CJ, Oct 4 would be the best day for me to attend. I will also bring the new director in our office - Jasmyn Singh. Thanks again for the invite.

Hi Amy.

Would you have time for a quick chat sometime. The colder weather is on it's way and i just wanted to talk about the noise the gas heater exhaust vent makes when it's on and if you would be open to the two of us exploring options to make it quieter...thanks...
