Bonsoir,
BC wanted me to share a statement by Coastal GasLink regarding the situation. I do not believe it is public yet however it will be made public soon by the company.

Bonjour,

I wanted to convey that the request to have the RCMP engage with police forces across jurisdictions at a higher level, in addition to regular operational engagement has been conveyed to the Commissioner of the RCMP.

More to come on other follow-ups at a later point.

Merci.

Chris

Subject: Draft Letter - Feb. 19th

Hi Geoff and Don,

Please find a draft below – some discussion here about listing some issues like title that we know are of interest as well. We welcome feedback (note: plan would be to release publicly as discussed).

In response to letters from Prime Minister Justin Trudeau and Premier John Horgan, we continue to offer our commitment of a process based upon trust and mutual respect to address the urgent issues of concern to you as Hereditary Chiefs of the Wet'suwet'en Nation. Following their leadership, on February 16, 2020, we wrote to you offering an urgent meeting with us, and were willing to meet in Smithers if that was agreeable to you. In an effort to exemplify our commitment, both of us travelled to Victoria on Monday, February 17 in order to allow short-notice travel to Smithers if that was your reply, considering the urgency of the situation. While we were not able to meet in person then, we have continued the dialogue with multiple conversations with some of the Wet'suwet'en Hereditary Chiefs in order to seek clarity and a path forward. That was an important step forward, and we thank you for coming to the discussion with a likewise commitment for a peaceful resolution.

We understand that you have urgent issues to resolve and require dedicated attention to from both levels of government to work with you in charting a peaceful path forward. We are more than willing to find any avenue acceptable to you and the Wet'suwet'en Nation to sit down and address the urgent and longer term issues at hand.

In light of that, we both plan to be in Smithers as of Thursday, February 20, 2020 and will be available to meet with any of the Hereditary chiefs to discuss these matters of great concern to the Wet'suwet'en Nation. We understand that some of the Hereditary chiefs may not be available, and we commit to coming back again when they are. We look forward to continuing the discussion in person.
