Reconstituted, even bc, heterogeneity

Consider

- public health care
- training for business
- support local gov't
- employment growth
- sustainability in the products & local producers
- secure licensing & trademark

Worried from multiculturalism → anti-racism
what are the colonial assumptions that underpin
multiculturalism?

move on to another image?

- what does real systemic change look like?

Is there a role for Human Rights in this?

Post election: Oct 29
Transition period

- Stakeholders + moderate letters
- Economy is economies
- document on other reasons
