Dear Consul General Tong:

Thank you for your letter of January 27, 2020. I understand a similar letter was also sent to the Government of Canada.

I appreciate the information you provided regarding the recent coronavirus outbreak in China. On behalf of all British Columbians, I wish to extend my sincere sympathy and support to the government and the citizens of the Republic of China affected by this virus.

These circumstances require a co-ordinated approach from governments to support China in containing this outbreak. The Government of Canada is working with provinces and territories to effectively plan for domestic public health management requirements in this evolving situation, including assessing our domestic needs for protective equipment.

I understand a senior official from our government has provided your office with names and contact information for manufacturers of the protective equipment. Further, representatives of the Canadian government will contact you if it is determined that protective equipment in excess of domestic requirements is identified.

Yours sincerely,

John Horgan

Honourable Premier John Horgan,

*Premier,*

Happy New Year of the Rat!

I'm sending you this letter to request your kind assistance and advice regarding the following urgent issue. I have talked to Mayor Kennedy Stewart earlier today on the related issue as we met at Vancouver City's New Year Celebration. I am copying this letter to him and Minister Adrian Dix.

As you are very well aware, there's a novel coronavirus infected pneumonia outbreak in China, especially in the city of Wuhan, Hubei Province. The Chinese government and Chinese people are making all out efforts to contain and control the epidemic. Medical staffs from all over China are mobilized to Wuhan for the treatment of the patients and the front line medical staffs are in extremely urgent need of professional disposable (single use) protective equipment including, respirators of or above the level of N95 masks, isolation gowns, goggles and face shields.

My office is instructed to liaise purchase of the above equipment. I would really appreciate if you could kindly refer my office to the relative provincial authorities and contact information.

The contact person in my office is Consul Ms. Xintao Zheng (Cellphone:

Honourable Premier John Horgan,

First of all, I would like to express my sincere appreciation for your prompt response to my request for medical equipment assistance in January. China will not forget the support from Canada at the hardest moment in the fight against the COVID-19 epidemic.

Under the strong leadership of the Communist Party of China and with the solidarity of the Chinese people, also thanks to the support of the international community, the prevention and control efforts have turned the tide in China.

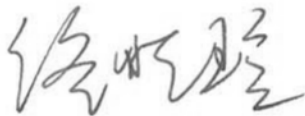

Virus respects no borders. The outbreak of COVID-19 has been a major challenge to both China and the rest of the world in terms of the speed of its spread, the scope of its impact and the difficulty to contain it. There has been increasing cases in the Province of British Columbia with cases of community spread. WHO has declared COVID-19 a pandemic. At this challenging time, my sympathies go to all British Columbians.

Today, people all over the world are living in a community of shared future. In this very difficult and critical time, the Chinese Government and people are with all Canadians. My office would like to keep in close contact with the Government of the Province of British Columbia and facilitate information-sharing and scientific and research cooperation for diagnostics, therapeutics and vaccine development should the Province feel needed.

I am confident that, under the concerted efforts of the international

community, we can achieve ultimate triumph over the virus.

Yours Sincerely,

To: the Honorable John Horgan,  
Premier of British Columbia

March 26, 2020

Honorable Premier John Horgan,

This year marks the 25<sup>th</sup> anniversary of our sister relations. Since the twinning, cooperation between us in various areas are progressing smoothly. We care about the intensifying COVID-19 situation in Canada, especially in British Columbia. On behalf of the government and the people of Guangdong province and in my own name, I would like to express our sympathy to you and your people.

The Chinese government has attached great importance to the prevention and control of the epidemic. Thanks to the concerted efforts of Guangdong people, the positive trend in preventing and controlling the epidemic has been constantly consolidated and expanded, the restoration of normal production and everyday life has been quickened, and greater achievements have been made in coordinating the epidemic prevention and control with the economic and social development. We are fully confident and capable of a complete win over the epidemic while maintaining stable and healthy development of the economy and society.

We relate deeply to the difficulties and pressure faced by BC. Confronted with the common challenge, Guangdong is willing to work together with BC in the fight against the pandemic and share information with you in a timely manner. We believe the pandemic will not stand in the way of our common development. Guangdong will continue to promote exchanges and cooperation with BC in extensive fields, contributing to the social and economic development of both sides.

We sincerely invite you to Guangdong upon the triumph over the virus, when we can jointly celebrate our 25<sup>th</sup> anniversary. Wish you good health and every success.

Good morning, Manjit,

As you may already know that last week, the Consulate held a hand over of donation of PPE from Guangdong to BC. Minister George Chow attended on behalf of the Province.

This week, we are expecting another batch of PPE from Jiangsu Province delivered to the Consulate on Tuesday. We are making arrangement for a similar short event on either Wednesday morning or Thursday, depending on the availability of representative from the Province.

According to the last experience, we realized it's better to ask assistance from your office to find some official attend on behalf of the Province. Would you kindly assist or refer me to the right person to make the relevant arrangement?

Thank you.

Hi, Manjit,  
s.22

Yes, I'm still working in the consulate but more focused on press and relationships with local governments and etc. I believe we will still have close contact in the coming months before I finish my term in Vancouver.

Wish you a good long weekend with the family.

Are you still working at the Consulate General, or have you moved onto another position? I would be happy to work with Consul Tian Ding in the future for work regarding the Consul General.

Best regards,

Manjit

Hi, Manjit,

It was good see you on the zoom call yesterday. s.22

Also, I would like to let you know that I no longer check this email regularly as I no longer work in the Office of CG. My colleague Tian Ding is the secretary to CG now and he's the one using this email address now.

In case of any urgent matters you would like me to know, please send the email to my personal email: s.22 or call me at s.22

Take care and keep in touch.

Best regards,

Nov. 9, 2020

Hon. John Horgan  
Premier of British Columbia  
PO Box 9041 Stn Prov Govt  
Victoria BC V8W 9E1

Hon. Premier John Horgan,

*Your Honorable Premier,*

I would like to extend my warm congratulations to you and the New Democratic Party of British Columbia on your victory in the provincial general election. The victory with a large majority lead is a recognition of the efforts and achievements of the NDP government under your leadership in the past three and a half years. I wish you and your team well in the new mandate and that the Province of British Columbia continues to shine like a pearl in the Pacific Ocean.

I look forward to working with you and the NDP government in the future.

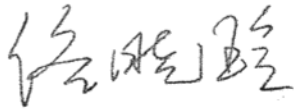

2020 has been a difficult year filled with incredible challenges and uncertainty as we were hit hard by COVID-19. British Columbia was able to flatten the first curve of COVID-19 pandemic and restarted its economy thanks to your leadership. Now, the second wave of COVID-19 is ravaging. I strongly believe and hope that, as you said in your speech on election night, under the leadership and concerted efforts of all British Columbians, the challenges will be overcome very soon.

In your first throne speech in 2017, you set out your government's vision

of a better British Columbia where people come first, and you kept that commitment. The Chinese government shares the same vision for its people--the people centered development. I feel pleased for being able to work with you and the provincial government in the promotion of the friendship and cooperation between China and British Columbia. I am particularly grateful to see that we supported each other in the fight against the pandemic.

Let's join our hands in furthering the profound relationship between our two sides.

Sincerely,

Good afternoon Xintao,

Very good to hear from you and it has definitely been a very challenging year so far. All is good here and I hope the same is true for you in Vancouver.

Thank you for providing us a copy of the letter from the Consul General to the Premier. It is very much appreciated.

Best regards,
