Subject: Women Deliver - Feminist Deliver

Hi all,

As many of you likely know, there is a big gender equity conference happening next week in Vancouver called Women Deliver. Leaders from all over the world will be in Vancouver for the conference and related events. Below is a general overview of the main events.

Women Deliver (<https://wd2019.org/>)

WD is a four-day conference being held at the Vancouver Convention Centre with upwards of 10,000 participants from around the world. The conference is sold out. The Premier and several ministers will be attending over the course of the few days. If your Minister was invited or is wanting/planning to attend, please let me know right away. We do not have many tickets, but will try to accommodate with those we have, if possible. Note: on Wednesday, June 5th there is a free, public event that government supported through TAC called Culture Night being held at Jack Poole Plaza (<https://wedeliver2019.ca/event/women-deliver-2019-culture-night/>).

Feminists Deliver (<https://feministsdeliver.com/>)

Feminists Deliver is an adjacent conference to Women Deliver. It is a grassroots collaboration of feminist organizations from across British Columbia being held at 312 Main in Vancouver. It is a free, accessible four-day conference that the government supported to make possible. Minister James and Minister Mark have both been invited to speak, and the Premier will be visiting. If your Minister would like to attend, they are able to drop by at any point.

Note: there are hundreds of adjacent events associated with Women Deliver. Some of them include:

- The City of Vancouver is hosting a conference at the Vancouver Public Library (<https://vancouver.ca/people-programs/women-deliver.aspx>)
- The Longhouse Dialogues are hosting five days of programming at Harbour Green park (<https://www.eventbrite.ca/o/longhouse-dialogues-20209037906>)

- We Deliver mobilization effort has community programming the entire week (<https://wedeliver2019.ca/events-calendar/>).

If you have any questions about these events – particularly Women Deliver or Feminists Deliver – please be in touch.

I did put in a request to set up a hot desk downstairs. Did not include a desk chair though.

We could put a table in our office for a meeting space that would double as a hot desk for VCO folks? Jarrett and I both would be fine with that and could use a table for meetings.

HI – Amber H has approved Jolene moving more formally into a lead role on Premier's events. To facilitate coordination and collaboration, Jolene will be taking over the desk that Chris was at downstairs. Presently the desk is not set up. So unless you have already done so, I will ask Elizabeth to ask Prem Tech to set up a Surface docking station, and will get a desk chair.

We will need to sort out where we folks from Vancouver will work when we come over – could be at the table in Naveen and Jon's office or by the TV. I don't really think a 3rd desk fits that well given the current configuration.

Just wanted to bring you into the loop.

Thanks Vanessa

Subject: Women Deliver/Fem Deliver update

Hi all –

(A special welcome to Angela!)

Our efforts are falling into place for Women Deliver and Feminist Deliver next week. There is a huge amount of programming throughout the city the entire week and likely will be a similar number of announcements. We have the Premier and many Ministers attending and speaking at WD and FD.

At the moment, we don't have a plan for a legacy announcement. I'm going to recommend that be the case unless something significant happens on the cervical cancer initiative through Health. We do have

an offer to join the COV on a housing announcement this coming Monday, but consensus seems to be not to move forward with that at this time.

I will track critical issues at both FD and WD the entire week so that we can review and discuss the possibility of doing something in the weeks to follow.

If you have a strong opinion that an announcement next week is critical, please let me know. Otherwise, I will proceed in this direction and share that at our final organizing meeting tomorrow morning.

With thanks,
Mira

Hello everybody! Mostly a collection of our regular issues here. Money laundering saw a bump after Dr. German's second report. The TMX incomings increased significantly following the court of appeal decision:

Forest Fires – As we enter fire season, we begin to see standard forest fire related emails. They usually request harsher penalties for people caught tossing cigarettes or request the government use Martin Air Bombers to fight the fires.

Pain Management Guidelines – We are receiving complaints from recipients of routine procedural pain management treatments from private facilities. These treatments will now be administered at hospitals, as outlined by the College of Physicians and Surgeons. The Ministry of Health is taking the lead on response. Background info:

Subject: Meet with interns?

Hi Amber,

Greetings from the East Annex intern room! Over the session, we (the five government caucus interns) have been having short meetings with different Ministers' staff and people from the Premier's office as a way of learning about how different parts of the Legislature work, especially parts we don't come into contact with much through our work. I thought that you would be someone really interesting to talk to, and we were wondering if you might have time sometime this week to chat with us about your role the day-to-day of what you do- either here or wherever is convenient. Is there any chance you might be available for half an hour sometime this week? I appreciate that things are probably a little hectic this week with the end of session, so no worries if this isn't doable.

All the best,
Ella

Hi Dawn,

Minister James will not be attending Cabinet as she'll be on an Investors Tour to the US. Geoff Meggs is aware of this as per conversations w/Robyn Spilker.

Can't remember if I've asked for leave or not, but Cab Ops is aware that she'll not be attending.

Thanks...Heidi

I will be over on Monday til Thursday and would appreciate it if we could review Mon or Tues so I can get back to her with feedback and we can start ensuring that those responsible for report backs or presentations are ready.

Should I look into having a post meeting/pre dinner gathering on the Tues evening – Chambar may be an option? I can find out costs and see if it is even feasible if you think good idea.

Here you are Vanessa, I'm so sorry this has come so late. I have tried a few versions and sequences, and there is definitely flexibility. Major Qs are:

Q: What is the minimum number of presentations needed to ensure the group is up to date and has enough info to do any planning or strategizing? I suggest that 6 is the maximum, including a short presentation to set up the Reconciliation and ICBC conversations and the New Economy presentation.

Q: What is the outcome desired for the ICBC conversation? I've offered some suggestions in the document.

Q: Are there any other outcomes needed?

Please note the action items listed on the final page of this agenda; that's what I had from the Jan/Feb retreat

Once this agenda is revised/approved, I will (or you can) produce a shorter one, with less annotation, for circulation to the team

Warmly,

Hi Amber,

For your information: following an inspection of the SIA site, EMPR has issued a notice that requires the soil on Lot 21 to be removed. EMPR's inspection found that between the issuance of the permit in June 2010 and the Stop Work Order of May 2015, soils and other materials were imported and deposited on to Lot 21 in contravention of the permit. Lot 21 is the permitted site adjacent to the contaminated soil landfill and quarry, Lot 23. Lot 21 has only ever had fill placed on it

Subject: Bi-weekly update

Hi Amber,

If we don't get a chance to connect during our biweekly scheduled time I will just send you a brief update.

This week our team worked on:

- Leaders lunching with littles for childcare month
- Coffee conversation with Persian families in North Van
- Ramadan celebration with hundreds of Muslims at the BC Ismailis Centre of Burnaby
- cricket pitch launch and Kelowna wildfires roundtable

Next week we will be tackling:

- Monday's LEVEL youth public policy program's visit to the Legislature for meetings and a luncheon with Ministers and PJH
- Planning for Pride month and Indigenous Peoples Day
- PO tour and event processes and infrastructure changes across scheduling

In addition, this week I had check in meetings with Out in Schools, BC Civil Liberties, First United Church and Megaphone Magazine.

I will be forwarding you a letter from a coalition of community organizations about the PSSG Community Safety Act. I have shared this with Naveen, and the group has shared it with Minister Farnworth and PO correspondence.

Let me know if you have any questions.

Talk soon,
Charlotte

Hi Roseanne,

Amber and I spoke briefly today regarding Caucus Retreat and MLAs time in and around it. Here's what we propose to do to allow for additional time around caucus retreat:

June 23rd MLAs fly into Penticton & overnight in Osoyoos (Suggesting those who need to leave for June 26th meeting fly in this day – Premier confirmed to overnight on the 23rd)

June 24th 9 – 12pm Open for events/meetings

June 25th All Day Caucus Meeting
(Some Ministers/Premier return to Victoria/Vancouver)

June 26th Cancel Cabinet Meeting allowing for some Ministers to remain.
PA meeting proceeds as planned (only captures some Ministers & Premier)

Hello ,

In our weekly meeting MSF had a discussion about the Industrial Camps and plans going forward, I was asked to bring this forward to you and Amber to see if we can have a discussion about next steps. It is not clear to staff which Ministry is to take the lead, so Health has gone off and started reviewing, a consultant was hired and a report will come out about what work is being done across government, Michelle Carr has been following what the company is doing, It was mentioned to me that a new MA position should be created for this work, also heard that someone in the PO staff was looking into this work, and I was also told that the Premier office was going to hand this work all over to PS Dean to lead???? It is not clear to staff who is the lead, but they are continuing to work on it? A lot of the focus has been internal to what government is doing, yet construction of camps will begin and First Nations communities and all communities in the north have not heard from a central voice of what the governments plan will be???

This work started with EMPR under the LNG office that was headed by Dave N at the time, but since then it has not had clear direction on how to engage communities on what is being done, and if a Ministry was to take the lead what does that mean? How will that work, if you are the lead but not the ministry that holds the development of regulations, enforcement and compliancy ,

There are a number of questions to answer and this is cross ministries, EMPR, Health, Environment/ EA, FLNRORD, MIRR, can we clarify next steps

Thank you,

Subject: FW: Briefing with MSF re: Industrial Camps

Good Morning Amber,

We requested an update on what we are doing to prepare for the construction camps, I am feeling the shift has been away from community involvement in planning to an internal process focussed on the many layers of Government Ministries and while that work is important and needs to be done, communities are left feeling ignored.

This latest letter from LBN highlights how disconnected they feel and this is a Nation that has been invited and involved in the Indigenous Communities and Industrial Camps working group, imagine all the communities that have not been at this table. I had asked many months ago that a gathering of all the communities along the route be organized so that the BC government can share what has been done by government and the focus has remained on this internal review.

I personally, feel that we are leaving it to the company to do a better job, to make sure communities are not being impacted, but again this is planning done outside of community and we are not building the capacity in communities to prepare for and minimize impacts. And it is very clear from the letter attached Lake Babine is willing to be on the ground hosting these important sessions in community.

We asked staff to:

1. Start planning for outreach to the 20 communities along the route of the pipeline, including possible community engagement sessions
2. That a report on the work undertaken and decisions for next steps be brought to Ministers, not just the DM committees
3. More than 2 nations and First Nations LNG Alliance be invited to the next working group session on April 17th here in Victoria
(a session that maybe you might be interested in attending also ?)

If you have any question please let me know

June 23rd MLAs fly into Penticton & overnight in Osoyoos (Suggesting those who need to leave for June 26th meeting fly in this day – Premier confirmed to overnight on the 23rd)

June 24th 9 – 12pm Open for events/meetings

June 25th All Day Caucus Meeting
(Some Ministers/Premier return to Victoria/Vancouver)

June 26th Cancel Cabinet Meeting allowing for some Ministers to remain.
PA meeting proceeds as planned (only captures some Ministers & Premier)

Hi Amber,

When I went through the FIN and TAC offices with Surjit last week we came up with a couple of options. The MAs office in FIN could have the desks moved to better utilize the space, so a larger meeting table could be put into the office and a small desk could be put into the office where the EA currently sits alone, with both desks being put facing opposite walls (and the exit door being locked.) Surjit will ensure another exit for safety.

The second option would be to move the MA in TAC (Ramesh?) into the space where TAC's copier area is now and make it usable and nice, and then allow the new MA to have that office that is currently blocked off. The MAs office would ideally still be looked at for space-saving options so they can have meetings in that office. This would mean moving the desks slightly so they are against the walls (or possibly getting smaller ones), removing a few pieces of furniture and putting some shelving up on the walls to replace it. One of the comments from both the EA and MAs was that the light from the windows is too bright, so Surjit said he can get them the same mesh blinds that we have here in the PO to cut down on that light.

Thanks,

Elizabeth

Hi all –

A quick note to share with you the perspective from FD after our call yesterday.

To recap, they wrote yesterday suggesting they didn't want anyone from government speaking so as to only lift up women from community. They want government to participate in a Dialogue Circle (I'm waiting for more information on what this idea is) on the final day. I followed up with a phone call with members of their program committee. They explained their thinking and we talked about different roles that government could play so as not to shift the power balance on panels (doing introductions, facilitating, etc). They sent back the proposal below.

My challenge with this is that there are inconsistencies to their policy (other electeds speaking). I both want to respect their goals while also ensure ours are met.

I've written back to this email with a series of questions and will keep you posted on the answers.

Please be directly in touch if you'd like to discuss this further.

With thanks,

Hi Mira

Thank you for your time today on both calls, I know that finding a balance in this process is difficult. I also believe it's worthy of the struggle.

The small group on the committee continued to have a conversation and have landed with some thoughts and a couple of suggestions for Feminist Deliver and our government partners. As mentioned on the call, we are all in the process of trying to

find ways to decolonize spaces, conversations and decisions. To that end, Feminist Deliver is working hard to centre the voices of Indigenous women and women of colour throughout our programming.

We would still like to hold a Dialogue Circle with government folks on Thursday June 6th at 1:15 to 3:00 with the intention of speaking to the draft policy ideas presented by the speakers as well as those that came up through the workshops.

In addition, we would like to invite Minister James or Jessica Wood to address the full assembly of folks at Feminist Deliver in the late morning of day 2 June 4th. We would have our emcee introduce them in the main hall, after the morning workshops and invite them to speak to the reasons behind the provincial governments investment in Feminist Deliver and their intention to listen throughout the event.

We believe this will set a positive tone for the conference and recognize that work government is doing to partner differently with community.

As always, please feel free to call if you have any questions at all.

To: All Staff

You may have received an email message regarding mandatory Information Management Training with a link to an online course.

Most of you have completed the IM117 course but it has been updated to include new important information, including obligations to document government decisions.

All government employees are required to take the updated course by July 15, 2019. Please see the note below from Ministry of Citizens' Services ADM Kerry Pridmore.

All OOP and MO employees are required to take this training in person. We will be working with the Privacy, Compliance and Training Branch in the Ministry of Citizens' Services to schedule IM117 training sessions, starting in May, and will offer sessions in Victoria and the Lower Mainland, as well as by webinar.

If you are a new employee and have not taken the course yet please take the online course now and then take the in-person course later.

Invitations will be sent to all staff within the next couple of weeks.

Please contact me directly if you have questions.

Thank you,
Maura

IM117: Mandatory Information Management Training

The BC Public Service is committed to supporting effective information management. *Information Management: Protection of Privacy, Access to Information and Records Management (IM 117)* is an online course that equips employees with essential information management tools. It supports employees to build a strong, modern foundation for information management, which improves the citizen experience.

Newly revised with important information, the updated IM 117 is a mandatory, self-directed e-learning course to familiarize you with rules around managing the information you create and receive in the course of your work. Reflecting new Information Management Act requirements, including the recent documenting government decisions directive, the 60-minute module focuses on:

- Records management
- Proactive disclosure of information
- Duty to assist a Freedom of Information (FOI) applicant
- Proper search for records
- Privacy obligations, including what to do in the event of an information incident or privacy breach.

In addition to providing greater detail about information management topics, the updated course is developed based on employee feedback from the previous version.

Please register now

Register for this course through the [Learning System](#).

New employees need to take the course when they join the BC Public Service. Existing employees must complete the updated course before the **July 15, 2019 deadline** (unless an extension is approved by the assistant deputy minister) and will be required to do so every two years to refresh their knowledge.

For further information or assistance, please contact:

- [BC Privacy and Access Helpline](#)
- [Your ministry privacy officer](#)

Thank you for making this a priority in your workplace, and continuing to enhance public access to government records and protect the personal and sensitive information of all British Columbians.

Sincerely,
Kerry Pridmore

Subject: Request for Out-of-Province Travel May 30th
Importance: High

Hi Debbie,

I'm writing to seek approval for Minister and I to travel to Ottawa from the evening of May 30th to June 5th to meet with Federal agencies as they pertain to her portfolio. We'll fly to Ottawa as soon as the House rises on Thursday, May 30th and attend the last day of the Open Government Partnership Global Summit. We'll stay over the weekend so as to meet with various ministers on Monday and Tuesday, then fly home Wednesday.

This is a prime time for us to travel as Federal Ministers will sit for a few more weeks prior to their summer break. We have several outstanding items that require a final push from us. Specifically will seek meetings on:

1. Attend the 6th Open Government Partnership Global Summit as per the invite from federal Minister Joyce Murray. MJS will have an opportunity to collaborate with peers from other jurisdictions to identify priorities for Open Data Standards – a topic raised repeatedly by B.C.'s Tech Sector at the #BCTech Summit. BC is recognized as an Open Government leader in Canada and other jurisdictions look to us for guidance. Also, CITZ staff are presenting the Virtual Reality Demo for Wildfire Management which highlights BC's progress on leveraging data and collaboration with the tech sector to deliver value (PJH saw this showcased at the Tech Summit).
 2. Seek a meeting with both Minister Bains, Innovation Science and Economic Development and Minister O'Regan, Indigenous Services Canada re Connected Coast project (ISED, BC and DISC funded) and benefits realization of connectivity for coastal Indigenous communities.
- The feds are behind in finalizing plans for this project. We need to instill the importance of moving quickly on this so BC First Nations won't continue to lag nationally.
 - **Advocating to get this \$45.4M project fully signed off and underway will ensure the 154 coastal communities benefiting from this project will be able to realize the economic opportunities from the new digital economy.**

3. **Meetings with Minister Jordan, Rural Economic Development and Minister Morneau, Finance, re Federal funding for Hwy 16 power infrastructure to support connectivity and cellular**

- The isolation of significant sections of the highway without communications service puts travelers' safety at risk. Canada's Highway of Tears has gained notoriety due to the number of women and girls, primarily indigenous, who has gone missing or been murdered since 1970. Project is also critical to supporting emergency management and safety for the increase in expected future travel due to the Kitimat LNG project
- **We are hoping to lock down our funding request and move this project forward. The total project cost is estimated at \$50M.** s.16

4. Meet with Ian Scott, CRTC Chairperson and Chief Executive Officer re CRTC fund intake in 2019 (expecting \$750M in funding) for connectivity and for the first time, cellular.

- **BC has made a historic funding commitment of \$50M which we will leverage against federal funding dollars out of the CRTC fund intake**
- **One third of Canada's first nations communities reside in BC and currently 75% of them do not have access to high speed internet. Connectivity is the foundational piece that will bring economic diversity and equality to First Nations communities – it is a foundational component of self-government and self-determination**
- 5. Seeking further time with Carla Qualtrough, Minister Public Services and Procurement and Accessibility
- BC's procurement transformation strategy - procurement innovation, social/economic benefits, integrity practices and vendor performance (linked to FPT work)

6) Jean-Yves Duclos, Minister responsible for Service Canada

- Specific options to expand services to citizens, integrating service delivery in rural areas, collaborating on services in urban areas
- Verified Org Network connection with federal agencies

If you could advise as soon as possible if this request is approved we'll get working on the travel arrangements and setting up these meetings.

Thanks,
Shannon

One of the staff members brought to my attention that there is no fire extinguisher in or closely adjacent to the PO kitchen area.

The ward extinguisher is in the hallway towards the rear door of the first floor West Annex about 30 or 40 feet from the kitchen.

Can you advise on this, as to the regulations, so I can pass the word along.

Should we have an extinguisher in or closer to the kitchen area?

A Human Rights Lawyer , Deepika Singh Rajawat is visiting the
Legislature on Thursday May 16th.

Rajawat stepped forward to help the family of eight-year-old
Asifa Bano, a Muslim nomad girl who was raped and murdered in
the Indian Province of Jammu and Kashmir in January, 2018
. Rajawat has been campaigning for justice to her family in the
face of threats and intimidation.

Is there a possibility of having a short meeting with the Premier?

Thanks

Background:

- A 2012 video shared online by APTN shows a 17-year old Indigenous youth (at the time in the care of MCFD) reporting a sexual assault to a male Kelowna RCMP officer. It takes over two hours and she is alone with the RCMP the majority of the time.
- The officer interrogates her about her past sexual history and why she went to the alleged assailant's house and asks "Were you turned on by this at all? Even a little bit?"
- The youth is a claimant in a lawsuit against MCFD and social workers s.22 and s.22 which alleges s.22 opened joint bank accounts with youth and siphoned their funds. The youth has added the allegation that social worker s.22 punished her for reporting the sexual assault described in the video.
- The youth's lawyer is questioning why no foster parent or social worker was with her when she was questioned alone.

- In QP on May 15 the Federal Conservative Leader asked the Public Safety Minister if he would be reviewing the incident. The Minister condemned the actions in the video, calling them “abhorrent”.
- The Federal Minister of Indigenous Relations commented: "totally inappropriate and I don't know where people get that kind of right to re-victimize somebody, it's disgusting" and MP Cullen called for an investigation.

Open Media Request to MCFD:

Global News has obtained video that is widely circulating showing this encounter between a Kelowna RCMP member and a youth client, who had reported a sexual assault while she was in the foster care system in this province, and we understand was in the care of the Ministry of Children and Family Development at the time:

Story: <https://globalnews.ca/news/5280254/rcmp-sexual-assault-interrogation-kelowna/>

Video: <https://aptnnews.ca/2019/05/13/were-you-turned-on-by-this-at-all-even-a-little-bit-rcmp-officer-asks-indigenous-youth-during-sexual-assault-report/>

We’re looking for a response from the Ministry on this. We’d also like to know why the young woman in the video wasn’t accompanied by somebody from the MCFD at the time of the interview with RCMP, as she was a minor.

1. Could we please get a note out to staff on new staff and leaving staff. If my recall is accurate, we have Diego Cardona started May 13 and Jonathan Sas leaving. Sam Scott to start in Labour on May 27 and Michael Cheevers leaving (not sure of date) and Christina Rzepo leaving. I think we announced James P. already but if not can we include announcing his departure as well? Maura could you please draft up something for Jennifer to get out to our political staff?
2. Theresa Ho offer letter at JTT as an EA at 70K
3. Tabitha Bernard, I now have a meeting with Geoff so I can't do a call with her at noon, Maura could you take that call and get a start date and settle the moving expense question? Jennifer could you please let Tabitha know?
4. Jennifer, could you please confirm if we have an interview set up with Jayne Ducker – try for the last week in May if it hasn't been set up?
5. Can we get an offer letter ready for Alissa Brandt to go into MOTI as an SMA at \$96390, with a start date of June 10.

Hi Lisa;

I should have mentioned that I will also follow up with Amber and Geoff to make sure about this. Usually the back up Minister's are required for signing documents, but on occasion they may be asked to cover off an emergency type situation. Are you asking for Minister Fleming to cover off 2 Ministers, or is your office needing your backup Minister to cover 2 ministers?

Thanks!

Subject: NEW PROCESS for seeking Ministerial Vacation

Good morning everyone;

We would like to inform you of the new process when seeking confirmation for Minister's Vacation time. Vanessa Geary, Executive Director for Operations and Strategic Initiatives, has completed an updated (as of this morning) excel sheet for all Ministers Vacations. Please review carefully to ensure dates are correct. We will send this list out regularly as it fills up.

Moving forward please follow the process below when seeking confirmation of Minister's vacations:

- Once you receive dates from your Minister, **check dates with your 1st Acting Minister's AC, and 2nd if necessary**, to confirm that they are able to provide back up. *Please note, vacation requests are on a first come, first serve basis, so unless the Minister being asked to be backup has official business or extenuating circumstances, the request takes precedence.*
- Once you've confirmed backup Minister is available, submit dates and confirmation of Acting Minister via email to **Danny Loubert** in the PO and copy myself and Vanessa Geary.
- Danny will review with Amber Hockin and send confirmation within one week.

If you have any questions or if you see any glitches with the list, please let me know. Danny is away until Monday May 13th, so if there are requests that require confirmation this week, please send to myself and Vanessa Geary.

Thank you!

Debbie Wade

**Re: Provincial government approval of additional “exploratory” work by
Taseko Mines Ltd. in relation to the “New” Prosperity mine proposal**

Dear Sir:

On their final day in office, the former Liberal government approved a Notice of Work for Taseko Mines Ltd. in the Teztan Biny (Fish Lake) and Yanah Biny areas. In a situation unprecedented in Canadian history, the proposed mine development plan for this area has been subjected to two separate federal environmental assessments. The Prosperity Mine proposal was rejected by the Federal Government in 2010 and the “New” Prosperity Mine proposal was rejected in 2014 after Taseko had been given the opportunity of a second attempt to convince an independent expert panel of the viability of their mine development plan. It is worth noting that the 2009 terms of reference for the Panel Review of the Prosperity project required the panel to consider “*technically and economically feasible alternative means of carrying out the project and any technically and economically feasible measures that would mitigate any significant adverse effects*”. The “New” Prosperity mine development plan was one of the options reviewed by the first panel and was considered at that time to involve greater long-term environmental risk than the preferred option.

It appears that the work proposed by Taseko, and approved by the previous government, is not “exploratory” in nature rather it is related to design and implementation of a mine development plan that has been rejected. In fact the Canadian Environmental Assessment Agency considered the proposed activities described in the Notice of Work to be in connection with the carrying out of the New Prosperity Gold-Copper Mine project and that the corresponding environmental impact would result in contravention of relevant federal legislation.

This proposed work involves extensive additional disturbance in a place of profound cultural and spiritual significance for the Tsilhqot’in people and once again they are forced to defend their territory. In December 2011 the Honourable Justice Grauer of the BC Supreme Court noted that *each new incursion serves only to narrow further the habitat left to them in which to exercise their traditional rights. Consequently each new incursion becomes more significant than the last. Each newly cleared trail remains a scar, for although reclamation is required, restoration is impossible. The damage is irreparable.*

The Council of Canadians participated in the hearings conducted by both panels and have supported the Tsilhqot’in in their struggle for at least the last ten years. The “New” Prosperity review panel determined that “*the Project would have adverse effects on the Tsilhqot’in current use of lands and resources for traditional purposes, archaeological and historic sites, and cultural heritage and that these adverse effects could not be mitigated and therefore would be significant.*” The federal review panel also accepted testimony from Dr. Nancy Turner, who identified Teztan Biny and the surrounding area as a Cultural Keystone Place for the Tsilhqot’in people, a place that has extremely high cultural significance. The Fish Lake area is important to the Tsilhqot’in people and they have clearly voiced their opposition yet Taseko Mines and the provincial government continue to ignore this reality.

How is creating more disturbance by doing additional exploration going to resolve or mitigate the First Nation issues identified by both panels?

In February 2016, the BC Government signed an historic accord with the Tsilhqot'in Nation, the Nenqay Deni Accord (or the "People's Accord"), an agreement that "establishes a shared vision, principles and structures to negotiate a comprehensive and lasting reconciliation between the Nation and the Province." Approval of this Notice of Work was obviously not consistent with the intent of this Accord.

We support your governments commitments to fully adopting and implementing the United Nations Declaration on the Rights of Indigenous People, the Calls to action of the Truth and Reconciliation Commission and the Tsilhqot'in Supreme Court decision on aboriginal title. Apparently legal authority exists to reverse the previous governments approval of Taseko's proposed work in this sensitive area. We urge you to act in a manner consistent with your governments commitment to true and lasting reconciliation with First Nations in BC by intervening on behalf of the Tsilhqot'in in their ongoing struggle with Taseko Mines Ltd.

Yours truly,

Keith Monroe

Good afternoon,

I understand from Carolyn that on today's call there seemed to be an expectation that I am preparing a Briefing Note on FD announcement options. Neither Carolyn nor I were aware of this. I am not able to prepare a BN as I do not have adequate information on any of the proposed ideas that Liam shared with me last week.

Neither Ministry of Health nor Ministry of Advanced Education staff have any information on #1 and #4 so if these are of interest, that direction would need to come from their Minister's Office. Related TB submissions would also be required.

With respect to item #2, Lisa and I have discussed and PSSG does not have any funding to support the expansion of integrated sexual assault clinics. If there were political support for this from MMF, again, a TB submission would be required. The idea of developing sexual assault response guidelines (as were drafted in 2010) was discussed previously and the required consultation and cross-government capacity required was viewed as too onerous at this time (given current Ministry mandate letter commitments).

Certainly the progress made on achieving greater representation of women on public boards could be announced, but my understanding was that this was already planned for announcement at the Minerva Foundation event on May 31st.

It may be of benefit to do another call around all Ministry Offices to determine whether there is anything that is ready to be announced that would work here. My colleagues have not flagged anything that is ready for June. I also know the budget is tight and Heather Wood has advised not to forward any requests to TB.

I still don't have any news from the federal government regarding their funding decisions related to FD or the indigenous women's pre-conference, but will advise as soon as I do.

Thanks,
Melanie

Hi Liam,

A few notes in the below. I have reached out to MoH re the cervical cancer one and AEST re the feminine hygiene products one and will update that when I receive responses.

1. **Cervical cancer elimination in BC**
 - following up with MoH
2. **Expansion of integrated sexual assault clinics (like the Victoria Sexual Assault Centre's)**
 - \$200K provided to VSAC, April 12, 2019
 - commitment to explore expanding this in the future
 - would require MMF support and likely TB submission for additional funding
3. **Gender quotas on public boards**
 - no quotas currently in place, but Ministry of Finance Service Plan has targets to increase women's representation.
 - current rate is 48.6% (significant increase from 2017, when the rate was 41.5%). This increase is currently planned to be announced on May 31st as part of Minerva Inclusion Forum by PS Dean, but could be deferred to early June.
4. **Expansion of free feminine hygiene products to post-secondary system**
 - AEST ADM is exploring potential of this, following the announcement of free products in the K-12 system
 - cost would need to be assessed and MMM would need to support.

Hi Melanie,

Turns out I don't have a digital copy of the list, might have to wait for Molly to return in order to get you a copy, but the items Mira thought might be worth exploring further are:

1. Cervical cancer elimination in BC
2. Expansion of integrated sexual assault clinics (like the Victoria Sexual Assault Centre's)
3. Gender quotas on Public boards

I think the Adv. Ed. Item you mentioned would be a good one to add to the list as well. At some point it would be good to have a better understanding of what these each would look like and cost.

Hi Geoff and Amber,

I'm just following up on the Canadian Red Cross info PJH asked for in our briefing with PS Rice last week.

By end of March 2019, almost \$84m of the \$100m had been spent or committed. The Canadian Red Cross (CRC) indicates it will fully expend the remaining \$16M on the respective programs over the next few years. The grant agreement provides the flexibility for either the Province or the CRC to propose reallocation of funding between programs if required.

Please see below for the detailed breakdown of the funding and the different areas it could potentially be allocated. Let me know if you have any further questions – I believe DM Lori Halls followed up with your DM as well.

BREAKDOWN

- The 2017 Wildfire Project (the Project) grant agreements with the Canadian Red Cross (CRC) allocated \$100M in funding to 8 specific program areas in addition to funding the CRC's program delivery costs and overhead.
- The most recent quarterly report submitted by the CRC to the Province reporting out on the Project indicates \$84M has been spent or committed to initiatives as of March 31, 2019 as detailed below.

Wildfire 2017 - Funding by Program Activity as of March 31, 2019

Program Name	Spent/Committed	Remaining

Hi Geoff and Amber,

I'm just following up on the Canadian Red Cross info PJH asked for in our briefing with PS Rice last week.

By end of March 2019, almost \$84m of the \$100m had been spent or committed. The Canadian Red Cross (CRC) indicates it will fully expend the remaining \$16M on the respective programs over the next few years. The grant agreement provides the flexibility for either the Province or the CRC to propose reallocation of funding between programs if required.

Please see below for the detailed breakdown of the funding and the different areas it could potentially be allocated. Let me know if you have any further questions – I believe DM Lori Halls followed up with your DM as well.

BREAKDOWN

- The 2017 Wildfire Project (the Project) grant agreements with the Canadian Red Cross (CRC) allocated \$100M in funding to 8 specific program areas in addition to funding the CRC's program delivery costs and overhead.
- The most recent quarterly report submitted by the CRC to the Province reporting out on the Project indicates \$84M has been spent or committed to initiatives as of March 31, 2019 as detailed below.

I've heard back from some of the associations and they would prefer that the premier not visit on the 18th as it is a long weekend. Would it be possible to schedule it for the 25th?

Attached is a spreadsheet tracking Minister's vacation requests. I have been able to confirm back ups for almost all the requests – the exceptions being for Eby where MBR and MFF are sorting out some dates and MMM who submitted dates today which I have just sent to Fleming's office.

As this process is new, there is some confusion on what has been or not been confirmed (I confirmed Bruce and Scott's as they were looking to book flights). So, if you are ok with this listing, I will send it to all the MO's tomorrow as a confirmation of vacation approved and notification of back up status.

Going forward I suggest the following process:

AC for Minister requesting a leave, confirms availability with 1st Acting (and if necessary 2nd) and then sends email to you, copying me and Danny, making request and confirming back up is secured. Danny will then add request to list so that you can see overall picture and then you can approve as appropriate.

I will in on process as back up.

Let me know your thoughts and if the requests on the sheet attached are ok to approve enmasse.

Thanks Vanessa

Hi Amber

It was very nice to have met you at the Townsite Brewery community discussions with the Premiers during his recent visit to Powell River. The City of Powell River, Tla'amin Nation, and the qathet Regional District will be hosting the 1st Sports Hall of Fame Inductees Ceremony on June 15th. To prepare for this event an information package will be developed with information on the 9 local Sport Heroes that will be inducted into the Sports Hall of Fame on June 15th. I was hoping that Premiers office could provide a letter signed by the Premier welcoming all the inductees, their families and the general public to this event.

If this request is possible, I could draft the letter or provide you with important points that you may want to include in the letter.

Thank you for considering this request. I hope to hear from you soon.

Hi Debbie,

Wondering if the May 6th meeting is still on as Ramesh will be able to be there and will likely bring a couple other BIPOC members as well.

I won't be here on the 6th so will not be able to join.

Would also be great to confirm the agenda.

Thanks!

Hi everyone,

Thank you for taking the initiative to start up meetings once again. Much appreciated and looking forward to the conversation.

As our members are obligated to other work items, it's a bit uncertain around who will be able to join for meetings. If we can hold those days and times and I'll confirm on my end with BIPOC members.

Let's concretely say yes to April 2nd and I'll reach back out to let you know who can make it.

Best,
Jasleen

Hello Ministry Card Co-ordinators,

In addition to the Province's existing discount arrangements with [Pacific Coastal Airlines](#), [WestJet](#) and [Air Canada](#), Procurement Services is arranging a **time-limited offer** to receive deep discounts of as much as **22 to 25%** with Harbour Air via their "Turbobucks" program. Turbobucks never expire and can be used to purchase airfare online, in person or over the phone on **any route with Harbour Air, Saltspring Air and Whistler Air** *.

Procurement Services will collect all of the enrolment forms received throughout government and submit them to Harbour Air as a "group purchase" in order to receive the largest discount possible for all.

Rest assured though, while the amount of Turbobucks purchased through this offer will be tallied as a group, each participating office will be issued its own unique Turbobucks account that it can securely access and monitor individually. Each office will also be individually invoiced by Harbour Air.

The **deadline** to participate in this round of Turbobucks purchases is **May 23rd**. NO LATE SUBMISSIONS WILL BE ACCEPTED.

For all the details on the Turbobucks program and how to participate, [click here](#). If you are already familiar with this program, please fill out and send in the attached enrolment form by **May 23rd**, ensuring that you remit payment to Harbour Air by the payment deadline noted at the bottom of the enrolment form.

Please pass this on to anyone who regularly books travel in your organization. If you require more information on this offer, please see the [intranet page](#) or contact me directly.

** Tickets for flights that are offering a seat sale fare (goLITE and goFAST fare classes) are not able to be purchased using a Turbobucks account due to the fact that a discount of up to 25% was already received upfront at the time of purchase of a Turbobucks account. To obtain a ticket at either of the above seat sale fare classes, offices may purchase the ticket separately using either a Corporate Purchasing Card or BTA as the method of payment instead.*

Hi Elizabeth. I've booked my Ottawa to Toronto flight for the 24th. Could you book me on a flight from Toronto to Vancouver on the 25th of May. My preference is the Air Canada flight at 6 pm unless there is a comparable WestJet flight that leaves about the same time or makes more financial sense. Thanks.

Amber, Sage –

Good news: it looks like the federal government is going to come through with support for the Indigenous women's pre-conference, to allow it to proceed in a slightly abridged version.

There is pressure from Ministry offices to respond to the funding request we received about the pre-conference. Requests went to MIRR, MOJ, AVED, Health, and PO. I'd like to have one letter written that confirms the funds we already provided and tells them we will not be providing additional funds. Who typically writes these funding response letters? Is it Susan Farmer? Someone in Don Wright's office? We need to get this out by the end of the week. I'd appreciate your advice on this.

We also need to send one to the Longhouse Dialogues – but that only came in to me, so there is less pressure to immediately respond (however, it still needs to be done).

Thank you, M
