Go into Paul Henning - industrial formula
 ↳ Proposed model

Forestry - 1

- shelters opened

- police, fire

NW - Social + Drug + Alcohol Funding
 Mental health

Sander House

No Treatment Center in North

Beds but no services, "Bandaid"

Wonder why I'm not leaving

RCMP - almost all new members

Want people to stay + like ^{+ live in} community

Raw log exports - support in community
create more value
→ ~~CLT~~ CLT - mass timber

✓ Salmon - Federal
Quotas 200 mile limit

← Transportation infrastructure

✓
TRANS * Weigh Scales - removed about removed
1000s of trucks Portable
Supposed to build scale
no truck co - needs to be policed
need to be replaced

✓ MSP premiums - elimination
~~disincentive~~ - disincentive to growth for
small business

✓ BC Liquor Board worked well w/
BC Brewers guild - Listened

Good thing ^{Page}

Should be shared responsibility

City - hanging baskets vs firefighter

Railroad crossing north / south

✓ 37 North trucking route 80,000 - 100,000 lbs
Lack of enforcement

Mountain Haystack Hot Springs - Mathballs
Geo Thermal

Cris Kangerschidt Tri City Refrigeration

Solid wood + residuals to hBh
+ mass timber products

Same on residuals - Link to plastics
bio products

Pulp mill to bio products

Facilitate move to higher market product

Industry must change
Smaller, leaner

Bruce - Innovation Fund? Where is it
Powell River Pulp ie ↓ stalled
Feds have a fund but need Prov to
realize Fed.

PSH Want avail access to funding
new fund - more targeted

"Right Sizing the industry"
is term now used

Industry wants to stay away from that term
even though that is what is needed

MacKenzie TSA meeting not Thursday

Crisis - Done

Open office January

* Caledonia College - already doing that

concern they have relationships with
workers already and are doing that

Requesting tenure for a trail
(hiking + biking) Section 56

Caribou → next week, people invited
already contentious

Not solving anything by saying "not coming"

Forests should be treated like AGR
rather than mines.

Rail cars

Siridair Mills Japanese Market

Never ~~can~~ came back when found secure
European supplier.

Rail - jams mill so they don't
have to stop & pickups.

① Roadblocks on expansion.

New tracking product down to YVR

Need to work in Fed gov't to work in
communities to get product to market

② Fire damaged wood
no licenses given out

Innovation

John Brink - fighting to get access
to wood

having to go ^{all the} ~~way~~ way back to AB
to get wood

Moms - shift 9-3

Must have access to thin logs

Licensing needed now

Stack piles still being used rather than
using fibre when needed

licenses - should be used for harvest
Community Forests

allows communities to set criteria

+ flexibility on Community Forests

* Other impact - Forest roads not being maintained
