Effective April 1st, Amber Nash has moved into Director of Executive Operations and Scheduling. In this role, Amber will have overall responsibility for the Premier's calendar and operations of the Victoria Office. As of April 23rd, Jarrett Hagglund will be joining the PO as Executive Coordinator to the Premier taking Amber's former position. Many of you will know Jarrett from the events team at GCPE, and his experience there will enable him to transition seamlessly into his new role. Amber, Jarrett and Chris McLaren as Scheduling Officer will also be closely involved in developing and executing tour plans.

We are also pleased to announce that Naveen Girn will be joining the Premier's Office in Victoria as Director, Strategic Outreach and Stakeholder Relations, effective May 1. Naveen brings a wealth of experience to this role from his time as Director of Community Relations with the City of Vancouver Mayor's Office, his work as Strategic Advisor with Canadian Heritage and his time serving on boards including the Multicultural Advisory Council for the Province of British Columbia. Naveen, together with Charlotte Kingston, Manager of Stakeholder Relations, will be responsible for public engagement and outreach, including tour planning.

Please join us in welcoming and congratulating Amber, Jarrett and Naveen on their new roles.

Hi Amber,

When Rogers met with the Premier at the end of February we told him we were opening a call centre in Kelowna along with making major network investments in the area. We had hoped to be able to announce it before now, but it does look like we will announce as early as May21. Is there any chance the Premier could attend? (Not looking for a commitment at this point but if there is a possibility we would talk further)

Alternatively June 13 or 14 or possibly June 12 or perhaps as early as May 13.

Thanks

Dear all

We are looking forward to welcoming you to visit our new wellboat tomorrow.

Aqua Tromoy is berthed at Point Hope Maritime (345 Harbour Rd, Victoria, BC V9A 3S2) and will be open for the visit from 5:00 - 7:00 pm.

There will be signage to guide you from the shipyard entrance to where Aqua Tromoy is berthed and there will be a Mowi tent set up too which will help you to find it. There will be a parking area set up close to where it is berthed.

Please be aware that there may be some steep stairways that will need to be navigated during the tour of the vessel so please wear appropriate footwear. All work on the vessel will have ceased for the day when you are visiting and the tour will not be visiting those parts of the vessel, but please be aware that it will not be spotless and consider your clothing as well please.

On April 11, I am making a statement on Jallianwala Bagh Centenary in the house. The representatives of the three organizations are planning to come to the Legislature that day.

It would be great if Premier is able to meet with them briefly and do a picture with the proclamation .

Hi! I flagged this for FLNR staff, given our role in derelict vessels. They pointed out that some of these have already been investigated, but that also to date, the province's position is that some of these items are federal responsibility. So just want to make sure that change in strategy is deliberate, and not an oversight. I've attached draft discussion paper with province's comments.

Premier appoints Sheila Malcolmson as Minister's Special Advisor on Marine Debris Protection

VICTORIA—Premier John Horgan has appointed Nanaimo MLA Sheila Malcolmson as Special Advisor to George Heyman, Minister of Environment and Climate Change, on Marine Debris Protection.

"Derelict boats and discarded plastics pollute our waterways and put boater safety at risk. Sheila Malcolmson has worked with coastal communities to clean up marine debris and tackle the growing problem of marine plastics. I'm pleased Premier Horgan has asked MLA Malcolmson to work with me to find solutions and help us protect the marine environment that is so valued by British Columbians. My ministry has begun planning measures to further reduce plastic waste and Ms. Malcolmson will play an important role in our work," Minister Heyman said.

MLA Malcolmson will serve under the direction of Minister Heyman and has the following responsibilities:

1. Make recommendations for a provincial action plan to eliminate the environmental threats caused by derelict vessels including but not limited to:
 1. The possibility of a provincial boat licensing program to aid enforcement of regulations for the management of derelict boats;
 2. The feasibility of an environmental stewardship program to manage the "end of life" recycling of boats and marine infrastructure as well as fibreglass and other elements of derelict boats;
 3. The feasibility of a "cash for clunkers" program for derelict vessels or those at the end of their useful life and
 4. What lessons can be learned from Washington State program for this problem.
2. Make recommendations for provincial action to curb the disposal of plastics in the marine environment.

Don, this note is just to update you on how the work has been allocated to support the Premier's trip to Dawson Creek on Monday to meet with the regional district board. ^{s.13}

s.13

s.13

the Premier is:

- Appointing Blair Lekstrom to be his liaison to affected communities throughout the regional district on the issue of the caribou recovery plan; and
- Extending the consultation for a further four weeks, to the end of May, with the understanding that the extension will be evaluated at the three-week mark to determine next steps.

There would be a media availability at the conclusion. We anticipate all this will occur at the regional district offices.

1. Travel arrangements – Vanessa Geary, Rick Devereux

- a. Expectation is a charter flight from Victoria (or Vancouver) to Dawson Creek, car to regional district office, meeting and media availability, return by charter to Vancouver (since next day's events are in Metro) and conclusion in Victoria to get rest of delegation home.
- b. Only question mark: can charter pick up Minister Donaldson in Smithers? If not, he will continue with existing plan for Smithers. While it would be good to have him in attendance, it is not critical.
- c. Delegation: Premier, Geoff Meggs, Don Bain, Evan Brown, Jen Holmwood, ^{s.15} GCPE advance person, videographer. (Possibly MDD and SMA.)

2. **Briefing, admin issues – Christine Kennedy, Eric Kristianson**

- a. Development of key briefing materials. Issues of special concern: relations with FNs, any federal/provincial elements that may be new
- b. Contact with West Moberley and Saulteaux: MIRR (Doug Caul?) to provide heads up. The Premier will meet separately with them if they wish.
- c. Confirmation of meeting agenda and arrangements with Blair Lekstrom.
 - i. s.13

- d. Development of engagement contract with Blair Lekstrom.

3. **Media and communications – Sage Aaron, Jen Holmwood, Evan Lloyd**

- a. Media advisory/news release development and approval.
- b. Development of media plan for availability (conference call?)

I've asked Vanessa Geary to co-ordinate all this work. I'm generally available today and through the weekend. Vanessa and I will contact this afternoon to check progress.

Thanks for your assistance.

Subject: May 3rd Youth Climate Strike Event!

Dear Premier Horgan,

My name is Emma-Jane and I am an organizer for Our Earth, Our Future Youth Climate Strikes in Victoria B.C. We are currently organizing the Victoria location of the May 3rd National Youth Climate Strike. On that day we will march from Victoria City Hall at 11:00 am and arrive at the legislature at 11:20 am. From 11:20am-1:10 pm we plan to have a variety of inspiring individuals speak on, but not limited to, the importance of climate action, possible actions we all need to take, and/or what their organization or government is doing for climate leadership.

We are wondering if you could give a 10min (or longer if you wish), speech at our event on May 3rd any time between 12:05pm and 1:10pm? If you are available to speak we ask you to get back to us no later then **April 28th** so we can finalize our program. We are very excited to organize this event in Victoria and connect further with our amazing community!

Thank you very much for your consideration,

Sincerely,

Emma-Jane Burian

Happy to brief more if needed. Will send another update tomorrow. If you can't reach me tomorrow s.22
s.22, Sarena is briefed as is Paula.

Note that these numbers are from end of day last night. More approvals have gone out today.

Update as of April 15:

- There are 4,110 Facilities
- **Adjudication is 64% complete - 2,649 have been adjudicated and the provider has received a decision email**
 - 1,861 (71%) of these are approved – 1,499 with no rate change, 362 with rate change within accepted levels
 - 43 (1%) are ineligible
 - 745 (28%) have opted out
- **1,461 (36%) are not complete and are still in process**
 - 1,041 are in stage 3 (requires more information because they are requesting a fee increase)
 - 149 of the 1,041 in stage 3 have been adjudicated
 - 67 can be approved with current policy
 - 42 can be approved under the proposed revised policy (see decision note in next steps below)
 - 40 can not be approved even with revised policy – but they will be encouraged to re-submit an application at a lower rate to still be part of program
 - *note – sample size of those adjudicated still too small to predict number of providers who will be approved or not approved

Next Steps:

- April 16 - letters sent to the 67 approved providers in stage 3 who have already been adjudicated.
- April 16/17 – a letter is being sent to all 1,461 provider still in adjudication – offering them temporary approval at their previous contract rate until end of June at the latest or as soon as their adjudication is complete. This will give MCFD breathing room to get through all of the outstanding applications. Providers must reply to this email to accept the extension.
- April 16/17 - updated messaging provided to Ministers reflecting the extension of the adjudication process until the end of June. MSKC statement and background from Ministry prepared in advance as s.22
s.22
- April 17 – letters are going to the 40 not approved providers in stage 3 who have already been adjudicated.
- April 18 – s.13

Got this from one of the committee members from Interfor. Apparently it's Wednesday that Horgan is in Castlegar? Can you confirm?

Hello all,

It has been brought to my attention that the CEO of interfor Duncan Davies and the Premier John Horgan are coming by Castlegar for a Mill tour. The Premier is coming to also put the first shovel in the ground for the Kelesnikoff project. Some members here thought it would be a good idea to take the Mill down for dayshift on Wednesday?

Thoughts?

There is time for lunch before returning to the Constituency Office for the 1:30 pm briefing on the Castlegar trip. The 2 pm start to the constituency day can still continue. I will let all those involved in the briefings know about the changes tomorrow when I get in at 8:30 am.

Please let me know if there are any problems with this arrangement before I let the detail know.

Sheena, can you please advise PJH of this change to the briefing time and I will alert the ministry when I get in tomorrow.

Thank you,

Hello everyone,
Hopefully this catches everyone up to date with tomorrow's event changes:
Federal Minister Champagne has been detained in his riding so won't be here for the Hwy 1/Leigh Road & Hwy 14 announcement. The Feds have given us leave to make the announcement without them.
We've moved the event from Victoria to the 17 Mile Pub in Sooke at 1130 am. Details below. PJH will make the announcement with MCT.
Bruce will rearrange PJH's constit day to accommodate the event.

Please note that the location of tomorrow morning's announcement has changed, and it will now take place at the 17 Mile Pub in Sooke, located at 5126 Sooke Road. The time remains 11:30am. Minister Champagne has been detained by an urgent matter in his constituency and will not be able to attend, but Premier Horgan is now available and will be present.

1. Yes to a briefing by PSMD to the Premier (perhaps next week after we've met)
2. Yes to the meeting with Geoff, Sage and myself, ideally this week. I'd like Molly to be added to that meeting if possible for context from PMSD and MCJ. There are funding decisions about two other conferences (both Indigenous) that I would like your collective thinking on this week.

Hi Amber – please see below. I was planning to flag for PO and MO staff the web based workshop on health and wellness being offered on June 12. Would you like to send a note to staff inviting them to participate and including the attached resource guide? I can draft something. M

Hello Maura,
As Diana mentioned, Chelsea and I regularly communicate out about a range of health & well-being resources available to BC Public Service employees (and in some cases their families).
I attach a handy resource that brings together many resources offered through our health promotion area, as well as some related resources (supporting health and well-being) offered via other areas of the Agency (NOTE: it does not include the benefits that Diana's area manages such as extended health benefits). This resource sheet is also available on our @Work group: [Health Where You Work](#), which regularly features health-focused resources so please join our group.

In addition, on June 12th 9:30-11:00, we will be offering a Lync-based presentation called **Health & Well-being: Resources for Healthy Living**. This workshop reviews many of the resources featured on the attached sheet. Individuals on your team can sign up through the Learning Centre or one person from your team could register and your team could attend together in a boardroom. If you use the latter option, after the workshop, names of all attendees can be submitted to Claudette.Kolarich@gov.b.ca for course credit.

If you would like more information on these options please get in touch; also, if you work onsite we are located on the 2nd floor of 810 Blanshard.

Regards, Maureen

Hi Amber, hope you are well. I want to quickly check in with you about whether you -- or Geoff -- are currently engaging in conversations with Toyota or any other large automaker about the specifics of the ZEV regulations that will be developed for release this fall. I believe the Global Automakers Group had a meeting with one or both of you back in February, but I'm wondering if these discussions ceased there or are ongoing at present.

I'm asking because there seems to be a lot of confusion and possible overlap among and within the major automakers, with multiple points of engagement with unhelpful results. I'm hoping to help streamline this by figuring out who is doing what with whom.

Thanks,

D

Hi Amber

It was very nice to have met you at the Townsite Brewery community discussions with the Premiers during his recent visit to Powell River. The City of Powell River, Tla'amin Nation, and the qathet Regional District will be hosting the 1st Sports Hall of Fame Inductees Ceremony on June 15th. To prepare for this event an information package will be developed with information on the 9 local Sport Heroes that will be inducted into the Sports Hall of Fame on June 15th. I was hoping that Premiers office could provide a letter signed by the Premier welcoming all the inductees, their families and the general public to this event.

If this request is possible, I could draft the letter or provide you with important points that you may want to include in the letter.

Thank you for considering this request. I hope to hear from you soon.
