Hi Christina – not urgent. A preliminary discussion next week sounds great.

Yvette – I understand that Chrstitina is pretty jammed next week, but to the extent that we could squeeze in a 30 min (even a 15 min) conversation between the two of us, I'd appreciate it. I'm very flexible next Wednesday and Friday to the extent that her calendar has any openings. If not, the first three days of the following week could work too.

Thanks!
Jess

Thanks, CZ

Hi George and Lia,

Here is the KM frame we've pulled together to start. This has been reviewed by both the MO, our Issues Director, and Ministry Exec.

Let me know if you have any questions or thoughts around the frame.

George, as mentioned on the call, we're getting started on the KMQA s. 13 but is someone centrally holding the pen on an NR for the broader announcement, or is it going to be focused mainly on this piece, and therefore one my team should get started on?

Happy to get on a call if it's easier.

Hope you're doing well. I've read previous stories that said the Ministry of Education is looking at what to do about cell phones in classrooms. Can you tell me what is being considered by the Ministry, what kind of debates are being had, who is part of the conversation and how soon could any changes be made?

My deadline for this is 3:30 p.m. today.

What is government's reaction to this apparent drop in PISA and the broader claim that BC had higher PISA scores under the former BC Liberals? Deadline end of day.
