REVIEW DECISION Immediate Roadside Prohibition (IRP) No. s.22

Introduction

On November 26, 2015, a peace officer served you with a Notice of Driving Prohibition (Notice). You applied to the Superintendent of Motor Vehicles for a review of your driving prohibition and I am delegated the authority to conduct this review.

Section 215.5(1) of the *Motor Vehicle Act (MVA)* requires me to confirm your prohibition, along with the corresponding monetary penalty and vehicle impoundment, if I am satisfied that:

- you were a driver within the meaning of section 215.41(1);
- the approved screening device (ASD) registered a "FAIL" as a result of your blood alcohol concentration (BAC) being not less than 80 milligrams of alcohol in 100 millilitres of blood (80 mg%);
- you were advised of your right to request a second analysis;
- if requested, it was provided and performed with a different ASD;
- the Notice was served on the basis of the lower analysis result; and,
- the result of the analysis on the basis of which the Notice was served was reliable.

Section 215.5(4) of the *MVA* requires me to revoke your prohibition, cancel the monetary penalty, and revoke any corresponding vehicle impoundment if I am not satisfied of any of the above.

In reaching my decision on this review, I must consider all relevant information provided to me.

Preliminary Matters

Records at this office confirm that full disclosure of the documents before me was provided to your lawyer, s.22. I have proceeded with this review based on that confirmation. Further, I have considered all the grounds applicable to you in this review.

Turning to paragraph 15 of the officer's sworn Report to Superintendent (Report), I note that the *jurat* was signed and dated on November 26, 2015. The officer provided a Narrative Text Hardcopy, titled Occurrence Report – 1 (Narrative). Upon review of this Narrative, I note that it was printed on November 27, 2015. As such, I find that it would not have been possible for the Narrative to have been before the Commissioner for taking affidavits when the Report was sworn on November 26, 2015. As a result, I find that the Narrative was not properly incorporated into the officer's sworn Report. Therefore, in accordance with case law, I will not consider the Narrative in this review.

Issues

The following are the issues in this review:

- Were you a driver within the meaning of section 215.41(1) of the *MVA*?
- Did the ASD register a "FAIL", and was it as a result of your BAC exceeding 80 mg%?
- Were you advised of your right to request a second analysis?
- Was the second analysis provided by the officer and performed using a different ASD?
- Was the Notice served on the basis of the lower analysis result?
- Was the ASD reliable?

Facts, Evidence and Analysis

After considering the totality of the evidence before me, I find that there is one issue that is determinative of this review. As such, I will only address the following ground.

Were you a driver within the meaning of section 215.41(1) of the *MVA*?

Considering the evidence before me, I am not satisfied that you were a driver within the meaning of section 215.41(1) of the *MVA*.

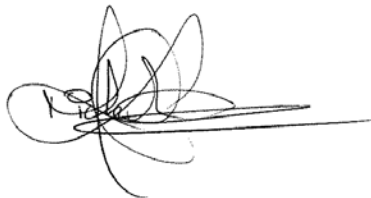

Decision

As a result of my findings, I revoke your driving prohibition, monetary penalty, and vehicle impoundment, as required by section 215.5(4) of the *MVA*.

You may resume driving after you have obtained a driver's licence from the Insurance Corporation of British Columbia. If you hold an Enhanced Driver's Licence, you must make an appointment to reapply for that licence.

Please note that this decision does not change any other prohibitions from driving or licensing requirements.

Please note that the corresponding vehicle impoundment is also revoked. The owner of the vehicle will be notified by separate letter that I am releasing the vehicle.

Having made this finding, I do not need to consider anything further.

Decision

As a result of my findings, I revoke your driving prohibition, monetary penalty, and vehicle impoundment, as required by s. 215.5(4) of the Act.

You may resume driving after you have obtained a driver's licence from the Insurance Corporation of British Columbia. If you hold an Enhanced Driver's Licence, you must make an appointment to reapply for that licence.

Please note that this decision does not change any other prohibitions from driving or licensing requirements.

Please note that the corresponding vehicle impoundment is also revoked. The owner of the vehicle will be notified by separate letter that I am releasing the vehicle.

REVIEW DECISION Immediate Roadside Prohibition (“IRP”) No. s.22

Introduction

On November 27, 2015, a peace officer served you with a Notice of Driving Prohibition (the “Notice”). You applied to the Superintendent of Motor Vehicles for a review of your driving prohibition and I am delegated the authority to conduct this review.

Section 215.5(1) of the *Motor Vehicle Act* (the “Act”) requires me to confirm your prohibition, along with the corresponding monetary penalty and vehicle impoundment, if I am satisfied that:

- you were a driver within the meaning of section 215.41(1);
- the ASD registered a “FAIL” as a result of your blood alcohol concentration (“BAC”) being not less than 80 milligrams of alcohol in 100 millilitres of blood (“80 mg%”)
- you were advised of your right to request a second analysis;
- if requested, it was provided and performed with a different ASD;
- the Notice was served on the basis of the lower analysis result; and,
- the result of the analysis on the basis of which the Notice was served was reliable.

Section 215.5(4) of the Act requires me to revoke your prohibition, cancel the monetary penalty, and revoke any corresponding vehicle impoundment if I am not satisfied of any of the above.

In reaching my decision on this review, I must consider all relevant information provided to me.

Preliminary Matters

Records at this office confirm that full disclosure of the documents before me was provided to you.

I have proceeded with this review based on that confirmation.

Issues

The following are the issues in this review:

- Were you a driver within the meaning of section 215.41(1) of the Act?
- Did the ASD register a “FAIL”, and was it as a result of your BAC exceeding 80 mg%?
- Were you advised of your right to request a second analysis?

- Was the second analysis provided by the officer and performed with a different ASD?
- Was the Notice served on the basis of the lower analysis result?
- Was the ASD reliable?

Facts, Evidence and Analysis

Having reviewed all of the evidence before me, I find there is one determinative issue in this review.

Was the second analysis performed with a different ASD?

On review of the evidence, I am not satisfied the officer performed the second analysis with a different ASD.

Having made this finding, I do not need to consider anything further.

Decision

As a result of my findings, I revoke your driving prohibition, monetary penalty, and vehicle impoundment, as required by s. 215.5(4) of the Act.

You may resume driving after you have obtained a driver's license from the Insurance Corporation of British Columbia. If you hold an Enhanced Driver's License, you must make an appointment to reapply for that license.

Please note that this decision does not change any other prohibitions from driving or licensing requirements.

Please note that the corresponding vehicle impoundment is also revoked. The owner of the vehicle will be notified by separate letter that I am releasing the vehicle.

- you were a driver within the meaning of section 215.41(1);
- the approved screening device (“ASD”) registered a “FAIL” as a result of your blood alcohol concentration (“BAC”) being not less than 80 milligrams of alcohol in 100 millilitres of blood (“80 mg%”);
- you were advised of your right to request a second analysis;

Section 215.5(4) of the Act requires me to revoke your prohibition, cancel the monetary penalty, and revoke any corresponding vehicle impoundment if I am not satisfied of any of the above.

In reaching my decision on this review, I must consider all relevant information provided to me.

Preliminary Matters

When you applied for this review, you checked three grounds on the application form; however, the ground “My 7-day or 30-day prohibition should be reduced because I did not have the required number of previous IRP(s)” is not applicable to your situation because of the reason for which you were prohibited from driving. For your benefit, I have considered all grounds that apply in your case.

Records at this office confirm that full disclosure of the documents before me was provided to you. I have proceeded with this review based on that confirmation.

Issues

The following are the issues in this review:

- Were you a driver within the meaning of section 215.41(1) of the Act?
- Did the ASD register a "FAIL", and was it as a result of your BAC being not less than 80 mg%?
- Were you advised of your right to request a second analysis?
- Was the second analysis provided by the officer and performed using a different ASD?
- Was the Notice served on the basis of the lower analysis result?
- Was the ASD reliable?

Facts, Evidence and Analysis

Having reviewed the evidence before me, I find that there is one issue determinative of this review.

Were you a driver within the meaning of section 215.41(1) of the Act?

Based on all the evidence before me, I am satisfied that you were not a driver within the meaning of section 215.41(1) of the Act.

Having made this finding, I do not need to consider anything further.

Decision

As a result of my findings, I revoke your driving prohibition, monetary penalty, and vehicle impoundment, as required by section 215.5(4) of the Act.

You may resume driving after you have obtained a driver's licence from the Insurance Corporation of British Columbia. If you hold an Enhanced Driver's Licence, you must make an appointment to reapply for that licence.

Please note that this decision does not change any other prohibitions from driving or licensing requirements.

Preliminary Matters

Some of the grounds that you applied on for this review are not applicable to your circumstances because you were served with the Notice because a sample of your breath on an ASD registered a “fail” test result. For your benefit, I will consider all of the grounds that are applicable to the reason for which you were served with the Notice

You may resume driving after you have obtained a driver's licence from the Insurance Corporation of British Columbia. If you hold an Enhanced Driver's Licence, you must make an appointment to reapply for that licence.

Please note that this decision does not change any other prohibitions from driving or licensing requirements.

Please note that the corresponding vehicle impoundment is also revoked. The owner of the vehicle will be notified by separate letter that I am releasing the vehicle.

REVIEW DECISION Immediate Roadside Prohibition (“IRP”) No. s.22

On May 16, 2014, a peace officer served you with a Notice of Driving Prohibition (the “Notice”). You applied to the Superintendent of Motor Vehicles for a review of your driving prohibition and M. Dimech confirmed the IRP. You subsequently filed a petition for judicial review of that decision.

I have received a Consent Order to re-hear your IRP application.

Section 215.5(1) of the *Motor Vehicle Act* (the “Act”) requires me to confirm your prohibition, along with the corresponding monetary penalty and vehicle impoundment, if I am satisfied that:

- you were a driver within the meaning of section 215.41(1);
- the approved screening device (“ASD”) registered a “FAIL” as a result of your blood alcohol concentration (“BAC”) being not less than 80 milligrams of alcohol in 100 millilitres of blood (“80 mg%”);
- you were advised of your right to request a second analysis;
- if requested, it was provided and performed with a different ASD;
- the Notice was served on the basis of the lower analysis result; and,
- the result of the analysis on the basis of which the Notice was served was reliable.

Section 215.5(4) of the Act requires me to revoke your prohibition, cancel the monetary penalty, and revoke any corresponding vehicle impoundment if I am not satisfied of any of the above.

Preliminary Matters

In reaching my decision on this review, I must consider all relevant information provided to me. I consider only the review grounds which are relevant to the type of the prohibition indicated on the Notice the officer served.

At the beginning of the hearing your lawyer,^{s.22} confirmed that [your/your lawyer] had received all of the disclosure documents before me. I have proceeded with the review based on that confirmation.

Issues

The following are the issues in this review:

- Were you a driver within the meaning of section 215.41(1) of the Act?
- Did the ASD register a "FAIL", and was it as a result of your BAC being not less than 80 mg%?
- Were you advised of your right to a second analysis?
- Was the second analysis provided by the officer and performed using a different ASD?
- Was the Notice served on the basis of the lower analysis result?
- Was the ASD reliable?

Facts, Evidence and Analysis

Having reviewed the evidence before me, I find that there is only one issue determinative of this review.

Was your BAC less than 80 mg% even though the ASD registered a "FAIL"?

Based on the evidence before me, I am satisfied that your BAC was less than 80 mg%. Having made this finding there is nothing further to consider in this review.

Decision

As a result of my findings, I revoke your driving prohibition, monetary penalty, and vehicle impoundment, as required by s. 215.5(4) of the Act.

You may resume driving after you have obtained a driver's licence from the Insurance Corporation of British Columbia. If you hold an Enhanced Driver's Licence, you must make an appointment to reapply for that licence.

Please note that this decision does not change any other prohibitions from driving or licensing requirements.

Please note that the corresponding vehicle impoundment is also revoked. The owner of the vehicle will be notified by separate letter that I am releasing the vehicle.

REVIEW DECISION Immediate Roadside Prohibition (“IRP”) No. s.22

Introduction

On August 5, 2014 a peace officer served you with a Notice of Driving Prohibition (the “Notice”). You applied to the Superintendent of Motor Vehicles for a review of your driving prohibition and I am delegated the authority to conduct this review.

Section 215.5(1) of the *Motor Vehicle Act* (the “Act”) requires me to confirm your prohibition, along with the corresponding monetary penalty and vehicle impoundment, if I am satisfied that:

- the Notice was served on the basis of the lower analysis result; and,
- the result of the analysis on the basis of which the Notice was served was reliable.

Section 215.5(4) of the Act requires me to revoke your prohibition, cancel the monetary penalty, and revoke any corresponding vehicle impoundment if I am not satisfied of any of the above.

In reaching my decision on this review, I must consider all relevant information provided to me.

Preliminary Matters

Our records indicate that your lawyer, ^{s.22} received full disclosure of the documents before me. I have proceeded with the review based on this confirmation.

Upon review of the evidence before me, I find that I do not have a properly sworn Report to Superintendent. As a result, there is insufficient evidence before me to support the prohibition.

Having made this finding, there is no need to address the issues in this review.

Decision

As a result of my findings, I revoke your driving prohibition, monetary penalty, and vehicle impoundment, as required by s. 215.5(4) of the Act.

Please note that this decision does not change any other prohibitions from driving or licensing requirements.

Records at this office indicate that the vehicle associated with this IRP has already been released. Since your IRP review is successful and the prohibition is revoked, you are eligible to have the towing and storage costs reimbursed by the Superintendent up to the amounts set out in the *Lien on Impounded Motor Vehicle Regulation* under the *Motor Vehicle Act*. Information concerning this Regulation can be found online at:

http://www.bclaws.ca/civix/document/id/complete/statreg/25_2015

Please note that vehicles impounded prior to March 1, 2015, were subject to different fees, charges and surcharge amounts.

Upon receipt of your proof of payment, the Superintendent of Motor Vehicles will pay the towing and storage costs up to and including August 25, 2014. ***Original receipts and invoices with proof of payment must be submitted for reimbursement.*** Examples of proof of payment include a towing and storage invoice created by the impound lot noting payment and a zero balance owing; invoice and cancelled cheque or credit card transaction slip; invoice and copies of identifiable payments from bank or credit card statements. You must also enclose a copy of this letter to ensure the correct charges are refunded to you.

The following are the issues in this review:

REVIEW DECISION Immediate Roadside Prohibition (“IRP”) No. s.22

Introduction

On November 19, 2015, a peace officer served you with a Notice of Driving Prohibition (the “Notice”). You applied to the Superintendent of Motor Vehicles for a review of your prohibition and I am delegated the authority to conduct this review.

Section 215.5(1) of the *Motor Vehicle Act* (the “Act”) requires me to confirm your prohibition, along with the corresponding monetary penalty and vehicle impoundment, if I am satisfied that:

- you were a driver within the meaning of section 215.41(1);
- the approved screening device (the “ASD”) registered a “FAIL” as a result of your blood alcohol concentration (“BAC”) being not less than 80 milligrams of alcohol in 100 millilitres of blood (“80 mg%”);
- you were advised of your right to request a second analysis;
- if requested, it was provided and performed with a different ASD;
- the Notice was served on the basis of the lower analysis result; and,
- the result of the analysis on the basis of which the Notice was served was reliable.

Section 215.5(4) of the Act requires me to revoke your prohibition, cancel the monetary penalty, and revoke any corresponding vehicle impoundment if I am not satisfied of any of the above.

In reaching my decision on this review, I must consider all relevant information provided to me.

Preliminary Matters

Records at this office indicate that your legal counsel, s.22, received full disclosure of the documents before me. I have proceeded with the review based on this confirmation.

Issues

- Were you a driver within the meaning of section 215.41(1) of the Act?
- Did the ASD register a “FAIL”, and was it as a result of your BAC exceeding 80 mg%?
- Were you advised of your right to request a second analysis?
- If requested, was the second analysis provided by the officer and performed using a different ASD?

- Was the ASD reliable?
- Was the Notice served on the basis of the lower analysis result?

Facts, Evidence and Analysis

If requested, was the right to a second analysis provided by the officer and was it performed on a different ASD?

In reviewing the documents before me, I find that Officer Thompson has failed to provide evidence sufficient to establish that he provided you with the right to request a second breath test analysis and that he performed it on a different ASD.

Having made this finding, there is no need to address the other issues in this review.

Decision

As a result of my findings, I revoke your driving prohibition, monetary penalty, and vehicle impoundment as required by s. 215.5(4) of the Act.

You may resume driving after you have obtained a driver's licence from the Insurance Corporation of British Columbia. If you hold an Enhanced Driver's Licence, you must make an appointment to reapply for that licence.

Please note that this decision does not change any other prohibitions from driving or licensing requirements.

- you were advised of your right to request a second analysis;
- if requested, it was provided and performed with a different ASD;
- the Notice was served on the basis of the lower analysis result; and,
- the result of the analysis on the basis of which the Notice was served was reliable.

Section 215.5(4) of the Act requires me to revoke your prohibition, cancel the monetary penalty, and revoke any corresponding vehicle impoundment if I am not satisfied of any of the above.

Preliminary Matters

Records at this office indicate that you received full disclosure of the documents before me. I have proceeded with the review based on this confirmation.

Issues

- Were you a driver within the meaning of section 215.41(1) of the Act?
- Did the ASD register a “FAIL”?
- Were you advised of your right to request a second analysis?
- If requested, was the second analysis provided by the officer and performed using a different ASD?
- Was the Notice served on the basis of the lower analysis result?
- Was the ASD reliable?

- Was the ASD "FAIL" a result of your BAC being not less than 80 mg%?

Facts, Evidence and Analysis

Was the ASD analysis a result of your BAC being not less than 80 mg%?

In considering the documents before me, I find that Officer Cavan has failed to provide evidence sufficient to establish that the ASD "FAIL" was a result of your BAC being not less than 80 mg%.

Having made this finding, there is no need to consider the other issues in this review.

Decision

Based on the evidence, I revoke your driving prohibition, monetary penalty, and vehicle impoundment as required by s. 215.5(4) of the Act.

You may resume driving after you have obtained a driver's licence from the Insurance Corporation of British Columbia. If you hold an Enhanced Driver's Licence, you must make an appointment to reapply for that licence.

Please note that this decision does not change any other prohibitions from driving or licensing requirements.

Because the corresponding vehicle impoundment is also revoked, the owner of the vehicle will be notified by separate letter that the vehicle is being released.

On December 7, 2015, a peace officer served you with a Notice of Driving Prohibition (the “Notice”). You applied to the Superintendent of Motor Vehicles (the “Superintendent”) for a review of your driving prohibition and the Superintendent has delegated the authority to me to conduct this review. In your case, the Superintendent did not receive the Report by the end of the period for applying for a review. As a result, I am revoking your driving prohibition, canceling the monetary penalty, and revoking the vehicle impoundment.

Preliminary Matters

You applied on the ground that you did not refuse or fail to comply with the officer’s demand to provide a breath sample; however, that ground is not applicable to your situation because the officer served you with the Notice because a sample of your breath into an ASD resulted in a “fail” test result. For your benefit I will consider all the grounds that are applicable to your circumstances.

Issues

The following are the issues in this review:

- Was the second analysis provided by the officer and performed using a different ASD?
- Was the Notice served on the basis of the lower analysis result?
- Was the ASD reliable?

Facts, Evidence and Analysis

After considering the evidence before me, I conclude there is one issue that is determinative of this hearing.

Were you a driver within the meaning of section 215.41(1) of the Act?

I am satisfied that you were not a driver within the meaning of section 215.41(1) of the Act.

Having made this finding there is nothing further I need to consider.

Decision

As a result of my finding, I revoke your driving prohibition, monetary penalty, and vehicle impoundment, as required by s. 215.5(4) of the Act.

REVIEW DECISION Immediate Roadside Prohibition (“IRP”) No. s.22

Introduction

On December 13, 2015, a peace officer served you with a Notice of Driving Prohibition (the “Notice”). You applied to the Superintendent of Motor Vehicles for a review of your driving prohibition and I am delegated the authority to conduct this review.

Section 215.5(1) of the *Motor Vehicle Act* (the “Act”) requires me to confirm your prohibition, along with the corresponding monetary penalty and vehicle impoundment, if I am satisfied that:

- you were a driver within the meaning of section 215.41(1);
- the approved screening device (“ASD”) registered a “FAIL” as a result of your blood alcohol concentration (“BAC”) being not less than 80 milligrams of alcohol in 100 millilitres of blood (“80 mg%”);
- you were advised of your right to request a second analysis;
- if requested, it was provided and performed with a different ASD;
- the Notice was served on the basis of the lower analysis result; and,
- the result of the analysis on the basis of which the Notice was served was reliable.

Section 215.5(4) of the Act requires me to revoke your prohibition, cancel the monetary penalty, and revoke any corresponding vehicle impoundment if I am not satisfied of any of the above.

Preliminary Matters

In reaching my decision on this review, I must consider all relevant information provided to me. I consider only the grounds for review which are relevant to the type of prohibition indicated on the Notice the officer served.

At the beginning of the hearing your lawyer^{s.22} confirmed that she had received all of the disclosure documents before me. I have proceeded with the review based on that confirmation.

Issues

The following are the issues in this review:

- Were you a driver within the meaning of section 215.41(1) of the Act?
- Did the ASD register a "FAIL", and was it as a result of your BAC being not less than 80 mg%?
- Were you advised of your right to request a second analysis?
- Was the second analysis provided by the officer and performed using a different ASD?
- Was the Notice served on the basis of the lower analysis result?
- Was the ASD reliable?

Facts, Evidence and Analysis

Having reviewed all the evidence before me, I find that there is only one issue determinative of this review.

Were you a driver within the meaning of section 215.41(1) of the Act?

Based on the evidence before me, I am not satisfied you were a driver within the meaning of Act. Having made this finding, there is nothing further to consider.

Decision

As a result of my findings, I revoke your driving prohibition, monetary penalty, and vehicle impoundment, as required by s. 215.5(4) of the Act.

You may resume driving after you have obtained a driver's licence from the Insurance Corporation of British Columbia. If you hold an Enhanced Driver's Licence, you must make an appointment to reapply for that licence.

Please note that this decision does not change any other prohibitions from driving or licensing requirements.

Please note that the corresponding vehicle impoundment is also revoked. The owner of the vehicle will be notified by separate letter that I am releasing the vehicle.

REVIEW DECISION Immediate Roadside Prohibition (IRP) No. s.22

Introduction

On November 22, 2015, a peace officer served you with a Notice of Driving Prohibition (the Notice). You applied to the Superintendent of Motor Vehicles for a review of your driving prohibition and I am delegated the authority to conduct this review.

Section 215.5(1) of the *Motor Vehicle Act* (the Act) requires me to confirm your prohibition, along with the corresponding monetary penalty and vehicle impoundment, if I am satisfied that:

- you were a driver within the meaning of section 215.41(1);
- the approved screening device (ASD) registered a "FAIL" as a result of your blood alcohol concentration (BAC) being not less than 80 milligrams of alcohol in 100 millilitres of blood (80 mg%);
- you were advised of your right to request a second analysis;
- if requested, it was provided and performed with a different ASD;
- the Notice was served on the basis of the lower analysis result; and,
- the result of the analysis on the basis of which the Notice was served was reliable.

Section 215.5(4) of the Act requires me to revoke your prohibition, cancel the monetary penalty, and revoke any corresponding vehicle impoundment if I am not satisfied of any of the above.

In reaching my decision on this review, I must consider all relevant information provided to me.

Preliminary Matters

At the outset of your oral review, your lawyer, s.22 confirmed that she received full disclosure of the documents before me. I have proceeded with this review based on that confirmation.

Issues

The following are the issues in this review:

- Were you a driver within the meaning of section 215.41(1) of the Act?
- Did the ASD register a "FAIL", and was it as a result of your BAC exceeding 80 mg%?
- Were you advised of your right to a second analysis?
- Was the second analysis provided by the officer and performed using a different ASD?
- Was the Notice served on the basis of the lower analysis result?
- Was the ASD reliable?
- Was your BAC less than 80 mg% even though the ASD registered a "FAIL"?

Facts, Evidence and Analysis

I find there is one issue that is determinative of my review.

Was the second analysis provided by the officer?

Having considered the evidence before me, I find that the second analysis was not provided by the officer.

Decision

As a result of my findings, I revoke your driving prohibition, monetary penalty, and vehicle impoundment, as required by s. 215.5(4) of the Act.

You may resume driving after you have obtained a driver's licence from the Insurance Corporation of British Columbia. If you hold an Enhanced Driver's Licence, you must make an appointment to reapply for that licence.

Please note that this decision does not change any other prohibitions from driving or licensing requirements.

The corresponding vehicle impoundment is also revoked. The owner of the vehicle will be notified by separate letter that I am releasing the vehicle.

REVIEW DECISION Immediate Roadside Prohibition ("IRP") No. s.22

Introduction

On November 29, 2015, a peace officer served you with a Notice of Driving Prohibition (the "Notice"). You applied to the Superintendent of Motor Vehicles for a review of your driving prohibition and I am delegated the authority to conduct this review.

Section 215.5(1) of the *Motor Vehicle Act* (the "Act") requires me to confirm your prohibition, along with the corresponding monetary penalty and vehicle impoundment, if I am satisfied that:

- you were a driver within the meaning of section 215.41(1);
- you failed or refused to comply with a demand made under the *Criminal Code* to provide a sample of breath for analysis by means of an approved screening device ("ASD"); and
- you did not have a reasonable excuse for failing or refusing to comply with a demand.

Section 215.5(4) of the Act requires me to revoke your prohibition, cancel the monetary penalty, and revoke any corresponding vehicle impoundment if I am not satisfied of any of the above.

In reaching my decision on this review, I must consider all relevant information provided to me. I consider only the grounds of review which are relevant to the type of prohibition indicated on the Notice the peace officer served.

Issues

The following are the issues in this review:

- Were you a driver within the meaning of section 215.41(1) of the Act?
- Did you fail or refuse to comply with an ASD demand?
- If you failed or refused to comply with the demand, did you have a reasonable excuse?

Facts, Evidence and Analysis

Having reviewed the evidence before me, I find that there is only one issue that is determinative of this review.

Did you fail or refuse to comply with the ASD demand?

Based on the evidence before me, I find as fact you did not refuse or fail to comply with the ASD demand.

Decision

As a result of my findings, I revoke your driving prohibition and monetary penalty, as required by s. 215.5(4) of the Act.

You may resume driving after you have obtained a driver's license from the Insurance Corporation of British Columbia. If you hold an Enhanced Driver's License, you must make an appointment to reapply for that license.

REVIEW DECISION Immediate Roadside Prohibition (“IRP”) No. s.22

Introduction

On December 12, 2015, a peace officer served you with a Notice of Driving Prohibition (the “Notice”). You applied to the Superintendent of Motor Vehicles for a review of your prohibition and I am delegated the authority to conduct this review.

Section 215.5(1) of the *Motor Vehicle Act* (the “Act”) requires me to confirm your prohibition, along with the corresponding monetary penalty and vehicle impoundment, if I am satisfied that:

- you were a driver within the meaning of section 215.41(1);
- you failed or refused to comply with a demand made under the *Criminal Code* to provide a sample of breath for analysis by means of an approved screening device (“ASD”); and
- you did not have a reasonable excuse for failing or refusing to comply with a demand.

Section 215.5(4) of the Act requires me to revoke your prohibition, cancel the monetary penalty, and revoke any corresponding vehicle impoundment if I am not satisfied of any of the above.

In reaching my decision on this review, I must consider all relevant information provided to me.

Preliminary Matters

Records at this office indicate that your legal counsel, s.22, received full disclosure of the documents before me, which she confirmed at the start of the oral hearing. I have proceeded with the review based on this confirmation.

Issues

- Were you a driver within the meaning of section 215.41(1) of the Act?
- Did you fail or refuse to comply with an ASD demand?
- If you failed or refused to comply with the demand, did you have a reasonable excuse?

Facts, Evidence and Analysis

I will begin with the second issue.

Did you fail or refuse to comply with an ASD demand?

The issue of whether you failed or refused to comply with a demand is twofold. First, the evidence must establish that an officer made a demand on you pursuant to section 254 of the *Criminal Code*. Second, the evidence must establish that you failed or refused to comply with the demand.

In reviewing the documents before me, I find that Officer Audley has failed to provide evidence sufficient to establish that you failed or refused to comply with a demand for a sample of your breath on December 12, 2015.

Having made this finding, there is no need to consider the other issues in this review.

Decision

Based on the evidence, I revoke your driving prohibition, monetary penalty, and vehicle impoundment as required by s. 215.5(4) of the Act.

You may resume driving after you have obtained a driver's licence from the Insurance Corporation of British Columbia. If you hold an Enhanced Driver's Licence, you must make an appointment to reapply for that licence.

Please note that this decision does not change any other prohibitions from driving or licensing requirements.

Because the corresponding vehicle impoundment is also revoked, the owner of the vehicle will be notified by separate letter that the vehicle is being released.

REVIEW DECISION Immediate Roadside Prohibition (“IRP”) No. s.22

On December 12, 2015, a peace officer served you with a Notice of Driving Prohibition (the “Notice”). You applied to the Superintendent of Motor Vehicles (the “Superintendent”) for a review of your driving prohibition and the Superintendent has delegated the authority to me to conduct this review. Section 215.48(7) of the *Motor Vehicle Act* requires that I revoke your prohibition, cancel the monetary penalty and revoke any corresponding vehicle impoundment if by the end of the period of time specified for applying for a review of your driving prohibition, the Superintendent has not received the sworn or solemnly affirmed report from the peace officer required under section 215.47(d) (the “Report”).

In your case, the Superintendent did not receive the Report by the end of the period for applying for a review. As a result, I am revoking your driving prohibition, canceling the monetary penalty, and revoking the vehicle impoundment.

You may resume driving, after you have obtained a driver’s licence from the Insurance Corporation of British Columbia. If you hold an Enhanced Driver’s Licence, you must make an appointment to reapply for that licence.

Please note that this decision does not change any other prohibitions from driving or licensing requirements.

If you have not already done so, you may go directly to the location where your vehicle is impounded for the immediate release of your vehicle. The Superintendent will pay towing and storage costs up to and including the date of this letter. You are responsible for any storage costs beyond that date. You should be aware that if the vehicle is not reclaimed, the impound lot may apply to the Superintendent to dispose of the vehicle.

Section 215.5(4) of the Act requires me to revoke your prohibition, cancel the monetary penalty, and revoke any corresponding vehicle impoundment if I am not satisfied of any of the above.

In reaching my decision on this review, I must consider all information provided to me. However, please note that I will only be addressing submissions and evidence that are relevant to the issues in this review.

Preliminary Matters

Records at this office indicate that your legal counsel, s.22 was provided full disclosure of the documents before me, which she confirmed at the start of the oral hearing. I have proceeded with the review based on this confirmation.

Issues

- Were you a driver within the meaning of section 215.41(1) of the Act?
- Did you fail or refuse to comply with an ASD demand?
- If you failed or refused to comply with the demand, did you have a reasonable excuse?

Facts, Evidence and Analysis

As it is determinative of this review, I will only address the following issue.

Did you fail or refuse to comply with an ASD demand?

In reviewing the documents before me, I am not satisfied that Officer Young has provided evidence sufficient to establish that you failed or refused to comply with a demand made on you for a sample of your breath on November 22, 2015.

Having made this finding, there is no need to consider the other issues in this review.

Decision

Based on the evidence, I revoke your driving prohibition, monetary penalty, and vehicle impoundment as required by s. 215.5(4) of the Act.

REVIEW DECISION Immediate Roadside Prohibition (“IRP”) No. s.22 [REDACTED]

Introduction

On December 6, 2015, a peace officer served you with a Notice of Driving Prohibition (the “Notice”). You applied to the Superintendent of Motor Vehicles for a review of your driving prohibition and I am delegated the authority to conduct this review.

Section 215.5(1) of the *Motor Vehicle Act* (the “Act”) requires me to confirm your prohibition, along with the corresponding monetary penalty and vehicle impoundment, if I am satisfied that:

- you were a driver within the meaning of section 215.41(1);
- the ASD registered a “FAIL” as a result of your blood alcohol concentration (“BAC”) being not less than 80 milligrams of alcohol in 100 millilitres of blood (“80 mg%”);
- you were advised of your right to request a second analysis;
- if requested, it was provided and performed with a different approved screening device (“ASD”);
- the Notice was served on the basis of the lower analysis result; and,
- the result of the analysis on the basis of which the Notice was served was reliable.

Section 215.5(4) of the Act requires me to revoke your prohibition, cancel the monetary penalty, and revoke any corresponding vehicle impoundment if I am not satisfied of any of the above.

In reaching my decision on this review, I must consider all relevant information provided to me.

Preliminary Matters

At the beginning of the hearing your lawyer, s.22 [REDACTED] confirmed he had received all of the disclosure documents before me. I proceeded with the review based on that confirmation.

Issues

The following are the issues in this review:

- Were you a driver within the meaning of section 215.41(1) of the Act?

- Did the ASD register a "FAIL", and was it as a result of your BAC exceeding 80 mg%?
- Were you advised of your right to a second analysis?
- Was the second analysis provided by the officer and performed using a different ASD?
- Was the Notice served on the basis of the lower analysis result?
- Was the ASD reliable?

Facts, Evidence and Analysis

Having reviewed the evidence of Constable Sayyah and your lawyer's submissions, I find there is one determinative issue in this review.

Did you operate or have care or control of a motor vehicle?

After considering all the evidence before me in this specific set of circumstances, I find on a balance of probabilities that the officer did not provide sufficient evidence to support the prohibition imposed.

Based on the evidence before me, I am not satisfied that you were a driver within the meaning of section 215.41(1) of the Act. Having made this finding I do not have to consider anything further.

Decision

As a result of my findings, I revoke your driving prohibition, monetary penalty, and vehicle impoundment, as required by s. 215.5(4) of the Act.

You may resume driving after you have obtained a driver's licence from the Insurance Corporation of British Columbia. If you hold an Enhanced Driver's Licence, you must make an appointment to reapply for that licence. Please note that this decision does not change any other prohibitions from driving or licensing requirements.
