

	Quality of GBA+ Analysis/Communication
5	Well documented and communicated GBA+ analysis included with submission. GBA+ considerations clearly demonstrate all of the following: <ul style="list-style-type: none"> • Feedback received from a variety of stakeholder groups, including groups who may traditionally be under represented. • Findings and recommendations are supported by disaggregated data. • Options include equity considerations for all potential participants/beneficiaries.
4	GBA+ analysis is documented and included with submission. GBA+ considerations demonstrate one or more of the following, with some components requiring additional refinement: <ul style="list-style-type: none"> • Feedback received from a variety of stakeholder groups, including groups who may traditionally be under represented. • Findings and recommendations are supported by disaggregated data. • Options include equity considerations for all potential participants/beneficiaries.
3	GBA+ analysis included. Communication of the process could be presented in a clearer manner. Additional considerations or work in several or all of the following areas could be made: <ul style="list-style-type: none"> • Additional consultations with under represented groups impacted by the initiative. • Additional disaggregated data could be included to support recommendations. • Options do not clearly demonstrate how equity of outcomes are supported for all potential participants/beneficiaries of the initiative.
2	Minimal discussion of GBA+ analysis. Considerations focus primarily on the difficulties and barriers to implementing GBA+ effectively and/or focus on how GBA+ will be better implemented in the future.
1	No mention of GBA+ or evidence of GBA+ considerations having been made.
