PMO Update

March 4/20

s.13; s.16

-
- PSH - Maarten Wikelmaar March 4/20
- reconciliation, issue been live for more than 10 yrs⁺ - some current challenges on the acknowledgment of title + rights
 - project benefits all of us, significant support w/ polling showing.
 - appreciate the responses especially in recent weeks - surprised w/ the spread of it nation-wide - great to see the resolute approach on the issue.

s.12; s.13; s.16

① May, may work for the possible MoU?

- virus and economic blows in BC? travel
- travel may be restricted b/c of virus?
- deliberations on travel to Netherlands 75th Anniversary of liberation of Holland.

② ecology centre in Amsterdam, excited to hear that work being mirrored here in BC.

③ meeting & dinner? ~10 weeks.

④ Nik ecology centre in Vancouver / BC

Date

Marsy - FNs

March 6/20

- 12 FNs identified - needs, engaging region
- of Van what the crossing should be,
- NG of mayors - 8 lane tunnel, all only
- TFN voted against - portrayed unfavourably.

s.12; s.13; s.16

Review - Banfield Road.

March 6/20

- MIRR is the lead - the technical work was completed before Christmas, agreed on the cost analysis - \$30.6m updated.
- MIRR MSE put on back burner - Mark 2 + Trough B - not sure. - MIRR is lead, MOTI supports.
- TB sub is next step. - MCT, working on technical stuff + MIRR is lead on the issues.
- MDU on the road, legal review - not a ministry road, MCT opportunity
- MOTI can support MIRR sub on roads.

Date March 30/20

PJH call w/ CAPP

~~PREBRIEF~~

- Federal working on a package - numerous groups
CAPP doesn't rep all groups, v focussed
on oil sands - oil pricing drives activities
as it drives down many work better long term.
- most likely, carbon tax, not driven by
price but production - OGC, in AB agreed
to cover costs, for BC OGC = \$62m -
royalty holiday
- fed's - reclamation work on orphan wells prog.
- BC changed statutes on orphan wells & put
levies on those wells.
- weigh out with the range of their asks, fed's
leading on some of these issues.

s.13; s.16

- EIDAC 1/2 producers in BC, competitors to CAPP
smaller players, price gas - generally better
- met already w/ MBR, who already briefed PJH.
- competitive issues, uncharted territory, CAPP
priorities.
- OPEC & Russia price war, demand globally dropped
to unthinkable levels -

s.13

(2/3)

s.13

Date

- civil society flipped upside down - work w/ feds but \$5b announced last week \$2.8B to workers \$2.2B for business.
- greatly appreciate the expressed support for long-term goals while asking for short term measures to cope.
- AB Kenney + D PM Freeland - working together, at the same levels on how to do this work meaningful to sector and keeping interests of the public - hence the challenges of policymaking.
- work camp - PHD provided guidance on how to do work safely - enforced by Worksafe BC

Page

3/3

Date

- working out details of the USG, period of anticipation of the federal package yet to appear
- the \$500 package is fluid and subject to change
- we put aside \$1.5 B for economic recovery when it is time to start.
- Natural gas + liquids focus here in BC, what are the markets saying to you?
- Michael - in China, return to spending is v. slow, people are hesitant, a lag
- Mark - recovery globally somewhat slow, supply differentiation, advantage to BC as consumers/companies look to
- Tim - AUS, similar boat as we are - working w/ feds + other provinces, keeping coordinated w/ feds + b/t provinces - a lot of people working v. hard on this.
- can't recall a time when partnership + regional interests are put aside + doing their best to keeping ppl safe -
- work w/ EMPP, team and contributor to economic recovery.
- Dr Henry has been a real advantage, recovery is fundamental to ppl's health + well-being.

Page

Date June 1/20

PJH call - Alf Carrido

- Aluminium New newsletter - L. planning.
- looking to get people back to work esp. supply side
 - ① screening ② tariffs.
- letter in re on COVID-19, congratulations hoping you avoid 2nd wave - thanks you keeping staff safe
- DBH - allows things to keep going in a very safe manner ① construction + work camps - not mindful of worker safety but trying to ensure they keep working - ramping up people on site not from complete shut down.
- we were mindful of COVID v. early on.
- many missed signals + rapidly - took same actions around the world - HQ Montreal not back in until August. - develop app + put in screening / antibody testing 20k in Australia + another time of defence, if negative sent on to proper full testing - PCR testing in QC + fly in / fly out, we test them.
- will do same w/ staff from Sag to Kitimat tested in Montreal w/ 10 / flight @ 30
- how do we do it in Kitimat? not allowed in BC
- 350 ppl in Aug - want to do it in BC - simple screening - for community assurance.
- 64 in N. PHA, 1 active case of death. - high anxiety in NW - DBH consistent, Canadians no issue / quarantine
- moving ppl around - testing - greater assurances.

Page

- another layer of precaution is welcome - no lab time & administration for B.C.
- want clear green light - time is of the essence
- Private sector testing - check in w/ Greg D.
BCBC is satisfied? if not, will talk to DSIT - if no B.C. resources + understand that a negative testing is for life
- talk to Richard, that way it gets back to you
- testing allows assurance.
- surprising weeks w/ Glen over public statements about the shut down of their swelter in WA state - prices driving down.

s.13; s.16

Date June 1/20

PJH - Fin Donnelly.

- congratulations to PJH, MAD + DIBH have done a great job. - not just trad. formal support folks but all walks of life.
- take it to ^{MSR} Selma for the grant side? on-his/2.
- meets w/ provincial initiative on watershed restoration to watershed security including farmers, FNs + local govt's. → team includes labour, small business, biologists - fish & much w/ broader benefits being addressed to this work.
- Bernadette - Big Bar priority, she understands W. Coast, she'll get it.
- disappointed by shift away from Pacific.
- have a good rapport w/ him - M&H working w/ M Wilkinson. - Big Bar was a great case study in fisheries management - now a year later DFO is still focused on it
- SRKW also a concern.
- wholistic, not just growing heds, it's the whole initiative.

s.13

- watershed fund, broader initiative, will present to MSR first.

PSIT, MDD, PSRK - COFI

- can call in lieu of COFI convention.
- what will the markets look in Q3, Q4 - share values recovered down 50% rise 50% - fledgling industry in AB, not comparable w/ BC topography
- firstly, trying our best to assist industry w/ value-added opportunities
- TLA - only a handful took advantage of the \$5m
- softwood, 1st trip PSIT → Washington DC
- TSA Mackenzie + Kootenays - focussed on mass timber building codes, world wide nature of mass timber - getting more value from our wood.
- spring going down July 1 - COVID recovery will be w/ humps on the road, creating the airplane as we fly it - same here as around the world
- DK - proud of B.C. w/ COVID response, noting v. hard w/ in our own companies - we care about the safety & health of our people. - BC forest sector can play a large part in the recovery of getting people back to work. - Sawmill industry is foundational,

s.13

- competitive side, Pines, beetle not faced by other jurisdictions - believe mass timber is growing around the world - how can we be competitive to allow for required investments for mass timber - collectively supportive to collaborate w/ BC

Page

(2/3)

Date

JTS - past 10 yrs have been challenging w/ the past two years have been esp challenging and now facing COVID - looking at secondary sector, exceptional leadership required now to take advantage of opportunities - SWE 30 yrs ago, same challenges, reimagined industry now that of the most competitive in world. - opportunities industry much smaller, mills are shut down, industry working together - not just mass timber but also value added lumber to further manufacturing to add more social/economic value to the resource

- can't be successful if primary sector isn't

- cost driver initiative is beginning, go further to improve productivity, working w/ FNs.

- BC ready, willing + able to restore competitiveness - to keep sawmills going, look at secondary to add value.

RF - we share the same goals, there's a disconnect somewhere lets resolve it - mass timber is now being accepted across N. America, BC is doing what it can, we grow as the markets grow. - investing

millions already - ~~get~~ we have to do a better issue of certainty access to fibre + regulatory, figure out costs and invest accordingly

DK - customize products, markets targeting newer huge costs - huge questions about fibre supply - it's growing -

SY - spoke to Kawi - looking forward to that process

Page

Date

KS - s.13

DS -

SG - when reclaimed paper/fibre as an alternative source - look forward to further discussion.

SY - some frustration - but a lot of alignment to work together, optimism to work collaboratively
(i) cost driver initiative - recognition this sector has deep connections, need to work together to get sector back - will directly benefit not only sector but B.C. too - will up our sleeves.

unrealized potential is a tragedy - news release going out today announcing Ravi as lead, capital expenditures are a big part of this.

Councillor
(1/2) Semiahmoo - ~~David~~ Joanne Charles June 16/20
- May 14 Peace Arch Park - day use, unique park
cross w/in the park, meet up w/ family - BC
compliance, parks staff + conservation w/ joint patrols
w/ RCMP - enclosed tents, posted no enclosed tents,
border-integrity/covid, signage social distancing,
high level of ~~parking~~ ^{uses} volumes of use, congestion parking
along roadway - boulders and no parking signing w/

Page

(2/2)

Date

- + enforcement - SAT installed fence 8AM - 8PM
w/ park rangers sweeping the park to close
- engage w/ WA side to ensure similar compliance
- ~~close~~ close the park - were not seeing anything
the reality is clear govt oversight w/ border
closures for non-essential travel - unique
circumstances w/ park - now we have
PHO orders to prevent COVID spread and
are in place - there is clear oversight w/
border closures - today July 21st closed
- every weekend it's getting busier + busier
- we work to find a way to reopen the park
in a safe manner - ~~assist~~ ^{in consultation w/ them} 1st thing is to
close park until guidelines are in place
- PHO low-risk, not a good message
- no one asking/enforcing 14 day ^{isolation} plan.
- 971 ~~with~~ cars w/ 167 spaces - overflowing into
laneways, parking spaces (where BC team)
- 35 tents, continue on, ? human trafficking, smuggling.

- ① Semiahmoo ~~has~~ declared a State of emergency.
② check point at HWY 99 + Beach Road until
May 14 - they weren't consulted before opening.
③ ~~Emergency~~ ^{Emergency} operations plan not in place
- move the checkpoint to HWY 99 + Beach Rd
to protect themselves + the Park parking
- no access for emergency vehicles: garbage/bathrooms
- move ^{no parking} signage - camps, educational outreach w/ in park only

Recovery Consultation Roundtable - CleanBC

- PJIT, MCS, HGH, MBR, PSSM

- Icon* - complicating the goals of CleanBC - there are threats, as well - climate action is key to recovery for food security, clean energy + low carbon economy.
- Outreach* - not safety, they were working from home that's what we ask them to do - 70% things opening up again will allow them to using MUD cars
- 19% waiting for vaccine ~ 6% not using.
- real risk ppl going back to private vehicles, stress public transit - affordable, environmentally responsible - ppl before profit, 50 employees are on payroll, still full pay, what happens when we get to 30% decrease.

P - values are everlasting, team + members - agreement to get through this, our factory shifted to PPE for frontline, our team's response was remarkable -

s.21

, PPE helped factory - 'as much clarity' to allow planning of business / staff levels @ how do we maintain the subsidy support? for those who have the greatest need.

- work w/ Ottawa, receptive to our suggestions to keep people + companies going. - encouraged to hear of companies who want to keep their valued employees.
- theme of transition from full to part supports or to clean economy. - looking at further supports

Page

(2/2)

Date

- hear more about the theme of transition.
- common goals, working together, common values.
- thank you for that.

Jeanette really understanding regional but also stake-
holders - job security, climate is at the
heart of the recovery, investors, private
sector involved.

Khelsitem -
