I've sent this quote to Premier for approval for tomorrow's news release.

John Horgan, MLA for Langford-Juan de Fuca, 36th Premier of British Columbia

"When we formed government, I assigned David Eby to tackle some of our toughest problems. He put out the dumpster fire at ICBC and ended an era of money laundering a previous government ignored. He is a roll-up-your-sleeves guy who will work hard to improve the lives of British Columbians."

Ok - will see him in 90 minutes or so

Is a quote necessary?

We can remove it but it might look weird to not have a quote

Whatever you would like me to do.

Apparently he approved it.

Hey Geoff, do you still have access to your email? Should I started forwarding emails received to that account to your personal now?
